The chief value of the rain at the present time is to relieve the anxiety among people who have cattle and to strengthen prices for cattle that are being put on the market to reduce stocks. Good stockers on the Calgary market have arisen from one and a half to eight cents over the past fortnight and the demand is satisfactory at this price. It has been generally recognized that the surplus of hay in Central and Northern Alberta is not as great as it was last year. On the other hand the seeding services at the central markets are particularly active and the demand for stocker and feeder cattle is very keen. The absorption of this stock is going to be a much greater factor in the relieving of the feed shortage in the south than the movement of stock until last year. At the present time owners of surplus of beef feed heifers in the north are able to do a good business.

There has been no great damage by hail. The only heavy hail reported in the province since last year was in the Edmonton district. A stretch of hail varying from two to five miles wide ran from Vulmer Station eastward for a distance of about ten miles, small patches have been visited by hail in the Peace River Country and Spruce Grove.

$25.00 Reward

The above reward will be paid by the Vermilion Live Stock Protective Association to the first person giving information to the Secretary leading to the conviction of any person or persons stealing horses or cattle belonging to any member of the Association.

HER LITTLE GIRL HAD DYSENTERY

Bowels Moved as Many as 25 Times a Day

Dysentery manifests itself with varying degrees of intensity but as well as the cause the pain is common to all. It is preceded by some amount of diarrhoea, which gradually increases in severity, and is accompanied with griping pains in the abdomen. The discharges from the bowels soon assume a form with great frequency, and the matter passed from the bowels which at first resembles those of ordinary diarrhoea soon changes into a slimy substance, sometimes streaked with blood, and subsequently mixed with or composed entirely of blood. Next to that which at first appears to be a slight attack of diarrhoea the most dangerous symptom is the tendency to collapse. Dysentery may be fatal in a few hours, but more frequently it lasts for days or weeks, and in the latter case the patient is reduced to a mere skeleton. Mrs. Isaac Tanton, R.R. No. 8, Watford, Ont., writes: "My daughter was taken down, two years ago, with dysentery, and I tried four bottles for her until I got a bottle of Dr. Fowler's Extract of Wild Strawberry. She is now in the best of health and can eat anything she wants. I think it is the best medicine in the world." Dr. Fowler's Extract of Wild Strawberry will cure dysentery, diarrhoea, cholera infantum, colic, cholera morbus, sour stomach, nausea, vomiting, sick headache, and all forms of bowel complaint. Refuse substitutes. Get the genuine Dr. Fowler's Extract of Wild Strawberry.

War Lord's Gift

"The All-Highest War Lord" was by military law responsible for the atrocious policy followed by his troops in Belgium and Northern France, even if, to remove any doubt, he had not written in his famous letter to the late Francis Joseph: "My sword is true, but everything must be put to fire and sword, men, women and children must be slaughtered." As for the monstrous doctrine that a war-lord is accountable in person if he is a coward, it has been absolutely exploded, says Stuart Cloete, in the London Daily Mail.

Courageous and Its Cure.—When the **excretory organs refuse** to perform their functions properly, the intestines become clogged. This is known as constipation, and if relief is not obtained the poisons are absorbed into the blood, causing biliousness, sick headache, dizziness, a coated tongue, and many unpleasant symptoms. Dr. Chase's Kidney-Liver Pills are recommended for relief in such cases. One pill a dose. 25 cents a box, at all dealers or Edmanson, Bates & Co., Toronto.

DELICATE YOUNG GIRLS

Need New Red Blood to Give Them Health and Strength.

Does your daughter look pale and delicate complain of being tired easily? Is she nervous and irritable? Does she lack ambition? Is she subject to headaches and backaches? Has she no appetite? Does she suffer from palpitation of the heart? If so, she needs new red blood to give her health and strength. There is no other medicine can do this so surely as Dr. Williams' Pink Pills. They actually make new blood, and with every dose send a thrill of new life through the whole system. In a short time the cheeks become rosy with health, the eyes bright, the step elastic and the whole body full of energy. Mrs. Joseph Lemieux, Lac Bouchette, Que., says: "My daughter was pale and weak and suffered from headaches and dizziness. She had no appetite and could not sleep well. She was very nervous and irritable and could not bear the slightest noise. She was under the doctor's care for a long time, but got no better. I then got her a few boxes of Dr. Williams' Pink Pills and before she had taken them all she was much better. She has taken a few boxes more and is now in good health." You can get these pills through any druggist or dealer in medicine, or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Canadian Canners Use Material From Dandelion

Dandelion roots are being dug in large quantities in Ontario and Quebec this season by canning factories which are using the roots in the manufacture of a beverage which is said to be a substitute for coffee. The roots are dried and roasted and ground, and the powder is then put up in packages for the market. The dandelion is a native of Europe, but has become naturalized in Canada and the United States.

Road Work for Farmers

Many farmers in Ontario are doing road work for the municipalities in which they live, and are finding it a profitable way of spending their spare time.

VERMILION DISTRICT FAIR

Entries For Event The Great Guarantee of Its Success

DATES ARE SEPT. 11-12

Unlimited Classes and Big Prizes Offered Should Establish Record Breaking Entries

Every stockman in the district is urged by the promoters of the Vermilion Agricultural Society to show at the forthcoming annual exhibition to ensure its being an unprecedented success. With the large programme and the other preparations now completed for the Fair, and the most important thing of all is being about its complete success is in the hand of the Agricultural and the ENTRIES, with the proper interest and spirit pervading the 1919 exhibition will eclipse the large successes of the past years if there was room for the fair took increase in the larger classes of the past.

With 837 Sections besides a number of special prizes, total awards are sufficient although to induce every true lover of stock and agriculture to show to the great agricultural interests of the country to the fair and to take part in the Fair. Entries are [illegible] Fair Secretary, [illegible] Agricultural Society, [illegible] Vermilion, Alta.

A DIVORCE GRANTED

Money For Everybody

New Labor Programme Has Unique Scheme

London.—The latest thing in the labor programme of social reform is provision for a minimum income for every man, woman and child.

Under the scheme, which is fathered by Arthur Henderson, secretary of the Labor party, and A. A. H. Cole, attached to the research department, twenty per cent. of all incomes would be nationalized at the source and paid to a pool which would be devoted solely to the provision of a permanent weekly income of $2.25 a week to everybody. In this way, the sponsors of the plan say, it is hoped not merely to free the country from the future payment of old-age pensions, but of most, if not all, of the national and private agencies for the distribution of relief.

Many a man who is going to get the world on five feels that someone has suddenly turned the hose on him.

Drugs For Livestock

Chief Aim of Veterinarian Should Be to Prevent Disease

There is no sense in persistently "doping" animals. In a case of worse than ordinary severity, where the animal is suffering from the disease, but not yet beyond recovery, a strong tonic will help it through the crisis, but in many of the ailments the best remedy is rigid attention to feeding and surroundings.

Ford
Electric Starting and Lighting

NO car has a better starting and lighting system than that now available to purchasers of Ford Cars. It is a Ford product, built into the motor—

—a positive starter as reliable as the motor itself.

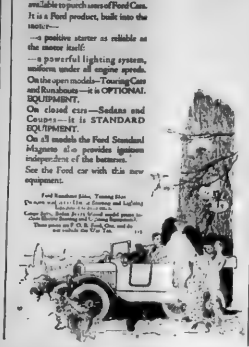
—a powerful lighting system, uniform under all engine speeds.

On the open models—Touring Cars and Runabouts—it is OPTIONAL EQUIPMENT.

On closed cars—Sedans and Coupes—it is STANDARD EQUIPMENT.

On all models the Ford Standard Magneto also provides ignition independent of the batteries.

See the Ford car with this new equipment.



Jones & Stone, Dealers, Vermilion

DISTRICT NOT GETTING ITS SHARE

W. C. Craig was a week end visitor at Edmonton and while there dropped in on the Soldiers settlement board. He states that this is the busiest place in Edmonton and not only returned soldiers but many veterans, farmers' sons of Ontario and other eastern points are taking advantage of the Government Loan offer and buying land all over Alberta.

Mr. Craig left word to the representative of the Standard that he did not think Vermilion was getting its share of this ideal type of settler and he suggests that anyone having improved farms for sale should list them at once with the Soldiers' Settlement Board, Post Office building, Edmonton and if they have any samples of grain or pictures of crops in this district, he thought it would be a good idea to send them up with the particulars of the farms they have for sale, as that the Board would have a better idea of crop conditions in this district.

FAILED TO SEND CHILDREN TO SCHOOL

Inspector Parker had three residents of Burnt School District before P. G. Pilkie on Saturday for failure to send their children to school. Wm. Young acted as interpreter and the cases of two he unfolded were mostly of a

THINK of the time and trouble you can save with this dependable range.

No black leading. The cooking top is burnished brighter than steel. Grates of the modern duplex type clean the fire out at a single turn. Oven heats evenly and economically.

Baking becomes a real pleasure when you have this fine range to work with. Call and see the Kootenay.

TO MAKE NEW SURVEY OF CEMETERY

At Monday night's meeting of the Town Council Engineer Harvey was instructed to make a new survey of the cemetery with the object of realigning the lots so as to make them accessible from all sides. As it at present it is possible for lots to be blocked with no means of access except over other graves. The walks are to be widened and the plots enlarged so that there will be ample room for headstones and monuments. Another matter of police and health Council was that all the lots shall be dressed in imperfect city of the dead. Herein how those monies were devoted to the general revenues of the town.

It Is Not All Gain

Neighbors No Longer Gossip at the Post Office and the Corner Store

A farmer friend was lamenting to the Gasoline Parker the other day that the modern "improvements" were destroying the sociability of country life. "Why," he said, "when we used to get our groceries and groceries and gossip at the same time, we would spend the whole afternoon at the corner store. The whole community would be there, and at the conversation would get pretty interesting. Now we get our groceries by mail, and the only time we see the neighbors is when we meet them driving to town. And as for the women, they don't get any chance to gossip at all. Why, I remember when Mrs. Brown's husband died, the whole neighborhood drove over to the funeral instead of staying home and reading the newspaper, and we had a chance to talk it over on the way back. Nowadays we don't even know when anybody is sick or dead until we read it in the paper."

The Gasoline Parker thought that there was something in what his friend said, but he pointed out that the telephone was bringing the people together in much the same manner as the old-time corner store. "And as it is cheaper to talk over the telephone than to drive to town, I don't see why it isn't a good thing," he added.

"Maybe it is," admitted the farmer, "but I miss the old days when we used to get together and have a real visit."

Many a man in the autumn of life would sincerely like to know how to keep young longer.

Value of Ginseng Comes to Town

Every town contains women to whom a little Ginseng would be a blessing. Ginseng is a root that has been used by people in the Far East for centuries to help them keep young. Ginseng is the main ingredient in Dr. Hamilton's Pills. Ginseng helps to make rich, red blood. Ginseng helps to keep the nerves strong. Ginseng helps to keep the digestion good. Ginseng helps to keep the whole body healthy. Dr. Hamilton's Pills are made of Ginseng and other herbs. Get a box today. 25 cents at your druggist's.

Your Eyes Granulated Eyelids. Lost enhanced by exposure to Sun, Dust and Wind. Quickly relieved by Murine Eye Remedy. No Smarting—Just Eye Comfort. Try Murine if you have Eye Trouble. At Your Druggist's or by mail. For Book of the Eye free write to Murine Eye Remedy Co., Chicago.

THE STANDARD
VERMILION, - - ALBERTA

E. R. P. COOPER, Editor.

THE STANDARD

VERMILION, ALTA., AUGUST 7, 1919

The Standard desires to impress upon the property owners in the importance of keeping the trees on the east of Sec. 1 trimmed on the north line of the town. The trees are growing rapidly and the fine appearance and beneficial shade they afford is worth considerable attention. If they are not trimmed before the fall rains set in they will be killed in the winter when there are no leaves to carry off the moisture. The regulations apply to trees of every description. Another regulation prohibits the building or unloading of any goods on the road or to be sent by freight from the station. The owners of garages are cautioned with regard to cars going in and coming out and distinct warnings must be given in order that pedestrians may be protected.

VERMILION DISTRICT FAIR

The new regulations with regard to street traffic in Vermilion have gone into effect and their observance by the travelling public is requested. The sign posts around block 1 indicates how the traffic is intended to be controlled. For instance a vehicle going west must keep on the right and turn the corner on the intersection keeping the sign post to your left. A vehicle to pass must be on the right side of the street, if facing east on the south side of the street; if west on the north side. If south on the east and north on the west. No vehicle can turn in the Block it must proceed to the end of the street and turn on the intersection. It will keep all vehicles going one direction and there can be no fear of a collision. A vehicle while resting at the corner must be headed in the direction that lines are directed. The regulations apply to vehicles of every description. Another regulation prohibits the loading or unloading of any goods from the road or to be sent by freight from the station. The owners of garages are cautioned with regard to cars going in and coming out and distinct warnings must be given in order that pedestrians may be protected.

The Vermilion District Fair Board is making extensive preparations. Manager Scott advises that the Directors are working hard to make the Fair a success. Rain, threatening to spoil the ploughing match and Field Competitions will all be run the second day, Sept. 12, the Chamberlain race, first to serve. Free to All and Open race are to be pulled off. Besides it is possible that a big baseball tournament will be arranged and football—these are not yet a certainty but prospects for the events taking place are good.

The main thing is to see that all entries are made, before the fair and here by September 6th. For the Fair—address Job Mace, Secy. Vermilion, Alta. and for the races, S. J. Loughlin, Secy, Vermilion Turf Association, Vermilion, Alta.

Above all boost the exhibition for all you are worth and get your friends and neighbors to send in entries to the show.

The Schools Fair under the auspices of the Vermilion School of Agriculture takes place on the grounds on the same two days, and the indications are that it will again be a farmers' meet.

MOST EVERYONE USES THEM FOR THE STOMACH

They Act Quickly, and Make You Feel Lively as a Kid.

A crowning curative triumph in medicine is now given to the world, and all who have been sufferers from stomach ailments, indigestion and headache can be cured by a purely vegetable remedy.

Almost, safe and such like are the paper necessary. They are harsh and disagreeable. Science has devised something superior, and even can go today and get the new drug-gist's remedy, known as Dr. Hamilton's Pills, which are considered the very quickest and safest cure for the stomach, bowels, liver and kidneys.

Half sick men and women who scarcely know what ails them, will be given a new lease of life, with Dr. Hamilton's Pills. Depressed spirits disappear, headaches are forgotten, appetite increases, blood is purified and enriched, pains at the base of the spine are cured, the nerves are toned up, ambition to work is increased, and day by day the old time health and vigor returns.

A trial only is necessary to prove how beneficial Dr. Hamilton's Pills are to all who are weak, nervous, thin, depressed or in failing health.

The Canadian Bank of Commerce has opened a branch at Elk Point with Mr McKinley of the Vermilion office in charge.

G. E. Hayward of Edmonton was in town this week Mr Hayward with Mr A H Edward had made the trip from Edmonton to Cold Lake and are now on their way back to the city. The Hayward Company have a number of line yards on the new railway which is being built into St. Paul des Metis.

A. G. Suggett, who was for some years in Vermilion, has located in Windsor Ontario.

Come in to Vermilion on Sept 11-12 to the Fair and have a walk on the new cement pavement and behold the many costly and handsome new brick premises that have arisen out of the devastating fire which wiped out the old town in April 1918. It is not so long ago, that Vermilion was the most unsightly town in the province.

Mrs. Wright, A.T.C.M., will begin teaching when school reopens and will be able to take beginners in music. Private pupils will also be taught at the residence of Mrs. Wright. Those desiring to improve their playing should not delay.

16 6

Ainsworth Bell, son of Postmaster Bell and Ernie Daley, two more of the town boys who were doing their bit in the big war, returned this week safe and sound. Welcome home!

Monday next being Labor Day the stores will be closed.

School reopens Tuesday morning.

Alf Meggs of Wetaskiwin, printer and war veteran, spent a few days visiting relatives here this week.

Roger de Brevelt who homestead several years ago south east of Vermilion and who has just returned after serving in the French army during the war was in town this week on a visit to Mr and Mrs Delahey.

J. A. M. Craig of Craig Bros. left on a trip to the Coast on Wednesday of this week.

A most delightful affair was held on Wednesday evening at the home of Mr and Mrs. A. McNeil, when some of the I.O.D.E. assembled to do honor to Mr and Mrs. Alvin Campbell, who left on Friday for their new home in Daniel, Alta.

Mr and Mrs. Campbell will be greatly missed in Vermilion and especially in Grange circles where their talent has been unsurpassingly. Mrs Campbell was Deputy Mistress of the local I.O.D.A. while Mr Campbell held the office of Secretary to the L.O.L.

The [illegible] is progressing [illegible] for fire department equipment including an engine 0-350 to five under ground water tanks and water [illegible] on hall. [illegible] property, one more tire for it on a hose on Friday the 5th of September. Don't forget the date

Government Loans For All NORMAL STUDENTS

THE Government of the Province of Alberta, to insure full classes at the Provincial Schools, will loan to all students who desire to train for the teaching profession, sufficient money to enable them to finance the course.

All who intend to take advantage of this assistance should report at the nearest Normal School on Tuesday next, September 2nd. An officer from the Dept. of Education will be at each Normal School from 9 o'clock on Tuesday morning, September 2nd., until Friday, September 5th., to receive and consider applications for loans.

All applicants must report personally on above mention.ed dates.

GEORGE P. SMITH,
Minister of Education,
Edmonton, Alberta.

The ladies of the West of Kin Ave, will hold a shower in the Veterans' club rooms on Thursday, Sept. 12 Anyone who has a cushion, etc to supplies that would be useful for the Club, bring it along as it certainly would be most welcome. Donations of farm produce such as butter, eggs, vegetables, poultry, etc are asked and will be auctioned in the evening Tea is to be served by the ladies from 5 o'clock and continue in the evening proceeds for furnishings for Veterans Club.

The death took place on Wednesday, August 20th, at Vermilion of Samuel Thompson, from appendicitis. The funeral was held on Friday following being conducted by the Rev. Barnes of the Presbyterian church. The deceased had lived around Vermilion for several years and died in sheep and cattle, he was a bachelor and was well up in years. Beyond having a sister residing in the east, little information is available.

Washington.—Prices are beginning to turn downward in various parts of the country, but the slump has not yet gathered momentum sufficient to affect purchases being made for immediate use, according to reports to the department of justice.

Attorney General Palmer, asked how soon results could be expected from the campaign to reduce the cost of living, the customer of which railroad employees have been requested to help in pressing demands for wage increases, said all the government wanted was a fair chance to show what could be done to take the profiteer out of the market. He had advised, also, he said, pleased with the results so far attained and that greater results were expected when more experts and agents are handling the cases. He believed, he said, prices would begin to come down as soon as the people realized that profiteering would no longer be profitable.

Biggest Saloon Closed

Average Daily Bank Deposits Have Risen Greatly

At Bridgeport, Ohio, the biggest saloon in the world went out of business when Ohio became dry under an amendment to the state constitution. This saloon is located in a city of 4,300 inhabitants, just across the Ohio river from Wheeling, W. Va. It was owned and operated by Sam Cupchinsky, employed 75 bartenders and clerks and had 756 ... et of bar for the bar room or two an evening. Bank deposits have been $8,000, or $1,825,000 a year. It has made Bridgeport famous in the state of Ohio.

Mr. Cupchinsky is 36 years old and is a millionaire. He says he never ... a drop of drink, not even strong liquor. He explains that since 1915 approximately 20,000 drinks a day have been sold over his bar. He also asserts there has never been a fight in his saloon. He attributes this largely to the fact that he would not sell to a drunken man or a minor.

The woman who falls to say "because" has some other reason.

A woman who can play all kinds of musical instruments beats the band.

Baby Turned Laugh on Wife

The baby came out of the bedroom at the musical farm laborer and winked at his friends and whispered: "Now we'll have some fun."

"Have you been smacked?" he began.

"It's o-o-o," stammered the laborer, "once."

"Whom did you marry?"

"A w-w-woman, sir."

"Come, my good man, of course it was a woman. Did you ever hear of anyone marrying a man?"

"I-o-o, sir; my sister did."
—Pittsburgh Chronicle.

The Danger of Stem Rust

Is Carried by Fungus Which Can Survive Winter Through Barberry Bushes

The outbreak of stem rust in 1916 caused a loss of from [illegible],000 to 100,000,000 bushels of wheat in Western Canada. Every year this rust is more or less common all over Canada, attacking wheat, oats, barley and rye and greatly reducing the yield in many places.

The rust disease is caused by a fungus which attacks the stems and stems of wheat and other grains, and produces masses of reddish spores on these parts. These spores are blown about and spread the rust during the summer. Late in the season all black masses are formed which are the stem. These also spread rust but they will not attack grains. They, however, live from winter to summ and in the spring attack the ... parts of the common barberry. Masses of yellow spores are soon produced on the under side of leaves, and they are carried by the wind from the barberry to grasses or grains grown near, and thus the rust started by the barberry spreads rapidly.

It may be that the stem rust has been in all ... of living over the winter till the next season and affecting grains without the aid of the barberry, but if so, the way of doing this is still unknown. However, it has been proved beyond ... a ... that the rust can be ... from ... to grains and grasses ... the ... barberry is ... to ... the ... rust ... that ... barberry is an ... agent ... spread of the rust ... is a shrub planted on ... and on hedges for ornamental ... THE STANDARD
VERMILION, - - ALBERTA
S. R. P. COWPER, Editor.

THE STANDARD

VERMILION, ALTA., SEPT. 5, 1919

The Canadian federal government has appointed a board of commerce to enquire into alleged profiteering. The board will consist of a judge to apply remedies if companies or individuals are found guilty of profiteering, a business man to act as conciliator in case of trouble and a labor man to look after matters affecting labor.

Dr. Cody, Minister of the Interior, announced that the Canadian Pacific railway would be asked to build a line from Edmonton to Fort Vermilion, a distance of 300 miles, and that the government would build a line from Fort Vermilion to the Peace River country, a distance of 100 miles. The Canadian Pacific railway is to receive a subsidy of $3,200 per mile for the 300 miles, and the government will build the 100 miles and lease it to the railway company.

Mail Contract

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 26th September, 1919, for the conveyance of His Majesty's Mails, on a proposed Contract for four years, from the 1st October next.

Wives and Mothers Need Not Have Sore Backaches

Constantly on their feet, attending to the wants of a large and exacting family, women often break down with nervous exhaustion.

In the stores, factories, and on a farm, work, when women, they get down with torturing backache and nagging down pains.

Such suffering isn't natural, but it's common, because it's due to disordered kidneys.

The dizziness, insomnia and other symptoms of Kidney complaint can't be relieved, as under the ac-stomary of Dr. Hamilton's Pills, which get direct to the seat of the trouble.

To give vitality and power to the kidneys, to lend aid to the bladder and liver, to free the blood of poisons, probably there is no remedy so successful as Dr. Hamilton's Pills. For all womanly irregularities they seem as well known.

Because of their mild soothing and healing effect, Dr. Hamilton's Pills are safe, and are recommended for girls and women of all ages. 25c per box at all dealers. Refuse any substitute for Hamilton's Pills of Mandrake and Butternut.

Filling His Own Shoes

— BY —

HENRY C. ROWLAND

Copyrighted. Printed by special arrangement with Thos. Allen, Toronto.

(Continued)

"You don't understand yet, Miss Challand. Nowadays, if a young fellow wants to get ahead in a big business, he's got to start at the very bottom of the ladder and work up step by step, that is, unless he's got a pull with the owner or one of the executives. Now I've been there, and there are that all he has to do is to drive his pay and let somebody who knows the business do the work for him. But that ain't the business in the Walkaway Shoe Company. I don't run down there that way. They give the best job to the man that's best fitted for it and pay him what's worth. Say, do you know that the son of the president of our company—Sonny Rogers—who is slightly underrated to the mention of the president, as though he is a big boy—is down there speaking of the grand master of his order "worked in the factory, and as I did." There was the time when I was clock at the wrong with his dinner pail, just like the rest of us. Sonny, when he was at Yale—the boy, I mean—he did man wanted to get a row out of him.

"A—what?" Miss Challand interrupted.

"He, our president, wanted to see if the boy was a sport—"

"Mr. Walkaway—it was he that was—was—was—" Miss Challand's face was flushed.

"Why, sure, that's what I mean. He was a sport, good and strong, and that's his father was the head of and not a sport, because, the head—"

"Mr. Rogers, I—I—" Miss Challand's face was flushed. "Mr. Rogers, I—I—" Miss Challand's face was flushed.

"Why, sure, that's what I mean. He was a sport, good and strong, and that's his father was the head of and not a sport, because, the head—"

Dr. Montgomery, Optician, of Edmonton will make his next visit to Vermilion on Wednesday, Sept. 3rd, at Brunswick Hotel, Islay 4th if your EYES trouble you consult him.

THE FAIR, SEPT 11—12

Don't forget to vote for the firm ball bonnie on Friday September 5.

Mr and Mrs George Reimonstein, who were residing on their farm not north of town for the summer, returned to town this week

School opened Tuesday morning

Can you afford to be without fire protection. No—Then vote for the Football bonfire on September 5th

Mr and Mrs A J Reynolds and family returned from a two months trip to Ontario on the 1st of September. Mrs. Reynolds mother, Mrs. Sylvester accompanied them back on a visit to the west. Mr Reynolds informs the Standard that a the whole he expects a holiday to return he was glad to get back to the west and reports that the late crop in Ontario is not a great improvement upon our condition. During July and August in Western Ontario particularly, there was a good deal of dry weather and while the fall wheat was a good show the late crops and the roots were not satisfactory which seems goes to show that the weather misfortunes are not confined to one province more than another. He reports the general conditions here as being quite above the average of last year.

The Stokes system includes the erection of five underground water tanks and the purchase of a fire engine and equipment for the fire department. Will be in use by September 5th.

Miss Wright of this town is assisting in the millinery department of the Fair this week.

Wm. Young, auctioneer and general agent, has opened a branch office at Islay.

J. D. Sawyer, the hardware and implement man of Kitscoty, was in town on Monday last. Mr. Sawyer reports a good crop in his district, but complains of the scarcity of help.

Rev. Mr. Hooper Minister of the Methodist church of this city, has been appointed to the pastorate of the Methodist church at Vermilion.

Mr. Wright wishes to announce that she will conduct the Fair this year.

Wm. Young, auctioneer and general agent, has opened a branch office at Islay.

J. D. Sawyer, the hardware and implement man of Kitscoty, was in town on Monday last. Mr. Sawyer reports a good crop in his district, but complains of the scarcity of help.

Rev. Mr. Hooper Minister of the Methodist church of this city, has been appointed to the pastorate of the Methodist church at Vermilion.

Mr. Wright wishes to announce that she will conduct the Millinery Fair this year.

Vote for the Football by-law Sept. 5th, and secure protection for your home and business.

Fall Millinery Opening of Trimmed and Untrimmed Shapes, Monday, September 8th, and following days.—H. L. DOAN.

INJURED BY AUTO

Word was received Tuesday that Mrs John Law and son George, who have been visiting in Winnipeg, had been severely injured by being run over by an automobile. Later information received by Mr Law stated that while badly bruised no serious injury was sustained by either. The accident happened while Mrs. Law and son were standing on a safety platform waiting for a car when they were run down by an auto that was turning on the street. Mrs Law was thrown clear of the wheels and George was carried a considerable distance on the fender. The driver made his getaway

Mail Contract

SEALED TENDERS addressed to the Postmaster General will be received at Ottawa until noon on Friday the 26th September, 1919, for the conveyance of His Majesty's Mails on a proposed contract for four years, six times per week each way between Vermilion and Dewberry, from the 1st October next.

Printed notices containing further information as to conditions of proposed contract may be seen and blank forms of tender may be obtained at the Post Offices of Vermilion, Islay, Dewberry, and at the Office of the Post Office Inspector.

Post Office Inspector's Office, Edmonton, 19th August, 1919.

VETERANS HOLD ANNUAL MEETING

Officers Elected

At the annual meeting of the Vermilion branch of the G. W. V. Association held in the club rooms on Friday night last, the year's work was reviewed by Secy John Selkirk and the election of officers for the ensuing year made. The secretary's report showed that the financial position of the local was good and the roll showed a membership of over 100 comrades, with prospects of a still further increase.

The election of officers for the year resulted as follows:—

Hon. Patrons:— Rev. H. A. Edwards, Messrs Mortimer, Warfield.

President.— J. A. Horne.

1st V.-Pres.— M. A. Brimacombe.

2nd V.-Pres.— J. P. Harvey.

Sec.-Treas.— Dean of Taylor.

House Committee.— Jack Wethered, Jimmy Duncan, Sam Barr.

Executive Committee.— J. Selkirk Harris Company, Bert Dawson.

Finance Committee.— W.C. Craig and H. Wright.

Mortgage Sale Of Farm Property.

PURSUANT to the instructions of the Registrar of the North Alberta Land Registration District there will be offered for Sale @ R. L. Craig, at the Court House in the Town of Vermilion, in the Province of Alberta, at noon on the 20th day of September, 1919 the South half (S½) of section thirty-five (35) in township number forty-nine (49) in the fourth (4th) Range West of the Fourth Meridian, in the Province of Alberta, containing by admeasurement One Hundred and Sixty (160) acres more or less, excepting out of said parcel all roads and railways.

The Vendor will not guarantee that there are 160 acres of land, of which 80 acres are good arable land 20 acres of high land is land well sorted 1 hay meadow, and 10 acres of scrub land. The property is fenced in one corner with two strands of fence and a few posts. The said on the said property is bluch bees [illegible] other buildings. The nearest [illegible] to the said property is Vermilion, a distance of [illegible] and one half miles, and set out one-half miles from Clearwater Siding. The said property is situated in a district of Rapid spending people. The property is [illegible] and one and one half miles from a church, and two and one half miles from a school. There are no buildings on the said property. There is no water on said property. There is no cultivation on said land this year.

The Property will be sold subject to a Reserve Bid. Terms of payment will be Twenty per cent cash on day of sale, and the balance of the purchase money [illegible] Interest at 8 per cent per annum, and the remainder of the balance within [illegible] days [illegible]

The terms and conditions and the [illegible] may be had from Messrs. [illegible] Edmonton, Solicitors for the Applicant, or from R. Dawson, Registrar.

Dated at Edmonton, this [illegible] day of August, A.D. 1919.

Approved H. J. Dawson, Registrar.

YOUR ATTENTION

The Agricultural School re-opens on Wednesday, October 29. We would be glad to hear from any person in town who will be able to take students to room and board. Kindly state whether you prefer to take boys or girls, how many you can accommodate, whether you can provide both room and board, and the prices you will charge. We would be glad to have this information soon because prospective students are now making inquiries as to boarding accommodations. Phone 76 or write J. O. Taggart, Principal.

How To Awake Fresh As A Daisy

Constipation Cause

No other disorder acts the same. Works while you sleep, smooth, silent, efficient. Cures the worst kind of constipation.

There is what happens when your liver is sluggish. Little or no bile. Too much or pale in the stomach. Food sours. Gases bloat.

No bad taste left in mouth on tongue. Head is not dizzy. Eyes are not sallow. Skin not yellow. Nothing to make you feel cross, frightful, drowsy and nervous. Bowels do not act. Just as a clap on each night.

The appetite is sharpened up, tak- on a keen edge.

You regain your vitality, relish and digest food.

Strength and buoyant spirits return. You feel good, you look the part and others know, with bright eyes and cheerful countenance.

The best part about of good health is and all are that man and woman can Be Well.

Started on all cases, you should get a few 25 boxes from the drug store, and keep them handy.

The district meeting of the Vermilion District of the Methodist Church will meet in the church in Vermilion, Monday, Sept. 23 at 8 p.m. A [illegible] will be an open meeting addressed by the Rev. [illegible] of Toronto, who is now [illegible] Province of Alberta in the Interests of the Methodist Church. All the pastorate [illegible] in connection with [illegible] are requested to attend this meeting together with [illegible] Mr. Smith has charged [illegible] Sunday School [illegible] Methodist [illegible]

The attention of Standard readers is drawn to the notice in this issue of the [illegible] Church in Vermilion. [illegible] and read it as it contains matter of moment to us all. Another feature of this paper is our Sunday School lesson on [illegible] which is now following up this series.

Mrs. [illegible] Tasker who has been attending the summer session at her home here returned on Thursday to Edmonton where she has been engaged as teacher in the Normal Practice [illegible] staff.

LOCALS

RP Dr. McLEAN [illegible] Optician, of Edmonton will make his next visit to Vermilion on Thursday, Sept. 25, at Brunswick Hotel. If your EYES trouble you consult him.

All aboard for the Fair

D. A. McLaren, S. Tasker, Jim Rutherford and John C. Tasker were in attendance at the Calgary Stampede.

The handsome and costly new Heintzman Piano, presented to the Vermilion War Veterans by the Girls' Club of the town, has arrived. It was selected at and shipped from the Bran's head show rooms at Edmonton and is a beauty. The Girls' Club next year succeed that the veterans highly appreciate the efforts put forth by the members of the Club which [illegible] in such a gift. The new billiard table for the hall has been ordered

The Canadian National railway station is being painted and made to look a little more respectable. The authorities have promises to enlarge the building just as soon as circumstances will permit. The company are enlarging their dam at the river. It is expected the work will take four or five weeks before it is completed

Tenders are called by the Town of Vermilion in this issue for the construction of a Fire Hall according to the plans and specifications provided

Great weather for the Fair

Owing to the tenders for the elementary to the Alexandra School exceeding the amount it was possible to finance out of the current account, the board have been compelled to drop the idea of building the two new rooms this week and have given us in the big school. In the meantime the west end pupils have again been housed for a period of two years from D. L. Kennedy at a rental of $30 per month, the owner making considerable improvements thereto which will tend to make it much more comfortable during the winter months. When the two new rooms in the high school are opened, the west end room will still be needed until such time as High School pupils be moved

Up to the first of September building permits to the amount of $19,950.00 have been issued since the 1st of January last. The year has been a record one for building purposes.

Lieut. C. H. (Chick) Wilson returned in town last week from Vancouver, B. C. where he has been residing since returning from overseas. Chick expects to locate on a farm near Rosyth and will be joined by Mrs. Wilson later on in the fall.

LOST—On the trail to Dewberry, via Vermilion Walleluk, on August 20—Service Badge, No. 22174. Please return to Dr. Miller, Town.

At a special meeting of the Town Council held last week it was decided to inaugurate a day service in connection with the electric light and power plant as soon as possible after the new generator is installed and the readjustment of the lines completed. This announcement will be hailed with delight by the large number of citizens who have been contemplating the use of electrical devices in their homes but had been waiting for the council's decision as to the service. Already it is noted around many washers, irons and small motors have been ordered to be ready for use when the day power be put into operation

A very successful dance was held at Isenbrae the evening of their Pale Day, September 9th. The music was furnished by the Vermilion Veteran Orchestra.

BORN—To John Raymond and Mrs. Elizabeth Taylor, of Newbaven Farm, on September 9th, a daughter

WANTED—An old Seal Skin Coat for repairing and for.

VERMILION PRINCIPAL RESIGNS

R. B. Brooks of H. School Appointed Inspector

R.B. Brooks, B.A., who for the past seven years has filled the position of Principal of the Vermilion High School with a large measure of success, has received the appointment of Public School Inspector and tendered his resignation to the School Board on Monday. While congratulating Mr. Brooks on his promotion, his resignation as chief of the high school was regretfully accepted. He has been an efficient, popular and highly successful teacher and from his large source of office possessed a helpful practical acquaintance with the larger number of his students.

Five new inspectorates were opened by the education department and Mr. Brooks only received notice of his appointment on Saturday last.

Good Roads And Education

Britain Needs More Modern Navy

United Kingdom And Dominions Must Furnish The Money

Vancouver, B.C. — A special cable to the News-Advertiser, Sydney, N.S.W., to the Vancouver World says:

"Unless the United Kingdom and the Dominions are prepared to put new bonds in their pockets it will not be possible to retain for the empire that sea supremacy which every citizen of the empire knows to be essential to its existence," said Admiral Lord Jellicoe in a forceful speech delivered to a large and fashionable audience here.

Lord Jellicoe went on to say that after reading the cabled report of a letter written to the London Times by Admiral Sir Percy Scott, one of the most outstanding Lord Fisher's colleagues, a supporting of that statement by Admiral Lord Charles Beresford, he was unable to

Alberta Coal Discovery

It Is Possible That Anthracite Coal Also Exists In Quantities

Twelve or fifteen seams of high-grade bituminous coal all of great thickness, and of excellent quality, are to exist at the junction of the Smoky and Mossleg rivers, located north of the Canadian Northern Railway west of Edmonton G. S. Fossie, inspecting engineer of the mining branch of the department of the interior, has just returned following a month of close examination work on behalf of the department. In addition to this high-grade bituminous coal, it is possible, according to Mr. Fossie, that anthracite coal also exists in quantities. Samples of the product will be taken to the laboratories by Mr. Fossie, and will under go tests for later reports to be given out by the department.

The discovery is of great importance to the province which controls the interests of the people. Coal is such a necessity, and many of such schools established in the United States have been abandoned solely because of the impossibility of transporting the school children over the

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make The Beauty Lotion for a Few Cents and See for Yourself

What girl or woman hasn't heard of lemon juice to remove complexion blemishes, to whiten the hands and to bring out the roses, the freshness and the ladylike beauty. But lemon juice alone is acid, therefore irritating, and should be mixed with three times its own way. Strain through a fine cloth the juice of two lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure that the lemons you buy are fresh and not dried up or decayed. Lemon juice, when mixed with orchard white, is the best thing to bleach sunburn, freckles, tan and roughness, and it is wonderful for the complexion. Every girl knows that lemon juice is used in the best toilet creams, but to make this skin whitener at home is very much cheaper.

Third Prize—Lemons and onions must facilitate for the entire family as a primary means of keeping them contented with life on the range.

Fourth—The development of a community spirit, hitherto co-operation in a social and economic way on the long means for countenancing the prosperity and contentment of all.

Then, roughly, do we group the various topics which concern the interests of the people? Let's work a while, as distinguished from those which deal with those things that concern all mankind together such as better crops and improved live stock.

Now analyse this proposition. The solution of all these problems the present food answer to them, the only thing that will lay the foundations that will make them possible, and lower, but do not forget that in a state of civilization, the necessary prerequisite is the responsibility for the necessaries.

Lemon Von Sonders in Germany

Berlin, Germany — Lieut. von Sonders has reached Germany from Malta, whence he was conveyed in a British warship. In a state interview, the aeronaut expressed his responsibility for the

Eczema In Rash Cuticura Heals

Very Itchy and Burned. Troubled Six Weeks.

"Our daughter's face came out in a rash that first looked like chicken pox. The trouble soon developed into a sore. She would scratch on her hands in her sleep and nothing would relieve the itching. The trouble lasted about six weeks before I used Cuticura. I used one large box of Cuticura Ointment with two cakes of Cuticura Soap when she was healed." (Signed) Mrs. H. Burns, Blenheim Rd., Ont., Oct. 31, 1910. Cuticura Soap, Ointment and Talcum are ideal for baby skin sores.

Cuticura Soap shaves without mug. Sold throughout the world. Canadian Depot: F. NEWBERY & SON, 27 St. Antoine St., Montreal. Cuticura Soap, Ointment and Talcum are sold by druggists everywhere. Sample each free with 32-p. Skin Book. Address: "Cuticura," Dept. L, Boston.

Six Killed On Ship

Vancouver — McRae, of Vancouver, second engineer, and five Chinese firemen were killed on the steamer Melville Dollar, on the high seas. The nature of the accident which caused the deaths of the six men is not known as yet. The steamer was off the China coast at the time, and was on a 3,000 mile journey from the Orient.

Some things are just automatically funny, for instance, a frog, duck and a man in a bathing suit.

FREQUENT HEADACHES

A Sure Sign That The Blood Is Watery And Impure

People suffer from blood troubles and do not realize it. Headaches from this cause are so frequent that it often becomes a habit to suffer with them, and to relieve them with headache powders, which only stupefy the nerves, temporarily deaden pain, but do not cure. Whenever you have occasion to use a headache powder, remember that you are using something that is doing you harm, and that you should heed Nature's warning and find a cure for the trouble. Headaches are usually caused by poor blood, and Dr. Williams' Pink Pills will remove the headache by making new, rich blood. The pills are sound by the blood then must people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuralgia or sciatica. All of this subject to strain are under-nourished and you may have rheumatism or lumbago. If your blood is thin and poor it will show symptoms of any of these disorders by building up the blood with Dr. Williams' Pink Pills and as the blood is restored to its natural condition every symptom of the trouble will disappear. There are many people who owe their present state of good health to Dr. Williams' Pink Pills than to any other medicine and most of them do not hesitate to say so.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont.

German Gold Hoard Surrendered

After the conclusion of the armistice at Spa, it was decided that Germany, before being re-victualled, must deposit with the National Bank of Brussels as guarantee 270,000,000 marks (normally $67,500,000).

Part of this gold was placed at the disposal of the Bank of England in New York. It is now being taken from Brussels to London, where it will be conveyed to New York in consignments of $4,000,000 and $8,000,000, guarded by escorts of Belgian soldiers.

Ex-Kaiser Goes Calling

The Hague. — Former Emperor William of Germany, for the first time since he took refuge in Holland, was a guest outside Benthuis Castle. Accompanied by his wife, who made a previous visit there, and by Count and Countess Bentinck, William Hohenzollern motored to Bilmon Castle, 16 miles from Amerongen, and took tea with the Countess Constant. The ex-mere imperial couple returned late in the evening to Amerongen in a closed automobile

Even a hen can scratch up trouble between neighbors.

Great Silver Deposits Located In Burma

Chinese Worked It Until Crude Appliances Failed Them

London.—At a time so long ago that the very memory of it has faded Chinese prospectors, wandering over Burma, found a silver-bearing district and worked it until their crude appliances failed them. Then they left it.

For centuries the workings lay abandoned and unheeded. Not many years ago the deposit was rediscovered and floated as the Burma Corporation, whose shares are now about an uninterested market at rubbish prices.

Development and assay have now revealed the interesting fact that those long-deserted yellow and left [illegible] 30m one hundred million ounces of silver, one million tons of lead, 750 000 tons of zinc, 20,000 tons of copper, the whole valued at present prices at between eighty and ninety million pounds sterling.

Found shores have now risen to nearly ten, and a new company is to be formed in India with a capital equivalent to fifty million dollars.

No crinkle objects to embarking in a courtship.

Pain Flies Before It. — There is more virtue in a bottle of Dr. Thomas' Eclectric Oil to a square inch than in gallons of other medicines. The public know it well, and there are few households throughout the country where a case is not kept. For years of use has familiarized the people with it, and its value as a household medicine there stand the world.

Japan Violates Agreement

Is Now Placing Morphia On Sale In China

Geneva, Switzerland. — Japan is now violating the international agreement on the sale of morphia by sending the drug into China and placing it on sale there through strictly Japanese channels, declares William W. Rockhill of this city, who has spent much time in the Orient and who represents some of the leading anti-opium societies of America and who has been chosen as chairman of that committee at Geneva.

In opposing the shutting off of the morphia supply from China, Mr. Rockhill said that the move for more stringent regulations of the traffic in the drug was instituted by the protestants of Great Britain and dominated by the Japanese and was made a part of the treaty of Versailles. The Japanese have established their own post office and bar practically all of the countries are members of the commission, so that the fact that the Chinese government objects to the announcement and the fact that it has a more powerful drug than opium will not affect the matter at all.

A newspaper dispatch from Tokio announcing an order for the prohibition of the sale of morphia in China by the Japanese. In the capital of the Province of Shantung, prohibition orders are in force against the sale of morphia in 289 places.

Britain and U.S. to Protect Belgium

London, Dec. 4.—Secretary Lansing's declaration in the United States senate that the United States would not be a party to any agreement to protect Belgium from attack by Germany, is not taken seriously in official circles here. It is believed that Lansing's statement was made for political purposes only. It is pointed out that Belgium is not in danger of attack by Germany, and that Britain and France have given no guarantee to protect Belgium against the German aggression by force. Britain and the United States

GREATEST DISPLAY IN ITS HISTORY

Marked Fourteenth Annual Exhibition of Vermilion Agril. Society

3000 ENTRIES

With entries almost reaching the three thousand mark, large attendances on both days of the fair and despite the rain which set in about 8 o'clock Friday afternoon the last day of the exhibition, the fourteenth annual event of the Vermilion Agricultural Society was the greatest success in its history, in fact it so far exceeded in all lines of exhibits that the fair has entered a stability itself in the district fair class.

Judging had been completed shortly before the rain started and except that it did late in the day, it did not detract from the attendance to any considerable extent, though the big stock parade had to be called off and people were handicapped in satisfying their desire for a thorough inspection of the fair exhibits. Sound idea of the display may be gained from the following summary of the number of entries in the grounds in the various classes as follows: Horses, Cattle 521, Sheep 174, Swine 155, Poultry 500, Grain and Sheaves 40, Roots 128, Home Products 133 and Ladies work 500.

The fair was officially opened by Premier Stewart on Thursday in a stirring and inspiring address, the Hon. Duncan Marshall, minister of agriculture, also speaking enthusiastically of the magnificent showing on the grounds. It is not the intention to give a full report of the exhibition this issue but next week a complete list of prize winners will be published.

The Schools Fair, at which 17 schools were represented in the exhibits, attained its biggest success. In judgings among 77 exhibits were shown. It is hoped that the report in this line will be ready for next week also.

SHAND JEFFERS

A interesting event took place September 19th at Edgewood Farm, the home of Mr. and Mrs. W. H. Merrick, when Miss Mattie Leonette Jeffers of Parsboro, Nova Scotia, was united in marriage to Mr. Edwin Shand of Kitscoty. The ceremony was performed by the Rev. M. Lindsay Wye. The room was effectively decorated with autumn leaves and the contracting parties stood beneath roses of purple daisies. The bride was charmingly attired in a gown of white crepe de chene and carried a bouquet of white carnations. The bridesmaid was Miss Eleanor Brown, wore a pretty gown of grey crepe trimmed

THE STANDARD
VERMILION, - - ALBERTA
E. R. P. COOPER, Editor.

THE STANDARD
VERMILION, ALTA., SEPT. 11, 1919

The total number of Canadian soldiers who overseas was 420,914. Of this number, 3-4,599 were killed in action, died of wounds, one died while a prisoner of the Germans, one died while a hostage, and 21 were executed, as stated in the report of the Overseas Ministry of Militia.

We are requested to remind members and others that a conference of the Holy Name Society, Wetaskiwin, will be held in Wetaskiwin, on Sunday, Sept. 14th. A general welcome is extended to all members and friends to be present at the 11 o'clock mass and the meeting in the afternoon. The rural members are requested to bring a basket of provisions with them. The rural members will be welcomed at the noon meeting. Mr McKee of the Vermilion Meters weighed the coal and checked the grocers.

ESPIE MORLEDGE, Optician, of Edmonton will make his next visit to Vermilion on Thursday, Sept. 25, at Brunswick Hotel. If your EYES trouble you consult him.

Mr. and Mrs. H. M. Cromwell of Edmonton were interested visitors to the Fair

Sir James Outram, Bart., returned to town last week and expects to shortly leave us again.

H Hadley, Secy of the Lloydminster Agric Society, was in attendance at the Fair. "You have a great exhibition and the exhibits are magnificent", he said

H Werner & Son announce that their store will be closed on Thursday and Friday on account of holidays

A regular meeting of the Britannia Rebekah Lodge will be held on Monday Sept 22nd at 8 o'clock sharp. Members kindly be on time as there is an initiation

H W Scott of Sedgewick, was judge of the stock shown at the Schools Fair, held in conjction with the Vermilion Fair last week. All friends were pleased to see him "Easy" as ever, with and improvement in every line characterizes your 1919 Fair", was his remark to the Standard

Your exhibits in garden produce, field roots and vegetables is a revelation to me", a visitor from Edmonton remarked.

Lieut. Neville Robinson arrived from England last week for Vermilion. His brother Francis Robinson returned a few days ago. Both have had distinguished careers in the air service the latter being a recorded war in Germany for almost two years.

Mayor Morrison returned last week from a few days outing at Treherne Park, Deer Park. His Worship describes the "rest as an ideal place in which to spend a quiet vacation and whether so if so desired. It is easy of access delightful surroundings, to be sure a higher popular resort for rest

Bring Ocean Liners Nearer To West

Ottawa.—Western Canada is vitally interested in a scheme whose brain lobby is shortly to be submitted for investigation before the International Joint Commission.

The government of the United States and we are acting jointly in the submission to the commission as to engage in the deepening of the St. Lawrence river between Montreal and Lake Ontario to enable ocean-going vessels to go from the head of the lakes, and some of the engineers who have designed the scheme declare that it will be possible to carry ships drawing 25 feet per annum down the St. Lawrence to the gulf. It will be begun and finished by the time the handling of the western crops by reducing freight rates and increasing the cost of railway transport and would also enable freight to be taken for inland to the ocean for better. The half million bushel terminal now shipping at Port Colborne could go to Montreal.

W. J. Stewart, Dominion hydrographer has been delegated by the Canadian government to act in conjunction with Colonel Keller, of the United States War Department in

German Troops For Baltic Front

All Warnings of Allies Are Disregarded in Mosquitoe Dengue, Prussians Assured

Berlin.—The assertion is made by the Norwegian correspondent that the German militia in the Baltic provinces is rapidly growing and that [illegible] are arriving every week from Germany. Even the small [illegible] in Courland are strongly occupied.

Feeders despaired in the office of Staff Captain Le Court, at Libau, [illegible] says the correspondent recalled.

"I was for the Hamet and the [illegible] Admiral Lenz [illegible] rather do than be dismissed."

"I propose to bring much of the [illegible] to the west," the Captain declared with the end of railway transport and would also enable freight to be taken for inland to the ocean for better. The half million bushel terminal now shipping at Port Colborne could go to Montreal.

BUYING BONDS IS COMMON SENSE ACT

Double Appeal to Business Instincts of Western Farmer

Investing of profits in Victory Bonds has a particular appeal to Western farmers. The action is a sort of merry-go-round in which the farmer makes money at each turn. Not only does he get a good rate of interest, but he assures himself of a market for his products at profitable prices.

The big business of Canada is built on foreign trade. This foreign trade has to be financed. Victory Loan proceeds provide the credits. The farmer is provided with markets.

The grain grower of the West is receiving $2.1[illegible] a bushel for Wheat and proportionately good prices for his other products. As a matter of good business, the Western farmer is urged to invest every cent of his surplus profits in spare in these bonds

---

Oct. 13th - Special Treat, Musical Comedy Co. of 26 People. One night on jump between Edmonton and Saskatoon.

A very serious fatality was narrowly escaped on Monday night at Bawlf when a Grain Boat ran down by the motor, C P Rime and having three lady friends as passengers was struck by a fast train of a standing train at the west end crossing. The car was carried along to the switch on its own when there it reached and finished [illegible] occupants had got out of the car before the train struck it. The car [illegible] was completely wrecked [illegible] the [illegible] was [illegible]

TO PREVENT UNEMPLOYMENT

Next year will be well advanced before Canada's main expenditures for war, can be completed. Every dollar that can be raised for the Victory loan 1919 will be required. Although hostilities ceased in 1918 the war expenses went on. This is just as much a war year as last year was, so far as money is concerned. Pressing liabilities incurred by the war and involving vast sums of money have to be cared for. The simplest and most profitable manner in which this can be done is for the people to provide the money themselves.

The Victory loan 1919 is entitled to just as much consideration as was given to its predecessors. It is up to every loyal Canadian to do his utmost to make the next loan an overwhelming success. The continuance o the prosperity of the nation is wholly dependent upon it. It was naturally to be expected that trade depression in the Dominion would have followed the Armistice but this was averted by the opportune of a large proportion of the last Victory loan as credits to Great Britain and our Allies for grain, dairy produce, lad, timber and ships. These credits were already [illegible] and since's good business. They must be remembered They are national investments. The debts will be paid eventually and in the meantime industrial and agricultural workers will be kept in busy and lucrative employment

---

FIRE PREVENTION DAY OCTOBER 9TH

Ottawa, Sept. [illegible] Proclamation [illegible] by the Governor-General in Council, fixing October 9, 1919, as Fire Prevention Day, has been issued. In a letter addressed to mayors and town clerks J. Grossmith, Dominion commissioner, suggests that a permanent committee be appointed in every city and town in the dominion. These committees, it is suggested, should consist of representatives of the municipal council, the board of trade, the fire department, the school board and the women's clubs.

Extra Passenger Service To Be Inaugurated By Canadian National Railways

A most important [illegible] of the [illegible] of [illegible] and [illegible] between Vancouver, Winnipeg, Toronto, Ottawa, Canada and United States points, is announced [illegible] October 5th, by the Canadian National Railways. Any agent will be pleased to give you all the information about the new service.

Oct. 13th - Special Treat, Musical Comedy Co. of 26 People. One night on jump between Edmonton and Saskatoon.

Gillette Safety Razor

The Shaving Service for Every Man —Everywhere

No Stropping —No Honing

The NEW KIT SET No. 20

A perfect shaving edge is the daily privilege of the Gillette Safety Razor owner.

Few men can hone or strop a razor sharp enough to stop it pulling on the hair and around the corners of the mouth. With a Gillette you do and depend upon your own skill in stropping and honing.

The perfection of the edges of Gillette Blades is assured by our highly specialized machinery.

The new Kit Set shown above is most compact, especially convenient when you go away for a holiday or on business—a dial receiver puts to empty the used cartridge blades in a new one—a handy 7-storey morocco case.

Blue Jeweler, druggist, or hardware dealer can show you a variety of Gillette Sets at

"Make Yourself at Home"

The inimitable, much heralded Milton Schuster at "Home" will supercede into town on Monday, Oct. 13, and play that night at the Columbia Theatre.

The pungent and witty book by Harry Segall, the lyrics and music by Joel Carroll made the kind Fred Stanley is, the gorgeous and lavish costumery, the striking futuristic scenery and a cast of principals boasting of names to conjure with—all these conspire towards making "Make Yourself at Home" the tremendous success it is. The Carroll musical concoction takes its title from the famous book by Harry Segall, among the cast which goes towards making this musical comedy such a success will be found such well known players as Vera Stanley, heard recently featured for two years in "The Lady in Red," which had a long run at the Cohan Grand, Chicago, a few seasons ago. Milton Schuster, who was with Richard Carle in "Mary's Lamb" and later remembered for his famous role of Colonel Bleasdale in "Ziegfeld Nine-o'clock Frolic." Florence Lawrence, last seen in the west with Henry W. Savage's production of Sari and the much talked of Carnival beauties. The company numbers 25 people and carry a full complement of electrical effects.

G. W. V. A. CONCERT TROUPE PLAY TO PACKED HOUSE AT LLOYDMINSTER

Vermilion Troupe Surprises Lloydminster with the "Show So Different"

A record house greeted the Vermilion Veteran Concert Co. at Lloydminster on Tuesday evening, Sept. 30th., every available inch of seating and standing space being occupied. Never before did the party work so hard as they did this night to get over a real good show, a show that would mean a credit to the Town of Vermilion. That they succeeded is shown by the storm of approval that greeted the closing of every number. The long program was run off without a hitch, due to the untiring efforts of Manager Zwicker. That the audience was agreably surprised was easily seen, the show being "so different" to those previously played in the border town.

The Lloydminster veterans turned out in full force to appreciate the efforts of their comrades, and as the conclusion were loud in their encomiums. Manager Zwicker was literally besieged with enquiries as to when a return date could be arranged and promised a return trip with an entirely new show in the near future.

The proceeds almost topped the $500 mark, which was a record.

Following the concert, the Vermilion Veteran Orchestra supplied the music for the dance which finally wound up Lloydminster's big night.

Miss Bury proposes holding a Dancing Class for Children between the ages of 4 and 12 yrs. The class will be held on Friday afternoons between 3.30 and 5.30 p.m. in the War Veterans' Dance hall (Xte lic' old store). The course will consist of 12 lessons, before Xmas—Fee for the course $5.00 inclusive. Reduction will be made for more than one member of a family. Parents are earnestly requested to commence with Miss Bury as soon as possible. If a success a further course will be held after Xmas.

JUDICIAL SALE OF FARM PROPERTY

Near Vermilion, Alberta.

PURSUANT to Judgment and Final Order for Sale, there will be sold by R. L. Craig, Esq., Sheriff, in the town of Vermilion, in the Province of Alberta, on Saturday, 25th day of October, 1919, at the hour of eleven (11) o'clock in the afternoon the following property, namely The South West Quarter of Section Four (4), Township Forty-nine (49), Range Seven (7), West of the Fourth Meridian, in the Province of Alberta, subject to the reservations and conditions on the grant from the Crown to the present owner and to all liens and exceptions then and remain.

THE VENDOR is informed that this quarter section consists of 160 acres of land, of which 85 acres are good arable land, and 97 acres of the land will natural hay or pasture and 75 acres are scrub land. The property is in a good state of cultivation, 4 acres with 2 strand wire fence and steam fenced and with a good. The soil on the said property is black loam with a clay subsoil and is free from stones. 12 inches of the land is covered by a heavy growth of poplar and willow. The property is situated in a good district. The property is situated about 4 miles from the Town of Vermilion, where there are Churches, and Schools. There are also 2 Elevators and a Flour Mill in the town within a short distance of the property. The property is also within 2 miles of the Vermilion River. There are no buildings on the property. The terms of sale are 10 per cent cash at the time of the sale, and the balance payable in cash on the delivery of the Sheriff's Deed. The Sheriff will not be responsible for any error in the description of the land. The purchaser will be required to enter into a mortgage to the plaintiff for the sum of $4000.00 and pay the costs of the mortgage. The purchase price is to be paid within sixty days from the date of sale, otherwise the property will be resold at the risk of the purchaser. There are no taxes due on the property. The purchaser will be required to pay interest at 8 per cent per annum on the balance of the purchase price from the date of sale until the date of payment.

IN case of any conflict between the terms of this Notice and the Order for Sale, the terms of the Order for Sale shall govern.

DATED at Vermilion, Alberta, this 30th day of September, A.D. 1919.

R. L. CRAIG,
Sheriff.

W. R. LATHAM
Solicitor for the Plaintiff.

Housing Problem Considered

By Board of Trade For Soldiers Taking Agril. School Course

A meeting of the Vermilion Board of Trade was held Monday evening last when the matter of housing the district more especially the returned soldiers was considered. The meeting was called to order by the president, Mr. R. E. Norris, who explained the object of the meeting and called upon the land. Quite a number of those present took part in the discussion which followed, the necessity of some action in the matter being generally recognized. The following resolution was finally passed:

That the Vermilion Board of Trade take the agricultural scheme this fall under the auspices of Agricultural Representative Medlar to consider the matter of housing the district more especially the returned soldiers and the housing problem in connection therewith.

G.W.V.A. CONCERT CO. TO PRESENT "A NIGHT IN DIXIE" OCT. 22-23.

Presentation of Pat Steer, Donated by L. Ford, a Feature of Program

The Veteran Concert Troupe will again appear at the Columbia Theatre on Wednesday and Thursday, October 22 and 23rd, with an entirely new programme, bigger and better than ever. "A Night in Dixie" had a long and successful run in conjunction with the Y.M.C.A. throughout France and was very popular with the troops. Those veterans who had the pleasure of seeing this production "over there" can testify as to its being well worth seeing. No effort time nor expense will be spared to give the people a show as good as, if not better than has played Vermilion during the past

The Veteran Concert Troupe, since its formation a few short months ago, surely have had a most successful career. Where the first performance opened amongst a regular bombarding of chairs and [illegible] comments rather unkindly spoiled any chance of success. Where the first performance opened amongst a regular bombarding of chairs and [illegible] comments rather unkindly spoiled any chance of success. What they played to [illegible] houses in Alberta and other points they journeyed to. Virginia, Mannville, Kitscoty, two Lloydminster, returned to Vermilion generally [illegible] and [illegible] and [illegible] and

sample, assuming that there are three candidates to be elected, and the total vote cast was 600. The latter figure divided by four (that is, one more than the number to be elected) gives 151, and this, plus one, gives 152, which would be the quota, and as not more than three candidates could secure that number, regardless of how many might be in the field, three only could be elected.

The Expenditure of $610,000,000

How the last Victory Loan was spent

BEFORE buying Victory Bonds again you may want to know how Canada used the money you loaned her last year

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies.

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers. This included $312,900,000, for paying them, feeding them, bringing them home, separation allowances to their dependents, maintenance of medical services and vocational training schools

For Demobilization

$59,000,000 of the Victory Loan 1918 was paid on account of authorized Soldiers' gratuities

$9,000,000 was spent at Halifax for relief and reconstruction after the disaster

◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆

Other disbursements were not, strictly speaking, expenditures, but National Re-investments

For Trade Extension

To Great Britain for example

- $173,500,000 was loaned for the purchase of our wheat and cereals
- $9,000,000 for our fish.
- $30,000,000 for other Foodstuffs
- $2,900,000 for Canadian built ships
- $5,500,000 to pay other British obligations in Canada.

Making in all $220,900,000 advanced to Great Britain

To our Allies, we loaned $8,200,000 for the purchase of Canadian foodstuffs, raw material and manufactured products

The Re-investments will be paid back to Canada in due time with interest

These credits were absolutely necessary to secure the orders for Canada because cash purchases were impossible

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice had we not made these credit loans

As far as money is concerned, 1919 has been and is still just as much a war year as 1918 Our main expenditures for war cannot be completed until well on into 1920 Thus another Victory Loan is necessary *Get ready to buy.*

Victory Loan 1919

"Every Dollar Spent in Canada"

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance at the Dominion of Canada

Organised For Victory Loan

A meeting was held in the office of C. F. Slaney on Tuesday morning for the purpose of organizing a local committee in connection with the Victory Loan Campaign.

W. H. Waddell of Edmonton, chairman of Div. F, embracing the districts of Lloydminster, Vermilion, Vegreville, and St. Paul des Metis, was present and presided over the meeting.

The committee elected was as follows: Chairman, H.M. Stephens; Committee, A. W. Ebbels, M.L.A., J.W.G. F. Finlay, John Law, Wm. Telfer and H.P. Long. C.F. Slaney is the organizer for the Vermilion District and J. W. G. Murray, Esq.

And this Victory Loan this Fall.

Are you saving? Victory Loan is coming.

We have Victory, but it is not paid for yet.

Victory.- Bought but not paid for.

Spend sparingly.- Save for Victory Bonds.

Watch those dollars.-Victory needs them.

More Bonds to buy.-Finish the fight.

Prepare to pay for Victory.

Twenty Billions of National Wealth behind the Victory Loan 1919.

Lend the crippled soldier a hand—Buy Victory Bonds.

He has one leg! You have two hands to help him—hands to hold Victory Bonds.

PLAIN SPEAKING ON WHEAT SITUATION

UP TO WESTERN FARMERS TO FINANCE SALE OF CROPS

"If through timidity", said Sir Thomas White, "we said we would not borrow any more money to make advances to Great Britain, it would mean that the grain raised on Canadian farms would remain here and never get into the elevators, and be sold in the markets of the world, and there would be panic all through the west and throughout the country."

Plain speaking that; but the situation is one that demands plain speaking. The farmers and merchants of the west must make success in the forth-coming Victory Loan a certainty.

They can do it. In Victory Loan 1918 which bring the $42.5 figure for wheat to the west. It is simply up to the farmers to invest every cent that they can scrape up in Victory bonds.

Canada stood by us in the days of her own suffer, and the farmers are urged to stand by them, and be independent of somebody else's support.

The sweetwater Club will give a prize for a Ping Pong tournament on Tuesday next, Oct. 14th—entry hours, cards and sheets. English Church Parish Hall.

Huns Must Sign Treaty This Week

Paris.—Distinct progress was reported on the reply of the allied and associated governments to the German counter-proposals. The government will be given five days' limit for final action, which would therefore come on or before June 15.

The most feature of this progress was the agreement concerning the reparation terms, which have been the subject of much unnecessary discussion and delay.

A compromise on the terms do not constitute a moratorium or repair, but is a recognition of the impossibility of the immediate payment.

The compromise agreement provides for the payment of a large sum annually, with the smaller powers before the end of the year. The Germans are to receive credits and business facilities.

Premier Clemenceau and President Wilson are to be congratulated on the success of their efforts to bring about a settlement.

The Germans will be required to sign the treaty within seven days after it is presented to them.

Hon. Crerar Speaks On The Budget

In Opposed to Fiscal Policy, While Hon. Calder Is Satisfied

Ottawa.—Members of the congress who anticipated a livening up of the budget debate because Hon. T. A. Crerar and Hon. James Calder were billed to speak were not disappointed. Mr. Crerar explained that he had accepted only at the government's behest to open immediately after the budget speech, as he was to leave for a considerable time on business of importance to the west.

Mr. Crerar, on the other hand, stated that good deal of criticism had been directed at the government's policy, but he was not disposed to be angry with anyone who had criticized. He agreed with the minister of finance that the country was in a prosperous condition, and that the people were not disposed to be unduly pessimistic. He considered that the government's policy of reducing the national debt was a wise one, and that the people would have been astonished had no sum of money been set aside for that purpose. He agreed with the minister of finance that the country was in a prosperous condition, and that the people were not disposed to be unduly pessimistic. He considered that the government's policy of reducing the national debt was a wise one, and that the people would have been astonished had no sum of money been set aside for that purpose. He agreed with the minister of finance that the country was in a prosperous condition, and that the people were not disposed to be unduly pessimistic. He considered that the government's policy of reducing the national debt was a wise one, and that the people would have been astonished had no sum of money been set aside for that purpose.

Hon. Calder is Satisfied

Hon. Calder, who followed Mr. Crerar, explained that he had accepted only at the government's behest to open immediately after the budget speech, as he was to leave for a considerable time on business of importance to the west.

Mr. Calder, on the other hand, stated that a good deal of criticism had been directed at the government's policy, but he was not disposed to be angry with anyone who had criticized. He agreed with the minister of finance that the country was in a prosperous condition, and that the people were not disposed to be unduly pessimistic. He considered that the government's policy of reducing the national debt was a wise one, and that the people would have been astonished had no sum of money been set aside for that purpose. Bolshevism In Russia

More Stories of Ruthless War Come From Russian Baltic Provinces

Paris.—Howard Heenan at the Baltic headquarters of the relief administration stationed at Libau has written to the Daily Mail a harrowing graphic description of the scenes in the Baltic provinces from which the Bolsheviks have been expelled. Describing the conditions he found in Riga, Captain Heenan says:

"Among the sights I have seen was the shooting of eighteen Bolsheviks, and I was present at the execution by the firing squad. It was German efficiency at its best. A ditch was dug by Bolshevik guards after a mock trial, and the other wretches, already condemned, came up three at a time as their names were called.

"The condemned men stood with their heads at the edge of the ditch and with their eyes unbandaged, faced the executioners. A machine gun and Maxim stretcher in platoon formation behind calling off on the crowd and the machine gun fire suddenly lit up the gas.

In another clash between a crowd led by slaves and four special constables, Constable T. S. Morrison is said to have been shot in the head, severed through his thigh and body, consciousness. One of his comrades was wounded in the hands and face, and two knocked unconscious, but is not seriously hurt.

Special Constable Morrison was on patrol duty in the vicinity of the Strand Theatre, when a crowd led by Higgins armor in company with several others. A bodily struggle of what is reputed to have been over a hundred persons, of whom the majority were said to have been Bolshevik stickers commenced to gather, and the fight was continued by the brickbat the constables. Suddenly the crowd closed around the policemen, and Morrison was struck down and disposed of by the crowd, being knocked unconscious by a blow on the head. It is said that Morrison will be left a big man was seen to have a sword in his hand, and as the unfortunate then reached the scene, and the driver, seeing the raised club, drew a revolver and fired four shots in the air. The bullet missed the object and passed through the driver's coverall, but Morrison, whom the driver had intended to aid.

At a special meeting of the police commission a resolution was passed by the members, which is being presented with stolen Rosslyn gold by Chief Constable Chris H. Newton, hitherto deputy chief, in now the acting chief.

In a statement issued by the police commissioners it is stated that the commission "deemed it advisable to place the reorganization of the police force in charge of Deputy Chief Newton."

Germans Fear A Blockade Renewal

Overpayments To Soldiers Found

Inquiry By Public Accounts Committee Reveals Many Errors

Ottawa.—The inquiry by the public accounts committee into overpayments made by the reparation allowance and assigned pay branch of the Militia Department to soldiers and their dependents was continued, when Mr. T. Cox, chief accountant of the branch, as the chief witness.

Mr. Cox informed the committee that overpayments totalling $480,000 had been definitely ascertained, and that there are from twenty to twenty-five thousand letters showing overpayments in addition to those. The total had not been figured up.

Mr. Cox, who was also during the inquiry for the opposition, declared that the sum could be ascertained by the end of this week, when he will be charged the department still has interest on the war's work. Overpayments were first discovered as the result of an inquiry held in 1917. They were due to duplicate or overlapping of payments in England and Canada, which could not always be avoided.

Mr. Jacobs asked the witness if it was not that practice to hold back from the relatives of soldiers believed to be dead and they had turned up alive. Mr. Cox said that the law laid down that a claim must be held for a year before it was paid.

Mr. Jacobs asked the witness if it was not that practice to hold back from the relatives of soldiers believed to be dead and they had turned up alive. Mr. Cox said that the law laid down that a claim must be held for a year before it was paid.

Crimes Charged Against Germany

British War Secretary Announces Some Cases Laid Before Investigators

London.—Winston Spencer Churchill, secretary for war, announced in the House that the facts which British fighting cases had been laid before the committee appointed by the armistice council to investigate alleged violations of the laws of war.

Private Sidney Shaw, 1st Coldstream guards, was tried for a theft from a comrade in a prisoners' camp in December, 1914, at Gastlow camp and did each the first Baptist church.

Speaking on the strange phenomena presented by the ideals which had for so long governed the German nation, and which had inspired the war, he said that the spirit of militarism was the blind belief in the divine right of kings. The continuance of such a doctrine had been made impossible in Britain when the barons met King John at Runnymede and forced him to sign the great Magna Charta.

"There is a great difference between your king and other kings," continued Dr. Rirtley, "and you know how much I do (and have known it longer than I have) that King George would fall from his throne within a few days if he ever attempted to rule the people as the tyrant is governed and ordered. You call him your ruler in us true, but he is in fact the representative head of all the people, not only in Britain but throughout the whole empire.

"It is my definite conviction that the British form of government is confidently waiting on an enemy, whether on otherwise, regarding the great abomination and the Hohenzollern dynasty and Hohenzollern empire representative of 1,000 years of German history. The executive committee of the federation is in the same position, and has unanimously decided to advise its members to take no part in the celebrations or strike and send a telegram to that effect to the prime minister."

Command Riga Gulf

Copenhagen.—Bolshevik forces have occupied the Island of Oesel, according to a Reval dispatch. The Island of Oesel has mentioned the occupation of Oesel Island, which lies in the entrance to the Gulf of Riga, and which contains 1,000 square miles.

Assist Veterans To Go On The Land

Ottawa.—When Hon. Dr. Beland rose to introduce his resolution on the budget he was greeted with cheers by members of both sides of the House.

The resolution provides for the expenditure of $25,000,000 for the purpose of assisting returned soldiers to go on the land. It is proposed to advance to each soldier who wishes to go on the land a sum not exceeding $2,000, to be repaid in twenty years, with interest at five per cent. The money will be advanced by the government, and the soldier will be required to put up a certain amount himself. The government will also provide for the training of returned soldiers who wish to go on the land.

Dr. Beland said that the government had no policy which would in itself be an inducement to become farmers. To attract men to the country, the government would have to provide conditions which would make it attractive. Immigration should be sought after, but returned soldiers should be given the first opportunity to go on the land.

Dr. Beland said that the government had no policy which would in itself be an inducement to become farmers. Wonderful Beauty Establishes Regularity, Cures Constipation

As you value life itself, never use medicine that racks the system. Constipation is bad enough, but violent cathartics are the limit.

When the bowels are constipated and you have stomach trouble and headache, take Dr. Hamilton's Pills. They are so mild you can scarcely feel their effect, yet so effective that the entire secretory apparatus is stimulated to healthy action.

Dr. Hamilton's Pills move the bowels gently.

They clear the liver and kidneys.

They restore the blood.

Digestion is strengthened.

Headaches disappear.

Sunnen's roundness cease.

Bilious turns are prevented.

Dr. Hamilton's Pills remove that bowel accident, for they act on a system cleaner and general tonic. For those who feel dull, heavy and morose, our long use suffer frequently from colds, biliousness and stomach disorders, there is no better remedy.

You rush nothing in using Dr. Hamilton's Pills because they are guaranteed to give satisfaction.

Made according to the formula of one of the greatest physicians that ever lived, Dr. Hamilton's Pills are known in every part of the world. Ask your druggist for them. Refuse substitutes. 25c per box.

British Empire Model Democracy

Americans Learning About Methods. Finding Much Worth Copying

That Americans who think have been learning much about Britain and British methods that was new to them and finding much worth copying, was the interesting fact revealed by Dr. J. S. Kirtley, who is at present supplying the pulpit at the First Baptist church.

"There is a great difference between your king and other kings," continued Dr. Kirtley, "and you know how much I do (and have known it longer than I have) that King George would fall from his throne within a few days if he ever attempted to rule the people as the tyrant is governed and ordered. You call him your ruler in us true, but he is in fact the representative head of all the people, not only in Britain but throughout the whole empire.

"It is my definite conviction that the British form of government is confidently waiting on an enemy, whether on otherwise, regarding the great abomination and the Hohenzollern dynasty and Hohenzollern empire representative of 1,000 years of German history. The executive committee of the federation is in the same position, and has unanimously decided to advise its members to take no part in the celebrations or strike and send a telegram to that effect to the prime minister."

Railway Shop Workers May Now Strike

Canadian Railway War Board Made No Move In Answer To Union Demands

Montreal.—The Canadian railway war board, confidently waiting on an enemy, whether on otherwise, regarding the great abomination and the Hohenzollern dynasty and Hohenzollern empire representative of 1,000 years of German history. The executive committee of the federation is in the same position, and has unanimously decided to advise its members to take no part in the celebrations or strike and send a telegram to that effect to the prime minister."

ONE MORE EFFORT

For beyond the expectations of the Empire and the world, Canada fought and strove and paid gallantly for five years. Indeed it may be doubted if any entire Commune witnessed the notable effort of the Dominion without amazement. The true spirit of the prepared not understood the magnificent response to the call. It was, month by month, greater and still greater. The double climax came in the autumn of 1918 when Canada raised by a fourth her contribution to Men, and when it was also subscribed $400,000,000 Victory bonds. In the war Canada found herself. The name "Canadian" is reported the world over not only in the nations allied with the British Empire in the defence of liberty but in foreign lands. The fighting is over. The great task of distributing the organization is four years of administration is almost complete, the work of maintaining the army most fully repatriated, and of fulfilling completely the national obligation to the soldiers has added to the Canadian expenditure of all streams there is the item of a new Victory Loan. The patriotic people to come ardour and courage brought Canada through the years are asked to keep the Dominion there by buying Bonds. The heart of the nation is tested and the nerve of the loan. There is who suspected the ... instantly while they were. Investors will not fail in ... to convince that ... and the men are ... confident in profitable civilian ... Considering the ... of the proud people ... the reasonable for the belief that the success of this latest Victory Loan will be instant and overwhelming. But all citizens must have a part in it. It is not a task to be boldsome by the whole people, or wholly done by half the people. Let every citizen subscribe!

Why You Should Buy Victory Bonds

BECAUSE:

You will get 5 1-2 per cent interest on your money.

You will get full value for your money practically at any time you may require it.

You will have an investment backed up by the entire resources of Canada.

You will have a guarantee so safe no any greenback.

You will be allowing Canada to do your banking temporarily for you.

You will be taking the advantage of your best chance to subscribe to a Canadian Victory Loan.

Near Vermilion, Alberta.

PURSUANT to judgment of Court, made for Sale there will be sold by E. L. Hadley Auctioneer, at the town of Vermilion, in the Province of Alberta on Saturday, 25th day of October, 1919, at the hour of 11 o'clock in the afternoon the following property, namely The North West Quarter of Section 2 Four (4), Township Twenty (20), Range Seven (7), West of the Fourth Meridian, in the Province of Alberta, subject to the reservations and conditions in the grant from the Crown, and to the general provisions of Torrens Land Act and amending statutes and amendments.

THERE is believed to be on this quarter section about 60 acres of land, of which 30 acres are good arable land, and 27 acres of hay land, more or less, and the balance is pasture and scrub land. The property is fenced on 4 sides with 2 strand wire fence, and there is a small house and stable on the said property, also there is a well dug and walled with stone to the depth of 12 inches in depth. The said property is reported by a well. The said well is dug station to the said property and consists of a dwelling house, a barn, a granary, a blacksmith shop and other small outbuildings. The said property is situated in a settled district and is surrounded by other improved farms. The said property is situated about 4 miles from the Town of Vermilion, and is about 1 mile from the Vermilion River. The said property is situated about 4 miles from the Town of Vermilion, and is about 1 mile from the Vermilion River. The said property is situated about 4 miles from the Town of Vermilion, and is about 1 mile from the Vermilion River.

The property will be sold subject to a reserved bid. The terms of sale are 10 per cent cash and the remainder of the purchase price to be paid in 20 annual payments of 10 per cent each, with interest at 6 per cent per annum on the unpaid balance. The purchaser may give a mortgage for the balance of the purchase price to be paid by the vendor.

Purchaser to pay the vendor's solicitor's fee of $10.00 for the preparation of the agreement for sale and mortgage back for the balance of the purchase price, and the cost of registration of the same.

NOTICE

Placed in my name on the Tax Roll of the Municipality of Vermilion for the year 1919 in respect of the following described property, namely: [illegible] and I hereby give notice that unless the said taxes are paid on or before the 31st day of December, 1919, I will proceed to sell the said property by public auction at the Municipal Office in the Town of Vermilion, Alberta, on the 15th day of January, 1920, at the hour of 10 o'clock in the forenoon, for the amount of taxes, interest and costs then due.

Dated at Vermilion, Alberta, this 1st day of October, 1919.

A. Bruce Sharp,
Secretary-Treasurer.

A Money - Saving Bottle

A Bottle of Bovril in the kitchen will cut down butcher's bills. It enormously increases the nourishing value of food—in fact, its body-building powers have been proved ten to twenty times the amount taken. It must be Bovril.

To Check German Army

Decision Reached Fixing Status of Body of Military Experts

Paris—Marshal Foch, the allied commander-in-chief, obtained from the supreme council a decision fixing the status of the body of military experts charged with the determining at the end of each quarter the number of German effectives in the German army for the succeeding quarter. The marshal sent the council a note asking that this body be included among the ministers of interallied control, and the council granted his request.

With the Fingers! Says Corns Lift Out Without Any Pain

Here comes hard corns, soft corns or any kind of a corn can shortly be lifted right off your feet. Simply put on a few drops of freezone, and the tender, aching corn stops hurting, then shortly you lift it right off with fingers. It dries the moment you apply freezone and never inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heel footwear is getting them an practically every woman's foot.

French Military Plans

Paris—A peace army of 350,000 men and reduction of the term of military service from three years to one are recommended in the military committee on the number of deputies by Fr. Dumesnil. Under the plan 200,000 men would be called to the colors annually for a period of 12 months, others recruited through voluntary enlistment.

This system would make the French army on a war footing 1 full 4,000,000 men divided into an army of 1,350,000 men 2,000,000 reserves and 2,140,000 territorials.

Will Attempt To Signal Mars

Building Huge Balloon for Communication With Far Away

Omaha—Lee Stevens, balloon instructor at Fort Crook, announced that David Todd will attempt to communicate with the planet Mars this fall in a balloon to be constructed and piloted by Stevens. The balloon, to be the largest ever made, will ascend 50,000 feet, Stevens said. Its capacity will be 140,000 feet. The balloon will be enabled to rise to the expected height, Stevens said, by use of an invention which dilates the balloon into two compartments, the upper containing hydrogen gas and the lower fresh air.

In Sweden every girl not born to wealth is taught a trade of some kind.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

As sure as your little one is full of cold, or has a fever, or is constipated, bilious or feverish, you can depend upon the "fig syrup" directions on the package, then you are sure your child is starving itself with the most harmless laxative or physic the little stomach, liver and bowels need to-day. Ask your druggist for a 50-cent bottle of "California Fig Syrup" which has directions for babies, children of all ages and for grown-ups plainly on each bottle. Mother! You must say "California" or you may get an imitation fig syrup.

World Establish Breeders Ranches

Winnipeg—Commissioner [illegible] of agriculture, announced that the government would establish breeders ranches in the province for the purpose of improving the quality of cattle. The ranches will be established on Dominion lands in the province, and the government would like to receive applications from those desiring to take up the matter.

Admiral Beatty Given Banquet

Unique Compliment By Fellows To Admirals Of British Fleet

Portsmouth, England.—Vice Admiral Sir David Beatty was given an unique compliment when, with 42 of his admirals, he was entertained at dinner in the town hall here by some 500 lower deck men, and presented with a silver cigar box as a token of loyalty and affection from all the tar ings in the navy.

The day was made a great occasion [illegible] sailors being lined upon the [illegible] admiral's arrival and his automobile being hauled through the streets in the town hall by sailors. Twenty thousand townspeople gathered at the town [illegible] cheered heartily, while the 500 seats of the vice admiral formed up on the steps to welcome him.

The thick-skinned animal is undoubtedly the snake. Nowhere is its skin less than several inches thick, and in some parts it is said to be nearly two feet.

Catarrh Cannot Be Cured

as local applications as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Medicine acts through the blood on the mucous surfaces. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

Exceptional Chance For Farmers of this District

Twenty full-blooded steck at their own prices close to home. 50 head of registered Shorthorn cattle will be sold at auction at Wainwright on Thursday, Oct. 16, by E. L. Dorh, auctioneer. Paisley of Lacombe and Stewart of Wainwright. 3-4 females are offered in above herd, 24 of which are bred to an own son of MINOCK PRINCE. This line of breeding is very much sought for by prominent breeders, there are also a nice lot of bulls. Don't forget the date and take advantage of this opportunity of improving your herd at a minimum of cost. Write for catalogue.

W. F. Button, M.M., mother of Vermilion's old boys, returned from overseas last Tuesday.

The Town Council at its meeting on Tuesday evening decided to pay down a Chevrolet Baby Grand Chassis as motor cycle and pump for the Vermilion Fire Brigade from the H. R. Smith Co. of Woodstock, that outside of Calgary and Edmonton, this will be the first motor engine used for fire purposes in this province. The situation was thoroughly discussed by the Council before coming to a decision in the matter, and the opinion of several of the citizens of the town being had and all were of the belief that the motor equipment should be secured in preference to horse drawn engine. The cost of the engine is $1750 00 and when complete with necessary accessories including ladder. It is stacked for delivery in December.

OPENING DAY OF VICTORY LOAN 1919

Big Campaign Starts Monday Morning to Obtain Three Hundred Millions

Wake up! Wake up! Monday is the day that the Victory Loan opens.

Monday is the day that Canada shows the rest of the world that she is still on the job.

Monday is the day when we close up the last spot left by the war.

Monday is the day when we have another chance to invest in bonds paying 5-1-2 per cent, and backed by a wonderful guarantee.

Monday is the day that Canada gathers into her treasury the necessary cash to fulfill her obligations to her soldiers and to the dependents of her glorious dead.

Monday is the day when Canada assures herself that prosperity will continue in the country.

They are all watching us. Some of them say we cannot do it.

We'll show 'em.

To Explore in Arctic

New Yorker Plans Expedition to Coronation Bay in Spring

Prince Rupert, B.C.—P. Kelly, of New York, who was with Vilhalmur Stefansson in the Arctic, sailed by the steamer Princess Mary from here, en route to Dawson. Kelly plans on travelling to the north and to resume his explorations in Coronation Bay. He left Prince Rupert out from the Arctic regions. Kelly came by way of Edmonton and Edmonton.

Third Dose Relief! Fifth Dose! Diarrhoea Stopped.

Diarrhoea does not need to persist for more than a few hours until the whole system is weakened and debilitated. Nothing is so routine so quickly moderate—manages and brings about complete collapse as Diarrhoea.

Dr. Fowler's Extract of Wild Strawberry is not only prompt and effective in stopping Diarrhoea, Dysentery, Cholera Infantum and all other bowel complaints, but its great merit is that it does not merely check the bowels in a constipated way but relieves the bowels of all unhealthy contents.

Mr. Archie Fort, Ox-Ap-Sale, Sask., writes: "A few years ago I was troubled with Diarrhoea. I had a severe attack of Diarrhoea. Nothing I took seemed to relieve me. I was getting worse all the time. Hearing that Dr. Fowler's Extract of Wild Strawberry was good for diarrhoea, I went to town and procured a bottle. After taking one dose I felt relief. I took in all three bottles and was cured. I have had no trouble since and would not be without it."

Be sure you get the original "Dr. Fowler's." It is here on the market for over 60 years. Substitutes are no good to your health. Price 35c. and 70c. per bottle. The T. Milburn Co., Limited, Toronto, Ont.

Dr. Fowler never heard of the man who was killed with tiredness—he died of old age. He said it was nothing but

So some are dull. It is eradicate, but Hollow's cure knew well drug them some panhandle.

A little surgery is often a dull thing.

Are Your Nostrils Full Of Catarrhal Discharge?

If So, It's Time You Got Wise to Catarrhozone, the One Catarrh Remedy

By one other means can any get so quickly as from Catarrhozone. It is the most direct remedy known because you breathe it in the form of spot that is treated and full of soothing germs. Nothing nourishing in the Catarrhozone method. It acts immediately clears the head, stops the hacking cough relieves the throat, and cures Catarrh, Bronchitis, Asthma.

The healing and soothing in Catarrhozone, so full is it of curative essences, is felt before it. Carry a Catarrhozone. It takes so little room in the pocket, and you will want it when little colds before they grow big. Catarrhozone may have two months' trial size 25c., trial size 50c., all dealers everywhere in Canada or U.S.A. Nothing else is "just as good as Catarrhozone." Insist on getting it.

Dependents Must Sail This Year

No Free Repatriation of Dependents After December

Headquarters has warned all men of the Canadian overseas force on indefinite leave awaiting repatriation with dependents, to report immediately to the discharge depot at Buxton. They are also notified that free repatriation for dependents will not be allowed after December 31, except where statutory declaration is made showing that it was impossible for those concerned to proceed to Canada before that date.

This does not refer to men who have taken discharge in the United Kingdom, therefore it does not affect men on whose behalf an appeal is now being made to the government for repatriation at the public expense.

What a man is depends largely on what he does when he has nothing to do.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only; look for the name California on the package, then you know your child is having the best and most harmless laxative to clean the little stomach, liver and bowels. Children love its delicious taste. Full directions for babies, children of all ages and for grown-ups are printed on each bottle. You must say "California."

Mother! You must say "California."

More people are pinched by poverty than by the police.

Hillman's Linimen Cures Dandruff.

Reciprocity in Tuberculosis Free Stock

Regulations governing the establishment and maintenance of "tuberculosis free" herd of cattle are provided for in an order-in-council published in the current issue of the Canada Gazette. As the United States has a system of accredited herds, cattle from which are admitted into Canada without inspection for tuberculosis, the system is introduced in Canada on the announced willingness of the U.S. authorities to reciprocate in admitting Canadian cattle under the same conditions.

The deepest mine in the world is said to be shaft No. C of the Tamarack mine in Houghton, Mich., which is 5,200 feet deep.

Never judge a man's knowledge of human nature by the opinion he has of himself.

Too Much Political Graft

Many say it can't be prevented, Another one wants a navy, but they can be saved by a Ford. Get a tractor. It saves coals and cuts wages in half. Ford Tractors Only Primers, 25c at all dealers

The Salaried Man

Bill Introduced to Reduce Hours to 48 to Age

London England—An interesting paragraph in the August number of the International Woman Suffrage News stated that the Icelandic Government has introduced a bill into the Althing for the amendment of the Constitution in such a way as to give equal political suffrage for elections and officers to all men and women of 25 years, while 35 years is to be the qualifying age for electors of both sexes for elections to the Upper House. It is considered certain that this amendment will be passed, in which case the electors will take place in the spring. Four years ago the Icelandic women were enfranchised, subject to certain restrictions as to age, which the amendment bill now before the Althing will remove.

If it were possible to put all the land on the globe above water level in the Pacific Ocean only one-seventh of the latter would be covered.

The reporter pencil is not always in overhanging; we love to work off copy now a friend.

CROWN BRAND CORN SYRUP

The Syrup for Pancakes

A golden stream of Crown Brand Corn Syrup is the most delicious touch you can give to Pancakes!

The Canada Starch Co. Limited Montreal

Midget Monoplanes

A single seater monoplane, with a wing span of thirteen feet, is being offered for sale by a Paris aircraft firm for eight hundred dollars. Equipped with a twenty horse power engine, it is said to have a speed of sixty miles an hour. The light of the machine brings it within the law, and it may easily leave Paris for Brussels or Berlin without stopping to take on more fuel than a few thousand feet.

GUARD THE CHILDREN FROM AUTUMN COLDS

The Fall is the most severe season of the year for sudden colds, coughs, croups, the most to wet feet and chills, and unless the danger is met in the little ones are scared with colds that may bring on a winter. Baby's Own Tablets are a perfect best friend in a baby's illness. They break up colds, act as a gentle laxative, keeping the bowels and stomach true and sweet. An occasional dose will prevent colds, or if it does come on suddenly will straighten the Tablets will quickly relieve. Tablets should be given by medicine dealer or by mail at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

It has been estimated by a Paris press scientist that the commercial value of the electricity in a flash of lightning lasting one-thousandth of a second is 20 cents.

A humorist says the joke that sometimes is no laughing matter.

Unless worm is be expelled to as the system may be easy be healthy. Mother Graves' Worm Exterminator is the best medicine existed to destroy worms.

There is one good feature about breaking up a bootlegging ring—it lets people to get rid of their old furniture.

The most cautious lodging house keeper is one that requires payment in advance, which accommodates transient persons.

Disturbed sleep usually comes from some form of indigestion. Strengthen the stomach and stimulate the liver with a course of

Beecham's Pills

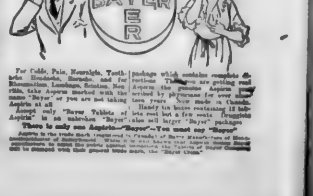
Largest Sale of any Medicine in the World. Sold everywhere. In boxes, 25 cts.

PILES

Do not suffer from Itching, Blind, Bleeding or Protruding Piles. We have a positive internal cure. Write for free booklet. Sold by druggists everywhere. Price 50c. a box. Manufactured only by Paris Medicine Co., St. Joseph, Mo., U.S.A.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"



For Colds, Pain, Neuralgia, Tooth-ache, Headache, Rheumatism, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" with the name "Bayer" also will have "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. We have found it necessary to place this notice here because some dealers have been substituting other tablets for genuine "Bayer" Tablets of Aspirin.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists sell larger "Bayer" packages which contain complete directions. Tablets are genuine only when they bear the "Bayer Cross."

A Labor Saving Combination

"It is the last straw that breaks the camel's back." So runs the old proverb. And it is the little annoying efforts which give you the most to wash by.

Eddy's Indurated Fibreware **Washtubs and Washboards**

form a combination which save you much extra labor. Indurated Fibreware tubs are much easier to lift and to move about. They keep the water hot for a much longer space of time, because they do not conduct heat as metal does. They are easier to keep clean because they are made in one piece without joint or seam and the hard, glazed surface is impervious to liquids or odors. And they cost no more. Last longer, too.

Eddy's Twin Bottom Washboard has a double rubbing surface of Indurated Fibreware which loosens the dirt quickly and saves many minutes' hard work.

A Happy Family

BY DR. S. C. ROGERS.

A happy family is one that can sit down to the table with keen appetites and good cheer. Plenty of the out-of-doors and cleanliness, inside and outside of the body, will make for health, wealth and happiness. Your doctor will tell you that anything from a headache to the most serious illness may result from allowing food to ferment in the intestines. The first thing to do is once you feel mean, logy, dull, perhaps feverish, is to flush the liver and kidneys, drink plenty of water, and take a dose of castor oil, or, something better, made of May-apple, aloin and jalap, and long sold by almost every druggist as Dr. Pierce's Pleasant Pellets. This may save you from a fit of sickness, remove the poisons from the system and give the tissues of the body a chance to build up and resist disease.

People are realizing more and more that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy and many other serious disturbances.

This can be avoided by stimulating the kidneys to increased action, and because of its special effect on these organs it would advise any one to get Anuric (anti-uric-acid) which is to be had nowadays for fifty cents, at almost any drug store.

A Musical Incident

The young lady attended a concert. As the violinist finished his solo she was heard to say, "Ain't he said, "she is a lover of music." Rushing to her he clasped her, "I understand," he said, "you have true appreciative item." "Yes," she said, "you played good. But I wept because I neglected to remove my dog's dinner from the stove, and I know it is ruined."

The Best Liver Pill.

The action of the liver is easily regulated by the use of Dr. Chase's Kidney-Liver Pills. They cause normal functions to be performed, create fresh blood, which soon restores the tone and vigor of the entire system. Dr. Chase's Kidney-Liver Pills are the best liver pills, and they have no superiors among such preparations.

She Wanted Progress

"No, sah, Ah don't neber ride on dem things," said an old colored lad looking in on the merry-go-round. "Why, de other day I plon dat Rastus Johnson on one an' what do you reckon? He jes' went an' got off at the very same place he got on at, an' went to him home an' had de same supper dat he had before I started."

A Bright Serious Thing

"You printed my dear! ... and that's no joke."

"But, my dear sir, that's not my fault. It's the fact that you are alive that makes it a joke."

To Dig Out

Prices 4918 Fell When Production Is Increased

There is only one sure way to cut down the cost of living. Prices will fall when production is increased. With larger supply of what everybody needs to eat, drink and wear and for shelter there will be concentrated drop of cost to the consumer. At the same time there is brought about an equivalent rise in the wages of labor. To stop work is to decrease production. Having reduced the cost we must now begin the work of repair. One little word of three letters has been the ruin of the world. Its name. That word is "dig."—From the Philadelphia Record.

The name of the jealous fool is apt to proclaim the wise man's motto.

HOW TO "BE FIT" AT SIXTY

BY DR. LEE EDGEMONT SMITH.

As our boys "came marching home," they brought certain red-blooded doctrine, and shoved us the glory of a perfect body. They will show us how to "keep fit." even if we have passed middle life and are beyond the athletic stage. For the tired business man, the man who feels the daily grind and the nightly fag, has meager appetite, headaches, nerves unstrung, is gloomy, ending in a soggy brain, try the right way. Get out of bed, open the window, breathe deeply, exercise the aruvy "setting-up" exercise or use dumb bells, until in a warm glow.

Before breakfast take hot water, and occasionally castor oil or a pleasant laxative made up of May-apple, aloin, jalap, and sold by all druggists as Dr. Pierce's Pleasant Pellets.

As Prof. Stranss says, "The excretion of uric acid we are able to effect by exciting diuresis." Drink copiously of soft rain or distilled water, six or eight glasses per day, hot water before meals, and obtain Anuric Tablets, double strength, for 50 cts, at the nearest drug store and take them three times a day. If you want a trial package send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

"Anuric" (anti-uric-acid) is the recent discovery of Dr. Pierce and is much more potent than litihs, for it will dissolve uric acid as hot ten dissolves sugar.

JUDICIAL SALE OF FARM PROPERTY
Near Vermilion, Alberta.

PURSUANT to Judgment and Final Order for Sale, there will be sold by E. L. Craig at his office, in the town of Vermilion, in the Province of Alberta, on Saturday, 25th day of October, 1919, at the hour of one (1) o'clock in the afternoon the following property, namely: The North West Quarter of Section Four (4), Township Forty-nine (49), Range Seven (7), West of Fourth Meridian, in the Province of Alberta, subject to the reservations and exceptions in the grant from the Crown in the said Province, and also subject to and excepting mines and minerals.

THE TERMS of sale are as follows: Ten per cent (10%) of the purchase price to be paid in cash at the time of sale, the balance to be paid on the said property within thirty (30) days from the date of sale, with interest at the rate of seven per cent (7%) per annum from date of sale to date of payment, and secured by a mortgage on the said property. The said property is situated in a settlement of fairly good people. The property is situated about one and one-half (1½) miles from Vermilion, and is about one and one-half (1½) miles from a school. There are the necessary buildings on the said property, viz., one story frame house, one story frame barn, one story frame granary, and one story frame outbuilding. There is an area of about one hundred and sixty (160) acres under cultivation. There are about two hundred (200) acres more that could be cultivated.

The property is offered for sale subject to a reserve bid. The terms of sale are cash, and the vendor reserves the right to refuse any and all bids received. The vendor will not be bound to accept the highest or any bid received, but reserves the right to accept such bid as he may deem advisable. In the event of the purchaser not paying the balance of the purchase price as aforesaid, the vendor reserves the right to resell the property by public auction or private sale, and the purchaser will be responsible for any deficiency that may arise on such resale. The vendor will not be responsible for any loss or damage that may occur to the property after the date of sale. The purchaser will be required to pay interest at the rate of seven per cent (7%) per annum on the balance of the purchase price from the date of sale to the date of payment.

If either party to the contract for sale shall neglect or refuse to perform any of the conditions of the said contract, such party shall forfeit to the other party the sum of Twenty-five Dollars ($25.00) as liquidated damages.

Further particulars may be obtained from the undersigned.

DATED at Edmonton in the Province of Alberta, this 8th day of September, 1919.

GEORGE H. RUTHERFORD,
Deputy Clerk of the Supreme Court.

A. J. DUKE, Solicitor for Plaintiff.

Stint - Sacrifice - Save, for Victory Bonds

British Premier On Need of the Hour

London.—In a speech at St. Stephen's Premier Lloyd George urged upon the nation the necessity of the greatest possible effort during the next few months, declaring that the national debt was nearly £8,000,000,000. He said wages had doubled and the standard of living was higher than ever before.

Canadians Anxious To Come Home

Great Britain Is No Place for the Holiday-Maker at Present

Ottawa.—The Department of Immigration and Colonization has received a number of inquiries from Canadians in Great Britain who are anxious to visit Canada for a holiday. The department has issued a statement pointing out that the present is not a suitable time for visitors to come to the old country. Many Canadians have been disappointed on arriving in England to find that they could not get accommodation, and that the cost of living was very high. The department has been asked to issue a statement to the effect that Canadians should not come to Great Britain for a holiday at present.

Hungarian Peace Pact Delayed

No Government in That Country With Which Supreme Council Can Deal

Paris.—The supreme council and the peace conference will probably not end officially until after the Hungarian treaty is ready for signature, a few members representing the various governments will remain to complete the work.

An entirely new set of delegates will probably be instructed to negotiate a treaty with Turkey when the supreme council meets in London next week. Premier Lloyd George, it is understood, will attend the meeting, as also will Premier Millerand, of France, and Premier Nitti, of Italy. The first matter to be taken up will be the proposal to call a conference of Turkish delegates to meet the allied representatives in London.

The Bulgarian delegation is now in Paris and has been informed that the treaty will be dispatched at once. It will be presented to the Bulgar delegates in a few days, and they will be required to sign it within fifteen days. It is understood that the treaty contains no drastic clauses, and that the terms are not severe. Bulgaria will be required to pay an indemnity, but the amount has not been fixed. It will be considerably less than Germany is required to pay.

Tragedy of the Sea is Revealed

Survivors Say Officers Were Killed in Accident; Rescuers Speak of Seeing Fight

Philadelphia.—A tragic tale of the sea was unfolded here by four survivors of the British schooner Ontario, which, after drifting helplessly several hundred miles from here by the Zeebel. The survivors, all from Newfoundland, said the captain of the vessel and two officers had died, their deaths, they declared, being the result of a fight with the crew.

The four survivors, do not agree with that of the captain, before he died, that the Zeebel, which arrived here on Saturday, had been struck by a hurricane. They say that there was no storm at the time of the disaster, which occurred on the night of the 23rd, and that the Zeebel was not even in sight of the Ontario when the latter's sails were blown away and her engines disabled.

The survivors, who are Douglas Nichols, Thomas Molton, Lorenzo Ash and Joseph Ash, all of Grand Bank, Newfoundland, told their story, except as to some of the details, with a fair degree of coherence. They declared that after a dispute between the captain and the mate, which arose over the refusal of the latter to obey an order, the captain drew a revolver and shot the mate dead. Then, they said, the captain ordered the mate's body thrown overboard, and this was done by the cook and the boatswain.

The captain, the survivors declared, then ordered the boatswain to throw the cook overboard, and this was done. The boatswain, they said, then attacked the captain with a knife, and the captain shot him dead. The captain then ordered the second mate to throw the boatswain's body overboard, and this was done.

The second mate, the survivors declared

NOTICE—I wish to announce that I have taken over the Cream Business formerly conducted by Blake Bros and can supply cream in any quantities half pint bottles at highest market prices. Distributing Centre, Wipers' Bakery—George H. Leslie. Phone R. 201. Vermilion, Alta. 23 tf

---

M. W. Ball of Islay sold a carload of high class Angus steers and heifers to McGregor of Brandon.

The new generator at the electric light and power plant was successfully installed last week but the final connections with the lines will not be completed for several days yet. Temporary connections are made now every night so as to permit the use of a limited service by the citizens.

Gutting on Burns started last Monday on the first of the underground water tanks but has been held up on account of bad weather. The tank is being constructed on the proposed site of the new fire hall.

The Chief of Police has requested the Standard to issue a warning to Halloween desperadoes, that tricks resulting in destruction of property of any description, such as the overturning of outbuildings, etc., will not be tolerated and that any of those indulging in the same will be severely dealt with. Boys, take heed!

High School Notes

The attendance at the Vermilion High School this term is well above the average for the past few years. The total attendance up to date is 57 and of this number 27 or nearly one half, are from rural school districts. This is about the usual proportion found in all the town high schools. These students come from within a radius of 15 miles and that the high school draws students from such distances speaks well for the name it has won among the High Schools of the province. The latest arrivals are Miss Daisy Hitchcock, who comes from Kitscoty, R. D. 30 miles distant, and William Reinbeck from the Islay District.

At Vermilion Hotel, on Wednesday Oct. 22, Empire Hotel Islay Oct. 23

Fred C. Long, son Thomas and Mr. H. M. Long, father of the former, resident Vermilion during the early pioneer days, the latter expected to spend the winter here. A hearty welcome is extended to Fred who only returned to us a few days last month, having gone over with the Army Medical Corps early in 1916, enlisting at Toronto in 15. During his long service abroad he filled the position of dispensing chemist.

Professor A. A. Dowell of the University of Alberta, has secured the following Aberdeen-Angus calves for class work at the University:—A Royal calf from A. R. Wood of Islay, a November calf from C. H. Richardson Bowden. April calves from Chas. Elliott, Edmonton; P. Cameron & Irrigation Co., and A. J. McGregor, Medicine Hat. The Blacks have done well on the University farm. The Angus steers were pleased over the other breeds when fed under same conditions and in one class at the Spring Show. Angus steers led at the Toronto stables took off the top three places against grades of other breeds fed under the same conditions.

The new municipal hospital is slowly approaching completion and though this is not expected to take place for six or seven weeks yet now it will probably be about the first of January before it will be formally opened. The hospital board are now arranging for the purchase of the necessary equipment which entails a lot of work as the latter has to be of a standard make and hard to get even at that. The Matron and Secretary Taylor have been delegated to accept the hospital contractors at Edmonton and look over the equipments on exhibition there. Fortunately it is from mileage purchased by the Board from the Town of Vermilion will enable them to open when the building is completed if the new supplies are not on hand.

Are You Going?

To Wainwright, Saturday, to get that chicken Mortimer Bell or Herbert was promised you need. There are some pretty keen sellers and good bargains are one or two and then ask your neighbors to call and see them.

Cash announced Auction Sale Saturday, October 25th, starts at one o'clock. Earl L. Cook, Owner.

The Winter Entertainment Club beg to announce that their next meeting will be on Tuesday Nov. 7, in the Church of England Parish Hall. Games, cards, etc.

LOCAL DRIVE FOR VICTORY LOAN STARTED

Prospects Bright for Vermilion District to Exceed Its Quota

$65,000.00

Chance to Win a Big Gun Captured from Germans in War

The local Victory Loan committee commenced an active campaign Monday and the present prospects are that the town of Vermilion will not be behind in its subscriptions to the 1919 loan as last week the Standard expects to be able to make some encouraging announcements of progress. Outside points are thoroughly organized and teams are reported out on the big drive to finish the job.

Vermilion's quota has been placed at $65,000.

The following telegram received by the local chairman of the Victory Loan committee speaks [illegible] of the campaign [illegible] Ottawa, Oct. 28th, 1919. [illegible] Vermilion, Alta. [illegible] Victory Loan campaign [illegible] Dominion [illegible] Thursday [illegible] Saturday [illegible] Monday [illegible] Tuesday [illegible] Wednesday [illegible] Thursday [illegible] Fri

"My Back Is So Bad"

PAINS in the small of the back, lumbago, rheumatism, pains in the limbs all tell of defective kidneys.

The kidneys, liver and bowels must be assisted to rush off such treatment as Dr. Chase's Kidney-Liver Pills.

There is no time for delay when the kidneys go wrong, for such disorders as backache, diseases of the urine and Bright's disease are the natural result.

One pill a dose. 50 cents a box, all dealers or Edmanson, Bates & Co., Toronto.

Dr. Chase's Kidney Liver Pills

A Nervous Wreck

BY DR. D. L. CHANTER.

How many business men feel fagged out, nervous, with a "soggy brain"—worn out completely before the day and his tremendous tasks are half over? Try the right way! Clean the body first. That will help your nerves, your head and your circulation. Your doctor will tell you that anything from a headache or a common cold to grippe or a serious illness may result from allowing food to ferment in the intestines. Don't give the body a chance to absorb the poisons. Remove the toxins from the system and give the tissues of the body aid to resist disease by taking an occasional laxative such as castor oil, or a tiny pill made up of May-apple, aloin, jalap, and sold by most druggists as Dr. Pierce's Pleasant Pellets.

The kidneys and bladder suffer from the wear and tear, and we get chronic inflammations sometimes indicated by backache, painful voiding of water—dull, heavy feelings. Perhaps the uric acid is stored up in the system in excessive amount, and consequently when the uric acids are deposited in muscles and joints one suffers from lumbago (pain in back), rheumatic pains, gout, etc.

Nothing will act so nicely as "Anuric" (anti-uric-acid), a recent discovery of Dr. Pierce's which can be had at all drug stores. "Anuric" washes away the poisons, cleanses the bladder and kidneys—rendering them antiseptic—consequently one is soon cured of lumbago, rheumatism, gout, and the body is put into a clean, healthy state.

All for Canada Canada for all

Canadians!

This is a call to National Service—
The Victory Loan 1919
which opens to-day.

YOU are citizens of no mean country.
Canada is a fair, free land.
Canada is your country.
Canada—now—has need to borrow from you—Lend
Lend without restraint of politics or fine distinctions of creed or party.
The leaders of the political parties endorse the Loan.
It is CANADA that asks.
And why—
To clean up the last of the War's commitments and expenses
To establish beyond all question the capacity and credit of your country:
To care for the wounded and maimed soldier
To finance the bonus of the returned soldier already paid.
To enable the fruits of Victory to be garnered
To ensure the prosperity of you, her citizens
The guns of war are silent—but they are not yet cool.
The Victory Loan 1919 is a War Loan.
Canada's book of war is gloriously written—make this, the closing chapter, a worthy one. The responsibility is yours. LEND!

PRESENTATION PARTY TENDERED POPULAR YOUNG LADY

Miss Georgie Bloss, who is leaving for Edmonton, Feted by her Chums

The home of Mr. and Mrs Currie Campbell was the centre of riotous festivity on Wednesday evening last, the occasion being a surprise and farewell party to Miss Georgie Bloss, who is leaving Vermilion, where she has spent many years, to go to Edmonton to take up her residence. Some

Twenty five of the immediate friends of Miss Bloss comprised the party and, as seven were heard to remark, there was never a party given in this town before that was so much enjoyed and so successful as was this one.

After all the guests were assembled, Mr. M. Burgess presented Miss Bloss with a valuable 14k Field Pendant, as a token of the high esteem and respect in which she was held in the hearts of all present. Miss Bloss, in a few well-chosen words thanked all for their kind tokens.

After the presentation the whole gathering donned mufti and wraps and parts of the huge

Following supper, a game was engaged in and continuous throughout the evening, which proved that baby

McClary's Kootenay

SURELY it is every woman's right to have a range like the Kootenay! a range that she can depend on—a range that is a real joy to work with—a range easy to keep clean—a range that "keeps the oven hot" with a small fire.

The cooking top is burnished brighter than steel; it never needs blacklead. The oven wall of nickeled steel is easily cleaned. The duplex grates clean down the fire with a single swing of the lever. See this famous range.

PIMPLES ON FACE CUTICURA HEALS

Cured Disfigurement, Itchy and Burning. Had Restless Nights.

"My face came out in little pimples that were sore, and I scratched them constantly, as I often they bursted into scabs. They festered and were sore. They caused me much pain. I had to be disfigured by scratching. The trouble lasted about a year before I used Cuticura Soap and Ointment, and after using them a cake of Soap and a box of Ointment I was healed." (Signed) W. Byrne, St. Isaacs, Que., Nov. 21, 1918.

Make Cuticura Soap, Ointment and Talcum your daily toilet preparations.

Free sample each of Cuticura Soap, Ointment and Talcum. Address: Canadian Depot: Lymans, Ltd., Montreal. Cuticura Soap is sold throughout the British Empire.

Extent Of Damage Done To France

War Damages To The Extent Of 30,000,000,000 Francs

An extraordinary meeting of the French Parliamentary Committee of Commerce was held at the Palais Luxembourg when the president, Mr. Chaumet, heard a report on public finances by Raphael Georges Levy who showed that France has suffered through the war damages to the extent of 315,000,000,000 francs. He declared that the total French budget will amount to 23,000,000,000 francs at the very least.

Canada Wants Place On Governing Body

No Relief in Sight

Winnipeg Wholesaler Says Reports tion of Sugar Is Cause of Shortage

Winnipeg Writing to the Free Press, A. McDonald, wholesale grocer, says the shortage of white sugar is due to the government granting permits too freely to exporters, while wholesale dealers in Canada can only get it in small lots at a time, but are able to get brown sugar, because it is not greatly sought after by the European market. He says: "According to the British Columbia Sugar Refining Company's report, Fiji and Persia are coming to the front as sugar exporters. One boat with 7000 tons and another with 5,000 tons are coming to us, less than one-half of which is for the use of eastern refiners, the balance going to the refiners in the United States, and this is due to a lower grade sugar."

Co-Operation Asked in Schoolcraps

In Winnipeg Co-operation of the provincial government in the plan by which graduates in Paris, as a conference here with Hon. Dr. R. H. Thornton, minister of education, and Premier Norris. Dr. Roy is confident that the government will establish the chair if the necessary sum, which will be $1,200 and benefits for a number of years in Paris.

BY-LAW No. 6
Municipal District of Vermilion Valley, No. 482

A BY-LAW OF THE MUNICIPAL DISTRICT OF VERMILION VALLEY, BY NO. 6, TO REPEAL BY LAW NUMBERING AT LARGE OF ANIMALS

The Council of the Municipal District of Vermilion Valley No. 482 enacts as follows:

(a) "Animal" means any head of cattle horse, mule, ass, sheep, goat, swine, gelding, colt, filly, ass or mule.

(b) "Cattle" means any bull, cow, ox, heifer, steer or calf.

(c) "Horse" means any horse, mare, gelding, colt, filly, ass or mule.

(d) "Owner" means any person, firm, corporation or body politic, whether resident or not.

(e) "Run at Large" or "Running at Large" means when and while any animal of the species mentioned in this by-law is not under the care or control of the owner or some person or persons employed by the owner, or is not enclosed by a lawful fence.

(f) "Lawful fence" is defined in "An Ordinance respecting Stock Running at Large" and amendments thereto.

(g) "Resident" means and includes any person living in the municipality during the season when he is not in the Municipality.

1. No animal, the property of any person whether resident or non-resident of the said Municipal District of Vermilion Valley shall at any time be at large in the said Municipal District between the 20th day of April and the 15th day of November in each year both inclusive.

2. Any animal at large contrary to the provisions of this by-law may be impounded in the manner hereby provided for.

3. Pounds shall be established as follows:

Div. 6. Alex Berg. 30-50-5 W 4 M
Div. 1. Wm. Hamilton, E. W. 10-51-6. W 4 M
Wm. Wilson, S. Half 10-50-5 W 4
Div. 2. Tom Bell, 16-51-5 W 4 M
Lon Brierley, 16-51-6 W 4 M.
Div. 3. Wood & Sons, 26-50-6 W 4 M.
Div. 5. Bender & Sons, 5-50-5 W 4 M.
Div. 8. Alf Hutchinson, S.E. 11-50-6 W 4
E. Mailes, E. half 32-51-6 W 4 M

4. The fence required by law to constitute a lawful fence one metre shall be deemed to be a lawful fence.

5. Notwithstanding anything herein contained any resident or non-resident may on the 1st day of April, the 1st day of July, the 1st day of October and the 1st day of December in each year between the hours of 8 o'clock in the forenoon and 5 o'clock in the afternoon of the said days, drive any animal or animals not exceeding four in number, the property of such resident or non-resident, from the place where the same may be found to the pound, and shall be entitled to a fee of fifty cents for each animal so driven.

6. Any person who suffers or permits any animal which is owned by him or which is in the charge or under the control of such person to run at large contrary to this by-law shall be liable to a penalty of not less than $5.00 nor more than $20.00 for each offence.

7. The poundkeeper of each pound established by this by-law shall keep a book in which he shall enter a description of each animal impounded in the pound, the name of the owner, if known, the date when impounded, the amount of fees and charges and the date when released or sold.

8. The poundkeeper of each pound established by this by-law shall keep the animals impounded therein supplied with sufficient food and water during the time they are impounded therein.

9. Any person who suffers or permits any animal owned by him or which is in the charge or under the control of such person to run at large within the said Municipal District, except during the time when he is allowed by this by-law to do so, shall be guilty of a breach of this by-law and shall, upon conviction before any Justice of the Peace, be liable to a penalty not exceeding $20.00 and costs and in default of payment forthwith or such time as the Justice may allow, to imprisonment with or without hard labour for a period not exceeding 30 days unless such fine and costs including the costs of conveying such animal or animals to the pound be sooner paid.

10. By Law No. 2 of the municipality known as Vermilion Valley No. 482 in its form and regime is the running at large or trespassing of animals is hereby repealed.

DONE and passed in council assembled at the Municipal Office of Vermilion Valley, this 18th day of October, A. D. 1918.

S. McClellan, Reeve.
John Swinton, Sec. Treas.

Oct. 24, 1918.

Approved as to provisions of Section 231 of the Municipal District Act.

A. Sutter
Acting Deputy Minister of Municipal affairs.

NOTICE

A copy of the above By Law may be seen at my office in the Post Office in the Municipality, at the Councillors residence and at the office of the Secretary-Treasurer.

AND FURTHER that unless within thirty days from the publication of this notice, at least ten resident Electors of the Municipality petition the Council to submit such amendment to the vote of the resident electors of the Municipality, the Council will proceed to pass the same.

TEACHERS' CONVENTION
INTERESTING SESSIONS - LARGE ATTENDANCE

The Annual convention of the teachers' association for the inspectoral districts of Vermilion, Vegreville and Manville opened Thursday morning in the assembly hall of the school of agriculture with a registered attendance of 165. A. C. Crosby, principal of the Vermilion High School presided over the morning's deliberations. Addresses of welcome were made by J. W. G. Morrison, mayor of Vermilion, representing the town A. J. Reynolds, representing the school board, and principal J.G. Taggart, the school of agriculture. These were appropriately replied to by W. P. Wagner of Manville. An excellent paper was then given by Miss Mabel Leavitt, on the subject of primary reading.

In the afternoon, principal Taggart gave an address on the present status of agricultural education in the province of Alberta, in which he outlined the work which was being accomplished by the schools of agriculture and what they aimed at by way of work in the future. Senior history in the public school was the subject of a very carefully thought-out paper by Miss Janet Dick, of the Vermilion Public School, after which Professor W. H. Alexander, of the University of Alberta, gave an address, talking for humanities "The Evolution of Thought".

Friday's proceedings of the Teachers' convention included a paper on rodeo culture by Miss E. Barnett, of the staff of Camrose Normal school. A. C. Crosby principal of the Vermilion high school, gave an address by way of observations on a high grade work in the rural schools. The afternoon was devoted largely to an inspection of the demonstration farm and buildings, hearing the reports of the different committees and demonstration of games for the primary grades by Miss Barnett. Friday evening, Professor Alexander delivered a highly instructive lecture in connection with the convention work at the Presbyterian church to a large and appreciative audience. The subject was "Youth and Life" Mayor Morrison presided. The convention was brought to a close by a masquerade ball held in the college hall which was attended by fully 200 people dressed in every conceivable costume imaginable.

JUDICIAL SALE of Farm Property
Near Manville, Alta.

PURSUANT to Judgment and Final Order for Sale, there will be sold by R. I. Cooke, Sheriff, at the Court Houses, on Saturday, 15th day of November, A. D. 1919, at the hour of 2 o'clock in the afternoon, the following property, namely:

The N.W. quarter of Sec. 8 in the Township Fifty-five (55), Range Eight (8), West of the Fourth Meridian, in the Province of Alberta, containing by admeasurement one hundred and sixty-one (161) acres more or less.

The said lands are situated about 3 miles from the town of Manville, and are partly broken and partly under cultivation, and there are thereon erected a frame dwelling house, frame granary, frame stable, and other outbuildings, and about 100 acres of the said land are under cultivation.

TERMS: Cash.

THE PROPERTY will be sold subject to a reserve set by the vendor and will be put up for sale at the Court House at the hour of the purchase price to be paid in full on or within 30 days after the date of the sale. The sheriff is not to be advised as to the reserve bid, but will accept bids from all comers, reserving them for the vendor's approval, reminding them that if the bidders of the lands may not be the highest bidder, the vendor may accept the highest bid, but the highest bidder may be left to bid over again. The property is to be sold free and clear of all encumbrances, except the mortgage to John Wilson. The plaintiff herein, for the sum of $2,000.00 and the remainder of the balance of purchase money to be paid within one year from the date of sale, with interest at the rate of 8 per cent per annum, payable annually, the said mortgage to be supplemented as follows: $500.00 payable on the first day of June (4) years, and the balance of $2000.00 at the end of the Fifth year, with interest at the rate of 8 per cent per annum.

In other respects the terms and conditions of sale are the standing conditions of the Supreme Court of Alberta, as approved by a Judge in Chambers.

FURTHER particulars may be had from Messrs. Grimshaw, Gibbons & Company, Solicitors, Edmonton, Solicitors for the Plaintiff.

Dated at Vermilion this 14th day of October, A. D. 1919.

Approved
W. P. Ledlow,
A. L. S. M. C.
Sheriff.

Victory Loan 1919 is Bridge Between War and Peace.

Agricultural and Industrial Prosperity of Canada Depends on Success of the Loan.

Why is it necessary to have another Victory Loan? Have you heard this query? Or have you asked it?

The Victory Loan of this year stands out as the bridge between war and peace. The war is over. Our boys won that. The reconstruction period is dawning and we of home must win that.

Some of the money that Canada as a whole [illegible] will be needed to clear up the war debt. The expenses of demobilization were heavy and there is still much of it unpaid. Now that we have peace we have to pay for what we squandered the debt for [illegible] there has.

The sick and wounded soldiers still in hospitals are expecting that Canada will care for them [illegible] the pensioners until they have been restored to health and strength. The [illegible] services must be maintained at full [illegible] as long as there are [illegible] requiring such aid.

Many more [illegible] are [illegible] Victory Loan [illegible] December [illegible] Act, enough money is lent to [illegible] soldiers to enable them to buy and equip a farm. This money will be repaid at a low rate of interest [illegible] Many [illegible] are [illegible] and procuring [illegible] of the total [illegible] Victory Loan [illegible] has been apportioned to 8 upon these settlements.

Pensions to the disabled and dependents of our glorious dead, as well as the authority of gratuities to [illegible] those men who [illegible] Please are some of the [illegible] willing to the returned soldier who is now in health.

The maintaining of Canada's prosperity is [illegible] reasons why the [illegible] Loan should be a success. The money is needed [illegible] [illegible] the [illegible] [illegible] [illegible]

FIGHT IN LOBBY OTTAWA HOUSE

DR. COWAN DEFENDS HIMSELF FROM ATTACK OF COL. CORBE

OTTAWA, Nov. 6. The lobby of the house was the scene of a rather unpleasant incident last night, soon after adjournment, when Col. Currie, of Simcoe, attacked Mr. Cowan of Regina, to use the word of Hon. Hazen Argue, I would that he did utter in debate upon the floor.

When Hon. Mr. Calder was preferring his statement in the supreme court chamber with Dr. Cowan descending the steps with his wife and daughter, Col. Currie approached him with the remark "I intended me tonight," following which a scuffle ensued, in which Col. Currie's conduct at once aroused the indignation of the Lower Highlanders apparently present, and they rushed to the rescue, cheered and shouldered him when they came back from the fray. He has been the champion in the house of what is known as the two thousand dollar gratuity, and no doubt the worsted could entire opportunity among the Colonels because of general relief at the part they play while sitting with it.

HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburg, Pa.—" For many months I was not able to do my work owing to a weakness which caused backache and kidney trouble. A friend recommended Lydia E. Pinkham's Vegetable Compound and my husband got me a bottle. After I had taken it I felt like a new woman and was able to do my housework without suffering as I had before. I have also taken Lydia E. Pinkham's Blood Purifier and Sanative Wash and my troubles entirely disappeared. I cannot say too much for your medicine and shall always recommend it to my friends."—Mrs. Joseph Kaminski, 2 Wasmer Alley, Pittsburg, Pa.

For over forty years it has been proving such wonderful cures of all forms of female ills that no woman suffering from such troubles should fail to give it a trial. If you have symptoms you do not understand write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Co-operation In Politics Predicted

King Albert And The Reporter

Taught Representatives of the Government a Lesson

Attention is drawn by the Omaha Bee to a little incident occurring at a New York railway station which it regards as of some importance and significance. King Albert of Belgium was about to depart on his continental tour when certain newspaper reporters sought to speak with him. The Third Assistant Secretary of State, from Washington, refused ... attention, but the king wasted no time in ... this functionary, and spent some moments chatting with the newspaper boys.

King Albert, says the Omaha paper, then taught the representatives of the government of what is so commonly called the world's greatest democracy a lesson. The newspaper reporters ... the most direct connection, the shortest cut, from the king to the people. Albert knows that, for he was once a reporter. The United States Administration seems to have long since ... that. While the war was on the newspapers of the United States and Canada periodically submitted ... to which the Government ... plied. They dished up daily the ... of the capitals and did what they could to help win the war.

That time is past, and the reporters ... the United States and Canada ... Albert, the reporter king, ... and made ... personally submitted ... to which the Government ... plied. They dished up daily the ... of the capitals and did what they could to help win the war.

That time is past, and the reporters ... the United States and Canada ... Albert, the reporter king, ... and made ... personally submitted ... to which the Government ... plied. They dished up daily the ... of the capitals and did what they could to help win the war.

GENERAL DEBILITY FOLLOWING INFLUENZA

Strength Can Only Be Regained By Enriching the Blood

Following a widespread epidemic of influenza, general debility is on the increase, and its effects may be noticed in the aching, listless appearance of so many of the men and women you meet. "Thank [illegible]

Miss Flora Boyko Tells How Cuticura Healed Her Pimples

"My face was very ba[illegible] at first, and after that it was covered with pimples that disfigured it badly. The pimples were hard and red and they were [illegible] and sore. I had no rest day or night and I could not sleep.

"These troubles ran [illegible] a year before I used Cuticura Soap and Ointment and when I had used a few cakes of Cuticura Soap and two boxes of Cuticura Ointment I was healed." (Signed) Miss Flora M. Boyko, Cardomain, Man., Dec. 28, 1916.

Having obtained a clear healthy skin by the use of Cuticura, keep it clear by using the Soap for all toilet purposes, assisted by occasional use of Cuticura as needed. Do not fail to include the emphatically scented Cuticura Talcum in your toilet preparations. Splendid after bathing.

For free sample each of Cuticura Soap, Ointment and Talcum, address: Canadian Depot: [illegible] Montreal.

orgel you where you won't need any boston stretcher!"

The wavering call of Turkish beglys was borne down pulsating on the flaws of the gusty wind. There came a rattle of rifle fire, cries of "Allah! Allah!" and the rush of many feet. Ruggles did not hear. The moon blazed on his pallid face as he lay unconscious across the body of his late client, the Bulgarian gentleman.

CHAPTER XI

On the sunny terrace of what had formerly been a royal palace on the Asiatic side of the Bosphorus an old man, with snowy hair and beard and a skin the color of antique ivory, reclined upon the silken cushions of his chaise-longue and listened with quiet pleasure to the verses of Swinburne which were being read aloud by his companion.

"The storm winds of ages
Blow through us and roam,
The wayward that rages,
The spring wind of passion."

There was a delicately precise, spring wind waiting from Theophile Gautier in the voice of Colonel Hamilton, as he read, and it [illegible] the French poet. No one glancing at the tall, lean, keen-faced Englishman, with his [illegible] would doubt but that it would at least bring peace to him, for the coming change was written plainly there, and the [illegible] field that [illegible] [illegible] [illegible] upon the eyes [illegible] [illegible] [illegible]

At the Vermilion Hotel Friday, November 21st.

On Tuesday morning the town and immediate district of Vermilion passed its quota $85,500. Secretary Morrison on receipt of a handsome honor flag which it is hoped will be displayed at some future occasion. The objective of this territory is $92,500. The flag has one crest and additional crests will be given for every 25 p.c. raised above each quota. The loan closes Saturday evening and it is hoped despite weather conditions the people of the district will boost the subscriptions to the objective mark. Last year, with the 6th raging at its height the district easily made the objective; it is trusted there will not be a failure this year.

At Tuesday night's meeting of Vermilion Chapter, No. 14, O. E. A., the following officers were elected for the ensuing year.

First Prin.	J.W.G. Morrison
Sec. Prin.	Frank Brissett
Scrp.	A. Tunghtat
Asst. Sc.	John Wilson
Treas.	Wm. Telford
Prin. Sc. orner	W.E. Mckenzie
Janitor	Norman Tucker

The officers will be formally installed into office at the December meeting of the chapter.

In the destruction of the textile store and contents by fire last week of Mesdames de Boles, the loss sustained is considerable, but the Standard wishes to point out that the statement often published that such fires investigators it is proven that where worthless goods are removed to the fire a very large profit is realized whereas, insured and fire breaks the contents as well as the stock insured loses, an investment of the loss exceeds the sum of eight thousand dollars and it is pathetic the fact that Mesdames de Boles' family have suffered a very heavy loss.

To the Ratepayers of the N.D. of Wilberta No 483

THE [illegible] Trustees of the above district [illegible] that the estimates of the sum required for school purposes for the year 1919 [illegible] must be submitted to the Inspector [illegible] Dec. 1st. The amount required to be raised by taxation [illegible] the full age of 21 years and resident [illegible] Dec. 31st [illegible] Dated at Vermilion this [illegible] day of November, 1919.

[illegible] Secretary-Treasurer.

BIG EVENT AT CLAYSMORE

Members U. F. A. Local Guests of the U.F.W.A.

One of the most successful events of the year took place at Claysmore on Friday evening, Nov 14th, when the annual banquet of the U.F.W.A. gave a Chicken Supper to the members of the U.F.A. shortly after six o'clock between forty and fifty people sat down to the long table which extended the full length of the brilliantly lighted school room, and which was loaded until it almost groaned with everything imaginable that was good to eat. (We are informed that they even had sugar.)

This part of the programme being finally disposed of, the remainder of the evening was fully taken up with games for the little folks, and speeches, music and dancing for the grown-ups. The address given by the president of the local U.F.A. and a classical selection rendered on the organ by one of the members were very heartily appreciated by all.

Finally, after tendering a rousing vote of thanks to the Ladies for their very successful effort, and to those who had spent the evening in such a pleasant manner, everybody declared that this was the best time they ever had.

A NEW HULLESS OAT

[illegible] the Experimental Farm Branch [illegible] not perhaps attract as much [illegible] Manitoba as it should. For some years [illegible] distributed by the Dominion Experimental Farm at Ottawa. Controlling the Liquor Traffic

A keen blade for every shave

If there's any pleasure in shaving, you get it in an AutoStrop Razor. First, because there's always a sharp blade ready for use—a few turns on the strop brings it back to its professional keenness. Secondly, because there's no fussing with parts after shaving. And thirdly, because a sharp, adjustment makes it possible for you to shave as closely or as lightly as you wish.

From first to last, sharpening, shaving and cleaning, never need to remove the blade from the razor.

Razor and Strop — 12 blades — $5

Community Interest

The Teacher an Important Factor in Country Life

"What does the community expect of the teacher?" To this question there is but one answer, "Everything," according to Col. T. E. Perrett, principal of Regina Normal school, who delivered the principal address before the teachers and trustees of Saskatoon district recently. He urged strongly upon the teachers the necessity for getting the entire community interested in the school by the use of libraries, parent teacher associations, and other practical measures.

Other addresses, dealing with methods of teaching, were delivered by J. E. Coombes, inspector of the district; Dr. G. M. Weir, principal of Saskatoon Normal; A. S. Ross, and others.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accordingly, at a Synod of Farmers held in Regina on the 21st of last month, it was decided to call a convention of delegates from all the farmers' organizations in the province, to meet in Regina on the 10th of next month, to decide upon the best means of securing the election of a Government pledged to the principles of the Farmers' platform.

Sir Francis Drake's Sword

At a sale of curios in Inverness recently the sword of Sir Francis Drake was disposed of. How much it realized is not stated, but the one which Queen Elizabeth presented to Drake on the occasion of the Lord Mayor's procession in London in 1581 was sold for 2,200 guineas.

Hope for the Chronic Dyspeptic

Indeed there is hope for the chronic dyspeptic who has suffered for many years from indigestion, constipation, biliousness, sour stomach, heartburn, headache, coated tongue, and the like symptoms of disordered digestion and torpid liver. Such sufferers are recommended to try Dr. Hamilton's Pills. They are purely vegetable, and their action is mild but effective. Sold by druggists everywhere, or by mail from the National Drug & Chemical Co. of Canada, Limited, Montreal. Price 25 cents a box.

Let Bygones be Bygones

"But there's a danger, what shall we do?" Mabel is a charming lassie, but she gets into so much trouble. "I don't know, I'm sure," Ethel replies. "You must ask Jack." "Jack knows nothing about it," Mabel declares. "Then you must ask Jack," Ethel repeats.

Farmers to Enter The Federal Arena

Words of the Canadian Council of Agriculture, which has been in session here, concluded its business by announcing to the public that it intends to enter the field of Dominion politics, and, having a conference of its representatives in each constituency in the provinces and Ontario, will put forward candidates there, that have pledged themselves to support the platform of the council.

The full text of the resolution was as follows:

"Whereas the new national policy advocated by the Conservative party of Canada and endorsed by a majority in the House of Commons has failed to secure the passage of the legislation necessary to carry out the principles of that policy,

"And whereas a policy of reciprocity with the United States of America has been promised within the present session by the provincial boards of trade of Toronto, Montreal, Hamilton and Winnipeg,

"And whereas conditions now demand the better co-ordination of the political effort of the organized farmers for the purpose of electing supporters of the national policy of the Dominion Government,

"Be it resolved, that the executive of the Canadian Council of Agriculture be instructed to invoke representation from the provincial farmers' bureaus to a conference for the consideration of these matters."

During the consideration of the national platform, the clause calling for the immediate repeal of the War Time Elections Act was eliminated, the Act having passed out of existence on August 31 and the platform as submitted

"That the new Dominion Elections Act shall be based on the principle of enfranchising the federal electorate on the provincial franchise, thus providing for giving votes for women at the federal elections." The following addition was made to the platform: "The recommended a Naturalization Act based on personal factors applying only"

Two Killed in Aeroplane Accident

Victory Loan Aeroplane Dashed to Ground Near Epperville

Epperville—Harry C. Dibble, pilot, and Lauder, of Leaside Camp, Toronto, and James F. Moore, of Prudential, were both instantly killed when the aeroplane they were in fell to the ground from a height of about 1,000 feet on the farm of Thomas Lumsden, coming to the ground in the field adjoining the farm house. The machine was plainly heard at the house, and Mrs. Lumsden, who was the first to reach the scene, found Dibble and Lauder dead. Moore died on the way to the hospital. The machine was completely wrecked. It is thought that the engine stopped working, causing the machine to fall. The machine was one of a number that left Camp Borden at Alliston, Ont., for Toronto.

Police Raid Seattle Paper

Editor and Several Employees Are Bound, Together With the Lenore Plant

Seattle Wash.—Federal officers raided the office of the Seattle Union Record and arrested the editor and several employees, E. Ball, the editor, said.

United States District Attorney Robert C. Saunders said the office was raided on instructions from Washington, D.C.

The Record recently said the voting at Centralia was "the result of a long series of illegal acts by the dread terror soldier-mob-hysteria."

Improvement in Wilson's Health

Washington.—President Wilson, in a cablegram to Queen Mother Alexandra of Great Britain, said he was happy to say that his health was steadily improving.

His message was in reply to one from the Queen thanking him for remembering her grandson, the Prince of Wales, and expressing the hope that the rest would give him fresh strength and health for the future.

House of Lords Rejects Women

London.—The House of Lords rejected the clause in the Bill for the removal of disabilities of women which would permit women to sit in the House of Lords. The clause, in the form of an amendment, was added to the Bill by the House of Commons on October 27.

Smallpox Cases in Ontario

Toronto.—The medical health officer reports 262 cases of smallpox in this city, an increase of 36 during the week. The disease is now confined to the outskirts of the city. Fifty exposed persons are under quarantine.

The provincial health department reports 143 cases outside of Toronto.

Child Burned to Death

Hamilton.—Dan Bowbrash, six years of age, was fatally burned when her mother was away from the house for a few minutes on an errand to a neighbor. The child got her clothes afire at a lighted candle which her baby brother was using.

War Board On The Car Shortage

Railway War Board Issues Statement Dealing With Handling of Coal and Food

Winnipeg.—Owing to unusual conditions through the West prevailing, the Western branch of the Railway War Board issued this statement:

"The demands made upon the railways for equipment and facilities in Western Canada during the past two or three weeks have rarely been exceeded. This is due in a variety of causes. In the first place, owing to the railroads' strike in the Western Canadian centres in the prairie provinces were caught by the early coming of winter, practically without any coal supply, and the sudden severe weather which has extended all over the West has created an unprecedented demand for coal. The tonnage of western coal being handled in Manitoba, Saskatchewan in tremendous excess of that has been handled in previous years, and this season is also unusually heavy in the same direction with grain and stock, and the handling of thousand-ton of empty cars over all lines. This road to a large extent formerly came in the grain crop coming from the lake head, but the shortage of the last half-waste this year and the great demand for it in western road has helped open the railways a very exceedingly increased burden.

"The dry season in Southern Alberta and Southern Saskatchewan, resulting, as it has, in large sections of stock raising territory being depleted of feed, has created an extraordinary heavy movement of stock to the various centres to the markets as well as a large movement of feed between portions of northern Alberta and Saskatchewan, where feed is plentiful, or can be produced and the railways are also being called upon to handle a large movement into the drought areas, which is also unusually heavy this year. The heavy snowfalls made it necessary that this stock be moved out of the districts affected to prevent suffering, and the railways are exerting every effort to accomplish this.

"The severe weather, coming at it has in stoppage of fall-plowing and seeding, has been followed by heavy increases in grain deliveries during this period, together with the demand for shipment of seed of wheat, has added to the burdens of the railways.

"A very acute shortage of cars in the United States has made it exceedingly difficult for the movement of Canadian cars going into the United States loaded, and has been particularly the case in connection with stock movements. In order to expedite the stock movement, the railways have been forced to furnish box cars for loral stock movements on the basis of two box cars to handle the load of 40 animals ordinarily handled in one stock car, which has depleted the supply of box cars for other purposes.

"In addition to all this the severe weather and heavy snowstorms have seriously interfered with the movement of grain to some extent and has in certain districts the distribution of empties through the elevators, thus causing engines to operate unemployed in search of empties, which is a serious interference in the supply and movement of cars being given to fuel feed and stock, and every available effort is being put forth by the railways to relieve the situation as speedily as possible. It is right however to say that the railways are endeavoring as to the conditions under which their cars are operating."

Premier Drury Has Announced His Government

W. F. Nickle, K.C., Has Been Offered the Portfolio of Attorney-General

Toronto.—Premier Drury announced that T. H. Grant, member-elect for Sudbury, had accepted the portfolio of agriculture in the Drury administration. Mr. Grant is a farmer and lumberman residing at Sudbury.

Twenty-two men and one woman were reported to have radical beliefs, were taken into custody and placed in jail here, charged with attempting to overthrow the government, including the woman who stated that she had attended a meeting in Kingston, offering to help the guards in the overthrow of the government. Those who patrolled Centralia Raids, the Farmers' Sun, Toronto Labor Leader and Socialists of the I.W.W. letter, the premier, given the following list of the new cabinet:

Premier, E. C. Drury, minister of agriculture, Manning Doherty; minister, R. H. Grant; lands and forests, Beniah Dowsman; public works, T. Ragan; labor and health, W. B. Rowe; mines, H. Mills; provincial secretary, W. F. Nickle, K.C.; attorney-general, W. F. Nickle.

Nickle, K.C., has been offered the portfolio of attorney-general.

Sinn Fein M.P.'s in Court

Members of British House Sentenced to Two Months' Imprisonment

Dublin.—The Sinn Fein members of the British House of Commons who were arrested on the roads and by the officers of the Sinn Fein police have been arraigned in the police court on the charge of participating in a proclaimed meeting. They refused to recognize the court and the case was remanded to two months' imprisonment.

Among those arrested were John Dillon, Mahmor John Hayes, and Frank Lawless.

Sperry Flight to Australia

London.—Captain Ross, a British aviator, has left the Hounslow aerodrome field in an attempt to fly to Australia. Captain Smith has made several long flights. In 1910 he flew from Cairo, Egypt, to Bagdad and to Turkey, and later from Cairo to Karachi, British India.

U. S. Government Gathering in Reds

Quebec's Premier May Resign

Sir Lomer Gouin To Leaving for Europe After Session, and May Retire First

Quebec — With the announcement by the Quebec government that the next session of the government will open on December 10 came the renewal of rumors that Sir Lomer Gouin had announced his resignation. It is generally conceded here, even by the Liberals, that Sir Lomer Gouin will shortly retire from leadership in the province of Quebec, but whether or not he will hold his cabinet when he would withdraw was not divulged by any of the members.

When spoken to by newspapermen last night, Premier Gouin signed by the hand, saying: "There was not a truth in the story of his resignation, the premier is said to have replied: 'No, the session has been called.'"

It is known that Sir Lomer is leaving for Europe after the session, and he may resign before he leaves Rumors also announce that he would be succeeded by Hon. J. E. Caron, minister of finance.

Referendum Probable In Manitoba

Liquor Action Will Not Be Taken Up at Same Time as Election

Winnipeg — As soon as peace is officially declared the organization of Liquor into Manitoba will be pushed by R. MacLean, administrator of the Manitoba Temperance Act, announced.

He stated he found a clause in the Act which can be invoked to obtain a report of liquor for the province of Manitoba. He will ask the provincial government. How Mr. MacLean that it is their desire to have the liquor question settled by workers in regard to referendum, but he thinks that a referendum would be submitted at the time the Canadian men's numbers as the issue might be lined party platforms.

Lost at Sea

Two of the Crew of H.M.S. Renown Swept Overboard

New York.—William Franklin and John Lalgit, able-bodied seamen of the crew of the British battle cruiser Renown, were lost at sea in a storm off Norfolk, Virginia, during a gale, was reported here. Yesterday to take the Prince of Wales home.

Rear-Admiral Richard Knight was taken from the ship being berthed to the Presbyterian hospital with both legs broken as the result of tramping in storm weather.

Shortly after running into the storm the Renown's steering gear went out of gear, hastened to make full speed ahead. While the ship was proceeding, the heavy sea swept over the bows and carried away the whole of the starboard bridge, fracturing the midshipman's legs and carrying Lalgit overboard.

A lifebuoy was immediately thrown by a crew of fourteen. At this boat was lowered and the crew rescued by another huge wave and the occupants were thrown into the sea. General assistance were sounded and a portside lifeboat was lowered. All but the crew of the after lifeboat except Franklin were rescued.

Cabinet and Irish Question

British Governments Is Much Embarrassed by Publication of Plan for Settlement

London.—The cabinet is about to take into consideration of the proposals of the cabinet committee on the subject of Ireland.

It was learned from authoritative sources that the government is much embarrassed by the publication of what is purported to be the government plan for the settlement of the Irish problem. "The Cabinet Proposals" is the official title of the document, but whether it is official or not has not been established. It is generally conceded here, however, that the government has not decided upon the question of the future of the empire's naval defences. The conference will be of a consultative nature and no decisive policy will be immediately considered as a result of it.

Admiral Jellicoe has visited Australia and New Zealand already and from cable dispatches received here has suggested something in the nature of an imperial navy for the Pacific and Atlantic with the dominions paying part of the cost of the squadrons.

Since the debate in parliament in 1912 of the government's thirty-five million appropriation proposal, Canada has had no naval policy. When that was broke out the government here decided to devote the whole energies of the Dominion, financial and otherwise, to the equipping and equipping of land forces, though to the end of the year a number of merchant ships was engaged upon. Several new ones were built in the United Kingdom and in European waters. But the question of a permanent naval policy for the Dominion has been left in abeyance since the London navy program was to all intents and purposes abandoned in 1913

Hon. Rodmond Roblin, premier of Manitoba, and naval affairs, has returned to his departmental work at Ottawa after a prolonged illness, and will be in attendance at the conference which begins on Thursday.

The Canadian which it was already intimated that a naval policy for the Dominion will be brought down at the next session of parliament. It is highly doubtful that any Canadian policy will find favor with parliament. A cabled dispatch from Melbourne intimating that Australia would not make a contribution to the upkeep of the British navy, and that Atlantic was read in the house of commons by a member of the opposition, who replied that no matter what it was the attitude of Hon. C. J. Doherty (Minister of Justice) that Canada never to set his mind at rest, as Admiral Jellicoe had no power to consult the Dominion on any policy and Canada here is a constitutional question. Should such Admiral Jellicoe is but filling an invitation extended him normally before the war broke out, and the matter of a Canadian naval policy the present condition of affairs is not to be taken very seriously in Canada.

Yudenitch Still in Grave Position

Washington.—Despite the repulse of Yudenitch attacks on both flanks of his line, the white Russian commanding the northwestern army in the field is in a very critical situation, according to official advices received here today. The latest reported and it was stated that Yudenitch's forces probably retained by heavies in the center, approaching the line of the farra.

Bulgaria to Sign Peace Treaty

Paris.—The peace conference has received word that the Bulgarian government has decided to accept and sign the treaty as presented to the Bulgarian delegation.

Railwaymen to Get Increased Pay

New Rates Are Effective as From May 1 Last, When Negotiations Were Opened

Montreal.—It is announced by the Canadian Railway War Board that an agreement providing for increases in rates of pay and certain changes in working conditions has been signed by board, acting on behalf of the railways concerned, and by the officials of Division No. 4, railway employees' department, American Federation of Labor, which includes in its membership Canadian railway employees engaged in train service.

The agreement was signed on behalf of the board by the chairman and its administrative committee, Grant Hall, and for the employees by Messrs R. J. Tallon, Frank McHugh and Charles Dickie, president, vice-president and secretary respectively of the labor organizations.

Negotiations, which culminated in the agreement now signed, were opened on May 1 last. The employees' demand for a general increase of 17 cents an hour. The new agreement provides for four cents per hour in men engaged in continuous service and nine cents an hour for those engaged in the car repair shops. These rates are effective as from May 1 last. Increases in rates per hour for work performed on overtime and for Sunday labor is provided.

Viscount Grey May Recover Sight

Washington Specialists Diagnose Case as Advanced Cataract

Halifax, N.S.—The Canadian Press learns on the most reliable authority that Viscount Grey, the distinguished British ambassador to Washington, is afflicted with cataract and will be the eminent United States specialist, Dr. Wilmer, of Washington. The origin of the affliction is unknown. It was found in an advanced stage, which has impaired the sight of one eye.

Viscount Grey, it will be recalled, was obliged to withdraw from public life on account of his failing eyesight and it was only for reasons of vital importance that he has consented to accept the post of ambassador.

The belief is now entertained that the discovery of the cause of blindness will enable Viscount Grey to recover, as even believed that his sight may be fully recovered.

White Sugar Coming

Winnipeg.—While wholesale sugar dealers say the public must get along with brown sugar owing to the scarcity of the white sugar, they say that the good grades will be being sent across by the bushel.

Austria Granted Credit

Copenhagen.—The entente has granted a credit of 900,000,000 to Austria, according to the Vienna Tageblatt. This will be utilized principally for the purchase of raw materials.

Miners Will Now Accept Court Ruling

Indianapolis.—The United Mine Workers of America, convening in biennial convention here, voted against an appeal to the courts to test the validity of the federal court injunction order, which resulted in the calling off of the strike of bituminous miners.

It had been generally believed that, by regardless of developments in the situation, the miners would fight the case in the courts to the last ditch, and attorneys for the coal operators announced that their appeal would be filed within two or three days. However, Henry Warriner, international head for the Miner Workers' organization, stated that the outcome of the case in the interest of the miners' representatives and coal operators with Secretary of Labor Wilson, in Washington, would determine to a large extent whether the case is carried further. The miners' council has thirty days in which to file the appeal [illegible] decision in which they have accepted the government's assurance that the case against the miners will not be [illegible] attack against the right to strike, guaranteed to them under the Lever Act.

Possibility of speedy agreement at the Washington conference, is general, to opinion here, in marred only by the question of when a new wage scale will become effective. Miners' officials have stated that if the operators go to the courts in spite of cancellation, agreement was reached two hours, but it is known that the union were object to the position taken by the operators that the wage scale in effect before the strike still is in effect.

Miners' officials declined to comment on the way in which members of the organizations are responding to the order calling off the strike, but would give no reports from the district headquarters. Very few of the Indians coal fields [illegible] work, and it is not believed [illegible] the fields can be [illegible] before next

Are Your Bowels Stagnant? Have You Indigestion?

When a Quarter Will Buy You a Guaranteed Remedy. Why Not Use It Today?

Many a person carries around in their system a cesspool composed of half-digested, putrid, decayed food that is overloaded stomach can't get rid of. Sometimes of constipation. (Continued.)

Mindful of this, one may better understand his attitude in regard to the four lovely girls who at this time inhabited his harem—and whom he had taken as concubines during the past year. The kindly old Ottoman had chosen them for better things than the seclusion of the orthodox Turkish seraglio. He regarded himself solely in their education, and desired them anything which they were good for themselves. Also, he had no desire to be hoodwinked from with the care of a fond parent, yet although they were free to come and go, whether on the [illegible] phorus, with their [illegible] or Hamed Pasha's small [illegible] driving in the lonely [illegible] he [illegible] meeting lovers [illegible] Arab and Albanian, shopping in [illegible] at the Bon Marche—no matter where, they were invariably accompanied by governess or duenna. They repaid him in full measure and the pleasure which he took in their learning and accomplishments.

Increasingly as it may seem to the Occidental mind, Hamid Pasha's attitude and relations toward [illegible] charming in many respects, [illegible] never been other than that of a kindly and fatherly interest. All were musical, whether vocally or instrumentally. All were [illegible] dancers, and one, a [illegible] girl from eastern Roumelia, who resembled one of the dainty [illegible] of which the [illegible] is the principal [illegible] region, and a dewy-lipped damsel from [illegible] Pasha frequently [illegible] awaiting the summons, appeared [illegible] a tiny violin held [illegible] and [illegible] a rapid [illegible] [illegible] an acceptable [illegible] [illegible] pianist, usually to be found [illegible] [illegible] [illegible]

THE STANDARD
VERMILION, - - ALBERTA
A. E. P. COOPER, Editor.

THE STANDARD

VERMILION, ALTA. NOV. 28, 1919

One hundred and seventy-one branches of the Canadian Pacific Railway banks have been established at points on the Canadian National Railways in Western Canada this year—another illustration of commercial and agricultural expansion in all parts of the country.

In proportion to population Canada's commerce is greater than the United States. The total trade of the United States for the year ending June 30, 1919, was $15,000,000,000, or $1,333.00 per capita. The total trade of Canada for the year ending March 31, 1919, was $2,300,000,000, or $1,333.00 per capita.

According to a statement issued by the Canadian department of agriculture, the value of agricultural products in the province of Alberta for the year 1919 was $[illegible]. This is more than the gross value of the entire agricultural production of Canada in any year previous to 1914. The Canadian banks have deposits in Alberta to the amount of $[illegible].

Registration for Examination of Nurses in Alberta

The Examinations for registration of Nurses in the province of Alberta will be held on December 11, 12 and 13, in Edmonton at the University Buildings, and in Calgary, at the General Hospital. [illegible] district of written and [illegible] examinations will be conducted by the Registrar of the University of Alberta, Edmonton. Women already registered in other provinces or states having the [illegible] with the province of Alberta must register in order [illegible]

(Continued.)

Hamid Pasha's last moments were as powerful as those of a hero and a man falling into a gentle sleep on a battlefield. The great wound scorched the end.

"And now, my child," said Pere Benoit in a husky voice, "prepare yourself for a shock. I have something wonderful news for you, and you ought as well hear it from me as from anybody else. The lawyers. The time and see how you're getting on money."

Ruggles turned his head slowly to stare at him.

"What" said he. "Left me a pot of money?"

"Just so. Roughly speaking, I should say you'd inherit about half a million pounds. My congratulations, I'm jolly glad."

Ruggles sat up like a jack-in-the-box. "Half a million pounds—in the safety bankbook of two and a half million dollars—I've been sent suddenly mad and he leaned back in his chair, breathing rather rapidly.

"Among other things," went on Pembroke, in his pleasant quiet voice, "this place is yours. I'm afraid it's rather too much on that, however, as the owner is a mosque, with the necessary staff of imperial Ottoman tenancy, is pretty apt to suffer in that the habit of the old gentleman is rather out of date. I'm afraid that it was impossible to keep up the garden and American gardener was offered. There was also the question of the Turkish cemetery which is under the special safeguard of his London banker. This place is complete, and I don't remember whether Christmas Band or at that height in Hyde Park. I'm afraid you'll have to get rid of the mosque and the cemetery, and perhaps Constantinople would be the best."

Ruggles sat as in a dream. Half a million pounds—in the safety bankbook of two and a half million dollars—I've been sent suddenly mad and he leaned back in his chair, breathing rather rapidly.

"Among other things," went on Pembroke, in his pleasant quiet voice, "this place is yours. I'm afraid it's rather too much on that, however, as the owner is a mosque, with the necessary staff of imperial Ottoman tenancy, is pretty apt to suffer in that the habit of the old gentleman is rather out of date. Helps a Weak Throat Strengthens the Voice Cures Bronchitis

By Breathing the Healing Balsams of Catarrhozone You Are Cured Without Using Drugs

You breathe through the Catarrhozone inhaler, conducting the healing balsams right to the seat of trouble, soothing, healing, destroying every germ, every trace of catarrh. Catarrhozone is the air of the pine woods, the balsams of the Adirondacks, the eucalyptus of Australia, combined with other healing balsams. Nothing else is like it. Nothing else is so good for throat and bronchial troubles. Nothing else is so beneficial than Catarrhozone. Though the ancient walls and the cypress were looking at him with a certain sense of shyness. He felt that he was a stranger there, and that they were looking at him with a cold, unsympathetic countenance. It was "What, another here, from Rea from the belly of the raw and shaggy Western world! Then the ancient heights Cosmos I, Cosmos II, Cosmos III, of Ere-Tre-Abyal Sha, first looked with conquering eye on the ancient walls and the cypress!" Thou the master? Must Hamid Pasha submit to be given to him, and he, and none, "Get to, Allah, and rule. "Get to, Allah, and rule. "Get to, Allah, and rule.

THE STANDARD
VERMILION ALBERTA

S. B. P. COOPER, Boss.

THE STANDARD

VERMILION, ALTA., NOV. 28 1919.

The Victory Loan campaign opened a week ago Saturday evening and so far as the town and district of Vermilion are concerned the result is somewhat disappointing as the committee expected better results. For the first time it failed to reach its objective, namely, $52,500. Its quota was $35,000 and the total subscriptions amounted to $48,450. There were 115 applications. Manifestly exempt in this district of $20,250 by 67.50 with 65 applications. Vermilion had Manawithe by less than $10,000. Islay had 21 applications with a total subscription of $1,350. It failed to reach its objective by $750. Lindbergh raised Islay showed larger per cent of country subscribers than Vermilion. No reports were received from Kitscoty which was a part of this district. The committee, however, has thought the Standard to thank all those who subscribed and contributed liberally to the general prosperity. The country at large will be satisfied.

Dear Mr. Cooper:—

I feel that I must write to let you know how keenly I am grieved over the news that I have to write this month. I have made it clear that I shall not be in Vermilion to assume the vacant pastorate and will make other arrangements myself.

Yours faithfully,
JANE.

THE GREAT FORWARD MOVEMENT

Dear Friend

A deputation of returned soldiers is being sent to Vermilion on behalf of the great forward movement of the times here. They will speak at a great public meeting to be held in the Methodist church on Thursday evening, Dec. 4th at 8 p.m. in National time.

The Methodist church is the only one which has come to the help of the returning soldiers in the matter of securing employment. Interest in the undertaking, arrangements, conduct, and management generally, will be in the hands of a representative committee of the Methodist church. The object of the meeting is to make the movement a success. Please attend, listen and help.

Yours truly,

H. [illegible]

U.S. Senate's Action Puzzle to Britain

London.—Nearly all British publications are silent concerning the United States senate's dealings with the peace treaty. The reason for this is that they understand United States citizens regard the question as United States domestic political affair and fear that any expression from them might give offence, and be taken as an attempt to influence United States politics.

Lord Robert Cecil and Lieut.-Gen. Jan Christian Smuts were the British spokesmen for the League of Nations and are largely responsible for the details thereof, and both have registered their disappointment at the latest turn of events, Gen. Smuts in his appeal to the United States, and Lord Robert Cecil in a brief speech in the House of Commons.

Lord Robert stands on that speech and refers all questions to it as being all he has to say on the subject for the present.

It would be impossible to try to summarize public opinion. The best view reflected by the newspapers was that the United States had gone back on her agreement. Later advices from Washington, however, softened this feeling.

United States affairs generally, the relations between the senate and the President, the feeling regarding the two-thirds majority and how a concurrent resolution might bring peace with Germany, are puzzling to the average man.

U. S. Will Not Attend Labor Meeting

Canadian Labor Delegates Say That It Should Make No Difference

Washington.—Rejection of the peace treaty by the United States was widely discussed among delegates to the international labor conference. There is general regret that the United States will not, as a result of the senate's action, be a signatory of conventions adopted by the conference. At the same time there is a general feeling that the labor branch of the League of Nations should go ahead with its work irrespective of what the United States may do.

Canadian employers have already expressed the view that Canada should not assent to labor conventions to which the United States is not prepared to assent.

Canadian labor takes an entirely contrary view. Tom Moore, president of the Canadian Labor Congress holds that steps taken by the United States should not hinder the adoption of progressive legislation in Canada, "even though the United States refuses for the time being not to become a member of the League of Nations."

Tom Moore said "I am of the opinion that the United States will eventually be forced to adopt progressive measures similar to the provisions to have been acted upon by the labor conference."

Sir Henry Drayton Thanks Workers

Satisfaction at Success of the Victory Loan and Appreciation of Patriotic Services Rendered

Ottawa.—In a statement handed to the Canadian Press, Sir Henry Drayton, Minister of Finance, expressed his gratification at the success of the Victory Loan and his appreciation of the enthusiastic and patriotic services rendered by those workers in its behalf. He regrets that subscribers everywhere will help to consign the details of Canada by holding the bonds which they have purchased.

---

ANNUAL MEETING OF THE RATEPAYERS

The annual meeting of the ratepayers of the town of Vermilion was held on Monday evening of this week, with a large attendance of citizens present. Ex-Mayor W. J. Wood was voted to the chair. After the reading of the financial statement for the 10 months ending October 31st, by Secretary - Treasurer Long, His Worship Mayor Morrison gave an extended resume of the work of the council during that period. With respect to the proposed fire hall he explained the reason of the delay in proceeding with the work. The delay was due to the Utilities Commission refusing the original application for a building to cost $18,000 which with $5,500 for the proposed underground tanks and $6,500 for the purchase of fire apparatus brought the amount required up to $30,000. Upon refusal the council reduced the proposed cost of the hall to $9,000, and the commission approved the application at $30,000, but by this time the Victory Loan campaign was on and it was impossible to float the debenture. The work however will be proceeded with early in the spring. A motor fire engine has been ordered for the fire department. With regard to the electric light plant it had been considerably renovated during the year. A new generator, switchboard and belt had been installed. The pole line had been overhauled and placed in better condition than it had ever been in. The street lights have been placed on a system by themselves and the result of the installation last year of a new engine a saving in coal alone had been effected of nearly $2,000. The total debenture of the town issued and about to be issued is $72,575. The taxes collected amounted to $49 585 and on the 1916 arrears $29,674 being a total of $78,459. All the reports submitted were adopted and the Mayor and Councillors thanked for their work during the year.

The report for the school board was submitted by H.F. Long and showed a large increase in the attendance of pupils and students and a promising urgency for more accommodations. It was felt that during the coming year additional rooms must be provided and the matter of erecting a new building for high school purposes will probably be placed before the people.

The engineer with charge of the entire electric lights and power service. Changes were also made in the town office and the business there placed on a more satisfactory footing. Considerable improvements has been made to the streets. A sanitary inspector had been appointed and the changes made in the point of sewerage in the town. Further changes might be expected in the latter department. The Vermilion hospital had been closed and the contents sold. The financial statement read showed total disbursements for the term of $25,550, while the receipts amounted to $26,915. For the first time in its history the electric light and power plant showed a balance on the right side of the ledger, the balance at credit being over $1,000. By the installation last year of a new engine a saving in coal alone had been effected of nearly $2,000. The total debenture of the town issued and about to be issued is $72,575. The taxes collected amounted to $49 585 and on the 1916 arrears $29,674 being a total of $78,459. All the reports submitted were adopted and the Mayor and Councillors thanked for their work during the year.

BILIOUSNESS
How to Prevent and Cure
Among the earliest symptoms are furred tongue and dull headache. Then come dizzy spells, bad taste, quick pulse, fever and cold sweats. Finally, sleeplessness and vomiting make the condition of the sufferer almost intolerable.
The root of biliousness is with the liver which is clogged and won't keep bile from getting into the blood. Nothing works with the regularity of Dr. Hamilton's Pills; they act directly on the liver, restore the bile to its proper course and prevent it from contaminating the vital fluid.
Of course, the bowels are rendered and relieved by Dr. Hamilton's Pills; the kidneys receive new tone, the blood is renovated and the result is a renewal of good health.
No need to suffer from the results of biliousness when Dr. Hamilton's Pills are handy. Get a box to-day and you'll feel the benefit. Sold in yellow boxes, 25c.

Filling His Own Shoes
BY
HENRY C. ROWLAND
Copyrighted. Printed by special arrangement with Thos. Allen.

(Continued.)

The communication was in English carefully written, in a fine legible hand, slightly irregular from nervousness, and read as follows:

My lover—I have received your letter safely and am doing well and working hard. I am not sick.

In this, the twilight hour of my pilgrimage, I have in my heart but the glory of God, peace toward all men, and the love of you. We are dear to me.

Children of Israel, I appeal to your wealth and the secret power of your gold. Let it not be said that you are in peril for it. Let it not be said that you have not helped. I leave no part to the pleasure of others to do, in part for me. I am not in part to you. The representatives of my men of affairs will make this last behest quite clear to you.

To that which I have written I say you are free to act as you will. It was not my intention at any moment as part of my behest that Lodz and its people should be in any degree connected with the Jews. Whether or not Jews shall live or not, we are driven back into Asia—to get able that we can maintain—but we will be absorbed into existence of the Turkish Empire.

Will Force Germany To Sign The Treaty

Glasgow.—Addressing a political demonstration here, Andrew Bonar Law, Privy Seal and government leader in the House, alluded to Germany's "apparent attempts" to evade ratification of the Peace Treaty, owing to the delay of the United States Senate in adopting it.

Mr. Bonar Law said that he spoke for the government, and he believed for the allies, in their improvement of the land the power, and, if necessary, would exercise it to ensure recognition by Germany of the treaty.

Paris—Frank L. Polk, head of the United States delegation to the international commission sitting here to consider the Rhine question, has left for Washington, according to newspapers here.

"If there can be in the United States several ways of understanding the treaty," Mr. Polk is quoted as telling Henry Wilson, "there are also two ways of understanding the new agreement between France and England for the alliance, one in favor of the Allies and her other."

Germany's Baltic States Effort Proving Futile

Are Now Being Attached on Three Sides By Letts and Esthonians

London.—Germany's adventure in the Baltic states may be considered ended definitely, according to the Warsaw correspondent of the London Times. Their retreat is virtually complete, but it is asserted that they will be allowed to withdraw.

A general change of potential grain producers is forthcoming, says Bolshevik advices are reported to be continuing. The Lankaran government has sent a commissary to Mary in Central Transcaspia, and it is also stated that Lenine (the Bolshevik minister) has issued a new decree granting complete liberty of trade in grain. Between [illegible] and Tiflis [illegible] are now open.

Prosecution of Ex-Kaiser

Sir Gordon Hewart Declares Preparations Must Be Made

London.—Speaking at Pontypridd Wales, Sir Gordon Hewart, attorney-general, said the suggestions were made that there were any disinclination or wavering with reference to the coming trial of the former Emperor of Germany.

The law officers, he added, were continuing most careful preparations for it. Fifty thousand written statements with reference to the part of the prosecuting criminals for their acts during the course of the war had been examined. From this, the speaker said, the audience should appreciate the magnitude of the task and not be confused by the suggestions that the matter was not receiving the utmost attention.

Animals Buffer from Severe Cold

Havre, Montana. — Zero weather and a lack of food due to the protracted drought last summer have caused the death by freezing and starvation of thousands of horses and cattle, according to ranchers.

Four weeks of stormy weather so far have caught cattle on the ranges in a helpless situation so far as caring for livestock is concerned, according to reports. Cattle left on the ranges for lack of feed in three are reported freezing to death or the only prey of wolves.

1,875 Smallpox Cases

Toronto.—According to the reports made to the board of health by the municipal authorities throughout the province, there were 1,875 cases of smallpox during the month of November. Most of these were in Toronto, the smallpox figures here being 1,376.

So far this year there have been seven deaths from the disease.

Farmers May Profit By U. S. Market

Winnipeg.—With the lifting of the embargo, Chicago and other United States markets are the largest outlet for Canadian wheat, which will become effective until December 15. Canadian farmers will receive the benefit of the higher prices which they are receiving for their grain, as they will be able to dispose of it to the best advantage. Whether the embargo should be removed, or not, is a question which the United States Grain Growers, Inc., has been considering for some time. At the annual meeting of the board of directors held in Chicago last week, the matter was discussed at length, and the decision arrived at was that the embargo should be removed. The Canadian wheat board, it is understood, has been in favor of the removal of the embargo for some time, and has been waiting for the United States to take action. The Canadian wheat board is able to realize a substantial profit on every bushel sold on the United States market.

Local speculators can be getting the best results of the Canadian wheat board as to whether the government will continue to take advantage of the high prices now prevailing in the United States market, which will become effective until December 15. Canadian farmers will have to be protected.

Germany's Baltic States Effort Proving Futile

Are Now Being Attached on Three Sides By Letts and Esthonians

London.—Germany's adventure in the Baltic states may be considered ended definitely, according to the Warsaw correspondent of the London Times. Their retreat is virtually complete, but it is asserted that they will be allowed to withdraw.

A general change of potential grain producers is forthcoming, says Bolshevik advices are reported to be continuing. The Lankaran government has sent a commissary to Mary in Central Transcaspia, and it is also stated that Lenine (the Bolshevik minister) has issued a new decree granting complete liberty of trade in grain. Between [illegible] and Tiflis [illegible] are now open.

There are now no more boats between the Bolshevik and Afghanistan, where the Bolsheviks are spreading their propaganda considerably.

"In South Russia the Bolsheviks made little progress during the past week and the Denikine troops reported some victories. A strong counter-offensive on the right and ground much ground and drove the Reds back to within thirty miles of Kursk.

"Southwest of Orel cavalry operations have taken the offensive and have defeated Pavloff and captured Proletzy. The Bolshevik cavalry has been called for the moment and their advance is becoming slower and less extensive.

"The Bolshevik advance in East Russia continues along the whole of the front. In North Russia, there is little change in the situation, due to the winter, but the Whites have cleared virtually the whole of the Pinega valley of the Bolsheviks."

Hand Funds to St. Dunstan's

London.—William K. Johnston, the American anti-saloon organizer, for whom the Evening News opened a testimonial because of injuries received in a recent "ragging" by the students, has written to the paper advising that the money thus raised be sent to St. Dunstan's hospital for the blind. Mr. Johnston, whose eye was removed a few days ago, is progressing satisfactorily and will leave the nursing home tomorrow.

Queen Tabby Indian Name

Brantford, Ont.—That Queen Mary has been pleased to accept the Indian name of Gah Nen Rook-Kwa, from the women of the Six Nations Indians whose reserve is near Brantford, is the information received here from Ottawa. The name given to the Queen, the name of Mr. Helen Hill, president of the Six Nations Women's Patriotic League.

Fifty Million Dollars For Soldiers' Settlement

Large Sum Expended in Getting Veterans on the Land

Ottawa, Ont.—The Soldier Settlement Board has gone over the fifty-million mark in loans to returned soldiers settling on the land. The returns are completed to November 15, and show a grand total of $50,099,003. The number of loans approved is 16,375, and the average loan $2,134.

Advances were made for the following purposes:

Land purchases: Amount of purchase, $8,123,250; improvements, $4,143,118, total, $8,451,891.

Grand total, $50,099,003.

Must Return to Farms

One Man on the Land Worth Twelve in Town

Beaverton.—One man on the land is worth a dozen in other jobs, was John Kennedy, vice-president of the Canadian Seed Growers, said the conference at the nomination meeting here, when Robert Henry Halbert, M.P.P. Talbot-ave., and Hall D. MacKinnon, Uxbridge, Lambington, were nominated to contest on the federal election of December 9 the constituency of North Ontario, left vacant by the death of Col. Sam Sharpe. Mr. Kennedy said the audience that independent political action was the only hope and the hereupon.

"The light is in the window, the fire is strong and long smoked, and the workers of Canada are welcomed therein. If Canada is to be saved, every man must serve men on the land," he asserted. To get men on the land and to keep them there was the great task facing Canadians — to say not the farmers during the past few years he said they had never received any intelligent legislation that tended to improve conditions for agriculture. He viewed his gaze on the world and he said if the present method of taxation was not changed it might not be very long before English speaking people in Canada were in the minority. The annual tariff tax was costing Canadians close to $700,000,000, about $30 a head and about seven times what it cost in the U.S. Indeed, mention cost the farmer $300 a year for federal purposes, and the working man $100 a year, was his argument.

"I make the statement that the farmer who works hard is worth twelve men in any other occupation," he added.

Villa Captured By Own Men

Who Be Turned Over to Carranza on Payment of Reward

Juarez.—Francisco Villa has been captured by a force of his own men and is being held for a reward from the Mexican government, according to advices received here by Superintendent Cahill, of the Chihuahua division of the National railways of Mexico.

The Villa rebels are reported to have persuaded themselves at federal headquarters at Parral and notified the commander there that Villa had been captured and was being held for surrender on the payment mentioned.

The state of Chihuahua has already offered $6,000 pesos as a reward.

Exchange of Prisoners

Copenhagen.—The exchange of prisoners between James Ormsby, representing the British Government, and Maxim-Litvinoff, the Soviet delegate, has been completed, it was announced here. Mr. Ormsby has left for Petrograd, where he will remain to meet Russia, will return shortly, according to the National Tidende.

The conference, it is announced, has been favorable respecting the exchange of prisoners.

Electricity Cure for Sleeping Sickness

London.—Twenty-five persons were overcome by fumes in a big paper warehouse fire on South London. They were dragged unconscious from the building by their comrades. Six men were sent to a hospital in a serious condition.

Germany Refuses To Sign Protocol

Delay of U.S. Said to Have Caused Change in People's Opinion

Paris.—Germany has decided not to sign the protocol presented her by the allies as a condition for putting the peace treaty into effect, the peace conference has been notified.

It was learned that Baron Kurt Von Lersner, head of the German delegation here, called on Secretary General Dutasta of the conference, and told him that Germany had made such a decision.

This attitude is taken as confirming the reports of a sharp reaction in Germany within the last fortnight. Trained observers of German developments have expressed to members of the peace conference the view that there has been a complete transformation of the situation in Germany, brought about, in their opinion, by the failure of the U.S. senate to ratify the treaty.

These observers declare that while the vast majority of the Germans, before the senate's adjournment desired the peace treaty ratified as soon as possible, they are now supporting the government's attitude in refusing the demands of the allies for indemnity for the sinking of the German fleet at Scapa Flow, consequence for which was provided for in the protocol.

The question upon which the German representatives here, however, appear most sensitive is the fixing upon the trial of the Germans here accused of the commission of crimes in France and Belgium.

Thus far, it is stated, no indications have reached Paris of any disposition on the part of the Germans to modify their attitude.

Will Dispense With Show

Simple Ceremony to Mark Inauguration of Farmer-Labor Regime

Toronto.—The pomp and display which age-old customs have fastened upon the inauguration of rulers on the opening of the Ontario legislature is to be done away with by the United Farmers-Labor government.

At the next session of the legislature there will be no throne and all the atmosphere of royal ceremony that was wherein the Speaker of the house, assistance of the ceremony attendant upon the opening of the house will be disregarded. Instead, a simpler ceremony, which in the judgment of the government will be more in keeping with the democratic ideals of the people of this province, which carried them to power, will mark the first session of each legislature.

It is said that the first session in February, the hooming of custom the attendance of governors and colonies in general in the ceremony of other days, the presence of a throng of officers in full dress uniform regalia, and of women in jewels and on evening dress, will be lacking. The occasion will be simple and unostentatious.

In comparison with the glory, gorgeousness and formality of years, it will be mark-like.

A Merry Pair

Ireland Becomes Officials Found Befit Its Prisoners Owned by W.C.T.U.

Toronto.—Ireland everyone officials found a modern still, fully equipped and ready for business, when the recently premises were visited by a party conducted by the Women's Christian Temperance Union. Besides the still, the tenant, stated that the whisky which the still was found was manufactured by two Irishmen, who fled not know.

The W.C.T.U. officers stated they had no knowledge that the building had been used for illicit liquor traffic.

German Prizes Repairing Ships

London.—Percy Hurd asked in the House of Commons if it was true that circumstances the repair of 31 German ships interned in South Africa had been given to German firms instead of Canadian. Colonel Wilson replied that boats could not be properly repaired on the spot and were towed to German yards for repairs, that most being over 20 years many. He decided that the method would involve years of delay

Wants Discount

Winnipeg.—H. H. Hamblin, representative of Ward 6, declared supported by J. Bloomberg on the elections, has formally asked for a recount. The vote stood Bloomberg (Labor) 2,949, Hamblin (Ind.) 2,939. Replowsky (Ind.) 2,[illegible] ballots off.

30,000 Idle

Madrid.—The murder of a [illegible] in Barcelona through the strike has increased to 30,000, according to dispatches rumored here.

Thousand Socialists Arrested in Italy

Undesirable to Tour United States

Delegates Reach U.S. to Protest Against Blue Pole.

New York.—Seven members of the Ulster Unionist council arrived here on the steamer Columbia, to set forth to Americans their views on the Sinn Fein movement. The delegation is headed of Wm. Coote, a member of parliament, and the Reverend Wm. Crake, Wylie Blue, Wm. Corkery, F. Harris and E. Maguire. The party will leave New York Sunday on a speaking tour. A committee of Presbyterians from New York, New Jersey, Connecticut and Pennsylvania welcomed the delegation, which included three clergymen of that denomination.

The methods of the Sinn Fein were followed to those of the Bolsheviki by the members. In a statement to the press they said they had come to the United States to protest against the spread of Sinn Fein propaganda. Six of the members of the mission are [illegible]

[illegible] which is being spread in your country in relation to Ireland, says the statement.

Our mission is not sectarian. We claim no religious issue. Our [illegible] is to [illegible] Fein movement in Ireland, which is spreading into your country, and that is not a subject for a high question; that it is radical and destructive in its methods; that it is condemned by [illegible] a movement [illegible] threat of extermination, and that it is not supported nor respected anywhere [illegible]

[illegible] has been interested or perjudiced [illegible] of any kind [illegible] [illegible] [illegible]

Timely Works of Warning and Advice

The addresses which Mr. T. Cream, former member of parliament and present [illegible] to the Western Canada Flour Mills Co., have given a great deal of publicity in the Winnipeg papers, contain a number of excellent ideas on the subject of agriculture in the Western provinces. The second object of the addresses, as Mr. Crean has himself explained, is to warn the people of the West the many pernicious [illegible] which the Liberal Party [illegible] the Canadian people, and to arouse the people in support of reciprocity. Mr. Crean's addresses are not free from party allusions and party appeals, but as a whole they are as non-partisan as could be expected from a man who has been for the last 20 years associated with the Liberal party.

It is altogether probable that Mr. Crean's services as a missionary were prompted by the fact that to the Cochrane by-election in Ontario, Mr. Wood, U.F.A. leader in Ontario, took the ground that the farm organizations should not [illegible] but should be advertised their grievances and have their own candidates in the field. This is in direct opposition to the policy of the Canadian Council of Agriculture and the leaders of the farmers' movement in Saskatchewan and Alberta. The Grain Growers' Guide made haste to repudiate the action of Mr. Wood, and Mr. Crean in all his speeches was at pains to impress upon his audiences the fact that the present movement [illegible] to form a new party. Considering a further report of his speech at Regina, we find Mr. Crean saying:

In these changing times a great responsibility rests on the organized farmers of Canada. They have the largest interest from the very nature of circumstances those things you hold dear are being threatened.

"I have never known a time in the history of Canada when the farmers of Canada had more need to be united than I do at the present moment. I do not propose the formation of a political party, but I do propose that the farmers of Canada shall be united, and that they shall have a united policy, and that they shall have representatives in the House of Commons who will be pledged to that policy, and who will be pledged to nothing else. I propose that the farmers of Canada shall be united, and that they shall have representatives in the House of Commons who will be pledged to that policy, and who will be pledged to nothing else. I propose that the farmers of Canada shall be united, and that they shall have representatives in the House of Commons who will be pledged to that policy, and who will be pledged to nothing else.

"I have spoken to you about the farmers. There is a tendency in the present world unrest and sub-unrest for people to act a sailor of life to break away from the true and tried methods which [illegible] and I dare say that you have to [illegible] concerning new Change of Methods. Some what have prevailed in the past [illegible] are admittedly necessary. This is recognized on all sides but the danger lies in the apparent willingness of many people to thoughtlessly enter upon anything new, and of running to the extreme. As Mr. Crerar declared on another occasion, the true policy of this is a time [illegible]

Your Eyes [illegible] Consult Dr. [illegible] Optician, who has had [illegible] years' experience in the [illegible] Eyes. Don't [illegible] Eyes. Don't [illegible] Eyes. Don't

APPEAL FOR HELP TO DISTRICT AREAS

Chance to do Real "Home" Missio nary Work

A thoroughly organized plan has been launched by the Executive of the Alberta Women's Institutes to carry on relief work for the drought-stricken areas of Southern Alberta. Calgary will be the headquarters and in that city there has been opened up "The Alberta Women's Institute Relief Depot" to which gifts of clothing will be dispensed on application.

An appeal for help has been sent out to the various institutes and to residents in the cities and these have been responding nobly but it is necessary owing to the early cold snap that the work be carried on at full speed immediately. The Alberta Women's Institute will be glad therefore, to receive from any individuals, societies or communities any clothing bedding, household linen, money etc. that can be spared. All money donations should be sent to the Provincial Secretary, Mrs. A. H. Ross, Calgary, who will see that while bundles of clothing etc., will be received at the Relief Rooms, Riley Block, Calgary. The clothing from this source will be assorted and packed and sent to the districts who have sent in for relief. The money will be spent on shoes, underg...ments, bedding, etc.

The plan is a thorough one. Each recipient is verified either by the Presidents of the Institutes, school trustees, rever, secretaries of municipal districts, village councillors, relief fieldmen, bank managers or clergymen. Although the response so far is splendid much more clothing is needed to meet the needs. Children cannot get to school because of lack of clothing and there is much suffering. There is a real chance to do some "Home-Missionary" work and everyone is urged to act at once. A full account of donations received will be published in the press.

PRIZES FOR EXPERIENCES OF SUCCESSFUL ONES

In order that the department of immigration and colonization may have at its command authentic accounts of the experiences of successful settlers in various parts of Canada it has decided to offer cash prizes for letters or articles not exceeding two thousand words written by settlers in each of the nine Canadian provinces. The articles will be judged by a committee to be appointed by Hon. J. A. Calder, minister of immigration and colonization, and these will be named not later than February 14th, 1920, to the directors of publicity for the department. Three cash prizes will be given, one of seventy five dollars, one of fifty dollars and one of twenty five dollars in each of the nine provinces.

It is explained that the competition is not a literary contest, the official announcement stating that: "Literary style correct spelling, etc., will not be considered essential. Tell your story in your own words." It is hoped that the preparing of a number of graphic and truthful stories of how successful men have won from the soil in all parts of the Dominion will do much to contribute to a future movement to Canada of the right class of settlers.

Full details of the competition are given on a poster hanging up in every post office throughout Canada.

MINUTES MELBERTA M.D.

Council of M.D. of Melberta No. 483, met in the fire hall at Mannville, Wednesday, Dec. 3rd. with all members present.

Minutes of the preceding meeting were read and confirmed.

A letter from H. Thomas, Secy of Chailey U.F.A. asking that council buy gopher poisons in prepared state like "still-ene-quick" instead of "strychnine", as some farmers, having strychnine on hand put it out in coyote bait resulting in the death of many valuable dogs, was filed for future consideration.

J. W. Turney was allowed a refund of taxes on four acres taken off the south of Sec. 9-51-5-4 for road purposes.

A letter from W. Garlick was read. He asked exemption of wild land on N. E. 35-51-7-4 for 1919. Not allowed.

All taxes that have been paid by soldiers on home property since their enlistment are to be refunded and required by law, a statutory of the following information: Date of enlistment; where enlisted and in what battalion and the number, date of discharge. Taxes standing against home property of soldiers now enlistment will be cancelled upon receipt of same information.

The following arrangements were made for the 1920 elections: Nomination meeting will be held in Johnston's Hall, Mannville, C. R. Stephenson will be returning officer.

Div.	D.R.O.	Poll
1	G.C. Dunsmore	S.W. 26-50-7
2	Jas. Johnston	N.E. 26-50-7
3	J. McLaughlin	Pinebed. Manor
4	H. Thomas	Wallis Store
5	Geo. Tribe	Mannville Hall
6	A.F. Kelley	Evans No. 3 School

Pay sheets were passed as follows: G.W. Hubbard, $36; Hussey Puhr, $109.15; Wm. Grant, $60.50; J. E. Reid, $252.50;

Bills were passed as follows: Ed. Watling, 4.00; M.C. Harrison 12.00; Williams' Hardware, 4.70; A.J.W. Scott, 9.60; G. M. Cundal, 21.00; A. Stone, 15.50; Maynard Lumber Co., 91.28.

The secretary was instructed to write all delinquent owners of L. R. Lands that unless taxes are paid by January 1st, 1920, action will be taken to recover same.

G. M. Cundal,
Sec-Treas.

THE STANDARD
VERMILION, ALTA. DEC 16 1920

The U.S. coal strike is over, it lasted five weeks and caused untold suffering.

Mayor Clark was re-elected in Edmonton and Marshal in Calgary.

Sleeping sickness has appeared in Edmonton and a case of smallpox is also reported.

Owing to the smallpox epidemic in Ontario centering in Toronto it may become necessary to create that province from adjoining provinces.

Mr. and Mrs. H. C. Oakley of Vermilion, announce the engagement of their eldest daughter Eva to Basil G. Hawley, the marriage to take place the end of this month.—Edmonton Journal.

JUDICIAL SALE of Farm Property

PURSUANT to the Judgment and Order for Sale there will be sold by public auction, with the approbation of the Master in Chambers, Edmonton, by Archie Campbell, Auctioneer, Vermilion, in the province of Alberta, on Saturday, the 15th day of January, 1920 at 2 o'clock p.m., subject to the conditions and reservations expressed in the original grant from the Crown or in the ensuing Certificate of Title, the following property, viz:

The South-west Quarter of Section 1 Thirty-four (34) Township Fifty-five (55), Range Six (6), west of the fourth Meridian, in the province of Alberta, containing by admeasurement One hundred and Sixty (160) acres more or less; reserving unto His Majesty, his successors and assigns, all mines and minerals.

The Vendor is indebted at the following particulars: The above property is situated about 37 miles south of Vermilion, about 6 miles from Lindbrook—Post office and about 1 mile from a railroad and church. The soil is a deep black loam with clay subsoil. There are about 60 acres under cultivation and 120 acres of poplar and willow bush.

Terms of payment are Ten per cent of the purchase price at time of sale and the remainder as follows: either (a) The vendor consenting a first mortgage for a term not exceeding five years for that amount payable 3 years from the date of sale with interest at 12 p. c. per annum, OR (b) Subsequent to a sale into Court within 60 days from the date of sale with or interest.

In all other particulars the terms and conditions of sale will be the standing conditions of the Supreme Court of Alberta; as approved by the Master.

Further particulars may be had from Messrs Alexander Helmgin, Sub Inst., 702 Beland Building, Edmonton, Alta.

DATED at Edmonton, in the Province of Alberta, this 27th day of November, A.D. 1920.

Approved H.C.F.

Cleanses the Blood, Builds Up Strength, Improves Complexion

As a result of debility, sickness or improper diet, the blood often becomes weak and unable to free itself of poisons.

Morbid, unhealthy matter accumulates and breaks out in sores that discharge and will not heal.

Washes, salves and ointments are useless because they have no action on the poisoned blood.

But Dr. Chase's Nerve Pills clean and enrich the diseased blood, drive out impurities and fill it with nourishment and strong building material.

Clear, healthy blood means good health.

Likewise all weakness due to impoverished blood is cured by these famous pills, and anaemia, nervousness and that general state of ill-health before life.

The blood grows smooth, complexion clears, health, vigor and strength are restored and all ailes.

A blood remedy for blood diseases, the fore-ish of a famous physician—no improvement can be made on Dr. Hamilton's pills.

They use extends to the people of many nations and thousands have proved that they do cure when all else fails.

No matter what your ailment may be, if it is due to poor blood, Dr. Hamilton's is curable with Dr. Hamilton's Pills. Sold everywhere, 25c a box.

Filling His Own Shoes
— BY —
HENRY C. ROWLAND
Copyrighted. Printed by special arrangement with Thos. Allen, Toronto.

(Continued)

"Oh, yes, I know all about it," said Mrs. Elliot in the spirit of one that's beginning to see daylight. "I'm flattered and the t list Mr. Rangley has classed me in."

"Not at all, dear. I know all about you, and I'm sure you'll be a most agreeable partner. What do you say?"

"Oh, I don't know. I—I—"

Miss Elliot dropped her head and looked at the floor. Then she looked up at her with a bashful, coquettish air, her lashes veiling her eyes. Rangley caught his breath. He had never seen her look so pretty before. Her confusion at her implied consent to the proposal had brought a flush to her cheeks and a sparkle to her eyes that made actual beauty of them

Rev's Tyner and Wright attended the meeting of the Londons, Wednesday in connection with the great forward movement. Some splendid addresses were listed

Blair McGregor left this week for a holiday at the Coast.

The town council, in view of the number of moves now being installed in town, are revising its electric light contract. The new agreement will be along with the 5ct rate and the entire service will be put on meters.

The Canadian Bank of Commerce has opened a branch at Mannville, under the management of Mr. R. P. Thompson of their Member branch. The bank is certainly not an institution that shows in any pessimistic thoughts regarding the future of Northern Alberta.

A very pleasant time was spent last Friday evening at the home of Mrs G Williams when a number of young people met to do honor to Allen Ebbett of Vermilion. The evening was spent in games, dancing and singing after which refreshments were served. Mamie Hopkins

The partnership heretofore existing between Messrs Hoag & Harvey carried on at the Vermilion Garage under the firm name of Harvey Bros. Garage is this day dissolved as from the 1st inst. All persons indebted to the said partnership are requested to make payment to the undersigned on or before the 15th inst. and all persons having claims against the said partnership are requested to send in their accounts to the undersigned on or before the 15th inst. Dated at Vermilion, Alta., this 1st day of December, A.D. 1919. (Signed) Wm. Harvey, Jr. Witness: Jas. Hoag.

Will be at Dr. Scott's Office, Islesford Block on Saturday, Dec. 20.

The Empress Local U. F. A. will hold their regular monthly meeting on Friday evening, December 19th. Special programme provided. Officers for coming year to be elected and important business to be discussed.

A Public Meeting will be held in the Methodist church on Tuesday evening, Dec. 16th at 8 p. m. under the auspices of the L. O. L. 2078. A good programme and refreshments. Everybody cordially invited to attend.

The Editor:
Dear Sir: In "JANE" anything I can buy for Christmas for my young lady, or she or it just a rough mixture or a traveller in corn plasters! An early reply will oblige.
Yours truly,
Worried.

The day power service is proving very popular, quite a number of small motors being already installed. The number of household electrical appliances being used is showing a steady increase.

H. Grant, who has been engineer at the electric light and power plant for the past few years, resigned a few days ago and left for Saskatchewan where he takes a position in a plant there. The council appointed J. Dennison as his successor. Dennison is a returned veteran and had charge of the power plant at Lovatt before going to Vermilion.

Mr and Mrs Glen E. Hunt left this week for Vancouver B. C. where they will spend the winter.

The editor visited the city Wednesday and returned with his daughter Blanche, who was a patient for three weeks at the Royal Alexandra Hospital.

Dear Mr. Editor
I am happy to say we have met my plans are at last made and I shall be in Vermilion early in the second week in January. I notice several queries as to who is going but prefer to remain unadvertised and announce a little bo-peep. But it is my idea I am well known in London, England and in Eastern Canada and that Mr. Harry Cabaret of Vermilion is acquainted with me.
Yours faithfully,
JANE

The Winter Entertainment Club will meet next Tuesday Dec 16th in the G.W.F. Parish Hall at 8 o'clock for their usual fortnightly social. Novelty games 25c each. All invited to come.

MANY STUDENTS TAKING AGRIL. COURSES

RE-TRAINING OF RETURNED MEN IS BEING SPECIALIZED AT VERMILION SCHOOL

Over three hundred and twenty-three are enrolled in the provincial schools of agriculture for the term now in progress. Work of instruction is proceeding with much satisfaction and in no place is this more applicable than in the school at Vermilion where the re-training of returned soldiers is being specialized in. At this school are fifty returned men taking a special three months course of practical farm instruction which is proving of the highest efficiency. In order to be of the greatest use to the returned men [illegible] will probably also set aside a number of scholarships, including a farm tractor course in co-operation with one of the large tractor manufacturing companies.

Work on the three new schools of agriculture has been pushed as well as circumstances permit, the schools at Youngstown at Raymond being almost ready for [illegible]. The [illegible] have been put on [illegible] of the [illegible] forces [illegible] by the great [illegible] last [illegible] equipment [illegible] excellent [illegible] The [illegible] farm at Olds. The farm at Athabasca, however, was not [illegible] enough for local needs

Farm at Stony Plain also leased [illegible]

Imperial Conference Of War Veterans

Proposed That an Inter-Imperial Organization Be Formed

The holding of an inter imperial conference of the veterans of the great war on land, on sea and in the air is being seriously mooted. The suggestion came after the splendid reception accorded the representatives of the Dominion overseas and that body of men is considering the question of a permanent inter-imperial organization. It is proposed that the conference be held in London in connection with the Peace Celebrations.

Attractive Winter Tours

During the summer months it is impossible for many Western Canadians to take a vacation. However, with the advent of winter, and harvest over, many are planning a trip for a few weeks, or possibly to spend the winter in a warmer clime. Some will go East to visit the old folks and spend Christmas with them, others may desire to visit the Pacific coast, where outdoor sports can be enjoyed the year round, and low lying hills, silver and blue sea, and lofty snow crowned mountains, where flowers and shrubs, rare elsewhere in America, thrive. This trip can easily be extended to California, and a choice of a sea voyage, or train journey via the Panama Canal Route, is afforded. This, combined with the 500 miles of scenic beauty through the Canadian Rockies, is unequalled anywhere in the world.

At San Francisco and Los Angeles Canadian Pacific Offices are maintained where visitors will be made welcome, and given assistance in securing rooms, cottages or hotel accommodation.

The Canadian Pacific Railway maintains an unequalled service in Eastern and Pacific Coast points, running two solid through trains each way daily to Florida, also attractive tourist sleeper and delightful outdoor life of the Southern winter in the Gulf States, and no attractive location has been overlooked. Golf may be played to good degree at the finest courses in the country, riding, driving, motoring, boating and bathing are among sports enjoyed every day in the year. Call at your local agent or write any of the Canadian Pacific offices and he will be pleased to give you information, and to furnish you with literature descriptive of the various resorts.

Indians Ready For Winter

The information reaching the department of Indian Affairs from all parts of Canada, in regard to the outlook for the coming winter is encouraging, according to Duncan Scott, deputy superintendent general. Mr. Scott said that there had been no reports of influenza then far and the Indians in all parts of the Dominion appeared to be well prepared for the winter

Communication

The President of the Vermilion Women's Institute, has handed the editor a copy of the communication forwarded to the editor of the Manville Review which is published below.

Vermilion, Alta.,
Dec. 15th. 1919.

The Editor,
Manville Empire,
Manville, Alta.

Sir:

Regarding the material in your issue of the 11th inst., concerning the Minstrel Show and the Women Institute in Vermilion, we take the liberty of inserting in the public that "you are able to state" that our protest did not have the sanction of the meeting, no motion or resolution was passed to any member in part of the proceedings, (thereby appearing to the contrary) in order to have a very intimate knowledge of the business of said Institute.

We feel that in justice to the Women's Institute, both as a board branch and as a private individual, that the any publicity should be given to a social event.

The meeting referred to, being our annual meeting and election of officers for the new year, every member received a written notice to be present. The minutes of this meeting were kept as usual and the resolution referred to, after some discussion, was passed unanimously.

We think that our Institute is quite alive to the objects of the objects of the organization and feel that the resolution passed at the last meeting is quite within the scope of the meeting, or any matter—For Home and Country."

Lastly, we would like to assure you that the Vermilion Women's Institute is quite capable of handling its affairs without the gratuitous advice or interference of outsiders.

Kindly give the communication the same publicity that was given your editorial, and oblige,

Yours truly,
J. M. Kitchener
President Vermilion Women's Institute.

Only Healthy Law

"The only healthy law of a state is that which shall be able to marry, and shall marry, unless there are some special reasons for their remaining unmarried. I do, therefore, the duties of governors not only to aim at reducing the high cost of living, but at cultivating their own personal gratification to a point at which marriage and the begetting of families, even in spite of the abnormal high rent of living, becomes practicable."—Bishop Weldon, the new Manchester.

PUBLISHERS MUST PAY LONG PRICE FOR NEWSPRINT

INCREASE IS ORDERED FROM $59.00 PER TON TO $90.00 PER TON

Ottawa, Dec. 18th.—The price of news print paper in Canada is to be raised to eighty dollars a ton f.o.b. mill on January 1st 1920, according to an announcement made today by the paper controller, Mr. Hobart A. Pringle. The price now being paid by the Canadian newspapers is $59 per ton.

A tieket report reserved from New York said that the costs Hearst intended to raise the price from $60 to $75. When questioned as to the correctness of this, Mr. Pringle said that the price would be raised to eighty dollars at the first of the year. For the remainder of 1919 the price will remain at $60 per ton.

On Monday a special meeting of the Canadian news print industry will be held at the event Ottawa for the purpose of ascertaining the cost of manufacture. The price was not moved.

AMPUTATION WAS UNAVOIDABLE IN CASE MISS BEARDOW

Former Telephone Employee in Critical Condition at Lloydminster Hospital

Information has been received by the provincial telephone department that Miss Helen Beardow, a young employee of that department, who was badly frozen while under treatment in the Lloydminster hospital a couple of weeks ago, is in a critical condition in the hospital at Lloydminster, it being found necessary to amputate both feet and the fingers of each hand after every effort was made by medical men to save these members. The provincial officials have been doing everything possible in the case and best medical skill has been engaged in an effort to save circulation in the hands and feet, but after spending the entire night in the open during one of the coldest spells of the winter, and being protected by the lightest clothing, the unfortunate young lady was so severely frozen when found, that her condition defied the utmost efforts of the medical men, both hands and feet had to be amputated.

Important Notice

The Standard desires to notify its Subscribers that the time has at last come when it is forced, in order to have any margin of profit to work upon, to adjust its subscription rates and at the New Year the price of The Standard will be $1.50 a year throughout Canada. To the United States $2.00 a year. Our readers have had the benefit of a 5 year contract we made in 1914, previous to war breaking out, govern of the price of our newsprint delivery until last June - since this date we have to pay the price that newsprint has systematically jumped to. We therefore ask our readers to reciprocate, as it is impossible to continue the publication of the paper at the old price.

All renewals and arrearages will be accepted at the dollar a year rate to the close of 1919.

Advertising rates are being adjusted in keeping with increased service as well as increased production costs, of which our advertisers will be duly notified.

Stand behind your Town and District paper.

Yours for continued and faithful service.

Mrs. Lilian Taylor Tells How Cuticura Healed Her Baby

"Our baby was two weeks old when his face became very red and he had terribly itchy, red pimples. They broke into watery sores, and did nothing but scratch. We soon looked as though he might be disfigured for life.

"I thought I would give Cuticura Soap and Ointment a trial. I found that the pimples on my baby's face soon ceased new sores and on the fifth day I noticed a fifty cent box of Cuticura Ointment healed him." (Signed) Mrs. Lilian E. Taylor, Nov. 15, 1918, Bridge, Manitoba, Ont., Dec. 28, '18.

Cuticura Soap is chosen and generally, Cuticura Ointment to soften and soothe and Cuticura Talcum to powder and perfume are ideal for daily toilet purposes.

For free sample each of Cuticura Soap, Ointment and Talcum, address: "Cuticura, Dept. L, Boston." Sold everywhere. Soap 25c. Ointment 25 and 50c. Talcum 25c.

Important Notice

The Standard desires to notify its Subscribers that the time has at last come when it is forced in order to have any margin of profit to work upon, to adjust its subscription rates and at the New Year the price of The Standard will be $1.50 a year throughout Canada. To the United States, $2.00 a year. Our readers have had the benefit of a 5 year contract we made in 1914, previous to war breaking out, governing the price of our newsprint delivery until last June since this date we have to pay the price that newsprint has systematically jumped to We therefore ask our readers to reciprocate, as it is impossible to continue the publication of the paper at the old price

All renewals and arrearages will be accepted at the dollar a year rate to the close of 1919

Advertising rates are being adjusted in keeping with increased service as well as increased production costs, of which our advertisers will be duly notified.

Stand behind your Town and District paper.

Yours for continued and faithful service.

PLEASANT SURPRISE FOR PASTOR AND WIFE

The evening session at the Methodist church, Vermilion, last Sunday was a very special Xmas Service. There was a large and appreciative congregation. The service opened with a musical recital by the organist, Mr. Elford, which was very much appreciated. The sermon by the pastor Rev. M. L. Wright was a clear and convincing exposition from Matt. 2:11. And when they had presented their treasures, they presented unto Him gifts gold, frankincense and myrrh". The choir sang a joyful song and ordered the following anthems "Thy Light is Come" with contralto solo by Mrs. Rock; "Lo, the Son of God is Come" with bass solo by Mr. Rock and tenor solo by Mr. West all given in the Listening Ear with soprano obligato by Mrs. Wright.

At the close of the service Mr. H. L. Grigg on behalf of the Methodist church of Vermilion, presented Mr. and Mrs. Wright with a well filled purse with the following address:

Dr. Wright, and Mrs. Wright.

Mr. and Mrs. Wright, have been appointed to serve here and in Lindbrook by your Elder, in charge of Vermilion, and we regard it a hearty appointment of the members and adherents of this church and you, Mrs. Wright, have decided to give of your time and energy in sustaining the musical part in the church and Sunday School work. We, the members and adherents of this church, wish to show that you are very warm place in our hearts and desire you to accept this purse as an small token of our regard. We wish you the compliments of the season and [illegible] to be spent in such [illegible] as you may be called to [illegible] for many years to come.

Signed on behalf of the church as Mr. H. L. Grigg, President, Ladies Aid, F. H. Hibbert and H. L. Grigg Official Board.

Mr. Wright suitably responded to the address and presentation.

ANNUAL XMAS TREE AND SCHOOL TREAT WAS DELIGHTFUL EVENT

MERRY TIME AT CLAYSMORE

The annual Christmas tree and entertainment of the Claysmore School was held on Friday evening, Dec. 19th. Taking advantage of the new wooden church, a large number of people turned out, and the good results which was appreciated, as the programme of songs, dialogues and recitations—the items of which were too numerous for individual mention—was rendered by the pupils under the direction of their teacher. We might say, however, that in several instances, talent was shown which might easily have been credited to those of more mature years, and that well-merited praise is due to our teacher, Miss Dube, for the thorough training of her pupils and the competent way in which the entertainment was conducted.

The programme was brought to a close with a few appropriate remarks by the Rev. Mr. Bowman, which were very much appreciated. The scene on the platform then changed to that of a veritable fairy land, as the curtain was drawn aside, disclosing a large and handsome Xmas tree, loaded with presents for the pupils, and there appeared on the stage our jolly old friend St. Nicholas, bringing with him a large sack of presents, which after a few cheerful words of greeting, he proceeded to distribute to those assembled to the young and old. The sack was soon emptied when he turned his attention to the overburdened tree, for the decoration of which he had sent on a large supply beforehand. This also was soon stripped of all its pretty decorations.

After the entertainment of opening parcels and exchanging tokens with each other their contents had been shown and refreshments had been served, the seats were moved back the floor cleared and for the remainder of the evening, although not intended, all were the following morning all pronounced it the pleasantest time they had spent in the district. Credit is due to Messrs. Campbell, Jason and Wright.

THE OBJECT OF THE UNITED NATIONAL CAMPAIGN

MANY LOCAL MEETINGS IN COURSE OF ARRANGEMENT

When the guns fell silent along the scarred battle front, the aspect of the world began instantly to change. Forces that had not particularly asserted themselves during the long years of the war, began to assume their natural proportions. The War had been waged with vigor, and during that period the Church had given of her equipment and trained leaders up to everything that would promote the war. In the Y.M.C.A. Society, the Red Cross, the Y.M.C.A., the Church had assisted, and the Church had received very little recognition.

After the close of the war the various denominations began to see how best they could reinitiate the Church. Each denomination soon united its war problems, which were spiritual, educational, missionary and financial. Each church decided upon a campaign. It was then discovered that the spiritual each denomination [illegible] [illegible] [illegible]

THE STANDARD
VERMILION, ALBERTA

A. E. P. DOWLER, Editor

THE STANDARD

VERMILION, ALTA., ... 19...

With this issue of the Standard on the last day of 1919, the 44th year passes away. The year has been one of a generally unsettled state from the commencement to the close. Still the country is not yet settled after the great war. Industrial strife has existed almost persistently and Western Canada an artery was made to overthrow our established form of government and to substitute in its place that of the soviet. Fortunately though not without bloodshed the movement was frustrated and the disciples and rebel participators are being tried before the courts of justice. The readjustment of world-wide affairs are still outstanding, which all trust calm judgement tempered with the spirit of christian brotherhood, may find the solution. In our own Dominion, the work of re-construction on the large scale war scale is testing the strength of our country and those entrusted with its problems. That Canada will emerge strong and free no loyal Canadian doubts. In our own province of Alberta, the year 1919 in a very large area experienced a heavy crop failure through its grazing areas an early and severe winter with its accompanying hardship

In face of all, we as a people have been blessed perhaps more than we deserved and have escaped the great devastation of other countries and consequent sufferings of their peoples. We see an optimistic note cast in this vast western country always see the sun shining about the heavy clouds—this is the spirit which we also, to embark on the year 1920 and that it may be rich in results in various ways to each and all is the sincere hope of The Standard. Following four rather indifferent years of agricultural returns with unsettled seasons, there is no reason but to confidently look forward to a decided and welcome change

To the readers therefore The Standard extends its most wishes for "A Bright and Happy New Year."

The Standard desires to express its appreciation of the general support accorded to its advertising columns by businessmen of the town as well as the business men on the surrounding the past year now closing. This support as well as the patronage of the job printing department has made it possible to carry on from week to week. That our increased profit will bring about demands for increased space during the year is the desire of the management. In the meantime we thank patrons heartily and wish them a prosperous 1920.

The Standard is in receipt of a communication protesting against what the writer alleges is the "gross injustice that is being practised on farmers having cars to sell at the present elevator prices in Vermilion." Unfortunately, this is only signed "Farmer Subscriber" and does not contain the real name of the author which is required, not necessarily for publication, but as a guarantee of good faith. Should the author communication send forward us his name the same will be given consideration.

Huns Receive Heavy Sentence For War Crimes

A ... has ... tenced the German officer Robert Reitching, administrator of mines at Karlsruhe, to seven years' imprisonment, fifteen years of exile, and a fine of ten million francs upon his conviction on a charge of organizing the pillage of factories in eastern France. It was testified at the trial that the accused used slavery and other inhuman methods in factories and mines in the province of Lorraine. It is said Reitching and Hermann Ludwig were given similar sentences by a French court.

The Reitching business ... known as German ... Lorraine ... president of the ... Lorraine ... Reitching ... Powers as a ... the Germ ... Lorraine ... Reitching ... Lorraine ... Reitching ... Lorraine ... Reitching

Write it 1920

The U.F.W.A. wish, through this paper, to extend their heartiest thanks to Mr. Wm. Telford for the rigors and supplies and also to Mayor Morrison for a ton of rigors, which were left at the Club Rooms on Xmas eve.

Robert Seefeld of Wainwright, engaged with the potter company of that town, was electrocuted Tuesday of last week while engaged in repairing lights in the east end. He received the full force of 2300 volts. Life was extinct twenty minutes after the body was taken down. Young Seefeld was a student at the Wainwright High School and had grown up in the community. His untimely death has caused extreme sorrow.

This office is in receipt of the Xmas Number of The Three Hills Capital. It is a highly interesting, well illustrated edition full of [illegible] matter. The Three Hills country claims to be the best mixed farming district in Alberta

Frank Baker has purchased the residence of Mrs Ryan opposite the Methodist church and expects to move his family into town in the near future.

Charlie Ajo writes the Standard from Hospital, Edmonton, that he is getting along fine and thanks the paper for a copy of the home paper to [illegible] each week

THE FORWARD MOVEMENT

The big mass service in connection with the Forward Movement held Sunday evening in the Columbia Theatre under the chairmanship of Rev. M. L. Wright was largely attended, the theatre being seated to almost full capacity. Printed forms with the words of service and the hymns selected for the occasion were distributed to the audience, adding greatly to the general interest and cooperation in the evening's proceedings. Short but pointed and telling addresses were delivered by Revs. Edwards, Binns and Tyner. The Forward Movement and its aims was briefly explained by Mr. Edwards. Mr. Binns from the subject "The Child in the Midst" made a strong presentation of the rights of children. A child ought to be well born, which means Godly parents free from heredity. Among the rights of the child are [illegible] Mr. Tyner was to have placed the responsibility of the individual [illegible] but owing to the lateness of the hour [illegible] Sunday School [illegible] Mr. [illegible] Stockwell [illegible] Elliott Stockwell [illegible] Rev. Planning Work of 1920

Canada Do Not Want Charles

He Refuses $500,000 Job Offered By American Paper

Former Emperor Charles of Austria and Empress Zita are tired of gadding in Switzerland, according to a Berne correspondent of the London Daily Mail, and have decided to go to Canada to reside in future. The correspondent says that Charles has made up his mind to live in Canada and has written to the Canadian Government to that effect. The Canadian Government, however, has refused to allow the ex-Emperor to enter Canada, and has informed him that he will not be allowed to land in the Dominion.

Charles is said to be very much disappointed at the refusal of the Canadian Government to allow him to enter Canada, as he had been looking forward to the time when he could settle down in the Dominion and lead the life of a country gentleman. He has been offered $500,000 by an American paper for his memoirs, but he is said to be willing to forego this amount in order to live in Canada.

RHEUMATIC PEOPLE

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Oconomowoc, Wis., says:

"I suffered from female troubles which caused pecuiar pains like a knife through my back and side. I finally lost all strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought relief and my health has been entirely restored. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for her."—Mrs. Ethel Boyd, 1431 9th St., N. E., Canton, Ohio.

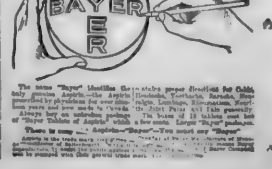
ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"



The name "Bayer" identifies the genuine proven directions for Colds, safe, genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made by Canada. Only the Bayer Package has the safety. Always buy an unbroken package of "Bayer Tablets of Aspirin" which is now made in Canada. Larger "Bayer" packages.

There is only one "Aspirin"—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer-manufacture, to assist the public against imitations, we will be pointed with this general trade mark.

A Happy Family

BY DR. R. C. BOWERS

A happy family is one that can sit down to the table with keen appetites and good cheer. Plenty of the out-of-doors and cleanliness, inside and outside of the body, will make for health, wealth and happiness. Your doctor will tell you that anything from a headache to the most serious illness may result from allowing food to ferment in the intestines. The first thing to do is cause your feel mens, logy, dull perhaps feverish, to be flush the liver and kidneys, drink plenty of water and take a dessert spoon of salts or something better made of Mag. apple, salts and a saccharine sold by almost every druggist as Dr. Pierce's Pleasant Pellets. They may be used from a little to more often to suit the needs and give the bowels and the body a thorough cleaning out of disease.

People are constantly eating more than the system requires, and the bowels, tend to be clogged constantly. The kidneys are an enormous organ and have naturally a large responsibility to filter poisons from the blood. Uric acid backs up into the system, causing rheumatisms, neuralgia, dropsy and many other serious disturbances.

This can be avoided by stimulating the kidneys to increased action, and because of its tonic effect on these organs I would advise any one to get Anuric (anti-uric-acid) which is to be had nowadays for fifty cents at almost any drug store.

A. J. Reynolds Honored Guest of Gathering

A farewell party was held in the Orange Hall, Vermilion, on Tuesday evening, Dec. 30th, in honor of Mr. A. J. Reynolds, who left on the following day for Edmonton, where he has accepted a position with the Canada Permanent Mortgage Corporation. Mr. Reynolds has been in charge of the Vermilion branch of the Canada Permanent Mortgage Corporation for the past two years, and during that time has made many friends who regret his departure. The hall was filled to its capacity by the friends of Mr. Reynolds, who had gathered to show their appreciation of his services in the community. Mr. Reynolds was presented with a handsome gold watch, suitably engraved, by Mr. Wm. Hall, on behalf of the assembled guests, who also presented Mrs. Reynolds with a beautiful bouquet of roses. Mr. Reynolds replied in a few well chosen words, thanking his friends for their kindness to himself and family during their residence in Vermilion, and wishing them all a happy New Year. Dancing was indulged in until the early hours of the morning, and the party broke up with the singing of "Auld Lang Syne" and the National Anthem.

Trevithick - Webber

The home of Mr. and Mrs. O. H. Webber of Telford, Alta., was the scene of a very pretty wedding on Jan. 1st, when Miss Ivy Josephine Webber, of Mannville, was united in marriage to Alvey Russell Trevithick, of Vermilion, Alta., by Rev. J. E. Tyner, New York and Edmonton papers please copy.

Auditors: Mrs. J. D. Stephens and Mrs. J. Leighton

Curling Notes

Sixteen rinks just competed in the New Year's keen and a big day of exciting was enjoyed. Many close and intensely exciting games were played. Skip John Craig with his bunch of merry men had the honor of winning out in the event.

The first of the competitions for the Blair Cup was played at Lloydminster Friday night last, when two rinks from the local club shipped by Wm. Telford and Jos. McKone, made a strenuous effort to lift the trophy which the border town has held since last season. The rinks lined up the narrow margin of 2 points in bringing the cup back with them. The boys were royally entertained by the Lloydminster [illegible] during the game.

Play-offs in the [illegible] are being pushed ahead.

The Club regrets the departure of its capable and genial president A.J. Reynolds, who has left for Prince Albert, Sask.

VOL. XI. NO 35 VERMILION, ALBERTA, WEDNESDAY, JANY 14, 1920 $1.50 PER YEAR

Advice
As you are probably aware, the price of flour has advanced $2.35 per barrel in the last few days. The indications are that there will be an advance in practically all foodstuffs in the very near future.
We Advise
all our patrons to lay in a supply sufficient to last two or three months of the following lines:
Flour, tea, jam, tomatoes, corn, rice dried fruits, canned vegetables, canned fruits, baking powder, coffee, breakfast foods, apples, potatoes, syrups and sugar.
We give special prices on large quantities and case lots.
SEE US AND GET OUR PRICES AT ONCE.

WOMEN'S INSTITUTE CLOSE SUCCESSFUL YEAR

SOCIAL GATHERING AT SCHOOL

The Women's Institute wound up a very successful year with a special gathering at the College on New Year's Eve, having as special guests the returned men who are attending that institution. About two hundred were in attendance and a programme of music, games and dancing was carried out, the army songs and solos by the returned men being especially enjoyed.

The monthly meeting of the Women's Institute was held on Wednesday Jan. 7, and after the regular business had been despatched, Mrs. Wright gave a most interesting demonstration of her method of instruction. A number of girls and boys who had previously had no instruction in music formed the class, and the knowledge gained in one short hour was really surprising. A social experience brought a very interesting meeting to a close. Another treat is in store for music lovers next month when Rev. H. A. Edwards will entertain his district to an "Great Composers."

Ladies' Boots
Bell's Boots in Kid, Chocolate Calf and Patent. High Cut, Oxfords, and Pumps. Why not buy your Spring Boots Now and save from $1.50 to $2.00.
High cut $12.75, $13.50 and $14.25.

Men's Boots
Do you want to save money on your Spring Boots. If so—Now is the time.
In two month's time you will need them. A purchase now will mean from $2.00 to $4.00 Saved

Children's Boots
It is harder to anticipate the child's needs as their feet are growing and what will fit now will not always do in six months. We have a large stock, bought mostly before the last rise. The prices on these will not advance as much until the early summer.

We still have some lines at the old prices, which would be from $1.50 to 2.00 cheaper than those quoted. Perhaps we have your size we would be pleased to show them.

Two Printing Establishments at Washington Raided by U. S. Federal Agents

Washington — A split between President Wilson and William Jennings Bryon over whether the League of Nations should be made an issue at the coming election, forged off the Jackson Day deliberations of the Democratic party chiefs

It came at the Jackson dinner as the climax of a day in which San Francisco had been chosen as the meeting place of the Democratic national convention on June 5, and it changed the air with political electricity. President Wilson at the dinner sage read to the diners assembled in two separate halls, declared that the "clear and single way out" was to submit the subject to the voters as a great and solemn referendum

Mr. Bryan, although all the old time vigor with which he led the fight for the president's nomination in Baltimore, was not present, but his place was taken by his son, William Jennings Bryan, Jr., who for the first time in twelve months and more the services of fourteen months and more the services only if the Democrats captured a two thirds majority in the senate.

The party, Mr. Bryan declared stands for such compromises as may be possible."

Weber's Bakery and Bread Prices

In answer to numerous enquiries, the Weber's Bakery wish to state BREAD is still 10c a loaf, and there will be no change unless flour takes another advance.

For the sometime within two years bread is retailed here at wholesale price. It will be seen advanced to the fall of 1917 or more than before the natural cost of flour, labor, shop expenses, when we had a whole year of flour at the old price.

We expect the increase in our output will enable us to do a large amount of flour, but this will largely depend upon the support of themselves, supposing it cost ten dollars a day to run the bakery the increased charge would be the same for 300 loaves as well as for 200 loaves—in the former case it would cost 3½c per loaf, but while in the latter case the cost would only amount to 5c per loaf. This shows why two wholesale prices to maintain when [illegible] work. The same would apply to [illegible] plants.

It is our object to all that it is in the power to provide a bread [illegible] but without a knowledge any town would be reduced to the state of a village, where all bread is shipped in and often a hour for days before it be needed at a profit. Our own bread was selling last year at [illegible] cents a [illegible] and now probably it is per loaf.

We have come to the front in our line in order to realize a fair public utility a bakery is to run a successful. Our good will and well equipped plant, has proven capable of supplying not only Vermilion and District but surrounding towns as well, which [illegible] to express [illegible] of not a wise [illegible] though the strike. We employ [illegible] in our [illegible] trucks, bread and [illegible] to Islay and Kitscoty, and want as far as [illegible] Loaves supplying [illegible] plenties generally sold during that month.

By replacing double shifts we can supply from 1200 loaves and [illegible] and we [illegible] and [illegible] and [illegible] per day [illegible] of [illegible] per cent. [illegible] to the [illegible] the increase containing a higher percentage of [illegible] bonding being manufactured at the source of Cream production.

A. L. WEBER

W. O. Vermilion Valley No. 482, Alberta.

Owing to the epidemic of Small Pox in Ontario, the Medical Health Officer of the Municipality has ordered that [illegible] Provincial Board to be present [illegible] dinners and for a person [illegible] comply with same is liable to a heavy fine.

HOSPITAL TO OPEN ABOUT FEBRUARY 1

Delay Caused by Slow and Uncertain Delivery of Supplies

It is not expected that the municipal hospital will be opened much before the first of February. Delivery of the furniture and furnishings as well as the drug and operating rooms supplies is slow and uncertain. All the equipment has been purchased but considerable portions of what was ordered cannot be shipped. However the board is making every effort to have everything in readiness at the earliest possible moment. It is not likely that there will be any official opening but a day will be named upon which the public will be admitted to the building for inspection. In the meantime everybody is asked not to go into the building as it means a much more work for those working on getting things into shape there. No one will therefore be permitted to enter the building unless [illegible] necessary [illegible] business.

Using the Earth's Hot Water

Steaming Water That Would Be Sufficient to Heat Every Building in Large Town

People in the western part of America, who have to buy coal and oil for heating at constantly higher prices, naturally look somewhat longingly at the great hot springs in their vicinities. These hot springs appear in a broad path that stretches diagonally across several states from such places as the meadows above the Yosemite, through Nevada, and taking in the Yellowstone Park in Wyoming. The great Comstock mines at Virginia City, Nevada, have always been very hot. Even today the lower levels are filled with steaming water that [illegible] is not to heat every building in a town of considerable size, but to run all the machinery that [illegible] the mines. Here, in miniature [illegible] and geysers, in one of the [illegible] western states are heated from this underground [illegible]

Canadian Army Back in Civil Life

Over Three Hundred Thousand Into Civilian Occupations Since the War

Since the armistice, 272,137 officers and men have been repatriated from overseas. Prior to the armistice, 65,600 officers and men had been returned to Canada and demobilized. This is a total of 338,000 members of the Canadian expeditionary force who [illegible] have been turned back into civilian occupations. It does not include the large force of men who were enrolled in the army and did not get overseas previous to armistice day.

Of the 338,000 returned officers and men, 44,[illegible] have applied to the Soldiers' Civil Re-establishment Board for [illegible] to enable them to take up land and secure the benefits of the soldier settlement act. The number of applications approved at the end of last year was 23,046.

The different officers of the board, especially in the western provinces, have been busy answering enquiries and taking care of the steady stream of ex-service men who are looking for suitable land and making the necessary preparations to apply for leases. A great rush is expected in the early spring, when several Indian and fur [illegible] will be opened for entry.

CUTICURA HEALS BABY'S FACE

Could Not Sleep Eruption Itched and Burned So.

"I noticed a little pimple on my baby's face. I thought it was from the sun but it kept getting worse and the skin was red and very hot. He could not sleep or rest the eruption itched and burned so. I used Cuticura Soap and Ointment and sent for a free sample. I bought more and after using two cakes of Cuticura Soap and one and a half boxes of Cuticura Ointment he was healed." (Signed) Mrs. A. E. McInnis, Carlsberg, Ont., Mar. 14, 1919.

Use Cuticura Soap, Ointment and Talcum at once every day to keep purpose.

George Washington Riley, Civil War Veteran Dead, Aged 79 Years

George Washington Riley, a veteran of the Civil war and a resident of Battle County and Red Bluff for many years, died at the home of his daughter, Mrs. J. W. Edge of Ox Yoke, Monday, Jan. 5th. Deceased was a native of Pennsylvania, aged 79 years.

Surviving him are five brothers: Lycurgus Riley, Oakland; Frank Riley, Red Bluff; Richard Riley, Kennysville; John Riley, Webster City, Iowa, and Morris Riley, Goldfield, Nevada; two sisters—Mrs. Abbie Andrews, Oregon, and Mrs. Flora Street, Iowa, seven children: Theodora Riley, Alberta, Canada; Mrs. J. W. Edge, Orneville; I. F. Riley, Oroville; Hon. C. Riley, Oregon; John D. Riley, Yakima; Thos. I. Riley, Alberta, and one stepson, Geo. C. Oberle, Oroville.

Fifteen grandchildren and eight [illegible] grandchildren also survive deceased.

Deceased fought in the Civil war with the Union forces during all [illegible] years, discharged [illegible] at the close of the war. He returned from the front [illegible] 2nd Regiment, Illinois Infantry, on July 12, 1865.

In 1874 he arrived in Battle [illegible] and settled on what is now known as the Watson Homestead, [illegible] miles west of Corning. Seven years later he moved to Red Bluff, where he remained until 1911, when he sold out to [illegible] and moved to Oroville.

End Your CATARRH Today

Dairying Advancing In Saskatchewan

A Nervous Wreck

BY DR. R. L. GRANTHER.

How many business men feel fagged out, nervous, with a "soggy brain" —worn out completely before the day and its tremendous tasks are half over? Try the right way! Clean the body first. That will help your nerves, your head and your circulation. Your doctor will tell you that anything from a headache or a common cold to grippe or a serious illness may result from allowing food to ferment in the intestines. Don't give the body a chance to absorb the poisons. Remove the toxins from the system and give the tissues of the body aid to resist disease by taking an occasional laxative such as castor oil, or a tiny pill made up of May-apple, aloin, jalap, and sold by most druggists as Dr. Pierce's Pleasant Pellets.

The kidneys and bladder suffer from the same cause, and we get chronic inflammations sometimes indicated by backache, painful voiding of water (pill knee) to-time. Perhaps the urine is all is stored up in the system, in excess amount, and consequently when the urate salts are deposited in muscles and joints one suffers from rheumatic pains in back, rheumatic pains and so on.

Nothing will act so nearly as "Anuric" and this record, a recent discovery of Dr. Pierce's which can be had at any drug store. "Anuric" washes away the uric acid from the bladder and kidneys rendering the urine sweet, consequently one is soon cured of lumbago, rheumatism, gout, and the body is put into a clean healthy state.

Forty four people competed for a case of apples, generously donated by M. Wener & Sons, as a special prize for the whist drive given Tuesday evening by the Winter Entertainment Club, Mr English being the winner. The next social will be held on Tuesday, Jan 27, and A. L. Wener is giving the prize of a choice box of chocolates.

The attention of those interested is drawn to the synopsis of Dyking No. 1 relating to stock at large, in this issue published by the Minister of Public Works.

The officers of the Turkey Hill U.F.A. AUXILIARY wish to thank the storekeepers who so generously donated various articles to the dance and raffle, held at the schoolhouse on Jan. 9th.

The W.C.T.U. will meet at the home of Mrs. Downes on Friday Jan. 30.

The annual Mooseomin Dance and Box Social will be held in Qrassdale Creek school on Friday evening, Feb. 13. Good Music and a big time guaranteed. Prizes for best costumes. Ladies bring baskets, everybody welcome. The proceeds are to go to local recreation.

The home of Isidore Ste. and Anne, about 10 miles south of Vermilion, was burned to the ground on Monday morning. He had spent Sunday in the village and started to walk back to his boarding house in the evening and it is assumed he was frozen to death.

Provision is being made for the starting of a new Canadian rent in the fall appointment the American rent in size.

The Girls Club are holding another old dance this evening January 23rd in Scott's old store building. Dancing commences at 9 o'clock sharp. Proceeds for Victoria Park fund.

The social evening given Monday in the Masonic Hall by the Eastern Stars to Masons and their families, was largely attended and proved a most enjoyable affair. Some seventy were present. Cards and other games with one or two songs provided the entertainment, followed with a beautiful luncheon. Mrs. Lorne McLean was the successful lady in the progressive card game and Tom Watts won the gentleman's prize, while the consolation prize went to Mrs. A. M. West. In the booby title contest from drawings, Mrs. A. W. Elliott and Jas Hunt tied with two correct out of a total of eleven. In drawing for first, Mr Hunt won. The first prize for the best drawing, which was a cake iced by one expected by the editor. The affair terminated shortly after midnight by singing "God Save the King."

Dressmaking and Plain Sewing promptly done. Children's clothing a specialty. Mrs. May Daughter, Room 10, late office of Dale Mace, Post Office South. 31tf

at sales of Dev. Scott & Charles, Vermilion, Saturday, January 31. Friday Tuesday, Feb. 3.

Owing to the inclement weather, the meeting announced to have been held at the Chatsworth school to-night is postponed until the evening of Friday Jan 30th, when it is hoped everyone will turn out.

LOST—Bunch of keys with small gold knife on ring. Finder please return to Mrs. Mary Wotherspoon, Elliott & Loughlin's Law Office. 37x

Chas. Alp, who has been undergoing treatment at the military hospital, Edmonton for his leg, has returned home. It was decided not to operate on the sinuses of his leg as results were doubtful and he would be incapacitated for a very considerable time.

For your bonnie and ours, get our quotations on that mail order. It will pay you. Quality of goods and satisfaction guaranteed—M WENER & SONS.

Vermilion's Annual Bonspiel has been set to take place the latter part of February. It is hoped the members of Tuesday the 24th. It is expected that 24 or 32 rinks will be in attendance.

Both our rinks in attendance at the Vegreville bonspiel last week entered the mixing class. Dr. Smith got into the fours of the Professional Shield and A.W. Elliott into the fours of the Consolation. Jones of Mannville won the Professional Shield and Thompson of the same town won the Merchants Cup, defeating McClung of Edmonton. Thompson also played the final in the Grand Challenge against Rennie of Vegreville, but lost, he also got into the quality of the Professional Shield.

Two rinks of curlers skipped by Jos. McKeown at A. W. Elliott, are taking in the Mannville bonspiel this week.

Wotherspoon—Kingshott

A quiet wedding took place on December 31st at the home of J. Alberta, when Miss Emma Elizabeth Kingshott was united in marriage to Mr John Wotherspoon, both of Vermilion. The Rev Baron officiated. They were attended by Miss Mary Wotherspoon and Mr. R. J. Barr.

IMPORTANT MEETING B. OF T. MATTERS
Institute Publicity Campaign
There will be a meeting of the business men of the town in the municipal hall on Friday evening of this week at 8 o'clock for the purpose of reorganizing the Board of Trade and to consider the matter of instituting a publicity campaign for the town and district.

$187,000.00 PAID OUT BY LOCAL PLANT E.C.D. PAST YEAR
The Edmonton City Dairy Co. paid out in 1919 nearly $187,000 for cream to the farmers of the district of Vermilion, the average per cent per pound for butter being 58c. Taking this with the moneys paid out by other creamery companies operating in town through local plants, the dairy industry would appear to have netted farmers fully $200,000. These figures speak for themselves as to the importance of this branch of farm pursuits and what [illegible]

Vermilion

Write-Up Accompanying Map of Can. Nat. Ry System

(Issued by Industrial and Resources Department)

VERMILION.—129 miles east of Edmonton, divisional point on the main line of the Canadian National Railways. Population, 1,500. The soil is a rich black loam, clay sub soil, 60 per cent under cultivation. There are still 90 per cent under cultivation. Land in the vicinity may be purchased at from $16 an acre upwards. Few sections of Western Canada are so advantageously placed for agricultural purposes as the district of Vermilion, or as it sometimes called, the Vermilion River Valley, and there seems little doubt but that in the near future the land values will be increased to a considerable extent. Numerous settlers have arrived with live stock and implements, and generally speaking, the district is in a very prosperous condition. Numerous new buildings are being erected in the village and town on either side of the river, and there are from one to two newer commercial centres of the west. The Vermilion River Valley comprises over a million acres and a quarter acres of what is easily among the choicest farm lands in the west, and scarcely 15 per cent of it is yet under actual cultivation. There is plenty of timber available for building purposes. Wood and coal are used for fuel according to circumstances. The Vermilion valley has a splendid reputation as a stock-raising district. No better cattle or horses can be found anywhere. Years ago it was a ranching country, but with the increase in settlement the ranches have been broken up, and the farmer with his small herd has largely replaced the rancher with his large herds. Numerous cooperative enterprises are being formed, and the district is in a very prosperous condition. Numerous new buildings are being erected in the village and town on either side of the river, and there are from one to two newer commercial centres of the west. The Vermilion River Valley comprises over a million

Come in and see us. We will be pleased to show you.

ADMIRAL SIMMS TOLD "NOT TO LET BRITISH PULL WOOL OVER HIS EYES"

Washington, Jan. 19—Secretary Daniels in a letter forwarded last night to Chairman Page of the senate naval affairs committee, declares that it was not he who had told Rear-Admiral William Simms before the admiral's departure in March, 1917, for London "not to let the British pull the wool over your eyes," and that the United States "would as soon fight the British as the Germans."

Testifying before a senate naval sub committee investigating naval awards, Admiral Simms said such admonition had been given him by "a high official" before he left the United States and quoted from a letter recently written to Mr. Daniels and entitled "Certain Naval Lessons of the Great War," which he assigned to many terse many aspects of the navy department's conduct of the war.

Secretary Daniels in his letter to Senator Page said that Admiral Simms's letter had been referred to the general board of the navy for action and that on the proper time and in the proper way any misguided investigator would be convinced that the allegations affecting naval personnel movements in operations and strategical education, asks that the colleges include a new page for recognition by courses and for courses free of the dignity of the profession of agriculture.

THE FUNCTION OF THE AGRICULTURAL COLLEGE

The services that may be performed by the agricultural colleges of Canada in the upbuilding of a sound rural spirit, as viewed by the presidents of these institutions are graphically outlined in the January number of The Agricultural Gazette of Canada, published by the Department of Agriculture at Ottawa.

Dean Howes, speaking the Alberta College of Agriculture, observing "whether continued movement in agriculture and agricultural education, asks that the colleges include a new page for recognition by courses and for courses free of the dignity of the profession of agriculture.

British Slang Good Password

The following amusing episode was related by Sir William Sutherland at the dinner of the London Gaelic Society.

In Paris he met an Englishman who had just come from Budapest, which was then in the possession of Bela Kun and the Bolsheviki.

The Britisher was anxious to quit Budapest, but was unable to obtain a passport, so he went to the station, bought a train, and trusted to luck. The Bolsheviki cases along and questioned him, but he made signs that he could not understand. Thereupon some higher officials took him to interrogate him. What was his name, business, etc.

"Oh, here, off, beat off," exclaimed the Britisher, heatedly. The officials seemed greatly impressed, and presently a notice was pasted on the window of the compartment, the door closed, and the train moved off. The notice read: "This compartment is reserved for Count Bazoff."

VERMILION, ALTA., FEBY 6, 1920

Experiments are being made with a view of giving the entire province of Alberta a continuous automatic telephone service.

The United Farmers of Alberta are making progress. The paid-up membership for last year totals 29,422, compared with 18,855 for 1918. The membership of the year is 29,876 as compared with 16,586 for the preceding year, and the women's membership 2,000 as against 1,510 in 1916. The largest percentage of increase was in the junior department, which has 828 members, compared to the 1916 total of 47. There are 151 life members, bringing the grand total up to 29,425.

A tri-weekly freight and passenger construction service has been placed on the Edmonton St, Paul de Metis section of the Canadian National Railways from Edmonton to Mile 90 at Cache Lake. Steel has been laid to within 23 miles of St. Paul de Metis, and will reach that point early next summer, it is expected. The line runs on the north side of the North Saskatchewan river through a fine country that is suitable for mixed farming, and in which there are already a large number of prosperous settlers. The line is projected to meet the C.N.R. road now being built northwestward from Turtleford. When this connection has been made, Edmonton and North Battleford will be connected by a second line of the C.N.R. one on either side of the great Saskatchewan, and each traversing over 300 miles of magnificent areas, in which there is still room for hundreds of settlers.

Canadian butter sold wholesale at 68 1-2c per pound in New York recently.

Canada has 350,000 square miles of pulp wood timber which should yield over 1,000,000,000 cords of pulp wood. At the present time the industry employs over 250,000 employees with a pay roll of $15,000,000 per annum.

The railing of the C.N.R. North-Battleford - Turtleford section has not yet reached St. Walburg but a flourishing village has already sprung up at that point. The completion of a fine looking office for the Canadian Bank of Commerce, the awarding of a contract for a $10,000 hotel, the purchase of a hundred acres site for a large creamery plant, and the beginning of work on the largest garage on the C.N.R. north of Saskatoon, are among a few of the recent progressive events in that new and promising part of Canada's hinterland.

Canada's surveyed water power is placed at 20,000,000 horsepower, of which only 2,000,000 is being utilized.

BOARD OF TRADE

The rejuvenation of the Board of Trade will, we trust, be productive of good results. The officers selected are among the most enterprising of our citizens and being thoroughly familiar with the requirements of the town and district will not lose any opportunity to have their respective merits advanced to the mutual advantage of all. The Board can retain in this regard to receive the hearty support of the agriculturists of the district. The announcement made by Manager Johnston of the Edmonton City Dairy is one fraught with much importance. It would appear that in all those years the dairying business is really only in its infancy in this district. The fact that close to a quarter of a million dollars was distributed among our farmers for butter alone during the past year shows possibilities of this branch of farm industry. That it is capable of further development and that those developments are bound to come go without saying. There are hundreds of milk cows throughout the district that are being left unproductive from year to year because the owners "do not wish to bother with the work of milking". If farming is to pay advantage should be taken of every item of the industry and if there is one special about the high cost of living we are powerless largely to blame. The average price paid for butter last year was a little over 54 cents and this year it is expected that it will be 60 or 65 cents, and so far the supply has not equalled the demand. There is here a field for some additional interests that cannot possibly be overlooked and if the Board will accomplish nothing else except to stimulate interest in this direction it will have rendered most valuable services to the people as a whole. We expect the Board to record the hearty co-operation, support and confidence of its citizens.

THE STANDARD
VERMILION, - - ALBERTA
S. H. P. COOPER, Editor.

THE STANDARD

VERMILION, ALTA., FEBY 6, 1920

The people of the town and district of Vermilion are indeed under a great debt of gratitude to Mr. Morrison for his interest in the welfare of the Vermilion Board of Trade. He has been Secretary now for about nine years without remuneration of any kind. He did accept $100 for two or three years but this was to defray office expenses and clerical assistance. For the past three or four years he has borne all the work at his own expense, supplying the stationary, postage and so on. The town has been making a grant for the Board of $200 but Mr. Morrison thought under the prevailing condition of things that the money might better be diverted to other ends, and the town did use it for municipal purposes. There is no complaint in this respect, but it must be said that the publicity which the town and district has been receiving the past few years has been wholly due to the efforts and industry of the secretary, and judging from the list of inquiries on file it would appear that Vermilion is favorably known from the north pole to the torrid zone and from Atlantic to Pacific. The vote of thanks tendered at the Meeting [illegible] was really appreciated by those present, but it was a minute appreciation of their [illegible] endeavours [illegible] Board [illegible] Vermilion.

Here Is the Money Saver We Have to Show You!

2. The Viking has greater capacity.
3. The Viking is most scientifically constructed of the very finest materials.
4. The gearing is so simply constructed that operation is easy and effortless.
5. *The Viking is the lowest priced high grade standard separator made.*
6. The Viking is fully guaranteed.

Come in and see it!

Made in the Largest Separator Factory in the World

VIKING CREAM SEPARATOR

A DECLARATION TO ALL CANADIANS

Five Christian communions, Anglican, Baptist, Congregational, Methodist and Presbyterian—declare with united voice that the Gospel of Love as proclaimed by Jesus Christ is the one great need of Canada today. If faithfully practised Christianity can ROOT out the EVILS of MATERIALISM and conserve the SPIRITUAL values revealed by the war.

The Forward Movement

Each communion named is in the midst of a Forward Movement to stimulate Church Members to a livelier FAITH and activity and to urge all men to consider their personal responsibility for the national well-being. The decision is yours. Test the reality of PRAYER and the JOY of service. Let Christianity have a fair trial in you, it will give you your life direction, purpose and power.

Why a Forward Movement

During the war all Theological Colleges were practically empty. Many men who had started to study for the Ministry or the Mission field will never return. There are not enough ministers now to serve the normal needs of Canada, particularly in the Home Mission Field.

For Canada

Dugout of Chaos, statement on the prairies and in the crowded [illegible] is not [illegible] war. About [illegible] are going to rising again. Men [illegible] are urgent [illegible] demand.

For the World

For the same reasons the Foreign Mission Fields [illegible] essential. There is a need [illegible] missionary, clergy, doctors [illegible] and of money for new buildings, the rise in the cost [illegible] ving and the value of foreign exchange make it necessary to increase the salaries [illegible] ad missionaries. Moreover, the opportunities [illegible] an extraordinary opportunity. All peoples are eager to hear the Gospel and receive Western teaching.

The Declining Dollar

Because of the lessened purchasing power of money, and the congestion of new tasks, the colleges and other Church institutions are in financial straits.

The amenities provided by the Church for superannuated clergy are utterly inadequate for their support. It is necessary to increase greatly the endowment funds which provide these retiring allowances.

A United Appeal

Five Christian Communions—Anglican, Baptist, Congregational, Methodist and Presbyterian—are co-operating in a simultaneous but separate canvass for amounts aggregating $11,850,000 for the vital need outlined, and to call the youth of the land to his service for the work of Jesus Christ. The churches have the resources and the will to meet all needs.

Their motto is "Fight the Good Fight, for Canada and for the World." The Forward Movement of YOUR CHURCH confidently calls for your sympathetic co-operation in this great task.

MUNICIPAL DISTRICT OF ETHEL- WYN NO. 512.

A Bylaw of the Municipal District of Ethelwyn No. 512 for the purpose of raising money by way of debentures for the sum of $ [illegible] for the purpose of [illegible]

1. A sum of $ [illegible] shall be borrowed by the Municipality for the purpose mentioned in the preamble hereto.

2. The Municipality shall issue debentures to the amount of $ [illegible] which debentures shall be dated [illegible] and shall be payable [illegible] years after the date thereof, and shall have attached thereto interest coupons for the payment of interest at the rate of [illegible] per cent. per annum, payable [illegible] at the office of the Municipality in the Town of Vermilion.

3. The debentures shall be signed by the Reeve and by the Secretary-Treasurer of the Municipality and the Municipal Seal shall be affixed thereto.

4. The debentures and interest coupons may be made payable to bearer and may be negotiated and sold by the Municipality at such price as the Municipal Council may deem advisable.

5. There shall be raised annually by special rate sufficient to pay the interest on the said debentures during the currency thereof, and also a sum sufficient to pay the principal of the said debentures at maturity, which said sums shall be [illegible] per cent. of the amount of the said debentures.

6. The Municipality may redeem any of the said debentures on any date after [illegible] years from the date of issue thereof upon giving [illegible] months' notice of its intention to do so.

7. This Bylaw shall take effect on the [illegible] day of [illegible] A.D. 1920.

Read a first time this [illegible] day of [illegible] A.D. 1920.

Read a second time this [illegible] day of [illegible] A.D. 1920.

Read a third time and finally passed this [illegible] day of [illegible] A.D. 1920.

[illegible]
Reeve.

[illegible]
Secretary-Treasurer.

NOTICE

Persons who intend to make application for the purchase of any portion of the above Bylaw may be obtained at the Post office in the Municipality, or from the undersigned.

NOTICE IS HEREBY GIVEN that a sitting of the Court of Revision will be held at the Municipal Office in the Municipality of Ethelwyn No. 512 on the [illegible] day of [illegible] A.D. 1920 at the hour of [illegible] o'clock in the forenoon, for the purpose of hearing any complaints against the assessment of the Municipality for the year 1920.

DATED at Vermilion, Alberta, this [illegible] day of [illegible] A.D. 1920.

[illegible]
Secretary-Treasurer.

NO MERCY TO ENEMY, SAY SOVIET

London, Jan. 30. (Associated Press)—A Bolshevist proclamation, which is being spread among the Red soldiers in North Russia, ostensibly to heat the unnecessary killing of prisoners, especially Canadians, has been received by the British war office after having come to the hands of the North Russian government.

The proclamation is directed to soldiers" unto the ranks of the Red Army, composed as the document says, of members of the Soviet republic such as capitalists, their sons and officers. On the other hand, those who fight against the Soviets only because they are either forced to do so or are ignorant, Red soldiers are exhorted not to kill them in the second category because when white soldiers would be afraid to desert to them.

Regarding the first category, the proclamation declares:

"Naturally, merely to disarm, log landowners or capitalists, who all are permanently or momentarily enemies of ours, is out of the question, death to these would only be an ero responsible for the world-bad over and the revenge of the wor

"There is no mercy for them, and can there be any."

Extradition List Is Handed Back To Allies By Larsner

Says That Germany Will Not Turn Over Alleged Guilty Persons Named

Head of Peace Delegation Has Resigned and Leaves French Capital for Berlin

Paris, Feb 4 Kurt von Larsner of the German peace delegation here, has returned to Premier Millerand the list containing the names of Germans whose extradition was demanded by the allies, which was handed to him last night, and has informed the premier that he has resigned and is leaving for Berlin by the first train.

Baron von Larsner told the Associated Press his decision was in line with the attitude he had maintained throughout regarding the question of extradition. He declared he had held that no German officials could be instrumental in carrying out the extradition clauses of the treaty, and consequently the matter having come up in a definite final form there was nothing left for him to do but to resign and go home.

530 U.S. MANUFACTURERS HAVE BRANCHES IN CANADA

OTTAWA, Feb. 4 An interesting comparison of the number of outside manufacturing firms having branch factories in Canada has been compiled by the Canadian trading commission. This shows that while there are scarcely half a dozen British manufacturers with branch factories here, there are some 530 American manufacturers, whose products range from farm machinery and tractors to packing house products.

Mrs. Davis is a great whist player, he two consecutive weeks she has won first prize in the Whyte Entertainment Club. Monday, on Tuesday last carrying off the first prize of lemon presented by Mr. Hales. On Tuesday night a popular prize is being generously given up Mr. Hadley.

A special meeting of the Women's Institute will be held in the Methodist Church on Wednesday next, Feb. 11th at 2.30 p.m. when an address will be given by Mrs. Campbell on the Infants and Dower Act. All are invited to attend.

The Vermilion Women's Institute will hold their Annual At Home on Monday evening, Feb 16th, in the School of Agriculture Hall. The invitation includes every member, her husband or one friend (when age must be twenty or over), all members of the Agricultural Society and their wives, all members of the staff of the School of Agriculture and their wives and all present students. Programme and Dancing. Admission Gentlemen $1.00, Ladies 50c.

29 9 P G Price, Private Secretary.

ANNOUNCEMENT

We wish to announce to the people of Vermilion and vicinity that we have been forced, under conditions over which we have no control, to put our business from March 1st., on a Cash Basis.

We hope by the introduction of more advanced methods of merchandising by buying strictly for cash in the best markets and taking advantage of all cash discounts, and by the elimination of the loss, labor, cost and worry incident to a credit business, to reduce for ourselves the cost of doing business and in consequence to reduce to the public the price of the goods which we will offer for sale under the new plan.

Approved business methods separate the buying and selling of merchandise from the financing of the store's customers. The trend of the successful retailer has been for sometime towards devoting all his time and energy to buying and selling for cash and leaving the financing of the public to financial institutions that specialize in that line of business.

We, however, recognize the difficulties and inconveniences attending a cash business from the customer's standpoint and have decided to extend to approved accounts a thirty day term of credit. Accounts will be rendered monthly and payment must be made before the 15th of the month in which the account is rendered.

All merchandise will be priced at a net cash selling price, and, as no discount will be allowed for cash, consequently no discount will be allowed off credit accounts.

Our effort will be directed towards handling our business in such a manner that we will be able to effect a price-saving for our patrons.

In conclusion, we would ask you to extend to us the patronage so loyally granted to us in the past.

Yours sincerely,
THE NELLIS HARDWARE CO.

Bad Blood Fatal To Good Looks

Easy Enough to Restore Both By a Simple Home Remedy That Costs But a Quarter

Bad looks and bad health go together. To look young, to be happy, to enjoy life, and be always at your best you must keep your blood pure, your liver active, your bowels well regulated. These are the prime essentials to a happy, healthy old age.

If you want a positive guarantee of good health, you can easily find it in the results use of Dr. Hamilton's Pills, which for forty years have been keeping thousands of people in the pink of health. A fair trial convinced us we let Hamilton's Pills as a family remedy and we have used them ever since. Mrs. Davis is a great whist player, he two consecutive weeks she has won first prize in the Whyte Entertainment Club. Monday, on Tuesday last carrying off the first prize of lemon presented by Mr. Hales. On Tuesday night a popular prize is being generously given up Mr. Hadley.

New German Postage Stamps

Imperial and State Authorities Are Obliged to Pay Postage

At one time every member of the German reigning houses in Germany had the privilege of not having to pay taxes and postage. The revolution has done away with this privilege. All the princes are obliged to pay taxes and to affix stamps upon their letters like every other citizen. The government has now submitted a bill providing that the imperial and state authorities are also obliged to pay postage. Until now they had been exempt.

Germany has already collected taxes to be assessed, retroactively, upon the princely households.

Alberta Glass Factory

New Addition Will Be Larger Than the Original Plant

Good progress is being made on the large factory in the glass factory at Medicine Hat, Alberta. The construction is completed and the building is well advanced. Experts have been and are coming over from the United States and Canada and it is expected that the factory will be in operation in the early spring. The new addition will be larger than the original plant, and is expected by the end of March or the middle of April to be in full operation. It is stated by Mr. Dillon, the manager, that the output of the factory will be increased to 40,000 cases per year.

Not A [illegible] "Bayer Cross"

There is only one Aspirin—"Bayer"—You must say "Bayer"

The Sweet Cereal Flavor of Grape-Nuts is not produced by adding sugar to this blend of wheat and malted barley.

The sweetness is due to actual grain sugar, self-developed by the processing and long baking of the grape food.

"There's a Reason" for Grape-Nuts

W. N. U. 1252

THE STANDARD, VERMILION, ALBERTA.

MUNICIPAL DISTRICT OF ETHEL-WYN NO. 512.

A Bylaw of the Municipal District of Ethelwyn, No. 512 for establishing all routes and roads [illegible] roads, and [illegible]

1. An entire unit of [illegible] section and one-half of one mile [illegible] and a quarter section of one [illegible]

2. In case of all [illegible] a route [illegible] shall be declared to be [illegible] which is not on the [illegible] of the owner and which is not entered in the name of the owner, either by himself or [illegible] but in order to [illegible] the [illegible] of a border or by non-consent, within any building or other [illegible] of the owner [illegible] from.

3. Subject to the provisions [illegible] mentioned, no person shall under or per any [illegible] which he is [illegible] any part of the said Municipal District of Ethelwyn No. 512, [illegible] any fence.

It is understood that four labor ... members of the Canadian trades and labor congress, will also remain in England.

G. T. Shareholders And the Government

Sir Alfred Smithers Convening Meeting to Ratify the Agreement

London — Sir Alfred Smithers, chairman of the Grand Trunk Railway, is convening a meeting of shareholders for the 19th instant to ratify the agreement between his company and the Canadian Government. He has issued a circular stating that the board of directors, after long and ... consideration, unhesitatingly advises acceptance of the agreement. The circular says:

"The state of railway finance and working brought about by the war ... is common to the United States, Great Britain and Canada, but the United States saved shareholders from loss by guaranteeing the companies an average income for three years. The British government in the beginning of the war saved the British shareholders by guaranteeing the income for 1914, but no such assistance was given by the Canadian Government to Canadian railways.

"All through the negotiations the Canadian Government pressed the shareholders of the Grand Trunk, for the Grand Trunk Pacific was the chief reason for acquiring the Grand Trunk, on very moderate terms. ... can be at once stated that, leaving out other considerations, the Government of expenses, without an adequate increase ... rates, has greatly ... position in relation to the Grand Trunk. It has the Government of Canada the owners of the great ...

"After ... which ... has been altered ... the railway commission will at ... rates ... bring such readjustment of rates into being as will permit of a fair return on the capital interests. The whole cause of the present difficulty of the Grand Trunk is its ... required to carry on an ever-increasing business under the present ...

"The ... Union ... has been altered ... rooms are already completed, and some of the offices of the House are already having their effects moved into the new quarters.

"Sir Robert Borden, acting premier, stated that there was no doubt that the building would be sufficiently completed to ... at least ... of the ... forty ... being ... to considering the essential portions of the building ... Parliament will meet almost ... the ... of snow and hammers, ... because as parliament will be ... it ... with the rest of the building ... being ... finished.

Plan Opening of New Parliament Buildings Soon

To Build Official War Memorial for Canada

Will Take Form of Museum, Which Will Likely Be Located at Ottawa

Ottawa.—Canada's official war memorial will take the form of a museum, which probably will be erected in Ottawa, in which will be housed the war trophies belonging to the Canadian forces. At a meeting held here, resolutions were adopted unanimously recommending that there be built for this purpose "a monumental museum containing such other adjustments as may be necessary to give full expression to national feeling, and as an expression of the sacrifice of the dead and the greatness of our national effort."

The architect for the memorial will be chosen on a competitive open to Canadian architects, and the working ... out of the project is placed in the hands of a commission composed of three delegates from each of the following bodies: The Great War Veterans' association, the Royal Society of Canada, the Royal Architectural Institute of Canada, the Canada Company, and the Town Planning Institute of Canada, and the chairman of the Advisory Arts Council.

The name of the commission will be the "National Memorial Commission."

Its members will never ... remuneration.

India's Industrial Development

Lord Chelmsford Outlines Plan Before the Opening of the Legislature

Delhi, Jan. 15.—In opening the legislative council, the Viceroy, Lord Chelmsford, outlined the steps which India is taking to enable the government to play an active part in the industrial development of the country. Premier Borden Attends Sitting British House

Looks Well, But Walks Rather Feebly

London, Feb. 11.—Premier Borden, walking rather feebly, but looking well in the face, was in the distinguished strangers' gallery at the house of commons last night when the prime minister replied to independent liberal and labor leaders in the debate on the speech from the throne.

Premier Lloyd George, leader of the laggard appearance which he had often been observed to wear, when he last addressed the house during the past three years. He was in the best of good spirits and his reply to the attacks on mixed just years to be Labor Leader Adamson on the record of the government were received with delighted shouts from every part of the house.

Sec. 15-53-6 W4th.	Saturday,	21st, 8 p.m.

A cordial invitation is extended to all Farmers and Farm Women to attend.

Germans Stop Carpenters Working on Teacher's Residence

A.P.P. Will Teach Surly Aliens Well-Needed Lesson

Carpenters who started at work on a teacher's residence in the Zoreng school district, some ten or twelve miles from Compeer, were not allowed by ratepayers in the district to begin operations and were told in effect to get out. Opposition to the establishment of an English speaking school has been shown by the people of the district, who are largely of German descent, for some time past, and has now taken shape in a display of Bolshevism.

That is the news that has just come to the government offices in Edmonton. The local school board has applied for assistance, being quite unable to settle the trouble itself, and the government authorities are taking immediate action that will insure ensuring the provincial police to the scene of the disturbance if the opposition is not quickly ended.

The work before it was well known. The carpenters were raided when they appeared on the school grounds with their tools and building outfit and were warned that the work was not to be proceeded with. The men were consciously and with such a show of opposition that the men were forced to desist. The men learnt then regarding to Edmonton for help to meet the situation.

Quick action will be taken to quell the riot, it is stated by officials of the department. Doings of that kind are not to be allowed in Alberta, they say, and the building operations will go on as recently as intended.

INLUENZA LIST FOR PROVINCE IS GROWING

Total in Alberta 1034 Cases —Complete immunity Is Not Possible

The flu list in Alberta has now reached 1034 cases. The latest additions to it are 62 cases from Calgary, 178 from Aldee and 11 from Red Island. Health Board officials say the disease is gradually spreading over the province.

Advices from the dominion health officers at Ottawa just received by the Hon. A. G. MacKay state that it has not been found that about seventeen per cent of the cases throughout Ontario and other parts of the east are persons who had the influenza in the previous epidemic. The inference to that there is not complete immunity from having once had the disease, though the other eighty-three per cent are comparatively safe. Most of the deaths, it is also reported from Ottawa, are among persons between the ages of eighteen and forty-five.

The last meeting of the Winter Entertainment Club will be held on Tuesday next Feb when a special prize will be offered. Mrs. Pearce has the handsome chocolates presented by Mr. and Mrs. Dickson of Toronto.

SETTLE IN The Famous Vermilion Valley Country of Which the Progressive Town of Vermilion is the Hub

Hard Spring Wheat Board I... during the week ended November 18th, 1919, has received the following amounts: maximum wholesale prices for Standard grades until further notice: Bran, $45. shorts $52. ANNUAL MEETING

The Annual Meeting will be held in the Morrison School House, on February 20th, for the consideration of Councillors for Divisions 2, 4, 6. Election on February 27th for nominations of representatives for each Hospital District, Islay, Vermilion. "Proposed Stock By-law."

If Thin, Nervous, Run Down, Depressed, This Will Help!

The wear and strain of life has resulted in recent years to produce nervous debility as a characteristic of the age of our population.

Thousands are suffering and don't know they can find a remedy. Here are six tonic and blood builders, each one helpful in its particular way, but each one needed to be fortified by the others to make a complete tonic.

They can be obtained in pill form in the Templeton's Rheumatic Capsules. It is a combination of the best nerve and blood tonics known. We have never seen the equal of it for the relief of nervous debility and weakness. It is a tonic of magic power to make you feel like a new person. Pills are sold at 50c per box, or five boxes for $2.50, and can be had from The Templeton Drug Co., Toronto, Ont.

Filling His Own Shoes

— BY —

HENRY C. ROWLAND

Copyrighted. Printed by special arrangement with Thos. Allen.

The great picture A shower threatened, and Hughes offered to take them to their destination in his car, which was waiting close by. They were going directly home, and after a slight demur Miss Challand accepted his offer.

Mustapha on his black seat and fez, opened the door. As Dorothea stepped into the superb limousine, with its luxurious fittings, she was conscious of a little thrill. Few girls who have not grown up in the lap of luxury are able to remain indifferent to the atmosphere of a powerful automobile. It represents so many things besides mere vulgar wealth, the evidence of which one might find in clothes or jewels or a house. For it [illegible] genius romance, stupendous progress, romantic motion, a touches of romance, distance, conquest and the spirit of daring. It is the latest word in speed, and is [illegible] to the last ounce of power. It is a touch of magic carpet to waft one from the chill blast of winter winds to the more elegant of Olympian [illegible] or from scorching sands of the desert to the cool shade of the forest. It is not that there was for the white girl in the car which made her heart beat. Besides it small; there are crannies, and if large, they are dull and drear. [illegible] and to those I guess it does not long [illegible] anybody to get used to being in a good deal harder for me should I [illegible] like that. But [illegible] whenever you can spare the time [illegible] that, Miss Challand, there's some thing I'd like to talk to you about, whenever you can spare the time [illegible]

Templeton's Rheumatic Capsules [illegible] PEPTA-IRON, pepsin, and [illegible] to [illegible] and [illegible] the [illegible] of [illegible] and [illegible] [illegible] [illegible]

Make $20 Extra This Year From Every Cow You Own!

IF you own five cows and are still skimming your cream by the old gravity methods, you are throwing away $100 that might be added to your bank account every year.

Come in and see us today and we will show you how you can get $20 more out of every cow, every year.

Wm. Young
Dealer, Vermilion

We will show you the Viking Cream Separator. We will show you how the Viking skims the cream to the topmost trace and saves you hundreds of dollars in butterfat.

We will show you that the Viking is the most scientifically constructed cream separator made, the easiest to run and by far the simplest to clean.

And because the Viking is made in the largest separator factory in the world, the price is fair.

Don't throw money away! Act today!

VIKING CREAM SEPARATOR

TO PROMOTE Colonization

Convention at Edmonton Feb. 16

Calgary, Feb. 9.— The first steps in the organization of the Western Canada Colonization Association, a body which aims at the concentration of the efforts of the four Western Provinces in an aggressive colonization scheme backed by a subscribed fund of half a million dollars, were taken at a recent meeting of the special committee of the Alberta Municipalities held in the council chamber of the City Hall. The meeting, which was attended by representatives of the various unions of the Provinces, the Boards of Trade and the Alberta Industrial Development Association, drafted a number of resolutions which outline the proposed organization and will be placed before the Convention which is being called to deal with the matter in Edmonton on February 10th in conjunction with the general yearly meeting of the Alberta Industrial Development Assn.

Invitations to this meeting are being sent broadcast through the Province, but the limited time available makes it certain that many of those interested will not receive notices. The Committee has issued a general invitation through the press to all interested in the colonization of this country to be present at the Edmonton Meeting on February 10th.

During the Winter, meetings of a colonization character will be held in every district in the province, and at these meetings addresses dealing with the question of colonization will be delivered by men who have had practical experience in the settlement of the country. It is the purpose of this organization not only to bring settlers to this country, but to keep in touch with them after they arrive and render them every assistance. It was pointed out that many settlers quit the country when they might be held here if some organization was interested enough in their success to find them more suitable districts.

Speakers pointed out that the Association could accomplish what the Government could not undertake, chiefly in the disposal of the vast tracts of privately-held lands in the West, most of it with an easy ranch of the railways. Allan Cameron of the Department of Natural Resources, C. P. R., stated that the amount of such land in the West was surprising. An organization such as is proposed was the only agency which could save settlers with people on this class of land.

HOSPITAL TO BE OPENED WEDNESDAY, FEB. 18

NO FORMALITIES IN CONNECTION

Tea Will Be Served By Ladies of Women's Institute

At a meeting of the Vermilion Municipal Hospital Board held on Saturday, it was decided to open that institution on Wednesday the 18th inst. There will be no formal opening but the ladies of the Women's Institute have kindly consented to serve tea. The building will be thrown open for the inspection of the public during the afternoon. While it has not yet been formally taken over by the board from the contractors still it is expected that this will have been done by Wednesday. All that is required is an inspection by the provincial inspector of buildings. Miss Macleod of Edmonton and Miss Cuson, presently of Vermilion with Miss Boyd as superintendent will be the staff in charge at the opening. A complete description of the building will appear in next week's issue of the Standard, together with statments from the provincial regulations as well as large gathering the contract of the hospital. The delay in opening has been wholly due to the nondelivery of furniture, furnishings and equipment, in fact all the latter has not arrived yet, but nevertheless the Board and staff are confident they will be able to carry on the work quite satisfactorily until this reaches here.

The Board passed a vote of appreciation to the Women's Institute of Vermilion, and the Vermilion Dramatic club for the

Allied Nations Are Ingrates To Russia

Toronto Telegram.

Poor old Russia broke down in her alleged civilization in the struggles and sacrifices of Russia's service in the earlier days of the great war.

Germany's power was broken on the strength of Russia's resistance. The civilization of Russia was shipwrecked in its most gross preceding the revolution.

France, Britain, the United States and other Allied Nations owe much to the poor old Czar and the faithful section of the Russian army and the Russian nation. The best elements of the Russian people took a great interest in the salvation of themselves and other nations from a misery to Germany. The people of the Allied nations take no interest at all in the salvation of the Russian people from slavery to Lenine, Trotsky & Co.

The abandonment of Russia is a disgrace to the Allied nations

furnishing of wards in the hospital in the use of which the members of these respective organizations will have first preference. The Institute will have a double ward or room and the Dramatic Club a single ward or room. A vote of thanks was also tendered Mr. Morehouse, the architect, for the interest manifested by him in connection with the construction of the building.

PEACE HATH HER Victories

and responsibilities. The duty of every man now is to provide a living for himself and his family, and help in the reconstruction of the world. The great call is still for food. Other industries may collapse, but agriculture must go on

THE STANDARD
VERMILION, ALTA., LEWIS BLOCK

During the war Canada raised $1,500,000,000 in victory loans, turned out munitions and ships to the value of $1,500,000,000, and gave $1,000,000,000 for the Red Cross and other patriotic funds.

The value of dairy produce in Canada for 1919 was $250,000,000. Canada easily led the world in cheese production.

Kelowna, B.C. growers marketed fruit and vegetables, to the value of $2,500,000 last season.

The construction of a 300 mile wagon road from Athabasca, Alta to Fort Vermilion on the Peace River is proposed. Such a road would open up a fine agricultural and stock country, in which there are extensive tracts of meadow and hay lands.

It is expected that Canada's 1919 Victory Loan subscription will reach $1,500,000,000. Official return to date show $975,871,100

Production of creamery butter in Alberta is considerably greater this winter than in any previous winter, and the total production in 1920 is expected to be 25 per cent or more, mainly $2,000,000 pounds greater than in 1919, according to Provincial Dairy Commissioner, C. Marker.

The corps of the famous North West Mounted Police force has been changed to the Royal Canadian Mounted Police, and its jurisdiction now extends throughout the Dominion from the Atlantic to the Pacific, and from the International boundary to the Arctic Coastal regions. The Dominion Government Police force has been merged with the Mounties, and headquarters will be at Ottawa. The force remains unchanged, and the batty uniforms so famous in Western Canada will be retained.

100-Mile Belt Upon Natural Gas Locations

Order-in-Council Gives Greater Control to Minister of Interior

An order-in-council has been passed doubling the rental on oil and natural gas locations in the Western provinces and giving the minister of the interior greater control over oil and gas lands. The rental of oil lands is increased from one dollar per acre per annum to two dollars per acre per annum, and the rental of natural gas lands from $100 per quarter section to $200. Section 40 of the regulations is amended to read as follows: "The lessee shall, during the term of the lease, commence operations for the production of petroleum or natural gas within a period of two years from the date of the lease, and shall continue such operations during the term of the lease, and the failure to do so shall render the lease liable to cancellation."

"A number of years ago," says the order-in-council, "a company was organized for the purpose of drilling for oil and gas in the province of Alberta, and in the district covered by the Dominion lands regulations. This company has since expended a large amount of money in boring for oil and gas, and has now struck a flow of gas sufficient to warrant the construction of a pipe line to the city of Calgary, a distance of about 100 miles, for the purpose of supplying that city with fuel and light. The company has also struck oil in paying quantities, and is now engaged in the construction of a refinery at Calgary. It is desirable that the company should be encouraged in the development of its property, and it is therefore necessary that the regulations governing the disposal of petroleum and natural gas lands should be amended so as to afford the company such protection as will induce it to continue its operations."

Gets Instant Relief After Four Years

TORTURED WOMAN TRIED DODD'S KIDNEY PILLS

Kidney Disease and Insomnia Had Made Her a Nervous Wreck Till She Used Dodd's Kidney Pills.

Dunnegan, Inverness Co., N.S., Feb. 15 (Special)—Suffering women who are dragging wearied limbs around, their strength drawn down with a suffering and tiredness that can find no rest, will be glad to learn how Dodd's Kidney Pills have helped Mrs. Angus McAskill, of this place.

"I was troubled with kidney disease and insomnia for four years," she says, "and had to get out of bed almost every night. I had pains in the back and could get no rest. I was a nervous wreck. I got a box of Dodd's Kidney Pills and they helped me from the first. I used five boxes in all and they cured me completely. I can now sleep well and am free from pain. I am glad to recommend Dodd's Kidney Pills."

Dodd's Kidney Pills, 50 cents a box, 6 boxes $2.50, at all dealers or Dodd's Medicine Co., Limited, Toronto.

A Trip to Mars

An Offer to Make the Journey In A Rocket

Captain Claude R. Collins, of Philadelphia, has written to the New York newspapers a formal offer to permit himself to be shot in a rocket from the earth to Mars. He says he makes the offer "in the interests of science."

Excellent Educational Facilities

Many Handsome and Commodious Public Schools in Saskatchewan

The visitor cannot help being struck favorably by the very many handsome and commodious public schools that meet the eye everywhere in the province of Saskatchewan; and the district around North Battleford is typical of the whole province. North Battleford is the centre of agricultural education. The efforts of the College of Agriculture of the Provincial University have been widely taken advantage of in this district, with the result that the sons and daughters of farmers have received incalculable benefit from practical demonstrations in farming and stock raising. Lectures and the distribution of literature on stock feeding, grain and forage production, and other service is given to the farmers without direct charge.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is of Utmost Importance in Spain

The Spanish government permits the importation of Aspirin only when it bears the name "Bayer." Therefore, to protect themselves against imitations, Spanish druggists will supply only tablets bearing the name "Bayer."

Aspirin is the trade mark (registered in Spain) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer, to assure the genuine, the name "Bayer" is stamped on the tablets.

DO YOU KNOW WHY

that old sore or skin disease of yours breaks out again? It's because the remedies you have been using do not get to the root of the disease, but remain on the surface. Try Zam-Buk! It penetrates to the underlying tissues, corrupts all germs and cures from the "root" up. Does Zam-Buk blister you? Indeed! All Druggists, 50c box.

A Happy Family

A happy family is one that can sit down to the table with keen appetites and digest their food without discomfort. Those who will make for health, wealth and happiness. Your doctor will tell you that anything from a headache to more serious illness may result from allowing food to ferment at the intestines. The first thing to do in case you feel bilious, is to flush the liver and kidneys, drink plenty of water, and take a dose of castor oil, or, something similar. Magnesia, eggs and sago, and lots of fruit are almost necessary. Dr. Pierce's Pleasant Pellets. This may save you from a fatal sickness, remove the poisons from the system and give the tissues of the body a chance to nourish and repair disease.

Pellets are a gentle aid to nature, but the kidneys, just as do the bowels, need occasional encouragement. The kidneys are eliminative organs, and are constantly working separating the poisons from the blood. They will backs up into the system, causing rheumatism, neuralgia, dizziness and many other serious disturbances.

This can be avoided by submitting the kidneys to increased action, and because of the toxic effect on these organs I would advise any one to get Anuric (anti-uric-acid) which is to be had nowadays for fifty cents, at almost any drug store

The Political Alignment

(From the Farm and Ranch Review)

The Alberta and Manitoba farmers' conventions are now over and the observer is in a better position to sit down and take stock of the present stance of the farmers' political movement. Manitoba has apparently declared for no out and out farmers' party and Alberta has gone on record as supporting an economic or occupational group organization, which will play its part in politics, but not under the guise of a straight, unencumbering political party. From a point of view of Federal party interests, it is, of course, a somewhat puzzling situation. As regards the less important provincial field, it will apparently work out quite satisfactorily, each Provincial organization being a completely autonomous body.

The Manitoba and Ontario attitude is clear as daylight. The farmers there have founded a definite "agrarian party" with a federal platform. They are going to run elections, create the usual party machine and generally play the party game according to the time honored style. It is a thoroughly practical proposal and promises almost immediate results. There is, of course, nothing particularly attractive about it. The principal underlying it is, that "business is business." The difference between the new agrarian party and the other political parties, lies only in the name, to mainly one of platform and general aims.

In Alberta, on the other hand, we have enforced but [illegible] of Provincial matters. The movement was first launched by a non-political refreshing that [illegible] bewildered and [illegible] express an opinion. As time [illegible] became a simple entity [illegible] of [illegible] and [illegible] the [illegible] Alberta are endorsed by an overwhelming majority of farmers in Alberta. At least, by a majority of those who are in the habit of expressing their opinions through the Provincial farmers' organization.

Mr. Wood's views have been discussed at some length, and generally misinterpreted, on many occasions. It is not our intention to examine them in detail here. He himself has apparently no cut and dried form of political conception in mind. He maintains that the farmers must act politically as a group. He expects other occupational groups to do likewise. And when the elections are over the elected representatives should seek to parliament without [illegible] party or class hostility. When the leader of the strongest group is called upon to form a government, he will at once invite leaders of all sensible groups or parties to join him. In this way all parties and groups will have a fair cabinet representation and the business of government and administration will proceed on a sensible and businesslike basis.

The members of the law-making body would consider proposed legislation on its merits and would vote for or against the same on the merits of the proposal itself and would not vote in obedience to party commands. There obviously would not be any parties with conflicting aims. If any particular measure were defeated on the vote of the House that would simply end the matter. The Government would "carry on" as usual, presumably until a vote of non-confidence was passed, when a new general election would have to take place. There would be no caucus. Everything would be open and above board. The average onlooker will say that the plan is Utopian. The "party-hack" will probably regard it as rank insanity.

Whatever may be the popular verdict upon the Alberta or Wood plan, from a point of view of solid blended, "practical" politics, it has, at least, the outstanding merit of being on a higher plane than any other political proposal before the people of Canada today. In a way it is somewhat intangible. It cannot easily be reduced to set formula. It is founded on good faith, toleration and christian principles. Perhaps there is no room for these in a "modern" political system, which is composed of no function successfully only in an atmosphere of bunk, insincerity, black eigars and bad whiskey. Some may regard Mr. Wood's plan as being somewhat in advance of the human factor. No right thinking person can condemn it. On the other hand, who knows to what heights the human factor might conceivably rise to under altruistic leadership of the Wood type? We might even stop "playing politics" when we found that we had no politics to play with.

After all, is not Mr. Wood's plan purely an extension of the principle upon which we work in our country and municipal administration, where party lines have never gained a foothold? As we see it, it just means the abolition of rabid partisanism and the inauguration of business government. Why be frightened? No one is going to be hurt.

VERMILION RINK WINS AT NORTH BATTLEFORD

Took Second in Travellers' Competition and Third in Grand Challenge

Dr. F. Day Smith's rink covered themselves with glory at the North Battleford bonspiel held from Tuesday to Saturday of last week, having the honor of winning third place in the Grand Challenge and losing out by a narrow margin in the final game of the Travellers' Competition, thereby attaining second prize. Their trophies in the Grand Challenge are four sets of Community Silverware and for the Travellers', four handsome leather Suit Cases valued at twenty-five dollars each. The rink was composed of Dr. F. Day Smith (skip), John Law (vice), F. E. Harris (second), H. Wright (lead).

The boys played nine fourteen games and in the preliminary rounds put all their opponents out; they were fated, however, to meet the strong Radisson rink which won three of the open events—no less than three times in the later stages. Thirty rinks took part in the spiel and the local team report a generally all-round pleasant and enjoyable outing.

Auction Sale of Horses

The Edmonton Exhibition Association and Alberta Provincial Horse Breeders' Association announce the conditions of their third annual auction sale of purebred horses, to be held during the Edmonton Spring Live Stock Show, March 29th to April 2rd. The horse sale will take place on April 1st, and the entries close on March 1st. Manager Stark states that he will mail copy of the regulations and entry forms to anyone who writes for same. The consignment of sale will be limited as soon as possible after the entries close, for distribution to prospective purchasers.

THE STANDARD
VERMILION ALBERTA

R. W. F. COOPER, Editor.

VERMILION, ALTA., FEB. 19 1920

During the past few weeks practically every subscriber to The Standard whose subscription was not paid in advance received an announcement of the privilege of renewing at the old rate. A time limit was set to enable us to put our lists into new books. While those of our readers who have responded run well up into the hundreds, still at this date we have failed to hear from some two to three hundred of our old friends—owing to the fact that for several weeks following the opening of the new year the adverse weather conditions and deep snow kept people at home—the editor makes the announcement that an extension of time up to March 20th is made at which all statements already rendered will hold good. It is trusted that this will result in many more making their returns.

With one new year the subscription rate to The Standard was raised to $2.00 per year. A short time after this change was announced our paper supply house notified us of an increase in price on paper of 40 per cent. For the year of 1919 paper was [illegible] July 1st next. The raise in [illegible] necessitated a further increase, effective [illegible] and [illegible] in anticipation of [illegible] advances in newsprint.

Many publishers of weeklies claim that they are confronted with the fact that it is necessary on a general [illegible] for [illegible] a year rate. Several [illegible] weeklies in Ontario [illegible] Five [illegible] based on a monthly [illegible] among the weeklies is the $2.00 a year rate.

Standard readers are well enough acquainted with the editor to know that so long as it was possible to keep publishing at the one dollar a year rate, he did so and the Standard was one of the very last to enter the list of $2.00 weekly papers. As all old readers are straightening up their arrears and renewing at the dollar rate for another year they are not affected by the advances for some time ahead. The should be sufficient to appeal to the fair minded as to ensure the prompt remittance of arrears and renewals to this office. We feel that we will, we have that confidence in the integrity of the type of readers among whom The Standard circulates.

Will Standardize Coals of Alberta

Research Council to Consider Accurate and Scientific Estimates

Ottawa.—The Research Council has appointed an air research commission with a membership of four, with a large association throughout the Dominion to advise and co-operate with the Air Board of the Dominion on the lines of research to develop aeronautics in Canada. This commission will report on the possibilities for this work, which may be found at the various centres in the Dominion, and it will undertake investigations independently. The fuel research board to standardize the coals of Alberta has been fully constituted and the work will be carried out, it is probable, by the engineers of the Mines Branch of the Department of the Interior, who are also appointed by the council at its meeting here on the recommendation of the executive committee in charge of the fuel research work. The council also decided to ask the Government to appoint a committee to investigate the question of the use of peat for fuel purposes. Arrangements are now being made for the experiment.

She Thought Dyeing Was Old Fashioned

But "Diamond Dyes" Made Her Faded Shabby Old Garments Like New

Don't worry about your results in dyeing. Just purchase a package of "Diamond Dyes" according to your own ideas, and direct your druggist. Even if you have never dyed before, you are sure to get perfect, fadeless results, even if you should make a mistake or have any accident. Druggists are also supposed to know "Diamond Dyes" and how to use them. Druggists are also supposed to know "Diamond Dyes" and how to use them. Druggists are also supposed to know "Diamond Dyes" and how to use them.

ASTHMA

Templetown's HAZ-DAN Cure gives INSTANT relief to victims of Asthma. Don't suffer one day longer. Write Templetown, 142 King St. W., Toronto, for free sample. Reliable druggists sell them at $1.00 a box.

May Get Part of German Naval Equipment

British Government Offers Dominion Some Reparation Claims

In the general wash the allies are receiving enough to keep us comfortable. It is understood that the British Government has offered the Canadian Government as its share Canada would like a battleship. Of course arrangements would have to be made with the British Government to handle the battleship after it arrived in Canada. Long communication.

It Has Been Said—

That you have no idea how big the world is when you're sick. That money, like salt, is necessary and has to be had in accordance with the law.

That politeness is like an electric shock, there may be nothing in it, but it costs the John nothing.

Provincial Act to Restrict Townsites

Saskatchewan Reserves Rights Over the Railways

In future railways which built branch lines in Saskatchewan will be restricted somewhat in their location of townsites by the Town Planning Act, which received its second reading in the legislature. Hon. George Langley, in charge of the bill, said that it had been a misfortune in the past that railway companies had chosen townsites selfish and erratic in their choice of townsite locations. In some cases they had crossed highways which had been improved at great expense and located the townsite some miles away from such roads, thus rendering them almost a waste of money. This would not be permitted in future, as the bill gave the government power to deal with the location of new townsites.

A large part of one of Finland's iron ore fields lies under the sea.

YOUNGSTERS!

Need "Cascarets" when Sick, Bilious, Constipated.

When your child is bilious, constipated, sick and cross, when the little tongue is coated, breath fetid and stomach sour, a few Cascarets will relieve and straighten the little one right out. Children simply love to take Cascarets; they are candy cathartic and it's a pleasure to give them to the little folks when they're sick. Best family cathartic because it never crimps, sickens or causes inconvenience.

If Sleeplessness Is Your Trouble Read This

Sleeplessness is a warning of forces at war within the body—all is not harmony—something needs correction.

Many times out of ten the body is loaded with the poisons of half digested and half digested food. Brain and nerves are irritated, sleep is impossible.

No prescription ever formulated produces the rapid results of Dr. Hamilton's Pills.

They flush every organ from the body, keep every organ working well, remove the evil effect of bad sleep, and set you up in a few days.

Try Dr Hamilton's Pills today. If you have not been better than you feel, see how much easier it is to face the day's work.

Your blood, nerves, and your very system will be built anew with health, vigor and health is sent to every part of your body.

Dr. Hamilton's Pills make each organ do the work Nature expects of it, because it receives the nourishment, strength and vigor to do it with.

Don't take cheap substitutes when you should use Dr Hamilton's Pills. Sold by all dealers. 25c box.

MOTHERS TO BE

Should Read Mrs. Monyhan's Letter Published by Her Permission.

Mitchell, Ind.—"I take pleasure in writing you what Lydia E. Pinkham's Vegetable Compound has done for me. Before using those medicines I suffered with terrible backaches, headaches, and bearing-down pains. I was so nervous I could not rest, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of my nervousness, and gained in strength and weight. I was able to do all my housework, and after the birth of my baby, which occurred two months ago, I was able to be around and do all my housework, and also to care for my baby. I have been feeling fine ever since. I cannot say enough in praise of your medicine, for it has done me more good than anything I have ever taken. I shall always recommend it to my friends."—Mrs. PEARL MONYHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during the trying period by the use of Lydia E. Pinkham's Vegetable Compound.

BABY COVERED WITH ECZEMA

When 4 Days Old. Cross and Cried. Cuticura Heals.

"My baby brother had eczema which began when he was about four days old. It started in the groin and then it was everywhere. He was so cross and cried most all the time. I did not sleep, and mother was almost worn out. I have not seen baby brother since he began to use Cuticura. I have no doubt Cuticura saved his life. He is now a fine baby." (Signed) Miss Violet Cote, Yorkton, Sask., Nov. 20, 1916.

Cuticura Soap, Ointment and Talcum are sold throughout the world. A liberal sample of each, with 32-p. Skin Book, sent free. Address: "Cuticura," Dept. L, Boston, U.S.A.

A Question of Public Interest

Have the People of Canada the Right to Buy Their Own Lumber at Reasonable Prices?

The Retail Trade Growers' association at their meeting on Saturday last filed for an investigation into lumber prices, and as the legislature on May 1st, during the discussion of the lumbering scheme, the minister of public affairs declared that Canadian requirements were not being met because of the fact that United States buyers were outbidding each other regardless of price, for British Columbia's output, with the natural result that prairie provinces consumers had to pay exorbitant prices or go without needed supplies. He predicted further large advances in price and also called attention to the fact that if an embargo was not placed on the export of logs, lumbering in this province would be brought to a standstill.

Now, Mr. Speaker, I wish to say a word or two in the Legislature on this question, with the natural result that prairie province consumers had to pay exorbitant prices or go without needed supplies. He predicted further large advances in price and also called attention to the fact that if an embargo was not placed on the export of logs, lumbering in this province would be brought to a standstill.

Now, Mr. Speaker, I wish to say a word or two in the Legislature on this question, with the natural result that prairie province consumers had to pay exorbitant prices or go without needed supplies. He predicted further large advances in price and also called attention to the fact that if an embargo was not placed on the export of logs, lumbering in this province would be brought to a standstill.

Developing Natural Resources

Drilling For Oil and Gas in Southwestern Saskatchewan

East End, in southwestern Saskatchewan, on the C. P. R. Branch line, known as the Lethbridge-Weyburn line, promises to be the centre of oil and gas drilling. Negotiations have been completed by the Imperial Oil Company for the purchase of the oil drilling outfit there with a view, after a geological survey has been made in the spring, to explore possibilities for oil and gas. East End is also known as Frenchman's Creek and White Bird on account of the peculiar nature of the soil there. It is the centre of large pottery works.

Our Great Blessing

There is nothing that makes home for human happiness than the simple fact that someone needs us, that some task is holding us fast. We only ignorantly think of it as a burden but it is our great blessing.

Russia Completely Mobilized Now

Report Says All Able-Bodied Men Up to 35 Are in the Army

A correspondent of the Amsterdam Handelsblad has completed a tour of Russia and describes in the following remarkable manner the extent of conscription:

Russia has been completely mobilized, he says, all able-bodied men up to 35 being in the army, with no age limit for officers. A deserter's family would inevitably be shot.

The correspondent found the soldiers poorly fed and ill-clothed. Each soldier gets one ruble a month. An officer receives from 200 to 400 rubles a month.

Not content with a system of espionage which is already complete, the government has established a system of counter-espionage, which is directed against the espionage system itself. Every Russian is encouraged to follow what they call "the trail" of the spies.

This Soldier Knows What Helped Him

DODD'S KIDNEY PILLS CLEANED OUT HIS RHEUMATISM

He Found in the Old Canadian Remedy Relief That the Hospitals of Three Countries Did Not Give.

Cape St. George, Nfld. March 1 — (Special)—Eugene Cornet, keeper of the light at Cape St. George, one of the outermost lights on the Newfoundland coast, is a man believer in Dodd's Kidney Pills as a cure for kidney disease and other troubles.

"For two years I suffered from kidney disease and rheumatism," Mr. Cornet stated. "I was treated for them in the hospitals in Europe. But it was left to one of Dodd's Kidney Pills that cured me.

Dodd's Kidney Pills are purely a kidney medicine. By putting the kidneys in order they drive out all the impurities which cause rheumatism. With the kidneys working properly the blood is purified and the rheumatic poisons are driven out. Dodd's Kidney Pills are the only kidney medicine that will do this.

Famous Tree Destroyed

Famous Tree Destroyed

Dunsmuir, Cal., March 1.—The famous Dunsmuir redwood tree, estimated by lumbermen to contain 1,000,000 feet of lumber, was cut down today. It was 300 feet high and 16 feet in diameter. It was said to be the most valuable tree in the world.

Life

Life is made up, not of great sacrifices or duties, but of little things, in which smiles and kindness, and small obligations, given habitually, are what win and preserve the heart and secure comfort.—H. Drummond.

WINTER WEATHER —HARD ON HORSE ONES

A Quinine That Does Not Affect The Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without prejudice to the head, nervousness or ringing in the head. There is only one "BROMO QUININE." Look for GROVE'S signature on the box. 30c.

MCKINNE WINS CHALLENGE CUP
(Continued from front page)

Cup. Tenol, Elbutt, Fourth, Hacker.

Melrose of Moosomin, who played alongside all through this spiel, had the honor of also adding the finest Aggregate play-ing 9 ends with 7 twos and only 2 fours.

Perhaps the best game for the all-round play was the Lethbridge-Medicine Hat game, going up 25 points in two ends and games. This rink was made a 7 rink, being the only one during the spiel.

The Prize List

1, Challenge Cup and 4 Medal Curlers; 2, Four Cut Glass prizes and 4 sugars; 3, Four Electric Irons; 4, Four Japanese Trays.

Bonspiel: Cup and 4 Engraved Aluminum Coffee Percolators and 4 pounds Coffee; 2, Four Large Cut Glass Bon Bon dishes; 3, Four Thermos Bottles; 4, Four Big Ben Alarm Clocks.

Veterans: 1, Cup and Four Souvenir Chairs; 2, Four Carving Tin Pins, gold, 3, Four Meat Grinders; 4, Four 6lb boxes of Candy.

Rink Events: 1, Cup and 4 Engraved Aluminum Coffee Percolators and 4 pounds Coffee; 2, Four Large Cut Glass Bon Bon dishes; 3, Four Thermos Bottles; 4, Four Big Ben Alarm Clocks.

Cutting Down

The H. C. L.

AS the cost of food stuffs are each day soaring higher and higher, it is time a new system of merchandizing was put into effect. By the old system of long credits which entail a certain percentage of loss, it was necessary to charge a higher percentage of profit than by the cash system.

We have put our business onto as near a cash basis as possible and, by eliminating all long credits, we can operate on a smaller percentage of profit and thus sell goods at a lower price than by the old system.

We trust you will see the advantage of this and give us your hearty co operation.

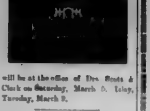
CARD OF THANKS

Mr John McInnes and family, of Cunningham, wish to thank all friends and neighbors for kind assistance and sympathy extended to them in their recent [illegible] and [illegible]



still be at the office of Drs. Scott & Clark on Saturday, March 6, Islay, Tuesday, March 9.

The Vermilion Branch of the G. W. V. A. will hold their regular monthly meeting in the Club Rooms on Friday evening, March 5th, at 7.30 p.m.

Half of the population of the Dominion of Canada resides in the towns and cities.

March comes in cold and rough

Rink manager Mosely believes in encouraging the young boys and during the bumper had a tournament of the youngsters on a curling sheet across the north end of the rink which he had marked out specially for them. Several dollars were collected and two mule competitions were played, eight prizes being awarded. The prize for the boy shown wearing it with the jauntiest. The final games took place on Thursday when Pomeroy met Bateman and Cooper met Trimble. The Pomeroy and Cooper rinks were the champions and each play-r attached a combination ebony hand and nail rubber, that of intelligence and pocket comb—all useful and suggestive presents. The competitors of the rinks were as follows: Walter Pomeroy, skip, Bal ter Keay, Jed Szczerbinski, Harold Pomeroy Herbert Cooper, skip, Norman Wood, Norman Robinson and Burton Barnes. All the boys have requested the Standard to convey their warm thanks to Mr Mosley for trouble and thoughtfulness in providing them with the time of their lives. This is one of the things that count.

The Purple Knights are putting on a masquerade ball at the college hall on the night of the 17th in aid of the local G. W. V. A. library fund. The local recently procured additions to their room and the members are going to try and realize enough to fill the vacant spaces. Invitations will be issued in the course of a few days. It is expected that there will be several innovations in connection with the dance and a good time is assured everybody who can get to be present and with the necessary credential to entitle him to being admitted to the dance.

An unsigned personal [illegible] to the effect that bachelor and their special qualifications for the "Leap Year" gents is on the Editor's desk. The paper informs us that there are quite a goodly number of eligible young men in the district who possess the characteristics appealing to the softer instincts of the fair sex

Results of Voting

The vote last week in Vermilion Valley Municipality resulted in the defeat of By Law No. 6. In Div. 2, H. J. Ronaghan was elected councillor defeating Norman McClellan by 1 vote. R. Sullivan and M. Marie were elected by acclamation for Divisions 4 and 6 respectively.

BLAIR CUP CAME BACK TO TOWN

Two home rinks skipped by Law and McKone, lifted the Blair Trophy from Manville this Wednesday night by 1 shot. The games stood:

Law	9	Hosley	8
McKone	11	Fairbairn	10

Blair Bury wishes to convey to all members of the Women's Institute her sincere appreciation and thanks for their very handsome gift of Secretary, and wishes to say they could not have chosen anything more acceptable and useful

Supplement to the VERMILION STANDARD, Wednesday March 3, 1920

Death of Mrs. John McInnes

The death took place at her home in the Cummings district on Tuesday, February 17th from heart failure of Mrs. John McInnes, at the age of 54 years. The funeral was held on Sunday last, interment taking place in the cemetery of the district, Mr. McClelland officiating. The remains were kept in the expectation of the arrival home of their son, William, from 110 miles west of Edmonton where the stork is being attested; he did not reach here however until Monday and as word could not be got through, it was decided to hold the funeral Sunday. Besides the husband another son, Ivan, are left to mourn the heavy loss. The family came to this district thirteen years ago from the state of Iowa, U. S. and settling in the Cummings district have resided there ever since. A son [illegible] and all but while duck shooting a year ago and his tragic death was a very severe shock to his mother at the time. The family have the sympathy of all in their sad bereavement.

Canada exported to Great Britain in 1918 only about two and a quarter per cent of the total importation of beef there.

The following note appeared in the Toronto Globe:

"Do with the dancer, let 'flu' be unconfined."

The Edmonton Journal reports the city of Jerusalem has had a snowfall of 30 inches and great distress and hunger ariel them. It commente s: "The world is upside down in reckoning locally and every other way."

A party who has just returned from the Southern States says that owing to the demand for excessively large wages, manufactures and fruit growers are engaging Japanese labor of whom large numbers have been brought into the country. The wages paid are about $1.50 a day.

R. B. Brooks, public school inspector, of Stoney Plains, was a visitor in town the first of the week returning home Wednesday. His many old friends were pleased to see him.

Mrs. John Thomson Succumbs To Injuries

It is with very deep regret that the Standard announces the death of Mrs. John Thomson, who passed away at the Vermilion Municipal Hospital on Tuesday night. Owing to her weak condition following the terrible accident last week, it was not found possible to operate until Sunday. The remains were shipped to her old home at Priestfield, Sask., for interment and were accompanied by the bereaved members of the family.

The Rev J. E. Tyner, for several years past the esteemed pastor of the Church of Christ, town and outlying mission points, has been extended a call from the first Baptist Church of the city of Nelson B.C. and has accepted. He will commence his pastorate the beginning of May. Mr. Tyner has been doing good work in this field, but felt owing to a long service in the west and his advancing years he was unable to continue the heavy winter drives necessary to supply his field and consequently a short time ago tendered his resignation.

See E. L. Hadley's adv. and watch each week for Specials

SCHOOL CONCERT WAS REAL TREAT

Performers and Teachers to be Heartily Congratulated

The school concert given in the Columbia theatre last Thursday was well patronized, and the efforts of those instrumental in preparing such a delightful treat received appreciation deserved. The concert programme, in addition to the several musical items introduced, made it beyond doubt, if not the best among the best ever put on here. The object of the affair was to provide funds to [illegible] the very equipment [illegible] the development of the physical side of the pupils' school life, the proceeds netted, amounting to nearly $185.00, is sufficiently encouraging for a start in this direction.

Though sickness necessitated a change of personnel in several numbers from the published programme, all were laudable and commended. This was the [illegible] in Britain and Canada [illegible] sparks, by 18 years of age. The eight [illegible] were [illegible] were due to [illegible] [illegible] during [illegible] [illegible] high school [illegible] [illegible] compared with [illegible] Hoppe, Dora Hamilton, Alexander, Peter Chernecki, Lionel Hen[illegible] Orlando Andrew, Jessie Ploss [illegible] were numbers [illegible] [illegible] were [illegible] [illegible] [illegible]

If After Eating You Have Pain Stomach Needs Aid

Specialists who have devoted their lives to the treatment of stomach ailments tell us that many people who complain about their stomachs have no stomach trouble at all.

You may suffer from burning gas, sourness and other unpleasant symptoms. If so your best course is to toss up for better health a reliable vegetable remedy like Dr. Hamilton's Pills. This old-time family medicine is a wonderful corrective of all digestive and stomach disorders.

There is no mystery about the quick effect you get from Dr. Hamilton's Pills. They simply supply the additional vital energy to the stomach and other organs to make them work properly.

You'll enjoy your meals, digest everything you eat, look better, feel better, be free from headaches, nervousness and indigestion, all these benefits come to all that use Dr. Hamilton's Pills. Every man or woman with a stomach ill is advised to spend 25c on a box of this wonderful vegetable remedy.

Pembroke sat dim upon his arrival and took him to his quarters, where they had a long talk. Ruggles described how he had established his world and the social attentions that they were already receiving. He spoke also of the early unrest and the manner in which he had checked their demonis.

"I wrote to this Comte de Castelfranco," he concluded, "and told him straight that there was no use in his asking for Rosa unless he got a cash permit that he had a residence in his own credit. He hasn't answered the letter when I left."

Pembroke nodded. "Lamberte hasn't a sou, poor little devil," said he. "He's on clean starvation rations now, and I'm on a strict allowance that the old girl has fixed for me. Between you, who has nineteen francs to his name, and myself, who has a beggarly allowance, we ought to be able to get Lamberte married. Now, how about Rosa?"

Ruggles shook his head. "No," he answered hotly, "it isn't that, either. "Then what the devil is it? What's your trouble, anyhow? I don't believe you, though, I'm not pressed—asked your permission, my dear fellow. I'll marry her anyhow, and let the dot go hang."

Ruggles leaned back in his chair and looked thoughtfully at his friend's boot face.

"Say, Lord Pembroke," said he, "do you ever have any pig keepers in your family?"

Pembroke's strong jaw fell. "Pig keepers! Are you mad, Ruggles?"

"—and you needn't get mad about it. There's no harm meant. I'm not asking for myself."

"Pig-keepers — what the deuce do you mean, Ruggles? You haven't been drinking?"

"Look here, Pembroke,"—Pembroke's jaw hardened and his eyes began to flash—"I don't mean to be insulted now and again, but if you don't like my company you're welcome to quit of mooney—"

"Hold on a minute," Ruggles realized his hand. "Just try to keep your temper and you'll see in a minute what I'm trying to get at. There's a peculiar question I want to ask you. Now I've heard you speak of your grandmother, and I know you think a heap of her. How would you like it if people were to point at her and say, 'See that woman? Well, her father's locked home on the hotel's second and did her family's end water in the right hand.' Now, how would you like that?"

"Why, I'd—I'd—I'd—" Pembroke's face was a study in perplexity. "I'd—I'd—I'd—

THE STANDARD
VERMILION, ALBERTA
S. B. PURDY, Editor

THE STANDARD
VERMILION, ALTA., MAR. 7th, 1919

The Standard is pleased to note that the Town Council are to be represented at the forthcoming Provincial Convention of Towns, which is to be held in Edmonton on March 18th and 19th. The object of the convention is to discuss matters of interest to the Towns of the Province, and to bring before the Government the needs of the Towns in the way of legislation. The Standard has always been a strong supporter of Town Councils, and we believe that the Council of Vermilion will be well represented at the convention.

The Town Council are to be represented at the forthcoming Provincial Convention of Towns, which is to be held in Edmonton on March 18th and 19th. The object of the convention is to discuss matters of interest to the Towns of the Province, and to bring before the Government the needs of the Towns in the way of legislation. The Standard has always been a strong supporter of Town Councils, and we believe that the Council of Vermilion will be well represented at the convention.

In view of the matter being brought before the board of the Vermilion Municipal Hospital as to their relationship to epidemics such as we are experiencing and as to their position relative to the use of the Hospital for contagious diseases, the chairman of the finance committee has taken up communication with the provincial authorities at Edmonton and informs the Standard word received states that hospital boards have no authority to sanction the use of hospitals for contagious diseases. The power rests with the Provincial Board of Health alone; further direct responsibility regarding epidemics. It is quite apparent from past experiences that epidemics of any kind or another are likely to break out regularly, and for this purpose and the proper isolation of those who may unfortunately be stricken, an isolation hospital should be provided where proper nursing and medical treatment can be had.

A Vaughan of Craig Brae, who recently sold his residence in the east end to W. E. Trimble, contemplates moving with his family to British Columbia in the near future. The departure of Mr and Mrs Vaughan and children will be generally regretted, as they have been long and respected residents of Vermilion.

[illegible]ing and Plain Sewing promptly done. Children's clothing a specialty. Mrs. Kelly & Daughter, Rooms in late office of Jos. Mace, First St North

W. I. Notes

The regular meeting of the Women's Institute was held on Wednesday March 3 at the school of Agriculture. After the usual business was disposed of a most delightful program was given. Mrs. Edwards read an interesting paper on Ireland, sharing some of the characteristics of the Irish race, and in general their industry pointing out the fact that their literary records and laws were responsible in shaping and even framing the world as it is to-day.

The fall dances by several High School girls, and so fresh in memory completed the program. These were very cleverly done and well received. Next month's program will be in charge of Mrs. Tugwell

The Bob Wilson Company played to a good house Monday night at the Columbia, giving a first class entertainment which was hugely enjoyed by everyone.

A Dance and Pie Social will be held in the Pelican Lake schoolhouse on Friday evening March 26th. Good music, everybody come. Big time assured—come one, come all, big or small and help to clear the cranium away.

The Rev. M. L. Wright, Methodist pastor, is able to be out after a severe attack of bronchitis.

"Hope deferred maketh the heart sick"—Spring will be heartily welcomed by town and country alike.

Two visits from Lloydminster are slated to play at the local rink this Thursday night against Vermilion in an attempt to lift the Blair Cup

D. A. McKenzie, who for the past four years or so has been the able and capable manager of the demonstration farm at Vermilion, has been appointed to the Dominion Live Stock branch with his headquarters at Prince Albert, Sask. The removal of the family from here is generally regretted. Mr. McKenzie has always found time to assist every agricultural movement in the community and is recognized as an outstanding authority on live stock matters. He has been a great worker on our Agricultural Society board and contributed in a large measure in bringing it up to its present standard. His service as judge in live stock lines on the fair circuit have been in constant demand. The move up is well merited

Married

At the home of Mr and Mrs John Selfelt, Vermilion, on Tuesday, Mar 7th 1920, Thomas F. Hindmarsh, eldest son of Mr. and Mrs. T. Hindmarsh of Maughan, to Miss Jean Clark, second daughter of the late Andrew Clark and Mrs. Clark of Manaville, Alta. The marriage ceremony was performed by the Rev. J.E. Tyner of Vermilion.

[illegible] entertainment.

Senior talent assisting were Mesdames Prime and H.N. Stephens in a vocal duet and Mr. Jim Pickard, a sol. [illegible] Pilkie after the first part of the program kindly showed some moving picture scenes.

The music for the drill and elk dancing was played by Miss Beaumont of the High School staff. The McKee Orchestra rendered a full score of inspiring selections during intervals throughout the evening. The public are indebted to the staff of both public and high school for the enjoyable entertainment, and can only hope another may be forthcoming in the near future.

BLINDFOLD BUYING

The man who rushes blind's into the first yard he comes to when he buys lumber will never get round-shouldered carrying the money he saves by such tactics.

Those who reason that all lumber is alike because it looks alike, have selected never go once evening. There's as much difference in lumber as there is in shoes or clothes, and you don't buy these with your eyes shut, do you?

As lumber is supposed to last a long time, quality should be the first consideration in buying.

Your money talks here, of course, but what you get for your money talks more yet. Our rule of quality first—then price—satisfaction always—doesn't take any chance for blindfold buying at this yard.

His Grace Archbishop Legal is Dead

Archbishop Legal, the venerable head of the Roman Catholic church in the Edmonton diocese, died at the General hospital at Edmonton at 10.45 Wednesday morning after a long illness from which it had been known for several days that he could not recover. His death is generally regarded as a deep loss to Catholicism in Alberta.

Government Clyde Stallion
Further notice is hereby given that the Clydesdale stallion purchased by the Alberta Department of Agriculture, "Clyde Masterpiece" 1927, during the season of 1920, will make application to R. G. Curtis, Live Stock Commissioner Department of Agriculture, Edmonton, giving name and registration number of mares. A fee of $20 will be payable at time of service, and a further fee to be fixed by the Clydesdale committee and the Live Stock Commissioner, will be due when foal is three months old.
The services of the horse in the province will be decided by the committee, and arrangements will be made that the service fees in every case will be fixed at the same rate in regular use by patrons residing in different parts of the province. Owners' particulars will be published shortly. Any person desiring to breed mares should make application at once. The stallion will likely be ready to begin the season about May 15th. The committee and Live Stock Commissioner reserve the right to refuse the use of approved mares and mares not in foal may be sent home as may be deemed necessary regarding the services of this stallion.
H. CARVILLE
Live Stock Commissioner

Edmonton Spring Live Stock Show
The exemption rates of fare and one-third will attract many to the Edmonton Spring Live Stock Show, which opens on March 29th, beginning at the Belle Lake Park, place on Monday, March 29 h, and the bill sale proper will commence on Tuesday morning; the horse sale is scheduled for Thursday, April 1st. Each evening of the week and the afternoons of Friday and Saturday are devoted to the giving of a splendid programme, including the showing of big steppers, carriage and roadster horses, saddle and jumping horses, ponies, and the horse specialties—heavy horse classes; in addition, there will be a number of the popular children's calf feeding competition which always attracts large crowds of both country and city visitors, and the last three days are devoted to the sheep and pigfeeding competitions.
The stampede features will be the popular classes to be run in the programme each evening, with $1,500 to be given away. Guy Weadick and Jack Knight, of Calgary, will be in charge of the stampede features. Mr. Weadick has brought a number of the Calgary stampede cowboys to Edmonton each afternoon and evening. 30 minute displays will be given by Guy Weadick and Jack Knight, of Calgary, and Jack Watson, champion bronco rider of Edmonton

Canada: A Nation In A League of Nations

stone will force upon us, we have failed to appreciate many of the fine qualities of recent whom we have brushed aside as "foreigners"; we have failed to learn from them many things which would have added richness and variety and strength to the life of Canada, we have been too intolerant of racial problems of Europe, too prone to measure the [illegible] of nations by the wrongs of the soldier settlers [illegible] a cutting sneer. On March 1st [illegible] arrived in this city [illegible] participate in the course. They [illegible] are given a warm welcome by the [illegible] of the city.

MESSAGE TO RESIDENTS OF VERMILION BY FOUR MINISTERS

Dear Friends:

It is essential in any enterprise that there should be meetings from time to time of the board of management, or other officials, and this applies to the work of the Churches, just as much as to any business. We are to do and important duties, having our work efficiently, our Vestries, Boards of Management, Choirs, ripal, social or recreation purposes, Sunday school Teachers, Young peoples clubs, etc., must be able to convene and arrange for the efficient carrying out of their duties.

It is becoming increasingly difficult to find a time for such meetings, owing to the fact that all citizens co-operate with us as practically every evening in the week is taken up with some function. They come to be either a council, or lodge meeting, or some social function on every night of the week, with the result that Church meetings are either unable to be held or but poorly attended.

Every thoughtful person will agree that such a state of things is detrimental to the work of the Churches, which are vitally connected with the highest interests of the community. We have decided, therefore, after thought and consultation, to make a public appeal to all Church members and others, reasonable so to commend itself to us all, and we are sure that it will make for the greater efficiency and usefulness of these religious organizations in charge of which we are respectively placed.

We remain, in the service of Christ and our fellow men.

Yours faithfully,
W. F. BURNS,
M. LUNDAY WRIGHT,
J. TYNER,
H. A. EDWARDS.

to organize their time that one evening may be left free for Church work, such as we have mentioned above. We think that if managers of other societies, as well as the six week nights, one should be reserved for these serious any leagues, if we are to do and important duties, leaving our work efficiently, our Vestries, Boards of Management, Choirs, ripal, social or recreation purposes, Sunday school Teachers, Young peoples clubs, etc., must be able to convene and arrange for the efficient carrying out of their duties.

Further, since Wednesday night has always been the night for holding the midweek service, we ask that Wednesday may be the night so reserved, and we earnestly request that all citizens co-operate with us as far as possible by refraining from planning or attending social functions on that evening. By this arrangement, all board meetings could be held on one night every night of the week, with the result that Church meetings are either unable to be held or but poorly attended.

Every thoughtful person will agree that such a state of things is detrimental to the work of the Churches, which are vitally connected with the highest interests of the community. We have decided, therefore, after thought and consultation, to make a public appeal to all. Church members and others, reasonable so to commend itself to us all, and we are sure that it will make for the greater efficiency and usefulness of these religious organizations in charge of which we are respectively placed.

We remain, in the service of Christ and our fellow men.

Yours faithfully,
W. F. BURNS,
M. LUNDAY WRIGHT,
J. TYNER,
H. A. EDWARDS.

SOCIAL SERVICE LEAGUE DISCUSS ORGANIZATION

Provincial Executive Plan Campaign Regarding Referendum on Liquor Traffic

Moosomin, Saskatchewan, Jan. 28, 1920.

Following the announcement made by the government that the necessary request for a provincial referendum on the Interprovincial traffic will be sent to the federal authorities, the Alberta Social Service League convened its provincial executive on Friday and discussed plans of organization.

The meeting was held in the parlor of the First Baptist church and had two sessions, one at 10 a.m., and the other at 2 p.m.

Although the notice was short, the attendance shows the intense interest that is being taken by the temperance forces of the province. Mrs. McKinney, M.P.P., president of the league, occupied the chair for the morning and afternoon sessions, acting only to be present for the session of the legislature at 3 p.m. Captain Robt. Pearson (ex-M.P.P., and vice-president, was also present during these hours. Rev. Archdeacon Howerell, 2nd vice-president, was also present. Other members of the executive who were present were P. Baker, vice-president of the U.F.A., and who represented that body at the meeting, as well as Alderman Rice-Heppenstall, Mrs. Sears, president of the U.F.W. from Nanton, and Mrs. A. M. Hart, Carbon.

These two ladies were the official representatives of the United Farm Women. Local branches and religious denominations from all parts of the province were represented by the following: John Galloway, Ft. Saskatchewan; Joseph Scott, Innisfail; C. H. Cummins, Pacific; Mrs. W. Elmer Rice-Magrath, P. H. Tibbedeau, Stettler; Mrs. Bryan, Taber; Rev. J. G. Gaudard, Hardisty; Mrs. A. G. Wilson, Dalhousie; J. F. Stills, E. C. Wells, mayor of Leduc; Rev. Jos. Coulter, Calgary; Mrs. Nancy A. Parks, Youngstown; W. G. Hunt, Calgary; Dr. Archer Lamont; J. H. Macdonald, W. H. Reid, Mrs. Ferrier, Rev. D. M. Thomson, Rev. G. A. Clark, Rev. F. S. Rexborough, Rev. E. MacGeagan, Dr. C. C. Buchanan, Rev. Wm. Irwin, Rev. G. H. Cobbledick, H. H. Hull and Rev. S. E. Bishop, Edmonton.

President Mrs. McKinney in a few well chosen remarks, outlined the present situation confronting the temperance forces of the province in the campaign that was before them, and H. H. Hull, business manager of the league, outlined briefly the plan that led up to the present opportunity for the referendum. Mr. Hull attended the meeting of the Dominion prohibition committee at Montreal in January, at which the resolution was passed which called upon the different provinces to ask for the referendum and if possible have the vote taken at the same time in the different provinces. He said that the Dominion government had granted two of the three requests, that the Dominion prohibition committee had asked of them. First, that they grant the right to take a vote on the question, and that the vote be not taken until the soldiers had all returned to civil life. The second request had been removed on January 1st, where the committee had asked that it remain in force until the vote had been taken.

Copies of the resolutions that had been presented to the government were distributed to the delegates who by motion again unanimously endorsed them and by resolution complimented the committee for the able manner in which they had been handled. After full discussion it was unanimously decided that the present organization should lead the fight in the coming campaign as it was found impossible for the reorganization under the new charter to take place in time to take over this work.

The appointment of a campaign committee resulted in the following: President and vice-president, Messrs. Rice-Sheppard, Archdeacon Howerell, E. McGougan, G. H. Cobbledick, C. H. Cumming, Dr. Archer, W. H. Reid, H. L. H. Wells, Prof. J. E. Ottewell, G. H. Clark, E. F. Malone, and Mrs. Nellie McClung.

Organization plans were discussed and the business manager was asked to prepare a budget of the necessary amount to finance the campaign. It was felt that notwithstanding the splendid response made by the people of the province that the necessary money to meet the campaign expenses would be easily secured when the individual responsibility was made known.

Recognizing the present abuse of the mails that allowed the running into Alberta of drivel soliciting liquor business, a resolution was introduced and passed unanimously, urging upon the Alberta laws that would permit inside of the p... the secretary was authorized to send forward to the Dominion government a request to be made to the Postmaster General, calling his attention to the matter, and asking that this privilege be withdrawn.

A resolution was also passed expressing the appreciation of the league to the Dominion government for the framing of the Soldiers' Civil Re-establishment Act. And in which there was no... ...ing that liquor traffic would be ... ...ing the transfer to all British subjects, male and female, over the age of 21 years.

CLYDESDALE STALLION FOR ALBERTA'S USE

Hon. Duncan Marshall Announces Purchase of "Craigie-Masterpiece" from Scotland

Hon. Duncan Marshall, Minister of Agriculture, announced to the Legislature of the province yesterday that he had completed by cable today the purchase of an outstanding Clydesdale stallion for use in the province under the rule made for that purpose last session. N. L. Way of Calgary, a member of the Clydesdale commission of the Province of Alberta, believes in Scotland for the past few weeks and after looking over the available horses along with Mr. James Pickers, and making certain reservations, it was decided to purchase the stallion Craigie Masterpiece (12927) (11) bay. Mr. Way says, is a magnificent specimen of the breed. He is the type that the Minister of Agriculture has been looking for in securing. He weighs upwards of 2,100 pounds, is rising seven years old, and is from one of the real good breeding horses in Scotland. He has not been exhibited very often, but as first as a foal at the Ayr and Inch Shire and in 1918 was received with the 100 pound premium at the Glasgow Stallion Show, which places him well at the top. He has also held the following premiums: Ayr and Scotland and Maryhill in 1916, Dundee and Cupar of Gowrie, 1917, Perth Royal, 1918, Aberdeen, 1919. He was bet to the Seat of Fairy Boy for 1920, but his proprietor, Mr James Marshall of Craigie Mains, the prominence of one of Scotland's most famous sires, was unable to accept the offer of purchase to go to Alberta. His get... Wee Jimmie, Jean Gardener and a fine foal of his won the championship at Leslie last summer. Craigie Masterpiece is by the great Carruchan's Lass Everlasting, which was twice champion at the Highland Show. Jock's dam never previously made by any stallion. Everything was also a great breeder, how... ...ts of good, big, quick, with plenty of size and sufficient quality. Craigie Masterpiece's dam, Jessie, 27168, has been one of Scotland's great mares. She was sired by "Redwhich" who himself was not only first in the Highland Society show but also won the Cawdor cup at Glasgow "Jessie" herself was first and champion at Elgin in 1909, first in 1910 and has been the dam of numerous prize winners, also the sire of one of the best breeding horses that have been imported. The price paid was 2,300 pounds sterling which at the present rate of exchange amounts to ...

SHEEP "AT LARGE"

Medicine Hat News: Hon. Mr. Justice Simmons has given judgment quashing without costs the conviction of Christian B. Petersen, police magistrate at Brooks, on January 24th, for allowing a number of sheep to run at large within the municipality contrary to the by-law. Petersen submitted that the sheep were in charge of a herdsman within the prohibited area, and that consequently he was not running them at large within the meaning of the by-law. The question is one of interest to sheep owners and ranchers in the province, and the decision will be watched with interest by all concerned. Mr. Justice Simmons accepts the contention of the defendant for the purposes of this judgment, but gives no decision as to whether the contention is correct or not.

Old Age Deferred

BY DR. LEE K. FRANKLIN

Business men who must speed up the works and make business boom during these days—after the war—must overgain the necessity of keeping fit. When mind is lethargic, when you have dull headaches or feel lazy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid spoonful bath (cold water if it does not chill), follow with a bowl of mild gruel; a sufficient "setting up" exercise in good air until you are in a glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one made up of May-apple, aloin and ginger, sold in tablet form as Dr. Pierce's Pleasant Pellet. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in life thus, you can pass a Life Insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of salt (salts) or distilled water daily between meals. Then procure at the drug store Dr. Pierce's Anuric (anti-uric-acid). This "Anuric" drives the uric acid out and relieves backache and rheumatism, as well as the uric acid gout and relieves backache and rheumatism, as well as the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anuric dissolves uric acid as hot tea dissolves sugar.

FARMERS BREED PERCHERONS

The only breed of draft horses ever shipped back to England from Canada for breeding purposes were Percherons.
The greatest breed of draft horses in North America are Percherons.
The safest investment in draft horses today is Percherons.
A grade to own—A pleasure to handle.
We will make you sizeable in your horse breeding this year if you are a Percheron breeder.

V.A.S. DIRECTORS MEET

A meeting of the directors of the Vermilion Agricultural Society was held on the 15th inst. when matters of much import were under discussion. The delegates to the Alberta Fairs Association held in Edmonton on Feb. 24 and 25, reported this year's dates for the Fair as Sept. 9-10, also that Mr. Gallraith the Supt. of Fairs & Institutes, in an address along these lines stated that Vermilion and Stony Plain had the best fairs in the province.

Anent the 1920 fair it was decided not to have a midway as it was considered that it detracted from the educational advantages of the exhibition. As an incentive to better and more painstaking placing the directors decided to hold a Parade Match on about the 16th of June. This is a move in the right direction.

If possible a School Fair is to be held on the first day of the fall fair.

Sickly Women Given Strength Vigor, Spirits

Many of the woes of womanhood are due to kidney weakness.

At first the back aches.

Then pains gather around the hips and lodge right in the small of the back.

To stoop or bend seems impossible. Headaches and dizziness.

Unhappy existence. No pleasure in life when the body is overloaded with poisons that the sick kidneys can't filter out.

Bright's disease is the next stage, but it can be prevented by using Dr. Hamilton's Pills of Mandrake and Butternut. They cure sick kidneys and cure them permanently.

When the kidneys are healthy pure blood is formed.

Then comes nourishment and strength for the whole body.

Backache and drooping spirits are forgotten. Irregularities disappear. Vital energy is restored and happy, robust health is once more established.

Dr. Hamilton's Pills for women's ills in the shape of Bowel trouble.

Enormous boxes—no, not wash-tubs boxes they are, and no scrimping of pay out medicine that will do their work gradually but surely.

Try the make of kidney pills for the sake of your home, for the advancement of your general well-being, you can [illegible] on Dr. Hamilton's Pills, 25 cents box

Death of Percy Paster

George Percival Paster of Vermilion, died at the Royal Alexandra Hospital, Edmonton, on Tuesday, March 16th peritonitis, at the age of 18 years, 11 months and 20 days. The funeral was held from the Presbyterian church, town, on Saturday last at 2 o'clock, the remains being laid to rest in the Vermilion cemetery. The Rev. Bates officiated. The bereaved members of the family have the general sympathy in their sorrow and affliction. Percy was well known and his death at so early an age came as a shock to his young friends. He was employed by a milling company north of Kitscoty when taken ill and was sent to Edmonton for care and treatment, and realized a day or two before his death held out little hope for recovery. He succumbed suddenly Tuesday night from heart failure.

BANDWAGON BUYING

The man who makes [illegible] purchases [illegible] comes to when he buys lumber will never get [illegible] satisfied carrying the money he saves by such tactics.

Those who reason that all lumber is alike because it looks alike, have a rude awakening coming. There's as much difference in lumber as there is in shoes or clothes, and you don't buy these with your eyes alone.

As lumber is supposed to last a long time, quality should be the first consideration in buying.

Your money talks here, of course, but what you get for your money talks more yet. Our rule of quality first - then price- satisfaction always - doesn't leave us room for bandwagon buying at this yard.

VANGUARD OF BRIT. SETTLERS IN CANADA

20,000 COMING

Port Arthur, Ont., Mar. 19. Fifteen hundred immigrants, men, women and children, the vanguard of 20,000 English, Irish, Welsh and Scotch, who are coming to settle in Canada, passed through here today in three special trains from the C.P.R. They arrived at St. John on the steamers Metagama, Montrose and Empress of France. There are still a few more steamers due to arrive in Canada from now until the 15th of May, so it is safe to say that these people several hundred of whom will settle in B.C.

Three Egyptians Tried Martial Although Civilians

China's Plans

Allies Occupy Turkish Capital Without Trouble

To Preserve Supremacy Of The British Navy

Long Declares Nation Will Keep Up Power According to Other Countries

London — Walter Hume Long, First Lord of the Admiralty, told the House of Commons that the government was firmly adhering to the traditional policy that the British navy should not be inferior to the navy of any other power. This adherence to the two-power standard, he declared, is the only safe course for the empire. He said that the estimates for the navy are necessarily heavy, but that if there is any economy, between us, it is not at the expense of the navy.

Japs Going To South America

In Future Will Avoid the U.S. for Settlement

Honolulu — Japan is emigrating to South America instead of the United States, according to a Japanese official returning to Japan via Honolulu. Two Japanese colonies have already been established in Brazil by the Japanese government, he said. The immigrant quota to the United States probably will continue to be filled from Japan's present population of 56,000,000 as long as Japanese laborers are needed in the industries of Japan's island empire, he declared. Japan is developing Japanese business in South America.

Bavarian Diet's New Premier

Kahr Will Fill Position Until New Diet Is Chosen in May Election

Copenhagen, according to a Munich dispatch received here, the Bavarian Diet assembled in Kahr premier. The assembly, which is composed of representatives of people's meetings, and had been called by Premier Kahr, decided that it was to be elected in the Diet in the next election.

The national people's party, the dispatch continues, declared that its extensive powers had been granted to Premier Kahr on the condition that the long ill and state constitution would be immediately restored, that the full liberty of officials, workers and employees to unite would be guaranteed.

Allies Forces On Rhine

American Army of Occupation in Germany Numbers 14,000

Coblenz—The American army of occupation, numbering 14,000 officers being armed and equipped on the basis of modern field equipment as the orders received here by the commander. There have been no more men to the number any provision as to substitute artillery except those organized with following the re-opened negotiations. It has been stated that the forces on the Rhine are estimated at slightly more than 100,000 men.

Armenians Ready to Help

Adana Area Master The Armenians here have turned their sleeves and have offered the French that they will organize Armenians to the number of 10,000 men to assist in the defense of Hadjin northwest of Mamash. The Armenians here are prepared to be stationed in the mountains to the north of Hadjin and to defend the passes in the mountains. The Armenians here are prepared to be stationed in the mountains to the north of Hadjin and to defend the passes in the mountains.

Opposes Franchise For Jap Veterans

B.C. Politicians of All Parties Protest Against Dominion Proposal

Victoria, B.C. — The government's proposal to grant the franchise to Japanese veterans of the Canadian expeditionary force is arousing strong protest from members of all shades of politics in the house, and when the debate on the motion for the second reading of the Elections Act was resumed with, it was made clear that where the bill reached the committee stage a determined effort to defeat the provision will be made. W. J. Bowser, opposition leader, will move an amendment striking out the provision, and he will receive support from all sections of the house, as well as the soldiers representatives in favor being against it.

Paris Threatened With Novel Strike

Cinema Waits and Chauffeurs Will Refuse to Work

Paris—Chauffeurs threaten Paris with a novel strike, their demand being that motor cabs have been allowed for increased taxation since the war. In the days when long line of taxis have been seen at the cabs are having taken to walking and the chauffeurs are finding their business ruined. Ninety per cent because of the increase in taxation, and they demand that the rates be brought back to the pre-war basis.

Increase Guard On Ex-Kaiser

Dutch Home of Former German Emperor Has Been Turned Into Prison Fortress

Amerongen, the Netherlands—The Dutch guard has Count Bentinck's estate, the castle of Amerongen, where former Emperor William and Crown Prince Frederick William have made their home during the latter's internment, practically impregnable. Over the unexpected room, the garden, the castle has been made impregnable. The castle is mounted on an island, the land is also surrounded by walls.

Special line and military police patrol the roads night and day. Every sighted on the main entrance is arrested and searched. Even the servants of the castle, in another gate, barring every other driveway to the drawbridge. Every servant is known to the guards, familiar, on, where the road bends at the gate, there is a guard house. Then coming to the right a d means leads to the castle on which the castle is situated. Finally there is a third gate.

Beyond the gate is the castle, the castle is a meadowland crossed by ditches and bridges and in the rear there are gardens, formerly watered by ground against the climbing of enemy planes. No plane has been seen over the former monarch's domain since Dr. K. Kan general secretary of the Dutch government, who is in charge of guarding the Hohenzollern, had to produce a pass before being allowed to land.

Coal Located at Jasper Park

Winnipeg, Extensive coal deposits are totaling nearly 20,000,000 tons, and living within three feet of the surface, are found in Jasper Park, according to Dr. J. Mellonall, general manager of the Pacific Coast Fisheries Corporation, who was recently in the province on a business trip.

Spaniards Seek Hidden Treasure

Madrid The newspapers are discussing of the government to the raising project of recuperation in the province of Leon, to extract from the mass, which are believed to be buried there and which is known to contain great quantities of jewels and money, and kingdoms of great value. The papers desire that the task be assigned to experts who would be able to making a success of it.

Boy Killed By Classmates

Pueblo, Colo.—Free schools are treated in connection with one of the Ku Klux Klan's creations, according to the police, that they are responsible for the death because they were jealous of his high standing in the school here, it is charged.

Execution of Abrezte

Agua Prieta, Sonora, Mexico — Jesus Abrezte formerly a colonel in the army of Francisco Villa and agent in Costa operating as a bandit and plundering a lone hand in the central and southwest sections of Sonora has been executed by Carranza soldiers according to military authorities here.

Sims Concludes Charges Against U.S. Naval Dept.

Want Completion of Hudson Bay Road

Western Members Form Organization Which Is to Carry on Propaganda Work

Ottawa — Western members of the House of Commons held a meeting and decided to press for the completion of the Hudson's Bay railway this year. Those present formed themselves into an organization which will have a permanent executive, and the United States ratify decided to draw up a letter to be sent immediately to the public paper asking the government to proceed with the work at once.

J. A. MacNutt, Saltcoats, M.P., proposed the resolution, which was seconded by J. A. Campbell, The Pas member.

W. Cavell was asked to act as chairman of the meeting, and on the motion of Mr. Campbell was elected secretary-treasurer. Mr. Cavell, in addressing the meeting, said that the time had long since arrived when the people of the west should be given an opportunity to have their say in the matter of the completion of the railway. He was in favor of the government proceeding with the work at once.

Earl Grey to Tour U. S.

Stated That He Will Visit America and Lecture on League of Nations

Montreal — A Toronto International Service dispatch to the Montreal Star says: Earl Grey, former governor-general of Canada, is to visit the United States next month, according to a statement made by a prominent Canadian who has returned from a visit to the United States. Earl Grey is to lecture on the League of Nations. He is to be accompanied by Lady Grey. Earl Grey will leave for the United States on April 21.

Montreal — Chairman of the Montreal Harbor Commission has stepped out of the chair to make room for Lieut.-Col. Wilson Gow, M.P., who was elected unanimously to the position. Col. Gow succeeds Hon. Charles Marcil, who has been appointed chairman of the Canadian Government Merchant Marine.

Kapp Regime Is Ended After Short Control

Washington — Concluding his long arraignment of the navy department's conduct of the war, Rear Admiral Sims had before the United States senate investigating committee three-fourths of the task of refuting charges laid against the navy by Representative Hobson, democrat, Alabama, and others.

Admiral Sims said that not only had been going on for nearly three years, and the United States navy decided to draw up a letter to be sent immediately to the public paper asking the government to proceed with the work at once.

J. A. MacNutt, Saltcoats, M.P., proposed the resolution, which was seconded by J. A. Campbell, The Pas member.

W. Cavell was asked to act as chairman of the meeting, and on the motion of Mr. Campbell was elected secretary-treasurer. Mr. Cavell, in addressing the meeting, said that the time had long since arrived when the people of the west should be given an opportunity to have their say in the matter of the completion of the railway. He was in favor of the government proceeding with the work at once.

If Your Food Ferments or Disagrees Just Read This!

Thousands of broken-down dyspeptics have recently been given back their health.

These happy people don't proclaim it as a miracle that restored them with a new lease of life—it was simply their common sense in selecting a tried and proven medicine, one specially adapted to their particular ailment.

All those splendid cures were effected by Dr. Hamilton's Pills, which beyond all question have a strange power to restore a weak or ailing stomach.

If your stomach is tired and overworked try Dr. Hamilton's Pills, and note the prompt improvement. Pain before or after eating will disappear. You'll no longer have that nauseous gassy, bad tasting sensation. You'll have real vigorous appetite and relish what you eat. Lots of well-digested food is bound to increase your strength, its rush you brighter and more ambitious, in a week you'll feel like a different person, in a month you'll be permanently rid of.

For folks who are out of sorts, suffering from a bad stomach, dyspepsia bothered with headaches or constipation, Dr. Hamilton's Pills will prove a boon

Filling His Own Shoes

(Continued)

Oddly enough, Rosana's point of view was merely the Oriental addition of Rosalind's. It was quite reasonable. She had begged to His mild Paris, and there was a failure to her and had loved her for her beauty and helplessness, and had given her the rendered to him. But now Hamal Strongly had been taken to the bosom of the Prophet and Roggles was his lord and master. Therefore her, Rosana, with other of Hamal Sheba's real and imaginary rivals, "Here lore she was her, and why not? Her name and a dark, romantic face should be not raise her, just as he enjoyed the same privilege? Such parental precepts of Miss Effie and Miss Gladys were not for her. Rosana others had stepped from Rosana as one from Hamal's knee, with a sweet drop soaking to. Theirs was at right an easy and facile way of life. She belonged to Roggles and was glad of it. She was his beauty and he and brave and kindly as a great one and strong.

In her heart Rosana had long since forgiven Roggles for his unfortunate word herself. She understood quite thoroughly his mood and his instability, and had real doubts as much being the cause of his outburst as he was even as they were here. She knew that her Roggles was a good deal, her own a mighty quick, feverish mind and she knew that he had many women she loved as he—fickle and cruel. She was a woman, and loved him, and knew that he was and the tang of love, and the keenness of her sense of humor told her that he which is better than sentimentality and jewels—and that he was a romantic, suffering Hamal, fearless despite the Valentine Snow, the Nathaniel Sage, the Russell Pratt, the Bertram Hartwell and the rest of the Lotus Club crowd, and there he was home from the Arctic, and desire to have him, and to be with him, and to please him, and to be pleased by him, and to be his companion and friend. Rosana had a good deal of the Oriental in her character as to her relations with men, and she was not in the least prudish about it. She was a woman, and the other girls. Because of the Impassioned Love Letters that were sent away. Afterwards Rosana was glad that she had understood about these letters from Hamal Sheba, and had not been offended by their reserve. Some girls, she knew, would have been offended by the lack of character in them. Rosana was not offended by them, but even so she was deeply disappointed by

THE STANDARD
VERMILION ALBERTA

E. B. PUMPHREY, Editor.

THE STANDARD

VERMILION, ALTA., MAY 2, 19...

It is scarcely credible to the Vermilion Centre school district that the pupils and students of the public and high school should have been obliged to put on a concert to raise funds for the purchase of equipment for their gymnasium. The board should not stint itself along this of all lines of school necessaries. The gymnasium should be thoroughly overhauled and completely equipped with every piece of apparatus required for the pupils and students' physical instruction. There should be a opportunity for athletic purposes. There should be a physical instructor employed and we believe the board would at small expense secure the services of a returned man familiar with drill work to conduct gymnasium classes and instruction. It is needed and needed badly. Last year the Council set apart a field for athletic purposes with special provisions for the accommodations of the schools. An appeal was made for membership and funds, and while the former was secured the latter will be short of the requirements. It would appear as if the public did not fully appreciate the action of the council and practically allowed the proposal to drop. Considerable money was spent in improving the grounds but the association having the matter in hand are in default as understand in their obligations. The citizens and especially parents should take active measures to see that these obligations are met and that the grounds are put into such shape that due advantage may be taken thereof by the pupils and students. It will be a serious reflection on us if we permit things to go on as they are, because the physical side of our children's training must not and cannot be overlooked.

The United States senate have refused the Peace Treaty.

Over 8000 lives were lost in the recent revolution in Germany. Many concessions have been granted to German interests in an effort to arrest terror. It is reported a purely Socialist cabinet is to be formed after a general election.

Bolshevik's first mate have all broken the supply of bread and sheets being exhausted at all prospect of early relief. The bolsheviks are not making any and the same condition of affairs, according to local millers and dairymen, prevails in all three prairie provinces.

The Canadian dollar in recovering on the exchange market being quoted at 90.50. The English pound sterling now is 4.28.

Mrs. Humphrey Ward, the novelist is dead in London of heart disease.

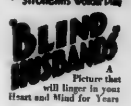
The Big Picture



A Picture that will linger in your Heart and Mind For Years

Picture by STROHEIM
Directed by STROHEIM
Starred in by STROHEIM

SEVEN reels of the most absorbing drama you ever took part in—seven reels of breathlessly watching a beautiful and innocent woman with a neglectful husband sink deeper and deeper into the toils of the tempter—and then—ten minutes of the most gripping crisis you ever saw IF any picture—ten minutes while you sit glued to your seat forgetful of time or place—and at the end a glorious, uplifting surprise that sends you away in a glow of happiness —that's "BLIND HUSBANDS" the wonderplay of the year—a picture you'll never forget.

AUTO JUMPS OVER HURDLE

Overland 4 Leaps 18 Feet in Air Over 5 Ft Barrier

A $42,000 Pound Blow

Gasoline Horse Performed Daily at the Denver Stock and Horse Show

A performing automobile that leaped eighteen feet through the air to clear a five foot hurdle and then ran about without a driver proved a startling feature at this year's annual stock and Horse Show at Denver, Colorado. The fast motor boat to demonstrate its superior agility at the new Interstate Overland 4 Triplex Springs.

The car used in the performance was a stock Overland 4, a long flowing tail and a poplar mache horse's head fitted on the car, and the driver's long hair, whisky and costume of jockey blouse. In real speed given it left nothing to be desired

A Legalized Injustice

Father Vaughan on Spiritualism

Edinburgh gentleman.

Speaking of the evils of spiritualism at the Free Trade hall, Manchester, the Rev. Father Bernard Vaughan made an earnest appeal to all present to avoid seances, -spiritualistic meetings and all so-called communications with those said to have passed over," attributing such things to conjuring, sleight of hand tele-pathy, and psychic gifts

"I be a Catholic," said the reverend father, "am satisfied that the spirits who at times really do seem to manifest themselves and make disclosures at seances are not disembodied spirits at all but are satanic spirits. In other words, one-ninth of the phenomena is devilish.

If he continued, "the medium hall artist can mimic the Evangelists to whom we look for our only authentic data of Jesus Christ's life and teachings. Specialists of intelligent people who believed that the dead [illegible] which parted the dead from the living was very thin [illegible] and certainly the opinion was that communists had advanced compared with which the most intelligent man on earth was not indicted crying in the night

FARMERS BREED PERCHERONS
The only breed of draft horses ever shipped back to England from Canada for breeding purposes were Percherons.
The greatest breed of draft horses in North America are Percherons.
The safest investment in draft horses today is Percherons.
No profit to over—A pleasure to handle.
You will make no mistake in your horse breeding this year if you use a Percheron sire.
WRITE FOR INFORMATION AND LITERATURE
Let us put you in touch with the best Canadian Percheron Breeds.
Mention this paper when writing.

William H. Wilson, Secretary (Dept A), Calgary, Alberta

BAR U AND NAMAKA FARM PERCHERONS
The largest stud of the Purebred Percherons in the World. The Kin Percheron breed, which means "Horse of the Province of Perche," in France, the country from which Breed horses have evolved. Percheron breeding stock is available soon in Bermuda.
Do not be the British breeders come to Canada and carry off all our best Imported stock? Do not be satisfied with the cheap cull stallions brought in by syndicates and unscrupulous dealers. Buy from the breeder who has for years been instrumental of the largest exhibit of Percherons in Alberta by west that have been in the breeding business for 20 years, and expect to remain in the business. We have imported four head of Purebred Percheron Stallions of our own breeding some on hand to select from. You can visit these stock and farms, and if you cannot attend the sale, write us for prices and terms. We will meet you at any train in Calgary or Lethbridge Alberta, and we will meet you and show you the stock at any time. Address

Egg-Laying Contests
Announcement Made Calling Start for November 1st
Announcement has been made by F. C. Elford, Dominion poultry husbandman, that egg-laying contests will be continued next year by the experimental farm system throughout Canada. These contests were first started in 1919.
Trouble in Canada
Copies of the following treaties have been laid upon the table in the Canadian House of Commons by Hon. R. W. Rowell, Acting Secretary of State for External Affairs: With Great Britain, with the Sub-Great Shaweee, also arms traffic convention, the Opium traffic convention, which deals with the opium traffic in South Africa, and the Berlin and Bucharest treaties of peace. These were signed on behalf of Canada by Sir Edmund Kemp [illegible]

Like a Tidal Wave
Heart Disease and Nerve Troubles Sweep the Country
Probably at no period in the world's history have heart and nerve troubles been as prevalent as they are today.
The heart can't stand the stress and strain of the busy, hustling age, and the cares and worry, the anxiety and anxiety of business life constructs the heart drain on the nervous system.
The business of the work-a-day world goes with such a rush that the weakest hearts and most nervous are pushed down under the strain.
In the first approach of any breakdown of the system Milburn's Heart and Nerve Pills should be taken. The restorative power of these pills on the heart and nerve system is simply marvellous.
Mr. W. A. Wright, Hopewell Ave., Ottawa, Ont., writes, "After suffering for years with my heart, I completely [illegible]

Irrigation Among The Incas
One of Greatest Works Round the Wonder of Modern Engineers
It is well known that the rulers of Peru, at the date of Pizarro's conquest, had reached a high degree of culture. One of their greatest works has recently caused renewed wonder on the part of modern engineers. This is the irrigation canal constructed by order of Yerupcha, the canal is 24½ meters deep, and almost 650 kilometers long, running through the present departments of Huancavelica and Ayacucho; it converted the plains of Castrovilcas and Cangallo into flourishing pasture land. The work is all the more surprising when there is taken into consideration the nature of the land, which is between 3,000 and 4,000 meters above the level of the sea, and was encumbered with gigantic rocks that had to be removed without the aid of machinery, explosives, or iron implements. There were high slopes to be connected by bridges, and mountain torrents that [illegible]

G.W.V. Will Make Request For Cash Gratuity

Montreal.—After two days of discussion, which at times became somewhat sensational, the Great War Veterans' association of Canada, at their fourth annual convention here, agreed on and adopted a definite bonus plan which fixes a maximum of $2,000 and a minimum of $1,000, subject to no deductions and payable to 100 per cent of the Canadian forces. The cash establishment bonus is based on an additional $1 per diem for the total period of their enlistment in which have been service in any corps from

It is also asked that dependents of fallen soldiers be given preference in obtaining Government employment, and that the system of granting pensions be changed from a system based on disability to one based on service, so that no man who has served will have reason to complain that he has been treated unfairly.

Finally, the association resolved to deal with the question of the payment of a gratuity in connection with the demobilization of the overseas forces. The cost of the gratuity will be approximately $400,000,000.

Dominion Secretary Draper, of Moncton, addressed the delegates and presented Canadian Government relief already definitely established as being applicable to returned soldiers. He was told that their pensions must be overdrawn before the passage of a gratuity measure could be brought into effect.

Having come to a decision to added, it enter a demand to compel the public to accede.

In speaking of the resolution brought in by the re-establishment committee, the chairman of which he had moved, Comrade Jenkins pointed out that the committee had tried to adhere to the principle of "reasonableness" in the work of the committee, remembering that with the original of W. V. A. plan.

Comrade Woodall of Calgary, seconding the resolution, declared his appreciation of the committee's work, and that he was out for the welfare of the country as much as for the returned soldier and that the only thing he would vote to do would be to embarrass the country in any way. He thought that the basis of one dollar per day for a man who served on a belligerent front was a very reasonable one.

Have Armenians Massacred

Were Killed Within Boundaries of Russia as Instigation of Young Turks

London.—Turkey recently massacred 17,200 Armenians within the boundaries of the Armenian state at the instigation of the Young Turks, is the Armenian government secured today in the Armenian Khoi—an Armenian from Erivan. She arrived in London to confer on behalf of the Armenian republic with allied authorities regarding the situation in Armenia.

Mrs. Humphrey Ward Dead

London.—Mrs. Humphrey Ward, the novelist, died of heart disease in a London hospital on Wednesday.

Urges Energetic Steps To Enforce Treaty

Andre Tardieu Says France Has Been Left Alone

Paris.—An immediate meeting of allied leaders to decide upon energetic steps to insure enforcement of the treaty of Versailles was urged by Andre Tardieu, French commissioner of France-American relations, in an interview here.

"The fears already appears to have been violated as much as any treaty could be," Tardieu said. "It is urged that national governments must be dropped, upon immediate drastic steps."

Tardieu believed the difficulties in allied German relations will continue [illegible] until the allies do [illegible] steps," at present timely.

Enforcement of the treaty practically has been left to France, Tardieu said, and France's position is probably to be weakened by the [illegible] of the statements in London. The cost of the [illegible] will be heavy, he asserted, and [illegible] State be characterized [illegible] America "not only of ill [illegible] beloved.

New Home For Former Crown Prince

Said to Have Declined Residence [illegible]

[illegible] Hague, according to the premier today that the Dutch government had granted the Island of Wieringen, the province of which he had been appointed, Cornelis Jonkheer pointed out that the exemption had freed to [illegible] in the country, and that [illegible] to be the wish of the [illegible] Wilhelm should [illegible] the original. If [illegible] Wieringen [illegible] demands as to the safe keeping of the [illegible] Wilhelm [illegible] be met.

Exsen Is Now Normal

Soviet Government Leader Says He Does Not Fear Intervention From Allies

Amsterdam.—Conditions at Essen present a normal outward appearance, except for the presence of armed [illegible] mere guards, red flags, armored automobiles and a few bullet marks on the buildings, according to the correspondent of the Telegraaf who arrived at Dusseldorf. A member of the soviet government at Essen told the correspondent he had no fear of allied intervention so long as the allied ministers were safe.

The correspondent found the soviet administration proclaiming the necessity of returning to work and admonishing against plundering.

Reprisals Threatened in Ireland

Queenstown.—The chairman of the district council has received a typewritten communication warning him that he will be assassinated at the event of the shooting of any Queenstown policeman.

Will Keep Down Lumber Prices

Manufacturers Will Do Everything Possible to Prevent Any Rise Advance

Calgary.—That there will be no further increase in the price of lumber if the manufacturer can possibly help it, was the statement of I. B. Poole, secretary of the Alberta Lumbermen's Association, today. Mr. Poole said that this decision had been arrived at notwithstanding the increased cost of production.

"If the manufacturers can control the situation the price of lumber will positively not further advance," he definitely stated. Another matter which occupied considerable time of the convention was the gathering together of facts for presentation to the Canadian Board of Commerce, covering 1919 operations. These will be presented to the board in due course. Mr. Poole stated that three figures will [illegible] commodity that the manufacturers were not in the "profiteering" class.

Thoroughbreds From Royal Windsor Stable

Prince of Wales May Move Horses On Western Tracks at Kingsclear, Sask

Saskatoon.—The Prince of Wales' thoroughbred horses from Windsor, England, may be raced on the western Canadian race tracks during the big summer fairs this year.

J. Lather, manager of the Alberta [illegible] with the Royal Highness [illegible] to his Canadian tour this summer, has gone east to superintend the unloading of the horses, which are expected to arrive from the old country on May or June.

[illegible] horses have been selected from [illegible] animals, most of them [illegible] years old. They are of the purest [illegible] and the prince is also bringing [illegible] to the former for use on the [illegible] ranch.

[illegible] Canadian [illegible] pointed out that the equestrian [illegible] to appear on the streets of Saskatoon [illegible] demands as to the safe keeping of the [illegible] Wilhelm [illegible] be met.

Reports are current that the [illegible] has stated that his residence be located on the island, and declared an opportunity to live near his father.

Lemieux Speaks On Bi-Lingual Question

Says Enchevrounes is Not A Policy, But A Blunder

London.—The King today received the Hon. Rodolphe and Mrs. Lemieux, and handed them the military cross won by their son Mr. Lemieux was later entertained by the Empire Parliamentary Association at Westminster, Sir Auckland Geddes presiding at the function. Mr. Lemieux spoke at length on the bi-lingual question, and said in part: "I am not speaking as a party man but as a Canadian who gave his all for the cause of small nationalities. Prime Sir Wilfred Laurier I learned isolation and enchevrement is not a policy, but a blunder."

The gathering was largely attended by members of the house of commons and the house of lords, among those including ex-premier Asquith, the Duke of Devonshire, Archbishop of Canterbury, Lord Bonham, Lord Islington and Hon. Walter Long, [illegible] Sir Edward Carson, [illegible] Sir Thomas Barclay and Sir Tibbet were also present.

France May Retaliate

Further Decline in Franc Value Provoked Fresh Discussions

Paris.—Sharp declines in the value of the French currency in relation to the American dollar and the British pound sterling, and to the German mark, despite a decline in the Ruhr district, made a sensational gain, have provoked the most serious discussion since the armistice and the renewal of talk of rigid restrictions on importations as a means of checking the depreciation of the franc.

Financial authorities are in the opinion that restriction is the only immediate remedy and per [illegible] an early prohibition of all but [illegible] and articles which might be described as superfluous.

Canada's Mercantile Marine

Some Questions Are To Be Asked With Regard to Hon Rollan. tyne's Statements

Ottawa.—Further criticism of [illegible] Government merchant marine [illegible] is expected to be made [illegible] questions to be asked in the house by [illegible] Hon. Robert Rogers, [illegible] Hon. C. C. Ballantyne when the subject [illegible] between the two parties. It is also [illegible] there the further enquiry. It is also thought that the questions have been [illegible] demand so as to give Hon. W. D. Beazle Kerr, leader of the opposition [illegible] in the absence of Hon. Rogers. It is suggested that traders should be called for the construction of ships before any ten [illegible] are let.

This may develop into a fought, [illegible] the opposition made a strong point when he spoke on the estimate of 20,000,000 for completion of the government's program, as regard to the extension of the merchant marine service.

Mr. Cannon, in one of his questions asks who was responsible for the [illegible] of names given the various ships in the service. Cost, revenue, profit and depreciation are all again covered by the questions.

To Restore Order

Allies to Advise Denmark of Measures Forces Into Baltic Valley Districts

Paris.—Leading officials, who are entered here from Berlin to-day, declared that the allies have given warning to the German army to restore the occupied zone to restore order, and that the allies have decided to send the Inter government had ample force [illegible] to deal with the situation in the Ruhr valley if it is undertaken on good authority the allies have decided to give the government the French government would have preferred inter-allied action in the [illegible] but [illegible] Britain [illegible] Italy [illegible] favored granting permission for the occupation by the Germans. The French gave way on this point in view of the dependence of France on supplies of coal from the Germans in that

French coal production [illegible] declared from the old figure of 40,000,000 tons to an average of about 18,000,000 tons [illegible] Versailles Germany is bound to export [illegible] a total of 20,000,000 a year. On the restoration of order in the Ruhr valley, therefore, depends largely the continuation of French industries.

It is estimated that the north in one day's travel through spare meets 75,000,000 workers.

Canadian Navy To Continue On Pre-War Basis

Delay Caused By U.S.

Lloyd George Says Allies Could Not Settle Turkish Question Owing To Mandate

London.—Replying to criticism of the government's foreign policy by Herbert H. Asquith, member for Paisley, Lloyd George gave a detailed explanation of the Turkish settlement.

The Premier said it would have been a blunder to have settled the Turkish problems without giving the United States most ample opportunity to decide whether it would accept a mandate, because it would have given rise to suspicion that Great Britain and France were taking advantage of the political dissension in the United States to divide the whole of Turkey among themselves.

"It was only when America definitely refused the mandate that we proceeded further," Lloyd George declared.

The Premier said the principle to meet the Italian had been rejected as [illegible] while the German mark, despite a decline in the Ruhr district, made a sensational gain, have provoked the most serious discussion since the armistice and the renewal of talk of rigid restrictions on importations as a means of checking the depreciation of the franc.

Financial authorities are in the opinion that restriction is the only immediate remedy and per [illegible] an early prohibition of all but [illegible] and articles which might be described as superfluous.

Are Not All Soviets

Many Germans are Fighting Against Government for Anti-Monarchist Movement

Berlin.—Not all of the work [illegible] Germans are Soviet [illegible] Government for Anti-Monarchist Movement [illegible] Government [illegible] Soviet [illegible] Germans [illegible] Soviet [illegible] Germans [illegible] Soviet [illegible] Germans

ABOUT YOUR CHILBLAINS!

What are they? A mild form of frost bite? Anything that helps to give a degree of warmth and comfort to the feet is welcome. Zam-Buk is a soothing, healing ointment that is unsurpassed for drawing out inflammation and relieving the pain and irritation.

Chilblains appear from exposure to cold and damp, and if not attended to in time, may develop into running sores. Rub Zam-Buk well into the affected parts before going out, and also rub some on the stockings and boots. Zam-Buk is also unsurpassed for cracked heels, sore hands, frost bites, and all skin injuries.

Zam-Buk

Canada's Status

[illegible] the British North America Act. Any [illegible] amendment to that constitution can be moved by the Canadian Parliament alone, except in certain matters relating to the rights of religious minorities, which must originate in the Federal Parliament. Canada has the right to make treaties with foreign countries, and to appoint her own ambassadors to foreign countries. Ottawa, Canada's capital, is the seat of government.

Canada's Relations With West Indies

Will Be To Our Advantage To Cultivate, Says Professor

Robert Falconer, K.M.G., president of the University of Toronto, has written a letter to emphasize the importance of the work that T. B. Kidner is doing in the West Indies to create better relations between Canada and the British West Indies. Professor Falconer says of Mr. Kidner's mission: "Some of them [the West Indies] have been developed by the United States, and the rest are all there is to be had. Our interests there are very great, and we have not begun to develop them. Mr. Kidner's mission is to see what can be done to increase our trade with the West Indies, and to bring about a better understanding between the West Indies and Canada. I am sure that the success of his mission will be of great advantage to both countries."

Professor Falconer says upon the United States, and the rest

Memorial Service

On Sunday afternoon, April 11th, at 3 p.m. a special service will be held in St. Barbara's Church in memory of all those from this district who fell in the war. All are welcome

JAPANESE OCCUPY VLADIVOSTOK

DISARM RUSSIANS AFTER EIGHT HOURS FIGHTING

Vladivostock, April 5. (Associated Press)—Japanese troops are reported to have occupied Vladivostock April 5, after eight hours of severe fighting in all parts of the city.

Some of the officers of the revolutionary regiment already have been arrested and executed. All Russians have been disarmed and the Japanese imperial flag was flying in the place of the Russian ensign from all the government buildings.

Automobile Given Away

Enter the Big Wheat Estimating Contest

A picture of the Overland "4" which we are giving in this contest

The famous "Nor'-West Farmer Wheat Estimating Contest" is being repeated again for the fifth year. We have given away four automobiles already, and a fourth is going to get this one. Why not you?

You Can Win This Big Prize

CONDITIONS OF CONTEST

All you have to do is to estimate the number of kernels in 4 lbs. of Marquis Wheat, No. 1 Northern grade. This is the exact amount contained in our sample, which is part of the famous entry which won the World's Championship at the 1919 International Dry Farming Congress.

Our Contest Judge, Professor E. A. Bedford, Manitoba Agricultural College, Commissioner of Standards, selected the sample of Marquis Wheat, weighing exactly 4 pounds, checked by the Dominion Inspector at Winnipeg and Measures. This has been officially sealed and deposited in safety vault by Professor Bedford, who will open it on May 1st, 1920. It will then be opened and counted with great care, and the nearest correct guess to the exact number of kernels contained, whether estimate is the correct or nearest correct, will win the big prize. In case of a tie the estimate received first will win. No one knows now how many kernels there are. Keep, as it has an equal chance to estimate the correct number.

Estimates must be accompanied by one or more subscriptions to The Nor'-West Farmer. Two estimates allowed on each one-year subscription to The Nor'-West Farmer at $1.00; more for longer terms.

How To Earn More Estimates

HOW TO ESTIMATE

The Nor'-West Farmer

Contest open to present and new contributors

With respect to ... he advised dairy cattle be ... that the best made at different demonstration farms ... the most profitable and satisfactory ...

MR. & MRS. E.L. HADLEY HONORED

The ladies aid of the Methodist church held a congregational social in the commodious home of Mr. and Mrs. J. A. M. Craig, on Thursday evening, April 1st, in honor of Mr. and Mrs. E. L. Hadley who are leaving Vermilion for Vancouver, B.C.

The evening was spent with games and social intercourse, interspersed with a musical programme contributed by Mrs. H.R. Calvert, Miss Margaret Forymen and Miss Kathleen Craig. By no means the least enjoyable number on the programme was an unexpected and purely voluntary duet by two little lads, Hughie Craig and Georgie Yaughan. This was a surprise to the parents of the little fellows as well as others and was Georgie's debut as an actor before departing with his parents, who are also going to B.C.

After refreshments were served Mr. Barber, representing the Ladies Aid, called Mr. and Mrs. Hadley forward, and in a few well chosen remarks stated the love which the church would sustain through their removal from our midst, and then asked Mrs. C. ... to present Mrs. Hadley ... address. Mrs. Craig ... and presented Mrs. ... with a ... which she ... remembrance ... Mr. Hadley ... suitable ... for the ... kindness ... and ... M. W. J. Neal ...

FEED SITUATION MOST SERIOUS IN HISTORY OF COUNTRY

While Government Will Maintain Its Efforts, Farmers Warned to Hunt for Feed

The government has realized that every ton that could be saved, and of its reserves provided up for spring, had been gathered. Hay and feed for farmers throughout the province who are in short of it. Hon. Duncan Marshall, minister of agriculture, announced this afternoon a statement to the effect that the situation as regards feed is serious. Mr. Marshall has been in touch with the history of the province, that the government was exerting every effort to bring in feed from the outside, but that it was supplemented with agriculture. He described the work of the department of agriculture in purchasing hay and other products, and said that the department was prepared to give the widest possible publicity to the situation, to urge farmers and ranchers not to dispose of feed upon getting their supply from the government, although the present campaign to obtain feed was being continued. The situation was worse even in some parts of the north than in the south.

Fred Davies, Gearhorn, said he was afraid that there was some misunderstanding as to the situation. George Bellow, Okotoks, suggested to the minister that, as cattle must be used to be a shortage of feed and browse at seeding time, it might be well to organize a campaign to obtain trainers to do this work, letting the contract. Mr. Marshall said he was glad of the suggestion, that the department would take up the matter with large ranchers who owned a number of trainers to see if they could not be contracted out among other ranchers, and that men to supervise these operations would be provided by the department.

JASON GRAHAM
Manager

Wildmere

The Presbyterian Church service in the schoolhouse on Sabbath morning, March 31st, was a memorial service for the late Mr. John MacLeish. At the close of his address Rev. A. M. MacLennan said:

"We are assembled in this memorial service this morning because one who was so recently with us in the vigor of health and strength has been called in God's inscrutable and mysterious providence from amongst us. Those of you who know our brother now departed, longer and better would be far more fitted to speak of his life amongst you than I am, who have so recently come among you. But I can testify from my knowledge and experience in this and adjacent districts, since the end news came to me, to the deep regret and heartfelt sorrow at the sudden demise of our late friend and neighbor, Mr. John MacLeish.

"The circumstances of his visit to his old home in Parkhill, Ont., and the joys of re-union with friends parted with years before his return to our district for a few busy days; his departure for Edmonton for a few weeks are fresh in our memories. Then the news that the messenger to his Lahan (Continued, had come, calling him across the bar—beyond the clouds and shadows, to that land of which it is said, "there shall be no more curse and His servants shall serve Him."

"We little thought when we said good-bye to him a few weeks ago, that nevermore would we meet on earth. We, in memory this morning, think of him as a bright, hopeful soul, cheerful and helpful even in the midst of many adverse discouraging circumstances during the past few years.

"Although only knowing him departed friend for the past few months I rejoice to think of him as a Christian brother whose advice and counsel in many of the details of the work in this to me, new field of labor I counted of great value. Regular in his attendance at church services, as rector's treasurer and one of the managers of this part of our respected congregation, one who took great interest in anything that was for the elevation of the district, he will be sorely missed.

"To the sorrowing friends we extend our deepest sympathy, believing that He who said, "In my Father's house are many mansions" will comfort their hearts in this their hour of sorrow and pain."

CHAPTER XXIII

Ruth welcomed Ruggles as warmly as though they had been friends of years standing, which, indeed, Ruggles's side, they had been.

"I'm so glad to see you," said she. "Do sit down and rest and make yourself." She half-closed her eyes, and, with her head slightly askew, gave him a critical look. "You are fatigued, I'm afraid, but you're looking quite as robust as I'd hoped to see you. I believe those drives and you were born under that sign."

Ruggles chuckled. "You you know me?" he asked. "Your father, I suppose, told you. He was the only one to take the fall on school. I guess I'm a child that ought be, but I enjoyed. The train to meet them Mr. Fellows has been as I said in for a few days and he gave me a good deal of time to myself. I've been out and around the country a bit."

"I should say they were," Ruggles replied. "I've been to Edmonton to get at and my house in order, and Dorothy and Mary and I've been to Banff and Lake Louise and Glacier and Vancouver. Now that they're such a part of Ruth, I'll not Rosalie will be coming out here soon, I believe."

"So," said Ruggles, "and I don't want to, except on the chance of my getting a look at Ruth. I've had very much a look at your sister, Mrs. Fellows, and I've been in Edmonton, and Mr. Lovell, Mr. Mr. Stewart, and Mr. Lovell. Mr. camera he didn't have the time. wash and I've been to the house, dressed—long at [illegible] never which I've been to the [illegible] reversed. LOCALS

And Winter lingers in the lap of Spring.

The Quesnele Creek Local U.F.A. will hold a Whist Drive and Dance at the Quesnele Creek school on Friday, April 16th, commencing at 8 p. m. sharp. Gentlemen $1.00. Ladies please bring lunch.

Dr. E. J. Bridgeman, of Saskatoon, is making his next professional visit to Vermilion on Saturday, April 17.

Little Raymond, four-year-old son of Mr. and Mrs. W. D. Willmore, is progressing favorably towards recovery at the V. M. Hospital following an operation for peritonitis and appendicitis.

See Harvey Bros. adv. this issue and do your spring work with a Fordson.

The local elevators is more than desperate. Heavy losses of stock come in reports from all points of the elist.

Isaac McGregor, who has been wintering at the coast, returned to town during the week.

W. S. Roberts of the Grizzly Bear Ranch reached home the latter part of the past week from England. Mrs. Roberts and baby are remaining abroad for sometime yet

Mrs W. N. Trimble underwent an operation for ulceration of the throat at the V. M. Hospital last week and is recovering nicely.

A letter from A. J. Reynolds of Prince Albert says the weather weather conditions primarily up there as we are experiencing here. Everyone is seriously concerned about the cattle situation which seems to be general throughout a large portion of the west with very little prospects of an elevation of the losses. Mrs. Reynolds' friends will regret to learn that she has had to go back to the hospital

The death took place on Monday morning at 10 o'clock, of Robin Berridge, aged 16, 6th son of Mr. and Mrs. Thomas Berridge, at 10951 83rd avenue. The many friends of the bereaved family will deeply sympathize with them in this sudden death of such a bright and promising son. Robbie had been only recently transferred from Telford to the Dominion Bank on the city. Acute appendicitis developed on Friday last resulting in his death. The funeral was held from the Holy Trinity church to Mount Pleasant cemetery on Tuesday afternoon at 1 o'clock

—Edmonton Bulletin.

School Notes

The following teachers are attending the Alberta Teachers' Convention which commenced Tuesday last in the city of Calgary Miss Dick of the Public School staff and Misses Brown and Thompson of the High School staff and their rooms have consequently been closed while all the other rooms have been carrying on.

Miss Ellen McFadyen of Innisfail, Alberta, arrived in town Saturday last to attend the High School as a student in Grade XII.

Miss Bowman and Miss Dick are delegates to the Annual Convention of the Teachers' Alliance, which is being held in Calgary this week

will make his next visit to Vermilion on Saturday, April 17th at the office of Drs. Scott & Clark, Mannville, on Monday, April 19 and Islay, Tuesday April 20th.

The Editor now sports the Gold Medal awarded by the Edmonton City Dairy for the best grade dairy cow exhibited at the Vermilion Fair. It is beautifully engraved bearing the Provincial Coat-of-Arms, name of donators and year on one side, and on the other the name of winner and sprigs of maple leaves centred with a garnie bands. The fine writes, "We congratulate you having stock of the quality which entitled you to win the first prize."

The date of the Piping Match at Vermilion has been set for June 16, the full report of the event in another issue.

A. Stanley of the Commerce staff has been transferred to Sydney, Nova Scotia and leaves for there in a few days.

Miss Wilma Hughes, a former student of the Vermilion High School was the guest of Mrs I Winters over Easter

Little Ethel Semple, four year old daughter of Mr. and Mrs. R. Semple, town, underwent an operation for appendicitis at the V M Hospital last week She is doing nicely.

Chief Oakley, C. P. Stone and J. A. Pickard were Vermilionaire visitors in Edmonton over Easter. Misses Mackenzie and Tweddell of the Bank of Commerce staff were also under the guidance of chief in the Capital burg

R. P. Hindy formerly of the Royal Bank here and now with the Edmonton branch was in town over Easter Sunday.

All veterans are asked to assemble at the Club Rooms at 2.30 p.m. Sunday next to attend the Memorial Service being held in the Church of England.

Vermilion Bread is the freshest in town and the cheapest in Alberta Notice the improved loaf recently

That Reminds Me

Yes, let this remind you once more, that when it comes to good Lumber and Building Material at Right Prices we take a back seat for nobody.

The way of the "butter-in" may be hard, but the way of the man who doesn't recognize the money-saving and satisfaction giving qualities of this lumber yard, is just as devoid of up-to-dateness.

It's up to you. We've done OUR part in saying in the best stock of Building Material—lumber, cement, plaster, brick, etc. money can buy. Now it's your turn to get busy with it.

BIG DEFICIT TO BE MADE UP

London, April 18—The chancellor of the exchequer will introduce the budget next Monday. He will be called upon to make up a deficit of £850,000,000, while the revenue needed amounts to £1,200,000,000.

Pilkie—McKay

Amidst a select circle of near relatives and friends, a very pretty wedding was solemnized here on Mr. Frank Pilkie, youngest son of Mr. and Mrs. P. G. Pilkie of Vermilion, and Miss Mildred McKay, daughter of Mr. and Mrs. McKay of Brandon, Man.

The ceremony took place on Wednesday, April 7th at the home of W. P. Pilkie, brother of the bridegroom, the Rev. H. A. Edwards officiating. The bride entered the room on the arm of Mr. W.P. Pilkie, who gave her away, in the absence of her father. The young couple took their places under a canopy of white asters, lilies and fern, Mrs. G. Hudson, sister of the bridegroom playing the wedding march the while. Miss C. Hinchey and Mr. Geo. Wood acted as witnesses to the signing of the register.

The table on which the wedding cake reposed was tastefully decorated with streamers of white asters, lilies and carnations; the cake itself was in three tiers, beautifully decorated with almond and sugar icing. After the signing of the register, wine and cake were served, followed later in the evening by a dainty buffet lunch, and was decorated with appropriate emblems and favors. The presents of the evening were many and costly, and attests to the popularity of the young couple. Among those present were Mr. and Mrs. P. G. Pilkie, Mr. A. Mrs. W. P. Pilkie and sister Billy, Mr. Hinchey, Miss C. Hinchey and M. D. Hinchey, Mrs. K. D. McKay and daughter Helen, Mrs. A. Watt and daughter Jean, Mr. Norris Robinson, Mr. George Hudson, Miss Lucy and Mr. Herbert Mr. Roy McKay, Mr. Geo. Wood and the Rev. H. A. Edwards.

Mr. Pilkie is to be congratulated on his choice, having secured as his life partner one of the most accomplished residents of this district. His many friends all wish him and his bride every happiness and prosperity.

Trotzky Would Put Labor Under Military Discipline

Moscow—Militarization is the only means to rehabilitate Russian transportation, according to Leon Trotzky, Bolshevist minister of war, addressing the ninth congress of the Communist party here. His address was directed to defending the military measures the government has adopted to enforce the discipline of the railroad workers.

"The militarization of labor means more than a mere application of the decree of October 29, 1918, which provided for the introduction in the railroads and water transportation of the principles of military discipline, the establishment of labor armies and the mobilization of railroad workers," Trotzky declared. "It means the introduction of military discipline in the whole economic life of the country. Labor must be organized in the army way. Labor armies must be created, and the workers must be transferred from one place to another as the military situation demands. Labor must be regulated and distributed according to the needs of the country as a whole, and not according to the whims of individuals or groups. Labor must be put on a war basis. Every one must work where he is told to work, and must remain at his post until relieved by order of the proper authority. Deserters must be punished by the revolutionary tribunals, and the punishment must be death or forced labor, with confiscation of property. Those who evade labor mobilization must be treated as deserters. Those who systematically violate labor discipline, or who by their inefficiency cause disorganization, must be punished by forced labor. Those who sabotage must be shot. Those who desert their posts must be shot. Those who are late for work must be punished by confiscation of property, forced labor or imprisonment. Those who are absent from work without leave must be punished by forced labor for a period of from one month to six months, and must forfeit one-fourth of their wages during that period. Those who are absent from work without leave for more than three days must be punished by forced labor for a period of from six months to one year, and must forfeit one-half of their wages during that period. Those who are absent from work without leave for more than one month must be punished by forced labor for a period of not less than one year, and must forfeit all of their property."

All-Canadian Film Service

Legislation to Amend Moving Picture Act in British Columbia

Victoria.—Legislation to amend the British Columbia Moving Picture Act, designed to authorize the creation of a censorship of pictures which is claimed will practically prevent any of the films exhibited in the Movies and amusement houses of the province from being objectionable, was introduced here by Hon. J. D. Hall, provincial secretary.

The legislation is interpreted as the first step in the organization of an all-Canadian film service in the country, which will be controlled by Canadian capital and directors.

Says Sims Was Indiscreet

Rodman Criticizes Rear Admiral For Publishing Confidential Conversation

Washington.—Rear Admiral Hugh Rodman criticized Rear Admiral William S. Sims for publishing confidential conversations between himself and Admiral Beatty, British naval commander, during the latter's visit to the United States, in testimony before the senate naval affairs committee investigating the conduct of the war.

Admiral Sims' conversations were indiscreet, Admiral Rodman declared, and were unnecessarily published by Admiral Sims. "You should not publish upon the cordial relations which have existed between us and one of our closest allies."

Appeal for Funds To Help League

God Help Our Children If League Is Allowed to Wither and Die

London.—Premier Lloyd George, Admiral Beatty, former premier Asquith and Earl Cecil, and John R. Clynes published an appeal in the London Times for 1,000,000 pounds sterling, to buy fresh hope in the minds of the people of this country and the world which has seen the government of the League of Nations.

The appeal points out what the League of Nations union has already done in the nine years it has existed, says that a million pounds sterling sounds like a large sum but that it is the British share of the annual budget of League of Nations with all their might and experience "the league of nations will assuredly wither and die and if the league should die, God help our children, for no human agency can save them from calamities to which those of our late war will appear as the merest trifle."

Australia Delays Action

London.—The Daily Mail's Sydney correspondent says:

"The government is not taking any action regarding a league of nations until after the imperial conference. It adds that Canada's decision to not enlarge her navy has caused anxiety, regarding the new league."

Canadian Cars In U. S.

Ottawa.—In the house of commons the minister of railways announced Jan. 26 that of 39,756 Canadian cars on the United States, 30,000 belonged to the Canadian National Railway, 15,482 to the C.P.R., 2,660 to the Grand Trunk Railway and 12, 344 to other Canadian railways.

Farmers Want Terminal Facilities

Toronto, Oct. — Negotiations are under way for the United Farmers of Ontario to purchase the Toronto World, according to information in circles well informed of the farmers' plans.

West Demands Control of Our Natural Resources

Ottawa.—Development of Canada's natural resources and establishment of a more uniform system of freight rates for farms came up for discussion at the house of commons as the first question that of natural resources was raised on a motion by Captain Malcolm Peter Clark, member for Bow River, the second by Donald Sutherland, Canada of South Qu'Appelle Western members entered the opportunity again to urge transfer of western resources to the provincial governments. Dr. Cowan, Regina, argued that had the western natural resources been in the hands of the provincial governments, the Canadian Pacific Railway would have been taken over long ago. The present scheme was "impossible."

If anyone heard Sir Robert Borden declare in 1911 that he would do all in his power to see that 100 resources were turned over to the provinces," Mr. Lucas declared further. He spoke of millions of feet of lumber and millions of tons of the best coal in Canada, lying with eight miles of the government railroad unused.

In his motion, Captain Blondin urged that the government should, as soon as possible, "bring forward a policy having for its object the development of the natural resources of the provinces."

He spoke on the need for developing Canada's resources. The government might take over development itself, or under proper restrictions Capt. Blondin did not stipulate that the government should adopt any particular method, but he strongly advised immediate action.

Major Bodman, Calgary, favored scientific research in every possible way and advocated establishment of a government bureau on natural resources similar to that of the United States. There was plenty of coal in Alberta if railway rates could be modified to compete for eastern trade.

Indians Will Appeal To High Court

To Decide the Matter of the Rights and Status of Indians In Canada

Ottawa.—That the matter of deciding the rights and status of Indians in Canada will likely be taken to the highest court in the British Empire, was the statement made by A. G. Deblin, who described his standing as chief lawyer of Caughnawaga, and chief counsel for the Indians. Asked point-blank by the chairman of the commission deliberating on the proposed amendments to the Indian Act, Deblin said he did not know whether he would appeal to the Supreme King of England, but he did know that he was entitled to protection from the British Crown by reason of treaties entered into between the British Crown and Indians, dating back as far as 1760.

The sitting of the committee was taken up almost entirely with the hearing of chiefs from the various reserves. Chief Jacobs, who represents about 2,000 members of the Caughnawaga band, said they wanted to give away Indian the right to be a white man if they did not want to be Indians in any way compulsory.

"The Indians act has made Indians of some whites, in that it has made them citizens. Others have declared they should be compelled to become white men. The committee must decide."

Chief Deer spoke of the enfranchisement of the band, and as to its membership, said it was not necessarily commercialized. My band is small, only 250, and we intend to be decided by the highest court in the land."

Andrew Paul, a young Indian representing the Squamish Indian of Vancouver, Chief Capilano, represented the claim of Delisle. His people, he said, had been driven from the graves of their forefathers. "We have been pressed hill and did not want any.

"They do not want to understand it. We are not like white people. We were a race by ourselves," he said, and then left the stand.

Other delegates urged that they should not be enfranchised because they did not pay any taxes.

Abandon Control of Newsprint

Announcement Follows Division Of Disposal Court in Price Brot. Case

Ottawa.—The board of controller of newsprints that it will abandon its claim to exercise any control whatever over the newsprint paper industry. The announcement follows the decision of the supreme court in the Price Brothers case that the newsprint paper was not a necessary of life within the meaning of that expression in the Combines and Fair Prices act and that the powers exercised by the board of controllers were ultra vires and void for want of jurisdiction. The board of controllers had the effect of the supreme court's decision to remain under suspension the orders-in-council appointing the board of commerce as controller of newsprint paper in Canada, and of the order making the announcement its intention of abandoning the control of newsprint, unless the decision of the supreme court is set aside by the exchequer of a privy council, will be finally possible, with competently, the granting power.

The Board's announcement adds that the supreme court's decision does not involve the powers possessed by the board of commerce, except in so far as it, to some extent, restrains the interpretation which the board might place on the expression, "necessary of life." The general opinion is, it is added, will be pronounced upon by a subsequent decision of the final court.

This decision will follow a rehearing in the supreme court on May 6, when the Ontario paper mills in the recent argument heard by the court to test the powers of the board of commerce to a price-fixing tribunal.

Bolsheviki on Polish Front

Washington — Bolsheviki Forces on the Polish front have been regrouped and fresh forces brought up the Polish war office today advised Minister Paderewski. Bolsheviki attacks of the Polish legation here.

The Polish forces are now under the orders on the defensive, the dispatch said. "On the Volhynian front the enemy continued to attack at any discretion."

Buried Shells Kill French Farmer, Cambrai.—Two explosions in which 12 persons were killed and two injured have occurred in the district of Villers Outreaux, 10 kilometers from Cambrai. The explosions were caused by agricultural laborers causing to explode with unexploded shells in fields which were being plowed.

Germany Would Send Arms to Irish

Report of Uprising on Rumor Is Said To Have Been Confirmed

London.—Recent unconfirmed reports of a Sinn Fein plot for an armed uprising in Ireland were based on fact, according to the Irish police. They state that they too have received similar information not only indicating that a rising was intended, but that certain Germans in Berlin had undertaken to furnish war material.

In the examination Thomas J. Loughlin, a Dublin business man and a member of the Sinn Fein, has been asked under the Defence of the Realm act. No definite charge has been preferred against him, but the Irish police state that his arrest was effected after they had kept him under close observation and communication.

With Loughlin's name, the police link that of Baron Lewis Von Hoorst, the former resident of the United States, who is now in Berlin, with whom it is alleged Loughlin was negotiating.

For Wheat Deliveries

New Regulations On Deliveries Of Wheat Recognized By Board

Winnipeg.—The Canadian wheat board has issued a regulation (37) for the delivery of wheat by milling firms, effective the first of the season, which orders:

All wheat purchased by the mill for the use of the board shall, on demand, be delivered to the board.

Until July 31, 1921, the board may sell wheat purchased by the mill for export, or provide a purchaser, to whom grown in the province of Manitoba, Saskatchewan and Alberta, delivered by any milling firm to the board in store.

The Canadian grantees cannot elevate the wheat and must ship it as purchased.

A public terminal elevator at Port William or Port Arthur.

Other elevators in Ontario and Quebec as specified.

Provided that milling licensee declares to the board on or before July 15, 1920, the quantity and grade of wheat intended to be delivered to the board in store, the elevators herein specified, and the time of delivery thereof, for the proper documents of title, will pay or cause to be paid to the holder of such documents of title the board's payment fixed by other regulations of the board, basis in store at the terminal elevator at Fort William or Port Arthur, for the quantity and grade specified in the said documents of title, together with an assessment of storage charges in accordance with the regulations of the board.

Until June 30, 1920, the board will purchase or provide a purchaser for all wheat grown in the province of British Columbia delivered by any milling licensee of the board in store at Fort William, Port Arthur or Vancouver, provided such milling licensee declares to the board on or before June 15, 1920, the quantity and grade of wheat intended to be delivered to the board in store, and the time of delivery thereof, for the proper elevator and on production of the proper documents of title, will pay or cause to be paid to the holder of such documents of title, the cash payment fixed by the board, basis in store the Canadian government standard grade of wheat as preserved by such documents of title in accordance with any amendments made by the board thereon in accordance with the regulations of the board.

Berlin Leaders Are Nominated

Winnipeg.—R. B. Bennett, George Armstrong, W. A. Pritchard and R. J. Johns, four of the convicted strike leaders, were nominated for seats in the provincial legislature at a meeting of the Winnipeg pigeits in the recent labor disturbances, as candidates of the Socialist party of Canada tonight. As Rev William Ivens in on the tentative slate of nominations made by the Dominion Labor party last week and Address Aikins of the Free will, it is expected be the nominee of the Social Democrat party, six of the seven strike leaders were nominated for seats in figure in what will undoubtedly be the most unique election in the history of Manitoba.

To Prolong Disarmament

Berlin.—The Berlin Tageblatt says it is informed that the German government is preparing to ask the Entente for a prolongation in October of the disarmament of August, 1919, for the maintenance of troops in the neutral zone, pleading that a strong police force is required to maintain order in that zone.

Rome Official recognition of the government and unanounced recognition of Albania has been extended by the Italian government according to the Epoche.

Action of France Taken Without Consent of Allies

Divorce Court for Ontario

Bill Introduced in Senate Confers Jurisdiction in Province

Ottawa.—The bill introduced in the senate by Senator Ross, and given the blessing of the government, confers on the supreme court of Ontario, jurisdiction in regard to divorce. There is a similar bill in relation to Prince Edward Island. In consequence every province will now have divorce laws.

The reforms has been long talked of and is brought about by the appalling number who seek divorce by the parliamentary method. There are 128 applications this session. Of this number, 75 are from Toronto alone. The senate is the discerning body of the right it possesses, but when the case comes before the divorce actresses will become very much reduced. As the main opposition to the reform has come from Quebec, and as that province is left alone, the opposition in that province will pass with little difficulty.

Tried to Destroy Mines

Bolshevist Troops Plundered Storen And Fired at Inhabitants

The Hague.—A News Courant dispatch says that the Germans evacuating the Ruhr region have left behind the Reds before the occupation of the city by government troops, says:

"Part of the retreating Red troops gathered during the morning in the market square, where they shot at random, then delivered, plundered the shops and finally left the town in an orgy of drink by the inhabitants. The Red army commander ordered that the mines be flooded, but in some guards succeeding in repulsing the Reds, although great damage was done to the mines.

Bottrop, in the Reichhaghenau region, is also in the hands of the permanent troops.

The occupation of the Munster district also is a violation of the peace treaty, says The Hague Vaderland in the article before declaring that the allied action in the Ruhr district likewise was contrary to the treaty of Versailles.

Newsprint Will Be Exhausted in 10 Years

Cleveland — Newspapers on this continent will be without paper at the end of ten years unless there is conservation of the forests, Edward Lason Ingers, publisher of the New York Globe, at a meeting of the Cleveland Advertising Club declared.

"The output of print paper is now doubling rapidly," he said, "and the outlook at the pulp mills of Canada and United States will not be able to supply the demand. Newsprint will be the price of spruce timber holds out."

Rail of Milne Taking Bench

Montreal.—Sir Lyman M. Milne has announced his intention of taking an active interest in the affairs of the Liberal party and will be a candidate at which borders upon that recently purchased by Sir Rodolphe Lemieux, the Speaker of the House.

Railroad Strike Spreading

Chicago.—An extended strike of railroad employees, which started a week ago at the Chicago southbing terminal because of the discharge of a yard conductor tonight had spread until it had affected 25 railroads and in Chicago alone more than 50,000 men were directly or indirectly involved.

More than 30,000 union railroad men in Chicago and several hundred in Buffalo and Chicagoans, Illinois, Many hundreds of men in Chicago packing houses were thrown out of work by lack of livestock.

French Troops Clash With Mob At Frankfort

Berne.—Disturbances broke out in Frankfort today, but outrages in connection with the occupation of the storied order. From German sources it is learned that six Germans were killed and 35 wounded.

It is reported that the manifestations which grew out of these hold-outs were due to an order requiring Berlin.

"The first day of the occupation of Frankfort passed without incident the reception was by the populace was most cordial, said General Degoutte the French commander on his return from a tour of inspection.

"Then suddenly, on orders from Berlin, a strike formed called the general strike. This fermented degrees aggressive and our soldiers were obliged to use their arms. So far as I know no one was killed.

"The incident shows how we must quickly evacuate on Berlin, and that is why the events in the Ruhr district must be looked upon as a preliminary to the advance today. The aggressions of Frankfort and events in the Ruhr are attributable to the same military motive. Of that we have absolute proof.

DO YOU KNOW WHY

that all sore or ulcerous conditions are healed more quickly by Zam-Buk than by any other remedies you have been using. Zam-Buk is not a mere surface ointment, but contains on the surface, but penetrates deeply into the skin tissues. All dealers, 50c. box.

Filling His Own Shoes

— BY —

HENRY G. ROWLAND

Copyrighted, Printed by special arrangement with Thos. Allen, Toronto.

(Continued)

"It's very odd, Mr Ruggles," said she, "but I can't remember that I've become of Roxana and Miss Downing."

"Why, Miss Challand, they're with us, of course," answered Ruggles, "and they're all right. Roxana's in the kitchen and Miss Downing's in the parlor."

"What!" exclaimed Miss Challand, with a curious pronouncement of ill.

"They have disappeared," said Miss Challand nervously. The other girls are all in the room—Miss Challand's room were singing, and Roxana and Miss Downing were sitting together in a corner of the room when they presently got out of sight. Miss Challand therein what they were going, and Miss Downing said that they had consented to view the scenery from the roof, and that she would not do it before the others. I thought it very odd myself, knowing that Roxana is subject to sea sickness. Well, they were out about half an hour ago and Miss Challand, who was alone in front of the house and through the gardens, but can't find a sign of them."

Ruggles was conscious of a most disagreeable feeling in the pit of his stomach, and his mouth seemed suddenly to have gone dry. He had noticed that Roxana had looked sad during dinner and that she had eaten very little.

"Oh, nothing," said Miss Challand answered and, glancing at Ruggle's face, she went on hastily: "I'm sure they've gone back to their own rooms."

"No," Miss Challand answered and, glancing at Ruggle's face, she went on hastily: "I'm sure they've gone back to their own rooms."

"Oh, nothing," said Miss Challand with no effort to make her tone natural. "It's just one of Roxana's foolish ideas. She probably took it into her head that she'd like to dance out in the moonlight. Don't say anything I'll run and look around. They may have just gone for a little walk in the place."

He hurried through the rear of the house and into the back garden. It's which was long and narrow, and with it ended in a wall. He looked up and down the centre to a small to see if he was there. Then he looked over the wall. Two gates led from the garden, one to the street and the other to the alley. The latter was locked, but the former was open. Ruggles looked at it for a moment, and then, with a sudden feeling of sickness, he closed the door behind him and walked out into the street.

Miss Challand was standing on the sidewalk, and Ruggles, after gazing up and down the street, turned to her.

"Miss Challand," he said, "I'm afraid something has happened to the girls. I'm afraid they've been carried off."

"Carried off!" Miss Challand repeated, her face blanching with fear. "Carried off! Why, what do you mean?"

"I mean," said Ruggles, "that I'm afraid they've been carried off by the Reds."

"Mr. Ruggles," said Miss Challand, "you're not joking? You're not saying this to frighten me?"

"Joking!" Ruggles repeated. "Do I look like a man who would joke at such a time? I'm afraid I've been very careless. I've been so busy with my own affairs that I've neglected my duty. I've been a fool, Miss Challand, and I've paid for it. I've lost my own daughter, and I've lost Roxana, and I've lost Miss Downing, and I've lost them because I've been a fool. I've been a fool, Miss Challand, and I've paid for it. I've lost my own daughter, and I've lost Roxana, and I've lost Miss Downing, and I've lost them because I've been a fool

THE STANDARD

VERMILION, ALTA., APRIL 30 1920

In connection with the plowing match to be held in June, particulars of which are published in this issue, the secretary of the agricultural society has intimated to the Standard that the amount of the prize list would have to be raised by private subscription owing to an entry being refused grant not being complying. At the same time he made and from a source which he believed there is little doubt of success if the prize list would be raised.

ARBOR DAY IS FIXED FOR TUESDAY, MAY 4

Arbor Day is to Tuesday this year, instead of Friday as usual, and the Lieutenant Governor in Council has issued a proclamation naming Tuesday May 4th as Arbor Day for this year.

X-RAY A MODERN DIAGNOSIS METHOD

Physician and Surgeon

DEATH OF HAROLD POMEROY

At the Vermilion Municipal Hospital on Friday, April 9th, Harold, second son of Mr. and Mrs. F. Pomeroy of Vermilion passed away at the age of 10 years, 9 months and 5 days. The funeral was held on Monday from the Church of England at 2.30 o'clock in the afternoon, the service being largely attended by Harold's young schoolmates and sympathizing friends of the bereaved family. The Rev. H. A. Edwards officiated. The pallbearers were Claude Donnelly, Jimmy Betteneit, Jack Bryden and Ashley Cooper.

Among the floral offerings were wreath, from Dad & Mama, Walter and Doreen wreath, from his Sunday School Pals' wreath, —W.A., Choir and Rev. H.A. Edwards' wreath, "Uncle Fred and Lily" Lily, Mrs. Murray, Harold's teacher; Lily, Mrs. Jas. B. Hunt; Lily, Mrs. Lena Hunt; Sprays from Mr. and Mrs. J. Betteneit, Mr. and Mrs. W. Bryden, Veritas Lodge No. 48, Britannia Rebekah Lodge No. 48; I.O. O.F. and the L.O.B.A.

The warmest sympathy is extended to the family in their sad loss. Harold had grown up from infancy in the town and the little lad will be sadly missed by his school fellows. At one period of his illness hopes for recovery were promising but other trouble developed and the spark of hope was quenched in death.

CARD OF THANKS

We wish to express to all the kind friends, our heartish appreciation of the kindness and sympathy extended us in the illness and death of our dear son, Harold.

Mr & Mrs. F Pomeroy

HARK!

The W.M.S of the Presbyterian church will hold a tea afternoon and evening on Saturday, April 24th, from 3 to 5.30 and 8 to 10.30 p.m at the home of Mrs. I. Watson. All are welcome. Silver collection

An afternoon tea will be held in the Rectory Thursday April 22nd from 3 to 6. Everybody welcome Silver collection

PLOWING MATCH FOR VERMILION
Annual Event Instituted—Date Set June 16th.
The inauguration of the plowing match for Vermilion, dated for June 16th next is a departure which will meet with general approval. In older provinces plowing matches have been held for many years and are looked forward to with an expectation similar to that of the annual agricultural fair. Its obj ct is to inculcate an ambition to plow with care and properly, and develop a spirit of pride in doing it in a manner which will stand criticism. Better growing means better crops and annual competitions have had a material effect in vastly improving the land, build a lasting up a standard which the young plowman endeavors to attain
The prize list for the first annual event of this kind for our district is being handed below and is sufficiently alluring to warrant a full quota of entries.
CLASS 1—With One Plow 14 in. Section A. Men ... $10 5 0
CLASS 2 Boys Plow 10in. Section A. Men ... $10 5 0
CLASS 3 Boys Plow 10in. Section A. Men ... $10 5 0
CLASS 4 Boys Plow 10in. Section A. Men ... $10 5 0
Special Prize
Sweepstake Cup presented by ... $20 0

THE STANDARD
VERMILION, ALBERTA
G. B. P. COUPER, Editor.

THE STANDARD

VERMILION, ALTA., APRIL 14 1920

Showing that much the same condition of things existed a long time ago as far as the general drift of public opinion and displays of human nature are concerned, an Exchange says that Daniel Webster in a speech in the United States Senate in 1833 spoke as follows.

"There are persons who constantly clamor. They complain of oppression and speculation and the pernicious influence of concentrated wealth. They cry out loudly against all banks and corporations and all means by which small capitals become united in order to produce important and beneficial results. They usurp and meddle against all established institutions. They would clothe the fountain of industry and dry the stream. In a country where property is more evenly divided than anywhere else they rend the air shouting agrarian doctrines. In a country of unbounded liberty they clamor against oppression. In a country of perfect equality they would move heaven and earth against privilege and monopoly. In a country where the wages of labor are high beyond parallel they would teach the laborer that he is but an oppressed slave."

Vegreville Observer.

There is some amusement, if no edification, in noting that at Red Deer there is a warm argument being conducted in the newspaper columns there over the hell question. Some affirm that there is a literal hell. Others doubt it, and so none of them know anything whatever about it, the argument consequently is all the more beautiful.

This reminds the Observer of a piece brother who expressed himself thus:—

It doesn't matter what they preach
Of high or low degree,
The old hell of the Bible,
Is hell enough for me!
I don't know its location—
Can't say just where 'twill be,
But the old hell of the Bible
Is hell enough for me!
'Twas preached by Paul and Peter
They spread it wide and free
'Twas hell for old John Bunyan
And its hell enough for me!

An increase in the postal rates is one of the things on the tapis. The deficit in the Post Office department have risen to nearly $9,000,000. The claim has been put forward that 60 per cent of the deficit was caused by newspapers. The proponents are that radical changes are more that likely to be made in the rates now governing newspapers. The free zone beholefore enjoyed is threatened with extinction altogether and a general rate of so much per pound on the entire issue charged, as well as a rate on advertising.

If the plan adopted in the United States was followed out in Canada, publishers would have to pay 1 1-2 cents per pound on the reading matter and on advertisements carried in their papers from 1 1-2 cents to 6 1-2 cents according to the distance the papers have to be carried. These rates are to be increased in July to a minimum of 2 cents to a maximum of 10 cents per pound.

If the publisher today asked a price in keeping with the present day prices of the supplies entering into his business and enhanced cost of production a straight advance in price of better that 100 per cent would have to be put into effect. That means the advertiser instead of paying a 50c contract rate would pay 40 cents at least; instead of $7.00 a thousand for letterheads the price would be $14.00; half sheet sale bills would only cost $16.00 per hundred and so on ad libitum It would be folly to expect to do business at these prices, and it wouldn't be done. Only by the most strenuous efforts have the majority of pub lishers been able to elevate their pr ce to about 30 per cent above the pre-war days.

The main object of a publication is to educate or inform the public. That the press of Canada has given freely of its space is an endeavor to promote and further all undertakings for the general good of the country and community life, will not be denied —the building up of a good healthy citizenship and loyalty to our institutions has ever been a paramount and outstanding feature of the majority of Canadian newspapers. Up to date for the enough the press has done much in times of great danger as well as in educative lines, revenue from passengers have been enjoyed by a none too lucrative profession. The papers, though unable to increase profits in keeping with costs, will not shirk the responsibility of taking over their share of the apportionment of the effort to wipe out deficit in the post office department.

NO BONUS FOR RETURED MEN IS DECISION

Ottawa, April 9.—Sir George Foster, at the opening of the house Friday afternoon, announced that the government had not changed its mind in regard to the granting of a cash bonus to returned soldiers.

"The government," he said, "is not of the opinion, and never had been of the opinion that the best way to re-constitute and re-establish and re-adjust the returned soldier is by placing a sum of money in his hands over which there would be no government supervision and without any reference to the peculiar and different conditions of each returned soldier."

NEW METHOD OF BAKING BREAD

Local Bakery Installs Latest Improvement

One of the several improvements that have been recently added to our town in a business way is that of an entirely new method of baking bread on a large scale.

Our local bakery, always keeping pace with these ever changing and progressive times by acquiring the latest and most sanitary methods, is pleased to announce it has succeeded in installing a new and quite original equipment whereby the bread and pastry is steam-tunnel before it enters the oven. It makes a wonderful improvement in the quality and the appearance of the bread.

This ingenious appliance is entirely a home production and was made, designed and installed by our local mechanical genius, Ben Calvert, to whom the proprietors feel much credit is due for the accomplishment. It is the only one of its kind and a patent will be applied for. Enough steam is produced to run a good sized engine and fifty pounds pressure is caused in less than 5 minutes with no extra fuel. It is produced by the heat of the oven itself.

All who are interested in such a nical engineering and in their personal inclinations are cordially invited to inspect the bakeshop, its oven and appliances, any time in the afternoon

A. L. Weber.

BAR U AND NAMAKA FARM PERCHERONS

The largest stud of the Purebred Percherons in the World. The Best Percheron breeding Farm Established in Canada. The only firm on the American continent that has won both International and Provincial Percheron breeding stock to contribute to Brandon.

Do not let the British breeders come to Canada and carry off all our best breeding stock. Do not be deluded with the cheap and inferior brought in by irresponsible dealers and stallions perhaps from the United States, where you can find the best Percherons in the world right here in Alberta at less than half the price. Visit them in the breeding barns, see the mares, and inspect the animals in the business. We have seventy-four head of Pure-bred Percherons for sale. Some of these are on hand at reasonable prices. You can buy them now and breed your own mares for the last to next year we will give you every satisfaction in our power. Write or call on us at Calgary, Alberta, and we will meet you and show you the stock at any time. Correspondence solicited.

GEORGE LANE (Dosh B.), CALGARY, ALBERTA

FARMERS BREED PERCHERONS

The only breed of draft horses ever shipped back to England from Canada for breeding purposes were Percherons.

The greatest breed of draft horses in North America are Percherons.

The safest investment in draft horses today is Percherons.

A profit to own—A pleasure to handle.

You will make no mistake in your horse breeding this year if you use a Percheron sire.

LOCALS

The Quessie Creek Local U.F.A. will hold a Whist Drive and Dance at the Quessie Creek school on Friday, April 16th, commencing at 8 p.m. sharp. Gentlemen $1.00. Ladies please bring cake.

Britannia Rebekah Lodge purpose holding a May Day tea on Saturday, May 1st in the I.O.O.F. hall in aid of The Old Folks' Home. Tea served from 3 to 6 and 8 to 10.30 p.m. All are welcome, silver collection. Extra for Luncheon

Methodist Church. Sunday April 18th, 11 a.m. combined service also Reception Service for those uniting with the Church. The 7.30 service will be transferred to the Church of Christ. Remember the service is not withdrawn, simply transferred in order that we may unite with our sister church in worship and hear Rev. Tyler's farewell message. The pastor will be there and he wishes to meet his regular congregation.

The different stores in Vermilion had cards printed at this office this week announcing sugar and flour will in future be sold for Strictly Cash. We are advised that they have been forced to do this as these goods are bought on a cash basis and sold on such a small margin.

Commencing May 1st the merchants and business men of the town of Islay will close their business places at 6 o'clock p.m. on Monday, Tuesday Thursday and Friday and at 1 o'clock p.m. on Wednesday of each week. Saturday evenings all stores will be open as usual.

The Wrenn Bakery are working up a large shipping trade for their bread. They are supplying Islay and Kitscoty and are completing arrangements to ship to several points between here and Lavoy.

BIRTH — At Vermilion, Alberta, on Tuesday, April 13th, 1920, to Mr. and Mrs. Geo. E. Rutherford of Claysmore, a son.

Little Georgie, only child of Mr. and Mrs. John Low, town, was operated on for appendicitis at the V. M. Hospital last week and is reported recovering nicely.

Cars of baled hay and straw keep arriving yesterday, so that the demand is no longer that two trains at a time are often given out to one man.

The Rev. H. L. Day of the Elk Point district was a caller at the office during the week. He reported a heavy fall of drifts from the recent "No epidemic in his territory, having considered its horrors in one week. A heavy loss of stock, owing to the general feed shortage, is also being experienced.

will make his next visit to Vermilion on Saturday, April 17th at the office of Dis. Scott & Clark: Monnville, on Monday, April 19 and Islay, Tuesday April 20th.

Peter McCallum, for 8 or years with the Vermilion Dominion Farm, has purchased an improved quarter section of land three miles south of town, moving onto the place last week.

A veteran old timer of southern Manitoba, states that the past winter was the hardest, longest and worst of its kind he ever witnessed in his 50 years residence in the West.

Plowing Match, Vermilion, June 16th.

The special memorial service for those from this district who fell in the war, which was held in St. Saviour's church Sunday afternoon last, was largely attended by veterans, parents and friends of those who "passed over"

With a bright sun and rain wind the snow about town has rapidly disappeared. More snow has however fallen. Under the most favorable conditions from now on seeding cannot start for at least two weeks.

Farmers are advised to test their seed grain before sowing. Some returns have given a low germination

TWO YEARS AGO FIRE WIPED OUT HEART OF VERMILION

It was two years ago on April 11th that the large business section of the town of Vermilion was entirely wiped out by fire. Twenty-eight stores and business blocks involving thirty-eight firms were razed to the ground, the loss suffered exceeded $650,000.

The Standard in a part of the full page devoted to a detailed report of the conflagration commented: "The sufferers bore their loss with fortitude and in a spirit of resignation to the inevitable, striving as their property fell victims to the flames to render assistance to others..... The whole burned area presents a most gloomy and depressing aspect.... But hovering the spirit and the caliber of the business men of the town now who pioneered through the trying and precarious years of early days—we feel confident that out of the smouldering ashes and ruins of today, shall be built up a greater and bigger Vermilion, well-planned, substantial and well built.

The new Vermilion of today stands as as evidence of the faith expressed in this paper amidst the ruins of April 11th 1918.

FORD LAYS OFF 30,000 EMPLOYEES

What Strikes Do

Detroit, Mich., April 21.—The Ford Motor company announces that a shortage of raw material due to the railroad strike would cause the laying off temporarily of approximately 30,000 of its employees.

POPULAR PASTOR PREACHES FAREWELL SERMON

Public Presentation

The Rev. J. E. Tyner pastor of the Church of Christ for nine years preached his farewell sermon to a crowded church Sunday evening last. He gave a brief review of his labors during his pastorate which embraced years full of happy memories. Following the service a public presentation was made to Mr. Tyner at the Colonial Theatre. Mayor Morrison and Rev. Wright were the speakers and their remarks were accompanied with a purse of gold. On Monday evening a congregational farewell was held at the home of Mr. and Mrs. H. S. Stephens for Mr. and Mrs. Tyner, when they were presented with a full cabinet of Silverware. The Rev. Tyner and family carry with them to their new home at Nelson, B.C. the respect and esteem of a very wide circle of acquaintances whose best wishes go with them.

At the last month's meeting of the Masonic Lodge, Bro. Tyner was made the recipient of a handsome gift bag

Canada and the United States

bowels Germany, the enemy of both. With a firm friendship cemented between Great Britain and the United States, it would, in the final analysis, matter little whether the League of Nations became a permanent institution or not, because united they can maintain the peace of the world, divided and suspicious of one another, no League of Nations could be effective.

Upon Canada devolves an enormous responsibility. Already the utterances of the Lloyd George Government and the President of the United States indicate that Canada's contribution to the peace of the world will be the position she occupies between the United States and Great Britain. Her commerce, her manufactures and even her immigration must be considered in connection with the United States. Her future is bound up with the American people.

Come and See the VIKING CREAM SEPARATOR

A demonstration will show you that the Viking is the most scientific in construction, the easiest running and closest skimming separator you can buy at any price. *Yet it costs you way less* than any other high grade separator.

The Viking is the real money-maker for you. The new discs skim to a trace, saving all of the valuable butter fat. The Viking is made in the *largest separator factory* in the world with a production of 180,000 Cream Separators a year. That is why you can get this wonderful separator *at the lowest price.*

A demonstration will prove the superiority of the Viking. Come in and see it operate.

H. N. Stephens of Stephens Limited underwent a successful operation for hernia at the Vermilion Municipal Hospital the latter part of last week. The Standard is pleased to report that he is progressing favorably towards recovery

Mrs. Iverson and daughter, who spent the winter in the States, returned to Vermilion Saturday. Mr. Iverson returned several weeks ago.

Feed has been moving freely all week and farmers are being offered as much as a ton at a time. The supply to night together with the opening up of the range will enable farmers to pull through without much more loss.

Vermilionites Mark Twain has nothing on "Wild Cats," a Three Act Farce that is to be put on in Kitchen's Wed April 28th, by the Monarville Y.P.S. Dance to follow. A word to the wise—

A Standard reader in North Vancouver writes for a copy of the paper with picture of our hospital and the participators of the event. His request was complied with. It is the intention to build a hospital out there and the Vermilion Hospital has appealed to them.

At a recent sale of Holsteins held in Toronto, 151 head made an average of $636.

The regular meeting of the Women's Institute held on Wednesday, April 7th was a particularly good one. After the regular business Mrs. Ben Calvert gave an excellent report of the Institute's convention recently held in Edmonton. Mrs. Taggart gave a very practical paper on "Dress, It's Use and Abuse" which contained many sound suggestions and Mrs. Frank Dunaway, who we are glad to see in town again, played one of Chopin's selections. She now proposes to establish a song-of-the-month and a request afternoon. Next month the government will send a speaker. Miss Larkin reminds members of the Institute. Every one a good meeting. Watch for further announcements.

HARK!

The W.M.S. of the Presbyterian church will hold a tea afternoon and evening on Saturday, April 24th, from 3 to 7 and 8 to 10.30 p.m. at the home of Mrs. J. Walker. All are welcome. Silver collection.

Road spring at last.

Mrs. Martel, who has been so successfully nursing in the town and precincts for the past year and a half, has rented Mrs. Groenveldt's large house on First St. North where she will be prepared to receive patients sometime in the early part of May.

Big Sale Spring Tweed and Waterproof Overcoats. Grab a bargain at CRAIGS' DEPT. STORE.

The Claymore local U.F.A. and U.F.W.A. will hold their regular meeting on the Claymore schoolhouse Wednesday, April 28th at 8 p.m. Important business

R.L. Craig, after thoroughly enjoying with the rest of us the past seven months winter, has again blossomed forth with that one thousand dollar auctioneer's smile. "Never felt down fit in my life," said the veteran auctioneer "need I participate a good list of successful sales." Watch R.L.'s list and keep posted on dates

The school board has engaged Miss Gertrude Ryckman for the public school staff.

The Standard has been requested to ask all those at whose homes application forms were left for the installation of a rural phone service throughout the district south of Vermilion, to fill in the same at the earliest possible moment and return to the department at Edmonton. As inspector of the Provincial Telephone Department has been through the territory in question and received a large number of applications for telephones, while some were left at homes where the head of the family was absent. As settlers in that territory have long urged the extension of the rural service south, it is now a matter of action so, later part whether they are to get it.

Mr. James Patton expects to leave for England in May on an extended leave of some four months.

The monthly meeting of the Women's Institute will be held on Wednesday May 12th. Miss Mackin of the Government speaker for the year will speak. Further particulars as to time and place later. All women urgently invited.

CARD OF THANKS

Walter Grigg and family, wish to thank friends and neighbors for their kindness and help to Mr. Ben Mackin and his family during their recent severe illness.
Walter Grigg, Roosevelt, Ont.
April 19th 1920.

HON. A. G. MACKAY DIED ON SUNDAY LAST

PROVINCE HAS SUSTAINED A GREAT LOSS

Hon. A. G. McKay, minister of municipal affairs, and of the health department in the provincial government, died at 4.50 a.m. Sunday in the general hospital, following an attack of bronchitis which developed into pneumonia. Heart failure was the immediate cause of death. The remains were taken east to his birthplace at Owen Sound, Ont. where burial will take place.

In the death of the Hon. A. G. McKay, the province loses one of its most able public men, whose place will be hard to fill. Regret will be general irrespective of party allegiance for at this particularly critical stage of the history of our province, and in a time when the powers of the greatest are locked and tested in efforts to solve the grave issues confronting our countries - the death of a man of the ability, zeal, and untiring energy of the late minister, is a great loss.

LARGE SHIPMENTS OF HAY ARE SECURED

Available For Everybody and No Restriction on the Quantity

Through the Municipal District at Vermilion Valley, a considerable quantity of hay is being shipped in for general distribution. Supreme Council To Deal With The German Problem

Paris.—The San Remo correspondent of Matin says it has been informed that the proponents of Premiers Nitti and Lloyd George on the question of dealing with Germany communicated as a question that Germany be invited to take part in the conference where reparations indicated, he declared that in this case the peace conference should call it an exclusive and all desirable as a means of making the discussion of the future good economic relations between Germany and her former enemies productive of the best results.

However, adds the correspondent, the representatives of Premier Millerand ultimately concurred the Italian and British premiers that they had taken the wrong view, and it was decided that discussion of the German problem should be confined to the economic difficulties from which Germany suffers, requesting a report thereon from the ministry classes of the peace treaty, and the Germans would continue an amount of 200 million marks, or equal reduction of armaments had been brought about by the League of Nations has been accepted by the Supreme Council. At the same conference, the economic requirements in British credits, in Italian credits, and the abandonment of the state of war between Germany and the being of the countries.

Miners Riot at Belle

Fourteen I.W.W's and One Policeman Are Wounded

Butte, Mont.—Fourteen men, believed to be Industrial Workers of the World copper pickets, and one policeman, are in local hospitals suffering from gunshot wounds sustained in a battle on Thursday night, near the Stevenson mine. Police officers believe two of the alleged Industrial Workers will not recover.

Police are searching for three other men said to have been wounded and arrests hotting miners are rounded in Finlander hill and the street in front of the building. Feeling runs high. Police reserves have been called out.

Exhibition Munitions Are Guaranteed

Question of Compensation for Men Killed At Parry Sound to Be Under Consideration

Ottawa.—The Government has a guarantee that all active munitions turned from overseas are properly examined and guaranteed to be harmless before being used for exhibition purposes. This information was given to James Arthurs, of Parry Sound, by the house of commons the other day.

Mr. Arthurs asked whether a claim had been made for compensation for the death of Mr Alvey, who was killed at Parry Sound fall by the explosion of a trench mortar supposed to be harmless. He was told that such a claim had been made and that the question of making provision for the family of Mr Alvey was under consideration.

Bridges Damaged Owing to Floods

Coal Mines in Calgary Are Running Pretty Low

Calgary.—From information secured from some of the coal operators the Dreadnaught valves served by the Canadian Northern harbour it will be a month before the bridges can be replaced sufficiently for the movement of traffic. It is stated that there are only five bridges in a distance of twenty miles, and that drivers of them are a distance of seven miles owing to the floods. In some cases the bridges are submerged to a depth of more than four feet of water. Coal mines in Calgary are running pretty low, as the bulk of the coal have come from Drumheller. The principal supplies are now coming from the Edmonton district.

Indictments for Canada

Canada's Claims Against Germany Is Now Being Compared

Ottawa.—The amount of Canada's indemnity from Germany is now being compared for presentation to the tribunal created under the peace treaty, for consideration next Monday.

Hon. R. W. Boyell, in answering a series of questions put by Thomas Hay in the house, stated that the treaty of peace limits and defines the classes of claims which may be presented by the allied and associated powers against Germany for or on Canada has expended money or incurred obligations covered by the treaty, she has a claim.

The government is taking the necessary steps to see that a claims are properly presented. He stated that it is not true that Australia and other British colonies have refused to pay additional territory by way of indemnity. Australia, New Zealand and South Africa will be named as mandatories under the League of Nations as respects the territories conferred upon them. Many claims have been submitted to Germany.

Letter on Abandoned Ship

Message Found on Board Ship Tends Hope to Everyone For Rescuers

Prince Rupert.—The boat, McDoff, which was taken in charge by Indians on one on board is on her way here, being towed by an Indian. A letter was found addressed to the wife of Mrs Bennington, 176 Burgess street, Gelsley, England, saying:

"Engine broken, rudder smashed, drifting to Hecate Straits, storm building good-bye to everyone for everyone."

Britons May Sell Warships

London.—Walter Hume Long, first lord of the admiralty, replying to a question in the house of commons today, said the government contemplated the sale of many warships to foreign countries. Pending the outcome of negotiations, however, he added, particulars could not be divulged.

Allies to Execute Turkish Treaty By Military Force

San Remo.—The supreme council of the allies is fully prepared to execute the Turkish treaty by military force if necessary.

The council has accepted a plan proposed by the representatives of the allied armies by Marshal Foch, Field Marshal Sir Henry Wilson, British chief of staff, and General Badoglio, Italian chief of staff, who were present.

Two hundred thousand allied troops may go within the borders of the Turkish Empire, strategically disposed and these forces can be increased, if Turkish resistance is developed to any dangerous number. Greece will maintain a military and naval experts the increase necessary for prosecution of duties for completion by the admiralty committee on articles relating to the Baron Beatty, commander of the British fleet.

Royal Train Held Up By Armed Men

Bandits Attacked Queen Victoria and Her Brother

Seville, Spain.—Bandits attacked a train on which Queen Victoria and her brother, the Marquis of Cristobal, were traveling from Madrid to Seville. The robbers made an unsuccessful attempt to carry off the royal plate, which the queen was taking with her. The robbers, who were well armed, opened a regular fusilade when discovered, wounding two of the railway men, one of them probably mortally. The bandits escaped in a two-horse carriage, leaving no clue to their identity.

Canadian Missionary Killed

Dr. Menzies of Toronto, Shot While Defending Women in Vancouver

Vancouver.—A serious situation has been created in Hosmo, China, as a result of the murder by bandits of Dr. James Menzies, M.D., C.M., and Chas Tih, the military governor, has been severely censured by the Pekin authorities for his inability to protect foreigners' lives and property. This information has been received by the World.

Dr. Menzies came from Toronto, where his wife is now residing, and for more than 20 years was a missionary in China. He expired shortly after he was wounded, when defending some women missionaries against robbers.

German Would Increase Army

Want to be Allowed to Retain All Officers and Staff

Paris.—Germany has asked the inter-allied conference at San Remo to increase from 100,000 to 200,000 men the standing army provided for Germany by the terms of the Treaty of Versailles.

The request was contained in a note handed to the French foreign office last evening with the demand that it be sent to the supreme council at San Remo.

The note set forth that an increased force was necessary for the maintenance of order in the interior and that, consequently, the allies could not accept an order for its dissolution.

The note further requests that Germany be allowed to retain the entire general staff and corps of officers, which means the entire framework of the active army.

Two other notes were handed in the foreign office at the same time. One dealt with the disbandment of the civic guards, which has already been made public, and the note contained a request that the rechrouche be left to the several guns should be found according to the number of men now found addressed to the supreme council at San Remo.

Bonnington, 176 Burgess street, Gelsley, England, saying:

"Engine broken, rudder smashed, drifting to Hecate Straits, storm building good-bye to everyone for everyone."

Britons May Sell Warships

London.—Walter Hume Long, first lord of the admiralty, replying to a question in the house of commons today, said the government contemplated the sale of many warships to foreign countries. Pending the outcome of negotiations, however, he added, particulars could not be divulged.

Dr. Bekerton Tells Commissioners Of Conditions in Canada

Ottawa.—In an address before the parliamentary committee on agriculture and colonization, Dr. W. J. Bekerton, said it would be unfair to base too big crops to catch up to anything like normal requirements of breadstuffs, ten years to obtain a per war standard on milk products, and four years for beef products.

Dr. Robertson went at length into his experience overseas, criticizing him statements that prices were dependent entirely upon supply and demand. Increased production in Canada would not lower prices because of increased demand.

Japanese Looms in Siberian Battle

London.—The Japanese casualties in the fighting in Siberia which resulted in their capture of Nikolsk and Khabarovsk from the Russians totalled 2,000, according to reports received in official quarters here.

Some of the Russian force beaten ranged to the allies, the others were captured and disarmed, the advices state.

Ralph Connor Gets Appointment

Winnipeg.—Rev. C. W. Gordon (Ralph Connor), clergyman and novelist will be appointed chairman of industry to be set up by the provincial government under the Industrial Conditions act, according to an official statement made at the parliament buildings by the Hon J. W. Armstrong, provincial secretary. The decision was arrived at after a fast interview between Mr. Gordon and the provincial secretary.

British Labor Party Report for Russia

Declare Responsibility for Wrongful Intervention Was Insisted To Go

London.— The delegation of the British Labor Party which will go to Russia to investigate the general situation there will be composed of Messrs. Philip Snowden, Ben Turner, Robt. Williams and Tom Shaw. Will Crooks, who is regarded as the most radical member of the delegation, has long advocated direct action. He was a leading figure in the activities of the triple alliance—the railway men, miners and transport workers—during the railway strike and the recent threatened miners' strike, when he was practical factor was whether workers, instead of the transport workers, would bring, what is regarded as the most radical member of the delegation, has long advocated direct action. He was a leading figure in the activities of the triple alliance—the railway men, miners and transport workers—during the railway strike and the recent threatened miners' strike, when he was practical factor was whether workers, instead of the transport workers, would bring, what is regarded as the most

The laborites decline to assume responsibility for the accompanying newspaper correspondents, but it is stated that representatives of some of the leading newspapers in the country and take chances of being stopped from entering Russia.

Anomalous in Siberia

Last Reported in August When Ship Was Sailing Down Lena

Home, Alaska.—A wireless flash from Anadyr, Siberia, announces the departure of the steamer Nanuk with the explorer, the details and moment of his arrival are not given. A message from Anadyr suggests the explorer may have reached that point with Nanuk.

Last August Roald Amundsen was reported to be drifting in his ice locked ship Maud in the Arctic ocean north of western Siberia. Nothing has been heard from Amundsen or his party since September 1, 1918, when his schooner was reported to be taking on board Capt. Hansen's party in a boat, a White Sea point.

From the White Sea Amundsen expected to drift east with the ice to the new Siberian Islands which he reached in August, 1918. The new Siberian Islands it was believed the drift would carry him toward, if not to the North Pole. Foreign office is reported to have entered two airplanes for the use of the expedition and it was to use these if he found the ship would not carry him across the "roof of the earth."

Bolshevik Troops for Seeding

Alberta May Adopt Suggestion Of Seeding Soldiers to Help On Farms

Calgary.—Mobilization of all available troops from the cities of the province to assist in seeding operations is the suggestion put forth by the U.F.A. executive in connection with the southern boycott of Bolshevik troops and munitions workers and many business men have approved of the idea. It is estimated that there will be a shortage of help to the extent of 2,000 acres a day in southern Alberta, if 3,000 troops could be secured from Calgary, Lethbridge and Medicine Hat.

Strikers' Meeting is Broken Up

Gathering Broke Up in Uproar After Leaders Had Been Hooted Down

Chicago.—John Grunau, leader of the strikes Chicago yardmen's association, who was ordered released on bail for bail on bonds, but there was no objection to the bail bonds.

Johnson Jones, R. S. Murphy, and Mr. J. Kenney, who called the meeting to order and urged the strikers to return and await action of the railroad labor board on their demands for increased pay.

"I hope that you can see that it doesn't do any good to fight the government," Jones told the strikers. "You can fight the laborers, but not the United States, and you are backing up to say."

On the rostrum was an American flag. Jones touched it constantly as he spoke. As Murphy began to speak he was greeted with cries of "Hurrah" "Germany." "We want Germany."

W. N. U. 1313

Promise to Finish Hudson Bay Road Soon as Possible

U.S. And British Would Trade With Russia

Sir Auckland Geddes Declares Progress Is Being Made

Washington.—Negotiations between the State department and the British foreign office, concerning the proposed re-opening of trade relations with soviet Russia are proceeding and progress is being made cordially, Sir Auckland Geddes, the new British ambassador made the statement today. The question of the recognition of the present government of Russia is entirely apart from these negotiations, it was said.

It is the purpose of Britain and America to enter at an agreement as to means of expanding the trade already being carried on with the Baltic and Scandinavian countries and by way of Finland and Letvia. While the plan to be adopted will be assumed shape it is regarded as probable that the old license system will be abandoned entirely or so liberalized as to leave but little restraint on the channels of trade.

It is fully understood in London and Washington that in furtherance of its determination to force political reconstruction at the hands of the soviet leaders, the British government is the soviet government until its overthrow is brought about. The British government will only recognize the soviet government when it has demonstrated its ability to keep its promises.

Deporting Sinn Feiners

Pilots Removed From Belfast and A Large Number From Queenstown in Destroyers

Belfast.—The removal of fifteen Sinn Fein prisoners from Belfast and three destroyers leads to the belief that the authorities are planning to send all Sinn Feiners to Ireland.

The house of a merchant named Stewart was destroyed by fire on Lisburn road. In both the last night, and a dozen armed men rushed the officers and held up the manager, 40 employes and 30 girls in the office.

Lens Owing to Strikers

London.—Thomas J. MacNamara, minister of labor, told the house of commons today that the strike and lockouts reported to the ministry of labor during 1919, aggregated 1,413. The number of workers involved was 2,591,000, and the time lost was 34,850,000 working days, figuring on the basis of an eight hour day. The number of workers involved was 2,591,000, and the time lost was 34,850,000 working days, figuring on the basis of an eight hour day.

Will Take Some Definite Action On Natural Resources

Ottawa.—Indications were point the first belief among the Liberal members of parliament that the government intends to take some definite action on the question of natural resources before the end of the present session.

Headed by those who have been pressing for such action, a delegation of some forty-five supporters of the government waited on the premier this morning, the cabinet members present included the George Foster, acting premier, Hon. Arthur Meighen, Sir Henry Drayton and C. C. Ballantyne. It was stated that the government will immediately consider undertaking some policy whereby the natural development of the minerals, water powers and other natural resources of the Dominion may be developed more rapidly, with a view to the settlement of the country.

Ottawa.—Assurance that the completion of the Hudson's Bay railway would be put in good repair this year and that the government would carefully consider the early completion of the road, was given by Sir George Foster to the special delegation of members of parliament, senators and representatives of western boards of trade, which waited upon the government to press the case for the completion of the road. Members of the delegation expressed satisfaction with the result of their interview and their confidence that the completion of the road would not be neglected.

Sir George Foster left the impression that in addition to the repair of the railway, some additional track might be laid this year, possibly as far as Limestone River. The government are not yet prepared to announce any new and are grant bargains.

SCOUTS RE-ORGANIZED
VERMILION, ALBERTA
Thursday, April 22 1920.
A public meeting of parents and citizens was held in the Nellis Hall on above date at 8.30 p.m. to re-organize the Boy Scouts for Vermilion. Mayor Morrison in the chair.
After stating the object of the meeting, the chairman asked for the election of a secretary to record the proceedings.
On motion it was moved and carried that S.R.P. Cooper act as secretary.
R. C. Borland, registered Scout Master, was then called upon. He gave a clear outline of the "Aims of the Boy Scout Movement."
The address received very close attention. The primary object of the Boy Scouts Association was "the best meeting of boys in the principles of discipline, loyalty and good citizenship," he also managed on scout activities.
It was then moved by Rev. Edwards, seconded by Rev. Wilson, that a meeting of the parents and citizens of Vermilion agree to re-organize the Boy Scout movement." The motion carried unanimously.
Prin. Crosby of the high school also spoke to the motion.
L.G. Dunaway, a former Scout Master of the old Vermilion troop addressed the boys on "Scouting." He stated that they did not ask for money—the movement was self-supporting. The scout was always open to perform any job that was needed done, he did not ask for pay but accepted a contribution. In this manner it was confidently expected that the troop funds would be raised to fully equip and maintain the troop. He proposed that committees be appointed for a campaign to run into between the various patrols and would like it to be known as "Anderson Wallace Memorial Cup" in memory of Andy Wallace, assistant scout master, who fell in the war.

Deering Drills

ARE GUARANTEED TO SOW YOUR GRAIN

RIGHT

L. H. WEST

The election of an executive committee consisting of five members, to be known as the Vermilion Boy Scouts Association, was next proceeded with and resulted in the following citizens being elected, J. A. Rowlesnoff, Mayor Morrison, A.C. Crosby, Wm. Bryden and S.R.P. Cooper. The duties of this committee are very important ones with the Scout organization constitution.

On motion of Rev. Edwards, seconded by Mr. Budd, it was decided that a competition cup be purchased to be known as the "Anderson Wallace Competition Cup" and that Bert Bryden be appointed treasurer to receive subscriptions.

After the singing of the National Anthem, the meeting adjourned.

The attendance was most gratifying and it is hoped some 75 adults keep present.

S.R.P. Cooper, Sec'y.

VERMILION VETERANS MAKE PRESENTATION TO RETIRING PRESIDENT

Social in Honor of Mr. and Mrs. J. A. Horne held in Club Rooms on Monday Last

A pleasing event took place at the Veterans' Club on Monday evening last when veterans met together with the Red Cross Association in a social to be upside social in honor of Mr and Mrs. J. A Horne who are leaving for Edmonton to make their future home in California. About fifty people were present and one and all gave themselves up to making the last evening in Vermilion so fine and Mrs Horne a most enjoyable one. Mr. Horne presided over the proceedings with a number of popular selections. Floated by a string band by Leo Hebert. Corporal Watts was then called upon and he read the address which was then signed by the ladies present and presented to Mr. and Mrs. Horne. The address was then read by Mrs. A. Watt. The audience then rendered a chorus after which refreshments were served by the ladies of the Red Cross. Mr. Horne then made a few remarks in response to the address presented.

The event was a most successful one and a credit to all those who made the high esteem in which their President was held, present and J. A. Horne is a President of the Veterans' Club and a charter member of the Red Cross Association. Rest of Kan who really excelled themselves on the occasion.

The event was also the occasion of the presentation of a gold watch to Mr. Horne by Taylor Comrade Horne on behalf of the Red Cross Association. Mr. Horne left Monday for Edmonton, but having orders from the doctors to work in a warmer climate, he soon commercially locate in California.

With the departure of J. A. Horne, Vermilion will lose one of its most prominent citizens and one who has always been ready to help along any good cause. He will be greatly missed by his many friends and we can wish him every success in his new home.

Mr. and Mrs. Horne left on Tuesday morning's train for Edmonton, en route for their new home in California.

GILLETT'S LYE
EATS DIRT

For Canadians to Consider

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin callouses from bottom of feet.

Freezone is wonderful. "Freezone" costs little at any drug store; apply a few drops upon the sore, tender corn and instantly it stops hurting, then shortly you lift that bothersome corn right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Demand for Men Better

$4,040 Worthless Wood Was Placed During Month of March

The employment situation in Canada is improving, according to figures published in the Labor Gazette for April. The employment service operated with the department of labor placed altogether 34,402 people in employment during the month of March and received 41,703 applications for employment. The department was notified of 38,230 vacancies. All these figures represent an increase over the previous month and for the same month last year. There was a steady increase in employment in the provinces except the prairies, where a decline was reported.

There was less loss of time due to strikes in March, 32 strikes were reported affecting 2,700 people and representing a loss of 63,360 working days. Seventy strikes remained unsettled at the end of the month. Reports were received from five conciliation boards and settlements were reached in five more. Two boards were appointed on additions to 12 those on application.

Mineral's Liniment Cures Garget in Cows

A Satisfied Farmer

This Country Cannot be Beaten For Farming

I have lived in the Kenora district for fourteen years and have a half section under cultivation and have harvested excellent crops. coming to the conclusion that there is no better place in the world to make a living. I might say that my wheat has always graded number one lower than Number Three in the thirteen crops I have harvested I am well satisfied with the district for grain growing and mixed farming. I have over one hundred head of cattle. I don't think the country can be beaten for mixed farming. We have first class soil, good water, and a good climate, all we need is more and better farmers.

(Sgd.) Joseph Lebrasseur
Kenora, Ontario.

It is just fifty years since the method of grinding wood as raw material for paper was introduced in the United States.

National Research Institute

Institution Would Meet The Requirements for Developing the Natural Resources

Plans for the establishment of a national research institute for Canada, were before the commons committee on scientific research recently. It was recommended that a site of at least 5 acres should be secured near Ottawa and a building or laboratory type how services in height, to cost $500,000 to be erected.

The scientific instruments required would cost approximately $100,000 and a staff would require about $500,000 per annum.

The institute would be similar to the bureau of standards at Washington and the Mellon institute at Pittsburgh. It was stated that such an institution would meet the most pressing requirements for developing natural resources and make provision for conservation of resources.

A bill providing for the establishment of such an institution is to be drafted by the committee, which is composed of Dr. E. H. Archibald (Acadia), Dr. Tolmie (Victoria), and Dr. R. J. Manion (Fort William), who will report back to the commons.

CHILDREN OF ALL AGES

Children of all ages—mothers in the making—should have the best training in the care of dolls. Dolls are the very foundation of motherhood. Some mothers are to be envied because of the wonderful manner in which they handle their children. Others are to be pitied because they are not. Dolls are the best means of training for motherhood. Every little girl should have a dolly to mother. Every little girl should be encouraged to mother her dolly. Every little girl should be taught how to mother her dolly. Every little girl should be taught how to mother her dolly. Every little girl should be taught how to mother her dolly.

Brush War Briefs

Make A Home on the Farm

A Farm Must Be Self-supporting Before A Pleasure Home Can Be Contented House-maker

One cause of the present unrest among the farming population of the west is the lack of home unset. Ellins do I mean by that? I mean, that the average settler in the semi-arid region regards himself as a temporary sojourner, and not as a rather than as a permanent fixture—a permanent citizen of the country. As a result of this view, he has not developed the home making trait. He intends to go back to the city sometime and sell out to someone from the east. No country can be prosperous until the farmers are contented with their surroundings. The farm home must be self-supporting. The farmer who sells his hogs and buys ham and bacon, who sells his cream and buys butter, and the farmer who raises cattle and lives on condensed milk, will never become a contented home-maker.

A one-crop system will never develop a community of contentment. The farmer must first of all be a "rotter" —he must be rooted to his farm so as to have a permanent interest in his soil and his family.

The last three years have demonstrated the possibility of the west to develop a country with one crop. The farmers of the so-called dry belt in Alberta have raised all sorts of crops, plant corn, fodder grass, millet, rye, barley and wheat, and have done far feel on the place. Then get by any means possible the stock to feed it up and sell them off on the market to the homes in the east and middle west.

A farm home should have its chickens, and pigs and lambs, and colts in like a home without children is a misfortune for any child to be born and raised on a farm that is not stocked with animal pets.

The farth home must be self-sustaining. We must get back to nature and the conditions of our fathers when nearly everything that was needed for the family was made by the family, when the family made its own money raised its own honey killed its own meat, and gathered its own corn, when the cellar was filled with everything that was good to eat, and the pantry with dried fruit. We as farmers may be forced to go back to the days of spinning and weaving as cloths is fast getting at the present rate of increase of cost service to be a luxury. We must abandon the idea that the farm is a factory and make of it a home where we can live.

Canada Secures Orders in Roumania

The Canadian Association of Woollen Manufacturers has secured orders in Roumania to the value of $1,000,000. The association went up agent to Roumania to handle most of Canadian woollens in south-eastern Europe.

Insures long life

Imperial Mica Axle Grease and Imperial Harness Soap
Imperial Mica Axle Grease—Per 10 lb. tin
Imperial Harness Soap—Per 5 lb. tin
Sold by dealers everywhere.

Imperial Mica
Axle Grease
—not only lubricates, but smooths the surface of the axle and hub with a coating of powdered mica, thus reducing friction and lessening the strain on bones and harness.

Imperial Harness Oil
keeps harness supple and tough and prevents sweat, grease and dirt from harming leather. Keeps it strong. Harness Oil imparts a rich, lasting finish.

Smoke Screens

Secret Used With Great Success By The British Navy

The secret of the smoke screen used with such great success by the British Navy in the raids on Ostend and Zeebrugge is definitely disclosed. They were produced from an acid, which has to be burned in the presence of a sufficient amount of water vapor, otherwise the smoke produced is not thick, and is liable to be somewhat thin on dry land.

Commander Brock, who sacrificed his life in the assault on the German defences at the Belgian ports, devised the plan to feed the acid in a fine spray into the funnel of a destroyer, where the temperature was sufficient to vaporise the acid, and the water vapor present completed the formation of a cloud.

Who sees always do a little boasting on their own account while waiting for good luck to come and pay them a visit.

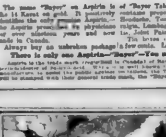
More Drastic Methods

If the Sinn Feiners were carrying on operations under the red and white stripes, instead of the Union Jack, the whole Sinn Fein movement, like innocent Ginot, could be divided into three parts—one part in the graveyard; one part in the penitentiary; and the other part in process of being shot into the cells or the cemetery.—Toronto Telegram

Naturists are kernels of the fruit of a tree cultivated in Sumatra, Java and the West Indies. The shape and size of this fruit resembles a peach, and when ripe, it easily splits in two parts, showing the kernel (or nutmeg) and mace, which surrounds it.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

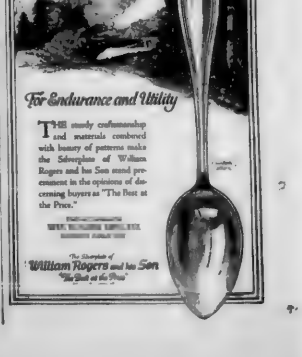
Not Aspirin at All without the "Bayer Cross"



The name "Bayer" on Aspirin is of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache and Pain; Pneumonia, Neuralgia, Rheumatism, Lumbago, Elsewhere, Aspirin is the name of a drug. Handy boxes of 12 tablets cost but few cents. Larger "big pay" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it will be well known that Aspirin means Bayer-manufacture, to assist the public we will place the name "Bayer" and the general public against imitations, the Tablets of "Bayer Company" will be stamped with their general trade mark, the "Bayer Cross."



THE steady endurance and materials combined with beauty of patterns make the Silverplate of William Rogers and Son stand preeminent in the opinions of discerning buyers as "The Best at the Price."

Draft Horses in Canada

Demand For Best Grades Will Continue to Increase

How many big draft horses are there, either grades or purebreds? Western Canada hasn't a surplus anyway. In Canada there has been no more breeding done than in the United States, and what breeding has been done has been mostly of the smaller class of horses. Saskatchewan alone has 100,000 overdraw horses today.

According to economists, prices of horses before the war were prosperously low high. Now they are almost any other class of article. During the war, prices of horses did not go up, while prices of almost everything else did. This along with a world-wide appeal for grains and meats, and the high prices being paid for these materials was responsible for the depression in the business.

There is a revolution due, however, in the horse business. The day of the cayuse is gone. These light horses are being offered by the thousands at but a few cents a pound. Canadian farmers are now advocating making meat of them for shipment in the countries where horse meat is consumed. Some shipments, in fact, have recently been made.

Whether or not Canada is going to play any part in supplying horses to Europe, there is one part she will have to play, and that is her own. She must raise almost "to order." We cannot look to European countries for large shipments of purebred horses to build up our stock. They are busy with their own reconstruction.

Therefore, the man who can go out now and purchase a few good mares, with a view to producing horses of the big draft type, would appear to have a splendid advantage. Such good mares are not after mares like these right now. They are also the ones to be able sufficient to mate with these mares, and they seem to be having difficulty in finding them.

In view of these facts can we not say the future of the horse industry looks bright?

The automobile people have almost fairly fallen over themselves in securing space for their exhibits at the Toronto National. When we come to Ireland the Sinn Fein reclassification between May, 1916, and October last Ireland's horse ownership for 1,529 quarantine districts, including the whole of Ireland, and firing into dwellings. In Ireland there is a similar condition. The Irish Horse Board, which is the only body in existence to control horse breeding, is also existing in Germany and Russia, yet there is no shortage of horses in Germany, and no famine in Ireland. Ireland can produce horses as cheaply as any other country between 1914 and 1918.

Canada's Population

Mean Census Likely to Show A Prosperous Condition of Considerable Over Estimate

Canada's next census will be taken on the first day of June, 1921. The last census was taken in 1911, and the next census will be taken in 1921. The last census was taken in 1911, and the next census will be taken in 1921. The last census was taken in 1911, and the next census will be taken in

(Continued)

For an instant he was on the point of turning back, if only to keep from driving her into danger. He compromised by floating about without untoning further seaward. Then the crimson kerchief disappeared utterly, submerged. In the increasing fog, glancing shoreward, Ruggles discovered that the beach had likewise disappeared. That it settled it; he turned on his side and swam straight out through the stagnant water with his weepy swaths of fog.

Presently the grey shutter opacity was all about him. He rolled over and tried to peer beneath it, and was successful, in so far as he saw the rim. But nothing else; not a sign of land appeared to be motionless, and Ruggles even slowly in that direction. As he drew nearer, Ruggles saw that it was indeed Ruth, lying on her back and paddling slowly outward. He splashed in to attract her attention. She looked up, turned in the water, and stared at him without a smile.

"Well, here we are again Mr Ruggles," said she.

"You're one for out," said Ruggles. "You'd better start back. Do you remember what I told you about the offshore current?"

"But I am swimming back" said Ruth "I've been swimming back for the last ten minutes."

"I guess you must have got sort of turned around," said Ruggles. "Sometimes you do when you've been dead long."

"You must be turned around your self," retorted Ruth "The beach is straight in there" Her arm flashed clear of the water, as it pointed in the general direction of Rocky Head

"I don't think so" said Ruggles "I should say it was just opposite

Her eyes opened very wide, and she pushed back a wisp of black hair that had escaped from beneath the crimson kerchief.

"Listen," said Ruggles. "Maybe we can hear something from the shore"

They floated silently under the grey face. For a moment or two there was not a sound, then there fell on their ears to have spoken. I mean as soon as whoever There, if the sound was not there came from far on the left side, and, as it seemed Ruggles straight out in the channel—the hoot hoot of an automobile horn and the fine imitation of a running motor. The girl turned a triumphant face toward Ruggles.

"A motor-car," said she. "I knew I was right."

"Sounds like you were," Ruggles admitted "I can't think though how I got turned around so. But then I was swimming on my back, and when I rolled now it don't seem right, somehow.

"It's about the only way," answered "And there it goes again."

They were the hoots beach reached their oars, distant and muffled in the mist. There could be no doubt as to its direction.

"Come on," said the girl, and turned on her side.

Together they swam ahead with long, even strokes, swimming straight out into the treacherous channel, whither a passing motor boat heading in from Tinpot had bore them. Ten minutes passed; fifteen minutes; and still no shore sounds reached their ears The chill of the water began to strike through to the girl's face, as she looked back at Ruggles, showed the growing fright that fear overhung over her

"You were out far," said she

But Ruggles scarcely heard her. A peculiar aspect of the water about them had attracted his attention. Where formerly it had been as flat and undisturbed as the surface of a mill-pond, there now appeared persistent wrinkles, and broad, liquid swells, through some deep current were thrusting up from beneath He felt the body here, as though caught in an undertow.

"Ruth," said he, "I think we're in the channel"

"Tide," Ruggles answered "The water is full of currents when you're so offshore. I'm going to shout for help. He filled his lungs and gave as much voice as he was capable of out into the fog; then listened. But a sound came in answer. The silence of oblivion surrounded as on the face of the water He looked at the girl. The terror in her face went into him like a knife. There were dark shadows under her eyes and her lips were quivering

"I'm afraid it's all up with us," said she faintly. "I can't go on much longer"

"Put your hand on my shoulder and rest," said Ruggles "I'm game I'm good while yet."

She did as he told her, and Ruggles swam on slowly. The eddies turned and twisted them about, and soon all sense of direction was lost The tide flowing out of the estuary of Eagles was carrying them swiftly out and to the westward. The strongest swimmer alive could not have gained the beach under such conditions. Ruggles began to rest.

"I'll swim again and the girl perfectly. "I'm getting numb with cold Have you any idea which way the shore is now"

"No," Ruggles answered, "but it wouldn't make much difference if I had Were in the schooner channel from the channel swimmers can't hope to win."

"Then it's all up with us," I suppose" she hitched herself

"Not by a good deal" Ruggles answered "We are from being a mile from shore, we're pretty apt to get picked up by some of the fishing boats that go out of Eagles with the tide I'll bet on it."

He did so, but as before without result. The girl shivered, and Ruggles felt that she seemed to be sinking in the water. He caught her with his left hand and drew her to his shoulder

"Hang on to me," he gulped, "I'm not tired"

He was not tired in water now, but progress, merely paddling to keep the head afloat and to prevent sinking The eddies grew more violent, indicating that they were drifting fast. The day was growing darker And then, from the left, there came a flicker of green and black bands to pass before them. Ruggles sighed and relaxed in the water at one side. Putting out his waning strength, he struck a backward it, and as he drew near he discovered it to be a large pine painted case, thrown overboard, perhaps, from some passing liner

"Here's something to have to," said he, and reached it in a few strokes

The girl roused herself "What's the use" she asked wearily. "It never got to drown, let's drown and get it over with."

"We're not going to drown, said Ruggles stubbornly "You can get on this box and I'll let you a few yards from time to time. This is the season of fishing boats, only we can't see 'em in this mist and I'll let you know."

"Not now. I don't try, anyway or I shall," she said.

"Well, then keep awake. Don't go to sleep, whatever you do You just want an't see

They drew together with a certain comfort, the whole vast sea-floor to support their weight was not large enough to have. Ruggles thought, keeping whether she'd been engaged deadly earnest acted as a stimulant, her eyes rested for a moment curiously on Ruggles' face.

"I wonder where we'll be in an hour from now," she said.

"Oh, well, we'll get Ruggles answered, with a confidence he did not feel "Don't seem to be hanging on a cane, do I Let's be sociable and talk about ourselves. I'll start. I'm a—"

"Never mind that now," said Ruggles "There was never any 'perhaps' about it—and don't wobble that thing any more than you can help Keep it straight my own."

"I don't care much if it does go down," said Ruth "I'm so tired—"

PIMPLES ON FACE CUTICURA HEALS

Caused Disfigurement. Itching and Burning. Had Restless Nights.

"My face came out in little pimples that soon were, and I scratched them, causing irritation and then they formed into scabs. The pimples were so itchy I could not sleep. I had restless nights. The itching was so bad that I scratched in my sleep. I used Cuticura Soap and Ointment. After using them a few days I noticed a decided improvement. In about two months I was entirely healed." (Signed) Miss Beatrice Smith, Que., Nov. 23, 1918.

Soap, Ointment, Talcum, Cuticura and Talcum your daily toilet preparations.

For free sample each of Cuticura Soap, Ointment and Talcum, address post-card: "Cuticura, Dept. L, Boston, U.S.A." Sold everywhere.

Trees for Roadsides

Wind-Break to Prevent Early Frosts And Other Evils

Newer Canada will learn as older parts of the Dominion have had to learn the value of trees both in wood areas and on the roadside. Dr. W. W. Andrews recently addressed a gathering of members of the Kiwanis Club at Regina on tree planting in the country planning

The doctor dealt very fully with the question of planting trees on either side of the main roads in Saskatchewan, and made the positive statement that if such were done, autos could be used for twelve months in the year instead of about half that length of time as is the case now. In order to do this the gauge of ditches must also be enlarged, a matter which has been mooted too some time.

A line of trees on either side of the road would prevent the drifts from encroaching on the highway itself, and thus, where the sleighs and autos would run, the ordinary fall of snow would obtain. The trees, forming a wind-break, would also keep the ways free from warm.

The value of trees from the viewpoint of keeping water in the ground was also touched upon by the speaker, and again as a wind-break to prevent early frosts and other evils which do the ruination of crops.

It has been positively ascertained by expert chemical analyses that tree contains more nutritive elements than the best timothy hay. It sustains life better and longer than any other cereal—a fact well known throughout the experience countries from time immemorial

Ward box been received that Messrs Lee and Vaughan who were on a business trip to British Columbia, have purchased a hardware business at South Vancouver.

The death took place at the family home in Vermilion, on Friday last, of Grace, the infant child of Mr and Mrs. O. Pooley. The funeral was held on Saturday morning at 11 a.m.

The monthly meeting of the Women's Institute will be held on Friday May 15th. Miss Martin, B.S., Govt. speaker will give a paper on "Child Welfare." If possible the meeting will be held in town. Every woman is cordially invited, and it is urgently requested that every member will make an effort to attend. A monthly collection for the Armenian & Syrian Relief Fund has been started on plans being your cold change, every little helps.

Quite a number of reports have reached the Standard of farmers starting work on the land during the week

Friends will be pleased to learn that R.L. Hadley has secured what is hereunder consider one of the really good stores in the city of Vancouver. The owner was found to sell owing to sickness. The business is located at the corner of Robson & Bidwell St. and is known as the A B C Grocery.

Archie Campbell of Maughan went up to Innisfree the end of last week where he conducted two very successful auctions. He conducts a big sale here on Wednesday May 5th for Geo. Forbes on the W half of Sec. 14-53-6

The Veterans contemplate holding another big dance in the near future for the purpose of raising funds to launch and equip a Veterans' Baseball Team. Watch for posters

All veterans who "play ball" communicate with J. Sellers at once.

Secretary Solicit of the Municipal District of Vermilion Valley has recently leased his office and living quarters in the Keyes' Block and is now comfortably settled in the Veterans Club having also a share in the front portion of the building.

Harris the Jeweler, is presenting a Watch to the Boy Scout, showing the most efficiency in three months.

The generous gift of $7,000 in merchandise has been received by the Red Cross Society, Alberta Division, from T. Eaton and Co., through the Manager in Winnipeg. The splendid donation will enable the Society to continue the distribution of clothing among the drought-stricken areas in Southern Alberta. It includes groceries, and will, doubtless, therefore be especially appreciated by the many farming who will benefit. In their name the Society has expressed its thanks to T. Eaton & Co.

TO TAX BUILDINGS AND IMPROVEMENTS

At the regular monthly meeting of the Town Council held Monday evening a by-law was passed adopting a system of assessment providing for the imposition of taxes on buildings and improvement on land not exceeding their actual cash value. The Town Act was amended at the last session of the legislature giving Town councils the power to adopt this system of taxation in addition to that of the assessment on lands. It is believed this will be the first application of the amendment in any of the towns in Alberta. The council also considered the matter of appointing a street foreman to oversee whatever local improvements that are to be made during the summer months. It is believed better work will be had in this way and that the town will get value for the money spent on public works. The more will be regarded as a distinct departure and one for the good of the town. J. D. Dansmore was appointed chief electrical engineer during the absence of Superintendent Webb, who has been granted two months leave of absence. It was also decided to close the plant down each morning from sunrise to 7 o'clock a.m. for the summer, continuous service to be resumed at the noon hour. Commissioner Mosby of the city of Edmonton has been given the work of making a complete survey of the electric light and power plant including its poles and transmission line with the view of ascertaining the value of the department of the town's assets. This will be the first occasion on which such a valuation will have been made.

Communication

Vermilion, Alta. May 3rd, 1920.

Dear Mr. Editor

At the public meeting held in the Neles Hall on [illegible] Tuesday of Vermilion was unanimously adopted that a Memorial Cup, to be known as the Anderson Walker Cup, should be purchased, and that a suitable inscription be engraved thereon, to perpetuate the memory of the gallant young men.

I take this opportunity of appealing to the residents of Vermilion to respond as generously as possible to this cup, so that we may purchase a cup that will be worthy of its intended object, which we all know and loved, and who proved himself a real soldier. Town, District and [illegible] have all done their part, and I feel sure that Vermilion will not be behind in this matter.

I enclose herewith my contribution to the above fund, and request that others may follow my example.

Yours [illegible]

Enclosed is your Ben Bolder

Treasurer Anderson Walker Cup Fund.

P.S.—Subscription lists will be at [illegible] Long Branch, Long's Drug Store, Canadian Bank of Commerce, Bank of Montreal, Northern Hardware

W. A. Mc[illegible] and J. W. Richardson, a well known [illegible] Mr. Richardson [illegible]

Millions Involved In Merging of Big Steel Interests

Montreal—Directors of the Canadian Steamship Lines (1913) Limited, as well as those of steel companies and iron companies now controlled, entered and ratified the proposals made by Dominion Steel Corporation for the acquisition of the assets of the British Empire Steel Corporation, and for the issue of the debentures of the Dominion Steel Corporation to the amount of $20,000,000, to be exchanged for the $20,000,000 of bonds of the British Empire Steel Corporation now held by the public.

The directors also decided to recommend to the shareholders the issue of $5,000,000 of preferred stock, the proceeds of which are to be used for the purpose of retiring the bonds of the Nova Scotia Steel Company, together with the bonds of the Dominion Coal Company, Limited, and the Montreal Rolling Mills Company, and for the purpose of providing additional working capital for the Dominion Steel Corporation, Limited, and the Nova Scotia Steel Company, Limited.

The directors also decided to recommend to the shareholders the issue of $5,000,000 of common stock, which is to be distributed as a bonus among the shareholders of the Dominion Steel Corporation, Limited, and the Nova Scotia Steel Company. The Dosco Shipbuilding Company and Lewis Foundry and Machine Company, together with the Montreal Rolling Mills Company, Montreal Coke and Manufacturing Company, and Canada Iron Corporation, Limited, will be dissolved.

Railway Accident Takes Heavy Toll

Distressing and Pathetic Scenes Were Enacted at Train Wreck Near Delhi

Dunlop — Extremely distressing scenes were enacted in the vicinity of the wreck on the Ouse and Rideau canal railway east of Delhi, on which 150 passengers were on board on Saturday last. Owing to a few of the large number of wounded children the trains escaped burning, while there were only three fatalities of the fifteen mortgage passengers.

As a result of the collision the gasolaline coupler fire and the flames spread rapidly. The uninjured Indians were overcome by the heat and smoke remaining watched helplessly while the screaming women slowly roasted to death. The medical scenes aboard the train were totally inadequate to give the necessary assistance. Several Indians escaped injury by jumping from the car windows as there were found in the vicinity resulting from the melting of the boards of rooms many Indians carry about them.

May Redeem Property

Vancouver Court Refuses To Grant Foreclosure Before Opportunity is Given

Vancouver, B. C.—Justice Morrison, of Vancouver property will be given a fair chance to avoid foreclosure and the right to redeem, according to a ruling made in the supreme court by Justice MacDonald. Petitions from Countess Mitri Dorchell, Countess Elen Fassbind and Count Bagnolet Marchand, of Berlin, Germany, per-chased an apartment house in this city for $60,000, paying $40,000 cash and assuming a mortgage. The suit now remaining unpaid amounts to $22,000, and today a local firm asked for foreclosure. The defendants are asking for delay to enable a defence to be entered, and this the judge was inclined to grant.

Calgary Editor Honored

J. H. Woods is Made Chevalier of the Order of Leopold

Calgary—J. H. Woods, editor and managing director of the Calgary Herald, has been created a chevalier of the Order of Leopold by King Albert of Belgium, and on behalf of the recipient the star of the order was presented to him by H. DeBurlet, Belgian consul at Calgary, at a public ceremony. The honor was conferred on Mr. Woods because of his great services during the war as the secretary-treasurer of the Belgium Relief committee for southern Alberta. Addresses were made at the ceremony by Mayor R. C. Marshall and A. Allen, the chairman of the Belgian Relief Committee, and Mrs. Harold Riley of her women's auxiliary of the committee.

Attempted Bank Robbery

Ottawa.—La Banque Nationale at Cainscon Point, about three miles from Ottawa, was entered by robbers, and although persistent attempts were made to open the safe to the office, the burglars departed with very little booty. The safe baffled all attempts to open it and although the robbers managed to damage the hinges the door could not be opened. It is believed the effort was made by two men.

Dwellers in Tents

Winnipeg Mayor In Sympathy With Those Attempting to Fight Housing Problem

Winnipeg.—That he was in complete sympathy with persons desiring to establish themselves in tents and shacks during the summer months in order to comply with all the sanitary regulations at such a time as this was the assertion made to newspaper men by Mayor Gray recently.

"The city," he said, "should be very lenient with regard to the placing of tents and shacks, particularly on and along the river banks. Citizens should not be forced to comply with all the sanitary regulations at such a time as this is impossible to secure such strict accommodation."

Would Mean A Saving

Dumfermline, Scotland.—The Scotch trade unions' congress has passed a resolution in favor of liquor prohibition

Great Changes In Britain Are Wrought by War

Atlantic City, N. J.—Changes have been wrought in the war in Great Britain which "almost deserve the title of revolution," said Sir Auckland Geddes, British ambassador to the U. S., in an address before the annual convention of the United States Chamber of Commerce. You may have heard that we have had a revolution here, he said, and the working classes, strong parliamentarians, now hold "ultimate political power."

"They seek to hold the nation's power," he said, "to secure tranquility in Asia Minor, in Asia and Africa. Ultimately and without them the navy has been reduced to a strength which many think barely sufficient to police the empire. The people are determined to deal with problems of defense"

Railway Charter Refused

Dr. Reid Declares the Gospel Could Not Be Made To Pay

Ottawa.—By a majority of only two votes the railway committee of the house of commons has refused to grant a charter to the Pubco and Eastmanton railway company to construct a 340-mile road through the interior of the Gaspe peninsula. A number of members, led by Dr. J. D. Reid, minister of railways, took the stand that such a road could not be built and maintained as an independent line, and the government would be almost inevitably compelled to take over the road later on or make it good or at least subsidize it.

"The day of subsidies is gone, I think," said Dr. Reid amidst great applause in the committee. He said that the provinces should make themselves responsible for such railway charters as a factor in the develop of natural resources.

The vote by which the application was rejected was 56 against 39 supporting.

Will Evacuate German Towns

Whole German Force in Ruhr District Must be Reduced to 10,000 by June 30

Paris—Premier Millerand, in making a declaration before the chamber of deputies on the results of the supreme council meeting at San Remo, said that the French and Darmstadt territories would be evacuated by the French as soon as the German government had established that the German armed force over the number allowed by the Versailles treaty of 1919, had been withdrawn.

The whole German force in the Ruhr region, the premier declared, must be reduced to 10,000 men by June 30 next, and by July 10 all the German soldiers must be withdrawn east of a line drawn 30 kilometers or 19 thousand men.

"I said at San Remo," M. Miller said he continued, "and I repeat it here now, that it is a crime and stupidity to believe that France desires that we are any fresh German territory.

"The details of the treaty with Turkey which is being developed before Turkey's plenipotentiaries come to Paris on May 15, but I can say that the treaty is in conformity with the sentiments already made public, the Turks being maintained in Constantinople and in the territories in which they are the majority.

"An appeal has been sent to President Wilson asking him if his country cannot take up the mandate for Armenia, at least to collaborate in the fixing of the frontiers of the new state."

In conclusion, M. Millerand declared that the government, like Rome, the allies were more united than ever.

"If I may be allowed to say it, especially the unions between France and her sisters of the Latin race is the strongest."

The premier's remarks received many attentions, and an enthusiasm was displayed in the chamber.

Cost of Victory Loan

Canvassers Were Paid Million Dollars in Commissions

Ottawa — A total of $1,110,092.27 was paid out in commissions, salaries, to canvassers and brokers who handled the last Victory Loan. These sums were apportioned by Sir Robert Borden to provinces that distributed the bonds. $282,017.17 was paid on account of bonds placed in Quebec, representing 22 per cent of the total subscriptions to the loan. In Nova Scotia $17,771 was paid out, or 2½ per cent of the subscriptions. In Saskatchewan the figures are $38,900, or 18 per cent in New Brunswick $27,500, or 17 percent in Ontario $538,076, or 15 percent; in Manitoba $74,388, or 13 percent, in Alberta $98,158, or 11 percent, and in British Columbia $32,655 or 6 percent. Prince Edward Island did not rent the following percentage anything to brokers or commissions.

Canada's Ammo Have Increased

Ottawa. — A return tabled in the house of commons shows that Canada's total assets at the end of 1919 were $1,382,157,662.27, on which the total debt at last November $11,732,771.29 or 1.46 percent. This rate was more than half that in 1905, when the country received as interest $7,421,863.36, on total assets of $1,102,104,092.27.

Thrift Conference

Calgary.—The first Dominion thrift conference will be held in Calgary on June 3, 4 and 5. Every women's organization in the country and the federal and provincial governments are being invited to send delegates.

Treaty to be Discontinued

French Trade Treaty Will Cease to Have Effect on June Nineteen

Ottawa.—Mr. Fernand Rinfret (St. James), was informed in the house that notice had been given of the intention to terminate the trade treaty between France and Canada. This would cease to have effect on June 19 of this year.

Mr. Rinfret was also informed that the government was aware that customs officers in Canada entered the customs duties according to the nominal value of foreign moneys and not in accordance with the current exchange rates

The government had no intention of changing this practice

Japanese Massacred

Warships Are Rushed to Eastern Siberia With Troops

Washington. —Japanese guards in the American consulate at Vladivostok, Siberia, are believed to have been assassinated and several hundred Japanese residents, including the Japanese consul there, massacred, according to official advices received by the Japanese foreign office, and made public today by the state department.

The state department says the suppression of communistic rule with the Japanese troops are the chamber to get at the real seats of affairs, but that it was evident that a serious uprising had taken place. Reports of the Japanese to despatch military relief exclusive of those already landed on the shore of the ice. Meantime, however, the Japanese have sent an expedition to Alexievsk, accompanied by the warships Maya and Mitsushima. The former probably will arrive at Vladivostok

Lord Mayor of Dublin Returns

Released from Wormwood Scrubs; But Was Threatened With Starvation in Jail

Dublin.—Tom T. Kelly, lord mayor of Dublin and Sinn Fein member of parliament, who has been released from Wormwood Scrubs prison in England because of ill health, arrived in Dublin. It is said that he will not be able to take office because of the effects of his incarceration.

He had been under arrest since May 25, 1920, when a strong movement set in the Irish revolt of that year

A despatch from London February 17, said Kelly's release was due to the state of health. Order of arrangement it was added, was not revoked, and it was stated that Kelly was informed he would be arrested again if he undertook to return to his duties. During his convalescence Kelly was ordered to report his movements to the police

House Increased Demands

Advance in Wages of 25 Percent Is Demanded by the Winnipeg Building Trades

Winnipeg.—Demands for a straight increase of 25 percent in wages was made by the building trade workers Calgary before the public meeting of the provincial fair wage board held today. The demands for such increase were against the proposed schedule of wages arrived at by the board. Complaint of the carpenters union, made the declaration that unless more wages are granted the building trades workers has been completely arrested men would be forced to strike. D'Amours, the homegrown commander-in-chief, is threatening country action.

To Relieve Prussian

Berlin.—The relief committee of San Paulo, Brazil, have sent to Field Marshal Von Hindenburg a gift of 321,864 marks for the relief of the East Prussian population.

Not Concerned About Internal Affairs of U. S.

London.—The United States senate peace resolution was brought up in the house of commons and drew several references. Ronald MacNeil has a question regarding a manifesto to be issued in Washington by an organization known as the Publicity Committee for the Independence of Ireland, which is demanding the recognition of Ireland's independence by the United States and a half million inhabitants of the Philippines, thus by passing resolutions in the senate expressing sympathy with the cause of Irish self-determination.

Andrew Bonar Law, replying for the government said he had no knowledge of the document, which did not seem to be one in which the British government was concerned.

Moreover other republican resolutions had been passed by the senate, Bonar Law replied he thought that, in other words, it was his sense

Villainous Plot Is Uncovered By U. S. Officials

Germany is Pleased

Invitation to Attend Conference Is Welcomed As A Token of Equality

Berlin.—The invitation extended by the supreme council to the German government to send representatives to the conference is viewed by George Bernhard in the Vossische Zeitung as a signal improvement in Germany's diplomatic position. "Germany thereby being delivered from the shackles of its enforced isolation."

The co-operation of Germany, and France and Belgium will form the nucleus of a new active policy to work out a European confederation, he adds.

The semi-official Algemeine Zeitung describes the decision of most momentous event under the treaty to state armies, and about 25,000 private workshops, manufacturing huge loads. The Entente will relax demands for surrender of all remaining materials which now constitutes virtually the sole raw material for keeping the iron and steel foundries in operation and the supplies of ore from Lorraine, Luxembourg and other places have ceased.

Dr. Adolf Koester, minister of foreign affairs, in an interview published by the Allgemeine Zeitung, said he welcomed the Entente's invitation to Germany to send representatives to the conference at Spa.

"We gratefully add," he added, "that the negotiations will be between two parties equally concerned of the existence of Europe reconstructing Europe and we hope to show our former opponents that we have the earnest wish to fulfil the peace treaty to the utmost limit of our capacity."

Dr. Koester regrets that the statement of the allied governments did not mention the question of Upper Silesia and the Main district since the number of troops in the neutral zone between the Main district and Upper Silesia has been increased by the agreement of 1919.

"In these circumstances," he continued, "the occupation of the Main district is superfluous. The government have instructed the president of the German peace conference delegation to call the attention of the conference when the illegal operation of the Main district will cease."

Finance Again Blockaded

Communications to the Town Have Now Been Completely Severed

Trieste — The blockage which Finance is now under is more absolutely the most severe to which it has been subjected. The communications of the town have been completely cut off, regular Italian troops guarding the entrances of the railway and bringing up numbers of machine guns to guard the frontiers. Passage in and out of the city is absolutely forbidden, not even milk going in and come out with the outside world by the Italian troops has been completely severed. D'Annunzio, the homegrown commander-in-chief, is threatening country action.

Potato Boycott

Stratford, Ont.—Seven three hundred farmers at a meeting in the city hall declared themselves against the potato boycott for one month moving offered at $3 a bag

Strikers Appeal to King George

Ritualism is Sent to His Majesty on Behalf of Convicted Winnipeg Leaders

Winnipeg.—King George has been appealed to by the labor leaders' defence committee for the release of the convicted strike leaders.

A copy of a resolution passed at the recent convention has been forwarded to His Majesty and copies have also been sent to the premier of Canada, to the solicitor-general of Canada. In the resolutions it is claimed that the trades unionists of the city united for the strike and were not responsible for the same. There was no intention whatever to overthrow the existing forms of government and that no violence has been done to labor and the men convicted

Make Own Arrangements

Victoria — Points have been that they have not been approved of the government's decision to declare open season on all Pacific Ocean waters from May 6. In that event they are prepared to carry on with their own arrangements will make their own arrangements with the shippers

RESPONSE OF CITIZENS ASSURES PLOWING MATCH

Date is June 16th

Sufficient funds have been subscribed by Vermilion citizens to carry out arrangements for the big plowing match on June 16th, of which particulars were given in last week's issue. By request the match committee are endeavoring to procure R.R. Fleming, Regina ridge. This gentleman is a well known man in Manitoba and is considered a very good judge. Carried.

Moved by Rosebrough, seconded by Crosby that the following be appointed for the match: Messrs. Cooper, Rosebrough, Crosby, Law, Belcher, Boland, McCloskey, Wastcoat and Vernon H. Cooper be recommended for Assistant Scout Masters. Carried

Moved by Rosebrough that the Scoutmaster be authorized to purchase two sets of uniforms at a cost not to exceed $ Carried.

That the next meeting of the Scout Board be held at the call of the Scoutmaster at the Centre School by the scouts on the undersigned at 7:30 p.m. on the first Monday in May for the purpose of electing officers for the ensuing year.

The Committee on motion adjourned to

ROYAL YEAST CAKES

Royal Yeast has been the standard yeast in Canada for over 50 years, and it is a well known fact that bread made with Royal Yeast possesses a greater amount of nourishment than that made with any other.

Clean Up!

It may easily be the direct cause of preventing sickness and loss by fire.

Canada's fire loss annually is simply preposterous, it is the highest per capita of any country in the world. It amounts, on an average, to over $27,000,000 a year, or at the rate of $60,000 a day. According to statistics compiled by the National Board of Fire Underwriters, 62 percent of all fires exist from preventable causes, while 81% of unknown origin are, it is believed, also largely from preventable causes. This heavy fire loss means enormous prosperity taxation, extremely heavy premiums for fire insurance, fires destroy and cripple where all possible precautions are made to suffer less because of the carelessness of others.

Autumn is a natural season of the year for "Clean Up and Paint Up" and no one old enough and to own or others if they import apply to the subject in a general spring clean-up and the removal of rubbish and waste of every description. Better still, of course, is never to allow it to accumulate, but unfortunately human nature is not perfect during the winter however, as there are many fires which show an increase in winter of the year, and carelessness is practically responsible for a large proportion of the fires in the West during the winter months. Every man should see that his premises are left in a safe condition before the winter sets in, and that no rubbish is allowed to accumulate during the winter months. Insurance companies are now giving lower rates to those who have their premises inspected and certified as safe by their inspectors. Insurance companies are also giving lower rates to those who have their premises inspected and certified as safe by their inspectors. Insurance companies are also giving lower rates to those who have their premises inspected and certified as safe by their inspectors.

A SMILE IN EVERY DOSE OF BABY'S OWN TABLETS

Baby's Own Tablets are a regular baby's doctor. They make baby well and keep baby well. They are guaranteed to cure all the troubles of baby from birth to childhood. They are the greatest of all carriers of disease, feed their child breeding germs on filth and refuse. A few real germs clean up one of the best known companies that can be taken as such by the mother. The removal of the dust and dirt resulting from housework or sweeping and dusting, a single spoonful of Baby's Own Tablets dissolved and given in baby's food will soon thoroughly purify the system, and thus relieve constipation and indigestion, colds and simple fevers and make baby happy — there surely is a smile on every face of baby that takes Baby's Own Tablets, are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

The Home Doctor

Little Irene crawled over the room breathless

"I mother," she said, "don't hold me for being late for supper, I've had such a disappointment. A horse fell down, and they said they were going to send for a house doctor, so I waited and waited to see what he can think! It wasn't a horse doctor at all — it was just a man.

Permits on Exterminators

Two bonuses of thirteen cents, and which will ultimately exterminate the grasshopper is being carried on at the University of Saskatchewan by Dr. J. D. Lawson Inasmuch as from August, the scientist says that outbreaks may be made much easier and more certain by leading particular attention to the pods and the exercising of certain precautions in the matter of destroying eggs and pests.

Although the Saskatchewan government has been experimenting for the past few years, the effort was not considered the most successful. It is stated that the government should be commended for the work it has done in the past, and that it should be continued in the future. The government has been experimenting with the use of poisons and traps, and has found that the latter are more effective than the former. The government has also been experimenting with the use of poisons and traps, and has found that the latter are more effective than the former.

Saskatchewan Sells Bonds

The Saskatchewan government has just effected a sale of one million dollars of four year six percent Saskatchewan bonds at 102.50, and has issued to the province at the rate of 5.27 per cent, it is announced by the Hon. W. R. Motherwell, provincial treasurer. The bonds are dated May 1, 1913, and mature May 1, 1917. The proceeds will be used for the construction of railways and other public works in the province.

Sheep Ranchers Pen B. C.

The owners of an area totalling thirty acres on the Coast Francois and Stuart Lakes districts in B. C. have sold out to a party of 12 practical farmers who will run sheep there. A Manitoba rancher has bought 3,000 acres near Stuart Lake and has taken an option on 5,000 additional acres while a Victoria resident recently bought 1,500 acres on the Nechako river in the same section. An influx of Swiss farmers is anticipated for this district with a view to settlement being given duties of the agricultural college at Zurich. They are mainly interested in the dairy business.

Irrigation at Medicine Hat

The Medicine Hat Board of Trade has been recently reunited in the Interior of the new irrigation district, the land affected being to the south and east of the town and comprising some 15,000 acres of irrigable land. Surveys have been carried out, plans have been prepared and the projects placed before the provincial government.

Grain Stocks in Elevators

Western Country Elevators Show A Decrease in All Grains

According to returns received at the Dominion Bureau of Statistics for the week ended April 23, 1913, there were in store and open in country elevators different public elevators throughout Canada in less than last week by 750,000 bushels for wheat, a 1,727,487 bushels for oats. Barley shows a small increase of some 1,000 bushels. Briefly the situation is as follows:

Western country elevators show a decrease on all grains of 2,503,535 bushels, wheat and oats making up the largest part namely 2,475,137 bushels.

In the public terminal elevators an increase is shown of 1,666,,000 bushels, wheat and oats make up the largest part, namely, 1,555,000 bushels.

An increase is shown in wheat of some 112,857 bushels in the private terminal elevators, Port William and Port Arthur; the decrease amounts to 1,000 bushels, barley, 41,524 bushels.

The United States Atlantic seaboard ports elevators at Portland and Baltimore, show a decrease of 252,000 bushels of wheat, while oats, barley and flax remain unchanged.

An increase in the number of cars of wheat, oats and barley inspected into Winnipeg for April 21st, amounted to 104, while flax, rye and screenings indicate a decrease of 26 cars. 60 percent of wheat graded No 3 Northern and better

Minard's Liniment, Lumberman's Friend.

A bluff is all right as long as you can fool people with it.

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE

Miss Eva P. Yatesman, Kingsdale, Ont., writes:— "I feel that I must write and tell you of the benefit I have received from Dr. Chase's Heart and Nerve Pills. For almost twenty years I suffered terribly and with my heart. Nervous and heart troubles for months. I doctored with two different doctors and seemed to get better although the fainting spells would not leave me. I had to take such terrible falls, wherever I was, that I was not safe to leave me at home or any place. At last I decided to try Dr. Chase's Nerve and Heart Pills. I took several different kinds, but they did me no good. A friend then got them for me. One day entering the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than two boxes I could see they were doing me good. I have taken about six boxes and am almost cured of those terrible spells. I sincerely feel that these medicines has proved a blessing to me and I advise any one troubled with their heart to try them, as I am sure they will find relief."

Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Grasshopper Control

Circular Gives Full Information Regarding Preparation and Application of Poison

"Locust control in the prairie provinces," by Norman Criddle, is the title of a publication just issued by the entomological branch of the department of agriculture at Ottawa. This is a timely circular in view of the possibility of a recurrence of the grasshopper invasion of last year in the prairie provinces.

The circular gives full information regarding preparation and application of poison baits, and the method which is stated to be the best in handling the grasshoppers of the hopper. It further states that the locusts which last year did considerable damage are the same species known as pelmed locusts. It can be secured, free upon application to the publications branch of the department of agriculture, Ottawa.

Get a 25-cent bottle of delightful "Danderine" at any drug or toilet counter to freshen your hair, check dandruff and falling hair. Your hair needs this refreshing tonic. It gives life, color, brightness and abundance to dull, worn—Hurry!

Maintain Soil Productivity

A Moral Duty to Perform As Regards Our Farms

Maintaining the soil's productive power is not only a duty that we owe to succeeding generations, but a duty we owe to ourselves. We have no right to take from posterity the means of subsistence.

Let us then, as farmers, see to it that the fields, which we call our own, when they pass from our hands, better productive than when we received them—Farmer and Breeder.

Ask for Minard's and take no other.

Canadians Money

The Chancellor of the Exchequer at the United Kingdom publicly acknowledges the receipt of the pounds conscience money from $.015. It is a big amount as circumstances, but doubtless is as a grain of sand on the beach to what is owed the government. It is merely lost duty. Or is it a sin?—Montreal Gazette.

Flies Airplane Record

Squads of the Handley-Page machines carried out over 200 bombing flights during the war without a single mishap being lost, due to engine failure or defects in the aeroplanes. It is also a matter of military record that many of the machines on these bombing raids would be riddled with shrapnel and with the fabric on the planes hanging in the wind, would be able to return to their base with their crews and load safely. This, of course, was made possible by the great stability of design already referred to.

Storage for Coal

Sheds with a storage capacity of 10,000 tons, to be extended to handle 40,000 tons, have been erected in Winnipeg to store coal shipped from Drumheller, Alta. This is the first time coal from the Drumheller mines has been moved to that city.

RHEUMATISM

This is how one sufferer describes pain and quick relief—"Pain? I'll say it was. Pain? I'll say it was. Pain? I'll say it was."

Egg-Laying Contest

Pen of Winnipeg Birds is Now in the Lead

With the Manitoba egg laying contest at the Brandon experimental farm half over, a pen of single comb Anconas, owned by W. H. House of Winnipeg, has jumped into the lead with a total of 882 eggs for ten pullets in 26 weeks.

The two pens of white Wyandottes, which held the lead through the winter months, are second and third place; G. F. Thompson, of Moosejaw, is owner of those in second place, while T. Lund, of Sortewall, has the third place so far with his pen.

The record for a couple had to hold by a white Wyandotte, owned by Mr. Thompson. This pen has laid 120 eggs since the contest began, which is the best weekly report for a pen of 10 eggs, by Mr. Symington's Rhode Island Reds

Settlers in B. C.

Hundreds of settlers are expected to enter the Nechako Valley in the spring, and it is reported that many concerns controlling thousands of acres in the section have posted their interests. They expect to have many acres under crop next season.

Makes Harness and Axles LAST LONGER

Imperial Eureka Harness Oil

remains in the leather fibre vegetable oil and preserves cracking or breaking of stitches. Keeps straps soft and tough, and strong — preserves the leather against the action of sweat, moisture and dust — saves all scratches, prevents a rich, black lasting finish.

Imperial Mica Axle Grease

smooths the surface of axle and spindle with a filling of fine mica — relieves the cause of friction — coats and protects with a layer of high grade lubricating grease. Lengthens the axle and harness and horses. Lets down repair bills. Sold in sizes from a 1-lb. tin to a barrel.

Known Everywhere

If you do not use Imperial Mica Axle Grease and Imperial Eureka Harness Oil ask your supplying agent about them. They are the highest quality made. You cannot get better at any price. Used by farmers and tradesmen in every community.

Binding Power of The British Throne

It is Because of the Republic Spirit That British Monarchy Stands, Firmly

Western Australia Mail.—The British Empire, or, as it is of late more correctly being styled, the British commonwealth of Nations, could not well exist without the arrow of a common throne. This crowned republic, if it is to continue as a political entity cannot conceivably scrap the institution of the monarchy, which is the sun round which all our governmental machinery so smoothly revolves. The sovereign people are not mere sovereign anywhere than in British and in the self governing Dominions The American president may, and does on occasion, exercise an autocratic power which no occupant of the British throne could or would attempt and by reason of the republic spirit in which pervades British political institutions What the British monarchy stands so firmly as it does. A paradox this no doubt, but a paradox which exactly expresses the truth.

As is frequently used as a stone name in Continental Europe.

Keep Your Automobile Like New

KLEANALL AUTO Body Top Dressing

Gives your automobile a lasting and brilliant polish. Rain does not catch dust. Removes dirt and grease. Easily applied. Preserves the finish.

RE-NU-ALL Auto Top Dressing

SCOUT PROGRAMME

At a meeting of the officers of the 1st Vermilion Troop Boy Scouts the following programme was decided upon for the month of May, up to and including May 24th:

Friday, May 16 — Regular meeting 7:30 Fall in. Roots march. 8:00 Games. 8:30 Review of fir-st Signalling, and Salutes

9:15 Dismiss

Saturday, May 17 — Special meeting 2:30 p.m. Fall in. Drum parade. Drill General Review.

Monday, May 19th. At 10 a.m. a public entrance is to be held, when all Scouts will take the Scout Promise. The affair will be held on the school grounds providing the weather is fine. If not, it will be held in Bellis Hall. A short programme is being arranged, and every one is invited to be present.

WELLSDALE SCHOOL BOY HAS BEST ESSAY

Edward Strachwell, aged 14, a pupil of the Wellsdale school district is the winner of the prize of ten dollars offered by the Vermilion Board of Trade for the best essay on the Dairying industry in the Vermilion district. The essay will be published shortly in this paper. The committee named to judge the examine the essays submitted were A. C. Crosby, principal of the Vermilion High School, J. Bruce Walker, principal of the Vermilion school of agriculture and H. H. Parker, inspector of schools for this district. The report of the committee in awarding the prize to young Strachwell, is as follows:

To J. W. G. Morrison,

Secretary Board of Trade —

The committee on essays, having examined those sent in, unanim ously declare Edward Strachwell the winner Signed on behalf of the committee,

A. C. Crosby

A perusal of the essay shows it to be one of considerable merit for a boy of this age and shows that our young farmers are taking keen interest in the branch of agriculture.

Canada's Imports

Canada imported from the United States during the first three months of 1913—goods to the value of $229,799,119.00; from England during the same period the imports totalled $56,821,419.00; from Germany $4,567,240.00; from Italy, $1,1,396.00, and from Belgium, $5,552,459.00.

L. H. WEST

$1465 F.O.B. CHATHAM WITH TAX EXTRA GRAY-DORT

Motor-Wise Men Judge Gray-Dort Value at $1465

Particularly if he has driven another light car, does a man appreciate how Gray-Dort features at $1465.

The Gray-Dort motor, with its big bore and long stroke—a bigger motor than the light car buyer has been getting—with a much heavier crankshaft—is here to help cars. A motor with a definite reduction and day volume motor, with a dual exhaust for greater power; a newly-improved Carter carburetor; Delco-Remy ignition and lighting; improved Connecticut ignition.

The high-grade Gray-Dort Chassis has for foundation an extra heavy frame of channel steel. A big, sturdy rear axle, designed for the Gray-Dort. A rear steering gear, surprisingly big and strong for a light car. Big brakes, now with Thermoid lining. Long springs, built in Chatham under our supervision upon full cantilever. When you do see, you drive an excellent. A driver-control seat gives Gray-Dort ease of driving comparable to a New Gray-Dort. The gasoline tank is under the cowl. The emergency brake is now on a lever, as in big cars. And into this car the Gray-Dort has put surprising with the doors. The new gasoline tank is in the rear, with Stewart vacuum system. It costs no more to have it at the most comfortable angle.

Now there is a body design to suit the Gray-Dort. You still get the wonderful Gray-Dort finish, made of 22 coats of varnish-hardened by hand. The smarter top, hand-tailored in our own shops. A new hood, with long, narrow louvres. The lines have been rested, so your seat is the front of things, the doors are not awkward to use, the cowl planned a philosophy the full top-edge of the hood, the full seat-long fenders

AND THE ACE!

The Gray-Dort Chassis—most beautiful lines of body. Square grace with beautiful curves. Long in appearance.

Trouble hung and ball-type flashlight. Electric light lights. Electric horn. Phelps-Dunbar windows. Over-size gasoline tank. Tire on the door use for the man who does not wish to pay an extraordinary operating cost. $255 extra on the standard.

The monthly meeting of the Women's Institute will be held on next May 15th. Mrs. Morbin, R.N., Govt. speaker will give a paper on "Child Welfare." The meeting will be held in Nellis Hall at 3 p.m. Every woman is cordially invited, and it is urgently requested that every member will make an effort to attend. A monthly collection for the Armenian & Syrian Relief Fund has been started — please bring your odd change, every little helps

Mr. and Mrs. W. G. Rowden, who spent the winter in Winnipeg, returned to town the first part of the week and will reside on their farm north of town for the summer. We are pleased to have them back with us.

A most interesting meeting of the Okotoxous U. F. A held on May 4th, was addressed by T.T. Clyde of Edmonton. The earnest of his address was "Poultry" and as the speaker is a well-known breeder, he was able to hold the closest attention of the meeting as he emphasized the importance of location of birds for laying to make pullets raising and egg production a success. An egg circle for the district was formed, which carries with it the advantages of the Egg and Poultry Marketing System established in Ontario jointly by the Dominion and Provincial Departments of Agriculture. P. Baker of Vermilion is appointed circular shipper and he will be pleased to give anyone interested the fullest information on the subject.

An enjoyable evening was spent in the Women parlor on Thursday last when the members of the Veteran Canoe Party and friends met in a farewell party and dance in honor of M. Burgess, one of the troupe, who leaves for Edmonton the end of the week to assume charge of his studio there. As a token of the high esteem in which Mr. Burgess was held, both by his fellows and as a member of the troupe, a handsome brown leather club bag was presented him accompanied by a host of good wishes for his future happiness and success. Upwards of thirty people made up the party which finally broke up at 2.00 a.m. Friday morning after having had "some time".

IMPORTANT NOTICE

After May 15th I will deliver Meat any place in town, making two deliveries a day. Morning from 9 to 11, afternoon after 4 o'clock. Please get your orders in before 10 o'clock.
Also, I will give 30 days credit settlement to be made punctually at end of each month.

MARATHON CUP AND MEDALS FOR JUNE 3

Mayor Morrison and A. R. Kaiser Institute Event

A cup to be known as the "Morrison Competition Cup" has very generously been put up by Mayor Morrison for an annual Marathon race, to be run each year on the regular day of sports held in the town. Accompanying this are two beds donated by A. R. Kaiser for first and second prize. The executive of the V.A.A. received official notification of the above at a meeting held Tuesday night and after a vote of appreciation of the action of these gentlemen, appointed S.R.P. Cooper and Geo. Brimacombe as a committee to draw up rules to govern the competition.
This committee decided that the distance to be run this year will be limited to two miles owing to the short period left for training and in future years three miles to be set. The event is open to the Vermilion district. The winner is entitled to hold the Cup for the season when it must be returned to the Association. In the event of the same runner winning the marathon on three successive occasions, the Cup becomes his property. Entries may be made up to the time set for the race.

"I'm glad to hear you say so, sor," said Mr. Downing heartily, thought that maybe you wanted his position."

Ranglin shook his head. There was a time when he would have been very much hurt. As it was, he felt only grateful relief that he had done his duty. Others might have misunderstood, but Downing knew that he was not a coward. As an industrial power Ranglin and Richard Downing had grappled with each other in the United States, and Canada, and Ontario as Toronto have shrunk from a contest with a person for opposition.

Downing, polite but seldom offered himself to watching Ranglin and everything else, and drove his foot strongly forward in impatience. He was anxious to get to the meeting of Farmers of Ontario, the party now in power in the legislature, and the place chosen for these outdoor gatherings where political questions are thrashed out. Hundreds of the United Farmers of Ontario in Toronto have shrunk from a contest with a person for opposition as Low

Has Tried Them Has Faith in Them

ERNEST SMITH TALKS OF DODD'S KIDNEY PILLS

Quebec Man Grateful for the Benefit He Has Received. Pays Tribute to Dodd's Kidney Pills.

Lorgal Falls, Que., Oct. 6.—(Special)—Ernest Smith, of this town, is highly-respected resident here, is one of many people absolute faith in Dodd's Kidney Pills as a remedy.

"I have suffered from my kidneys," Mr. Smith said to a friend. "I read that Dodd's Kidney Pills were good, so I tried them. They have helped me much that I will continue to use them. I am sure they have done me good. The kidneys regulate every part of the body, and when they are out of order disease results. If the kidneys were in perfect order we would be free from disease of the blood. When the kidneys are out of order the blood is filled with poisonous matter, which causes headache, backache, rheumatism and other troubles. I would advise my neighbors to use Dodd's Kidney Pills if they are troubled with kidney or dreaded kidneys.

Submarines Losing Their Efficiency

Advantage Previously Possessed Now Steadily on the Wane

Submarines have lost two-thirds of their efficiency since 1914, according to Lieut. W. S. King Hall, R.N., in a recent address at the Royal United Service Institute on "The Submarine and Future Naval Warfare."

The speaker maintained that the submarine had probably possessed by the submarine was steadily on the decline, and at the beginning of the war in 1914 it was an immense asset against the surface ship, it was only a curse to drive in 1919, and was likely to be only set to waste in 1920. He was not of the opinion that within the next few years there would be a great development of submarine defence. Submarines would give large and unnecessary type of vessels, instance, of merchant ships, so that the submarine would be given a free hand to operate.

He regarded as unprofitable the proposal that U.S. fleet should be made submersible. He ventured the opinion that the sea at 40 or 50 fathoms would be a tremendous naval asset to have such as gunpowder did when it was first introduced. It might be difficult with deadly effect on an enemy coastline. It was seriously suggested during the recent armistice that the Belgian coast should be "gassed" but if that plan was abandoned on account of Belgium's susceptibilities

Yankee navy, but the average number of defective gaskets under 50 per cent. Only after a month it has been [illegible] and [illegible] per cent.

the gold on their feet. Dolly had thought!

Ranglin finally and good night and walked back to his villa in a peculiar state of mind. It was, perhaps, more difficult for him to adjust himself to this newly sprung intimacy with Downing, father and son, than it had been for him to think of himself as a millionaire with great responsibilities or even as a suitor for the hand of Ruth. Here he had been primarily in readiness over the future development of the company with its experienced and its probable successor, and suddenly, in a flash, his position was strained almost more than either of those roles could be imagine.

The strangest feature to Ranglin was that he had not seemed such a natural thing for him to do. The personal experiences of small ways, were different from anything which had ever come to him before. Downing's manner had changed to [illegible] Downing Dolly, that would-be [illegible] and Downing, whom he had once hoped to a dozen-odd was, after all, a fine, big, good fellow, and was in a normal amount of [illegible] and the family of making friends.

Ranglin had said that Ruggles was disappointed or disillusioned. He was more perplexed with himself in fact that he could set unabashed at the [illegible] of the [illegible] that evening in the Downing men. They were, since Ruth's arrival, [illegible] to [illegible] them. It was the utter lack of his [illegible] that he had not [illegible] him, for he could not realize that the [illegible] was [illegible]

Fire Prevention Campaign Among Farmers

Saskatchewan Fire Commissioner Issues Special Instructions For Farm Houses

A special appeal is being made by Arthur E. Fisher, fire commissioner for Saskatchewan, to the farmers of the province to assist in reducing the enormous fire waste during the spring clean-up movement. These suggestions will apply to the West generally.

"There is no class of people to whom fire prevention should appeal more than the farmers who carry losses in mutual companies, as the premiums rates are assessed in direct proportion to the losses sustained by the company," said Mr. Fisher in brief, he added "the smaller the losses the lower the rates will be and so pay under the mutual system directly those who have suffered loss."

Mr. Fisher announced the following suggestions which should appeal particularly to the farmers:

The barn is no place for the automobile. Build a garage.

Conserve your water supply. You may have drought or fire and need it badly.

A pipe, cigar or cigarette has no place in the barn. Neither have matches, rags nor odd cigars or matches in the pockets.

Have a fire extinguisher, but place it where you can get at it in case of fire, and see that it is frequently in operation.

Have two ladders long enough to reach the eaves of your tallest building.

Keep gasoline away from buildings and particularly underground.

Four ounces of common baking soda to per gallon of water makes a splendid fire extinguisher. Four ounces of salt per gallon will keep water barrels from freezing except in extreme weather.

Keep your eye open for spontaneous combustion fires in wet grain, feed or hay.

Do not stack so that a fire will spread to your buildings. Keep clean and tidy, etc., at all times.

A few pointers should be given about the barnyard.

Put up "no smoking" signs about the barns and other buildings. We can supply you for nothing. Write us there.

Keep your matches in a metal box away from children.

Examine chimneys and stoves frequently.

Most losses on farm property are due to these causes, given alphabetically: adjoining buildings, ashes, children, defective flues and fire places, stoves and stove pipes, lamps, lightning, matches, rubbish and upsets. Carelessness figures in all.

The oldest, largest and most important manufacturers of automobiles in Barcelona, Spain, has an annual output of 2,000 cars.

A Famous Motor Boat

Attains A Speed of Forty Knots With Full Armament and Crew

At the recent motor boat exhibition in London, England, the most attractive exhibit was the fame - consist of motor-boat C.M.B.4, from the Baltic after many cruisers, during which she passed through lines of forts and torpedoed the Bolshevik cruiser Oleg. This vessel is a skimmer or hydroplane of the type invented before the war for sporting purposes. It attains a speed of 40 knots with full armament and crew. The show contained many British examples of small auxiliary motors, which can be attached to rowing boats and other small craft. Some of these are fitted in boats, and others are attached to the stern without structural alterations. One pattern, with an engine rated at 2½ h.p. horse power, weighs only 60 lbs. complete with propeller and steering gear

Historic Firth of Forth

Within Great Espanse Whole Fleets May Ride at Anchor

The Firth of Forth is, of course, one of the most notable, things in all Scotland. From Kincardine, where it definitely begins, to that imaginary line just west of the Isle of May, from the Bass Rock of Fife to the mouth of the Tyne, in Haddingtonshire, where it officially ends is a distance [illegible] miles from shore to shore the expanse of water measures anything from one and a half miles at its narrowest, to somewhere and a half miles off the Isle of May. Within this great expanse of water whole fleets may ride at anchor, in perfect safety, and although both [illegible] can [illegible] there are [illegible] [illegible] [illegible]

On Our Western Farms

...ably decreasing in acreage are correct. The late season has prevented much spring plowing, which will result in a decreased wheat acreage, but reports indicate that the seed is going into the ground well supplied with moisture and under satisfactory conditions, which only requires suitable weather to yield a bountiful crop. At the same time a large decrease in the wheat acreage in the United States is indicated this year, there having been a heavy carry-over of wheat from last season's crop. The situation in the West is not...

Beautifying the Cities Of Saskatchewan

Many Schemes Residents Planting Trees and Shrubs This Spring

This season has already seen an unprecedented demand on the part of the citizens of Saskatoon, for shrubbery and small trees for planting purposes, states the city gardener. Plans are under way in the city to cope with the greatly increased demand, and this year there will be more than 200,000 trees and shrubs planted at the city nursery.

Cuttings which are planted this year consist of poplar, honeysuckle, lilacs and willows and lodging from results on a small scale in the past, this will soon grow to a matter of primary interest in Saskatoon, where the love of trees and flowers has grown rapidly during the past year or two.

In addition to this the parks board has put on hand large quantities of elm trees and caragannas, and these will be cultivated with special care, as well as distributed to the citizens who wish to purchase. They are being handled at the cost price, the aim of the board being to clear expenses and beautify the city at all events.

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California Syrup of Figs" only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative ever sent to harmless laxative ever sent to bowels, liver and stomach. Children love its fruity taste. Full directions for use for babies, children of all ages and grown-ups are plainly printed on the bottle. You must say "California."

Settlers for Peace River

Trains Leaving Edmonton Crowded To Capacity With Best Class

...According to D. McArthur, president of the Edmonton, Dunvegan & British Columbia railway, the latter is the Grand Prairie country is on the eve of a forward movement. In the course of a short interview with Mr. McArthur said: "The railway is at its wits' end to accommodate settlers for their country. Trains leaving Edmonton are crowded to capacity with the best type of settlers. Four and five hundred people are packed on the train and it is impossible with our present equipment to cope with the situation even at feeding them. At this time of immigration continuous, something must be done at once to relieve the congestion." Regarding the traffic prospects generally, Mr. McArthur said that they were never brighter. For over a year railways had been over operating charges.

THE STANDARD
VERMILION, - - ALBERTA

E. B. P. COOPER, Editor.

THE STANDARD

VERMILION, ALTA., MAY 19 1920

The budget was brought down in the Dominion House on Tuesday by Sir Henry Drayton. Before launching into the taxation proposals, the minister gave an estimate of the receipts of the present and succeeding portion of the Dominion.

The gross debt of Canada was stated at a little over three billions and net debt at almost two billions. The main estimates for 1920-21 totalled $677,149,128, with the supplementary estimates still standing. The net stated revenue was placed at $324,000,000.

The new taxes proposals are in the form of a tax on luxuries which in expected to raise some seventy-five to eighty millions of revenue, as well as having a tendency to keep down the high price of commodities.

While there is no reason why Canada, possessing the vast natural wealth which it does, should not emerge from the great financial hardness necessitated by the war, rigid economy must be practised and we are in for a period of taxation to pay the piper.

In submitting the estimates for the Canadian Government Railways, the Minister endorsed an operating loss of $14,000,000 and, including fixed charges, a deficit of $23,000,000 for the calendar year 1919. In addition the government as Receiver for the Grand Trunk Pacific Railway reports an operating deficit for that road of $7,500,000, and fixed charges and provided for amounting to $8,500,000, making a total deficit of $14,000,000. The other causes of these deficits of the previous year, $23,000,000 to $24,000,000 increase in operating expenses, and an increase of $10,000,000 was due to increased wages, and an important secondary cause, was the decline of $10,000,000 tons in freight handled, due to cessation of war business. It is the purpose of the government this year to bring about a saving of administrative expenses which will publicly owned lines, those representing fifty-two per cent of the total mileage in the Dominion. In the way it is hoped to improve the earnings and to effect an economy in operating expenses, although not to a sufficient extent to wipe the deficits. The Minister does that when all the government lines are connected up they will earn enough to pay interest. New railroad construction will be undertaken only where a study of the economic conditions warrants it. Extensions, betterments and improvements will be made only where necessary. Canada, considered as a whole, is not in need of railroads.

From Monthly Commercial Letter of the Canadian Bank of Commerce.

Come and see the forest investors of the Bay Rosseau when they hold their annual meeting at the Sabout grounds on the 24th at 10 a.m.

Mr. Oliver Baker of Edmonton has been visiting members of his family at Vermilion.

May Discuss Anglo-Japanese Alliance Question

London. — The question whether there is to be a continuance of the Anglo-Japanese alliance is being brought before the British public by the presence of W. A. Watt, treasurer of the Australian Commonwealth in England. Mr. Watt arrived in London this week and has given one of a number of interviews in which he urged closer co-operation between Great Britain and her Dominions with regard to foreign policies, and emphasized Australia's determination to be a "white man's country." At a dinner given in his honor which was attended by the Viscount Milner, secretary for the colonies, and numerous other men in public life, Mr. Watt is to address himself.

"The dominant thought in our minds has been that in southeastern Asia live eight hundred million colored people, and the Australian people say that whatever can be done to keep our country for the British and their children should be done. We know that we could not repel an armed assault by the great yellow or the brown nations, but we believe that in the future, at time, the statesmen of the empire will understand our solidarity and will be able to enforce it.

"If there are conversations in the near future between the empire of the Mikado and the British government, the Australian people want their views registered before the supreme ministerial thickets of the empire."

Police Inspector to Stand Trial

Judge Refused to Dismiss Charge For Failing to Suppress Undesirables

New York.—Judge Malone, in the court of general sessions, denied a motion to dismiss the charge against Police Inspector Dominick Henry, formerly commander of the "Tenderloin," charged with neglect of duty in New York's vice war by failing to suppress undesirables in his district. The lawyer for the defence declared that there was no regular immovable establishments in the district. The men and women who went there for immoral purposes could not be legally raided by the police.

"Why there were 10,000 offences being committed this very hour," he said.

Premier Borden Lectures

Has His Old Vigor and Declares He is Now in Perfect Health

Ottawa.—Browned and apparently in excellent health, Sir Robert Borden has arrived in Ottawa.

Sir Robert showed no traces of the illness which had necessitated his four-months' holiday. He had the old vigour and so all queries he smilingly replied that his health was that of yore. His arrival was the occasion of a celebration by his supporters. Headed by Sir George Foster and members of the cabinet, they gathered on the platform to welcome back the premier. As Sir Robert and Lady Borden stepped off the car there was a round of cheering. On the platform with the Unionists was Dr. Clark, member for Red Deer, and prominent in the National Progressive party. It was Dr. Clark's birthday. Sir Robert and he laughingly congratulated each other.

"You look younger than I do," Dr. Clark observed.

Funeral of Princess

Prince Arthur of Connaught Was Present at Funeral of His [illegible]

Sandringham.—The kings of Norway and Denmark, Prince Arthur of Connaught, the Earl of Cavan, representing the King of England, and the diplomatic corps of other countries attended the funeral services of the late grown princess Gustav Adolphe of Sweden.

Enormous crowds were massed all along the flower-strewn route from the royal castle. The procession started shortly after 2 o'clock to the cathedral where the service was conducted by the Arch bishop of Upsal, and a Bishop chaplain.

Serious Shortage of Farm Labor

Winnipeg.—Only about 40 percent of Manitoba's wheat lands had been seeded to date, and there is a marked decrease in the number of the people willing to go to work on the farms during the next few weeks, it was stated by farmers and

According to T. J. Mather of the Dominion employment service the situation is left vacant during the last week in many districts. There are [illegible] Dauphin, Swan River, Minnedosa, Portage la Prairie, Carberry and Deloraine districts in the south of the province. Many farmers have left their farms to work on the railroads, it is stated by Robert V. Draper, Dominion agent for the revolutionists here.

Tenants Buying New York Land

New York.—Tenants have purchased more than $7,000,000 worth of New York realty in New York in the last year under the co-operative ownership plan as a protest against high rentals, it has been learned.

Bloodthirsty Bolsheviki

Eighteen Men and Seven Women Executed at Jytomir by Order Of Commissars

Warsaw.—Eighteen men and seven women were executed at Jytomir by order of the Bolshevik commissaries, it is stated in official dispatches received here from Berdichev. Many more executions are reported to have taken place in the Jytomir district.

Municipality Rights

Ottawa.—Hon. Arthur Meighen announced that the government will introduce legislation at the present session of parliament to restore to municipalities the rights which were taken away from them during the war. The measure will provide for the payment of taxes on property owned by the government, railway companies and other corporations.

Messenger Sent From London to New York

Boy Takes Long Journey to Deliver Message to N.Y. Sun Publisher

New York.—A 13-year-old London messenger boy arrived on the Carmania today carrying several letters for members of the city administration here and also a letter from Sir Arthur Pearson to Frank A. Munsey, the New York publisher, was to deliver a contract from a London music publisher who wished to boost a boomerang rival who had mailed a contract to the United States.

On board the Carmania also, was a British mission headed by Sir Herbert W. Abell, with Lady Abell and Sir Herbert Rawell. They are on their way to confer with the department of commerce in Washington regarding "commercial transactions."

Huge Deficit of C.N.R.

Report of Earnings and Expenses for Past Year Tabled in The Commons

Ottawa. — Gross earnings of the Canadian Northern railway for the year ended December 31, 1919, were $53,562,177.57, according to the 45th annual report of the directors tabled in the house by Hon. J. D. Reid, minister of railways.

These were derived as follows: From passenger traffic, $10,775,708.66; from freight traffic, $39,171,955.09, express, mail and telegraph, $1,730,902.18 miscellaneous $3,337,611.81

In addition there were interest and other subsidiary receipts that contributed the balance.

Working expenses amounted to $60,484,032.92, and here of equipment, taxes, rentals, and miscellaneous operations, $6,978,253.01, making the total expenses $67,462,285.93. The deficit it was announced for interest that [illegible] $17,900,108.36 [illegible] $25,900,108.36

Mr. Graham all across [illegible] that the report covers only the [illegible] Newfoundland and [illegible]

The total earnings compared with the preceding year showed a decrease of $9,900,000 and the total for 1918 being $63,462,177.57. The decrease in net earnings was $11,700,000 as compared with 1918 when the net earnings were $9[illegible]

Mennonites Would Like to Stay

Requested to Have Asked Manitoba Government for Tract Of Land

Winnipeg.—Application has been made by the Mennonites who recently arrived in Canada from Russia to the provincial government for a tract of land in Manitoba, it was learned today. The application was made by a delegation of the Mennonites who have been visiting the province for the past week. The delegation has left for Ottawa where it will interview the federal government.

Distribute Seed Grain

Requirements of Settlers in Alberta Have Been Supplied

Edmonton.—Requirements of settlers in Alberta for seed grain have been supplied, according to a statement issued by the provincial department of agriculture. Applications for seed grain have been received from 12,000 farmers and the total amount required is 1,200,000 bushels. Of this amount 1,000,000 bushels have been distributed.

Frame New Plans Which May Restore Order in Ireland

London.—General Sir Neville Macready, military commander of Ireland has framed new plans by which he believes better order will be established in Ireland shortly Mr Bonar Law announced in the house of commons that the plans had been approved by the cabinet.

The government leader's statement followed questions regarding the sensational murders of two policemen at Cork, and whether General Macready had taken steps to co-ordinate with the police and the military forces.

Mr Bonar Law said that the military commander had already taken all assistance necessary to suppress most important steps, and as a result has [illegible]

meeting had proposed action which met with the approval of the government. What these steps were he [illegible] Bonar Law did not say. He declared, however, that the government would [illegible] any action which in [illegible] would reduce drastic conditions.

General Macready is at the present time in London [illegible] consultation with the officials, and the [illegible] of the important developments [illegible] Cork, and whether General Macready had taken steps to co-ordinate with the police and the military forces [illegible] in Ireland and that the government is prepared to give the Irish executive [illegible]

LOCALS

The Day—JUNE 3

The annual meeting of the Vermilion Live-stock Protective Association will be held in Hinsenombe Hall on Saturday May 22nd at 2 p.m. All farmers and stock owners are requested to be in attendance.

B.B. Experience, skill, ability, reliability and a square deal to those who consult M. Mackenzie, the Educational Eye Sight Specialist, who will again be in Vermilion at the Bronson Hotel on Monday May 31. See him about your eyes.

Keep May 24th open for the Big Dance at Clandet. Heavy volume to all. Gentlemen $1.50. Ladies please bring cakes.

With this issue the Standard starts out on its twelfth year of publication and the editor enters his twenty-third year of newspaper life in the West.

Next Monday, May 24th is Victoria Day and a public holiday.

The crop is going in fast. Rain fell Monday afternoon in beneficial quantities.

Cards are being placed on the contract painting the road to the summer grounds. Unfortunately parties have been dumping manure near the telephone line instead of going on to the proper location. Hereafter there will be no excuse for this and parties doing the same will be prosecuted.

The chief has directed attention to the fact we all cutting once out at night after milking which is becoming prevalent around town. Those guilty are reminded that this is forbidden and they are courting trouble if it is not stopped at once. Chicken owners as well are required to keep their poultry off neighbors' gardens.

U.F.A. Picnic at Londonville on Wednesday June 23rd. Bigger and better than ever.

Sgt. Frank Long, one of our old 131st boys, is removing carpenter-ing here, having come up from work in Edmonton last week. He is looking hale and hearty. This is his first visit to the old town since he left for overseas service and naturally he notes many changes. We are all pleased to see him again.

For Saturday, May 29th.

Have you a lot of litter which needs to burn in the yard?

Have you some coldcream cakes, or some more or less.

Parasites, vermin pests that are not quite your lines.

Books, magazines or pictures. Nothing shall go to waste.

Please not cheap cut and used ones, and tell it far and wide.

So that somebody else's fancy has a chance to be gratified.

A.C. Dempsey, carriage, is advertising his business and property for sale as the family is moving from town. Accounts due must be paid by 15th June. See notice in this issue.

Mrs. Kennedy, Lloydminster, has rented home after a visit with her son Ernie.

Helen Bishop of Islay up a Sunday with Mr. and Mrs. John Flaig, town.

Fred C. Long, Druggist

It is estimated that 80 p.c. of the seed will be in by the end of this week.

A dance will be held in the King Edward School on June 11th. Good music, tasty refreshments and a swell time guaranteed. Admission $1.00.

At a meeting of the Vermilion Scout Association held Tuesday evening, Vernon R. Cooper was appointed Treasurer of the association of Boy Scouts. Two accounts for supplies were authorized for payment.

The Vermilion Girls' Club are once again preparing to hold a big dance in the Vermilion School of Agriculture on Monday May 24. They are opening up their to make this one of the best of the season and with good music, a good floor and a good crowd there is no reason why everyone should not have "a jim dandy time". The proceeds will be devoted to the O.W.V. Piano Fund. A good programme is being arranged. Refreshments will be served after the first half. The Vermilion Orchestra will "kick off" at 9 o'clock sharp. Don't be late. Gentlemen $1.00. Extra lady 50c.

The May Meeting of the Women's Institute was held in the Nellis Store on Saturday May 15. Four new members joined and $5.50 was collected for the Serbian and Armenian children's milk fund. The feature of the meeting was the interesting address given by the guest speaker Miss McRae, on the subject of Child Welfare. So thoroughly did she dwell on the food, clothes, shoes, ailments and the training of children from infancy to the age of six or seven years, that not many people could think of any questions to ask the speaker at the close of this interesting address. In order that every child may have the chance of receiving the best sort of food for bonding up bone and muscle and keeping body and mind healthy, the government provide meal charts, giving suitable menus for different ages of little ones. Miss McRae said she would gladly pass on the suggestion to the government that when a baby's birth is registered, a leaflet, dealing with the training of infants should be posted to the parents.

The afternoon closed with a pleasant social hour during which ice cream and cake were served.

IMPORTANT NOTICE

After May 15th I will deliver Meat any place in town, making two deliveries a day — Morning from 9 to 11, afternoon after 4 o'clock. Please get your orders in before 10 o'clock.

Also, I will give 30 days credit settlement to be made punctually at end of each month.

Teach the Children to Save

Habits are acquired early in life. Children, who are taught the value of money and the habit of saving, grow up into good business men of reputable worth.

The manager will be glad to call and explain to you how easy it is to start a Savings Account for each child ($1.00 puts it in operation). After a child has saved enough to make an additional deposit, how she will have a better appreciation of money when a dollar stands for, and how much work and self-denial it represents.

NURSE FOR PIONEERS OF HINTERLAND

En route for the Peace Grouping country, 40 miles beyond Dunvegan on the fringe of settlement Miss Kate Ethel Houston, skilled trained nurse of several years experience, and a member of the Victorian Order of Nurses of London, England, left Calgary on Thursday May 13th. She is the first nurse to be sent out by the Alberta Provincial branch of the Canadian Red Cross to carry the benefits of expert nursing services to the pioneers of the hinterland. Her post of duty lies in an isolated colony, separated from the one next white settlement by forty miles of muskeg. She takes with her 600 pounds of supplies for the use of the district.

A competent [illegible] service was inaugurated soon after the Provincial Red Cross, a fortnight ago, had received word of the plight of the people in that condition at Peace Coupe. This is for the first time it was learnt of their existence and unfortunately, because of the impossibility of the land being taken into the country in August 1919, by the Soldiers Settlement Board, and that the settlers had been there several years before their arrival, not even the Board, and that the settlers had been there several years before their arrival, not even the land knowing of medical service of any kind. In every instance in which the Red Cross can supplement the work of the Alberta Department of health it is doing so, and since operation with the Department some greatly to extend its already large sphere of usefulness in the near future. The emergency at Peace Coupe was an opportunity which was quickly seized.

While Money is Cheap

Wm Howie Wanted Right and Left As It Is Now

An American banker-hands his passenger advertising with this statement:

"The cheapest thing today is money. A load of corn, a week's wages, an acre of land will buy more money today than for a long time. While it is cheap, get it and save it. Pay your debts with cheap dollars."

This is worth thinking over. Everybody is talking about high prices, and they are high, no, but they forget that money is cheap, common and abundant. It was never wanted right and left as it is now. A worker can buy about twice as much money with his week's work as he ever could before. It is the one thing that is cheap and plentiful. But no sooner does a man or woman get a dollar than it is traded off for those things which are scarce and dear.

The money that is spent goes otherwise and doesn't buy much, whether it is worth having or not. The money that it saved is of the real old kind and there's nothing wrong with it. It is the sweat of a man's brow in the savings bank, and it keeps perfectly from the day it is stored. If some of it to pay off a permanent debt, and you make the cheap money of 1918 do as much work as any money ever was or will be. A worker could buy more with his week's work than as many day's work as he could have done for years ago—that is the point. Make up your mind to shape things in such a way that he can do as much work on the coming year as he can, and his family must find that a wise course.

Don't be afraid of cheap money because you owe some than they do! Credit's a commodity some people make big use of and others always shun, and they are doing it to-day.

Let "Danderine" save and glorify your hair

Demand for Farm Laborers

During the fiscal year just ended the Saskatchewan provincial officers of the Government Employment Bureau placed approximately 42,000 men in positions. At the present time there is an insistent demand for farm laborers throughout the Regina area extending from the Manitoba boundary and down to the Arcola line.

Moose Jaw to Dance

Moose Jaw will be linked up with Denver, Colo., within distant, by a new motor road, which is to be constructed shortly, known as the Peace River Trail.

Livestock Shows at Chicago and Toronto

Saskatchewan Government to Pay the Transportation Charges On Livestock

On behalf of the Saskatchewan government, the Hon. Chas. A. Dunning has agreed to pay the transportation charges on Saskatchewan livestock entered for the International Live-stock Show at Chicago, and the Toronto Royal Exhibition.

It has been decided that a joint exhibit of not over two car loads of Saskatchewan livestock be sent this fall to the two big shows. The government has agreed to pay transportation charges providing certain conditions were fulfilled, one of which was that no stock should be sent to this exhibit that had not competed in at least one of the four large Saskatchewan shows, namely, Regina, or Saskatoon summer exhibitions or winter fairs.

The result of the conference between the members of the livestock board and the minister was completely satisfactory to the board, and steps will be taken immediately to secure the earnest and hearty support of the board, in securing the best possible exhibit from the province as a whole. Mr Dunning has also received the following resolution from the annual meeting of the Beerbeck board:

Be it resolved, that this meeting of the Saskatchewan Beerbeck board express its hearty appreciation and commendation on the stand manner in which the provincial minister of agriculture and his department have handled the various problems of stock shortage caused both by crop failure and by quarantine.

Agricultural Expansion In British Columbia

Remarkable Growth in Production Is Shown in the Last Two Years

Agricultural expansion in British Columbia during the last two years is reported foodstuffs equal in value to what it produced. Five years ago the province imported $20,000,000 worth more than one hundred different kinds of foodstuffs, and a large part of this amount is now produced within the province.

The number of cattle in the province has increased from 150,000 to 300,000 in the last two years, and the province is now an important factor in the dairy industry. Last year the creameries alone handled $3,500,000 worth of butter fat, and the total production was valued at $4,500,000.

The number of hogs in the province has increased from 50,000 to 100,000 in the last two years, and the production of bacon and hams, sausages, lard and other products has increased from $1,000,000 to $1,500,000. The number of sheep has increased from 30,000 to 60,000 in the last two years, and the production of wool and mutton has increased in proportion.

The poultry industry has also increased in proportion, and the production of eggs, which was valued at $1,000,000 in 1916, is now valued at $1,500,000.

Canadian Patriotic Fund

At a meeting recently of representatives of the Canadian Patriotic Fund, the treasurer reported that the total amount received to date was $7,700,000. The expenditures were about $6,000,000, and the balance on hand was $1,700,000. The total number of cases assisted was 100,000, and the number who did not come within the provisions of the patriotic fund was 30,000.

Settlers for Okanagan Valley

There is a steady movement of settlers into the Okanagan Valley at the present time. The estimate of the 1920 population of the Valley is being placed at 30,000 people, as against 20,000 in 1911.

Great Britain Prosperous

Few Immigrants Are Coming From England

There seems to be a misconception in Canada, which is due to the flocking to Major Tudgin, as Minister of Immigration, of a number of communications of a personal nature, hundreds of people from Britain are coming to Canada," Major Tudgin said recently. "Nothing could be further from the truth. Only a few of the passengers are soldiers coming to their homes. The majority are people who have friends in Canada, and not one in twenty is coming to leave them.

"England is not prosperous, but it was never sucked that it would not pay the average man to fight for a home in his home," Major Tudgin said recently. "Many people who are coming to Canada are not in any general sense returning to their old homes. They are coming to a country which is Canada."

Saskatchewan Exporting Eggs

The province of Saskatchewan at one time a large exporter of eggs and of butter, is now sending forth to the south to of eastern Canada and the Pacific Coast. According to the statement of the minister of trade at Regina, 900 cases of eggs were shipped out over a week recently, each containing thirty dozen.

Several hundred peaks in the Rockies always ranges attain a height of 20,000 feet or over.

Good Prospects for Harvest in France

People May Be Able to Have White Bread

It is a long way to the harvest, but already M. Thomarge, undersecretary for food supplies, announces that there is a promise of large crops this year. Wheat grown in France had fallen to less than half the pre-war quantities, and the decrease had to be imported most from across the Atlantic.

M. Thomarge now states that, thanks to the effort of the Minister of Agriculture, and to the admirable state assistance and to favorable weather, France will secure this shortage by August next. There are symptoms of quite literal and

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the genuine proper Directions for Colds, and only genuine Aspirin—the Aspirin Handy Tablets. Earache, Toothache, Neuralgia, Rheumatism, Lumbago, Pain, Neuritis, Neuralgia and Pain. Pain generally. Accept only "Bayer" package which contains proven directions. Handy boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

"Bayer" is the only genuine Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer-manufacture, to assure the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Income Tax Is Levied on Luxuries By New Budget

Ottawa. — A crowded house and crowded galleries welcomed Sir Henry Drayton, minister of finance, on his return to make his first budget speech. Sir Henry dealt first with the economic situation of the Dominion. He emphasized prosperity in trade, the growth of revenue—last year's revenue of $300,000,000 was the best ever collected. He spoke of Canada's strong position in regard to currency.

Prior to stating his taxation proposals, Sir Henry gave an extensive review of the financial and economic position of the Dominion.

Conditions obtaining not only in Canada but all over the world, he said, were very different from the conditions which prevailed while the war was in progress, when the compelling necessity of the moment required the raising of large sums of money. It was absolutely necessary that there should be no check on production, no hindering of the war effort. Today, conditions were changed. The war was won. Expense was great. Canada, with other countries which participated in the titanic struggle, was faced with a period of debt.

"The duty today," Sir Henry proceeded, "not only to carry on the government of the country under such conditions as the debt, but on the other hand to promote measures which will reduce the nation's indebtedness."

The task, while heavy, was not to severe as the obstacles which had already been overcome in the five years of war and stress.

"Indeed," Sir Henry proceeded, "were it possible for the country again to become as united and resolute as it was during the war period, if it were possible for each and all of us to sink all differences, class and personal interests and jealousies, into an effort towards re-establishing a Canada as united and co-ordinated as that which won the war, the task would indeed be easy and simple."

The following is a summary of the taxation proposals:

Luxury articles, upon payment of the total purchase price on such luxuries costing over $1 a pair, men's and boys' shoes costing over $45; men's and women's overcoats costing over $50 each; furs, jewelry and robes over $100 each; women's dresses, over $45; women's suits over $60, and sealskins, hats, neckwear, skirts, gowns and gloves costing above certain specified figures, an 8% tax on some articles wearing apparel, all furs, opera cloaks, heavy-handled cutlery, cut glass vases, velvet and silk ribbons, ribbons, silk embroideries and sporting goods.

Also on trunks over $40 each, and valises, suit cases, etc., over $25 each. This tax to be paid by the purchaser to the vendor at time of sale

Ten percent on pleasure boats, yachts, canoes and motor boats; cameras, candy and confectionery, chewing gum, fire arms, shells, or cartridges; pianos, musical instruments, and pistol were adopted for household use. This tax payable at the time of sale by Canadian manufacturers or when imported.

Tenancy percent of total purchase price on such articles as cigar and cigaret holders and pipes costing over $2.50, automobile accessories except for smokers; hunting, shooting and riding garments, fancy pocket-knives, gold, silver, ebony and ivory mesh purse; jewelry, articles of silver adopted for household or office use; fur wearing apparel (except as mentioned above), liveries, oriental rugs, carpets, carpets, curtains and chandeliers. This tax payable by the purchaser at the time of purchase.

Five percent on mechanical player pianos, graphophones, and sundry musical instruments, and on records used therewith.

Fifty percent on articles of gold for household use.

Luxury taxes being payable at time of sale by manufacturer or when imported)

Playing cards, 25 cents a pack on playing cards, on leathers not over $25 per gross packs, and 50 cents a pack on cards above $25 per gross packs.

Beer, wines and spirits; increase in beer per gallon from 25 cents a gallon; non-sparkling wines, 30 cents a gallon, and on sparkling wines, $3 a gallon.

Motor cars: Excise tax on Canadian manufactured and imported cars increased from ten to fifteen percent.

Sales tax One percent on the sales of all manufacturers, wholesale dealers, jobbers or importers (not retail) on which the tax is to apply to a large list of essential foodstuffs, cattle foods, anthracite or bituminous coal for household use.

Stamp duties: Existing tax on cheques continued, but rates increased to 2 cents. Bank and promissory notes. Two cents for bills at $100 or less, and two cents for each additional $100 or fractional part thereof.

Stamp duties on patent medicines, etc.: Medicines now manufactured by manufacturer or importer, instead of by retailer as now.

Film tax of 1½ cents for each foot, and abolished because of moneys of excellence as between small and large theaters. All the above taxes are effective from the 19th instant.

Increase tax: By last year's legislation income taxes payable this year on 1918 income were very substantially raised. A further general addition to those taxes of five percent is now added, the increase of $2,000 and up, in the [illegible] year

British Naval Estimates

Great Britain Will Not Reduce Beyond Margin Fixed For Naval Safety

London.—Many estimates for the new financial year under discussion in the house of commons endorsed a remarkable criticism from a comparatively small number of members anxious to secure reduction of the various votes. Sir Arthur Walter Long, first lord of the Admiralty, in reply, declared that no other department showed the same reduction as the admiralty, but the government was determined to do everything to curb the growth being brought down below the margin that the admiralty was considering safe for the nation in the new era of peace. Sir Henry Wilson, chief of the imperial general staff, also defended the army estimates, declaring that the changes in article 4 will make this more explicit.

Turks Massing Against Greeks

80,000 Men To Resist Entry Into Constantinople

Constantinople—Greek and Turkish troops have been massed in the area east of Smyrna, where the Turks are taking the offensive and are apparently making reinforcements in an effort to further advances against the Greeks. Fighting is reported between Magnesia and Menemen.

Jafar Tayari, Turkish commandant at Aidemyr, has sent a telegraphic here from that city saying 80,000 of the Turks and Bulgarians are preparing to resist the Greek advance. They will meet the Greeks midway between Chaldia and Aidemyr, when the Greeks begin the occupation of Thrace.

West Should be Represented

Wood Western Industries on Directorate of the C. N. R.

Calgary.—Resolutions urging that there should be representation of the western interests on the board of directors of the Canadian National Railway and that freight rates westward should be based on the same mileage rates as those entered, and advantage taken of reduced cost of operating government lines through easy grades to the coast, were passed by the conference of representatives of the boards of trade.

A resolution urging the establishment of western executive offices for the Canadian National Railways.

W. E. Hillier, of Winnipeg, spoke on the board of directors, urging that much of the [illegible] should be done in the west. Other speakers were [illegible] and that large parts and large [illegible] in the West. Main and railways came from the west.

H. J. Shallcross, of Ashcroft, believed that the manufacturing industry of the future would be the drawing of a large number of people from the grass on the prairies of the United States of the world.

The west of Smith Current question showed the wisdom of the first [illegible] in the west. Main and other [illegible] and a change between east and west.

Paris — Raymond Poincare has resigned his membership in the reparations commission.

New Japanese Agreement

Anglo-Japanese Pact Avoids the Possibility of American Complications

Montreal.—The Montreal Star publishes the following London cable:

The new Anglo-Japanese agreement over the United States is the result of troubles between Japan and America, according to statements from an authoritative source. The Japanese and British foreign offices are now considering a proposal for inclusion in the new treaty which is being drawn.

The amendment over which Great Britain is mostly concerned is one covering article 4. This article provides that England and Japan declare no go to war in defence of each other against aggression which they have arbitration treaties. The British foreign office proposes to make it clear that this covers the Washington naval treaty signed in 1924, which became effective subsequent to the signing of the original treaty with Japan. England has always insisted that this article does not cover the situation which may have arisen between Japan and America.

West Indian Trade

Must Be Developed Through Canadian Channels

"It is an empire of which not only the United States, but Canada is ground, but those of the overseas dominions also. Our war organizations depend on the British navy and the navies of the dominions, which may be considered as auxiliaries to the British navy. It is our duty to see that we are prepared to use the weapon going to safeguard our communications."

Poles Receive No Help

War Materials Sent Were Bought at Own Expense, Is Claim

London. — A question concerning war materials which are being shipped to Poland, via Poland, was [illegible] raised in the house. Andrew Bonar Law [illegible] replied that [illegible] purchased by Poland last year [illegible] the United States [illegible] the Poles because they are the property of the Polish government [illegible] Bonar Law [illegible] Russia [illegible] said Poland some surplus stores [illegible] October and that would have been a breach of faith on the part of Great Britain if the disposal of materials had been prevented. He declared that no assistance, field or otherwise, was given to Poland.

Toronto.—Officials of the Postoffice at Toronto says the present mail [illegible] $700,000 in addition to $497,000 which the legislature already has voted to that institution, a total of $900,000 that year being needed.

Canada to Send Representative

Toronto.—Lieut.-Col. Sir R. D. Tweedie, "Border Chronicler," in the house Sir Robert Borden answered that Canada would send a representative present at the final conference to decide the disposal of war [illegible] and a more [illegible] regime of the

Huge Losses In the War Shown by France

Paris—What is perhaps the first comprehensive account of France's war losses has just been made by Capt. Andre Tardieu. In describing what he calls "The Devastated Shores" of France, Capt. Tardieu states that during the five years of war eight million acres were rendered useless, of whom 1,400,000 were billed. France thus lost 57 percent of her area under 22 years of age.

Concerning material losses, Capt. Tardieu states that six hundred thousand soldiers were disabled, 7 thousand acres of arable land lost, 3,000 miles of railway and 25,000 miles of highways destroyed. Mines which produced 55 percent of the coal output were damaged or destroyed; 15,000 factories, which before the war produced 95 percent of the woollen goods, 90 percent of the linen material, 70 percent of the silk and 60 percent of the cotton goods were crippled.

One-third of France's ships were sunk by German submarines. France had to raise more than eight billions of francs, of which sum she was forced to lend 1,330,000,000 to foreign countries.

Many Try to Join The Farmers' Party

W. R. Wood Declares Party Will Stick Absolutely to Action Taken at Regina

Winnipeg.—"We are sticking absolutely to the action taken at Regina," declared [illegible] W. R. Wood, M.L.A., secretary of the United Farmers of Manitoba, when inquiries were made regarding the reluctance of the Grain Growers' candidates and constituencies to enter the political field.

"The truth is," said Wood, "that we have been literally swamped with letters being received from [illegible] ventures who have made up their minds that the time is ripe for the farmers to get a good fishing time for them. Chances for themselves, or a small clique of personal cronies, they are at the opposite pole from the farmers in their thought of how a representative should be selected. They are persistently overheard that the farmers' movement is one of the best things above ground in Canada to tie up to, and feel confident that the electors of this country are going to fall for the discredited [illegible] once more."

Genuine Aspirin Prescribed By Physicians for Eighteen years

The name "Bayer" identifies the genuine proper Directions for Colds, and only genuine Aspirin—the Aspirin Handy Tablets. Earache, Toothache, Neuralgia, Rheumatism, Lumbago, Pain, Neuritis, Neuralgia and Pain. Pain generally. Accept only "Bayer" package which contains proven directions. Handy boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

"Bayer" is the only genuine Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer-manufacture, to assure the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Big Reduction In Clothing Prices In United States

Crop Prospects Are Bright

Report in Far More Cheerful Than Expected From Less Developed

Winnipeg. — The Manitoba Free Press' first crop report for 1921 is a decidedly more cheerful document than might have been expected. It is the very late seeding. Fresh, a most very best features is in the fact that farmers are wise and are not attempting to go over seeding what after all is the limit of their capacity. Speaking broadly, the report of moisture is excellent, the soil in fine condition and growth to the west of great extent is most encouraging, and especially in the [illegible] districts.

The president of a bank in the [illegible] shareholders' meeting in authority that the [illegible] Canada [illegible] and [illegible] bands are [illegible] the [illegible] period in [illegible] one [illegible] [illegible] [illegible]

SPORTS DAY

10.00 a.m. **Grand Calithumpian Parade of over 50 Floats, Comics, Clowns, etc, to start from lots west of the Veterans' Club. The Vermilion Boy Scout Troop will march with the parade. Be in early and see one of the big events of the day.**

10.30 a.m. **First game of Ball Tournament on west end diamond. (Angle Lake, Rusylvia, Ottawa, Campbell Lake, Turkey Hill, Vets and Vermilion Ball teams entered.)**

10.30 a.m. **First game Football competition on Athletic Grounds, east of big school. (Rusylvia, Wellsdale and Vets entered.)**

12.30 p.m. **Double-Header baseball. One game on Athletic Grounds and other on west end diamond.**

2.00 p.m. **Junior Baseball game. 5 innings. Vermilion Public School vs High School.**

3.00 p.m. **Semi-final Ball game.**
4.30 p.m. **Final Football game.**

6.30 p.m. **Final of the Baseball Tournament.**

9.00 p.m. **Grand Dance in Nellis' Hall - Don't miss it.**

Basketball games will take place from 1 o'clock to 4.30. Teams entered are High School, Bank girls and Town girls. A league game is also to take place between Lloydminster High School and Vermilion High School. These games are all to be played on the Athletic Grounds.

Athletic Events, on athletic grounds from 2 p m on. Entries accepted as events called. The big Marathon will be run last, over an 8-lap course.

Grounds Committee

I. Witherbee, J. Brimacombe, H Compton, M. A. Brimacombe, Frank Long, Andrew Wilson, A. McWilliams, Ed. Sutton, Myer Wener, W.N. Trimble, W. Peacock, A. Watt and A.G. Moore.

Tickets of admission to the Grounds, good for the entire day, will be sold on the streets in the morning and everyone is asked by the executive to purchase their tickets from the sellers at that time, in order to avoid delay and congestion at the ticket offices at the entrance to the grounds.

At an executive meeting Tuesday evening of those in charge of the sports for Thursday next, a complete schedule was drawn up as published above; reports of all committees showed that they had been working hard to assure the success of the attractions for the big day of sports, and given fine weather the day is chuck full of enjoyment and pleasure for the hosts of visitors confidently expected to attend. The final meeting of the executive and all committees is called for Tuesday night next.

BOWLING FARMS LTD. HAVE THREE TRACTORS IN OPERATION

Own 1760 Acres
South of Town

J. H. Bowling of the Bowling Farms Limited, who purchased large land holdings south of Vermilion, is rapidly converting the rich prairie of Alberta into productive crop areas, and although only starting operations on their holdings the beginning of May, have 250 acres in crop to oats and five acres planted in potatoes.

It has been possible to effect these results in such a short period of time with an equipment of modern power machinery — 3 10-20 Titans, 3 Hamilton Tractor Plows, 2 engine disc harrows and 1 I.H.C. power lift Grill being at work on this farm. To give an idea of the enormous amount of work accomplished, 250 acres were broken since May 8th and double-disked — 60 acres being done in this way — the whole will be in crop by June 2nd. It is the intention of Mr. Bowling to break up 600 acres more of the 1760 acres comprising the farm, as the land is full of moisture and general conditions never better.

Besides the proprietor, two machine experts, F. H. Berry and E. L. Disbel, are engaged on the place, while Poon Joe is one of the tractorists. Poon, at the end of the season is to leave for China where he will teach his people power farm operating. The wants of the inner man are ably administered to by Lee Louie, noted Chinese chef.

The progress of the Bowling Farm will be watched with keen interest as it is likely the forerunner of big farming movements in this portion of Alberta.

RULES
Of Islay Municipal Hospital

Patients desiring admission are required to notify the Superintendent when possible.

Fees for resident ratepayers are $1.00 per day.

Fees for non-ratepayers are $2.00 per day.

A fee of $2 will be charged for use of Operating Room for Minor Operations and $5.00 for Major Operations.

Money to be paid in advance or when leaving hospital but all accounts must be settled to the satisfaction of the manager before leaving hospital.

Visiting hours are from 2 P.M. to 4 and from 7.30 to 8 P.M. each day. Patients accepted on account of dental treatment, visiting or entertaining, will not be allowed. Any patient or other person who has had contact with a case of contagious disease will not be admitted to the hospital from the Lady Superintendent.

Visitors are kindly asked to leave promptly at expiration of visiting hours and positively not on any other days, as it disturbs the patients.

All fruit, grapes, etc., must be cut with the knife before eating. Do not throw away cigarette stubs, matches, etc., on the floor, but put in spittoon.

Visitors are requested to close the doors when leaving.

LAND DEPARTMENT OF UNITED GRAIN GROWERS

AUCTION SALE OF RAW LANDS
We will offer for sale by public Auction, at Columbia Theatre, Vermilion, Alberta, at 2 P.M. on
THURSDAY, JUNE 10th, 1920
fifty quarter sections of excellent raw lands, suitable for mixed farming and ranching, in the Vermilion and Bonnyville districts. A very low upset price has been placed upon these lands, and as the terms are extremely reasonable every quarter section of land offered should be bought by settlers living on adjoining lands.

Now is the time to buy additional pasture and farming lands, at low prices and easy terms before the returning settlers pack it up. For legal description, upset prices and terms, apply to

JUDICIAL SALE OF FARM PROPERTY

PURSUANT to judgment and final order for sale, there will be sold subject to the reservations and conditions mentioned in the original grant from the Crown in the existing Certificate of title with the appurtenances of a Judge in Chambers, by John Roe, Esq., acting Sheriff of the judicial district of Edmonton, at Vermilion, Alberta, at the office of the Town Clerk, in the said Town, at the hour of 2.30 p.m. on Tuesday, June 1, 1920

The East-west Quarter of Section 17, Township 49, R. nine, W. Third Meridian, in the said Province, containing 160 acres, more or less, excepting thereout but a roadway 33.000 of an acre now or late, of record in the Land Titles Office, for the North Alberta Land Registration District as Road Plan 4383, the land hereby described containing 159.27 acres, more or less, excepting thereout all mines and minerals.

The property will be sold subject to all outstanding rates, taxes and assessments whatsoever levied against the said lands and outstanding against the same, and upon also to a cash grant loan of $1200 with interest at 7 per cent to Secretary of Municipal District 4Ds, and subject to a first mortgage for $900 in favor of the British and American Mortgage Company with interest at 8 per cent per annum.

The Vendor is advised that 80 acres of the Quarter Section were under cultivation in 1919. The land is rolling and found of rich free sandy soil. There is unmistakable hay land and the soil is black loam with clay subsoil. There is a well on the property. The land is 1 1/2 miles from a school and church. There is a house on the property 16x30 with a small addition 12x16 also a log stable and frame granary.

The farm will be offered for sale with out reserve. The purchaser is to pay down a deposit of 10 per cent on the purchase price on the date of the sale, and the balance of the purchase price to the Sheriff of the Edmonton Judicial District within sixty days thereafter without interest. In all other respects the terms and conditions as of sale will be the standing conditions of the Court.

Further particulars may be had from Rutherford, Jamieson, Grant & Stone, 214 W. Land Building, Edmonton, of the Acting Sheriff of the Judicial District of Edmonton, Court House, Edmonton, Alberta.

Dated at the City of Edmonton, this 5th day of January, 1920.

Approved
H. C. TAYLOR, Sheriff
JOHN ROE, Acting Sheriff,

"Pretty Baby"

One of the biggest and most costly organizations in musical comedy in Jimmie Hodges' new 1920 version of his big success, "Pretty Baby," which comes to the Columbia Theatre for one one night, next Tuesday June 1.

To the regular patrons of this form of amusement, this exception a show promises to be a refreshing treat out of the ordinary. Screaming farce, titillating musical travesty, exuberant extravagance and gorgeous investiture characterize upon a really high grade scale. It is different from the usual run of musical comedies as can be, indeed shows in so much above, as large a company, as many specialties, that it seems incredible that it all can be so nicely dovetailed together into a composite performance that spends along a 2 handline page. Don Lanning, Eva Lappin, Marion Kelly, whose personality has endeared them to a vast clientele of the musical comedy public, head the big company. Don Lanning is a comedian in a class by himself. His brilliant style of comedy has been copied by many imitators but few can claim to his equal. A recent criticism in the Philadelphia Ledger said he was a Frank Tinney, Lew Fields, Bert Williams, and several well known artists rolled into one. Jimmie Hodges also claims he has the handsomest and best trained chorus in musical comedy.

ENROLMENT CERTIFICATE OF PURE BRED STALLION
(The Stallion Enrolment Act, Chap. 10 1917)
FIRST CLASS
No. 741

The pedigree and name of the Standard Bred Stallion Borea Tyler No. 1216 described as follows: Color Brown, Marks, Star, off fore and nigh hind foot white, Foaled 1916 Owned by C.F. Kopas, of Vermilion, Alta., has been examined by the Board of Inspection, and it is hereby certified that the said stallion is registered in a stud book recognized by the Canadian National Live Stock Records Board, and has been examined by a duly appointed veterinary inspector, is found to be free from hereditary unsoundness, is of good type and conformation, and allowed to stand for public service in the Province of Alberta and is granted this First Class Certificate

Issued at Edmonton, Alberta, Feb. 5th 1920.

P. E. PALEY
Chairman of Inspection Board.
(This certificate expires Dec. 31st 1920.)

FOR SALE

One Quarter Section of land in the Grandview District, free from rock, 30 acres of cultivated land, most of the rest easily cleared, a never failing creek running across the entire quarter, perhaps 5 to 7 acres marshy land along it; first rate pasture but not brushable. $1200 00 worth of nearly ripe fence with turnover posts. Farm has raised good crops and is capable of doing so again. Would sell for $1200 cash $1200 cash, purchaser to assume a mortgage of $400 due in Dec 1921 interest 10 p.c. If desired I would break and break 60 acres for an additional $400, which would add to the two fields already broken and if desired would work the land for one season on lease at equal terms. If this much were broken there would be a cultivated field of 90 acres which would supply under the circumstances self supporting if one did not want to occupy the land immediately On account of water, etc. Also abandoned two range and buy on easiest basis. This would be an exceptionally good buy for a man with stock Would produce large amounts of forage and grain also. Growing this would give a right to four range for cattle on the vicinity also buy. Situated 1 1/4 miles away Adjoining with lands are held at $20 and a little further away at $30 per acre. For further particulars call and see me or write to L. F. Ketchen Greenhorn P.O. Alta. Residence S 1/4 miles N.W. of Greenhorn P.O.

New Standards of Value

$1465 F.O.B. CHATHAM WARTAKE EXTRA

GRAY-DORT

Gray-Dort has brought power-time standards of value to the motor car business. Greater value than the light car has heretofore offered, $1465 brings you a car comparable with those costing several hundred dollars more.

LOOK FOR THESE THINGS IN THE CAR YOU BUY

The Gray-Dort motor is big enough for its job—Continental—3½" bore and 5" stroke—with big water jackets and a big, honeycomb radiator. The crankshaft is husky—many pounds heavier than other builders of light cars think necessary. The pistons are extra-light and three-ringed. Special design prevents valve-warping. High-carbon steel gives toughness to moving parts.

The carburetor is a Carter—improved this year. Wetting insures starting and lighting. Connecticut ignition (newly improved).

The whole chassis parallels the motor in quality. Heavy frame of channel steel. Flushy rear axle. Chatham-built. Long springs, cantilever in the rear, and built before our inspection. The big brakes have Gray-Dort formed lining. A new steering gear, 50% longer and stronger than the light car standard.

The Gray-Dort is as pleasing to the artist and to the driver as it is to the mechanic.

The smooth lines of the body are restful after so much of the extreme in present-day cars. The Gray-Dort finish, development of 60 years' coach-building, will wear, your interest, and lasting approval. Add the smartness of French-planned upholstery, and a new top, tailored in our own shops.

The big gasoline tank is new in the rear—for good-looks and convenience. As in big cars, the emergency brake is on a lever, the side-mounted spare with the demon. A shorter, smarter cowl gives more room in the driving compartment. The new hood, with its many long, narrow louvres has a touch of European smartness.

AND YET THE PRICE IS $1465
(PLUS WAR TAX)

You know that such a car as the Gray-Dort will be in heavy demand at $1465. We have limited our production this year. But there is likely to be a shortage See the Gray-Dort dealer now.

PRICES

The Gray-Dort 5-passenger car finished in Coach-Brown and black and with standard equipment is $1465 f.o.b. Chatham. War tax extra.
The roomy 7-passenger roadster is the same price.

THE GRAY-DORT SPECIAL

For the man who wants something a little extra in his car, we have built the Gray-Dort Special. Motors body, with brown imperial top. Plate glass rear window. Cigar curtains. Rumble seat wheels. Trimmings. Ebony steering wheel. Dual heavier equipment. Motometer instrument board. Jiffy Tire Carrier which lifts the rear shoes for the mechanic. $1750 extra on the standard.

Wash Day and Backache

WASH day is the least welcome day of the week in most homes, though sweeping day is not much better. Both days are most trying on the back

The strain of standing long and stooping frequently deranges the kidneys. The victim is poisoned and backache, rheumatism, pains in the limbs result.

Kidney action must be restored—the liver awakened to a normal and the bowels regulated by the treatment as Dr Chase's Kidney-Liver Pills. Take for safe prescription of the well-known Kidney-Liver Pills and see what help you in the hour of need.

Western Forest Reserves

Patrol Service Over Many Hundreds Of Square Miles of Forest

The Dominion Forest Reserves cover approximately 43,750 square miles, an area twice that of the province of Nova Scotia, or over half that of Manitoba, prior to 1912. These reserves lie in the three prairie provinces and in the railway belt of British Columbia The Dominion government also maintains a fire patrol service over many hundreds of square miles of forest not yet included in the reserves. In addition to these areas are included in the reserves there are now held by timber leases, timber berths, ascertain the character of the timber, from a forester's point of view. A system of annually renewable fees to the west of the Province of Manitoba, Saskatchewan and Alberta, except in all timber square miles of timber berths is the yield interest rate $133.70, $247.50 and dominion from $1,350 $62.50 During the present timber conditions, in spite of the unrest which has prevailed throughout the timber industry, there has been a steady increase in the amount of timber cut on the timber limits, and the revenue derived therefrom. The total revenue from timber dues, ground rents and other sources for the year ended March 31st, 1919, was $1,141,141.64, as compared with $1,000,000 in the previous year. The total number of permits issued was 1,914 as compared with 1,914 in the previous year. The total number of timber berths in force on March 31st, 1919, was 1,914, as compared with 1,914 in the previous year. The total number of timber berths in force on March 31st, 1919, was 1,914, as compared with 1,914 in the previous year.

Manitoba Farm Loans Association

System is Proving of Great Benefit to The Cause of Agriculture

The annual report for 1919 of the Manitoba Farm Loans Association records that during the year 795 applications were received aggregating $2,342,800, whilst new loans were paid out to the sum of $1,220,000. Of the applications received, a considerable proportion, nearly $668,000, were declined or withdrawn for various reasons, over nearly all of them have been taken up by the Soldiers Settlement Board the remainder consisting of railways granted by the Board under certain conditions.

The Act for issuing purposes were, as in the past, for the most part provided by the issue of bonds, but in connection with these bonds part of the yield interest (say $133.70, $247.50 and dominion from $1,350 $62.50 During the present timber conditions, in spite of the unrest which has prevailed throughout the timber industry, there has been a steady increase in the amount of timber cut on the timber limits, and the revenue derived therefrom. The total revenue from timber dues, ground rents and other sources for the year ended March 31st, 1919, was $1,141,141.64, as compared with $1,000,000 in the previous year. The total number of timber berths in force on March 31st, 1919, was 1,914, as compared with 1,914 in the previous year. The total number of timber berths in force on March 31st, 1919, was 1,914, as compared with 1,914 in the previous year.

THE ALBERTA WESTERN LUMBER CO. LIMITED

OUR STOCK OF LUMBER IS VERY COMPLETE

We have made it our business to have on hand a Wide Range from which a Buyer may Choose

Whatever the class of building that you want, we believe that we have a Range of Values and Materials that will enable you to build at

THE LEAST POSSIBLE COST

will be at the Vermilion Hotel on Saturday, June 12th—At 1o'clock sharp. Mondier, June 21, and at Kitscoty on Tuesday, June 22nd.

LOCALS

The Day—JUNE 3

The annual sale of purebred cattle under the auspices of the Lloydminster Purebred Cattle Association, is to be held on Wednesday next June 2nd as advertised elsewhere in this paper. The catalogue issued gives a fine showing of Shorthorns, Aberdeen Angus and Herefords. Show of sale stock at 9 a.m. and sale started immediately after the judging.

Departmental examinations for Grades VIII, IX, X, XI and XII will be held this year on June 21st to 30th

Mrs. Jos McKeon, Miss McKeon and Isabel recently left for the Pacific coast where they will spend the summer

Mrs. Jas Sharp and Master Jackie of town, left on Friday to visit friends at Elk Point and Shamrock Valley

The Rev H A. Edwards has purchased Downs carriage shop and moved it to his property in the east end of the town It is his intention to fit it for a residence.

Victoria Day was a failure from a holiday standpoint. While the morning was fair, the afternoon shower-ed high winds, hail and rain with a correspondingly low temperature. In the north district very heavy rains fell over a large stretch of country. Present weather is bright and warm and more in keeping with the season.

The country is green, leaves out on the trees and grain coming along well.

An interesting ceremony took place on the school grounds, Monday at 10 a.m. when the Vermilion Troop Boy Scouts took the Scout Promise. A large number of interested spectators witnessed the investure. The troop afterwards paraded through the town and presented a very smart appearance

Sweaters, shirts, shoes, caps, collars, ties and ready to wear clothing can now be had at Mr. Mackenzie, the Edmonton Eye Sight Specialist, who will again be in Vermilion at the Brunswick Hotel on Monday May 31 See him about your eyes

For Saturday, May 29th.

Have you a lot of Silver which does not match now?

Have you some wildcat china, can mend now at low

Furniture, toys or jewels that are not quite your taste

Books, magazines or pictures. Nothing shall go to waste.

Please sort them out and send them, and tell it far and wide

So that somebody near by, has a chance to be grateful

Fred C. Long, Druggist

The annual meeting of the Vermilion Livestock Protective Assoc. will be held in Scissons Hall on Sat. June 5th, at 2 p.m. The meeting includes Lloydminster, Kitscoty, Islay Vermilion. Manville, Minburn, Wainwright and Ek Point districts Attendance of all stock men requested.

Messrs Irvine and Platt will address a public meeting in Neills' old store on Friday June 4th at 8 p.m. The talk will be along lines of vital importance to every member of the U.F.A and U.F.W.A., while a special invitation is extended to townspeople. Everybody welcome.

The monthly meeting of the Women's Institute will be held on Saturday June 5th at the School of Agriculture at 2 p.m Junior Day, all girls are invited to attend.

There will be a United Service in the Columbia Theatre on Sunday morning next. Rev. T. H Robert will preach. Everybody welcome.

Banff will be the scene of the 46th annual commencements of the Grand Lodge of Alberta, A. F. and A. M., and will be held in Bourne's Hall on June 9th and 10th, the board of general purposes meeting the day previous.

The Prince of Wales who sailed from New Zealand on board the Ionic to cruise Round, May 21st, arrived in Melbourne Wednesday.

The Seventh Canadian Good Roads Convention and Exhibition will be held in the Royal Alexandra Hotel, Winnipeg, Mon. June 1, 2 & 3, '20.

Many Boat Loads of Sugar to Arrive in Montreal Shortly

St. John, N.B., May 19—Six ships laden with sugar which will relive the Dominion's near famine in the commodity, are now en route from Cuba to this port, harbor officials stated today. The boats were held up in Cuba by strikes. More are to follow them. So great is the quantity of sugar to be laid down here in a few days that the local refinery has chartered a portion of the extensive government sheds to store it.

SHORT HAY CROP IS INDICATED FOR 1920

More Corn Will be Sown in Ontario to Offset Anticipated Trouble

Ottawa, May 21st — Present conditions indicate a short hay crop throughout Canada, excepting in Northern Alberta and Northern Saskatchewan. Information received, however from representatives of the livestock branch and officials of the various provincial departments of agriculture, indicates that unless an unusually good growing season is experienced with lack of moisture in the western provinces and a lack of heat in the western provinces, there should be a sufficient supply of summer feed and pasturage for most grazing requirements, and a reasonable amount of coarse grains and roughage for most winter's stock feeding operations.

Even if the unexpected short hay crop, there will be considerable more corn sown in Ontario this spring, unless in the near future rains are experienced to help hay and pasture lands. In Western Canada a good deal of attention will, under the circumstances be given to the growing of coarse grains and crops for ensilage.

The Baptist Convention of Alberta will be held in Calgary June 10th to 12th, Rev. Dr. J. M. Cameron late of Vancouver now of New York has just returned from a trip around the world, visiting missions in Japan, Korea, China and India. He will give several addresses. Dr. Eder of Philadelphia, a Sunday School expert and many other well known speakers. This will be the most important convention ever held by Baptists in Alberta and a very large attendance of Baptists from all parts of the province is expected.

PLOWING MATCH WEDNESDAY, JUNE 16

$300 IN PRIZES

Send In Your Entries To Secy W. E. Sutton

Secy W.E. Sutton informs the Standard that the necessary details have been completed for Vermilion's big plowing match, which is to be held on Wednesday, June 16 at the demonstration farm, commencing at 9 o'clock in the morning. Every farmer should attend and as many as possible enter as there is quite an attractive prize list, donated by the business men of Vermilion, amounting to $300.00 in cash and specials. Apart from the prizes, the relationship of good plowing to good crops is pretty generally recognized these days, and a demonstration such as will be witnessed in the various classes of plowing at the match on the 16th, is bound to result in direct benefits to many.

Send in your entries to the secretary will be pleased to give any further information desired. Don't delay but do it by the next mail.

CZECHOSLOVACK TROOPS TO PASS THROUGH CANADA

Over 30,000 of Them Will Go Through Edmonton This Week

Thirty thousand Czecho-Slovach troops will be passing through Edmonton over the coming week-end and officials of the Canadian National Railway are busy preparing for the task of handling the thirty trains that will be required to carry these soldiers of Eastern Europe from the Pacific to the Atlantic. The Czechs are returning to their homes after nearly two years of fighting in Siberia. Owing to the presence of the Bolsheviki in Russia they find that "the longest way round is the shortest way home." The 30,000 that are landing at Vancouver this week are only a portion of the Czech army that has been fighting in northern Russia, as several thousand are being routed to Europe through the Panama Canal.

The Alberta division of the C.N.R. is preparing for any emergency that may arise during the passage of the troops. For instance, the hospitals at Edmonton, and at Onoway, Ieby, Vermilion, Mannville and Lloydminster have been asked to be ready to receive any of the foreigners that may be taken ill on the trip. Medical officers will be on each troop train and in the event of one of the passengers requiring attention, the nearest hospital will be notified and the soldier will be taken off the train and taken care of until he recovers when he will continue his journey alone.

As far as is known the soldiers will not be in the city for any extended stay. In fact the trains may be routed through the northern part of the city and not come into the 101st depot at all.

The Dairying Industry in the District of Vermilion

(Writing Essay in connection with the recent Competition offered by the Vermilion Board of Trade.)

The Dairying Industry in the Vermilion district attracts attention by the manner in which it has grown in importance during the last ten years. A few years ago it was of little importance as a source of income, except to good cure a limited quantity of butter fats. However, it is vastly different now, in many farms, the can of cream, wash by week, brings in enough money to supply most household needs and often some left over for other purpose.

The methods of dairying, too, have changed greatly. At one time the cows were kept in any tumble down stable that was not required for other purposes and given fodder that the horses would not eat. Now, however, in most cases the cows are kept in good barn all day long in cold weather. The careful farmers feed them grain and clover hay to keep up the milk supply, so that there is very little difference whatever the season of the year.

The cream separator has had a great deal to do with the growth of the dairying industry. Now, the milk is set the separated in a few minutes instead of the old method of skimming of the cream or draining off the milk, which all was very slow. The cream can be now chilled at once to prevent the formation of harmful bacteria.

The chief reason that dairying has found so much favour with the majority of farmers in this district, is that they can be nearly always sure of a ready dividend, even if the crops do get frozen, or a failure be reported in some of the areas to depend on. Dairying can be fed to runs and they do well on it, as can the best of hay. There is no uncertainty in dairying and the farmer has something to look on into the next crop is harvested. This was illustrated in the summer of 1919 when owing to the crop failure in most districts, the farmers would have had to sell out or go bankrupt if there had not been the cream money.

The prices which the farmers get for the cream were a great deal to do with the growth of the dairying industry. With cream prices ranging from forty to sixty-cents per pound, according to the grade and season, does not seem much hard work to obtain this remedy in thirty cents a pound.

With the farmers close to town he has every convenience for the disposal of his cream. The cream must be left at the creamery or cream gathering station as near as possible to the time of churning. The improvement on the means of transportation also gives many inducement to carry on dairying. The farmers now, club together and form a cream-gathering in a number of localities. Where this is done in taking the other men's cream to town so that if there are any new farmers in a cream-ring one man would only have to make a trip once in two or six weeks. Thus, of course, is only the more distant country districts.

Another reason that dairying has found so much favor to this district is that nothing more is wanted. The skim-milk has its value as hog food. If there is any butter made on the farm, the butter-milk need be wasted either, as the pigs thrive on this, too. The skim-milk is also very good for increasing egg production in the poultry house.

There are many ways in which the dairying industry can be promoted in the Vermilion district. One of the best ways to increase the yield is to encourage the importation of pure-bred dairy cows. Pure-bred milk cows will give almost twice the amount of milk on the same amount of feed as the average range cow. Of course pure bred cows are not so hardy and have to be taken care of but this will be more simple with the handling of modern equipped dairy barns.

In the modern dairy barns, water is piped right in them and is just at right temperature for cows. With this convenience the cows do not need to go outside at all on the cold days and drink ice-cold water at the pump. Drinking ice-cold water non-only chills the cows and in this way decreases the yield. The feed can be had right in front of the cows out of the loft: this is much handier than carrying it in from outdoors. Litter and manure carriers can also be installed which save much time and labour.

Another great aid to increase dairying is the milking machine. Milking a number of dairy cows is after a hard day's work is certainly a great chore, and the use of milking machines at present very little used in this district, would save a great deal of work. These machines are quite within the reach of the average farmer and probably will be quite common in a few years, as the herds grow larger.

A Bull-calf tester should also be on every farm where dairying is carried on, to any extent. With this little machine one is able to tell just exactly how much cream each cow gives in proportion to the amount of milk. It is often the case that the cow who gives half a gall of milk, may give no more cream as the one who gives a gallon. In this way the poor cows may be got rid of and the valuable ones kept.

Another new idea, perhaps, but little practised is keeping a milk sheet. This is a sheet on which may be recorded the cow's name and the number of pounds of milk given daily. When the milk has been taken, the amount of each cow is weighed, and the number of pounds written on the sheet. These weights may be added together every few days and then no necessity record of each cow's production may be gained. This, along with the other ideas I have mentioned will greatly aid the dairying industry and increase the cream production when their use becomes more general in this district.

320 Acres in Campbell Lake District, well improved, 120 acres for crop this year. All arable land. Price Right, Terms arranged.

LAND DEPARTMENT OF UNITED GRAIN GROWERS

AUCTION SALE OF RAW LANDS

We will offer for sale By Public Auction, at Columbia Theatre, Vermilion, Alberta, at 2 P. M. on

THURSDAY, JUNE 10th, 1920

fifty quarter sections of excellent raw lands, suitable for mixed farming and ranching, in the Vermilion and Kitscoty districts. A very low upset price has been placed upon these lands, and as the terms are extremely reasonable every quarter section offered for sale should be bought in by settlers living on adjoining lands.

Now is the time to buy additional pasture and farming lands, at low prices and easy terms before the incoming settlers push it up. For legal description, upset price and terms, apply to

THE ROYAL CANADIAN FLYING CLUBS

Music by Long Distance Wireless

Remarkable Experiment Successfully Carried Out By Wireless Telephone

A large audience at the Chateau Laurier assembly hall heard perfectly a gramophone record in Montreal also Miss Lutton singing in that city over one hundred miles away by means of wireless telephone. It was arranged by Dr A. S. Fessenden in connection with an address on some great war inventions before the Royal Society of Canada. The experiment took place at noon o'clock and by means of a Magna Volt the voice of the distant singer was again distinctly heard in all parts of the hall.

Healthy, Happy Boys and Girls

Is your child healthy? Is he or she up to standard weight, of good color, with plenty of rich, red blood to nourish the growing tissues?

For children who are thin pale, anaemic, under weight, nervous, restless, sleepless, Dr. Chases' Nerve Food is of the greatest benefit imaginable.

Being mild and gentle in action, and yet wonderfully potent as a restorative, it soon makes the blood rich and builds up the feeble nerves.

Returned Soldiers Flock to the Land

Large Numbers Are Making Their Homes in The Prairie Provinces

During the past eighteen months, large numbers of returned soldiers have availed themselves of the assistance given by the Canadian government and a large percentage have shown their appreciation of the opportunities which the west offers by making their future home in one of the prairie provinces.

The following figures will give an idea of the material help given to soldiers who have settled in Saskatchewan as compared with the total expenditure for that purpose throughout the whole Dominion. On the 16th of April the Soldier Settlement Board had approved loans amounting to $12,543,711 for settlers in Saskatchewan out of a total of $19,994,115 for the whole Dominion, the number of loans being 3,162 out of 17,540. There are in Saskatchewan 2,809 established settlers out of 12,407 for the Dominion and 9,206 were qualified as settlers out of a total for the Dominion of 17,005. Saskatchewan also has 89 men in training out of a total of 617.

Out of $60,000,000 in loans approved, $42,704,744 is for purchase of land, $1,350,944 for the removal of encumbrances, $6,508,058 for permanent improvements and $18,760,900 for stock and equipment.

A return issued by the board shows that soldier grant entries have been made by 6,451 returned soldiers on free land in the western provinces.

Land or Settlement

16,000 Acres of Arable Land In The Wete Lyng Idle

[illegible] operations and unity between east and west as in Canada, to [illegible] 20,000,000 acres of vacant land, and thereby secure vastly increased national prosperity, to enlarge the [illegible] and to [illegible] the [illegible] are among the notable purposes of the Western Canada Colonization Association. The promotion of desirable immigration, the settlement of vacant lands, and the purpose a fund of $1,000,000 is required.

It is estimated that there are at least twenty million acres of arable land lying waste in western Canada. IMMIGRATION HALL AND SHELTERS IN NORTH

Representative of Department With Local Inspector on Trip to St. Paul

W. H. Boyd from the Dominion Immigration offices, Winnipeg, arrived in town the end of last week and in company with homeseeking J. A. Horne, went north St. Paul on important business in connection with the department. Mr Boyd will report on the advisability of erecting an immigration hall at St. Paul des Metis and other points, probably at Bonnyville and Derlyville. Large numbers of new settlers are reported going into the country lying beyond the Saskatchewan river and are camping in tents at different points preparatory to locating. The opening up of the large areas of rich farming lands by the extension of the railway line to St. Paul has made the need for a hall imperative.

GENERAL COUNCIL OF BOY SCOUTS MEETS

Ottawa, June 5.—The annual meeting of the Canadian general council of Boy Scouts decided not to send a contingent to the Jamboree, to be held in England June 26 to August 8. This was mainly because of the cost of the trip. The question of Canada's attendance at the next Jamboree will be left to the next general council meeting.

THE STANDARD
VERMILION, - - ALBERTA

S. R. P. COOPER, Editor.

THE STANDARD

VERMILION, ALTA., JUNE 9 1920

The town council recently purchased a one-ton Ford truck from J.B. Cuthry, Elk Point, on which it will mount the chemical equipment of the fire department. The new gas cylinders will be purchased. When this is done Vermilion may boast of having one of the best if not the best fire fighting equipment of any town in the west. The council are now considering the matter of organizing a fire chief. Under the new by-law the duties of the fire chief are quite extensive. Contractor Burns has started on the work of putting down the water mains and it is hoped that one or two of these will be finished early in July.

Contractor Wallace has been engaged by the town to make a survey of all buildings in town under the proposed tax improvements. It will not be brought into operation this year on account of the interest in getting the legislation through the local houses but it will be in force next year. It is to be expected that the tax on vacant property which has been a source of trouble to the officials will be materially reduced.

The organization of a golf club in Vermilion will be undertaken very shortly. Already quite a number have taken to playing this gentlemen's game. Last week J.M. Hunter, the amateur golf champion of Alberta and manager for the sporting goods department of Ramsay's Limited, Edmonton, was called by the promoters of the golf club to look over the sites available for links. After covering the grounds both east and west he had little difficulty in deciding in favor of the grounds immediately north of the hospital and pronounced them second to none in the province. He stated when finished Vermilion would have the best golf links in the province and did not see any reason why the championship games next year should not be played on them. The local enthusiasts are naturally well pleased at the discovery made by Mr. Hunter. It was however Rev. Burns that found out the land first.

The June settings of the district court were held here on Friday of last week, in the new quarters furnished in the Imperial Block. The Judge and lawyers were greatly pleased with the accommodations. The cases tried were as follows: Johnson vs Forbes, action for wages and account. Dismissed. Logan for plaintiff, Abbott & Loughlin for defendant. Grimes vs Romanick, action on account. Judgment for plaintiff for portion of claim. Abbott & Loughlin for plaintiff, Morrison for defendant. Davis vs Cunningham, action to rescind lien notes. Judgment reserved. Abbott & Loughlin for plaintiff, and Morrison for defendant. Huff vs Kalnick, action for damages for loss caused by fire. Judgement reserved. Abbott & Loughlin for plaintiff, Morrison for defendant.

PLEASE NOTE.—The only service in the English Church next Sunday, June 13th will be the Holy Communion at 8 o'clock in the morning. Sunday school at usual at 11

The Vermilion basketballers lost to Kitscoty Wednesday, by a score of 11 to 4.

VERMILION BOY RECEIVES DEGREE

Son of Mr. and Mrs. H. N. Stephens Graduates in Arts From McMaster, Toronto

Congratulations are extended to Harry Stephens, eldest son of Mr and Mrs. H. N Stephens, town, by his former schoolmates and friends, on his successful graduating from McMaster University Toronto in arts. In taking his degree of B. A., Harry won first class honors and also specialized in chemistry. In connection with the latter he received a Stud entship, which carries with it a year's course at either Toronto University or McGill, Montreal for the furtherance of research work. His high success is a source of genuine satisfaction to us all, as he took both his matriculation and Grade XII standing at the Vermilion High School.

At present he is engaged with the Flint Paint and Varnish Co. of Toronto, a large manufacturing firm

WAS GREAT DAY

Calithumpian Parade

The parade, which is supposed to start at ten hours since unanimously voted Vermilion's most successful sports day ever, a quiet night. Headed by the Vermilion Troupe of 11 horses in full costume, the numerous decorated autos and floats with the clowns and comics all ready to add to the bright mass and good spirit of the day. After circling the main thoroughfares of the town, headed at one or a long we parade swung through the east end to the athletic grounds where the judging was completed. First prize of $10 was awarded to Mrs. Long's team and flowed to Northern Hardware Co.

Baseball Tournament

Not less than six local teams entered for the baseball tournament made up of merry representatives from Campbell Lake, Hughes, Anglo Lake, Turkey Hill Vantage and Vermilion. Ball started at 10.30 a. and it was shortly before 9 p. m. when the deciding game of the day was finished. The baseball fans had nothing to kick about and those it was the fullest money they had ever had turned up — in fact the air was full of ball all the time. The first game means — this is on the hands were the Vets and Hoverbin and the soldiers went over the top with an 8 to 2 win, securing the First Prize of $30 Second $15 Hughes 6.

10.30 a.m.
Campbell Lake, 16 vs Vermilion 0

12.30 p.m.
Vets 9 vs Anglo Lake 3
Hughes 6 vs Turkey Hill 0

3.30 p.m.
Campbell Lake 7 vs Vets 13

6.30 p.m.
Anglo 12 vs Vets 0

In junior baseball the High School picked the Public School team. The game which went for 5 innings was a good one the boys having pretty well developed and play about on a par. The High School pulled it out by a score of 17 to 16.

Football Competition

Hughes, Vermilion and Vets were the three teams entered in the football competition. The first game was played at between Vermilion and the Vets at 10.30 in the morning and was a hard fought contest from start to finish. The Vets were the victors by a score of 3 to 0. The second game of the day was played between Hughes and Vermilion and resulted in a victory for the former team by a score of 11 to 0. The third game was played between Vets and Hughes and resulted in a victory for the Vets by a score of 3 to 0. The Vets were the only team of the entire game to score, they were the ones entitled, on the appearance of the time the score stood 1 to 0 in favor of the Vets team. The game was only refereed by that veteran baseball player Albert H. West, to whom an enormous mead of the appreciation attending the football programme is due.

MELBERTA MINUTES

Estimates Ask For $13,000 For Roads

Council of M.D. of Melberta No. 483 met in Maunville June 2nd, with all the members present viz. W. Arnold, Reeve, and Messrs. Steele, Watt, Watling, Scott and Banks.

Minutes of preceding meeting were read and confirmed.

Reeve Arnold introduced a by-law for the licensing of Hawkers, Peddlers, Transient Traders and Auctioneers. The by-law passed its first reading and fixed the fees as follows: Hawkers, peddlers, transient traders, $15.00 and Auctioneers $25.00.

C H Wood was appointed and also at $100.00.

Estimates for expenditure on roads as follows: Div. 1, $4000; Div. 2, $2300; Div. 3, $2300; Div. 4, $2300; Div. 5, $1000; Div. 6, $2000

Municipal rate 10c per acre; hospital rate 5c; Sup. Revenue rate 6c.

Wages were set as follows: Foreman 50c; men and team 7c; men and 4 horses 01 00; men 40c. per hour

The following bills were passed and ordered paid: Empire Co. $7.50, Western Corporated Co. 31.25; Div. 5, Canada Ingot Co. 63.50; Div. 1, 127.20 Div. 2, 91.56; Div. 3, 128.25 Div. 5 and 77.55 Div. 6; Supreme Lbr. Co., 58.80 Div. 6; Ro Ho Hardware 18.00 Div. 6; E. M. Ivy 7.50; A.-W. Steel 6 00 Div. 4.

Meeting adjourned.

G.H. Castle Secretary.

Deering Drills

RIGHT

L. H. WEST

At 8 p.m. the final one played between Hughes and Town and the play at times was of league standard, the total runs scored the game better than their opponents, and succeeded in scoring two goals in the first half. Hughes, while making some dangerous assaults in the Town goal failed to score and the game ended with another win for the town boys by 2 goals to 0. R. J. Smith made a very highly satisfactory referee. First prize, $30; Second $15.

Basket Ball

The basket ball grounds held its second of each match off afternoon while the four teams entered raged hotly together for victory. The contest were Town, Bank, High School Senior Girls and High School Jr. teams. The final result place between the Town Girls and Sr. High School and it certainly was an interesting game to see what the Bank, the High School seniors met with a score of 4 to 0 in their opponents' 2. First prize was $10, second $5.

THE DRAW
Town Girls 16 vs Bank Girls 6
High Sr. Pr 16 vs High School Jr 12
High School Sr. 4 vs Town Girls 2

Apart from the sports a High School Stage game was played between Vermilion and Lloydminster, resulting in a victory for the former aggregation of ball lustrous by 14 26.

Athletic Sports

The long list of events in this line consist of the child of contests of the afternoon and every race was a contest from start to finish, entries in each numbered from 6 up to 23. The jumping contests brought out many surprises. The 50 yards dash for boys under 12 years created renewed interest of the record show, particularly one the shown in the splendid performance of G Ball. R. C. Bothwell, Geo. Dolbert, Geo Weber and S. H. McCarthy.

EVENTS AND WINNERS
Half-Mile Run 1 R. C. Bothwell, 2 Geo Weber

Girls 15 and under, 50 yards. 1 Hugh Cook, 2 F. Goldsmith
Girls 16 and under, 50 yds. Jessie Goldsmith, 2 Annie Richards

MARATHON
The Marathon race run two turned out by following the final handicap gave, the distance being set at 2 miles over a course made around the town. Any one donated for this event by Major Mackenzie and two gold medals by A. E. Kelson. It is to be annually. The race mixture in charge were more than delighted with the merry list which numbered ten competitors. F. McCurdy was the winner of the marathon cup, Geo. Dolbert second. Great interest centred in the trial and it was witnessed by a big crowd.

The day closed with a successful dance which was attended by some one hundred couples, held in Nellis Hall.

Lt. Col. Coop, the president and the committee wish to extend their thanks to all those who helped in any way to assist so efficiently on the grounds committee in connection with the various branches to which they were assigned, to them, in a very large measure, is due the successful carrying out of the day's programme. The various committees of those charged $300 having ample to clear all expenses at the day. The public will also be pleased to know that the membership fees to the Athletic Assoc are sufficient to wipe out the debts incurred in preparing the new grounds last year. The Standard is so interested and any one of all from the different parts of the district interested in athletics generally to become members of the association.

AL. G. BARNES FOUR RING CIRCUS WILL BE HERE JUNE 15TH

Get out the old slide about taking the children to see the circus and polish it up, for it will come in handy on June 15th, when the Al. G. Barnes Bring Wild Animal Circus comes to Vermilion.

An interesting announcement with this circus is both in the fact that it is a Canadian institution, and that — in fact having their homes in the Dominion — also that it is the one big wild animal circus of the world, and entirely different from any other, inasmuch as the others are mostly wild animals. The Barnes show travels in 52 heavily loaded cars now, according to Hoot W. Thompson of Vancouver, one of the advance ... a steel arena ... 60 ... 110 ... the exhibition ... of 110 separate things.

Of course there are plenty of them and they are in rapid fire action at all times.

The finest, the largest collection of all commercials ever gotten together, a team of which is an education in itself in many cities schools are closing so the pupils may have the benefit of close up study.

A Great Institution

fact that out of 100 farmers surveyed, 90 percent had no education except that obtained in the elementary school, notwithstanding the fact that there were four high schools in the county, thus demonstrating the regrettable fact that the boys who attended high school had not gone back to the farms.

Why is it that the college educated boy makes such a great success of farming than the one who lacks such training was revealed to the editor as he made their tour of inspection of the Convents. On one part of the University are extensive experimental farms being carried on to determine the value of various varieties and up-to-date methods to follow each other crop-wise. Different varieties of grain are planted on the same plots in succession to prevent the blowing away of the soil, which in the case of bare fallowing often takes place when tender young weeds prevail. Elsewhere demonstrations are carried on with poultry, live stock and implements. In connection farmers may obtain a short course in stock judging, dairying and other subjects which will be of great benefit to them. Then there is the agricultural college building where every branch of instruction and other features of agriculture are taught. Here is where the students were trained in operating every type of machinery and where a short course in dairying, instruction that can't help but be of great benefit to the young men who are going to take up farming as a profession. Then there is the veterinary college where students are studying the diseases of animals and preparations to combat them. Here, too, are located the serums which are sealed in the practical bottles, ready for shipment to any part of the province or other destination.

What impressed the writer most was the [illegible] of the University. Here are demonstrations in agriculture, the [illegible] of the province, the [illegible] and the [illegible] of the province. Here, too, are [illegible] and [illegible] and [illegible] and

SENSATIONAL THRILLERS WITH BIG CIRCUS

Ferocious animals and charming bits of femininity are curiously intermingled in the performance of the Al. G. Barnes 4 ring wild animal circus, which exhibits in Vermilion on June 16th, and which no doubt will provide a jolly good jog ing holiday for all.

With its 1200 animal actors, some wild and some semi-tamed, its 600 people and 500 horses, all transported on 83 cars in two special trains, this organization presents an exhibition unequalled in the annals of circusdom, and on a massive and gorgeous scale.

From the opening pageant to the closing feature, sensational thrillers pass in review; lions ride wild horses like regular cowboys; tigers dance the fox-trot; 50 tons of elephants perform in one act; shaggy beasts defy fan-ing barrages; there are acting camels, racing ostriches with wild Arab riders, and musical elephants; a boxing contest between a polar and grizzly bear, Capt. Rinard himself tackling the winner.

There are also 40 chorus girls on Lorenzen, who sing while the horses dance, and there is a whole flock of clowns who work overtime to supply the fun.

The street parade now in two miles long; many of the animals quarters are left open so that all may see them and the trainers who have educated them to do such wonderful feats in the performance; the parade leaves the show grounds at 10.30 in the morning, and the preliminary shows open noon after its return to the grounds, while the doors to the menagerie and the big show open at 1.00 and about 7.00 p.m.

FOR SALE

My House and 2 Lots in South Vermilion, CHEAP.

JOHN THOMSON.

Dist. Phone 75. Vermilion.

Under the direction of the three agricultural schools there were held 50 fairs, which included 140 schools and 6500 pupils. In all classes there were approximately 20,000 exhibits. The total prize money paid was slightly over $6,000 of which more than $1,000 was contributed by the government from the funds provided by The Agricultural Institution Act.

FREE TICKETS TO THE CIRCUS

The Al G Barnes 4 ring wild animal circus is coming to Vermilion on June 16th, and among the 1200 animal actors, there is giant hippopotamus; and to encourage research for knowledge of wild animals, the Standard will award prizes as follows for the best essays on the hippo:

For best essay.....6 grand stand seats

For next best.....2 grand stand seats

For third best.....5 admissions.

Essays must be written by boys or girls under 16 years, not over 200 words in length, and addressed to Essay Editor, Standard, Vermilion.

Calgary Exhibition

The price list for the Calgary Exhibition may be obtained by writing to E.L. Richardson, Manager, Calgary. The Fair dates this year are June 28th to July 3rd and entries close on June 14th. Over $7,000 has been added to the prize list for the live stock department for the year, making the total amount offered in all departments now $84,500.

The now hundred thousand dollar cattle stable and judging pavilion will be used for the first time that year and will add greatly to the comfort and convenience of the exhibitors.

Calgary is fortunate this year in being able to secure Lockhaur, possibly the most daring aerobatic performer in the world. He does aerobatic stunts all over an aeroplane and finishes his act by changing from one machine to another in full flight in mid-air. This is positively the greatest attraction that can be obtained for any exhibition.

Auto polo will provide many thrills for Fair visitors, while the musical programme will be supplied by Canada's crack military band, the 74th Highlanders of Toronto.

Special passenger rates will be in force for the Calgary Exhibition from all points in Alberta, Saskatchewan and British Columbia east of Golden on the main line and Nelson on the Crow's Nest.

Over the Top

$1465 F.O.B. CHATHAM WARTIME EXTRA GRAY-DORT

When the Gray-Dort was designed, our engineers had two definite orders.

"Build an economical, simple, low-priced car.

"Build a light car at least 50% stronger and finer and greater value than light-car purchasers have been getting.

The original Gray-Dort was built to those orders. Every improvement and refinement since that time has been in line with this policy.

And yet the price is only $1465. Note what you get in to-day's Gray-Dort for $1465.

A big motor—3½-inch bore and 5-inch stroke—finely finished and smooth running. A forty-pound crankshaft, against the usual twenty-five pounds or so. Three-ringed pistons, instead of two-ringed. Cellular radiator, instead of tube and fan. Newly improved Zenith carburetor. Improved Connecticut ignition. The starting and lighting system is Westinghouse, a big car feature.

We designed a bigger and better rear axle for light cars—and we are having it built exclusively for the Gray-Dort here in Chatham. We ordered the spring position in the new way—and you'll realize what we've done when you see the long, easy-riding rear springs of the Gray-Dort. We set a new standard of safety by using Timken bevel-gear driving. We increased the wheel base to 112 inches—and you'll realize what we've done when you get the long, easy-riding comfort of the Gray-Dort. We set a new standard of quality by using Timken bearings throughout. We increased the weight of the Gray-Dort to 2,650 pounds—and you'll realize what we've done when you get the big, sturdy car that's built to last for years and years.

Your standard in driving and riding has been established. With a shorter over-all, there is more room in the driving compartment. There are special inches more leg-room in the tonneau. The side-entrances open with the doors. You can look into the rear of the most comfortable sedan. The top is made by a one-man top. The gasoline tank is filled with two finger-tip pressures. The emergency brake is now on a lever. The instruments are lovely.

The Gray-Dort is just as outstanding in appearance. Its lines are the lines of the big cars. Its body is unusually roomy—and is finished by our extra-fine method. Its hood and radiator are the last word in style. There is not a line out of harmony. Nothing has been overlooked. That is why the Gray-Dort finish retains its beginning-of-years sparkle and body pride.

There are other style touches—many of them—this year. Such as cowl-panel upholstery. A hand-rich mohair lining, instead of the more commonly-used rep. hand-hooked in our own Chatham plant and sewed in our Chatham Sheet-metal shop. Straight top-edge to the body. Big mud-shields on the Gray-Dort dismounting the hood, that our production finished this year, and probably a thousand more. We would advise you to see the Gray-Dort dealer now.

PRICES

The Gray-Dort Touring car, finished in Gray-Dort quality black, and easily convertible into a 2/4/5 Lady Chatham. Wire top.

The roomy 5-passenger coupe is the same price.

The Gray-Dort Special

For the man who values something a little extra in his car, we have built the Gray-Dort Special. Maroon body, with harmony striping. Pyroxylin-rayon weather-proof curtains. Rear-vision mirrors. Motometer. Thing-amajig shield. Real leather upholstery. Dashboard instrument board. Just the touches which lift the car above the ordinary. $150 extra on the standard.

And the Aces

The Gray-Dort Ace—the most beautiful light car of its size. Square grain body with hand-rubbed Californian lacquer finish.

Disappearing Tonneau. Trimmed throughout with Elastic rigidex. Rear-vision mirror. Pyroxylin windows. Three-rayer pyroxylin-coated tops. This is the de luxe car for the man who does not wish to pay a transcontinental operating cost. $795 extra on the standard.

Problems of West Discussed at Big Industrial Congress

Calgary.—The second annual industrial congress opening at Calgary attracted several hundred business men and farmers from all parts of the country. A feature was the appearance of 300 members of the Canadian Manufacturers' Association and the weather man was on his good behavior, President M. A. Brown opened the congress, and premier Stewart welcomed the delegates and visitors. In his address he emphasized the change in the view of the organized effort that had made the meeting an annual affair. As president Howard of the manufacturers' association said the work of the congress is on a big scale, managed by men of vision who are helping put the west on the map and develop a spirit of co-operation throughout the country. Col. Disney discussed irrigation, one of the important problems of the west, and F. H. Peters, commissioner of immigration, talked along the same lines. T. A. Hornibrook, president of the board of trade, and Mayor P. C. Marshall, of Calgary, added their welcome to the general note of welcome. The speeches were concluded by R. B. Bennett.

Hon. Jas. F. Smith, speaking as the representative of the province, said that the province was anxious to encourage a well-rounded business condition. He knew there was some uncertainty as general conditions, but he believed the city just as necessary as the rural districts. All classes are encouraged in this day of unsettled social conditions. The province is anxious to encourage diversified industries, but only those which find conditions here reasonable and natural. Should there be conflict between commerce and producer, the speaker said he thought producing had been done by capitalists. If manufacturers could convince the country that they were doing all they could to bring prices back to normal, it would be less difficult to induce labor to accept more moderate wages, but he desired to emphasize that he did not believe present conditions would stand for any particular class. It was general.

T. A. Hornibrook, president of the board of trade, called attention to the fact that Calgary is the centre of the second largest irrigation system in the world. Brig.-Gen. Leonard Wood, general manager of the Industrial Development Association, received a great ovation when he replied to the addresses of welcome. He was sure the work of the organization was sound, and was appreciated by the country generally. He thanked the visitors for their contributions and activities in behalf of the association.

Col. J. S. Dennis was greeted enthusiastically when he was introduced as the greatest authority on irrigation on the continent. Col. Dennis spoke with the authority of 40 years in service. Canada is the owner of the Dominion government, Hudson's Bay Company and the Canadian Pacific Railway Capital and labor, he conceived to be a part of the success of colonization and development. The payment of the national debt cannot be settled except by colonization and industrial development. Thirty million acres of selected good agricultural land is today lying idle within fifteen miles of the established railway lines of the four western provinces.

Budget in Committee

Luxury Tax Will Likely be Subjected To Some Changes

Ottawa.—The formal budget debate got out of the way, consideration of the budget resolution in committee without with the least possible delay. Here, in all probability discussion will be protracted, covering possibly a week or so. Provisions made to regard to income tax and business profits tax are expected to go through without a doubt.

The luxury taxes will be subjected to some changes, it is thought, particularly with a view to making their administration more workable. Since the budget was brought down the minister of finance has been in consultation with the manufacturers with regard to the luxury taxes and the sales tax. Important points have been brought up and notice will no doubt be taken of some of the suggestions. In addition to any amendment which the finance minister may propose, it is likely that a number will be submitted by members of the opposition.

Some Profit in Clothing

Former Gold Wood Fox Fifty Suits and Got One With the Price

Toronto.—The Globe published the following despatch from Hickman, Ky.:

Roy Shaw, a well-known farmer living near here, sold 300 pounds of wool to Hickman the other day, which he sold for 30 cents a pound, or for $60.00. Then he purchased a suit of clothes for his son, and found that the money he received for the wool was just enough to pay for the suit. He says there are about 300 pounds of wool in a suit of clothes, and on that basis the wool he sold will make fifty suits, which if sold at $60 a suit, would bring the seller $3,000. Allowing one-half for labor and other incidentals going into the suit, somebody will get a return of $1,500 on a $60 investment, it figures.

Respect Wishes of Canada

Do Not Consider it Advisable to Publish Correspondence

London.—In the history of constitutional relations between the mother country and the British and Canadian governments that it would be unadvisable to publish at present the correspondence regarding the appointment of a Canadian representative at Washington.

Every Hindu and Sir Richard Crawford or demanded since what attitude the British government must consider after the desires of the Canadian government in such matters.

Chief of Police

St. Paul, Minn.—Thomas E. Campbell, for three years chief special agent in the Minnesota bureau of investigation, department of justice, has accepted the post of chief of police in St. Paul, effective June 6.

Discuss Value of Good Roads as An Aid to Agriculture

Winnipeg.—The value of good roads as an aid to agriculture, as a factor in the development of the country and as an inducement to tourist traffic, were some of the topics, apart from the professional and technical ones that were discussed at the two sessions of the Canadian good roads convention here.

Hon. P. C. Biggs, minister of public works, Ontario, declaring that the best way to increase production was to keep the boys on the farms, said that they had come to realize in the eastern provinces that they must have improved roads for bringing the boys to the consolidated schools and continuation schools, they were providing so that the children on the farms would not have to travel in the towns to obtain the education required to fit them for their life's work.

Herbert Cuthbert, executive secretary of the Pacific Northwest Tourist association, asserted that one million dollars would be spent in Canada each year by American tourists if the Dominion possessed a national highway.

A. P. Sandles, secretary of National Capital Commission, Ottawa, and of Columbia Ohio asserted that there had been a reaction in the mine on road building and Mr. Pyne commenting on these freight charges observed that he could see no reason of common sense in the part of the Dominion government, if, after giving a grant to improve roads construction they would permit the railways to increase the freight rate on stone.

For Relief Work in Europe

General Governments Have Arranged To Help in Rebuilding the Central Countries

Paris.—How and substantial credits for the relief and reconstruction of Central European countries, including Austria and Hungary, have been arranged by the governments of Great Britain, Denmark, Holland, Norway, Sweden and Switzerland. The credits are mainly in the form of raw materials and food, and although the United States is not officially represented on the committee, it is cooperating in a large way, it is stated, by providing commodity credits for Central Europe.

Britain Builds Huge Airship

R-80 Will Be Equipped With All The Latest Improvements

Barrow, England. — Airship R 80, built here for the admiralty, will be launched in two or three weeks. She embodies the latest improvements in aircraft design and it is stated that she would fly across the Atlantic with ease. The vessel is 535 feet in length and 72 feet wide. Her lifting power is 36 tons. Four engines, each of 240 horsepower, will give her a maximum speed of 70 miles per hour. She will carry a crew of 15.

No Military Commission

Signing of Peace Treaty Has Rendered Conference Useless

Berlin. — It is semi-officially announced that as he will be enacted abolishing compulsory military service and prohibiting the manufacture of armament, became the national assembly's acceptance of the treaty unanimously and by a majority of two-thirds of the constitutional assembly. This objection has been made to the allegations that Germany is not carrying out the provisions of the treaty.

It is also announced that the minister of defence will issue a decree forbidding discharged soldiers to carry service rifles and hand grenades.

This order is somewhat belated, as according to reports, thousands of discharged men all over the country are in possession of their full army outfits. Many are going into the wheat growing area, according to reports of their parents or friends have now been afforded under normal economic conditions.

Cowardly Attacks in Ireland

Five Members of Irish Constabulary Beat Back Five Hundred Rebels

Toronto.—The Toronto Evening Telegram published the following despatch from its correspondent at Belfast, Ireland. "Boys, don't sided me. Stick to your posts," shouted Sergeant Fitzpatrick, of the Royal Irish Constabulary, at Lisburn, 20 miles from Belfast, when he went down with a bullet through his lung while defending the barracks with five men, against an attack of five hundred rebels.

The attacks lasted two hours, during which the barracks were sprayed with petrol and set on fire from every by, and wounding several raiders, succeeding in beating them off. The raiders spoke of Irish when roun mands were given.

Fitzpatrick, a native of Invernagh, and Constable Ramsay, credited the defence. Acting Fitzpatrick was badly wounded, though he was so badly hurt he had to lie bleeding on the floor. He still managed to be conscious enough to direct operations. He and the prisoners were brought down to Constable Carey was wounded in the leg.

The attack on Clare barracks, Kings County, cost the rebels three killed and several wounded, raiding grenades knocked over several raiders and a man's leg was blown off. Even with a bullet hole through it were found on the scene by the military who came to the rescue.

Continue Wheat Standards in U.S.

Reduction Urged Would Decrease Returns to Farmers

Washington.—Continuation of the present federal wheat standards was decided upon by Secretary Meredith in an order covering barrages held to improve into dissatisfaction in the grades for hard red spring and Durum wheat. Request for lowering the present standards, it was announced would tend to decrease the return to farmers while advocates of the change argued that the producer would receive more money for his wheat.

The federal standards established in 1917 and revised in 1918 have been in operation only under fixed price and war conditions, the secretary stated, adding that experience gained in one of their secrets or defects have now been afforded under normal economic conditions.

LOCALS

The hospital committee of the Women's Institute, wish to thank all members and friends, (particularly the "little scouts") who helped so generously to make their sale last Saturday a success. They will be interested to know the result—over $1,000 clear of expenses.

Snowmobile rains continue to fall pretty generally over the entire country. In those different days heavy rain fell during the past week. Crop prospects are excellent.

Everyone voted the district sports day last Thursday, as the best ever held in Vermilion. Better ones are promised for the future.

Next Wednesday June 16th is the date of the holding of Vermilion's first Plowing Match, which is being conducted under the auspices of the Agricultural Society. Several entries have been received by Secy W. E. Nation and it is anticipated that quite a number more will be heard from before the holding of the match We are never too old to learn, providing we are not too egotistical as to think we know it all. The business men of the town have contributed generously to the interest of some $300.00 and the farmers should reciprocate by making the first annual Plowing Match a huge success by attending in large numbers.

The Plowing Match taken place at the Demonstration Farm, Vermilion on Wednesday next, commencing at 9 o'clock in the morning.

The Union district U. F. A. will hold their annual picnic at Lords Lake on Thursday, July 1st, Dominion Day Baseball, basketball, foot-races and a big dance at night in Thompson's large barn. Everybody come and have a good time.

The Ladies Aid Society of the Presbyterian church will hold a Sale of Home Cooking on Saturday afternoon on Saturday June 12th at 3 p.m. in the Presbyterian Church. Everybody cordially invited.

Mr and Mrs. W. J. Elliott of Hilda, Alberta, are visiting with friends and relatives in town. Saturday morning and are going on to their land in the Maughan district, where Mr Elliott owns 640 acres. He was a resident of the district before coming to Alberta.

A. C. Chaffee of Vermilion, farmer and dealer in purebred Percheron Stallions, was in town Saturday. He informed the News that he expects his district will now further advance as he had just sold three or four more head of

How lucky are my debtors of the Eye Sight property invested by M. Hirst Optician, the Eye-sight Expert At the Bellevue Hotel, Vermilion Tuesday June 15th Treasury Days only.

DUTY ON CATTLE REMOVED

With the object of restocking Canadian farms which have suffered through excessive drought of the past two years, an order-in-council has been passed which in effect removes the duty from cattle entering the Dominion from the United States from the present time to February 7th, 1921. The order was passed several days ago but has been held up to some extent by the customs authorities who have had to arrange minor details and issue instructions.

British Sentiments and Actions

...ndeavoring to create a deep-rooted suspicion of British motives and actions. British is represented as full of intrigue and treachery, and as having no other motive and purpose than the greatest possible aggrandizement of the British Empire. Recently the launching of the Dreadnought Lord Nelson was made the occasion for a great demonstration, at which Lord Rosebery and Mr. Balfour were present, and at which the Premier papers in strong terms declared that but for the Dreadnought type of battleship the British Navy would be lost to the world. But what are the facts? They were ... [illegible] ... Lord Nelson was launched, and ... [illegible] ... Lord Nelson is a sister ship to the Dreadnought, and ... [illegible] ... Lord Nelson was launched

TODAY! BUT
CATARRHOZONE
Gives Effective Relief as Free Measure and Cures Perfectly
FINE FOR COUGHS OR COLDS
It was three months to-day to-night the good answer of catarrh and bronchitis that caused the medicinal performance to stop and though medicines and advice, naturally, are printed. Then wonderful relief—for orders a method of treatment and the Dodge relation to the medicinal virtues of which we believe in giving up to entirely has been a gain—catarrh and throat trouble are rather than ever.
This is a wonderful thing about Catarrhozone—that it relieves after the others. Catarrhozone or catarrh are after others. Catarrhozone or catarrh are after others. Catarrhozone or catarrh are after

The crop reports from all parts of the country are most optimistic. Growth is almost equal to similar periods in the past.

CELEBRATE FORTIETH WEDDING ANNIVERSARY

The home of Mr. and Mrs. Lee Shrigley north of town, was, on June 7th, the scene of a most enjoyable gathering when a surprise party of friends and neighbors, numbering about 75 met to celebrate Mr and Mrs. James Shrigley's 40th wedding anniversary As tokens of congratulation was held by Mr. H. W. Brown, in which it was mentioned that almost half that time had been spent by Mr. and Mrs. Shrigley in this district. Following the address a presentation was made of two handsome and comfortable armchairs, which it is hoped Mr. and Mrs Shrigley may long be spared to enjoy. Mr. Shrigley replied in a few appropriate words. He assured the company that he could have said much more had he had any idea what was to occur, and could have prepared his notes. The ladies provided refreshments and a handsome wedding cake. A good musical programme filled the rest of the evening, which was brought to a close by the singing of "He's a jolly good fellow.

The A. U. A. Barnes circus and wild animal show was the chief attraction at Vermilion on Tuesday The crowds in attendance were enormous. The show was the best ever seen here

Memorial Hall at Carman, Man.

Carman, Man., June 10.—Premier T. C. Norris of Manitoba, recently participated in an historical day for the municipality of Dufferin and the town of Carman, when he opened the new memorial hall here. The building is of red brick with stone facings. Aside from the memorial tribute the building is a magnificent effort to promote a community spirit. The cost was $60,000 divided between the town and the municipality. Over four hundred men enlisted in the Carman-Dufferin district eighty-five of whom were killed in action.

Immense Mineral Wealth

Iron Deposits on an Island in the Hudson Bay.

Claiming that no have located an island in Hudson Bay on which there is 800,000,000 tons of iron ore, enough to supply Canada for a century, as one of the party boasted, two prospectors are leaving Toronto en route to the discovery point

With these modern day fast cars they are taking out flat-bottomed barges, a 45 foot long power launch, specially constructed to stand heavy seas, and two smaller launches. In addition they have a carload of provisions which represents two years' supply.

Samuel Sansbury and J. F. Lahey are the two discoverers who are starting back in again with a couple grub stakes furnished by Toronto men. They made the discovery in Belcher's Island, on the east coast of Hudson's Bay, just off Cheeley. This island, they claim, is improperly shown on the maps. It is really much larger than shown, being 70 miles long, with a beach water lake 30 miles in length. The pair also claim that nearby islands have huge deposits of iron ore.

The party and equipment goes to Cochrane and will use the power launch to tow the barges down the Abitibi river to Moose Factory and from there to the treasure Island. On the sides of the flat cars a huge sign will be placed. It has been placed in large boxes the purposed extension of the T. & N. O. railway.

The party and equipment goes to Cochrane and will use the power launch to tow the barges down the Abitibi river to Moose Factory and from there to the treasure Island. On the sides of the flat cars a huge sign will be placed. It has been placed in large boxes the purposed extension of the T. & N. O. railway.

Peace River Country To Be Pleased

Federal Government Will Grant $2,500 Toward Expense

With a view to bringing more public attention to the Peace River country, the federal government has seconded in the request of H. A. Mackie, member for Edmonton, for a grant of $2,500 toward the expense of securing moving pictures of the activities north of the Alberta boundary. The Edmonton, together with geologists, will go from Montreal to Edmonton and from there go north to navigate the Peace River, the Athabasca, Great Slave Lake, and the Mackenzie River to Herschel Island, covering in all over 2,000 miles. At one stage the party will have an eight mile portage this being between Fort McMurray and Chipewyan.

Difficulties of a Garden

The delights of a garden don't need classifying, but some of the difficulties do. The first is to find the right place on which to make the garden. It should be on a locality where the sun will share a lot for at least five hours each day. It should not be where the roots of trees and the surface heat the ground so as to dry out during the summer. It should not be where large trees, to which the sun [illegible] and great gale [illegible] will not only blow down a giant limb from its soil. Not may the garden be on a [illegible] [illegible]

Speaks Right Out and To The Point

MISS LADERONT SAYS DODD'S KIDNEY PILLS HELPED HER KIDNEY DISEASE.

Burwood Lady Points the Way to Health to the Weak, Weary, Worn-out Women of Canada.

Burwood Ont. Jan. 14th (Special)—Miss Laderont is a short step to the right. Three can be no mistake about it. Speaking in a clear and ringing message to women all over Canada. It tells them where they, too, may find relief.

For thirty years at the ills from which women suffer come from weak or diseased kidneys. They are the organs that strain all the impurities, the poisonous seeds of disease out of the blood. If they fail in this work the impurities remain in the blood and get deposited all over the body. The results show themselves in weakness, backache, dropsy, and rheumatism.

Miss Mary [illegible] Dodd's Kidney Pills to strengthen the [illegible]

will be at the Vermilion Hotel on Saturday, June 19th —At Islay on Monday, June 21, and at Kitscoty on Tuesday, June 22nd.

LOCALS

The town is advertising for a competent man for the position of fire chief and night watchman.

The High School girls' basketball team journeyed up to Mannville last Tuesday night and tried conclusions with the girls of that town. The game resulted in favor of Vermilion with a score of 17 to 10. The return game will be played here sometime this week. The town high school team have left no losses to date.

T. H. Taylor, who has been acting as inspector of grain for the Dominion government for some time past with headquarters at Saskatoon, has resigned his service in this connection and returned to his farm here.

A Grand Rally of the troops of Vermilion, Minburn and Mannville is fallen to take place on the Dominion Day Sports to be held at Mannville.

A notice of the formation of a new school district, taking in territory composed of the northeastern portion of the Vermilion centre S.D., the Islay S.D. No. 1 and Poplar Heights S.D., was a gratifying Department of Education. The meeting on Saturday June 5th.

A. C. Powers now states that he will continue his carriage making and repair business as usual in his shop next to the bank. A number of second hand rigs on hand.

A very large number of moose on the Hope were reported at this office and while all showed merit the prizes were awarded to Alta Beanham, Caveman Leslie, Olive Minsky and Jack Bryden.

Geo Hayward of the Hayward Lumber Co. Edmonton, was in town last week.

Some fifty business men of the city attended the complimentary reception to the Council of Trade, and held by the Board of Trade, and held last Thursday night at the Vermilion Hotel.

The ladies of the Salvation Army are doing a very good work in the city and vicinity. Ensign Cox, Captain Wells Hall and Lieut. Major M. Fraser are active in the work and a number of open air meetings have been held. The Commissioner, at the close of the entire Western Canada campaign, received a highly interesting address giving a vivid description of his three years spent in Africa.

Tuesday is dominion Day and we hold their annual picnic at Islay on Thursday, July 1st. Dominion Day. Football, basketball, foot race and a big dance at night. The program is not complete but will be announced later.

Fred C. Long, Druggist

G. Barss is at work on the big concrete on Main street. This was left in a finished condition last fall ready for the cement, but being flooded this spring large masses of earth caved in.

The annual meeting of the Vermilion Live Stock Protective Association was postponed on account of non attendance of Delegates. The meeting will be held on Saturday June 19th in Brimacombe Block, Vermilion. All stock men and farmers are urged to attend.

The twelfth annual union U. F. A. picnic of the Streeter, Lea Park and Tong districts, is slated for Dominion Day. Pioneers attend and show that the boys are not up to date as ever with a good list of events. The affair commences at 11 a.m. and is to be held on the old grounds.

The annual picnic of Dauphin local U. F. A. is to be held on Wednesday July 7th at the old grounds north of the Post Office. Everybody come.

There was a report on both Sunday, when the Pipe Duby team took fright and ran away. When opposite only the pole, the two front wheels and reach were left. Nuisance spare bodies was all that was left from the wreckage.

It pained our feelings last. The report that parts of Alberta was in the grip of a blizzard of snow. If the past two or three years, which were pretty severe, in a number of places on the American continent, were not warned. If precipitation continues at the rate of the past few weeks it is a drainage system and not irrigation is the country needs.

Hoodoo has not any dubbers of the Eye Right properly treated by M. MacKenzie, the Edmonton Eye Specialist, at the Dominion Hotel, Vermilion, June 23rd, 24th, July Tuesday, 1st.

The Ladies Aid of the Methodist church held a Tea and Sale of Home Cooking on Saturday, June 12 from 2 to 6 o'clock in the North Hall. Home and also be a real success.

Civil War In Londonderry

Londonderry, June 22.—Civil war continued through yesterday and today with one more death, bringing the total to eight. Troops were posted along some of the principal streets Tuesday afternoon, but one sniping was going on to terrify the citizens and keep them indoors resulting in a stoppage of all many activities.

General suffering is expected if deliveries of foodstuffs are not resumed soon. Mail from the morning train was taken to the postoffice in a military escort, but was permitted to remain there, undelivered, as the postmen feared to venture on the streets. Gross exhausted killings have been suspended. Several boats are lying up the harbor awaiting an opportunity to discharge, which is impossible at present with firing going on about the docks.

The promised military reinforcements had not arrived up to a late hour Tuesday afternoon. During Monday night shootings and other barricades were thrown up by the Unionists and Nationalists. Shortly after 11 o'clock Tuesday morning firing was heard in many parts of the town. Later crowds of the rival factions were seen marching about carrying arms openly. One crowd wrecked a bar on the outskirts and what intoxicants the crowd did not drink were thrown into the street. The crowd did not disperse until the police had charged several times. There was much firing but no serious casualties.

William Kane, who was shot at 8 o'clock Tuesday morning, died an hour later. He stated he was held against a wall by a man whose name he gave, and shot. Two others were wounded, both non-combatants, who were proceeding along the streets.

Dublin, June 22.—An automobile marking the assistant-director general of the Royal Irish constabulary and four constables were attacked with revolver fire and bombs when en route from Amiens street station to Dublin castle Tuesday. Asst. Director-general Roberts was severely wounded in the head by a revolver bullet, but is expected to live, and the driver of the car was shot in both legs. No arrests have been made.

The motor was met with a fusilade of bullets when passing under a railway bridge, but the severely wounded constable-driver maintained at the wheel while an injured constable returned the fire. After the shooting had gone on for some time the assailants threw two bombs. Nothing is known as yet as the casualties among those who made the attack.

The spot where the car was attacked was within fifty yards of an important police station. Roberts, who newly on the job as assistant director-general, having been recently elevated from the post of county inspector, was murdered in the temple.

Dublin, June 22. Premier Lloyd George's demand that Irish railwaymen handle munitions trains gives rise to an issue which must be fought out, according to statements of railway workers here. Many declare the premier's attitude is a bluff and that he is too afraid of English labor to give it effect.

The general body of Sinn Feiners assume the attitude of those behind the lines and now extends to the point of declining to carry either munitions or police and state effect. They have been those where the strike to secure pieces in their have attempted to [illegible] and they are not considering [illegible]

A strike would be [illegible] but not very serious [illegible] [illegible]

Canada Needs More Workers

enforced by the United States and Canada on undesirables, and the efforts of European countries to retain those of their own people who are of the desirable immigrant type, workers can be obtained if the government emigration offices here themselves. In particular, Canada should strive to secure new settlers and rural workers from the British Isles, and the United States.

Other countries are active and are drawing on Canada in the meantime. We read in a United States paper.

Nearly all Danes, Scandinavians and Finns are going to Argentina, where cheap, rich, prairie cultivation almost demand. Five land is being given to the crowcountry.

"Brazil is not only paying passage for immigrants but takes care of them on arrival and transports them to their destinations.

"Chile is offering immigrants or by the thousand. Uruguay is another country which is making special efforts to secure immigrants.

"Australia and New Zealand are also bidding for immigrants.

"Even Mexico, torn by revolution, is seeking immigrants.

"Canada is not alone in the field, and must make special efforts to secure her share of the desirable immigrants."

Good for Father and Good for Son

MR C ROY PRAISES DODD'S KIDNEY PILLS

He States That They Relieved Him of Bed Wetting and Himself of Bladder Trouble — Ask Your Neighbor's About Dodd's Kidney Pills.

Young Chilliwack lumberman, Mr. C. Roy Trethewey, says: "That I am a firm believer in Dodd's Kidney Pills should be evident from the fact that I am a customer of Mr. Dodd's Kidney Pills. I am glad to be able to state Mr. Dodd's Kidney Pills have relieved me of bed wetting and bladder trouble. I had been troubled with bed wetting for years and had tried many remedies, but they did me no good. Then I heard of Dodd's Kidney Pills and decided to give them a trial. I have not used them myself but my wife and a number of my friends have and they are now strong recommenders of Dodd's Kidney Pills."

Many a man buys diseases who could prove to endorse the real merit of Dodd's Kidney Pills.

Tea and Coffee Drinkers

who find it advisable to leave off tea and coffee, find a cup of

INSTANT POSTUM

delights the taste and satisfies the appetite, with no harm to health. Thousands of former tea and coffee drinkers now use Postum.

"There's a Reason"

Irritated Itching Skins Soothed With Cuticura

Bathe With Cuticura Soap Dry and Apply the Cuticura Ointment

These super-creamy emollients usually stop itching, clear away pimples, redness and roughness, remove dandruff and scaly irritation and leave the hands soft and white. Ideal for every-day toilet purposes they do much to prevent such distressing troubles. Nothing better, purer or more economical at any price.

Cuticura Soap 25 and 50c., Ointment 25 and 50c., Talcum 25c. Sold throughout the British Empire. Canadian Depot: Lymans, Limited, St. Paul St., Montreal. Cuticura Soap shaves without mug.

Germany Delivers Coal

Also Sends Livestock to France And Belgium

London, Mar. 30. German deliveries of coal to France under the treaty of Versailles, amounted to 4,600,000 tons last July, it was officially announced by the reparations committee. Of the total 2,000,000 tons were given to Luxembourg, Italy received 20,000,000 tons, and Belgium 90,000 tons in the same period.

Germany, up to the end of May, the announcement shows also had delivered to the Associated Powers 220 head of cattle, 67,477 sheep and 5,257 goats.

German deliveries to Belgium in this period were 2,116 horses, 43,489 head of cattle, 32,644 sheep, 9,140 goats and 1,38,139 fowl.

Similarity in Food Prices

Cost in Ottawa Slightly Higher Than in London, England

A study of the relative cost of groceries in England and in Canada, as revealed in a comparison of a budget of household supplies in the two countries, made within the last month, the figures are given out by a Canadian official. Pricing a score of staples, ranging from bread to canned powder, the latter supply costs about a dollar more in Ottawa than in London. Bread is 4 cents higher in Canada; sugar is ten cents per pound higher, and jam and marmalade, three cents more in 18 cents higher here. But as England knows, eggs, lard, milk, sausages, Worcester sauce, rice, oranges and dried fruits are all higher in price here than in London, and butter tables at still much cheaper in England than in Canada, and butcher meats average from 20 to 40 cents a pound. Coal is about $1.25 a ton cheaper in England.

Watches Cleaned With Bread

No Other Substance Can be Used With Success

Perhaps the most novel use to which bread is put may be seen in some of the great watch factories, where more than 60 loaves of fresh bread are every day baked for the watch cleaners' sandwich. From earliest times in the history of watchmaking it has been the custom to reduce fresh bread to the form of dough balls. This dough is used for the morning and shops that naturally adhere to the coarse of manufacturers to pieces as small as the parts of a watch. There are many parts in a watch, by the way, that are so small as to be barely visible to the naked eye like soil or absorbed by this dough, and the chips stick to it, and there is no other known substance which can be used as a vapor such that leaving some of its particles at to bread in the thing would. This accounts for the frequent use of bread dough in the watchmaking factory.

Teachers' Household Science Course

The University of Saskatchewan has recommended the establishment during the academic year 1920-21 of a one year course in household science for teachers in the provincial schools, the course to include both foods and textiles as well as related subjects, including chemistry.

It takes a woman to make when her soul is pained.

Counting in China

Ten thousand is the largest number in the Chinese language. Therefore all large sums must be stored in multiples of that figure—thus the population of the country is four times seven dozen 10,000, or 400,000,000.

Livestock Offer Shrink in Transit

Can be Avoided by Proper Precautions in Shipping

Investigation by the Colorado Agricultural College is beginning to show that shrinkage of live stock when shipped to market can be very greatly reduced. The most important thing is a comfortable car and not much crowding. The next thing is to have the animals well fed and contented when they are loaded and until they are sold at the terminal market. In other words, plenty of feed and water and comfortable quarters are most important.

"Some farmers," says R. W. Clark, her stock specialist for that institution, "ship regularly with little or no advantage, while others at all times have enormous shrinkage."

Trouble Brewing

Trouble is brewing in connection with the taking over of German ships by the Entente as provided for in the Peace Treaty, according to the Frankfurterzeitung correspondent of the Berlin Lokal Anzeiger. The correspondent states that the staffs of the Zeppelin works refuse to prepare airships for surrender to the Entente unless guaranteed that two big passenger airships shall be left and that no destruction of the workshops or their installations is contemplated.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. They are the ideal home remedy for the baby; being guaranteed to be absolutely free from opiates or other harmful drugs. They are a gentle but thorough laxative and have been proved of the greatest value in cases of constipation, indigestion, colic, and simple fevers. Concerning them Mrs. Ernest Auger, Beauport, Que., writes: "I have used Baby's Own Tablets for constipation and I do not have to do it now as they have cured me. I would not be without them as I would strongly recommend every mother to keep a box in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Settlers on Irrigated Land

Five thousand acres of land on the Canadian Land and Irrigation company's tract have been purchased by settlers from the United States and are being put into shape and will be available this summer to irrigate the growth.

A girl thinks a man imperfectum if he tries to flirt with her and indefinitum if he doesn't.

UNFIT TO LIVE—MUST DIE

The verdict rendered a thousand times when germs get sore. Do them to death by Nature's Cure Enzymol. It enters painlessly in 20 hours. Cures Diseases "the only safe way." Nearly known, price 25c at all druggists.

Getting A Start in the West

Choosing the Best Time to Come to a Western Canada

Those who contemplate coming to western Canada are interested in knowing when is the best time to come to this country. Experience has shown that the best results are obtainable from land that has been broken during the summer one year and cultivated or stand and get into crop the following season. The best time for breaking land in central Canada is during the months of June and July. Then the grass is long and the sod turned over will cure properly downstream, thus ensuring an excellent seed bed for planting the following spring.

Of course, considerable land in Western Canada is broken and put into crop the same season. Plots of oats is then generally sown because the grass grows more quickly than wheat, but sometimes wheat is sown on spring broken land. Often very good crops are harvested from such land, so that the land begins to pay for itself the first season. But it is doubtful if the results in the long run are as good as when the sod has been broken when the grass is fresh and long the previous summer.

From the above it is seen that from the middle of May to the end of July is the very best time to take up land in Western Canada in order to prepare it for crop the following year. This is especially true this year, when the enormous amount of moisture has placed the land in an ideal condition for breaking.

Hiscott's Liniment Lumbermen's Friend.

RHEUMATISM

This is to tell the sufferers that the severe pains and aches of rheumatism can be relieved at once by the use of Templeton's Rheumatic Capsules.

Templeton's Rheumatic Capsules

Templeton's Rheumatic Capsules bring relief to the rheumatic victim, relief that is real and lasting. Templeton's Rheumatic Capsules are sold by druggists, or by mail, postpaid, at 50 cents a box. Templeton's, 142 King St. West, Toronto, Ont.

ASTHMA

Templeton's HAY WAN Cures when all else has failed. JUST TRY IT. Don't suffer another day.

Write Templeton's, 142 King St. West, Toronto, Ont., for Templeton's Hay Wan and Inhaler, $1.00 by mail.

Flow Summerfallow Early

Plowing Should Be Completed Early In July at the Latest

The chief purposes of the summer fallow are to store moisture and to kill weeds. Rains falling on freshly-plowed land are more readily absorbed. The water is retained better, partly because the surface can be cultivated to reduce evaporation and also because there is no loss by the transpiration through the leaves of weeds. The latter is an important consideration, as it takes about 500 pounds of water to produce a pound of dry matter in common weeds. Furthermore it must follow as plowed land help to form it, and no more than does for nothing what costs money if done by mechanical means. The plowing should be completed early in July at the latest.

Plowing should be deep at least seven inches to provide a good reservoir for moisture. Packing is done with the harrow, preferably a section attached to the plow, unless there is danger of drifting. In that case pack instead of harrowing. The weeds may be kept down and a mulch of small lumps and granules maintained by using the duckfoot cultivator. The due appearance of a summer fallow unduly and increases the tendency to drift.

Ask for Minard's and take no other

Returning to Old Land

While so far no general movement towards the re-settlement of central European countries has taken place, the reduction in rank that many farmers have Roumanians and Galicians to their Balkan states will depart from western Canada's interior more hungry, and Europe generally, the favorable conditions under which they can exchange their wheat for manufactured goods.

In a well attested case, it is said, a man never owns anxious to marry a woman who isn't afraid of a mouse.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is of "Bayer Tablets of Aspirin" which like Sterling on silver. It positively identifies the only genuine Aspirin. Manufacture, Tuesday, Tuesday, Tuesday. Since the Aspirin prescribed by physicians for over nineteen years and now in made in Canada.

Always buy an unbroken package a few cents. Larg'r Bayer packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

England in Second Place With Turks

Anglo-Saxon Next to French Tongue Employed in Moslem Empire

The Germans have failed in their effort to stamp their culture upon the Turk and, instead, the English language is beginning to rank next to French in the commercial life of the Levant.

In the war proved German language schools were opened throughout Constantinople, at which German officers were required to teach and German papers were circulated by all possible means. But the results were almost nil. Most of the schools were free and failed to attract better classes, and French was too strongly entrenched as the language of trade and social intercourse to be displaced.

Since the armistice Italians have been working individually and popularize their language and literature. Italian officers are now teaching schools as the Germans did. But their schools are well attended only in the poorer parts of the city.

Turkish is but little used in important commercial transactions in Constantinople as nearly all business men of whatever nationality speak French. The English who have been in business in Turkey for years generally transact their business in French.

There is no more effective prestige on the market than Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very powerful cathartic medicine for children in regular use. The infantile system and make it in a healthy condition. They are pleasant in their operation that will leave the intestinal tract when directions are followed, and they can be given to children of the full assurance that they will actively destroy all worms.

LaPere leaned as I paid the bill. He watched me count the change. He watched me leave.

CHAPTER II

Daddy Farney was dying. He lay stretched out on his bed, his glassy eyes fastened on the narrow window-sash and counted every bar. Seven. His last item would be the seventh. Eight he had known blind and unconscious. Nine, sensation returning. The pressure, expressed in bars, came on the same day as Dinny—whose name was Dinah—was murdered. The rugged hardiness of the face of the old man, which had trapped for fifty years, and more or less a dealer and outsider on the fur rim, seem to have been shaken to pieces.

In the rack of deer poles, above his head, rested his rifle—long-muzzled, hair-trigger and a thing of repeater if modern design.

From the evening sitting Mrs. Bell to peg. Dinny was its long reaching hang handsome of dried venison and, under the pole, the bearskin. The pressure was Max and the surrounding bars in the room. Bright—a hickory log was blazing—and the ragged arms hung forth reflections that seemed to dart sideways from the polished glass of sunlight straining through the parchment.

Seated on the foot of the bed was Jim in his hands was a bow of pure hair, sometimes a violin. If he was unarmed and the act unlike that either face turned towards the window but blank wall.

He stood up as the form on the cot stirred, with a groan and licked a dozen of wrinkles from his face.

"Thirsty, Dad?" he asked—more an utterance.

"Burnin up, Jimmy; just burnin up," whispered the old man. "Can't be helped. I guess. Ain't no use fightin it. Jimmy, you're a good boy. Always was. Always will be, I guess. Ain't no use fightin it."

He rolled his head about on the pillow.

"Jimmy, I'm sorry I ever struck you. I'm sorry I ever struck you. I'm sorry I ever struck you.

PLOWING MATCH A DISTINCT SUCCESS

The first plowing match to be held in the district and the second in the province of Alberta took place at the Demonstration Farm last Wednesday under the auspices of the Vermilion Agricultural Society. It was justly be claimed to have been a success, late seeding and wet weather prevented several more competitors getting in. W.F. Parkinson of Egerton the judge said that for a first match it was good. Eight outfits competed and the competes meet favorably with the average attendance at local plowing matches held a Manitoba of from ten to twelve outfits. The match was witnessed by about one hundred and twenty five people.

The walking plows and sulkies were required to plow one half acre and the gang plows one acre of land. The land was thirty rods long. The sewing was on the same basis as the Manitoba provincial match. Out of a possible hundred, 15 points were allotted to the owners, 15 for straightness, 5 for in and out of ends, 15 for depth and width of furrow, 10 for evenness of top of land, 15 for finish and 25 for covering of weeds and stubble. The competition called for plowing to be six inches or somewhat less deep.

The plowmen showed some splendid work in making a uniform crown. The crown includes the first five visible rounds. In striking out two furrows were then set out each way similar to a shallow finish with a ridge or strip in the center of about four inches. The ridge was then cut out. With the gang plows it was cut out with the rear plow. The first furrow turned was then thrown back into the centre, which left a at the out level with the body of the plowing. The partner's foot was exceptionally well accomplished by most of the competitors.

Owing to the very great interest taken in the match the directors have decided to make it an annual affair. In the subjoined form the winners with full particulars of points obtained is given.

Competitor's Name	Land No.	Crown	Straightness	In and Out ends	Depth & Width of Furrows	Evenness of Top of Land	Finish	Cov. Weeds & Stubble	Total
Geo. Mott-sieves	1	9	10	5	11	9	15 1-2	24	73 1-2

COUNT DE TOPOR GUEST OF HONOR OF WAR VETERANS

The Count de Topor, whose business interests have kept him in Vermilion for the past fortnight, was the guest of honor of the Vermilion command of the Great War Veterans of Canada with whom were associated the Next of Kin and members of the Vermilion Girls' Club. The function which took the form of a social and musical evening was highly enjoyed by the entire assembly. The affair was held in the Veterans' Memorial Hall which was taxed to its full capacity by the attendance. An address of welcome to the Count de Topor was delivered by Comrade Horne, who feelingly referred to his kindly gifts to the boys at the front and the general interest he had always taken in the welfare of the "Boys from Vermilion." The Count expressed his very keen appreciation of the honor extended to him and the warmth of the feelings shown. It was indeed a very great pleasure for him to be the guests of the war veterans and to meet the young ladies of the Girl's Club. He would always retain pleasant recollections of his return visit to Vermilion. Comrade Brunsdonke also spoke. During the evening ice cream and cake was served.

INCREASED PASSENGER SERVICE

Increased and improved passenger service with a closer consolidation of government controlled lines in the West are referred to the general change of train service on the Canadian National Railways, effective Sunday, June 27 as announced by R. Crowlane, assistant passenger traffic manager, Winnipeg.

On many lines, now served by a triweekly service or a little better, the coming company will either be a daily service. In addition, different routing of main line trains is arranged. The change in service in general, is of much interest to the people of the west, and to whom it will be of great benefit, for with this new service will come a greater dispatch in train operation, a better main line train service, the other branches, practically, of vast use today.

The inauguration of a new through fast limited daily train between Winnipeg and Vancouver is one of the many features of the summer time need. This train to be known as the "National will leave Winnipeg at 10.35 in the evening, and reach Winnipeg 11.00 a.m. operating on the shortest possible route, namely Grand Trunk Pacific between Winnipeg and Edmonton, thence Canadian National between Edmonton and Vancouver over the famous Yellowhead route.

To Eastern Canada, a daily train will leave Winnipeg at 5.30 p.m., over the transcontinental, regulating the present trivweekly schedule. To Port Arthur to connect with the east, the service will be virtually the same as at present with a more convenient hour for departure at 8.30 o'clock in the morning on Mondays, Wednesdays and Saturdays, thus giving the passengers a daylight ride through the Rainy Lake and Lake of the Woods districts.

Through daily trains will operated between Winnipeg and Calgary via Dauphin and Saskatoon. This will eliminate the changing of trains at Saskatoon as at present. Trains will leave Winnipeg at 16.00 p.m. Saskatoon the next afternoon at 6.30 o'clock, arriving Calgary at noon the following day. Returning leave Calgary in the afternoon at 4.30 o'clock, arriving Winnipeg early the second day at 4.45 in the morning.

To Edmonton, instead of going as at present via Dauphin, Kamsack, the new service operates on a through daily train via Portage la Prairie, Brandon, Regina, Saskatoon, thence to Edmonton, leaving Winnipeg 20.20 p. m. leaving Edmonton 11.05 next morning, Saskatoon at 6.10 in the afternoon, arriving Edmonton early the next morning at 8.00 o'clock. Returning, trains leave the Alberta Capital at 8.00 p.m., Saskatoon 11.45 next morning, Regina 3.40 in the afternoon, arriving Winnipeg 7.40 in the morning of the following day.

Through the services part of Manitoba and Saskatchewan, trains leave Winnipeg for Prince Albert via Dauphin, Swan River, Hudson Bay Junction, Pense Winnipeg to Hudson Bay Jct. trains leave daily except Sunday at 16.00 in the morning. From Hudson Bay Jct. to Prince Albert a daily service will be established. This train reaches arriving Winnipeg in the afternoon at 4.00 o'clock.

There are a few other changes affecting the west and the public are asked to consult the new time table folders or local agent of the Canadian National Railways before commencing a journey.

The annual picnic of Hayrick local U.F.A. at Rudolf Picnic, will be held Wednesday, July 7th at the old grounds south of the Post Office. Everybody come

Wheat Control Is APPROVED

OTTAWA, June 22.—Sir Robert Borden announced at the close of the government caucus Tuesday that two government proposals under discussion were: Wheat control and aid to shipbuilding, under authority of the minister of finance to endorse promissory notes to purchasers. To both of the proposals, Sir Robert said, the caucus had given its approval. There was no discussion of the government naval estimates nor of the leadership of the party. The caucus, Sir Robert added, had taken no action on the question of increased indemnity for members.

The question of leadership and re-organization of the Unionist party, it is stated, is to be discussed at a further caucus likely to be held on Saturday next.

will be at the Vermilion Hotel on Saturday, June 19th — At Islay on Monday, June 21, and at Kitscoty on Tuesday, June 22nd.

LOCALS

- Parties wishing to take in the Picnic would do well to make arrangements in advance with Carl Demers Jersey owner

Ideal Weather, great Growth, bright Prospects

One hundred and sixty seven delegates from 30 Locals were present at the first session of the annual convention of the Battle River U.F.A. and U.F.W.A. district political association, held at Wainwright last week.

Shippers of Toledo, passed through here on a special train Saturday last en route to the big Portland Canoe Club. Their band played several selections here while engines were being changed.

C.B. Johnston, manager of the Vermilion branch of the Edmonton City Dairy, reports the output from the creamery averaging 3600 pounds per day. A week last Tuesday 101 patrons delivered cream at the plant for which the company paid out $1,700.00. Mr. Johnston anticipates that the month's production of butter will total close to 70,000 pounds.

Entries for the Calgary Exhibition in practically every department are far greater than last year. Live stock exhibits are coming from Ontario, all over Western Canada and from several points in the United States. The Pain attractions will be the best ever seen in Calgary.

- A.C. Demers announces that he will continue his carriage making and repair business as usual in his shop next to the bowes. A number of second hand rigs on hand

Don't forget the big sale of registered Aberdeen Angus cattle on July 5th in the town of Vermilion. This is a chance to get in on the ground floor. Mr. Bell has offered a good lot for the need but is pictured 75% of them are going across and gave the new beginner a chance to get some of the best blood at a reasonable price. No guesses for 5% cash discounts. There is a nice hand bell stall in the picture.

REMEMBER Saturday, July 17, is the date it is year of the Garden Party and Social here this year, summer by the English Church W.A. Now ladies come and make a success on Before both and for notice next week. A good time expected for all.

Owing to the many picnics the Thorsby picnic when it was proposed to hold on the 30th will be cancelled.

The Town district U.F.A. will hold their annual picnic at Lavoie's Lake on Thursday, July 1st. Lunch on Dry Benches, basketball, baseball and a big time at night. The committee urge here. Everybody come and have a good time

"I don't know how to tell you," he started the make. "I mean I do know what to say and all that, but I don't know how to tell you. I'll just tell you what happened. I was at Winnipeg at the Exhibition and I was there on the 10th of August. Bartlett was there, and I was there, and Bartlett was there, and I was there, and Bartlett was there, and I was there, and

Canada And Its Future

Manitoba Testing Wireless Telephone

Probable That Government Will Assume Control Over This

Experiments conducted at the request of the Manitoba government with wireless telephone apparatus between Winnipeg and Portage La Prairie, 80 miles away, have been successful, and a second series of experiments is about to be undertaken, when conversations will be attempted between Winnipeg and Fort William, a distance of nearly 400 miles. The experiments are being taken with a view to testing out a proposed system of wireless to be installed in northern Manitoba.

Mining districts and far-marketing centers are far scattered and sparsely settled. Land wires are costly to install and to maintain owing to falling trees in the bush country. It is proposed to establish some dozen stations at central points in many districts of the province, and these will in turn be given communication with the outside by stations at larger points at The Pas, which will touch with another similar station at Ilford.

Should the wireless telephone prove successful it is probable that the government will assume control over this form of communication, as in the case of the telephone, and that the wireless will be incorporated in the government telephones system. In the spring the government may be able to give service to many points on the shores of Lake Winnipeg which can be reached by land wires

Manitoba Gardens Well Advanced

Garden at Beaulieu Shows Evidence of the Favorable Season

Although it is only a few weeks since plants could be put out in the open, Mr. Edward Crawford, of Beaudoo, Manitoba, has tomato plants in his garden that have tomatoes on them as big as marbles. Everything was grown from seed, the tomato plants were started on the window March 10th, and transplanted to a hot bed April 1st, and later put in the open ground. The plants have been in flower in this garden for a week or more and cucumbers, which are always grown in the hot bed, are also in blossom. Mr. Crawford is using his second crop of radishes. Asparagus, lettuce and onions and has celery, corn, squash, carrots, beets and many other vegetables well advanced.

A silent, keyless clock, which runs only four hours and needs an upright, is a late invention

A Wonderful Discovery Cures Catarrh Permanently

Formerly doctors prescribed atomizers, inhalers, for Catarrh and Bronchitis. The oxidden cured and catarrh has become a national disease. To-day the advanced physician fights Catarrh by medicated air. He fills the lungs, nose and throat with the curative vapor of Catarrhozone. It is easy then for Catarrhozone to cure it contains the essences of pine balsams, reaches all the germs and destroys them. Sufferers from Coughs, Catarrh, Bronchitis and Sore Throat can be cured. Catarrhozone 1 dollar costs lasts two months and is guaranteed to cure. Catarrhozone 25 cts. all dealers, or Catarrhozone Kingston, Ont.

Ought to Have Own Navy

Hero of Kut no Advisor Canada in Address

"If you had started twenty years ago you would have had a respectable navy today." These were the significant words of Major General Sir Charles Townshend, hero of Kut, in a short address before delegates to the Dominion Rotary in the Mayo Lounge. He further expressed the opinion that the time has arrived when Canada should have her own fleet of about six battleships for her protection and an aid to the Empire in time of war.

It was an expedient, he declared, that the Dominion of Canada should maintain her own navy. The whole crux of the situation in Canada today is that she should create a fleet of her own," he said

It is far easier to coax a poor person to tackle a piano than it is to chase him away from it.

HEALTHY CHILDREN ARE HAPPY CHILDREN

The well child is always a happy child—it is healthy nature that makes happy and contented. Mothers of poor little ones are anxious, and justly so, for the ailments of their children are numerous and distressing. Stomach troubles, constipation, bowel troubles, worms, colds, coughs, simple fevers, and many other little troubles make life miserable for the little ones and cause heartaches for mothers. Mothers, there is no medicine I know of for little ones like Baby's Own Tablets. They relieve at once any little ailment from which nothing else would relieve and I can strongly recommend them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

It is claimed that one of the new emergency brakes for automobiles can be applied with the pressure of a finger

Tried Them and Now Is Satisfied

MADAM LAMBERT TELLS WHAT DODD'S KIDNEY PILLS DID FOR HER

New Brunswick Lady Who Had Tried Other Medicines Claims She Found the Remedy She Was Looking For in Dodd's Kidney Pills.

St. Leolf, N.B., June 25th (Special)—Among the many women who claim they owe their health to Dodd's Kidney Pills, none is more enthusiastic than Madam Lambert. Her unsolicited testimonial follows:

"It is with great pleasure that I recommend Dodd's Kidney Pills," Madam Lambert says. "I was ill for a long time and nothing I took relieved me. I read about Dodd's Kidney Pills, did not believe them, but I had not much faith in them.

"At last, after having tried a lot of other medicines, I decided to give Dodd's Kidney Pills a trial. The result has brought me perfect health.

"If those who suffer from kidney disease will use Dodd's Kidney Pills, they will find them good and economical, for the remedy for kidney disease is Dodd's Kidney Pills.

Minard's Liniment Relieves Distemper

For Farm Relief

Premier Martin Tells of Work Done In Saskatchewan

The government of Saskatchewan spent $3,000,000 during the past winter on relief work in the bush country and Western portions of the province, which like most of central Prop Saskatchewan has been visited by crop failures for many years, Premier W. M. Martin, speaking at the banquet of the Saskatchewan Retail Merchants' Association at Moose Jaw.

The Premier stated that there was every cause for optimism as to the crop prospects this year. He had visited every part of the area that had a poor crop a year ago, during the past month, and everywhere he went he found that people were very hopeful as to the outlook. "If, however, we should not get a good crop, I do not know what will be the out come," said the Premier, adding that what was all that was needed to put business where it should be and to relieve the farmers on their feet

In the course of an outline of the resources of the province, the Premier stated that [illegible] Saskatchewan [illegible] years, and that [illegible] would produce greater wealth than the boundless parts, where development has hitherto been confined. That was because the north, with its greater amount of shelter and water, was more adapted for mixed farming

Repatriate War Prisoners

Dr. F. Nansen, the Norwegian statesman and arctic explorer who is representing the allies in the repatriation of prisoners from Russia and Siberia, has reached an agreement with the international Red Cross and will leave for Russia by way of Berlin with a committee of Red Cross workers. Dr. Nansen will attempt to repatriate thousands of prisoners, including some Americans, before the [illegible] Siberian winter sets in.

If it was not for their Lessons wives many men would never be heard of.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Neuralgia, Tooth ache, Headache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin the genuine Aspirin prescribed by physicians for over nine years. Now made in Canada.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists sell "Bayer" packages.

Where to apply on Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, we will be identified with their general trade mark, the "Bayer Cross."

Food For A July Morning

—and every morning when the thought of health enters into the meal time preparation—

Grape-Nuts

This easily digested food needs no sugar; yet it has a most pleasing sweet flavor, and is full of the aroma, goodness of wheat and malted barley.

"There's a Reason"

Put the Boys and Girls in

FLEET FOOT

WHAT you would have to pay for a single pair of children's leather shoes will buy several pairs of Fleet Foot. And Fleet Foot have many other advantages. The rubber soles prevent slipping in play and promote quietness in the house. These shoes are easy on the feet—and so carefully made of such sturdy materials that they give excellent wear, even with children who are "hard on shoes."

Put the boys and girls in Fleet Foot this summer and save money on their shoes. There are styles for men, women and children.

Antelope Travels A Mile A Minute

Speedometer Made Record When Motor Ran Parallel With Herd

A herd of antelope on the Goshen ranch, a motor car overtaking the "jack rabbit" on closed against a hill," as the herd looked on the distance and a speed meter on the motor car proved an interesting episode in [illegible] exhibition of the American Museum of Natural History, and aroused no great [illegible] of the actual speed attained by the antelope [illegible] Jack Ellis. The work [illegible] and [illegible] the experiment. [illegible] Ellis [illegible] [illegible] [illegible]

THE STANDARD
VERMILION, . . ALBERTA

S. B. P. COOPER, Editor.

THE STANDARD

VERMILION, ALTA., JUNE 20 1919

At a recent meeting of the Vermilion Hospital Board the resignation of Miss Boyd as Superintendent was tendered and that of four of the nurses was accepted. The Board places on record its deep appreciation of the excellent services rendered by Miss Boyd in connection with the organization of the institution and as superintendent her work being highly satisfactory. It was with regret that the Board accepted her resignation. The affairs of the hospital are being receipted. The charge of $1.00 a day extra for one of a private room, has been eliminated, and residents of the town will pay only $1.00 a day. The charge which was being made for drugs and dressings is now under consideration and may also be done away with. All these changes were originally adopted by the Board in the hope that the institution would be placed on as near a paying basis as possible. The board adopted rules and regulations governing visitors to patients.

Through the efforts of his Worship Mayor Morrison and Mr. Blair the federal representative, the Town of Vermilion has been allotted one German 77m. gun, No. 9406 by the War Trophies Committee of the Public Archives of Canada. The gun has already been shipped and will arrive here in due course. There has been a good deal of rivalry for the possession of these trophies by the different towns and cities all over the country and as the number received is the government were limited

Craig's Big Shoe Sale now on.

The Masonic church parade Sunday afternoon to the Methodist church, was one of the largest in the history of the Lodge, over 80 brethren being in attendance. Rev. Bro. Wright delivered a splendid address and the service throughout was highly appreciated. Two beautiful solos were rendered by Mrs. Laura McLean and Bro. J. Pickard.

Say! What's on—on July 17th?

Willie Trimble arrived home during the week from Texas greatly improved in health. Bill went south last November

High Cut Shoes at Low Cut Prices. Craig's Big Shoe Sale

BORN. On Friday, June 25th, 1920, at the Vermilion Municipal Hospital, to Mr. and Mrs. F. V. Bimbry, a son.

BORN At Nelson, B.C., on June 24th, 1920, to Mr. and Mrs. Harry S. Pinkney, a daughter.

Remember Saturday, July 3rd is the closing day of Craig's Big Shoe Sale. Don't miss this last opportunity.

The Wildwood Picnic will be held on Wednesday, July 14th.

Lamoreville's big day of Sports is set for Wednesday, July 28th. The committee intend to make the affair the best ever held in that district and the people can figure on a good time. Baseball, Football and Athletic events of all kinds are on the programme as well as saddle races. Booth on grounds and a grand dance at night. Watch for posters.

All sorts of competitions and fun to be found on Saturday, July 17th—outside English Church

Hazelwood S.D., are holding a picnic on Thursday, July 8th, at the school, half a mile south and half a mile west of Cassidays P.O. on Thursday July 8th. There will be the usual programme of games and athletic events. Ice cream etc. sold on grounds. Ladies kindly bring basket. Everyone is welcome

Look out for baseball announcement for July 17th

Hinsville U.F.A. will hold their Annual Picnic in the Knox School grounds at Hinsville on Wednesday July 14th. Baseball games and all other sports. Refreshments served on the grounds. Everybody cordially invited.

Following his son, A.F. Kelsey is leaving for Fort McMurray, where he will develop an oil claim

Remember to have your supper at the Bingo & Church Garden Party on Saturday, July 17th.

Dominion Day will be observed by Vermilion Lodge No. 79 and Britannia Rebecca Lodge No. 48, I.O.O.F. on Sunday next July 4th. All members of these lodges and of the order in the district are kindly asked to meet at the Lodge at 2 o'clock p. m.

Miss Maud Trimble left Tuesday for Edmonton where she is expecting the Royal Alexandra Hospital to train for a nurse.

Mr. and Mrs A. C. Demers of this town are to be congratulated upon the appointment of their youngest son, Albert, to the responsible position of Superintendent of the Telephone Department of the City of Cleveland, Ohio, one of the largest and most important cities in the United States. The salary attaching to the position is $3200 a year with a maximum of $3,600. The authorities advertised in both New York and Boston for a competent man to discharge the duties of the office, and that Mr. Demers, a young man of thirty, was appointed in face of this is a very high tribute to his ability and qualifications. His engagement with the telephone branch extended over a period of eight years and he had as well just completed a law course at the Osgoode Law School, taken at the night classes. Albert visited here for two months some three or four years ago

The annual picnic of Rowyton local U.F.A. a Basket Picnic, will be held Wednesday, July 7th at the old grounds south of the Post Office. Everybody come!

Housekeepers can find useful and dainty clothing, also fresh farm produce at the English Church Garden Party on Saturday, July 17th.

Teach the Children to Save

Habits are acquired early in life. Children, who are taught the value of money and the habit of saving, grow up into good business men and capable women.

The easiest way to teach children to save, is to start a Savings Account for each child ($1.00 can be a start). After a child has saved enough to make an additional deposit, he or she will have a better appreciation of just what a dollar stands for, and how much work and self-denial it represents.

S. B. P. COOPER, Editor.

THE STANDARD

VERMILION, ALTA., JULY 7 1920

In his annual statement to the House of Commons, on March 30 the Honourable J. D. Reid, Minister of Railways and Canals, stated that the number of the 58,000 employees of the Canadian National Railways had improved material during the year 1919. They worked on the average a shorter day, received, and repaired equipment in the year increased expenditures on the improvement of the living and working conditions. In 1911 the average wage per year of railway employees of Canada was $700, in 1919 in the national system it was $1,017. The reasons between management and employees have been very satisfactory. Since the making it into Board of Adjustment No. 1 was established on September 15th Canadian railways have been remarkably free from serious labor trouble, and although the national system has comprised 55 per cent of the mileage in Canada the grievances arising therefrom amounted to only about 18 per cent of the cases before the board. It is hoped that this board, which is composed of six representatives of the large railway brotherhoods and six railway officers, will be

Peck's Bad Boy

If a play lasts three consecutive seasons, the author and producer count themselves lucky. A few it is true have stood the wear and tear of time and change in public taste for a period of ten seasons, but you can count them on the fingers of one hand.

But when a play can continue season after season for a period of over a quarter of a century, it is little short of a marvel.

Such a play is Peck's Bad Boy. Plays may come and plays may go but Governor Peck's delightful comedy of American boyhood like Tennyson's Brook bids fair to go on forever.

The reason for its great hold on the theatre going public is easy to understand, once you know its secret. It is a portraiture that appeals to both young and old.

The young love Peck's Bad Boy because he is a child like themselves, bubbling over with childish enthusiasm, and the elders because he reflects their own childhood, is there one among us who does not like to live, if only in retrospect the days of youth again. Briefly this is the secret of this grand old play's success. It's naturalness, its truthfulness and its cleanliness.

All the world loves a boy, and because Peck's Bad Boy is the best and truest type of boy ever conceived by an author, is the reason he will continue to delight Canadian theatre goers to come.

This excellent company will appear at the Columbia theatre for one performance on next Monday night July 12th.

Blind From Birth Now Sees

Ottawa, July 2.—As an aftermath of the visit to Ottawa of J. M. Hickson, Church of England hymnist, who has earned for himself recognition as a "healer," one young girl, afflicted from birth with blindness can see, and several other cases of physical ailments and disability have been reported cured or on the way to recovery.

FORM ALUMNI ASSOCIATION

The Graduating Class of the Vermilion High School held their final class function Friday evening June 25th. The affair took the form of a theatre party followed by a little supper at the Boston Cafe. Before separating the class decided to form an Alumni association, for the purpose of keeping the ex students of the V. H. S. in touch with one another. The following officers were elected:

Hon. Pres. Mr. H.B. Brooks.
Pres. Mr. Herman Gaston.
Vice Pr s. Miss M. Robertson.
Sec. Miss Georgie Thompson.
Treas. Mr. Clive Stephens.

All ex-students are requested to send in their names to the officers. A membership fee of one dollar will be charged. The association purposes holding a re-union some time in the fall.

MAGIC BAKING POWDER

Contains no alum

We unhesitatingly recommend Magic Baking Powder as being the best and purest baking powder possible to produce. It possesses elements of food that have to do the building up of brain and nerve matter and is absolutely free from alum or other injurious substances.

Our Duty to Canada

GUARD BABY'S HEALTH IN THE SUMMER

The summer months are the most dangerous to children. Many a little life is forfeited before the autumn leaves appear. Cholera infantum, colic, diarrhoea and dysentery, come on so quickly that often a little one is beyond aid before the mother realizes he is ill. The mother must be on her guard if she would save these troubles, or if they do come on suddenly to banish them. No other medicine is of such aid to mothers during hot weather as Baby's Own Tablets. They regulate the stomach and bowels and give the little one perfect health. Mrs. A. E. Mathews, Dundas, Ont., says: "I can recommend Baby's Own Tablets from the fact that they have done my little baby a great deal of good. I have given them for colic and stomach trouble, and they have always relieved baby. I am glad to say that I have never had a sick baby since I began using the Tablets." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

SCOUT NOTES

In any organization no matter what its aims and ideals may be, it is essential to its ultimate good, that its finances be taken care of, and the rules expended of by not but economical efficiency or neglect. The following may go to show the attention who are interested just how much outlay, with but a comparatively small amount of which to start. The Scout Master has received from the sale of the pot-luncheons known as "Canadian Boy" which brought $20 10 to date.

With this money 21 we are more supplied with hats, staves, hat and neckerchiefs, which in many has been refunded entirely with the exception of three boys. Some three individual scouts have been buying their own uniforms at a cost to themselves of $6.00 and to the Association the amount of $7.25 the prices having been changed practically overnight by the official scout outfitters, the Hudson Bay Company, Calgary.

The expense, postage and C. O. D. charges have in every case been met by the money coming in from the payments of the scouts on their original four months grand total outlay for uniforms to date amount to $179 90 Besides the uniform drill equipment, and other articles have been added to the Scouts' outfit, but up to date we have received exactly $6.00 from this source. The present financial standing is $9 10 to our credit.

In giving these figures we would ask that a repetition of all persons in Vermilion to help their scout in every way that is possible to get the best possible returns for this outlay, which up to the present has been derived from no outside source

In connection with our Dominion Day outing we would like to thank the following gentleman who so kindly placed their cars at the disposal of the Scouts' convenience: Messrs Mackenzie Mowat Mart and Art Brimacombe, Mr Dunn, Mr. Boydon, Mr. Cockburn, Mr. Hanton, and Mr. C. Robinson

The two scouts on Saturday encamped a few of the boys together with the S.M. have gone to Hay Lake and Wesser Lake respectively for a week, but as we are on the party line now the watch per given by Mr Harris as to turn out was found rather low and we would ask remind the parents of scouts on our arrival here at next Xday will start bothering you round so may get back in good time to town.

New National Party Outlines Its Policy For Tariff Revision

Ottawa.—The policy of the new national party, founded at the Dominion convention, is as follows:

Free admittance to British countries in full reciprocity.

Free admittance to United States of such articles as are produced or manufactured in the United States, and which enter into competition with articles produced or manufactured in Canada, subject to such duties as may be necessary to equalize the cost of production in the two countries.

Free admittance to all countries of such articles as are produced or manufactured in Canada, which are not produced or manufactured in the United States, subject to such duties as may be necessary to equalize the cost of production in the two countries.

Such duties as may be necessary to encourage the development of the whole of Canada and the protection and industries of the country

The English Church W.A. are offering a prize to the best baseball team in a match to be played on Saturday July 17. A game has been arranged between the Town and the C.N.R. teams, to be played on the west end diamond near the English Church

Vermilion Baseball team trounced up Innisfree Monday night on the home diamond to the tune of 12—3. The Mead Bros Battery was a feature of the game receiving perfect support from the players. It looks as if the locals with their present form will hold their own in the big league. To date they have played 4 games having 2 wins and 2 losses. Kinsella and Minburn are scheduled to play here this Wednesday and Friday nights.

The Claymore U.F.A. & U.F.W.A. of Claymore will hold their annual picnic at the school grounds on Friday, July 16th. A fine program of sports has been arranged for the day, commencing at 1 o'clock and a big dance at night, so everybody come and have a good time. Ladies please bring baskets. Watch for posters.

Norman Morrison, of KeeRobert, took formerly with Stephens Limited of this town, accompanied by his eldest daughter, Shirley, is spending a week's holiday with friends here. Old friends are pleased to renew acquaintance

Have a happy afternoon in town on Saturday, July 17th at the English church garden party. Baseball, Putting Competition, Golf Croquet, Afternoon Tea, Sonora Competition, Captain Upshaws, lots of fun and instructions for all ages. Needlework and fancy produce for sale.

Come! Come! All come to the Grand Picnic at Stellarlie, Main Prize 15 45's on Wednesday, 28th July, 1920. Boating, swimming, racing, football and sports. Prizes will be given. Ice cream, refreshments and soft drinks, etc can be obtained on the ground. Dance in the evening at the Shirley Club. Dr Jhymie's Jazz Band will attend. Admission 50c. Children under 14 years free —10c

Lambert's big day of Sports is set for Wednesday, July 28th. The committee intend to make the affair the best ever held in that district and they are on Sports on a good time. Baseball, Football and Athletic events for all. Just are on the programme as well as saddle races. Booth to be erected and a grand dance at night. Watch for posters.

At a meeting of the Municipal Hospital Board held on Saturday last Miss Alice Smith of Edmonton was appointed Superintendent to succeed Miss M. E. Boyd, resigned, and to the staff the following nurses—Miss Margaret Fraser, Edmonton and Miss E. Leigh, Calgary

Hardisville U.F.A. will hold their Annual Picnic on the Watson School grounds at Hardisville on Wednesday July 14th. Baseball games and all other sports. Refreshments served on the grounds. Everybody cordially invited

IT CURES CATARRH BRONCHITIS

You don't have to want for relief when you use Catarrhozone

This wonderful inhaler treatment is guaranteed to cure any case of Catarrh, no matter how severe.

You breathe through this inhaler and in so doing you send all through the breathing organs a powerful vapor that is full of soothing, healing, germ-destroying properties.

In this way the seeds of Catarrh are destroyed. Sore passages and membranes are cured. Coughing, hard breathing, and hawking all stop. For lasting cure use safe and herbouse. Relief is substantial. Two months' treatment (including the inhaler) price $1.00. Small size 50c, at all druggists, or The Catarrhozone Co. Kingston, Ont., Canada.

Communication

This paper does not hold itself responsible for the views expressed by its correspondents.

Publication Desired.

Dear Sir:

Will you kindly give me a little space in your journal to reply to the contributor article which appeared in the July number of "The Link" under the above heading.

If I had only myself to consider I would have treated this tirade with the silent contempt which it deserves, as I have as much to gain as the next man of Mr Edwards' remarks, and damned upon me as an entire newcomer crowd. My aims are paramount, however to those of Mr Edwards or Mr Edwards—and incidentally the readers of the Link—that has prompted me to write this letter to the public. I am personally opposed to the publication of such articles as that which appeared in the Link, but as I am not the editor of the paper I have no right to interfere with the editorial policy of the paper. I am not a subscriber to the Link, but I have been informed that it has a large circulation in the district, and I am willing to give it credit for that much.

In my opinion the author of the article in question is not a newspaper man, but a writer of fiction, and a poor one at that. He has not even the ability to write a decent letter, as he has failed to sign his name to the article. Perhaps he is afraid to do so, as he would be liable to be sued for libel. I am willing to meet him in any court in the province, and I will guarantee to prove him a liar. I am willing to bet $1,000 to $1 that I can prove him a liar. I am willing to bet $1,000 to $1 that I can prove him a liar.

The Council, with the approval of the ratepayers was authorized to make an expenditure of $11,000 for fire fighting appliances. This is a useless expense if an adequate brigade is not organized to keep the apparatus efficient. Do not fail to attend the organization meeting next Monday evening at the Nellis Hall.

Carleton West of Regina, was visiting relatives here during the past week and renewing former acquaintances around town.

The first annual Vermilion Valley "Farmers and Ranchers Stampede and Picnic" is dated for August 4th. Watch for posters of big prize programme and ads in our next issue.

Fritz Crosby of the High School and Pete Prime of the Public School are reading departmental examination papers at Edmonton.

Frank Ebbett and Willie Trimble have been appointed to positions in the Inspection branch of the Alberta Gov't Telephones, Edmonton

If it is the duty of a Town to have a Council Board to manage its business, it is more essential to have an efficient Fire Brigade to protect life and property.

All members of the Union Local who are interested in the procuring of binder twine, should leave their order with the secretary as soon as possible

W. M. Steele, president of the Vermilion Agricultural Society, left this week on a three weeks visit to his former home at Almonte, Ont.

The vote on the new school district mapped out of territory situate in the northeast of Vermilion was unanimous for its formation. This will detach considerable land from the Vermilion Centre S. D.

Wm. Lees solicitor of Edmonton, called at the office Friday. J. W. G. Mortimer, during the latter's absence in Nova Scotia.

Lacombe's big day of Sports is set for November, July 27th. The committee intend to make the affair the best ever held in that district and the public can figure on a good time. Baseball, Football and Athletic events of all kinds are on the programme as well as saddle races. Booth on grounds and a grand dance at night. Watch for posters.

Headaches and any defects of the Eye Sight properly treated by M. MacLennan, the Edmonton Eye Expert. At the Brunswick Hotel, Vermilion, TUESDAY JULY 27th, Islay Friday July 30th.

Mayor Morrison left Monday night on a visit to his old home in Sydney, Nova Scotia during his absence George Stewart will act as deputy mayor.

The Misses Hughes of Innisfree, are holidaying at the home of Mr. and Mrs I. Winters

Grace, the three year old daughter of the editor, met with a very painful accident Tuesday forenoon when her left hand was drawn into the cogs of an electric washer. The machine had to be taken to pieces before the little one could be liberated. She was taken to the hospital by Dr. F. Day Smith and treated. Two fingers and parts of the bone were badly lacerated and it is hoped to save them though they will be stiff. The editor wishes to express his appreciation to those who were in immediate attendance at the time of the mishap for the timely help rendered.

YOUNG MEN WANTED to attend the Fire Brigade Organization Meeting on Monday next at 8 P.M.

"Come Come" All come to the Grand Parade at Bashaw Alta., Monday July 12 1920 on Wednesday, 28th July, 1920. Baseball, boxing, swimming, racing, football, and sports. Prize as will be given, Ice cream, refreshments and soft drinks, etc can be obtained on the ground. Admission to grounds, 50c. Children under 14 years free. Dance in the evening at the Shirley Club. Dr Shymlo's Jazz Band will attend. Tickets, $1.00 per couple. 8c10t

Miss Etta O'Brien, of Pontiac Alta., is spending the week with Miss Grace Trimble, town

Miss Nina Youngs of Edmonton, is visiting her friend, Miss Vera Winters this week

Auctioneer R. L. Craig has just returned from conducting a series of sales in this district and reports crop conditions in the country the best he has ever seen. Last week Mr. Craig held very successful sales for Messrs Reid & Kelsey in the Ottawa School district, Mr. J. A. Lyons, Fisherys district, Mr. Geo. Parker, Monkman district, and this week for Mr. A. M. Marriott near Islay. Good prices were realized at all of these sales and everything disposed of except a few horses. Mr. Craig states that the farmers are feeling very optimistic everywhere

NOTICE

A Public Meeting will be held in the Nellis Hall, on Monday, July 19th, at 8 P.M., for the purpose of organizing a Fire Brigade. All citizens desiring better fire protection are urgently requested to attend

Days When Cowboy Held Sway Revived

643 Cars on Grounds By Actual Count — Capt. May Carried Out Aeroplane Stunts

The second annual stampede at Quesnie Creek last Wednesday etcetera it as the most successful staged in the West—the home of the Cowboy and bucking bronche. Eighty horses and sixty steers were ridden. All through the day there was a continuous performance of dare-devil riding which provided thrill to the full Over thirty-five rough riders participated in the string of events—and the Complete show there as well. Many of the horses were outlaws and spite the dexterity of riders, spills were numerous, but the old veterans "threw 'em" had so be was and generally w n his battle.

More Post Office Humor

EDITOR STANDARD

Dear Sir: A letter from the Rev Mr Edwards appeared in print last issue in answer to one of the previous week but as I was sufficiently truthful entirely out, I would feel obliged if you would give me space to reply.

The original attack of the gentleman on the postoffice, Editor, postmaster and the Kin of the Lord wanted know where the good thing (singular number) of which he spoke. We must record has a number by the dozen, in the shape of letters, postmasters, and so on, when filling orders must not omit mentioning the largest and the latest supply. The largest and the latest supply. We have received a Meeker P 11 but no such specimen as gets your horn, nor does such an one reside in the Meeker district. We have received a Meeker P 222 Mr Jones has a very large demand for the reliability of your product. Mr. Editor we make no charge for the above testimonials, but request permission to know what you are applying these letters to, as it is not stated in the letter standing if this has written or made it. It is for a P 222

I think it is unfortunate for the Post Office as one of our business men have been appointed over. I did say they were good—many of the letters are addressed to the name of Mr Post Office. We make no claim at the P O Business men also make mistakes. Last year one of them sold me a pound of tarnip seed, and shortly after I found myself in possession of no acre of radishes. In course of time I lost the letter expended and the use of that note for the year, but I did not rush to the newspapers about it, nor did I even mention it to the merchant. As men make mistakes even in Great Men. I pointed out to the editor of the Link a few of his and in his latest letter he has in his remarks acknowledged that he said his present and connected a queer blunder in the make up of the Daily Link. I am glad to know that the mistake is to be rectified in the next number. It would be a pity to have Volume 3 to end and end it on the blunder with "Post Office Humor" on it. It will make such delightful and profitable Sunday reading for future generations.

Mr Edwards says we have no business to be in Vermilion. I suppose I must remember Mr Edwards is a member of the Legislature. I cannot find the letter which states that I have no business to be in Vermilion, but I remember reading it. Perhaps I must remember that

Rain Saturday night and Monday night. Weather warm and bright. All grain looking good headway to the ripening stage

Fred Keyes won third place with his trotter at Lloydminster exhibition races.

The annual picnic of the Vermilion Women's Institute will be held at the home of Mrs. Burr, west of town, on Wednesday next Aug. 4th commencing at 2 o'clock. Members, their husbands and friends are cordially invited. Ladies are asked to bring good big baskets.

H. E. Cain of Manville, was in town this Wednesday.

Card of Thanks

Mr and Mrs. E. H. Childs wish to express to the public in general, Vermilion, surrounding towns and country as well, their sincere thanks and appreciation for the many acts of kindness shown them, and for the faithful and untiring efforts in rescuing their little girl.

Geo. C. Powell former pioneer merchant and rancher in the Vermilion Valley, has been renewing acquaintances here

A new well 22 feet in diameter and 105 feet in depth is to be dug by the Canadian National Railway at Lashburn near the site of their present well which supplies the big water tank. The well which is now being used is of a diameter of 10 feet, with a depth of about 100 feet, and especially as it is, it is not large enough to meet the demands of the increasing traffic on the line. The new well is going to be a big undertaking, and it is understood that a sum of around $9,000 has been put in the railway appropriation account for its completion.

*Note :— Stockmen are advised that time for accepting membership in the Vermilion Livestock Producers Association, has been extended to August 1st, but that the books will close on that date.

The next regular meeting of the G.W.V.A. will be held on Friday, Aug 1st, 6th. The special business for this meeting will be the nomination of officers for the coming year, so that all Comrades are urgently requested to attend. Please do not forget this meeting date and be sure to come

Fred C. Long, Druggist

Miss Elsie Shearer left Monday on a visit to brother Mr. Wilson Shearer, of the Canadian Bank of Commerce staff, Shellbrook, Sask

In the league game between Manneville and Vermilion played here Monday night, stellar ball was played, unfortunately the game was stopped at the end of the sixth innings owing to rain. A no error game and baseball was played through the first five innings with the score 0-0. The first of the sixth with two men down and a man on third, Manville scored through the misfortune of the Vermilion catcher dropping the third strike of the batter and in recovering the ball and throwing it to first it struck the runner on the shoulder and glanced off. Manville scoring. Vermilion's sixth netted them nothing. It was a spectacular game and of the real league calibre.

CLAYSMORE

The second annual picnic of the Claysmore U.F.A. and U.F.W.A. was held on the school picnic grounds on the 16th and the weather being perfect proved to be a very successful time.

On account of being a little late in starting, a few events on the sport programme had to be committed. There were a number of the town boys out in the afternoon and they helped out in the athletic events, but the farmers were a little too good for them. Bill Burr, A. Bell and A. Wherry being the big noise in the jumping and running. Bob Bell grabbed it all home in the pony and hoss race with his hoy colt. Ted Daly won the potato race and F. Robinson the wheelbarrow race. The baseball game was between the C. N. R. team and Claysmore, the latter taking the long end of a 4 to 1 score. The baseball game proved quite exciting. The town team played a nice clean game but appeared weak at shooting. What the Claysmore men lacked in team play they made up in aggressiveness, so that when time was called no scores were made. The Vermilion team took the two and the box of cigars donated by Mrs Lanbe. Tug of war, Married Men vs Single was won by the married men in easy time. This was the last event on the sports programme. Quite a number of the town people came out in the end of the evening and appeared to enjoy the last of the sports.

The young people finished the rest of the day with a good dance to the school. The committee wish to take this opportunity to express their sincere appreciation to the ladies for the beautiful supper supplied and for the following donations received: Wm Telford $10, which was made up by persons, J. A. Kirkpatrick, box of 50 cigars, (Tag-A-our prize); P. C. Long, a baseball, (won by Chapman); W. Rolfe, ice cream stock, (won by Mrs Jack Daly) as the Ladies still driving season.

VERMILION FAIR SEPT. 9TH & 10TH

The prize lists for the 1920 annual exhibition of the Vermilion Agricultural Society were delivered to Secy Sutton the end of last week and are now pretty well in the hands of prospective exhibitors. With the magnificent and encouraging condition a most prevailing there is reason to believe the entry list will establish a record in fair history. Vegetables, grains and wild fruits are practically guaranteed a full entry list as well as grasses. These will swell the hitherto heavy stock exhibits poultry, domestic manufactures and ladies work. Fourteen thousand dollars are offered in prizes.

The School Fair prize list also appears on the three back pages of the book.

The attractions for the fair will be out of the ordinary as aeroplane exhibition flights and descending from plane by parachute have been arranged for, and there is sure the largest string of horses and saddle events.

UNION MASONIC PICNIC AUG. 11

To Be Held at Indian Lake

Masonic brethren of Vermilion, Manneville and Minburn lodges are arranging this year to make the annual picnic a big union event. It has heretofore always been largely attended by members of the craft and others, and promises one of the most enjoyable as well as attractive outings of the summer months. He who is not making preparations with the Masons on that day will be left out—it is to be a big day but be sure and [illegible]

Willow, The Wisp

— BY —

ARCHIE P. McKISHNIE

Printed by Special Arrangement with Thos. Allen, Toron o Ont.

(Continued)

After the music of the birds had sounded the song of a violin, played by a master-hand. Scarcely was the last note sounded when [illegible] cabin, much as I'd like to go up and meet of help Durkin on the Preserve. You see, it I was to leave now, Abe Dalton the trapper south of us 'ud come along, an' then—"

He clashed his strong teeth shut with a snap and springing to his feet, tossed the rude across his arm. "Damn him," he cried, "I'll get him. Yes, I'll get him just as sure as I'm alive I'll even things up with Dalton."

"Do you think so—" the girl commenced, then she too stood up, her face whitening and her eyes growing dark with feeling.

"Well, if you set me, I do think it," he answered. "Oh, Gaudalupe, don't think of it, Wilbur, think of him lay-ing out there in the bush waitin' for help an' dead to some along no's he could the time in the bush thunk—"

He broke off with a sob, his whole body convulsed, without tears. But the girl was crying, and he could hear her soft words quite.

It be done it, Dannie, if you are right about he does it why of course you've got to kill him; but you've got to be right careful, 'cause he's great [illegible] kill you best if he like."

He turned, with a smile, and held out both his hands as though to draw her to him. "Wilbur," he said boldly, "you're a right smart girl, an' I was half scared to tell ye, but I'm glad you feel that way about it. If Dalton gets me first, remember I'm headed away through the darkening forest and shrugged — "What then, Dan?"

"Then," she cried, lifting her hands above her head, "I'll kill him, yes, as much as ever, I'll kill him. I swear I'll do it. Oh, don't you know me Dan's you, Dannie?"

He gave her an the second and for a moment he held her against his breast, then he pushed her from him. "Up above there's a man who's been a father to me, an' a mother, and his crimes on breast [illegible] against [illegible] [illegible] [illegible]

Headaches and any defects of the Eye Sight properly treated by M. [illegible] Optometrist, the Edmonton Kin Expert. At the Brunswick Hotel, Vermilion, Friday August 27th, at [illegible] Monday 30th.

Miss Nellie Whitaker of the Post Office staff is off duty on a month's leave. Mrs Hill of Edmonton is filling her place.

Canada's leading Piano, the WILLIS. E.H. Childs, Dealer, Vermilion. 1-3tc

The Vermilion Boy Scouts were presented with a cheque for twenty dollars for their services at the Queens Creek Stampede. The trump funds were augmented by eleven dollars, trans-portation costing them nine dollars.

The regular monthly meeting of Hayden Local 747 U.F.A. was held last Friday and many important matters were discussed. The report of the convention at Winnipeg was read. The action of the B.S. Board in regard to certain wheat was considered and a resolution to that effect drawn up to be brought before the District Association meeting on July 31st, but as this meeting did not materialize no action was taken except that the resolution was sent to the U.F.A. Board. However, this local does not intend to drop the matter, as they consider it important that some steps should be made in order that the matter may have a square deal. The request for the annual picnic was held to have been both a social and financial success. Meetings are held regularly on the evening of the last Friday of each month unless notice of change is given and the officers would be glad if those interested make an effort to attend and share in the general success.

Progressive Farmers, Attention! Any farmer desirous of improving his land will do well to attend the sale of Pure Bred Shorthorn cattle to be held at Vermilion on August 10th for A. Graham, near Bloomington, in addition to the purebred herd there is also an extra fine bunch of high grade Shorthorns to gather with all the farm machinery, horses, pigs, etc. A positive clearing out sale to Mr. Graham has rented his farm and is moving away. R. L. Craig, Auctioneer. 12-2

The inauguration of the Regina Leader and Post and of the Saskatoon Star and Phoenix both Liberal newspapers of Canada are being built by commercial men of protection. Paper cost jumped 50 per cent. Labor Wage costs jumped 15-25 per cent on June 1st. Postage rates for a town increased 200 per cent. Freight rates are to be still further increased. All this added to large increase already made since 1913. The proof of these statements is that the Leader and Post has ceased and a new condition exists and publishers and the public must accommodate themselves to it.—Edmonton Bulletin.

The next regular meeting of the G.W.V.A. will be held on Friday, August 6th. The special business for this meeting will be the nomination of officers for the ensuing year, and all Comrades are urgently requested to attend. Please do not forget this meeting date and be sure [illegible]

Pupils of Mrs. Wright A.T.C.M., Do Well In Music Circles

The Toronto Conservatory of Music requires 60 marks to pass, 70 for Honors and 90 to 100 for 1st Class Honors. The following are the results obtained by pupils of Mrs. Wright:

Pass in elementary piano Grade II
Mrs C Mix, Miss May Oakley.

Honors in Primary Piano Gr. III
Rogers Wright.

Pass in Primary Voice Lillian McNeill, Mary Crosby.

Vermilion Football team took in the sports at Sir Isaiah on Wednesday where they played an exciting game of footer with the home team Staffordville won, 1-0, scoring in the first few minutes of play. The return match is being played here this Thursday evening.

F. McCaskey, of the Can. Bank of Commerce staff returned during the week from a two weeks summer vacation which he spent in camp with the Calgary Boy Scouts at Jumping Pound Lake located in the foothills west of Calgary.

While gardens this year are good, one fault is worthy of special mention is located right in the heart of the business portion of the town occupying lots lots 50x120 each—it lies just west of the famous town pound and belongs to Mr and Mrs Telford of the Alberta Hotel. Growth has been most remarkable and attracted much comment. The Standard noted the following layout — 18 rows of beautiful carrots, ten or three of beans, a couple of red cabbage, three or four of beets, peas and lettuce, some magnificent corn in which the ear is far advanced, cabbages, cauliflowers and a few of an healthy a patch of potatoes as you would want to see. Tuesday garden is as clean as a reception room and has been supplying early vegetables to the owners for over two weeks past. It is well worth while taking a stroll over to the pound and stopping the phone are of having a garden as it will [illegible] make your mouth water.

The WILLIS Piano is recognized by prominent musicians as an instrument of high quality and tone. E. H. Childs, the local dealer will be pleased to have you call at his rooms and [illegible] [illegible]

Death of John Bennett Mix

The many friends will regret to learn of the sudden death of an aged and estimable resident of the community in the person of John B. Mix, this passed away at the Vermilion Municipal Hospital on Monday last shortly before six o'clock in the afternoon. Mr. Mix, who was in town on business collapsed on Bulyea Ave. and was immediately conveyed to the hospital for attention where he passed on shortly afterwards. The funeral is to take place on Thursday afternoon at 2.30 o'clock from the Church of Christ, town. He deceased had reached the advanced age of 72 years, 10 months and 6 days. He was very active for his age and a man of established, highly respected and esteemed by all who had the pleasure of his acquaintance. The family moved to this district some eight or nine years ago from the United States and settled up land about six miles northeast of Vermilion. The deceased was secretary-treasurer of his school district for many years. The indirect cause of his death was a cancer which had troubled him for many years but he was always possessed of a cheerful spirit and a warm friendly heart. To the widow and family the Standard extends its sincere sympathy in their sorrow and bereavement.

Gardiner- Kent

A very pretty wedding was solemnized on the 4th inst. at Christ's Church, Viking, Wednesday, August 4th, when Miss Margery E. Kent, daughter of Mr. and Mrs. W. H. Kent of Innisfree and Mr. Graham Gardiner, also of Innisfree, were united in holy matrimony. The ceremony was performed by the Rev. J. Bowcham, Rural Dean of Camrose. Miss A. B. Saunderson was the bridesmaid and Mr. Arthur Kent supported the bridegroom.

The bride, who was given in marriage by her father, looked charming in a beautiful dress. White satin was the material of the elegant dress. The ceremony was performed in the presence of a large number of friends. After the ceremony the bridal party adjourned to the home of the bride's parents, where a sumptuous wedding breakfast was served after which Mr. and Mrs. Gardiner left on their honeymoon trip to Banff and other points of interest in the mountains. On returning to their home they will reside on the groom's farm at Innisfree. The bride received many costly presents, a token of the esteem in which she is held by her many friends and acquaintances.

others an' ourselves. I don't know what it is to love, but I do know what it is to hate. It's quite' ter be either hell or heaven ter you, gal; one or t'other.

It's all right, Dennor," she said quietly, "I reckon when I tell him that I have been he'll be glad."

The boy beat his brown in a frown. "Do you think that's just the thing to do, Wilbur?" he asked perplexedly.

She looked at him wonderingly. "Why not?" she asked quickly.

"I don't know. I was thinkin'—but—I guess maybe, arter all, it's best you should tell him. He's darned square. Do this in."

"Yes, he's darned square," she repeated gravely. "He's good, Dennor, a strong—he's everything."

"That's so." The lad sat down moodily and stared at the floor.

At length Dennor spoke, looked at the girl. "I have you ever there that there might be something—I'm not clever—some other gal, I mean," as her eyes flashed, "that I've sat down with—never hunted—but—you see I'm only a prairie cowboy. Then she stood up, stepped to the couch beside him and put her strong brown hands on his shoulders. "You are wrong, Dennor. Remember there can be no other girl—me—ah, there can't!" She looked at him wonderingly. "I never knew that I loved you—you were there because you were you and had become a part of me. I never had dreamed of—of—marriage." He said mechanically, "I'm not clever." "Oh, you are!" she cried. "It's roughly speaking—and to a High Jinks Bill—I'm sure I said Willie. It's all right." "I was sure and smiled. "I'm not sure of anything except that I love you." He sat down beside her and commenced to take the ends of the supper dishes. "I'm not going back to Hardin—Bar—all—ever, and Widow are no more. I'll work with Bill

Make Life on The Farm Appealing

To Meet the Difficulty in Connection With the Exodus of Boys and Girls

Since the war a problem which has been worrying agriculturists all over the country, is that of keeping the boy and girl on the farm. All the legislatures that I have seen on the subject always quite plainly that no solution lies from discovered in connection with the exodus of the boys and girls from the farms. I think that the true solution will all some that we can at least go a long way towards it by providing the people by making better farm outbreeds, by making our home more attractive, by keeping them interested and by giving them a chance to get ahead on the farm which will make possible more comfortable, modern homes such as will be conducive to happiness and contentment, by making conditions tolerable for the farmer's wife and generally by doing everything to keep the young people on the farm.

In addition to this I think that good roads and cheap transportation should play a very great part in helping to keep the young people on the farms by rendering every valuable available to the farmer at different times in connection with his work and by enabling him and his family to move around and mix with the neighbors their things. Some could go every week if they had good roads.

Hon. S. J. Tolmie in House of Commons, May 11 1920

DEPENDABLE tires, like good roads, always pay for themselves many times over.

Partridge Tires have a supreme hand-built dependability which makes them savers of dollars, ease and inconvenience. They are quality from tread to the inside of the casing.

PARTRIDGE TIRES
Game as Their Name

There is Only One Difference Between These Houses---That is
OWNERSHIP

These houses were built at the same time and stood the same. The owners had built near the Hayes River. Seeing the good value for renting property in the community built a second house and rented it to Tom Sinclair.

Harry Dawson owns his own home, he takes pride in it, keeps it looking fine. His monthly payments are less than Tom Sinclair's rental. A home would improve Tom Sinclair has no interest in his home, he wouldn't improve it for someone else, and those other five years rent collecting the contractor is building the house. Tom Sinclair must move although he has paid enough in rent to buy the home.

There is the difference between ownership and renting.

YOU CAN BE AN OWNER

This Advertisement is inserted by the Lumber Manufacturers of Western Canada

Strength of Trees

Two Giant Cables Could Not Move Old Elm

Two people have any idea of the strength of trees. In Bloomfield, Ont., there was an elm tree over a hundred feet in diameter, had to be removed from the courthouse square. Several of its limbs had been struck off by lightning. This was impossible to do in the ordinary manner. No one of the tree levelling devices used in Toronto for moving buildings, trees, etc., was brought into play. This is a machine that is worked by a couple of men pressing a lever back and forth. A cable was fastened to the tree about 40 feet up, and should have come up by the roots, all theory having entered. Instead, the machine first broke off sixteen inches in thickness, and then, when two were wound around the tree, the machine, and even other five years rent collecting the contractor is building the house. Tom Sinclair must move although he has paid enough in rent to buy the home.

Post Office Humor

July 20th 1920

Editor of the Standard

Dear Sir,

The much heralded August number of "The Lamb has appeared (which we are solemnly informed brings Vol II to a conclusion.) By happy coincidence Mr. Lloyd Lamb has concluded to cut a volume has also just been completed. These are said to rank with "Dante's Life of Johnstone" and "Shelley's Life of Chesterton" ! Much of the valuable (also) space of the last issue of Vol II has been devoted to me.

"Post Office Humour" has aroused such a "storm in the Lamb and the matter has been considered on more or not that a no English handiwas to brought to be briefly indicate. It had to be waged under the granddisguise of the "Good Ewe Lamb contributor" and set up when printers and block type.

We understand that this would have appeared and in Greek and Hebrew, but the "Lamb printing-shop has been so pressed for suitable types. It seems a pity we have learned such a beautiful hand form as such a prosaic activity.

The article referred to we have been quite unsuspecting as if the expert censor or had been asked to have read before and given us some constructive criticism. He might of course weep on the other hand he might only go to sea, or at all events go to the bar and mourn over the fate of the latter that the Editor of the Lamb cannot have his own way entirely. He would not be thrown, shelter and revenge them to rule himself and then to set them competently and say "It is here proved what we can not to prove."

We remain one of that other poor baptism, who proved to his own satisfaction but to the satisfaction of no one else, that he was innocent till it was proved guilty.

In the last issue of the Standard Mr. Edwards brings to bar Mr. A. Rockefeller, to help him to struggle out of a right corner, by asserting that the two sentences latter, upon which the Editor of the "Lamb" founded his attack were the post office, belonged to a paragraph in the Hooglass dictator.

We have already replied to the caustic insertion of most people that this is not true, but to settle this point once and for all, I have in my possession Mr. Editor 400, to be paid to any subject, charitable or otherwise, that Mr. Edwards may name, if he can find a Mr. A. Rockefeller in the Hooglass District, or in any other district, to whom a balance of $67.50 was due from the sale of some cows, as stated by Mr Edwards.

We have in Vermilion at the present time a very active and progressive Board of Trade. Maybe I be advised Mr. Editor, to make a suggestion to them through your paper. Why not hand a Business Card up on Vermilion and persuade the Editor of the Lamb to set on its first Principal and only instructor. This would keep him busy, he would have no time to attack his neighbours or to make an exhibition of himself in the newspaper world.

Evidence could be found probably by advertising in the leading papers, setting every subscriber to her, who has been turned with an idle son, to send him to Vermilion to set at the feet of the very clever man.

A few months, including board and lodging, attending over a period of not or more should be provided.

Those people who are under the impression of that concept and individual could be turned into an army of publicity workers, and sent out to attempt to persuade without robbing the patients to pay Post Offices with absolute accuracy and to take monthly all unopened letters, to lay out and repair roads without putting themselves to temporary inconvenience by not maintenance gardens on road sides, that under present conditions are a source of revenue to the "road funds (Good funds) being the contribute title applied to the finances of the country, by Mr Edwards.)

By way of a return those young men could be sent out North, South, East and West to submit their wishes by giving expert advice to Boards of Directors, heads of large corporations and members of parliament.

They could advise the Postmaster General from time to time as to what and when, and how to pay the post office employees. They could be sent out amongst the farmers not to work — but to instruct the wives of the said how to farm, as man cannot make a success by the authority entrusted to them, as it were. How do it.

If in the course of time this method so should prove to be a success proportions, and the academic burden be found on great for the professors, there might be found amongst those budding young artists, one with enough genius to paint and germane stupidity to fill the shoes of Vice Premier.

If we are to believe "The Lamb" some such acts as are that outlined here must be resorted to without further delay if the country is to be saved from the mire of disorder and ruin.

Thanking you Mr Editor for publishing this letter,

I am,

Yours truly

J H Bell

P S For the benefit of D H Tellus I might explain that a fiord, my reading to the best of my knowledge is a narrow sea, or, inland, usually with steep sides, or a river of doubtful quiet. — J H B.

You can be what you make up your mind to be a big pauper or a big dog.

VERMILION VALLEY STAMPEDE A BIG SUCCESS

The first annual Vermilion Valley Farmers' and Ranchers' Stampede and Picnic, held in the Haylark rounds, 15 miles northeast of Vermilion, on Wednesday last was, despite threatening weather a big success both in point of attendance and the high spirited programme of events. The crowd was swelled to some 600 when the events started and nearly 200 cars were on the grounds. Cowboys and roughriders were present from many miles around and visitors from all the nearby towns and settlements. Home were disappointed for President Hayfield and the other officers ran off the numerous events as advertised, without a hitch or any delays. Besides the bucking and steer riding contests the horse races were thoroughly enjoyed. The winners were as follows:

Farmers buggy trotting race: 1 H. Mansker, 2 G. Fiddler. Ladies race: Miss Mead, Campbell Lake; Boys' Pony Race: George Dollver Vermilion: Girl's potato race: Miss Mead; Man's potato race: R. Mansker, Cayuse Valley; Steer riding: 1 Plummer, 2 Orr, 3 McPherson. Remuda bucking: 1 F. R. Hendee 2 Swan, 3 Orr of Maxville: Walk, trot and gallop race: R. Mansker. Boys bareback riding: C. McPherson, Greenhaven; Open Run, Ike Sullivan, Searle.

Wm. Telford of Vermilion acted as starter in the horse races and G. Woods, Dud Witherbee and Rork Mead were the judges.

The success of the day was crowned by the dance in Mr. Hayluk's fine new barn in the evening. It was largely attended.

Next year the affair will undoubtedly be bigger and better than ever.

Russia Defies Britain's Order To Stop Advance

London.—The Russian Soviet's reply to Great Britain's call for a halt of the Bolshevik advance in Poland is a refusal, according to the London Times. The newspaper says that the ground taken is that the armies would not obey an order to halt, and will only be content when they reach Warsaw, which had been pounded to ruins for hour.

Berlin.—Fighting is now going on virtually on the gates of Warsaw the war says the Tageblatt's special East Prussian frontier correspondent. If the Red army succeeds in breaking through the Chorelice Pultusck line it will have arrived before the forts of Warsaw.

"Chorevelle is about 70 miles north of Warsaw and Pultusk is about 25 miles north of the capital."

Heavy fighting is reported by the correspondent to be in progress at Novgorod, northwest Russia. He says that on August 1 and 2, Russian reserves, comprising thirty thousand infantry and a regiment of field artillery passed through Grajevo on the way to Novgorod.

Paris.—The Bolsheviki are being held by the Poles at Brest-Litovsk, and have suffered a loss of 500 killed and drowned there in an repeated attempts to throw their forces across the Bug River, according to Wireless Ukraine's communique from Warsaw, which officially confirms latin previously announced.

The communique announces that the Reds forced the River Narew, below Lomza, and that Bolshevik cavalry patrols have reached Ostrow, 53 miles northeast of Warsaw. Near the Prussian border Bolshevik forces have occupied Kalno, 18 miles northwest of Lomza, and have attacked the fortress of Ostrolenka, 22 miles northeast of Lomza.

The Poles were reported to be making a stand at the latter place.

The communique reports heavy fighting along the Bug, the Reds having crossed the river at the region of Archiszyn and the Polish troops endeavoring to throw the Bolsheviki back across the River.

Riots in Denver

Mob Entered the Denver Post Building and Wrecked the Presses

Denver, Colo.—Nearly a score of people were injured several of them seriously, and two cars were badly damaged as a result of an attempt of striking car men and their sympathizers to prevent operation of cars by strikebreakers. Shots were fired, wounding several persons.

The mob entered the Denver Post building and wrecked the presses and other equipment. It previously had broken practically everything in the attaches.

After partially destroying three cars in front of the city hall the mob overturned the cars and ap... to set them afire. The... arrest of the ringleader was... at 2:30. At 4:30, [illegible] Safety Director announced... Shortly had been asked to... with the city officials on the subject of the ... use of troops to quell the disturbance.

Mr. Burning gangs from the... and cars paraded the streets.

Druggists Warned

Toronto.—Druggists have been warned by the Ontario college of pharmacy, than any druggist convicted of contravention of the Ontario Temperance act, will lose his certificate and be prevented from acting as a member, director or shareholder of any incorporated company dealing in drugs or medicines in Ontario

Luxury Tax Adds Millions to Revenue

Some Tangible Evidence Of What New Taxation Scheme is Bringing in

Ottawa.— The effect of Canada's new luxury taxes are somewhat clear ly shown in the excise tax figures available These taxes include luxury, sales, and manufacturers' tax and while it is impossible to give exact figures on the actual amount of last any tax, it is safe to say that already several millions have been added to the country's income as a result of Sir Henry Drayton's 1920 budget.

Collections from all sources of the inland revenue branch for July amounted to $9,081,257 as compared with $4,354,452 for the corresponding month of last year, or an increase of $5,269,509, which is more than one hundred percent increase.

On the entire tax under the amount collected last month totalled $6,964,457 as compared with $2,082,299 for the same month last year This is another abnormal increase which reflected the effect of this year's legislation.

Scores Sir Eric Geddes

Jellicoe Declares That Latter Made Complete Fiasco of the Dardanelles Plans

London.—Lord Jellicoe's new war book, which discusses the admiralties of the British admiralty, has created some sensation by its disclosures affecting the First Sea Lord and First Lord of the Admiralty

Lord Jellicoe's book says Sir Eric appointed hordes of civil officials, incurred huge expense, disorganized the admiralty to the most of the submarine war and then created a complete fiasco of the admiralty's build ing program, which was his especial care It is pointed out that Sir Eric's achievements as minister of munitions has been the exact counterpart of this.

Release Strike Leader

Winnipeg Labor Men Obtain Freedom of John Farnell

Winnipeg — John Farnell, one of the Winnipeg strike leaders who was given a prison term at nine months for seditious utterances, is to be released at once News to this effect was contained in a telegram received by E. Robertson, Secretary of the Trades and Labor Council, from Tom Moore, of Ottawa.

It was given, who stated that he had been officially notified by the under secretary of state that a writ had been issued to Winnipeg ordering Farnell's release forthwith.

Farnell has been in jail for about [illegible] months.

Winnipeg [illegible] was then [illegible] Spring where he was done so with [illegible] and the fact that he was born in the [illegible] was then sent to the [illegible] was then sentenced to [illegible] was then sentenced to [illegible] was then sentenced to

Headaches and any defects of the Eye Sight properly treated by M. Mackintosh, the Edmonton Eye Expert. At the Brunswick Hotel, Vermilion, Friday August 27th, at Islay Monday 30th.

Stores are throughout Sunday night

A special train of seven coaches passed through Vermilion westward this Wednesday, conveying a large party of U.S. and Eastern capitalists of industry on a trip through the great west.

The annual basket picnic of the ladies of the Next of Kin and Veterans will be held at Indian Lake on Wednesday next August 18th. Everybody bring a basket and join in the outing. Vermilion Citizens Band in attendance.

A C.P.R. Dance will be held in the large Dance Hall on next 24th inst., near Tolland Post Office on Friday, August 13th. The Boss four piece orchestra of Red Deer will furnish the music. Everybody come and have a good time.

Dave Hogaboam, who has been at Rector, southern Alberta for some time past, returned last week, to his farm at Mary Lake. He says crops around Rector are heavy and wheat promises between 10 and 50 bushels to the acre. The well known Noble farm has 50,000 acres in to wheat alone and from a view of some three miles of it Dave says it looked pretty close to a 50 bushel yield.

Michael Mrs. Andrew Semple of Lauderdale reached home Saturday from Dunmore, Scotland where they were visiting for the past two or three months. They enjoyed both the trip and the holiday to the full and returned pioneers as being home again. The Scottish weather was very wet, hazy and showery, out of the six weeks spent in Dunmore they had only six days without rain. Conditions are reported as extremely prosperous in that part of Scotland although living is up in the clouds.

NUMEROUS ENTRIES COMING IN TO FAIR
Every Indication That 1920 Exhibition Will Be a Record Breaker - Splendid Program of Attractions For Both Days
DATES, SEPTEMBER 9-10
Roy Sutton is a real busy man these days as each mail is bringing in large entry lists to the Fair and if they keep coming at the present rate the fifteenth annual exhibition is bound to be a record breaker in all lines of exhibits. The exhibit in live stock promises to be heavy as many local breeders of horses, cattle, hogs and sheep are showing and well known outside stockmen have sent word that they will be at the Vermilion Fair. Grains will be a magnificent display as well as all garden vegetables, and ladies work will greatly exceed its former heavy showing.
The list of attractions is the best ever provided by the management. The horse racing program covers the afternoon of both days, and purses aggregating over six hundred dollars are advertised. The thriller is "dare devil" Pete Derby skirs the aerial acrobat, who in his form is a plunge in mid-air descending in a parachute; a descent will be made each day; an aeroplane will give an exhibition of what flying as well. The Vermilion Citizen's Band will furnish music throughout the entire exhibition. The Hay Scouts are also to give afternoon demonstrations—In the way of general entertainment, those should satisfy the crowds expected.
The Standard wishes to direct attention to the fact that the size of the prizes awarded at the Vermilion Fair are only exceeded by those given by the Edmonton and Calgary Exhibitions. An almost prohibitive bond is demanded of entire district to boost the Fair not only by entries but by assuring one in coming and in fact the two days attendance to the full.
The Standard is also desirous of assisting in the matter of the Poultry Exhibit which promises to be a big one. Let's get the entries in.
A bargain sale of miscellaneous damaged goods McLaughlin at Brunswick Inn, which was recently destroyed by fire, will be held on the same date as the Fair. Watch for what happens on the Fair Days—pages of this paper for list.
Bona fide exhibitors are given their assistance to help along, and get the entries in.

Look to the Foundations

For the first time in the history of the United States the population of the towns and cities at present exceeds the rural population. This is another striking fact which has come to light in the recent census of the republic. Where a generation ago the towns have relatively been small, they are now the centres of the industrial life of the country. The change has been a rapid one, and it has come about largely as a result of the development of the manufacturing industries.

It has at last been known for a long time that one of the effects of the wonderful industrial activity brought about in the United States by the war was the creation of profits on the larger centres of population to which they were attracted by the spreading out of wages and by a demand for workers which opened to employers and capable men and women splendid opportunities for a rapid advancement. Then, too, those hands of young men drafted from the farms into the armies have not returned to the land in sufficient numbers to make up the deficiency. Many of them have found employment in the towns and cities, and will not take to the overseas labour again. Opportunity in agriculture does not appeal to the young men as much as opportunity in the towns. The latter are always ready to welcome the young man who is willing to work, and who will make himself useful. There are always ready openings for the boys in the towns.

In a recent article on this question the question was asked as to what was the explanation, and certain reasons were expressed as to steps that might be taken to check the present tendency on the part of young people to get away from the land. Nothing is to be gained, however, by belonging the fact, now generally recognized and admitted, that the industrial advancement of the Dominion has been encouraged at the expense of the agricultural industry. Labour has now been made attractive enough at times to draw the population of city life have multiplied amazingly by comparison with the rural districts, although at times when agriculture was going ahead with great vigor the towns and cities were also making progress. The point is that the towns have grown at the expense of the country districts.

The remedy for the Fraser Valley farmers must be best handpicked and handpicked dollars' worth of fruit that can be raised to the acre. This could be accomplished by making better packers.

Cures Constipation In A Sensible Way

They Work While You Sleep—Cost Only a Quarter—And Really Bring Lasting Benefit

It only takes one night to prove the wonderful working power of Dr. Hamilton's Pills. They are the smoothest, easiest acting laxative yet devised, the kind that a child or delicate woman can use with perfect safety.

You are sure of getting good quality when you buy Dr. Hamilton's Pills. They are made from herbs, roots and barks, and contain no mineral drugs. Their action is mild and gentle, yet they are certain to relieve constipation, biliousness, indigestion, sick headache, bad breath, and all troubles arising from a disordered liver, stomach or bowels.

Mothers will find Dr. Hamilton's Pills a most reliable remedy for their children when they are suffering from colds, simple fevers, stomach troubles, etc. Concentrated vegetable extracts are used in their manufacture, and they are sold by druggists everywhere at 25 cents a box. Manufactured only by A. McLaughlin & Co., Buffalo, N.Y.

Uses For Inferior Fruit

Okanagan Growers Will Manufacture Fruit Juices

The Okanagan United Growers Limited, the co-operative concern which has headquarters at Vernon, B.C., is considering a project which will manufacture all the inferior fruit grown in the valley into fruit juices, and will market the product. The matter was brought before the Board of Directors at their meeting in Vancouver on September 20 by Mr. Hamilton, who explained that the scheme had been considered by the Associated Growers, and that the Vernon organization had been asked to go into the matter further. Mr. Hamilton's proposal was that the Okanagan United Growers should manufacture the inferior fruit grown in the valley into fruit juices, and market the product. The matter was brought before the Board of Directors at their meeting in Vancouver on September 20 by Mr. Hamilton, who explained that the scheme had been considered by the Associated Growers, and that the Vernon organization had been asked to go into the matter further. Mr. Hamilton's proposal was that the Okanagan United Growers should manufacture the inferior fruit grown in the valley into fruit juices, and market the product.

Cattle Wanted

Alberta Cattle Wanted

Live stock Man From Chicago Sees A Market For Canadian Product

That there will be an enormous demand for Canadian feeders and stockers in the United States this fall, is the information given by A. A. Walters of the firm of Walters & Dunbar, one of the principal livestock commission houses in Chicago. Mr. Walters is at present in the West, looking into the cattle situation generally. He stated that without the slightest doubt stock raisers on the other side of the line this year would be able to absorb all the feeders and stockers that Alberta can offer this year at good prices.

According to Mr. Walters Canadian cattle are pre-eminently suitable for finishing purposes, compared to those from the southern and southwestern states as they were able to stand the winter much better.

Every effort on the part of cattlemen be used were being taken to have the 30 per cent tariff bill on Canadian cattle which was now being considered, and which has been passed by the lower house. The Senate however, would not meet until November next, and there would be no question about the free entry of cattle this winter.

While the demand was great at the present time for Canadian stockers and feeders this would be somewhat unusable in about thirty days, as ranchers on the corn belt were busy husking, by September 1st, and knew what they would be through and will be ready to ship to the Canadian cattle they could buy their hands on. One of the most important statements of Mr. Walters was that there will probably not require any financial assistance from the banks in connection with the purchase of feeders. The next few months bought in a very satisfactory individual basis, and had similar means of providing all funds necessary. The principal sales were made on the Chicago market, also at St. Paul and Winnipeg.

"Canadian cattle rank very high in the United States," continued Mr. Walters. "They put on weight quickly and experiments carried out on a large scale prove conclusively that they are satisfactory in every way."

The South African Scout

A remarkable quick substance for the heart of a fresh Cuticura Soap and Ointment. Absolutely pure and sweet large sanctuaries

A FRIEND OF THE POLICEMAN

Continually on their feet, the "Peelers" are invariably troubled with corns and bunions—but not for long, because they know of a quick cure. Putnam's Corn Extractor is purely painlessly in 48 hours, try "Putnam's," 25c at all dealers

Peddle German Money

Smart Salesmen From U. S. Pick Up Fortune in Canada

It is reported that two smart salesmen, from across the line, both of German descent, have been peddling German marks, or coupons therefore, through the German districts of western Ontario, persuasively around Preston, Tavistock and Stratford. They are said to get a commission of fifty cents on the dollar and to have cleaned up a hundred thousand dollars in one week. Apparently they are working on behalf of New York curb brokers.

The people among whom they are working are extremely economical, and prefer to keep their money at home and a half years ago the wages hook than risk it in speculation. But the appeal is racial. They are told that the country has spent its help to put the fatherland on its feet, and that then, with the enemy reduced to put value, they will make a great profit. Needless to say they are paying a great deal more than current exchange for the mark, which they should buy over any Canadian bank counter.

Among the victims is said that a Mennonite minister who sold three life savings of ten thousand dollars out of the savings bank and invested the money in German marks, and that on three times their current value in price.

Thousands of mothers can testify to the benefit that Mother Graves Worm Exterminator, becomes they know from experience how quickly it acts.

Don't worry a girl who thinks she might learn to love you. A fond young is a dangerous thing.

You owe dividue a communication to office if they think there is any need of being elected

W. F. E. 1920

Crop Prospects

Estimates Wheat Yield at 250,000,000 Bushels

Canada's wheat fields will yield from 248,000,000 to 250,000,000 bushels this year. This estimate has been made by W. A. Black, vice-president and managing director of the Ogilvie Milling Company, and is based upon crop reports received by the company from its agents. Compared with last year's yield, this is an increase of 50,000,000 to 75,000,000 bushels.

The indications of moreover are real keywords, grinding of the teeth, gack, gack, gack, and which love once, often convulsions. Once these conditions set in, the only relief can be got is Miller's Worm Powders. They will kill the worms as soon as administered and will grind them to atoms that pass away in the evacuations. The little sufferer will be immediately cured and a return of the attack will not be likely

Alberta to Protect Birds

Alberta is providing protection for its birds by the establishment of seven large sanctuaries

Leaving the Rural Districts

U. S. 1920 Census Will Show a Large Increase in Cities and Towns

For the first time in the history of the United States, the 1920 census returns will show that more persons live in the cities and towns than on the rural territory, officials of the census bureau estimate.

When the final tabulations are completed, the officials declared, they expect it to be shown that 51 or 52 percent of the total population of the continental United States reside in urban districts.

"There has been a very great tendency lately to congregate in the cities and towns, which we cannot account for, unless it has come from the country," said Samuel L. Rogers, director of the census. "This tendency towards the cities has been apparent for some time."

It's difficult to convince a man that his money isn't a sure thing until after the race.

A Corrector of Pulmonary Troubles

Many testimonials could be presented showing the great efficacy of Dr. Thomas' Eclectric Oil in curing disorders of the respiratory province, but the best testimonial is experience, and that is a test many have had to add their voice their dis orders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes as no other preparation can.

A Case of Explosives

Magistrate—What is the charge? Policeman—Intoxicated, your honor.

Magistrate—Is prisoner? Policeman—Yes, your honor.

Magistrate—Well, I can't find charge just then, but I'll remember it and get landed again.—London Tit-Bits.

Indiana Have Good Crops

Indians in the three prairie provinces will have an excellent crop the year, according to information to W. M. Graham, Commissioner at Regina. They have approximately 70,000 acres in crop, roughly divided as follows:

Saskatchewan, 30,000 acres; Alberta, 25,000, and Manitoba, 15,000

Alberta Cattle

Live stock Man From Chicago Sees A Market For Canadian Product

That there will be an enormous demand for Canadian feeders and stockers in the United States this fall, is the information given by A. A. Walters of the firm of Walters & Dunbar, one of the principal livestock commission houses in Chicago. Mr. Walters is at present in the West, looking into the cattle situation generally. He stated that without the slightest doubt stock raisers on the other side of the line this year would be able to absorb all the feeders and stockers that Alberta can offer this year at good prices.

According to Mr. Walters Canadian cattle are pre-eminently suitable for finishing purposes, compared to those from the southern and southwestern states as they were able to stand the winter much better.

Every effort on the part of cattlemen be used were being taken to have the 30 per cent tariff bill on Canadian cattle which was now being considered, and which has been passed by the lower house. The Senate however, would not meet until November next, and there would be no question about the free entry of cattle this winter.

While the demand was great at the present time for Canadian stockers and feeders this would be somewhat unusable in about thirty days, as ranchers on the corn belt were busy husking, by September 1st, and knew what they would be through and will be ready to ship to the Canadian cattle they could buy their hands on. One of the most important statements of Mr. Walters was that there will probably not require any financial assistance from the banks in connection with the purchase of feeders. The next few months bought in a very satisfactory individual basis, and had similar means of providing all funds necessary. The principal sales were made on the Chicago market, also at St. Paul and Winnipeg.

"Canadian cattle rank very high in the United States," continued Mr. Walters. "They put on weight quickly and experiments carried out on a large scale prove conclusively that they are satisfactory in every way."

The South African Scout

A FRIEND OF THE POLICEMAN

Continually on their feet, the "Peelers" are invariably troubled with corns and bunions—but not for long, because they know of a quick cure. Putnam's Corn Extractor is purely painlessly in 48 hours, try "Putnam's," 25c at all dealers

Peddle German Money

Smart Salesmen From U. S. Pick Up Fortune in Canada

It is reported that two smart salesmen, from across the line, both of German descent, have been peddling German marks, or coupons therefore, through the German districts of western Ontario, persuasively around Preston, Tavistock and Stratford. They are said to get a commission of fifty cents on the dollar and to have cleaned up a hundred thousand dollars in one week. Apparently they are working on behalf of New York curb brokers.

The people among whom they are working are extremely economical, and prefer to keep their money at home and a half years ago the wages hook than risk it in speculation. But the appeal is racial. They are told that the country has spent its help to put the fatherland on its feet, and that then, with the enemy reduced to put value, they will make a great profit. Needless to say they are paying a great deal more than current exchange for the mark, which they should buy over any Canadian bank counter.

Among the victims is said that a Mennonite minister who sold three life savings of ten thousand dollars out of the savings bank and invested the money in German marks, and that on three times their current value in price.

Thousands of mothers can testify to the benefit that Mother Graves Worm Exterminator, becomes they know from experience how quickly it acts.

Don't worry a girl who thinks she might learn to love you. A fond young is a dangerous thing.

You owe dividue a communication to office if they think there is any need of being elected

W. F. E. 1920

Crop Prospects

Estimates Wheat Yield at 250,000,000 Bushels

Canada's wheat fields will yield from 248,000,000 to 250,000,000 bushels this year. This estimate has been made by W. A. Black, vice-president and managing director of the Ogilvie Milling Company, and is based upon crop reports received by the company from its agents. Compared with last year's yield, this is an increase of 50,000,000 to 75,000,000 bushels.

The indications of moreover are real keywords, grinding of the teeth, gack, gack, gack, and which love once, often convulsions. Once these conditions set in, the only relief can be got is Miller's Worm Powders. They will kill the worms as soon as administered and will grind them to atoms that pass away in the evacuations. The little sufferer will be immediately cured and a return of the attack will not be likely

Alberta to Protect Birds

Alberta is providing protection for its birds by the establishment of seven large sanctuaries

Leaving the Rural Districts

U. S. 1920 Census Will Show a Large Increase in Cities and Towns

For the first time in the history of the United States, the 1920 census returns will show that more persons live in the cities and towns than on the rural territory, officials of the census bureau estimate.

When the final tabulations are completed, the officials declared, they expect it to be shown that 51 or 52 percent of the total population of the continental United States reside in urban districts.

"There has been a very great tendency lately to congregate in the cities and towns, which we cannot account for, unless it has come from the country," said Samuel L. Rogers, director of the census. "This tendency towards the cities has been apparent for some time."

It's difficult to convince a man that his money isn't a sure thing until after the race.

A Corrector of Pulmonary Troubles

Many testimonials could be presented showing the great efficacy of Dr. Thomas' Eclectric Oil in curing disorders of the respiratory province, but the best testimonial is experience, and that is a test many have had to add their voice their dis orders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes as no other preparation can.

A Case of Explosives

Magistrate—What is the charge? Policeman—Intoxicated, your honor.

Magistrate—Is prisoner? Policeman—Yes, your honor.

Magistrate—Well, I can't find charge just then, but I'll remember it and get landed again.—London Tit-Bits.

Communications

The Editor does not hold himself responsible for opinions expressed by correspondents

With this issue the Editor closes the controversy which has been carried on for several weeks by Postmaster Bell and the Rev. H. A. Edwards, editor of the Link. Both gentlemen must feel much better after getting a couple off their chests and as no particular benefit can accrue to the public by a continuance of the discussion it is now closed.

August 18th, 1920.

To the Editor The Standard,

Dear Sir:—Hay I inform Mr. Bell through your columns that I am not "down" to his challenge. He has either admitted or demonstrated all the points which I raised.—He never answered for the mail of 18 months, (by now which was the basis of my criticism); he admits that a letter was put into my box three times in spite of instructions to the contrary; he now he failed to deliver this letter to the rightful owner, but returned it at length to the office of the "pseudo just lawyer" from whom it came; he cannot understand how he himself and that the letter mentioned a legal claim against the ex-anyone under my roof; and his remainder of complaint is public correspondence in the press or a complete vindication of my charges last assertion is not one of the least amusing points."

He carefully avoided challenge my being charged with "Bolshevism" and I have [illegible] some detail of the letter (the contents of which we only now for a moment) to Mr. Bell's solicitors and Mr. Bell's unsentimental gentlemanly, probably is that he has had access to the files of the "pseudo just lawyer" and that the matter is not in one-sided innocency.

Even if I could do so, it would not disperse any of the points contained in my article "Post Office Humour" which appeared in the issue of August 4th. Mr. Bell's humour I can, however, well understand that a man who mistakes treachery for humour, and who thinks that a pound of the latter now an acre, is specialized to require absolute accuracy on the part of others.

I remain,

faithfully yours,

H. A. Edwards.

Editor Standard,

Dear Sir—In a recent number of the Link, a writer who deplored his lack of education asked the editor of that journal the meaning of a few simple words not in daily everyday use in the English language.

Judging from the reply this encouraged him considerably, and referring to the L. S. in impressionism of a Dictionary that has now been here gratuitous to [illegible]

I would suggest that Dr. Tellen in case a decline in school discovery in some of its [illegible] [illegible] [illegible]

Y., and Kingston, Canada.

How To Restore Damaged Pasture

Good Practice to Divide Pasture Into Two Fields

Farmers were forced in the fall to turn their stock out to pasture early, somewhat ending the fact that the pasture should be allowed to make good growth and be held by the stock over the late winter of July and August comes on. During the latter months it is difficult enough to keep stock in good pasture, and no pains should be spared to have all the pasture possible.

Changed Style of Living

One-Time Upper Class Germans Live In Poverty

How the erstwhile "I to the Iron" is present day fortunes, is described in the Allgemeine Zeitung by an observer high states, function one, who says that although he is regarded as having an income of 20,000 marks, reckoning in the income tax basis, his wealth now is reduced to that of a poor laborer.

"I own a fine mansion in a fashionable Berlin suburb," he reports, "but we have been obliged to let three rooms furnished, and will have to do so shortly. My wife and I sleep in the kitchen. What sort of a room is that for Mr. Weinbrew?"

Pa Weinbrew glanced his elbows on the table and fastened his blue eyes on the banker. "Let me tell you something, Mr. Banker," he said quite impressively. "He's a real man; a real man."

The banker sat back from the table and going to the door, threw it open. "Look out yonder," he cried. "See that big sweeper woods? See those little scrawny cottages down that hillside? Feel that breeze coming of chaff and brown and pine wood for? Well, those things is what we made him, they remade him!" His manner, having about with a challenge in his blue eyes.

Some matches are made in heaven, but the majority by a match trust.

How To Protect Roots of Trees

Should be Covered to Prevent Early Thawing in Spring

One can plant trees or shrubbery here with reasonably perfect assurance that they will live through the first winter, the time of danger, if proper care is taken of them. Many gardeners get the idea that if they can procure the roots from a nursery or from the woods they have only to plant and forget them. Land of trees and shrubs from the woods or nurseries must be protected from the sun and wind, or they will die. Trees in the woods are protected by the shade of other trees and shrubs, and by the snow which covers the ground. Trees in nurseries are protected by the shade of other trees and shrubs, and by the snow which covers the ground. Trees in the woods are protected by the shade of other trees and shrubs, and by the snow which covers the ground.

Land Cheaper in Canada

Being Rapidly Taken Up By United States Settlers

Government land in Canada, especially in the Peace River district, will soon be taken up by emigrants from the United States, according to Col. Ellsworth Wallace, of Duluth, Minn., home. Col. Wallace is the official government land outlooker for the Great Northern Railway. He has been in the Peace River district for the past month, and has returned to Duluth. He says that he has seen many settlers coming in from the United States, and that they are all well pleased with the country. He says that the land is very cheap, and that the settlers are getting it for a song. He says that the land is very fertile, and that the settlers are getting it for a song. He says that the land is very fertile, and that the settlers are getting it for a song.

Must Avoid War If at All Possible Says Lloyd George

London.—A significant reference to the present crisis was made by Premier Lloyd George, in addressing a meeting of Coalition Liberals. After expressing fervent hope for an expansion between Great Britain and France, which he said had been "tarnished by the common sacrifices" the premier continued, apparently alluding to the possibility of war with Russia, "When the terrible questions of peace or war has to be decided one sent duty as a government is to the people who trust us not to run into their treasury on any unjustifiable adventure. Nothing but the most impressive call of national honor, call for safety and freedom can justify war before this country is committed to it, even in the most limited sense. We must be satisfied that these are in peril."

Paris—Great Britain has communicated officially with France with regard to the differences between the two governments, it develops from a statement made by the semi-official Havas agency this afternoon. The statement follows:

"The British charge d'affaire this morning brought to the general secretary of the foreign office instructions, a communication from the government to the conversations engaged in between the charge and M. Paleologue (Maurice Paleologue, the general secretary of the French foreign affairs) it developed that both governments are considering the most friendly open the divergences in views which have occurred between them, but which will not prevent them from continuing their friendly collaboration.

"Now in France—Premier Millerand on his return at a reception—

city hall here, on his trip through the liberated regions, after declaring that France placed no consideration above that of the national reconstruction, considered:

"The allies are united, and will remain. There are unavoidable differences, due to the difficult character of the nations, but the interests of the nations, but the interests of the nations, but the interests

THE STANDARD
VERMILION, - - ALBERTA
S. R. P. COOPER, Editor

THE STANDARD

VERMILION, ALTA., AUG. 24th, 1916

The cutting of all grain in the Vermilion district is becoming general and a large percentage of the barley is down with a fair start on the wheat crop. Many fields of oats are ready for the binder. No frost to prevent time given favorable weather a bumper crop will be harvested.

Wednesday this week was extremely cool, cloudy and showery. The night remained cloudy and a strong cold wind prevailed. Thursday morning witnessed a cool sky. The lowest point reached by the mercury was 40. If the balance of the week passes without frost the great danger period will be over.

Observations on the weather made at the Vermilion School of Agricultural for the week ending August 14th gave the following characteristics. Night temperatures were shown to be low in that during the preceding week, creeping in one case to 39. Day temperatures, though fairly high, were in most cases moderated by gentle breezes and more cloudy weather. Two showers of rain occurred.

Forest fires in central British Columbia have covered the mountains with a pall of smoke, the sun was blotted out at Banff and Calgary, shadowed. The fires are reported to be the worst in twenty five years.

Now that fall is approaching and prairie growth drying up, every precaution should be taken to prevent prairie fires. Beware of the log fires in your yards which caused by lighted matches, cigar stubs and pipe ash thrown out of cars by thoughtless occupants and thousands of dollars went up in smoke. If the majority of people do a little thinking prairie fires and their accompanying hardships would be of rare occurrence.

Canada Going Ahead Fast

NEW YORK, August 17th—[Canadian Press] The Wall Street Journal's Boston correspondent quotes a Boston banker, who has just returned from Canada as follows:

"Canada is going strong, recovering by leaps and bounds from the depression caused by the war. While earnest and lack of co-operation seems to be holding things back on this side of the border, the dominion to the north faces an era of unprecedented activity and prosperity. One of the basic reasons for this brilliant comeback is the rich yield of the great northwestern wheat fields".

Miss Grace Trimble returned home Wednesday from Edmonton. She has been engaged on the staff of the Stony Plain consolidated school and will commence duty Monday next.

The Maytag Company Limited — Winnipeg — Calgary

A Tip of the Foot Starts This
Gas-Power Washer

One of the most delightful features of the Maytag Multi-Motor Washer is ease of operation. Women everywhere agree that it perfectly suits

Put the suds and soap into the generous copper tub. Put the clothes into the tub. Then turn the switch with your foot. That's all. While you read your favorite magazine, or chat with a friend, the Multi-Motor Maytag does all the washing. Many, many women are having electricity put in today because this great convenience gets them a Maytag Multi-Motor Washer.

It is the only washing machine in the world with a gasoline motor built right into the tub.

Handles heavy or light pieces perfectly. A thorough test of cleaning in a short time.

Does away with all the hard work and fatigue of washing and gets all the grime to the surface.

Has a power wringer. You can hook the wringer up to the motor and run it by the washing—or you can hook the wringer up to the hand power washer and run it by hand. Multi-Motor and separate three-tub power washers are sold on easy terms.

Maytag Multi-Motor Washer is so reasonable in price that you can afford it now.

Go to your local Maytag dealer and see the machine. If none in your town write us.

Write For Free Household Manual
In the meantime write us for a copy of our famous Maytag "Household Manual." It contains many helpful suggestions in laundering, cleaning and handling fabrics and gives directions for washing Woven Goods, Laces, Linens, Silks, Woolens, Blankets, Curtains, Portieres, Rugs, Carpets, Clothing, Etc. Sent free on request.

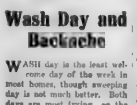
The Maytag Company — WINNIPEG — CALGARY

Into Unknown Australia

Railways Can Open Area Capable Of Carrying 30,000,000 Sheep

An expeditionary party, representing a West Australian railway league and the commonwealth government, has been travelling in the northwest and the north western portion of Australia. Some idea of the immensity of this little known corner of the Commonwealth may be gathered from the fact that the party covered 1,500 miles by motor car. Starting from Perth by motor car, it traversed 1,000 miles of country. Next field of action was found unsuitable for motor cars, and I stepped camps on the northern territory, capable of carrying 30,000,000 sheep as opened to settlers. In the driest season one could ride on horseback of pasture for a month. Water is plentiful, a striking contrast to the parts of northern Australia.

[illegible] a plan for long a strip [illegible] of the area [illegible] alley



Wash Day and Backache

WASH day is the least welcome day of the week in most homes, though sweeping day is not much better. Both days are most trying on the back

The strain of washing [illegible] sweeping frequently does the kidneys. The system is poisoned and disorders rheumatism, pain in the [illegible]

[illegible] The least weakness in the kidneys is translated to your [illegible] by Dr. Chase's Kidney-Liver Pills. This famous preparation of the well-known Dr. Chase's Recipe Book will tell you in the form of [illegible]

Dr. Chase's Kidney Liver Pills

Scientist Starts On Expedition

Will Attempt to Reach North Point by Dog Sleds

An attempt to reach North Point and thus complete the Danish exploration of North Greenland, will be made by Lauge Koch, the young Danish scientist and Polar explorer. The aim of his expedition, which is expected to last about two years, aside from scientific purposes, is to secure Danish sovereignty of all Greenland.

Koch, who in the capacity of geologist, participated in Knud Rasmussen's last expedition, hopes to reach Inglefield Gulf by motorboat and in August or December will endeavor to establish a depot 290 miles northeast of there. Dog sledges will be the only white man to accompany him, the other members of the expedition being Eskimos.

Henry Ford has placed an icecrushing tractor at Koch's disposal.

A TONIC FOR THE NERVES

The Only Real Nerve Tonic Is A Good Supply of Rich, Red Blood

"If people would only attend to their blood, instead of worrying themselves ill," said an eminent nerve specialist, "we doctors would not see our consulting rooms crowded with nervous wrecks. More people suffer from worry than anything else."

The secret of living which the specialist spoke of is the nervous system's condition caused by overwork and the many anxieties of today. Sufferers find themselves tired, low spirited and unable to keep their minds on anything. Any sudden noise hurts like a knife. They are full of groundless fears—afraid to go out "out of doors," afraid of larger places, afraid of [illegible] and other nerve pains are part of the misery, and it all comes from starved nerves.

Starving the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich, red blood. Dr. Williams' Pink Pills for Pale People should be taken by [illegible] to make new, rich blood, which [illegible] the nerves [illegible] and gives new strength, vigor and vitality. Thousands of people have proved the value of these pills. Mrs. Wm. Hall, Brooklyn, Ont., writes:

[illegible] "out of sorts," [illegible] taking Dr. Williams' Pink Pills. You can safely say that they made me well and strong. Before taking them I was pale and weak, and had no appetite. I suffered from headaches and dizziness, and was always tired. I got so that I could not do my housework. Before I had finished [illegible] I was tired out. Now I am bright and strong. I can do my work with ease, and feel like a new woman. I am glad to recommend Dr. Williams' Pink Pills to all who are suffering as I was."

You can get these pills through any dealer or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Air Route Across Rockies

Landing Fields at Intervals of 100 Miles Have Been Established

Captain C. McEvoy, of the Canada Air Board, who has been touring the Rocky Mountains for the past few weeks has been successful in solving the biggest problem in connection with the trans-Canada aeroplane route, the location of landing places in the mountains.

He has been successful in locating landing places at 100 mile intervals between Calgary and Vancouver, although the two were somewhat difficult as one at the essentials in connection with the location of an aerodrome is that it be close to a railroad in order that gasoline may be easily obtained.

Capt. McEvoy expects to make a trans Canada flight, and is confident that he can accomplish the return trip from Halifax to Vancouver in six days.

Even a bad man can give others a few hints on being good.

Nature Helps to Kill insects

Researches Discovered That Each Insect Has Particular Enemy

Australia is to receive from us a consignment of a certain sort of fly which is the natural enemy of the bluebelly or bluebottle. The bluebottle has become a serious pest in Australia simply because it has no enemies as it at present, and in 1917 was responsible for the destruction of three and [illegible] with other sheep.

The new arrivals are to be set free in a district where the bluebottle is [illegible] and where their hatch the grubs [illegible] the eggs of the [illegible] pest. Similar experiments have been [illegible] with success in the United States.

Flying Around the World Will Be Easy Some Day

Undertaking Now Not So Difficult As Might be Supposed

When is some to be the first aerial flight around the world? Drake? Yes, in fact, to the pilot who will be the first man to fly around the world.

There are four Americans are said to be favorably pushing forward preparations for [illegible] airplane flight around the world.

One [illegible] probably [illegible] tion will [illegible] suppose.

The aircraft, coupling it with [illegible] the [illegible] trips.

Mr. and Mrs. George Emery and family returned this week from the Pacific coast where they have been resting for the past six months. It is their intention to re locate at Vermilion

The attention of those looking for choice farm or ranching areas, is directed to the advertisement appearing in this issue of Dick Hensell, Land Locator of the famous Dowberry district. Dick is a successful farmer, knows all the land for miles around and will give you an honest deal.

Mr and Mrs. Howard and child have returned from a holiday spent at Edmonton and Banff. The round trip was made by motor

It is learned with great pleasure by those who wish to hear something really good, that the Victorian Serenaders are to appear at the Columbia Theatre on Friday evening, August 27th.

Frank Hood of Campbell Lake, has been struggling with a 70 acre field of fall rye ranging in height from six to ten feet and which is measuring 5 lbs of twine to the acre. Just what kind of a proposition he has on his hands can be conjectured by most folks as of the soil no binders are not constructed to readily handle such a tough-like crop. The method adopted of handling the hands over with a pole attached to a saddle horse has proved fairly successful and this season Hood field crop of rye is practically all in sheaf. What it will yield he has at present no idea. Mr. Hood has a fifty acre field of the same grain which was sown ten days ago. He reports wheat ready for the border next week with fair prospects of a 50 bushel to the acre return. "Never saw such crops in my life," he told the Standard, "and I believe this is the best country on earth."

The first of the series of the Wallace Graham attractions, "The Victorian Serenaders" appears at the Columbia Theatre on Friday, August 27.

Canada's leading Piano, the WILLIS H H Childs, Dealer, Vermilion 12x3

will be at Vermilion Hotel on Saturday, August 21st

Fred C. Long, Druggist

D. Winters, whose farm is located one mile west of Claymore has just finished putting up 24 acres of Timothy hay, which was an exceptionally heavy yield. Nancy hands were employed and if the crop had only proved half the number of hands it would still have been a good one Mr Winters commenced cutting barley Monday.

"The Victorian Serenaders", the first of the series of six special concerts to be engaged by Mr. Fiddle for the season, on Friday, August 27th.

Mrs. A. F. Turner of Fort Francis was renewing acquaintances in Vermilion this week, having come down from Edmonton where she is visiting with friends. It is five years since Mrs. Turner last visited Vermilion and seven years since the family moved from town

BORN—On Sunday, August 15th at Campbell Lake, to Mr. and Mrs. Joseph Shaw, a daughter. Died on August 19th

At a meeting of the Vermilion Boy Scout Assn. held in the office of Hay & Morrison, chairman, on Friday night, the resignation of J. Scout Master Bryden was accepted Mr. Bryden has found it impossible owing to his work to carry on as he felt his duty to do and therefore asked to be relieved. A petition signed by nineteen scouts was presented to the meeting asking that S. P. McCloskey be appointed to the position of Scout Master vice Scout Master Bryden, resigned. The resolution had place, was in accordance to the request of the boys and a resolution was duly passed appointing Mr. McCloskey to the position. Action regarding the location of Scout Market in owing two boys from the Vermilion river, was taken and the amount of the rooms and details of the committee are being forwarded to the proper authorities for recognition. Present Chairman Morrison, J. A. Scarborough and S. H. P. Cooper, Secy.

W. M. Steele, president of the Agricultural Society, reached home Monday from a few weeks holiday spent at his old home at Almonte, Ont. During the last week of July there was a centennial celebration at the county, it being 100 years since the first settlers made their home there. Over 2000 old boys made the pilgrimage to be present and the attendance at one day of the week's doing reached 14,000. Mr Steele reports great prosperity among agriculturist in the east.

The Willis Piano is recognized by prominent musicians as an instrument of high quality and tone. E H Childs, the local dealer will be pleased to have you call at his rooms and inspect it. 12-3x

BUILDING FOR FIRE BRIGADE AND EQUIPMENT

Big Water Tanks Ready In Two Weeks

At a meeting of the Town Council on Monday of last week it was decided to lease the Nellis Hall for the purposes of the fire brigade and apparatus. Work on the necessary alterations will be commenced shortly. There will be one or two rooms fitted up as sleeping quarters for three or four men and it is the intention to make every member of the brigade eventually conversant with the motor engine and the chemical. It is also proposed to have a siren installed on the building for alarm purposes. It is expected that the tanks will be ready in the course of two or three weeks and the fireball about the same time.

CALL FOR $10,000 HOSPITAL DEBENTURE TO BE MADE

A Popular Headquarters

A reporter of the Standard had the pleasure of being shown through the Brunswick Hotel which has recently undergone extensive improvements, by the popular proprietor Mr. L. Goldman. He was greatly impressed with its appointments and the general cheerful and homelike atmosphere of the numerous rooms. Mr. Goldman has completed the papering of every bedroom on the entire first and second floors with a wonderfully harmonizing effect ... Beautiful ... and comfort being fitted with the highest quality steel spiral springs. Modern bathrooms with unexcelled hot and cold water and lavatory. Under the present proprietor took possession a very large sum of money was spent in perfecting the sanitary arrangements and general heating system, which are the equal of the best city hotels. The hallways, rotunda and large dining rooms are also newly furnished along approved lines. It is to all of the above that the popularity of this hotel with the travelling public, visitors and others, makes its appeal for "It's just like being home."

Dr. Lee of Islay local Staff Capt, Lanter. A silver collection will be taken.

RICHARDS—GRAY

In continuation of an interesting war romance was the marriage at St. Paul's Church, on Monday last, of Miss Ann Grant of London Eng. to Arthur S. Richards, a popular soldier of the late war, returned from overseas. The ceremony was performed by the Rev. H. A. Edwards, rector of the parish, which was witnessed by a large number of friends and associates of the bride, who was given away by Mrs. H. A. Edwards, looked charming in a gown of white crepe de chine, with rhinestone trimmings and carried a lovely bouquet of flowers. The groom was supported by A. G. Porter. After the ceremony the wedding party adjourned to the Rectory where a wedding breakfast was served. The happy couple left on the afternoon train for Edmonton, from which point they will motor to Banff and other points.

At the Methodist Church, Vermilion on J. Bailey of Kitscoty was united in marriage to Miss Jennie Barbeau of Frog Lake by Rev. M.L. Wright

On Aug 14th, Rev. M. Wright married Mr. Stewart W. Moore to Miss Evelyn M. Bate at the home of Mrs Hindley. The bride was daintily dressed in blue. After the marriage a number of guests sat down to an excellent wedding lunch. The bride and groom who are both well known and respected in town are going to make their home in the Count de Tupor cottage formerly occupied by Mrs Dennis.

On Aug 20 Mr Mik Stapelish was married to Miss Lena Patrowlish by the Rev M. L. Wright in the Methodist church. The bride was attractively dressed in bridal costume with veiling and veil and wreath of flowers. According to the American custom two young men acted as the ceremony both bride and groom pledging their troth by the getting and receiving of a ring.

Land Prospectors Visit Town Sunday—Greatly Impressed With Appearances

A party of about 40 land prospectors from different parts of the United States (Chief Ward) came on Saturday last. The train arrived at 11 p and left at one o'clock. Previous arrangements by the Board of Trade enabled the party short time throughout a part of the green stretches adjacent to the town, and the various were unanimous in their expressions of admiration regarding the general appearance of the country and the abundance of the harvest. No doubt the impressions of these prospectors will promote the best sort of many Americans farmers here

The topics being made as the guests of the land department of the Canadian National Railway and the stop at Vermilion was the only one made in this section of country

As an hour is a queer animal. He take grave out of his head.

THE LAST WORD

BOOST THE BIG FAIR.

Backed up by the entire Vermilion district with a full quota of exhibits in stock and agricultural products our annual exhibition bids fair to eclipse all previous high water marks. Many entries continue to come in and several hundred more are expected before the lists close on Tuesday, Sept. 7th. Late ones should put forth a special effort to complete their entries as early as possible—it move received the greater the success attending the big fair. Before the Standard reaches its readers next week the exhibition will be in full swing and with the elaborate list of attractions provided by the management this year the attendance for the two days is sure to double that of 1919. Make up your mind to take in at least one of the days, though it is an exceptionally busy time with the farmers—the exhibit will justify it.

Both days "Dare Devil" Derbyshire will make his thrilling loop into space from an aeroplane and his programme of stunt flying is to be given by Lieut. Gorman The horse races are going to be a big attraction as some of the fastest horses on the Alberta circuit are entered and the crowds will witness good races and speed. Between heats it is understood that as unadvertised attraction is to take place, the Standard is sworn to secrecy in this connection, but if the event takes place it will hold its own against all comers.

The School Fair on the same two days, conducted under the auspices of the School of Agriculture, will be held in the large tent. Over 30 schools of the district will have pupils and no one should miss an inspection of this branch of the exhibition.

The officers and management as well as the secretary have taken every means to assure a general success of the exhibition and it is trusted that their untiring efforts towards this end will meet with the result they deserve

The United Cafe, one of the towns most up to date establishments, is now under the management of C. I. Chow who has purchased the business

BORN At the Soldiers Nursing Home, Vermilion, on Tuesday, Aug 24th, 1920, to Mr. and Mrs. [illegible] Danaway, a son

Vermilion Fair is a Fair in the true sense of the word. It is not a circus or a mass of side shows or skin people. It is an exhibition of what your country can produce—combined with two days good healthy amusement. Farmers, you need a little healthy recreation. Take a day off and see what your neighbors can produce and enjoy the horse racing and other attractions

Funny Thing Ever Happened To Me

For Chronic Catarrh!

Gets Away From the Medicine Habit, Cures Self and Mother

With the many remedies you have tried, you may believe that no liquid medicine can cure your throat or lungs. Even a gargle only reaches the throat—it can't really breathe over into it reach the lungs—how could it?

Medicine must be taken in different forms to overcome taking — you simply must breathe it to reach the real seat of the trouble. Then, which carry cure and relief to the lungs, throat, and bronchial tubes.

In this scientific way the poisonous germs which are causing the trouble are caused with, are killed by the medicine, and the inflamed tissues soothed and healed. Then, and then only, do things up with Dustbo. So here is what he does —

Chicks in Thunderstorms

Can Be Revived by Putting Them Into Warm Water

Often after a thunderstorm chicks are actually drowned by the heavy downpour of rain during thunder storms or heavy showers. Their bodies may not be completely immersed, but the fullness upward of the young fluff to become chilled by the wet, and they soon die to a common similar to drowning.

If chickens are noticed even in the last stages of chilling, they can be revived and their lives saved by putting them in warm water at a temperature of blood heat, or about as warm as the hand can bear. As soon as revived they should be transferred to a warm, dry place until they are thoroughly recovered and normal conditions have improved.

Compare Men and Horses

Horse At Five Years Said to be As Old as a Man At

Study of the relation between the total length of life and the time required to reach maturity has long been an interesting comparison between man and horse, says the New York evening Post. A horse at five years old is said to be, comparatively, as old as a man at twenty, and a man may be expected to behave according to certain standards, after the manner of the average five-year-old horse nowadays. Both are sage and experience go, a man of forty, while a horse that has attained the ripe age of thirty-five is comparable with a man of ninety.

Records kept for a decade by a large stud mills show a horse to be more frequent at five years of age than at any other time of its life. Then comes a decline, and at twenty-five years the number of horses that die is about the same as at one year old. Of course, the average life of a horse is not as long as that of a man, but the comparison is interesting.

Negroes May Migrate to Canada

Edmonton Archbishop Would Establish College at Fauxe Bay

George W. W. Washington, negro archbishop of St. Mark's church of the First born, of Edmonton, is on his way to New York as a delegate to the convention of the Universal Improvement Association and African Communities League of the World. This is described as the greatest convention ever held by any race.

Bishop Washington will go a great deal of missionary and church work, and his youngest negro son around Edmonton, but does not refrain from [illegible] anniversary, to be held [illegible] as the [illegible] of Edmonton in his church and its activities, and [illegible] from [illegible] there.

While [illegible] the bishop will interview [illegible] the possibilities of colonizing for his own race in the Peace River and Grande Prairie, and says that while at the convention he will draw the attention of the colored farmers of the United States to the fertility of the Canadian north land, with the object of encouraging immigration.

How a Windbreak Adds Dollars to The Prairie Farm

Any body of trees which gives protection to buildings or crops may be called a windbreak. This article has to do, however, only with belts of trees planted about fields and farm buildings, especially for the purpose of breaking the force of the wind. The typical windbreak is a belt consisting of from six to eight rows of trees and usually from a quarter of a mile to a mile in length.

The influence of a timber windbreak upon ear currents is purely mechanical. Its effectiveness depends chiefly on how much it breaks the force of the wind, and hence more closely, upon the area exposed to the wind.

There is no part of the United States, except small areas in the Cascade Mountains, which normally obtains more precipitation than is needed for growing the best crops. The farmer usually plows, cultivates and reaps with the object of conserving every drop of water that may reach the soil during the year. In the high-farming regions of the West these conservation measures are carried farthest. Here it may be necessary to save the moisture of two seasons to grow a single crop.

Anything which helps to conserve the moisture of the soil is of direct benefit to the farmer. The windbreak has this effect in a marked degree. The drying power of the wind is reduced by the windbreak very nearly in the same proportion as its velocity. In the immediate lee of the most effective windbreaks evaporation is reduced as much as 85 per cent. Further than the trees the reduction is less. The amount of moisture which it spares not only upon the density and proximity of the windbreak, but upon whether the field is fallow or in the crops. The saving in moisture is least when the field is fallow, for then the only reduction is in the direct evaporation from the soil; it is greatest when the field is in crops, for then there is a reduction not only in the direct evaporation from the soil but also in the evaporation from the leaves of the crops.

The more important winds occur in any locality during the growing season, and the greater their velocity and drying power, the greater the opportunity is to use every means of preventing evaporation. Windbreaks are especially valuable, therefore in the west, where hot, dry winds, often of high velocity, are frequent occurrences during the summer months.—Extract from article by Carlos G. Bates, U. S. Forest Service.

Backbone of The Country

Dr. Tolmie Says Agriculture Will Help Pay Country's Debts

That agriculture would play one of the most important parts in the paying off of Canada's war debt was one of the chief points made by Dr. Tolmie, federal minister of agriculture, when he addressed the Canadian Club of Regina at a luncheon.

Despite the fact that there had been a steady increase in acreage of crops for the past few years, Dr. Tolmie said there had also been a noticeable decrease in yield per acre, the result of the one-crop system. Such a condition had naturally to related farming with livestock as the basis.

During his travels in the west ,Dr. Tolmie said he had been struck by the absence of weeds on the land. There was a fine opportunity in Canada for a campaign for improvement in the quality of stock grown as well as the seed grown. "An increase of three bushels to the acre in the production of wheat in Canada," he said, "would mean an annual increase to the country of over $14,000,000, and over $2,800,000 could be added to the income of the country by the adoption of more intelligent and extensive farming methods of agriculture in all lines. Valuable experiments are carried out on the government's experimental farms had shown, said the minister, that a large increase in yield could be obtained from the use of fertilizers in the soils of Canada. The use of fertilizers was coming to be a necessity in parts of Canada, and not just in the western provinces alone.

"Over $300,000,000 could be added to the wealth of the country every year if the farmers would exercise more intelligence and enterprise in their agricultural operations," declared Dr. Tolmie. A great deal had already been accomplished by the Dominion and provincial governments in encouraging them to do so, but a great deal remained to be done. Better dairy industry in particular needed encouragement. They were not succeeding as well in the country. Cows and sunflowers could be grown in the same ground livestock to show the results at the international exhibition at Chicago showed that Canada could grow as good livestock as the best country in the world. It required intelligence and enterprise, though, to do it.

Growing sheep on a post reputation gives a half-starved look.

Dominion Fish Hatcheries

Hundreds of Millions of Fish Were Released in Manitoba and B. C.

The fisheries branch of the department of marine and fisheries announces that the Manitoba hatcheries have completed distribution of fry for the season, the total liberated numbering 7,36,440,970. Of these 25,153,000 were pickerel and the balance whitefish.

With some few exceptions, the distribution of fry has also been completed in British Columbia. In that province, 114,479,497 fry have been liberated, chiefly of the various species of salmon. There were also approximately 700,000 of rainbow trout and 200,000 of the steelhead trout. The salmon fry distributed within British Columbia

Assistant Rotter Grader Appointed

Mr. H. A. Hansen has been appointed assistant butter grader and dairy instructor with the Dairy Branch of the Saskatchewan Department of Agriculture and will enter upon his duties at once. He was born in Denmark where he received a thorough training in dairy work, and has been in this country for many years. Since then he has been making butter in the United States and Canada, becoming thoroughly familiar with dairying conditions in this country. Last year he was in charge of the Dunphin Milling and Creamery Company's plant at Roseville, Sask., and during the past winter has attended the special courses at Iowa State College.

Manitoba's New Capitol

An Example of Architecture Which Canada May Well Be Proud of

There is reason to believe that Manitoba has done great credit to itself and the Dominion in the erection of its new Capitol. From all accounts it is a splendid example of architecture of which Canada as well as the province whose capital it is, may well be proud. It is reported to be among the very finest examples of modern architecture in the entire world, design in North America.

A masterly architecture to use of the most noticeable symbols of its colours. Manitoba merits the gratitude of the whole of Canada for having erected such a splendid structure. —Ottawa Journal.

An old bachelor said he once fell in love with a young lady but abandoned all idea of marrying her when he found out she and all her family were opposed to it.

Fewer men would protest against drinking soda water if it wouldn't for the name of the stuff.

Agricultural Education Necessary in Every Branch of Farming

At a meeting of the Select Standing Committee of the House of Commons on Agriculture and Colonization the question of the educational presentation of the parts of farm machinery by the Honorable S. F. Tolmie, Minister of Agriculture, endorsed the proposed policy and expressed the hope that the difficulties in the way would be overcome. He then addressed the committee on the subject of agricultural education, emphasizing its value as applied to the Dominion industries. He said: "Through education we can look for greater improvement in the livestock industry of the Dominion. The scrub bull campaign is an educational campaign and in every province there is a great field for the improvement of live stock. Even in Ontario we find that 4% per cent of the bulls in use are scrubs."

Better business methods for the farm were also advocated. The minister recommended that we should be more careful in counting the cost of production. The farmer who carries on mixed farming has perhaps one or two lines that are paying, some are which he breaks even. It is in his interest to find out which of these lines are parasites on the thriving departments of the farm. By counting the cost of production, the farmer would not only be able to devote more energy to those departments of profitable branches, but he would be in a position to eliminate the unprofitable. In this connection the speaker referred to the marketing or farm products, and reminded the committee that the farmers whose co-operative enterprises have been so successfully conducted. He considered that this work properly belonged to the activities of the farmers themselves and as an illustration of the work of co-operative practices he related the history of the rise of the co-operative creamery operations in British Columbia, where a system was developed that raised dairying from a shrunken undertaking to a methodical, profitable and growing business.

Community breeding was a point that he considered of vital importance at the present time. For instance, one group in a certain district might together and produce one breed, say Jerseys or Guernseys, so that such a course would become known as a Jersey or Guernsey centre, where buyers would be able to purchase car-load lots without having to search throughout a whole district requiring many months. Community breeding is an excellent adjunct to co-operative marketing and it will receive the hearty encouragement of the Department of Agriculture. The accredited herds system, which has been inaugurated by the department, and is making good progress in many districts, was another factor that would contribute to the general improvement of the country.

Better business methods for the farm were also advocated. The minister recommended that we should be more careful in counting the cost of production. The farmer who carries on mixed farming has perhaps one or two lines that are paying, some are which he breaks even. It is in his interest to find out which of these lines are parasites on the thriving departments of the farm. By counting the cost of production, the farmer would not only be able to devote more energy to those departments of profitable branches, but he would be in a position to eliminate the unprofitable. In this connection the speaker referred to the marketing or farm products, and reminded the committee that the farmers whose co-operative enterprises have been so successfully conducted. He considered that this work properly belonged to the activities of the farmers themselves and as an illustration of the work of co-operative practices he related the history of the rise of the co-operative creamery operations in British Columbia, where a system was developed that raised dairying from a shrunken

GRASSES OF CANADIAN PRAIRIES MAKE MOUNTAINS OF BUTTER

Alberta's 1920 contribution to the butter market was of fair-sized lump weighing 100 and one-half million pounds that put $8,512,500 into the farmer makers' pockets. The quality of the product of the creameries operated at the first three points for Alberta at the recent National Dairy Council exhibition held at Winnipeg. Alberta's butter output increased during the past four years almost 60 percent in volume and over 125 percent in value.

There are 73 co-operative creameries in the province—a range of 40 between the extremes—and 15 privately owned and operated in addition to these three are in the larger centres such as Calgary, Edmonton, Lethbridge and Medicine Hat, large centralized creameries are deleted. These operate collection branches or cream buying stations along the railway lines.

Cheese making has become a considerable industry, too, but does not keep pace in growth with the butter industry, as farmers generally prefer to sell their cream and feed the milk by-products to growing stock. Eleven cheese factories are in operation in the province, and turned out in 1920 a half a million pounds valued at $140,000

There is no less demand a year of such as Cuddle and Brooks

The Latest at Greenwich Observatory

Observatory Founded Centuries Ago Keeps in Line with the Latest Development

Once every year a solemn ceremony is observed at Greenwich Observatory. An inspection of the Observatory is made by a "Board of Visitors" to whom is laid before the Royal presents a report on the work of the preceding twelve months. The latest report shows that although the observatory, founded centuries ago, is keeping in line with the latest developments. A new world has been constructed and the range over which wireless time signals can be received. Time signals are now received regularly from the Eiffel Tower, Nauen, and Annapolis. The observatory controls the operation of the clocks in a number of different time balls and time guns in different parts of the country, and receives reports of the operation of the clocks controlled from the distant time ball. Greenwich also controls the Big Ben clock in the Houses of Parliament.

Edison Greets Telegraphers

Sends a Message Over Wire For the First Time in Nineteen Years

Gripping a telegraph key for the first time in 19 years Thomas A Edison sent a message to posterity from his home at Orange, N.J. The cards of the instrument so it clicked off the inventor's message was recorded on an unperishable phonograph record, and placed in the archives of the Historical Society. The message was sent directly to a committee of the Telegraphers, Inventors and Electricians.

Amid the activities of a busy life in his laboratory, Edison frequently lays aside his work and turns his thoughts of early associations with the telegraph of the days and days when he was a delight and treasure. I consider it a great honor to record in Morse characters one unforgettable date this tribute to my beginnings in electricity through the telegraph, and with it a foolproof to the fraternity throughout the world."

Letters to A Patrol Leader

From the Booth by the Hon. Roland R. Philippe—Scout Law Number Six

My Dear Scout,

A rather nervous recruit was being examined on the Scout Law.

His idea of the fourth Scout Law was that "A Scout is a Friend to All" and a Scout is to every other animal no matter to what social class he may belong."

It was a splendid answer, except that it should have been given as the sixth Scout Law and not as the fourth.

A Scout is a Friend to Animals because he is a friend to all, and a good Scout will certainly try to be a brother to every other animal, quite independently of social distinctions.

It is true that some animals are a curious kind of breed, without much hair on their backs, while others are woolly or fluffy. But the fact that the first kind are called Scouts, while the second kind are called Sheep or Rabbits, makes not the least difference to the fact that you and they are brothers.

They may be they Bills, animals of the bird kind, or may be clever animals like Scoutmasters.

The great point about them all, however, is that they have two big things in common.

The first is that they were all created by the same Father, God. The second is that they all have a share in the greatest of all possessions, life.

The Scouting text says that we are to be kind to the animals and refrain wantonly from hurting them, and it is their duty to treat one another likewise with kindness and respect.

You may say that if a lion meets a beast in the jungle, it is not at all likely to treat him with either; but then a lion hasn't been to a school and it is quite unlike a Leader of the Lions in that it knows nothing at all about the Scout Law.

A Scout has and notes of a chosen than any other animal of knowing something of what may become enemies to the Christian Virtues; and when a Scout gets a chance he always uses it.

I remember asking a Scout what he meant by being kind to animals, and he made all the other boys yell with laughter when he said:

"Please, sir, you treat them just as if they were human beings."

The other boys had a vision, I suppose, of a lady cat being given a row in a car, or of a blind dormouse being carefully conducted to the door of a Braille library.

But the "Fellow Comfy" (as they chose to call their brother Scout) happened to be right, for the idea of the sixth Scout Law is that we should treat animals when just the same kindness and consideration as we show to human beings.

The beginning of being kind to animals is to understand them. We can only understand them if we know something about them.

A Scout can read books about animals, and will take every chance he has of learning about them.

I know a man who has studied nests of his life, who would be upset for many months if he thought he had trodden on one when he might have avoided it.

It is not because he is unduly sensitive, but simply because he knows so much of the wonderful work which nests do, that he regards their lives as being precious and not lightly to be taken away.

Nobody who is fond of animals would ever want to be cruel to them; but it is rather a sad thing to know that boys are not kind to animals by nature, and seeing their joy in cruelness they are very likely to be cruel.

Cruelty often arises from mere foolishness.

Sometimes boys chase a horse round a field or a hen round a yard. Sometimes they throw stones at a dog or fasten something to the tail of a cat. They think it fun.

But this is not the kind of fun that a Scout must allow for a moment. He must use whatever power he possesses to stop illegal things whether they are done by his friends or whether they are done by trespassers.

You will tell your patrol that if they keep any animals at home they will not only study their habits, but they will give up a minute or two every day to thinking of their requirements and needs.

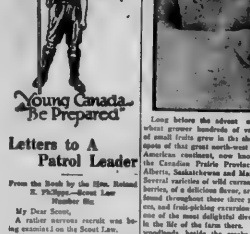
The sixth Scout Law needs a book all to itself, and you must remember that I can only touching little bits of the subject in this letter It is the most beautiful of all the laws, because it means that a Scout will want to make a noble and generous study of his fellow creatures.

Your Sincere Brother Scout,
ROLAND R. PHILIPPE

Coal Being Mined at Lens

For the first time since the occupation of Lens by the Germans, coal has been brought up on the surface from one of the mines. Many of the mines are still flooded, but the pumping out continues. Engineers in charge of the work express the opinion that the exploitation of the upper workings of the mines will be resumed about the middle of 1921

Fruit Growing on the Prairies



Long before the advent of the present grower hundreds of varieties of small fruits grew in the sheltered spots of that great north-west of the American continent, now known as the Canadian Prairie Provinces of Alberta, Saskatchewan and Manitoba. Several varieties of wild currants and berries, of a delicious flavor, are still found throughout these three provinces, and fruit-picking excursions form one of the most delightful diversions in the life of the farm there. In the woodlands, beside the creeks, lakes and rivers, it does not take long during the season for the women-folk and children to pick sufficient wild strawberries, raspberries, gooseberries, red, black and white currants, gooseberries, etc., to keep the family well supplied in preserves until the following season.

Where the wild varieties of fruit grow no peculiarity it is natural to expect that some, at least, of the cultivated varieties would prove equally well, and this expectation has been realized by hundreds of farmers in western Canada who have taken up the study of growing small fruits. Their success shows that with intelligent care and attention there is an opportunity to develop fruit raising on the Canadian prairies which will compare favorably with the best fruit districts of the world. Many of the finest varieties of fruits most adaptable to the conditions prevalent on the prairie farm have been gathered by the horticultural departments of the Provincial Universities, whilst the Dominion Experimental Farms at Indian Head, Saskatchewan, and Brandon, Manitoba, have been grown with exceptional success for many years.

At least a dozen varieties of currants have been found well, growing hardily and giving heavy yields of extremely delicious fruit. Ruby Castle, Red Cherry, Red Dutch and Fay's Prolific have proved to be about the best of the red, White Grape and White Dutch of the white, and the Naples, Black Maples, Prolific, Victoria and North Star of the black currants. Several varieties of red, black and golden raspberries, particularly the red, have also been grown with success at Edmonton. The Herbert and Cuthbert are the favorite raspberries. Their flavor is fine, they yield heavily, and the former, particularly, ripens very early in the season. The Herbert, Turner, King and Lloyd George varieties have also been very successful. The Carolina has proved to be the best of the blackberries. Blackberries have not been so successful in the prairie as in the east. Edmonton, but in other parts of the country they are being grown with more or less success.

Strawberries are quite at home on the Canadian prairie. They are indeed, the most popular of the small fruits grown in the farm garden. It seems only a matter of time before many acres have elapsed these luscious berries will be grown and marketed on a commercial scale in many parts of Canada hitherto reputed for their fine fruit. Especially will this be the case in the Dominion Experimental Farm at Indian Head, Saskatchewan, and Brandon, Manitoba, where the finest varieties of strawberries from the Canadian prairies could be bought on the market.

One of the most interesting surprises prepared for the Prince of Wales during his tour through Canada last year was the presentation of a box of strawberries at Leth-bridge, Alta. These berries were grown by John Hamilton on his 20-acre fruit farm at Coaldale, near Lethbridge, and were picked on his garden on the morning of September 2nd, sometime be-fore the train arrived. Fresh strawberries in October are certainly a novelty in the northern hemisphere, but they are really a possibility in Alberta.

For Better Roads

Saskatchewan Will Spend Two Mill-ion on Good Roads This Year

The Province of Saskatchewan will spend two million dollars on good roads during the present year, according to announcement made by Premier Latta gave an outline of the policy of the Provincial Government at Saskatoon. He said that the question of roads was one that had been given much attention by the government of the province, and the provincial highways system had been developed to the point where it was necessary to spend large sums annually to keep the roads in repair. Saskatchewan has a total of 200,000 miles of roads, and the government proposes to spend $2,000,000 this year in the construction and repair of these roads. The policy of the government will be to concentrate the expenditure on a few roads rather than to spread it over a large number. The roads to be improved will be selected by the Provincial Highways Commission, and the work will be carried out by the municipalities, which will be reimbursed by the government.

THE STANDARD
VERMILION, - - ALBERTA

S. B. P. COOPER, Editor.

THE STANDARD

VERMILION, ALTA., SEPT. 1 1920

The last issue of the Alberta Gazette contains the proclamation with respect to the prohibition plebiscite which is to be taken in this province on the 25th day of October next. The question to be submitted to the people is whether the importations and the bringing of liquors into this province shall be forbidden. The province already has a prohibitory law, but upon the repeal of the Dominion act liquors can be imported from each. The question to be decided now is whether this is to be continued or not. It practically means the re-enactment of the Doherty war measure. The qualifications for voters are about the same as for the federal house, the act to be followed being the new Dominion Franchise Act. The women are given a vote under this act. J. W. G. Morrison, barrister, of this town has been appointed Returning Officer for the federal riding of Battle River. The boundaries of the polling stations will probably follow largely those of the federal election of 1917. There will, of course, be some changes where necessary. It is probable that Vermilion may be declared an urban polling division in which event the adjoining country district will have to be added to rural students. Provisions are also made for the establishment of an advance poll at Vermilion. Mr. Morrison informed the Standard that he proposes to appoint returned men as deputies all over the riding so far as practicable and would appreciate applications for the position of deputy returning officers and registrars or commissioners.

Next week is Fair Week. Talk Fair, Think Fair and Write Fair.

It is just as cheap to boost as knock. Be a booster. Get a Fair Stickor and put it on the wind-shield of your car.

Mrs Emma Pyfil was fined $1000 and costs at Macleville on Monday for an infraction of the Inland Revenue Department. Detectives of the Attorney-General's office found a quantity of moonshine whiskey in the possession of Mrs. Pyfil and the information and complaint followed. Mr. Morrison appeared for the Inland Revenue Department and Mr. McLaren, Vegreville, for the accused. The case was heard by police magistrate Geo. B. McLeod.

Have you examined the Prize List for your "Own Home Town" Fair? If not, do so, and then compare it with the lists of other Fairs.

What is the advantage of an Agricultural Fair to a farmer? What is the advantage of a good Fair to a townsman?

To the farmer it is an object lesson in stock and grains. If he has either for sale it is the best advertising he can get, he gets to know how his stock and grain compares with that of others.

To the townsman it does more than all the newspaper advertising to get his town on the map Exhibitors are not dumb as a rule.

THE BAND FUND

The committee on collections for the Vermilion Citizens' Band beg to submit the following list as contributors to the funds. Although this is a very gratifying list the collectors feel that it could be doubled if the time could be taken to make the necessary interview. This opinion has been formed from the whole-hearted enthusiastic support received from all sides in respect to the re-organization of a band.

The members of the band deeply appreciate the support accorded and shall endeavor to repay all for the confidence so cheerfully placed in them.

Get your Job Work done at home

1st. Vermilion Troop Boy Scouts

With the Agricultural Fair just a memory a week off now it seems that more determined off it is required and on the part of some ensure if they are to be a credit to themselves and the town where they appear and to the large gathering of visitors they too are.

The standard of camp training is not to be lowered in any particular, and the personal comfort and attention to the hands, face and teeth, not to mention the tidiness of pup tents is to be now a REAL Vermilion, none of your and slouch.

Many scouts are doing well in their spare time and we hope before long to be able to give each a camp badge.

The Universal present of a camp knife which adorns the outfit of nearly the Beaver and Eagle patrols is perhaps it seems fair to point out back P. L. Kitchenville and Dave have been on the go most of the summer and seldom see each their patrols as has been done by P.L. Arthur Cooper.

Any Vermilion citizen who has a tent that they could spare for the Fair dates and would be willing to loan same to the scouts for these days would have the thanks of the troop. Please communicate with Scoutmaster P. McConkey of the Canadian Bank of Commerce. Thanks.

An exciting scouting game entitled "The Town Messenger" was played last Friday night between the patrols and resulted in a win for the Beavers the time being Norman Grissman was the successful finder of the Eddie Jean treasure, and his reward was a choice between a trip to Kinsney with the B.M. on Labor Day to see outside the scouts there on their "Tenderfoot Test" — or a week campaign. Scout Goldsmith chose to take the trip to our neighbors down the line.

The resignation of Scout Rennet Foreman of the Eagle Patrol has been received but not accepted.

Difficulty is being experienced in securing tenor scorings for the troop and we would ask the senate concerned to lend up under the present inability of the outsiders to supply us with.

We want every Scout to remember his 5th scout law, ALL DAY LONG on the Fair dates especially, and Scouts don't forget that good turn in about a couple of weeks time we hope to make a pronounced appearance in the meantime watch this column.

It Is Not Enough

to have the bowels move. It is more important to persuade liver, kidneys, skin, and bowels to act in harmony and against self-poisoning. BEECHAM'S PILLS act favorably upon all organs concerned in food-digestion and waste-elimination; they remove causes as well as relieve symptoms.

BEECHAM'S PILLS

Worth a Guinea a box.

Sold everywhere in Canada. In boxes, 25c., 50c.

Passing Events

Several thefts and petty pilferings have been reported to the police during the past week. Some of the thefts have been committed by strangers passing through the city, but others have been committed by residents. Having regard to the fact that the city is now in the throes of a housing shortage, it is to be hoped that the culprits will be dealt with severely.

Indications are in the valley of Belgium are gradually preparing to become electric, as Eastern and Western Canada are already being. A station of 30,000 h.p. has been established at Namur, and three others are to be built in the near future. It has been decided to electrify a large part of the railway system of the country, including the Antwerp-Brussels-Namur line. The work will take several years to complete, and will cost 300,000,000 francs.

Mr. Arthur Meighen, Minister of the Interior, has been appointed Secretary of State, in succession to the late Hon. Martin Burrell. Mr. Meighen will also act as Superintendent General of Indian Affairs, in succession to Sir James Lougheed, who has resigned.

Mr. Meighen was born at Anderson, Perth County, Ontario, on June 16th, 1874, and was educated at Stratford Collegiate Institute and Toronto University. He was called to the Bar in 1897, and practised his profession at Portage la Prairie, Manitoba, from 1900 to 1908, when he was appointed Counsel to the Department of the Interior. He was elected to the House of Commons for Portage la Prairie in 1908, and was re-elected in 1911, 1917 and 1921. He was appointed Solicitor General in 1913, and Minister of Mines in 1917. He was sworn of the Privy Council in 1919, and was appointed Minister of Interior and Superintendent of Indian Affairs in 1920.

Mr. Meighen is married, and has two children.

Mr. Meighen's appointment as Minister of the Interior has been received with general satisfaction throughout the country. He is a man of ability, and has had considerable experience in the House of Commons. He is a Conservative, and is a member of the Union Government.

Mr. Meighen will have to contest a by-election in Portage la Prairie before he can take his seat in the House of Commons

Would Have Labor And Farmers Join In Political Group

Renfrew, Ont.—Two thousand citizens of Renfrew and the surrounding district gave a welcome to Hon. W. L. Mackenzie King. Many could not gain admission to the armoury where he spoke.

Mr. King made a strong appeal to both Labor and farmers to enter politics, but not to enter as a class, because, he said, at one class gained ground progress would be regarded as another class which would prove dangerous to both. He invited both parties to join forces with the liberals who, he said were real democrats and ready to put into effect the lessons which a critical tought. He advocated free trade and described as dodges, people who talked free trade at this stage of Canada's history. He advocated reciprocity of duties on necessaries of life.

"The country is overcrowded with combines at the present time," he said, "and the government instead of trying to combat them, are placing into their hands." He also strongly criticized parts which changed the manner, policy and premier without reference to the people. "Secrecy, started, was really all they were being governed by the people."

Hon. Mr. King said he was liberal and Tory but never before took any interest in political life. The highest form of citizenship was toleration and moderation and he felt proud that the manner in Renfrew, a town strongly Tory, received the address which was presented him this evening.

"We are in Canada getting down to real democratic principles," he said "and I venture, with the reverse of tolerance now lodging in a part of the country. I have said on this platform and I repeat it, that the Western Canadian people were more reasonable in their demands than any other section of the Dominion. I have had experience of both sides of the question and I have always thought. The West and Easter[illegible]

Headaches and any defects of the Eye Sight properly treated by M. MACLEVEN, the Edmonton Eye Expert. At the Brunswick Hotel, Vermilion, FRIDAY October 8th.

The Fair next Thursday and Friday fine your entries in.

Barley on the farm of W. B. Wales just south of town, threshed out 80 bushels to the acre. It is a splendid sample.

Jas. McKone, one of our four implement dealers, has set up and delivered 26 new binders this week. Three sixty have been sold.

Messrs. Brass and Davies, successors to Hales Bros., have now secured charge of the Sanitary Market where they will maintain the reputation of this market for high class meats. Both gentlemen are experienced butchers of many years standing. Mr. Brass being formerly a resident of Huddersfield, England, while Mr. Davies comes from North Wales. See ads.

Harvey Bros will have an extensive exhibit of Ford products at the Fair.

Attend the Vermilion Fair next Thursday and Friday and help make it a big success.

The attention of Standard readers is directed to the new ads. of Wm. Ford who is prepared to supply you with the best in music lines.

In answer to numerous enquiries as to the extent of the reduction at Vermilion for the season the following figures are published as supplied by the School of Agriculture: May 1.17 ins. June 0.63ins. July 3.40ins. August 1.06ins., a total of 12.26 inches.

The fourth annual show of the Lacby Horticultural Society is being held Friday and Saturday of this week, Sept. 5-6. The President is Mrs. Mooney, Sec-Treas Mrs. Hunt and Secy of School Fair, Mrs. Mabee.

Mrs. Jas McKone and two daughters who have spent the past five months at Vancouver, arrived home during the week.

An interesting affair was held in the Veterans' Club on Sunday evening last, during sojourners and chums met together and presented Arthur W. Richards with a purse of $50.00, the occasion for presentation being his marriage to Miss Amy Gray, of London, England, which took place last week. All present took extreme pleasure in wishing Mr. and Mrs. Richards a long, happy and successful married life.

Mrs. Wright begins teaching music when school opens and will take class pupils as usual and a limited number of private, piano and voice pupils. Also has an opening for one new class in the "Mothers' Creative Course" for children five, six and seven, or for pupils eight and upwards in the "Ella Ellis Parfield work." She might be able to arrange an hour for adult pupils to share or a second class of mothers to the M.C.C. class making mothers to teach their own little ones.

Tonight Tomorrow Alright
Cut a 25c. Bee.
Fred C. Long, Druggist

Several new threshing outfits were pulled out of town this week.

The Standard thanks L. L. Kelson for two dozen cobs of garden corn left at the office. The size of the ears showed what Alberta can do when on its good behaviour.

The ladies of the rest of Kin will serve Tea afternoon and evening in the Veterans' Hall, on Friday Sept. 10th.

Mr. and Mrs. W.F. McKenzie have returned to town from a pleasant trip to the Pacific coast which they thoroughly enjoyed. Previous to going to the Coast Mr. McKenzie was visiting relatives at Carman, Man.

Mr and Mrs. R. McCue and family, who have been residing in Calgary for the past year have moved back to Vermilion. We are pleased to welcome them to town again.

I. B. Hicks reports that the bulk of the oat, wheat and barley crop in the Meadow District is in stook or shock. The yield in wheat is expected to crowd 50 bushels per acre and oats will go from 75 to 100 bushels. A large field of oats on Mr. Hicks' farm presented the appearance of a cordurov road, so close were the individual sheaves lined up from the binder which had no carrier attached.

Teach the Children to Save

Habits are acquired early in life. Children, who are taught the value of money and the habit of saving, grow up into good business men and capable women.
The easiest way to teach children to save, is to start a Savings Account for each child ($1.00 each is sufficient). After a child has earned another dollar try to make an additional deposit, he or she will have a better appreciation of just what a dollar stands for, and how much work and self-denial it represents.

SUCCESS A FACT
With the continuance of today's bright sunshine for tomorrow and Friday the success of the Fair is a certainty, for Jerry Nutten is grappling with entries verging close to the three thousand mark. Tuesday, the last day on which entries could be made witnessed a deluge from which the secretary's head is just emerging—these numbered no less than 1400. With the kindly proffered assistance of F. G. Long and his sister and by working till 1 a.m. Wednesday, some sort of head-way was made on the late lists and it is expected tonight (Wednesday) will find everything in order.
Outside breeders are again heavy exhibitors. Gilbert and Bettington with Holstein herds; Hansen and his fine Shorthorns; Arnesen, Johnson & Williamson, Ray of Battleford and George Vanstone & Rogers, stationers; Imperial Livery, Edmonton, driving horses; Williamson, poultry; Anderson of Sedgewick, poultry and Hoitsi of Innisfree with exhibits of Vegetables and field roots. Among local breeders who are showing is D. B. Rogers with a string of Clydes; W. M. Steele, Jones; McDonald, Clydes; Howard McLandres Percherons; A. Hatton, Percherons, Mecklenburgs, Cattle and J. D. Sodeau, Hackneys.
Over 10 new memberships to the Agricultural Society were secured.

Mineral Wealth of Quebec

Discoveries in North Country Are Becoming Rather

H. I. F. Rake, representing several English syndicates, who has been exploring Ungava and Northern Quebec with a view to opening up that country, is now in Montreal on his way down the Saguenay to consider further reports of his engineers. Mr. Rake reports that the mineral discoveries in the Ungava are becoming richer and richer as one travels north into the interior, the country yielding more the further one goes. [illegible] Mr. Rake is quoted as saying that the Province of Quebec is one of the richest mineral districts in the world, and predicts that the development of the mineral resources of Ungava will be a great factor in the development of iron and other industries in the Province of Quebec. don't smoke! you follow and I won't be troubled by any of that. Now that's over! And see here!" He turned, and clicking up the rafe, handed it to the hotel-keeper. "I give you luck some go, this time, because I know your habits and not your property of your own free will. I know some body else is behind you, and I think you ought to be ashamed of it."

(To be Continued.)

Accredited Purebred Herds

Government Regulations for Tuberculous Free Accredited Herds

According to regulations for the establishment and maintenance of tuberculous accredited herds in connection with the tuberculosis eradication work herd book is now being issued by the Health of Animals Branch, Department of Agriculture. Further, it is stated that the Health of Animals Branch of the Federal Department of Agriculture has completed regulations governing the establishment of accredited herds in connection with the tuberculosis eradication work. These regulations have been approved by the Minister of Agriculture and are now in force. Copies may be obtained on application to the Health of Animals Branch, Ottawa.

Ontario Sheep for Saskatchewan Farms

Livestock Commissioner Goes East To Secure Pure Bred Sheep

Last year, in purchasing a number of sheep in Ontario for breeding purposes, Commissioner of Livestock Carlyle King, of Regina, was unable, where he proposes to buy cheap and satisfactory sheep for farmers of the province. Mr. Robertson will not be able to make an effort to purchase these sheep before. These animals will be shipped to Regina and distributed to farmers in carload lots, and to prevent the import of scrub sheep into the province.

When in town last Mr. Robert Sinton was busy getting out the contract with the iron head of purebred registered sheep, so that they could be shipped to Saskatchewan before the snow flies.

Mr. Robertson's boys have been in the habit of driving to school in a sleigh. Last winter, however, Mr. Robertson decided that the boys would be better off if they had to walk to school. Accordingly, when the snow began to fall, Mr. Robertson told the boys that they would have to walk to school. The boys, however, did not like the idea, and they decided that they would not go to school. Mr. Robertson, however, was firm, and the boys had to walk to school. They soon found that they could walk to school in a much shorter time than they could drive to school. They soon found that they could walk to school in a much shorter time than they could drive to school. They soon found that they could walk to school in a much shorter time than they could drive to school.

Co-Operative Dairying In Manitoba

A Province-Wide Co-Operative Enterprise Established

What is hoped will be an epoch in the history of dairying in Manitoba has recently been consummated when a province-wide co-operative enterprise, known as the Manitoba Co-Operative Dairies, Limited, was registered under the laws of that province.

In view of the success of co-operative dairying in other parts of Canada, particularly in the Western provinces, the dairymen of Manitoba have become more and more convinced that co-operation offers the more profitable field than is to be found in individual and competitive methods of dairying. A co-operative dairy company was therefore formed with J. M. Carruthers, for many years general manager of the largest dairy company in the province, as manager. The objects of the company, as set forth in the charter, are to purchase milk and cream from farmers, to manufacture butter, ice cream and other dairy products, and to distribute fresh milk, cream and dairy products for city consumption. The company is also empowered to deal in dairy supplies, feedstuffs and other requirements of dairy farmers.

In order that this shall always remain a farmers' enterprise, it is provided that no one shall own more than one hundred dollars' worth of the stock, and that their immediate relatives living on a farm, and farm employees may be some shareholders.

Speaking of this new enterprise, its promoters, after organizing its officers, the secretary of the Winnipeg district Milk Producers' Association, Mr. Carruthers, is the man who will have charge. It will engage in all the functions of a dairy, and their immediate relatives living on a farm, and farm employees may be some shareholders.

It will engage in all the functions of a dairy, and their immediate relatives living on a farm, and farm employees may be some shareholders.

Canadian Fire Losses

Fire Loss for 1920 May Exceed Any So Far Recorded

If the average of losses of the five years preceding the year 1920 be maintained, fire losses in Canada during 1920 will reach almost $28,000,000, according to figures made public by the Commission of Conservation. Should these figures be reached the losses will exceed any thus far recorded, with the exception of those incurred during 1918 through the destruction of a number of munition plants. They already exceed those of 1919, as they generally favorable year, by over one and a half million dollars, the total for the six months' period being well up toward of $11,000,000.

The greatest loss lies in both the most pressure and the far east and in the middle west during the past few weeks, it is almost a certainty that the estimate of the Conservation Commission will be not too considerably exceeded.—Edmonton Bulletin.

Canadian Cattle for Europe

Cattle From Dominion Becoming Known all Over the World

About two thousand head of Canadian cattle arrived at Antwerp, Belgium, a few days ago. The city of Paris, which is expected to complete a contract for the purchase of cattle in Canada, had two representatives on hand to examine the quality of the animals sent to Belgium, their condition on arrival and the requirements for receiving such cargo.

The quality of Canadian cattle has become known all over the world and numerous orders have been placed by the war-stricken countries of Europe to help replenish their depleted herds of pure-bred cattle. The export trade of livestock from Western Canada is now of considerable importance and is all the time increasing.

Nearly 1,000,000 acres in Canada are devoted to wheat growing.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds Pain, Headache Neuralgia, Toothache Rheuma tism and for Grippe, Influenza. Then you are getting real Bayer—the genuine Aspirin proved safe by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. "Which is well known that Aspirin means Bayer manufacture of Monoaceticacidester of Salicylicacid. To assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Better Farming Train Is An Agricultural College on Wheels

"If the people can't come to the university, then come the University to the people." This seems to be the reasoning of the University of Saskatchewan in sending up those 12 cars which form the Better Farming Train, and which have aptly been referred to as "an agricultural college on wheels."

During the months that the Train was on tour this summer throughout the province no less than 62 towns and villages were visited in a quarter of a million people passed through the cars. Many had driven from 20 to 30 miles to see the big occasion. One man, for instance, came thirty miles to see the purebred sheep and swine on that special car.

At each of the towns visited during the days of the C.P.R. and C.N.R., large and eager crowds listened to the lectures, asked questions, and were ready with all kinds of questions, and were ready with answers to the questions and bullets.

Let us picture a family at the train Mr and Mrs. Henry K—, (aged 43), Jack and Mary K— (aged 12 and 10) and Baby K— (aged 2). The K— family are very interested in farm matters, in fact, only just about making ends meet. They have not been able to afford a car, so they have no idea to take the family the 11 miles to town.

It is not so much what they actually see at the "agricultural" train that interests them, as the introductory talk by a really well-all Henry explains to the man just how the pens, the rolls in the barn, provided by the railway company, make the best use of stock by the University of Saskatchewan, and the bulletins and charts on the wall from the Department of Education and agriculture. She will tell you that the railway company considers the expense justified, sure their prosperity and that of the whole country depends absolutely upon the health or otherwise of the agriculturist and family.

Mr and Mrs. A— and their family have by the time arrived at the edge of the train. Jack and Mary K— are ushered to the front where some scores of children are gathered to hear a short talk on livestock. They are shown in turn a fine specimen of an Ayrshire, a Shorthorn, an Ayrshire, a Holstein and a Hereford and learn how to judge the class and quality of the various animals. Although the talk is for the youngsters the eyes of the grownup of the crowd seem just as interested.

In among the children can be seen three or four boys who have come in from the country, with their pupils. Two of these are university undergraduates on leave, delighted to have an excuse to see their friends on the train. The University, who in the words of one professor in reaching farther than long over the train) has recognized that it has a responsibility to the educational needs of the country people.

One of the ladies teaches a school at Jarle dark showed Gladness and there Girl, Jack and Harry by and stand all very wistful and shy. As per usual grade 8 Girl, but no grades and "teachers" pet. Their teacher goes "store every day. They are on her list as "good" of a score. The other grade pupils are teacher has brought children some very fine pullets from the country to three augusts. She has no less than eight pullets entered for the various classes in the show, by the way, and is very interested in a Buff Rock cockerel and pullet class.

Meanwhile Mrs K— together with all the other good ladies of the town is having coffee at Pioneer Hall. Here a very delightful lunch is served by the Women's Institute of the Nursery Car. As the ladies sit at the tables for lunch, an address is given by a gentle ladies may again, and other subjects, a social time follows and ladies and gentlemen are invited to inspect the car. Miss Patty K— has been the guest of the Misses Jarle for a week.

So, during Jack and Mary, with their mothers and other brothers, are having a most delightful talk and a baby is actually being held by a lady in the nursery, the nurse in consultation with a doctor is giving a lecture by a qualified nurse on the subject of school and home hygiene. Some splendid things are said by the nurse on the subject of child welfare and life. Everybody there and then that her purchase in town that day shall include a couple of those shoes for Jack and Mary.

The nurse on the train is also busy with a baby.

Science, who, gives a general demonstration of better home cooking. Mrs. K— had thought she had nothing to learn in this respect. After listening to a talk on dairying and poultry by University men Mrs. K— makes a point of securing some of the admirable bulletins on the lecture subjects.

The talk to children on livestock has long since ended and Jack and Mary, with the other 300 or so young stars, are taken down to the Boys and Girls Lantern Car, there to listen to a talk on the bird life of the province, illustrated by beautifully real lantern slides. The talk is succeeded by a most effective representations of bird life by the children themselves in the car.

What is happening to Mr. K— and Mrs. K— you are doing this time? They are no saying a talk by an expert on the subject of sheep and sheep's feet, of sheep and lambs feeding, and other matters of interest to all sheep raisers. The lecturer makes a great point of what can be done in a short time by the use of good breeding. That is the burden of his talk and he emphasizes it very well. He drives home his arguments by displaying the fat and woolly wethers that he has brought with him, and with a deft turn of the wrist, and a few words of explanation, he shows how a good sheep can be made to look.

Mr and Mrs. K— are now very much interested in the lecturer's talk, and are taking copious notes. They have not been able to afford a car, so they have no idea to take the family the 11 miles to town.

It is not so much what they actually see at the "agricultural" train that interests them, as the introductory talk by a really well-all Henry explains to the man just how the pens, the rolls in the barn, provided by the railway company, make the best use of stock by the University of Saskatchewan, and the bulletins and charts on the wall from the Department of Education and agriculture. She will tell you that the railway company considers the expense justified, sure their prosperity and that of the whole country depends absolutely upon the health or otherwise of the agriculturist and family.

Two of these are university undergraduates on leave, delighted to have an excuse to see their friends on the train. The University, who in the words of one professor in reaching farther than long over the train) has recognized that it has a responsibility to the educational needs of the country people.

One of the ladies teaches a school at Jarle dark showed Gladness and there Girl, Jack and Harry by and stand all very wistful and shy. As per usual grade 8 Girl, but no grades and "teachers" pet. Their teacher goes "store every day. They are on her list as "good" of a score. The other grade pupils are teacher has brought children some very fine pullets from the country to three augusts. She has no less than eight pullets entered for the various classes in the show, by the way, and is very interested in a Buff Rock cockerel and pullet class.

Meanwhile Mrs K— together with all the other good ladies of the town is having coffee at Pioneer Hall. Here a very delightful lunch is served by the Women's Institute of the Nursery Car. As the ladies sit at the tables for lunch, an address is given by a gentle ladies may again, and other subjects, a social time follows and ladies and gentlemen are invited to inspect the car. Miss Patty K— has been the guest of the Misses Jarle for a week.

So, during Jack and Mary, with their mothers and other brothers, are having a most delightful talk and a baby is actually being held by a lady in the nursery, the nurse in consultation with a doctor is giving a lecture by a qualified nurse on the subject of school and home hygiene. Some splendid things are said by the nurse on the subject of child welfare and life. Everybody there and then that her purchase in town that day shall include a couple of those shoes for Jack and Mary.

The nurse on the train is also busy with a baby.

Canadian Cattle for Europe

Cattle From Dominion Becoming Known all Over the World

About two thousand head of Canadian cattle arrived at Antwerp, Belgium, a few days ago. The city of Paris, which is expected to complete a contract for the purchase of cattle in Canada, had two representatives on hand to examine the quality of the animals sent to Belgium, their condition on arrival and the requirements for receiving such cargo.

The quality of Canadian cattle has become known all over the world and numerous orders have been placed by the war-stricken countries of Europe to help replenish their depleted herds of pure-bred cattle. The export trade of livestock from Western Canada is now of considerable importance and is all the time increasing.

Nearly 1,000,000 acres in Canada are devoted to wheat growing.

THE STANDARD

VERMILION, ALTA., SEPT. 8 1920

Railwaymen have been granted an increase of $2.9 c. in their wages and the Canadian railways application for increased freight and passenger tariffs is before the board of Railway Commissioners. There is very wide divergence of opinion as to the advisability of authorizing any increase of rates to the railways, the claim being made that by so doing the price of all commodities to the consumers will advance just to the extent of the increased railway rates and the high cost of living take a corresponding jump—but nobody is any the better off all round—the only tangible result being that another stitch is added skywise and the common man made to bear the brunt. Advance in wages, advance in living all libitum, till the crash comes. On the other hand it is thought more advisable to refuse the increase of rates asked for and let the government continue to meet the deficits of operation from the exchequer of the country—that these would prevent competing lines, chief of which is the C.P.R. from raising rates and for the time being at least not tend to increase costs of living. Railroad management would have to apply the screws, employ only efficient men and see that they are not overstaffed, converting the entire railway system into a one hundred per cent efficient business institution. The question is not so easy one for solution as the public demand that the railways be operated in or less.

The increases asked for by the Canadian railways are on freight rates 40p.c., passenger fares 20 p.c., milk rates 40p.c., excess baggage, 20 p.c., and a surcharge of 10 p.c. on sleeping and parlor car fares.

Makers of Opinion

There is so much of the initiative in the nature of man that it small wonder public opinion should be made by the few strong forceful men or newspapers, that persist in placing what are, often only their own peculiar views before the people of the nation as a whole.

A man folds his arms in a street car, and—quite as if an invisible director gave the signal—the balance of unthinking goose merrily on. One yawns, and you can count those who can refrain. An intelligent exercise of the will is required to not yawn.

So it is also with the mass sentiments, such as ideas and forms of speech. A strong forceful man, or a strong forceful newspaper—simply the latter follows the lead of the former—makes certain observations intended "for the public mind." Such observations need not necessarily be true; the five that make one's dinner will also burn one's child; but "opinion" has been definitely formulated, and it is, consequently, certain that the imitative tendency in man will see to it that the seeds soon will germinate to the exact extent that the "makers" made the impressions attractive (usually, of course, there are at least two sets of "opinion" when any mail and matter is being discussed. And, usually, each process ultimately rests upon the banner of those having the most forceful pleaders. Sir John Macdonald was a no mean typical speaker, and Sir Wilfrid Laurier another, along an opposite line.

It follows, therefore, that in any country, if you give a dog a bad name it will be the extraordinary dog that changes the opinion formed of it. And so it is with any man or community or institution that is made the butt of these makers of "opinion". The civil service might be ever so efficient, but the men in the civil service are convinced that the public believes it is not. Those men have a tremendous job ahead if they intend to convince the public that the inefficiency is an illusion. It is possible—altogether probable — that the National Railways may be made such a butt of "opinion" makers. But we are not yet under the ban, although certain leading papers are at work already, trying to make the public see that public ownership cannot be efficient.

There will be not a some 90,000 people on the payrolls of the National lines. Each of these must take up, as a duty, the business of convincing some other hard working Canadian that the public-ownership comprised within the National idea has intent the germs of the most complete efficiency in Canada, and that all that is required to bring the germs to life and action is public confidence. Given the confidence the demonstration of service is simple, and business will gravitate to good service as naturally as the rivers flow to the sea. —Canadian National Railways Magazine.

THE SOLDIER SETTLEMENT SCHEME

The Soldier Settlement Board is interested not only in the success of the returned man on his farm, but in the work of his wife in the home. For this reason a Home Branch was established which is doing most important work. Many of the settlers' wives recently arrived in Canada from the Old Land, some of them are living for the first time on a farm and are meeting with all the problems incidental to the new conditions of living. To them the Home Branch brings encouragement and friendly assistance.

In each district the work of the branch is planned according to the needs of that district, by technically trained, experienced directors assisted by as many trained home counsellors as are required.

For the carrying on of this work the Home Branch has granted the hearty co-operation of such organizations as the Red Cross Canadian Patriotic Society, Women's Institutes, G.W.V.A. etc.

Through its efforts small hospitals or Red Cross Outposts have been established in the outlying or newly settled areas in order that competent medical and nursing help may be available.

Four courses of instruction in Home Economics and farm subjects, such as Poultry, Dairying, etc., are provided by the Board with the co-operation of Provincial Departments and many organizations, including extension departments of the universities, Red Cross, etc. Already eight short courses have been held and approximately 800 women have taken advantage of the instruction offered. The students have appreciated, not only the knowledge gained, but the entertainment provided and the pleasant companionship and friendship of others interested in the same kind of work.

Booklets dealing with household subjects, child welfare and farm activities, are sent, free of charge, to any who wish information along these lines.

These are but a few features of the work of the Home Branch which has done much to arouse a greater interest in the home and develop a better Canadian citizenship.

THE PILOT

It's the man behind the wheel that brings the ship into the haven of peace. It's not the system alone, but intelligent direction of it that produces results. Systematize your aims and plans—but plan and aim your system.

Glorious weather.

BUSINESS ASTIGMATISM

Do you consider your store just a part of the town? Or do you consider it a vital part of the trade area. Can you see out the business possibilities of your town or can you see beyond the limits of your town, out into the country where the farmers are.

If necessary get an aeroplane, jump in it and see this territory immediately on re-reading your town. It is your natural trade area, and those farmers out there are real members of your community; they are an essential element in your scheme of success.

When you have caught this vision of the new order of things in rural merchandising, you will realize the great opportunities before you. You will have begun to acquire the knowledge that will some day dispel the nonsense barrier which so frequently exists between farmers and the town folk.

Make your store or business a necessary part of the town trade area.

A GREAT EXHIBIT

FAIR WAS FULLY UP TO HIGH STANDARD

BIG ENTRY LIST IN MAJORITY OF CLASSES IN FACE OF HARVEST WORK

Large Crowds Thoroughly Enjoyed Magnificent Exhibits and Attractions

VERMILION Sept. 13 The four-month summer fair of the Vermilion district, which was held on September 9th and 10th, was an unqualified success. The attendance broke all records and the exhibits of a high quality. Prize money to the amount of $12,000 for livestock, agricultural products and domestic arts and crafts was awarded. The total entry list was the largest in the history of the society, far exceeding that of any other year. The association donated $200 for horse racing and the fair visitors witnessed a number of speedy contests.

Probably the busiest place attraction was Local Thomson flying and the aeroplane which made its appearance created a mistake made by "Dare-devil" performance. Almost every moment while the machine was in the air it proved to be a thrill.

The exhibits were lined up with a view of the finest quality produced in the district and the display of farm products was a revelation. There was also a fine exhibition of home grown products and the fair was held responsible for a number of farmers who had never before exhibited, securing many prizes. Many new exhibitors are expected to be present next year.

Exhibits in all of the entries were kept up to the standard of the previous years, and in some instances showed a decided improvement. The poultry show was one of the best ever held in the district. The livestock show was a great success. The exhibit from the Provincial Experimental Farm, Lacombe, attracted much attention. The display of agricultural products, both field and garden, was of the highest quality.

MOST EVERYONE USES THEM FOR THE STOMACH

They Act Quickly and Make You Feel Lively as a Kid

A common cause of trouble is constipation, a condition which is often due to lazy bowels. Most folks have a different time for their bowels to move, and when the bowels can be relied on to move at regular intervals, usually at breakfast, constipation will rarely trouble you.

Keeping regular is a difference between feeling well, bright and active, and feeling sluggish, dull and headachy. Some folks depend on pills, salts, mineral waters, etc., to keep them regular, but these things have a bad habit of gripping and weakening the bowels, and after you have taken them a few times you have to take more and more to get the same results.

Dodd's Kidney Pills are entirely different. They are a mild fruit medicine, and instead of weakening the bowels they strengthen them. They are the most wonderful bowel regulator we have ever known. They are also a splendid tonic for the kidneys, and by toning up the kidneys they help them to filter the poisons from the blood. Dodd's Kidney Pills are sold by all dealers at 50 cents a box, or 5 boxes for $2.25, and are guaranteed to relieve any form of kidney trouble or money refunded.

Down in a small lake he heard a glorious splashing and knew that the gold much, to hear den was deep in the bank, had taken her family of kittens out for a morning swim. From a big bank, close beside him, a rock grizzle clothed his challenge to the noisy fox beneath him.

Then a sound and a smile on his face as he saw a wonder in his breast. It was a wonderful sight, earth and every day it grew more wonderful. Those things had been there all the while, but he was beginning to see a difference in the way he looked at things now that he tasted the soul of budding tree and showing pi. It was like the difference between the blind beggar who sat by the city of it all, as he had done for years, and the man who could see.

As he roamed a corner of the path and came into open, a big man, with a big head, and a big voice, was on the path and stood before him. "Hello, young fellow, what's the matter with you? You have saved me and I am grateful."

He had never known evidences of his love. He had counsel with himself, but gets one of you failures to take them for him. For years you have been nourishing evil, and now you have to pay the penalty. Well, you must bear it like a man. You have sown the wind, you must reap the whirlwind. You have sown to the flesh, you must of the flesh reap corruption. Against Darkin no one ought to be angry. Only yourself can be blamed. Darkin is but the fruit of your own sowing. He never takes any chances himself, but gets one of you failures to take them for him. For years you have been nourishing evil, and now you have to pay the penalty. Well, you must bear it like a man

Display of Stock Showed Superior Quality. Gorman and Aeroplane and
Parachute Drop Big Thrills. Many Take Air Ride

Music Furnished by Vermilion Citizens Band

Following as it did four lean years and a hard winter, capped with an abundant harvest, the Fair, on Thursday and Friday last was an unmitigated success. The opening day the weather was ideal and consequently the rural attendance was small, the final day came in cloudy and threatened rain all day, which however, held off until about 6 o'clock when every event was concluded—the attendance was large. Taken into consideration the fact that the entire farming community was in the midst of the first real harvest of four seasons, it is certainly most gratifying that the old time standard of the exhibition was so ably sustained and this in face of the fact that no less than 130 entry tags were uncalled for at the office of Secy Nutton. About 200 of these were in stock lines alone, which the entrants found at the last moment it was next to impossible to take the time necessary to bring into the Fair. As it was there were only two classes which did not reach the dimensions of last year's exhibition, namely cattle and hogs; the showing in the former however, was large, dairy stock being an outstanding feature both in the pure breds and grades. The Fair just missed an earload of show stock which had started on the B.C. circuit.

Place honors were never so evenly distributed as on these grounds here. Outside and local men are to be congratulated on the magnificent types of the various breeds shown. Local breeders were well up in the prize winning classes, as the published list indicates, this also applies to the cattle. J. B. Sanborn with his Poplar Dairy Holsteins carried off the championship with a very fine cow in the purebred class over Bevington and Gilbert; he was also the banner prize-winner in grade dairy stock and won both the Commercial and Royal Bank Cups. Riley, a local breeder, had the first prize and championship grade dairy cow and won the gold medal presented by the Edmonton City Dairy. Sheep were a fair display but the swine exhibit small. Poultry entries ran well up into the hundreds, local exhibitors winning a large share of the prizes.

The main building show was probably the largest ever held. Garden vegetables and field roots were more numerous than heretofore and of superior quality and development, dairy products were good. Ladies work excelled all exhibits, the excellence of the workmanship, taste and artistic evidence was very remarkable.

School fair was a special exhibition. Displayed in two large tents were the garden product, school lunches and school work; no less than 25 districts. Outside was the stock exhibit in connection with the same. A pertinent of the published prize list of students competing will prove highly interesting.

And now a word about the attractions. The attendance of the Vermilion Citizens' Band for its full afternoons decidedly filled the rest experienced in past fairs there is nothing like band music while you are taking in the sights it is essential to complete the general enjoyment. The band boys played, played well, constantly and with all the power latent in instruments, and their pieces were sung all around the grounds. Lieut. Gorman gave splendid exhibitions each day, stunt flying and "French" made two drops into space in his parachute from the aeroplane. Passengers were taken up both afternoons and among the number were the following ladies: Miss Bertie Ryckman, Miss Gladys Dandy, Miss Daisy Woods and Miss Nell Long. On the following Monday, Miss Madge McKenzie went to Kitscoty. Saturday Sergt. J. Harris took the air trip to the Elk Point Fair and return. Others who had high aspirations were Jos. Chick, Carl Craig, W. Dwyer, Jack Grant, Stock Judge Clements, of Edmonton, Rev. H. A. Edwards, Stanley Guild, Vernon Cooper and Bert Porter. The plane was here over Sunday when a large number kept the Lieut. busy in the air. The horse racing programme witnessed the best races ever run off at Vermilion, the regulation half-mile track was in good shape and as a result fast time was made in all events.

With conditions coming back to normal there can be but little doubt that next year's fair may be confidently expected to eclipse all efforts yet put forth and have the unanimous support of the entire countryside.

NOTICE

We hereby wish to notify all our patrons that on Wednesday, September 22nd, a Jewish holiday, our store will remain closed the entire day.

IVA M WENER & SONS

Thanksgiving Day will this year be observed on Monday, October ——.

Rev W F Allan, a former pastor, will take the services at the Presbyterian church next Sunday morning and evening.

Paris, Sept. 15—Now on eve of the army of General Wrangel, anti-Bolshevik leader in Southern Russia, are soon moved today to Constantinople advices from the Don river, General Wrangel has put the railway line from Volnovakha to Taganrog. At Mariupol, the 34th division of the Bolshevik army is said to have surrendered to the insurgents.

Warsaw, Sept. 15—It is announced that Kovel, in Volhynia, has been occupied by the Poles who took 3,000 prisoners, captured 36 guns and a large quantity of war materials, which include 2 armored trains, eight aeroplanes and 300 cars.

The fall of Kovel destroys the Bolshevist railway connection between the Polish district and the southern front.

BOY SCOUT NEWS

Letters To a Patrol Leader

From the Book by the Hon. Roland E. Philipps— Scout Law Number Seven

My Dear ——,

I think you are being a huge stick some rot. I have over a large herd, and I do there were anyone years and ——— I'm sowing for many days of ——— the end of no complaint.

That ——— ing to be a special kind ——— ? By honour and for ——— at other ——— any that ——— where you ——— Public ——— there was ——— ? ——— all the ——— ing ——— wood.

Hope it ——— were cutting a good ne breakfast at ——— Hope ——— ne took his ——— smoke! ——— to please

The only thing about the aeroplane was that it did not start. Everything about it was perfect but that. It was a perfection was that a certain part of it did not do what was expected of it, therefore the whole thing failed to work.

I remember watching a tug-o'-war. Nobody took much interest in it because one side was so much better than the other. The spectators had been watching all the other sports, and when the tug-o'-war came on the scent of them were all to have their tea.

The curious thing about it was that the smaller side won quite easily. They were not nearly so powerful as their opponents, but they did the one thing which made their success certain—they pulled together, while the heavier team did not.

Your servant Scout Lay tells you that "A Scout Obeys the Orders of his Parents, Patrol Leader, or Scoumaster without question."

The Chief further says that "even if a Scout gets an order he does not like, he must do as soldiers and sailors do, he must carry it out all the same because it is his duty, and after he has done it he can come and state any reasons against it, but he must carry out the order at once in proper discipline."

He Scout ever does anything with out reason, and you must be able to give the Kangaroos a reason for carrying out the ———.

The reason a Scout obeys the order of his Scoutmaster is that if he did not do so his troop would not work. The reason that he obeys the orders of Patrol Leader is that his patrol would fail to ——— the same way.

The most important way of getting your patrol to obey you is to observe ——— and ——— yourself.

But there are other ways to get them to do so by the respect of the members of your patrol.

A patrol will always find it very much easier to obey a leader whom they respect.

Let them see that you are a Scout and not a slacker. Let them see that you do not order another boy to do anything that you would not like to do yourself. Let them know that you do not give an order quickly without thinking, and that all your orders are given with some purpose.

A good Patrol leader will never give any unnecessary orders. Orders should be as few as possible.

Another great thing is to study all your boys and to try to understand their difficulties.

It is no good getting angry with a boy because he fails to turn up on parade. The Patrol-leader's job is to find the reason why.

Perhaps there is some ——— he ——— be, and if you go round there you will be able to put matters right.

Perhaps the boy has a quarrel with another Scout in his patrol. That is a grand chance for a leader to show that he is a real Scout. If the two boys who have quarrelled trust their Leader, the one of will only last for a short time. Nearly every quarrel is due to some silly misunderstanding.

Show the Kangaroos that your object above everything else is to keep honour in your patrol, to your troop, and to the ——— Movement, as be a real, enthusiastic and ——— Leader, and by setting a ——— the ——— and ——— of Scout-like ———.

The whole point is that you take a pride in your ——— and strive to ——— the ——— to ——— and then will bring ——— to ——— and ———.

And ——— one day — I hope not — it never happen — you get an order which you know is ——— or ——— what then? Then ——— to tell yourself that this may be one of the ——— that ——— for ——— and ——— to ——— that the first ——— of your Scout ——— was to ——— God.

If ever in your life the ——— orders you ——— ish, you ——— do your duty to God ——— rather than ——— the orders of man.

——— ——— ——— ——— brother Scout.

Tax Sale

Sale of Lands in the Town of Vermilion for Arrears of Taxes

NOTICE is hereby given that certain lands in the Town of Vermilion will be offered for sale for arrears of taxes and costs on the 11th day of October, 1920, at 10 o'clock in the forenoon, at the Fire Hall. (formerly the Hollis Building). A full list of the lands to be sold was published in the VERMILION STANDARD in the issues of September 1st and September 8th, 1920.

It will be remembered by those citizens who attended the unopened meeting to start the town that Dan Cameron, K.C. Q. Dunaway bought up the question of a tramp say for competition among purchasers, and, as a living memorial to a former assistant court master who held the supreme mention while "doing his bit" it was agreed that subscriptions be collected from the newspapers to further this project. Many a mile have elapsed and the cup has not yet materialized, so that the story obtained through the wire may be known as the "Anderson-Walker Cup." Citizens of Vermilion will you help?

Another item of importance in our town is that it has been found that Second Class Scouts namely Jack Brydon, Morris Goldman, Frank English and Basil Wener. The first two to get this badge were Scouts Brydon and Goldman and our proud president, Mayor Morrison presented them with their badges and also a bank spoon as a reward for their perseverance.

Mr. Thomas White, our assistant scoutmaster who trained the scouts in second class scouting and work, has been compelled to relinquish his duties on account of pressure of business. It is such regret we see him go but hope we may again call upon him some time in the future.

The announcement pen were to look for has still to come, so keep your eye on this column.

S. F. McCluskey,
Warrant Scoutmaster.

NOTICE

Would the boy who took the mail sack off the wagon tongue on Tues day at the exhibition grounds, south of the log pile, return it to Freeman's Livery barn. If not we will send the police after him.

1821 — W. H. Trimble, Town.

FOUND

On Vermilion Hill, Sept. 10th a baby's Papoo containing clothing of about a month. Owner may have same by proving property and paying expenses.

Gordon G. Dow, Phone R1809,
1821 — Coyote Valley P.O.

1st Vermilion Troop BOY SCOUTS

The Vermilion Fair has come and gone and for the life us we have a vague idea many opportunities were presented for carrying out the Scout Laws and "The Good Turn Daily", and we believe that a number at least did do their duty as Scouts.

Our scout staff does not return of First Aid and Tent Pitching and Striking as an instruction carried out as smartly as it should have been. The fact that we were defeated had to suffer for the majority. However on this like we must all live and learn.

The Scouts who took part in the First Aid Demonstration were as follows: Scouts Goldman, English, Boyden, Craig, Mowery, Wener, Wood (Reggie) and Patrol Leader Robert Dancy. Scout Donald Craig was the patient and his supposed injuries were a broken leg, arm and jaw.

The tension on the Tent Contest were Wener's Tent under Patrol Leader Dancy, Scouts English, Pomeroy, Goldman, Boyden, Chrisp, Wood (Reggie and Mayflower) and Wener. This team was back on the pitching and striking. They pitched their tent in a minute and Bivvied in another minute and 48 seconds for their opponents, so striking they completed the operation in 48 seconds as against their competitors' minutes.

Their opponents comprised the following scouts and W.-ff Cubs — Leader Scout Bowman, Scouts Craig, Rutherford, Gardner, Berry and Cubs Wolf Cubs E. Dancy, Fenton Sherry, A. Thomas and Donald Stephens.

The tension rose and as usually manifested as they might have been, this was no exception to the rule. Scout Bowman's tent was the first to be completed, and he then went to help Mr. Simon for the rest of his tent and still retrieve it ere time ran out to disqualify.

It will be remembered by those citizens who attended the unopened meeting to start the town that Dan Cameron, K.C. Q. Dunaway bought up the question of a tramp say for competition among purchasers, and, as a living memorial to a former assistant court master who held the supreme mention while "doing his bit" it was agreed that subscriptions be collected from the newspapers to further this project. Many a mile have elapsed and the cup has not yet materialized, so that the story obtained through the wire may be known as the "Anderson-Walker Cup." Citizens of Vermilion will you help?

The weather greeted the Mannville Fair on Wednesday of last week. What's the attendance was large, the number of autos fell away before that of former years attributed to the busy time on the farm. Mannville band contributed music and Tailfeour with his aeroplane provided the thrills. Quite a number took the air ride among whom was Mrs. A. E. Austin.

Dean Howes, Mrs. Howes and the children of Edmonton, were the guests of Mr and Mrs. H P Long, town, last week.

Must Keep Money In Canada Says Minister of Finance

Toronto.—On the authority of Sir Henry Drayton, minister of finance, the following statement has been issued regarding the financial situation in Canada:

"Owing to the financial conditions arising from the war and the change in Canada in recent months from a favorable trade balance to an adverse trade balance, the minister of finance has requested the Canadian banks to decline to facilitate the importation or carrying of Canadian and other securities which have been held abroad. To that end the ministers is requesting the banks to have purchases of sterling or foreign exchange in amounts of a thousand dollars over, and drafts of drafts received for collection from outside of Canada for amounts over, refused that the exchange so received or the draft from abroad does not represent the sale of securities of Canada or such securities.

"The minister is of the opinion that it is impossible for Canada to absorb this portion of its foreign debt or foreign securities at the present juncture without embarrassment to general financial conditions. Every available dollar in Canada is required for the boom is financing the crop movement and if money is withdrawn in the way referred to, the settlement will seriously affect and restrict the commercial activities of the country."

Explosion in Artillery Depot.

Berlin — Twenty-three persons were killed at the artillery depot at Hammerbrucke, near Wilhelmshaven, when two laboratories and a large number of munition sheds were blown up by an explosion. The explosion was the result of an accident, while shells were being unloaded.

Leniency Is A Failure

Lloyd George Says Guarantees of Good Behaviour Are Necessary In Ireland.

London.—Continuance that attacks upon police in Ireland must cease are necessary before the government can consider the liberation of Terence MacSwiney, lord mayor of Cork, and other hunger strikers, says the London Times in opinion. Premier Lloyd George's views on the subject as outlined in his interview at Virgy, Switzerland.

"The policy of leniency has been tried three times already," says the newspaper. "After the Easter rebellion of 1916 a large number of prisoners were unconditionally released and took since then the same thing has been done. The very men let out of prison are engaged in fresh conspiracies and started murdering police in Ireland all over again."

The newspaper declares the government must protect the forces in Ireland or withdraw them altogether. It says that Premier Lloyd George made a distinction between the Sinn Fein, which is not "a criminal organization" and the republican army. "Sinn Feinism" is used by force to dismember the British Empire

French Object to American Interest

Rate For New Loan Calculated at 9 42 Per Cent

Paris—The French press, commenting on the new loan to be floated by the French government in the United States, says that the amount of interest to be borne by the $400,000,000 issued which, with the charges and premiums, is calculated at 9.42 per cent. Thus, it is noted, appears very high to the French people, unacquainted with the money situation in the United States. It is not considered, however, the commercial system, when compared with the existing state of affairs in France, where the rate is two and one-half per cent and the bonds are redeemable at par.

Russia Now Anxious To Restore Peace

Soviets Were Amused at Allies Imposing Blockade of Russia

We have the stock of Jewelry— You have the money — Frank H. Harris, Jeweller & Optician, Vermilion. 10c

A. C Demers has sold out his conveyance business, residence and property and is moving to Morinville, Yt.

John Selthik, Secy of the M. D of Vermilion Valley will be at the office of J. T. Fyfe, Islay on Saturday Sept. 18th for the purpose of conducting municipal business. Anyone having business of this nature kindly attend.

Mr. and Mrs. H. P. Long and family are spending their vacation at Hughes.

In the first game of the series for the provincial senior championship, the Yeos of Edmonton defeated Lloydminster 4-0. The game was played at Edmonton Saturday afternoon

All seats are reserved for the Canadian Juveniles, on sale at Long's Drug Store.

Mr. J. Rook and family left the first of the week for Key, Montana, where he will have Mrs. Rook and the children for a time, proceeding to Portland, Oregon where he has secured a lucrative position as mechanic We regret to see the family depart as they have been residents of the town for several years They leave a large circle of warm friends who wish the family every success in their new home.

The famous Canadian Juveniles are to be at the Columbia Theatre next Wednesday night. Sept 22nd. Always good and popular favourite, they are better than ever this season

It is the intention of the ranchers of the Vermilion district to hold a field day of all crops and stock at this end steps will shortly be taken to perfect the details of the work and layout of the territory. The idea is that the country be thorough and thereby eliminate in a large degree the all annual search for stray stock, and especially in order to introduce into the country from the Battle River in the south to the Saskatchewan River in the north. The meeting will be taken by townships and it is expected that the most representative of each will assume charge. A meeting to be called in a few weeks time at which the details are to be worked out

LITTLE BRUCE HANNAH TRAMPLED BY HORSE

Rendered Unconscious— Is At Hospital But Injuries Not Serious

Little 8-year old Bruce Hannah was badly trampled, about 5.30 Wednesday afternoon, by one of the horses of a team belonging to Sargeant Salter, Mr. Scott, which the young lad attempted to stop when they were starting to run away from the curb on First St. south. Mr. Scott had just left the team to run into a store and when the team started off Bruce, who was on a pony behind the rush, jumped down and ran ahead to stop them. On reaching the bridle of the nearest horse it struck out with one of its feet, knocking the lad unconscious. Mr Kirpatrick sought the team and Hubert Watson bore the injured boy to the office of Drs. Smith & MacDougall for treatment. He was taken to the Municipal Hospital, where latest reports state his injuries are not of a serious nature.

LADY ENUMERATORS ARE APPOINTED

Mrs. John Selthik, Mrs. Elizabeth Taylor and Mrs. McRoberts, all members of the West of E.C association have been appointed enumerators for the town of Vermilion for the coming referendum. The town is divided into three polling divisions, eastern, west and south Vermilion as at the last Dominion election. Mrs. Selthik will enumerate for the eastern poll Mrs. Taylor for the east and Mrs. McRoberts for the south. There is no registration but it will assist these enumerators if electors will make them their names

The Grain Market

A bad slump took place in grain prices Tuesday, wheat dropping 10c, oats 4c, barley 2 and Rye 10c.

Prices this Wednesday were quoted as follows —

Wheat, No 1 Northern	$2.18
" No. 2	$2.15
" No. 3	$2.10
Oats, No 2 C W	
Barley	.79
Rye	$1.45

Corn wheat is grading 1 and 2, is slightly shrunken and a little off colour

R C Jackson barrister of Edmonton who has been visiting in town and renewing old acquaintance returned to the city Saturday. While here he was the guest of Mr and Mrs I Winters. He was greatly impressed with the progressive appearance of Vermilion and the splendid residences of its development

A reduction has been made in the price of Ford cars of $100 and on Overland cars of $150. Garages and office accordingly.

J McLellan of the S.S.B. was a pleasant caller to town, the guest of J. Winters

Children Must Have Proper Fitting Shoes

Or their health and development will suffer. Careful mothers appreciate this and insist on Hurlbuts —because they are scientifically made to conform to the needs of children's feet They are roomy, well shaped Every toe has its right to grow They support arch and instep to cushion sole from heel to toe makes them comfortable and jar-preventing No effort or thought is spared to make Hurlbuts the ideal shoe for children Hurlbuts are the highest quality shoes in Canada and though they cost more than inferior shoes they last much longer. It is price-per-day-wear that determines real cost.

The Coming Liquor Referendum

What is regarded as [illegible] in the long war waged against [illegible] will be fought at the ballot boxes in Manitoba, [illegible] on the 27th of October. The [illegible] of the referendum vote on that date has [illegible] and the completion of the lists for qualified [illegible] organization forces are likewise being up [illegible]

[illegible] to be held by readers of [illegible] whether liquor-dry prohibition [illegible] the abolition of all citizens qualified [illegible] regardless of the [illegible] and [illegible] [illegible] the [illegible] [illegible]

[illegible] purchaser of the sale of intoxicants [illegible] beverage purposes has for some years been in effect. There [illegible] nothing to prevent a person in any one of these Provinces from buying liquor in another Province and having it shipped to him for his personal use. The result is, of course, that while there is prohibition [illegible] and actual prohibition of local sale, there is no truly effective prohibition at the use of intoxicants.

Though the votes cast for them in the referendum on October 25 the men and women of Western Canada are to decide whether, in addition to prohibition of local sale within a Province, there shall be prohibition of importation of liquor into any one Province from any other Province or country. In other words, whether it shall be made illegal for any person [illegible] to have in his possession for use [illegible] a very limited quantity [illegible] a [illegible] [illegible] [illegible]

RED PIMPLES ITCHED TERRIBLY

OnChest,Face,Arms.Burned Badly. Cuticura Heals.

"Four about 1 was troubled by my chest, face and arms with red pimples. They were accompanied by a burning and itching sensation and I scratched them occasionally to relieve the itching. The pimples soon developed into pustules which burned badly.

Then I used Cuticura Soap and Ointment. I had used them two or three times when I felt better and I was healed with one box of Cuticura Ointment and two cakes of Cuticura Soap." (Signed) Miss Bertha Lamb, R.—, Magnolia, February 12, 1913.

The Cuticura Soap and Ointment are sold throughout the world. Sample of each free, with 32-p. Skin Book. Address: "Cuticura," Dept. L, Boston.

WORST EXAMPLE OF MERCHANDISING

Stanley Clague of the audit bureau of circulation, said at Toronto the newspaper publishing business was the worst example of merchandising in the whole realm of business, as it was the only business where the finished product was sold for less than the cost of the raw material. "With but a few exceptions," he said, "the subscribers of the daily papers of Canada pay less for them than the publisher pays at the mill for the newsprint. He thought it not fair that the advertiser was sold died with the whole cost of the news service and publishing, as well as a large part of the newsprint cost.

URGED TO SHIP GRAIN AT ONCE

Information has been received by the Department of Agriculture from the Canadian Pacific Railway that this Company has a large surplus of cars awaiting loading and in view of the heavy crop of grain to be shipped, there is a prospect of a car shortage later on in the season. The Department would therefore urge farmers and grain firms to ship as much grain as possible to the head of the Lakes during the present month. In doing this, the Department is not in any way advising people to sell their grain at the present time as this is a matter which each man must decide for himself.

The regular meeting of Britannia Lodge, No. 45 will be held on Monday Sept. 6th in the I.O.O.F. hall at 8 o'clock instead of as usual

STORING THE VEGETABLE CROP

The vegetable crop has been an abundant one in most places in Canada this year, and many persons will have a large quantity to store. It is important that care be taken in storing so that losses will be reduced to a minimum.

Potatoes should be dry when stored and where possible put above the temperature will not go above 40 deg. F. or below 32 deg. In order that the surface of the potatoes can be kept dry and in the best condition to avoid rotting, provision should be made for [illegible] through them. If they are stored in considerable or large quantities such provision is made by keeping the [illegible] and the smaller of the floor by first putting down a slatted temporary floor with the [illegible] just close enough so the potatoes will not fall through, and a ventilating [illegible] from [illegible] from the permanent wall would permit a still freer circulation of air. Keeping them in crate-like boxes with openings between the [illegible] top, bottom and sides is a good method.

1st Vermilion Troop BOY SCOUTS

The summer activities of Scouting have now practically come to a close and it is with thoughtful minds we look backward to our winter programme. A troop to have a successful winter season has not to neglect the social side of his make-up, so that our troop have been decided to start the 53rd rolling in proper style by staging a first class concert in the Columbian Theatre on a date to be announced in the near future.

We are to have the assistance of a Scouts from Lindbergh, Mallaig and Marshall and thanks to the arrangements made we are to have [illegible] Rovers, full particulars will be forthcoming at our early date.

The attendance at most parades have improved greatly with the opening of school, and we trust that by the town council meets in session on Monday next it will have no trouble in getting us have the use of the Scouts Hall for our parades, when, as results, we will be in a position to [illegible] inaugurate the coming Fire Engine which is installed there.

Another new has attained us and also rank, namely Scout Reginald Wood. Well Cub Goldman has also attained to being the first cub to get a star, which as Wolf Cub phraseology means, having his first 2nd class. The presentation of Colonial Jackson seems to have a great attraction for many boys, and to-day [illegible] had his laundry for the week washed and starched free of charge by enterprising scout Lindgreen.

Inspection of bands and troops in the district takes place next Tuesday. My last there are some 70 or so names for disposal, with the [illegible] Scouts, a number of the Agricultural Society, a number of the sport ten successive Saturday afternoons at the Fair grounds

LOCALS

Headaches and any defects of the Eye Sight properly treated by M Hewlett-so, the Edmonton Eye Expert At the Brunswick Hotel, Vermilion, Friday October 8th.

Dr. Curtis now settled in the Hunter house which he has bought.

J F McNaught, secretary of the M D of Edgerton, No. 512 was in town from Wednesday on Monday in connection with the publication of the tax sale list of his district, which appears in this issue of the Standard

R C Edwards of Moosejaw returned the first of the week from Chicago where he marketed two carloads of cattle He did not speak enthusiastically of the prices realized on that market.

A charge against four Galicians of the Angle Lake and Myrnam districts under the Inland Revenue Act was heard here on Friday last before Col. McLeod, magistrate of Edmonton. The accused were found guilty of having illicit stills and were fined $1,+10

There is a heavy demand for houses in the town with few to be obtained.

Chairman Pibbie of the School Board informs the Standard that the debentures for the completion of the two rooms in the big school, have been sold and that it is the intention to proceed with the work at the earliest possible moment. Accommodation for pupils is at a premium.

W.A.C Mountain of Calgary, who has been here for the past week in connection with the death of his father, returned home this Thursday.

Basil Scarborough and Vernon B Cooper left Saturday night for the University of Alberta, the former to continue his course in medicine and the latter as a freshman with second year standing. He is taking both arts and medicine.

P Erlenn of Mary Lake who recently shipped two carloads of mixed cattle to the Winnipeg market, reports the prices realized were away below expectations. On two and three year old steers he got 10c, he says heifer $6.10 per cwt. fat cows, and other cows the yearling steers fat and veal calves 9c and 10c

Several degrees of frost Monday night has apparently cleared up the unfavorable weather conditions which had prevailed from Thursday morning last Tuesday the sun rose on a cloudless sky with hardly a breath of wind. All threshing operations which had ceased owing to the rains will likely be resumed from now on.

Homestead Inspector J. A. Hesp and family have moved into the cottage owned by P. O. Pibbie on the south side.

REVOLT AND UNREST AMONG REDS

Paris, Oct. 5 In comment today on the success of the Poles and General Wrangle against the Russian troops, the opinion is expressed by the French foreign office that the situation of the soviet government had never been as precarious as it was at the present Advices have reached the foreign office that General Wrangle's advance in Southern Russia is continuing and that the rout of the northern soviet armies facing the Poles have been completed.

The Red army is reported to be in a state of disorganization, the harvest unexplained and provisions broken out in Siberia, Tomsk, and near Samara. There is great unrest among the workmen.

THE STANDARD

VERMILION, - - ALBERTA

A. R. P. COOPER, Editor.

THE STANDARD

VERMILION, ALTA., OCT. 6 1920

By Royal Proclamation, His Excellency, the Governor General of Canada has again designated October 9th as Fire Prevention Day. On that day, lessons on fire prevention subjects will be given in every school, public meetings will be held in many of the cities, towns and larger villages, and the readers and occupants of property everywhere through Canada will be counselled to give special attention to the removal of fire hazards from their premises.

F. J. Stanley and family are occupying the English Church recently vacated by Rev. H. Edwards who has moved into his new home in the east end.

Fire waste is one of the most serious economic problems confronting Canada at the present time. The public in general is vitally affected by the tremendous annual money incurred by fire and the enormous expenditures for fire protection in order adequately protect life and property from its ravages. Seeing that at least seventy-five per cent of all fires are caused by carelessness and can therefore be prevented, it is the obvious duty of municipal authorities, fire department officials, boards of trade and other representative citizen bodies to bring the matter to the attention of the people

If you do not want your Property sold, pay all the arrears before Oct. 14th.

WHY EXPERIMENT?

Food scientists claim that the leavener is largely responsible for the flavor, texture and wholesomeness of your home baking. That on no other one ingredient does so much depend. It is important, therefore, to use a baking powder that you know possesses the necessary leavening qualities.

MAGIC BAKING POWDER

Contains No Alum

and is the only strictly high class baking powder in Canada selling at a moderate price. Its reputation is built on purity and highest quality.

The only well known medium priced baking powder made in Canada that does not contain alum and that has all its ingredients plainly stated on the label.

Save Waste Paper

Takes Place of Wood Pulp and Saves Millions of Trees.

Few of us realize the importance of saving waste paper. Today when the country is threatened with a wood and paper famine and prices for forests are disappearing so rapidly every effort should be made to save every scrap of paper. It is estimated that the saving of paper would make a great deal more than 100,000 tons of lumber each year. Waste paper such as old magazines, books and kinds of printed matter and paper boxes, takes the place of wood pulp and saves millions of trees. Such material is needed for paper making paper boxes, roofing and building boards and paper shingles, cartons of all kinds which carry as much as 100 pounds. If everyone would save the waste paper he has for a month it would not be necessary to use a single tree for such material. It would save more than 500,000,000 feet of lumber each year to make the paper shipping cases used throughout the country.

Scotland Yard now employs X-rays in examining the wearing apparel of suspects for hidden papers or weapons and poisons.

A waste and over-worked man recently visited Mexico in Manley Barrow's Pullman car.

Moving Pictures of Livestock Industry

Pathe Corporation Is Working In Conjunction With Grain Growers' Association.

Moose Jaw, in the course of the next chapters of a film story which is being prepared by the Pathe Film Corporation, a staff from the working of the ranch, down from the ranch to market.

The film is being made by arrangement and with the co-operation of the Grain Growers' Association and shows the cattle on the farms of Chris Jacobs, followed by a series of a large shipment being loaded and loaded on the cars at the Manor stockyards and thence to the Western market.

The completion the moving picture shows entirely through at the west, and it is expected that the picture house in a way that would interest everyone in the west, and all parts of the country, and get the best results in marketing live stock.

Grain Growers' Smile.

The grain growers of the Western provinces when told that eighty per cent of the products of Canadian farms are consumed on the farms, it would take exactly one-quarter of a man's time to supply the needs of the whole country. Consequently

No Rest With Asthma

Many sufferers have tried in vain to get a good night's rest. Hence they are pale and haggard in the morning. Asthma Remedy has proved its merits through years of success. A trial will surely convince you.

To Increase Membership

Knights of Pythias Reducing Minimum Age Limit to Eighteen Years.

In conformity with its general policy of expansion by which it is prepared to carry the principles of the order into new fields of Pythian endeavor the Knights of Pythias of Canada, at its annual session in Ottawa, decided to lower the age limit for admission to membership from 21 to 18 years. Although there is no hope for persons who have arrived at middle age persons not less than 21 years of age and under 45, except that persons over 45 might be accepted as members by dispensation from the Supreme Lodge of the World. They must be men of good character, sound in body and mind, and of temperate habits.

Sloan's Liniment for Rheumatism

OF INTEREST TO WOMEN

This is a Short Letter, But It Proves the Reliability of Lydia E. Pinkham's Vegetable Compound.

Bothwell, Ont.—"I was weak and run down, had no appetite and was nervous. The nurse who attended me recommended me to try Lydia E. Pinkham's Vegetable Compound, and now I am strong, nervous, sleep well, have a good appetite, and get the best results in marketing live stock.

Mrs. P. Graham's Vegetable Compound is wonderful in overcoming weakness as it is because it contains the best, strongest restorative herbs, and old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and as it contains no narcotics or harmful drugs it is a safe medicine for women.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read, and answered by women only.

UNRESERVED AUCTION

PURE BRED PERCHERONS

10 Head 11 Females 3 Males

To be held on our farm at Ferintosh, Alta,
—ON—
WEDNESDAY, NOVEMBER 3rd, at 1 P.M.

No animal in this offering is over 6 years old and they are all raised and bred on our farm, every head except three; breeding sired by our stock horses, Hadrian or Prometer, both weighing over a ton, and both outstanding show individuals.

Mature Mares, Young in-Foal Mares, Young Stallions ready for service and Seven Sucker Foals of royal breeding.

The colts we now offer are from mares fully equal to our two great sires. Many of our mares weigh above a ton a real ton upon a real weigh scale. Among these mares are many famous American and Canadian show winners.

The breeding of the mares is royal as regards size and breeding, that you could hardly duplicate. Prominent blood lines at any other breeding establishment on the North American continent. One strong mare weighs a ton in weight and all outstanding American winners by Hollie, an International Grand Champion. Another is by Stephenie, one of the truly great sires of the breed. Another is by Calypso, an International Grand Champion. Still another is by Gilbey Grand Champion at Iowa. Ist prize 3 yr old at Chicago. Another is a prize winning mare, sired Grand Champion at at Chicago. Another is by Hadrian, several times Grand Champion at Calgary and Edmonton. Two of these both blacks are included in the sale.

It is from such mares that the colts we offer are bred.

It is by Promoter and Hadrian that all of them are sired.

Remember there are young mares, sired by Hadrian and now in foal to Promoter

Remember there are young stallions ready for service.

Remember there are seven suckers and four yearlings and that young stock grows into money

Remember the sale is without reserve and we give of absolute guarantee of soundness.

Catalogues gladly mailed on request

TERMS Half cash, balance bankable notes. Strangers will bring bank references Remember the date and place.

FERINTOSH is on the C.N.R. 9 miles south of Vermilion which is a junction point of the C.N.R. C.P.R. and G.T.P. All trains will be met; guests either by the farm or Ferintosh

Rate Case May Be Referred Back To Railway Commission

Ottawa.—Hearing by the Government of the appeal from the decision of the Railway Board granting increased railway rates, was closed after two days of argument before Prime Minister Meighen and several of his colleagues. The Prime Minister stated that due consideration will be given to the statements made before them, in defense of the rates judgment. He remarked that many of the matters discussed before the members were such as could only be determined by a properly constituted tribunal, such as the Railway Commission. Unless the Government proposed to reverse the decision of the board, it would be necessary to appoint a commission to decide as to whether or not a policy has been adopted which is repugnant to public policy.

Should it appear that an error had been made by the board, a reference back to that body would be appropriate. However, such matter had been brought forward which could receive the consideration of the Government and a decision would be given as soon as possible.

That a railway company is entitled to whatever powers are involved in working under rates that are fair and reasonable, was the crux of the argument advanced by W. N. Tilley, K.C., chief counsel for the C.P.R., in opposing the request for reversal of the decision of the Railway Board.

In answer to a question from Hon. C. C. Ballantyne, Mr. Tilley explained that the C.P.R. could, by arrangement, means, be able to pay 10 per cent. dividend on the stock, as declared, from earnings above 6 per cent. Rates were declared unreasonable by the Railway Commission in 1914, and other circumstances have arisen which make the company entitled to more.

In the argument on the application were heard counsel representing the Canadian Manufacturers' Association, the Grain Growers' Association, the Retail Merchants' Association, the Canadian Council of Agriculture, the Dominion Millers' Association, the Canadian Lumbermen's Association, the Canadian Pacific Railway, the Canadian Northern Railway, the Grand Trunk Railway, the Canadian Pacific Railway Company, the Canadian Northern Railway Company, the Grand Trunk Railway Company

CALGARY STOCK YARDS BRANCH

RIPE STRAWBERRIES ON VINES 7TH OCT.

The editor picked and ate luscious ripe strawberries in the garden of Councillor and Mrs. W. H. Duncan, town to-day which about carries the record for late fruit in the Dominion. The funny thing is that the thirty odd vines are bearing fruit, from a green berry to the bright red ripe product, and the flavor is the equal of the early summer crop.

FIELD DAY SPORTS HIGHLY ENJOYED

Vermilion Schools Hold First Annual Events Last Friday

The Vermilion High and Public School teachers are to be warmly congratulated on the great success attending the holding of the first field day of the town schools, held on the athletic grounds on Friday afternoon last. The atmosphere was just comfortable for onlookers and ideal for participants in the numerous and keenly contested lists of events and the sentiment of all is expressed in stating that it was a glorious occasion. There is nothing like a strenuous afternoon mixed up with some three hundred school students chuck full of health, vigor and endeavor, to make one feel that it is real life. It was indeed a pleasure for those who assisted Mr. Crosby and Mr. Prins in carrying off the long programme, and it was completed without delay and without a hitch. The school's have some fine athletes in the making and these are not confined to the boys alone. The jumping events were outstanding feature of the programme, the performances of young Anderson in the junior vault when he cleared 6ft 4in. was simply remarkable and without doubt the greatest feat of the day. In the senior class, Clarence Keys vaulted 7ft and as this was the limit of the the posts, Clarence was unable to give an exhibition of what he really could do. The Standard is informed by the teachers that many more events are listed for next time's field day this one being the first it was not thought advisable to make it too complex. First, Second and Third place ribbons were awarded as honors to the successful competitors, a full list of which appear elsewhere.

Teachers' Convention

The annual convention of the Vegreville, Mannville and Vermilion inspectorates will be held in Vegreville October 28-29. Further announcement of the programme will be made in the next issue of this paper.

Ada I. Wright,
Secretary of Association.

Fixing Up the Hen House

Now is the Time to Clean and Make Repairs.

The time has come to make some definite move in the hen house. There are still several months before the hens should be doing their best work, but the time to get ready for winter egg production is now. Any work now that will be necessary should be done so that the hens may enter the early months of winter without having undue disturbance. The poles should be put in place, the nests should be put in a comfortable position, whitewashed and the old litter removed. Every late morning would destroy or fading it in the sunlight, so darker when are the uses of to-morrow—The Western Home Monthly, Feb. 20th.

The League of Nations

Good Results Attend the Jamboree Held by the Boy Scouts.

For indeed never the spectacle of so much youth and enthusiasm ought to be a music at least equal to any that the seaside can produce, and no one can watch the "clamoring up" of the youngsters for the future of the League. There are plans on foot for backing the meeting an annual affair but for strengthening the organization in more communities and for a solution in the interval of which all success ought to be certain. Other generations to part, new powers for good or ill would flourish or fading it in the Hall Square of to-day who are the men of to-morrow—The Western Scout, Feb. 20th.

For Married Men Only

When your sons are dull as a bore, ask your wife if she wasn't paring her nails for the only penniless and said she did during the battle.

An Exhibition Shop

The Dalgety Brothers' store at Fort Qu'Appelle, Sask., is being run as a big exhibition shop. Every line of goods carried is displayed in the most attractive manner and the whole establishment is a model of neatness and order. Four More Trading Posts

Germans Ordered To Release Ships

Monitrous For Poland, Are Held in Kiel Canal.

Paris.—The remnant of ambassadors dispatched a note to Germany demanding the immediate release of three ships loaded with munitions for Poland, which are being held in the Kiel Canal by the German authorities. The note specifically mentions the Danish ship Ingrid, but there are two other ships which also are being held.

Germany has taken the position that she is neutral in the Russo-Polish war and that therefore she could not permit the passage of the ships, which is denied by the Entente.

7 Jewels

MEET Ingersoll Reliance—the seven jewelled star timepiece of the Ingersoll Watches.

Smart as they make 'em, aristocratic in appearance, alert, sturdy and distinguished—but a regular fellow.

And he sure keeps regular time!

Reliance has been trained that way. Before he leaves the Ingersoll factory he is tested to tell time correctly in six different positions—two days in each.

But you don't know the half of it, yet. Reliance is given 117 other inspections to see that his seven jewelled, bridge-type works functions perfectly.

These tests contain the best features of 361 different watches which were studied in constructing Reliance—yet Reliance has 29 less parts than the average watch.

Simplicity, accuracy, sturdiness and beauty make the Reliance a watch anyone can be proud to wear.

Yet the price is but $9.25 in nickel case. $14.50 in gold-filled.

Ingersoll

Models from $3.25 to $14.50

Miners Must Get Busy

Alberta Coal Operators Will Re-open Negotiations When Men Resume Work

Calgary, Alta.—By a peculiar coincidence the Alberta coal operators have decided to re-open negotiations with the miners on the very day that the latter have decided to go back to work. The operators have decided to re-open negotiations with the miners on the very day that the latter have decided to go back to work.

Will Ask Germans to Explain

A HEAVY LOAD IS BEING CARRIED BY THE FARMERS

AGRICULTURE UNABLE TO COMPETE UNDER CONDITIONS.

Conflicting Evidence Is Given Before Tariff Commission at Edmonton.

Edmonton, Alta.—Protection is being forced by the present tariff upon the prosperity of Edmonton's industries and is necessary to their expansion, while at the same time it is proving a burden to the farmers and driving them off the land, according to conflicting evidence given before the tariff commission here.

The manufacturers of the city demanded the rural farmers and the Dominion be maintained upon a high scale, pointing out that the present tariff while the representatives of the farmers urge that it be changed and that a lower scale prospect.

Edmonton as a capital city of a farming community, should have the opportunities that are given to other cities, which are operated by Hamilton, Montreal, concerned manufacturers of agriculture, who were also present, witness before the Tariff Commission, were determined to.

Alberta farmers have to compete in the open market with the world, and that under all that is asked that they have the privilege of buying in the cheapest market.

Questions the price of wheat has undergone fluctuations, which will mean money loss to the farmer.

He asked that the Dominion government permission to allow the Canadian Livestock growers the entry of their cattle.

Mr. Marshall concluded by asking protection be denied.

Harry Bell, from Nat. ... a ... that a board ... not handling ... where ... is a ... of the ... people ... of wheat in Canada at present ... the demand. It is not sound ... going to say that it has declared ... the wheat board is not handling ...

The Scout concert next Wednesday night is going to be a real treat for the programme is a good one. Buy your tickets from the Scouts.

The Salvation Army officers wish to take this opportunity of thanking the people of Vermilion for their generous assistance in helping to make their Harvest Sale a success. $80.00 was the amount realized

The Ladies Orange Benevolent Association at their last meeting passed an unanimous resolution endorsing the idea of forthcoming temperance by using every possible opportunity and influence to get a favorable vote at the coming referendum, asking that the importation and bringing of intoxicating liquors into the province be forbidden.

It is reported that the C.N.R. also will make a test of the available water supply in the well sunk by Blake & Herten on the farm lands just south of the railway yards. Although the above parties have been supplying water throughout the town from the well in question for the past year the mains have never lowered and it is believed that the supply is unlimited.

The Girls' Club are holding a big dance in the Allen Hall on Friday night. All invited.

Every citizen of Vermilion should show their appreciation of the splendid work being done by Scout Master McCluskey for the Boys of the Vermilion Troop of Scouts, by attending the Benefit Concert to be held in the Columbia Theatre next Wednesday night, October 20th. Remember, our boys are the citizens of tomorrow and the training in the Tea Scout Laws inculcates ideals of the highest type of manhood

Three hundred circular letters have been issued by C. W. Rostiover, secretary of the Vermilion Live Stock Protective Association in regard to the proposed round-up of stock on the range, to which reference was made in this paper the middle of September. These letters explains fully the proposed action suggested to be taken in the matter, and further discussion of the round up will take place at a meeting in Vermilion on Saturday, Oct. 23rd at 2 p.m. It was decided to handle the round-up through the V.L.P. association.

Stockmen—Attention!

A meeting of all stockmen in the Vermilion Valley, ranges 1 to 12 inclusive, and between North Saskatchewan and Battle Rivers will be held in the Bimascamis Hall, Vermilion, on Saturday, 16th 23rd at 2 p. m. to discuss the proposed round-up of all cattle and horses on range in above territory. A great attendance is requested.

The mysterious organization known as the O.A. & H.O.P.E. are holding another of their delightful dances on Monday evening, November 1st. The affair is to be held in the assembly hall of the Vermilion Schools of Agriculture and some three hundred invitations are being issued.

An important business deal was put through in this week whereby Craig Bros. old store, just south of the Canadian Bank of Commerce, was purchased by Arthur Bange who is about to convert it into an up-to-date assembly and dance hall. The new premises have already been christened the Allen Hall.

A Sad Fatality

The sympathy of the whole community is extended to Mr. and Mrs. J.E. Reid in the loss of their little son Lloyd, aged 9 years and 4 months, who was accidently shot on the morning of Oct. 11th about 7.30 o'clock. A little friend who was stopping with him had gone to his room before Lloyd was up. He picked up a 10-gauge pump-gun, which was supposed to be unloaded, and while examining it it was accidently discharged, the charge entering the groin at little Lloyd, penetrated to the heart and almost instantly killed him.

The funeral took place from the home to the Holmes Union Church on Wednesday, Oct. 13th the Revs. P.H Roberts and M.L. Wright officiating The whole community turned out to express their sympathy with the sorrowing family and pay their respects to the deceased. Several went out from Vermilion to Lloyd's home through the terrible flood then in progress, so that the church could not hold the congregation with accommodation.

Many letters of condolence were received while the following sent flowers Mr. and Mrs. P.C. Hicks, a cross, Mr. and Mrs. Anderson & family, spray, Masonic Lodge, spray, Jimmie and Bobbie Maxwell, wreath, U. F. A. & U. F. W. A., wreath, Mr. and Mrs. Fleming, spray.

Mr. and Mrs. J. E. Reid wish to thank their friends for the many expressions of sympathy and practical acts of kindness shown them in the time of their bereavement.

SIDE-STEPPING THE ISSUE

There is a great deal of foolish talk going on about the Bolshevik menace. The letter of Mr. P.E. Pilkie which we published in the Standard last week is a case in point. It seems to be quite clear from this letter that Mr. Pilkie wants to take a drink or one can't tell and is not willing to consider any measure that would deprive him of it or even curtail it. I presume that he has a perfect right to take it when he imagines alcohol is the part of a man who takes a drink when it is at hand and not take any when the opportunity passes, but to me debatable ground and even open to censure. But it is a well known fact that one of the great evils of strong drink as a beverage is that when a man has a couple of nuns one can take it or let it alone. It is all very well to say as Mr. Pilkie parades the logic that everyone that buys booze and it out for more is unreasonable but the way I contracted most of my drinking to longer the satisfaction like I took care give him, because of the pain which he sees it brings upon ordinary good men and innocent women and children. In view of this phase of the question it is easy to see why a man who takes a drink when it is at hand may calmly leave he has the chance to do so. [illegible]

Let us talk about two fated people and causes and extremists and backwashing in the way that Mr. Pilkie does is simply direct and crude. It is like stopping the train to avoid a hornet and honorable the man's intentions may be. Nothing was ever accomplished can ever be accomplished by such methods and such thinking and such talking.

The late lamented and general of war on indignity say to the man in his route to him who is afraid of the difficulties and the obstacles of doing his job and the faults of the men who follow: We know that he can put them aside and calls for HIS.

A great and wonderful opportunity — before every Canadian patriot, man or woman. Let us be careful lest we deceive ourselves and hide the real issue with [illegible] and with cursings. Strong drink is a curse, and cruelty. Everyone knows it. It has been demonstrated round and round. There is something [illegible] that is [illegible] to [illegible] and [illegible] the House of Commons that strong drink had caused much destruction and evil and [illegible] of farming and [illegible] can. [illegible] great war we are not [illegible] to be England — strong and [illegible] that keeps [illegible] their great [illegible]. The great [illegible] is the [illegible] after a full trial of complete prohibition measures in [illegible] parts of the province [illegible] [illegible] [illegible]

Lusitania!

At 2.15 in the afternoon of Friday, May 7, 1915, the Lusitania, one of the Cunard Line, homeward bound with 1959 men on board, was torpedoed by the Germans and sunk. 1096 men, women and children went down with her to a watery grave. Through the courage and heroism of her officers and men, 761 were saved, to tell the tale of theft cowardly crime that stands in the pages of the history of war.

Lusitania was the queen of all the fleets of the seas, the proudest ship that ever stemmed the wave of ocean. A thing of steel and steam, the heart of her builders had woven into her fabric something that was more than metal, something that vibrated as with the pulse of life and made her beloved. Beauty, speed, virile and grace were born, beyond all other ships, and the pride of her glory had permeated her, even as the poet's image gave birth to Aphrodite. And in the great annals of her being she carried — that May day — a freight of humanity, the rich and the poor, famous and humble alike.

Non-combatant, defenceless, strove in the remorselessness of right, Lusitania sailed into the Irish sea, to be smit ed by a shrieking foe. Two torpedoes struck her side, her great heart burst, the stern bulk lurched and settled, and sank, and after ten agonizing moments of brave effort the rush of waters and choking noise of struggling bodies were all that was left to mark the spot.

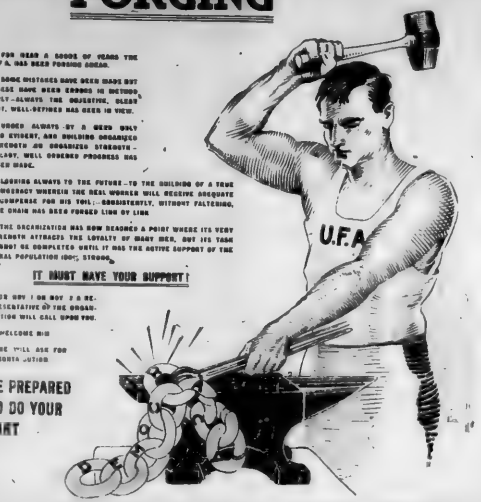
The Lusitania of the Seas had sunk.

And she was but one of an hundred of the pirate's toll.

"If this be the price of Empire, "Lord God, we have paid in full"

Ships must sail, and so long as they sail men must be found with keen, trained minds and hearts of oak to guide them and brave the terrors of the deep. It is the province of the Navy League to teach, inspire and comfort those who go down to the sea in ships, to voice the pride and comfort of the race in them; and for this the League asks your support and your faith.

FORGING



FOR NEAR A DOZEN OF YEARS THE U.F.A. HAS BEEN FORGING AHEAD.

SOME DISTANCES HAVE BEEN MADE BUT THESE HAVE NEVER BROKEN IN DISTRICT, GUILT—ALWAYS THE OBJECTIVE, CLEAR CUT, WELL-DEFINED HAS BEEN IN VIEW.

UNDER ALWAYS—BY A DEED ONLY TOO EVIDENT, AND BUILDING ORGANIZED STRENGTH ON BROADENED STRENGTH—STEADY, WELL ORDERED PROGRESS HAS BEEN MADE.

LOOKING ALWAYS TO THE FUTURE—TO THE BUILDING OF A TRUE DEMOCRACY WHEREIN THE REAL WORKER WILL RECEIVE ADEQUATE RECOMPENSE FOR HIS TOIL. CONSISTENTLY, WITHOUT FALTERING, THE CHAIN HAS BEEN FORGED LINK BY LINK.

THE ORGANIZATION HAS NOW REACHED A POINT WHERE ITS VERY STRENGTH ATTRACTS THE LOYALTY OF MANY MEN, BUT ITS TASK CANNOT BE COMPLETED UNTIL IT HAS THE ACTIVE SUPPORT OF THE RURAL POPULATION (SIC), STRONG.

IT MUST HAVE YOUR SUPPORT!

SO HOW I DO NOT JOIN RE-PRESENTATIVE OF THE ORGANIZATION WILL CALL UPON YOU.

WELCOME HIM

HE WILL ASK FOR A DONATION

Farmers Are Warned

Information has come to the U.F.A. central office that some unauthorized persons are soliciting contributions for the big Membership Drive that is being planned. A report came in over the phone from the Stavely district that some one was at work in that district collecting contributions to the drive, unknown to the official workers.

The U.F.A. central office would like to warn farmers that anybody who is authorized to collect contributions in connection with this drive is supplied with official receipt books and that every contribution is given a written receipt from the District Captain, who is usually one of the best known men in the district, so that there should be no difficulty in getting by ascertaining whether a canvasser is bona fide, if there is any doubt in the matter.

Office in Wood Brown Block

Office Phone 107 Res Phone 27

Editor Standard,

Dear Sir: I don't like to be considered a humbug by Mr. Pilkie, or to be thought unscrupulous by you and yet common sense tell me that if we are to ever enjoy proper legislation on the Liquor question, legislation which will prevent drunkenness but permit moderate people like myself and Mr. Pilkie to occasionally have a glass of port or sherry, we must VOTE DRY NOW. If the "wets" have the day we simply hand over our rights to manage for ourselves to the Federal Government—if the "drys" win, we we gain LIBERTY to make and keep our provincial laws. The immediate result is terrible beer drinkers, but there are enough moderate people to get that altered to a wiser form of Temperance if we once gain freedom from Federal interference.

Therefore I am voting DRY with every hope of seeing a free Alberta with a proper form of liquor control in the future, and, meantime there is enough left in the one bottle of port we opened for Christmas 1919 with, which to moderately toast the absent ones on Christmas 1920."

Yours sincerely

Evelyn Edwards

THE STANDARD

VERMILION, ALBERTA

S. R. P. CRISPIN, Editor.

THE STANDARD

VERMILION ALTA OCT 20 1920

The only way the Standard can see the issue to be tested upon October 25th is that men and women about it mark their ballots in such a way as to express their honest opinion on the question as under that it may be a THEY, regardless of the WILL of the people. A vote for laundry products should be a positive declaration in favor of the vote of HIS or HER, not absolutely refrain from the use of intoxicating liquors. The time for compromise is past, and it is hypocrisy for a person to vote ONE way and MAKE another. There is no room for disregard for the present law in regard to the use of intoxicating liquors as authorized to the people who voted one way and acted the other—so that the horse fighter and the prohibitionist drinker all pulled the same longer what they want.

Organized Farmers Arrange Joint Drive

Week of November 1st fixed as date for Campaign in three Western Provinces

According to reports received at this office, the week beginning November 1st will witness the greatest organization campaign ever conducted by the farmers of the West. The campaign is to be carried on at the same time in each one of the three Western Provinces under the auspices of the U.F.A. in Alberta, the United Grain Growers Association and the United Farmers of Manitoba. It is expected that there will be upwards of ten thousand canvassers working under approximately six hundred district captains and forty constituency organizers. These canvassers will personally visit the resident farmers in their respective districts and solicit from each one a membership in both the organizations.

Plan of Organization

There is, in each of the three provinces, a central executive committee. The plans for the joint drive were arranged at a conference of the Central committees and with the consent of the various constituency boards. The plans are now uniform for the three provinces.

Messrs. Herbert Greenfield, Woodstock, L. H. Goetz, Red Deer and Simon Seegs, Austrian, constitute the Central Committee for Alberta. On the recommendation of this committee each of the U.F.A. constituency boards has appointed an organizer who will have full responsibility for organizing the drive for the district.

The constituency organizer—working with the assistance of the constituency executive—has subdivided all of the territory in the district into units of approximately nine townships each and over each unit of nine townships a District Captain. The district captains are endeavoring to enlist the services of at least one man or woman in each one half township in the district to act as canvassers—who will agree to personally visit every resident in the district on November 1st or November 2nd and solicit from each one $10.00, the fee set for a membership in the Association and $1 are subscription to the official organ—and membership dues in the political organization.

A similar membership drive was made in Saskatchewan last October and in Manitoba in March last. In the former province drive upward of 70,000 canvassers were employed and the sum of $650,000 was collected. In Manitoba about 1,000 canvassers were in the field and over $400,000 was secured.

The drive to be held in November has been much more thoroughly organized and it is confidently expected that upwards of 10,000 active canvassers will be enlisted for campaign.

Farm in Alberta's Park Country Brings Good Price

PURITY - QUALITY - ECONOMY
With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of
MAGIC BAKING POWDER
we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration.

UNRESERVED AUCTION
PURE BRED PERCHERONS
10 Head 11 Females 9 Males
To be held on our farm at Ferintosh, Alta, —ON— WEDNESDAY, NOVEMBER 3rd, at 1 P.M.

No animal in this offering is over 6 years old, and they are all mated and bred on our farm, every head except three, being sired by our stock horses, Hadrian or Promoter, both weighing over a ton, and both outstanding show individuals.

Mature Mares, Young in-Foal Mares, Young Stallions ready for service and Seven Sucker Foals of royal breeding.

The colts we now offer are from mares fully equal to our two great sires. Many of our mares weigh above a ton—a real ton upon a real weigh scale. Among these mares are many famous American and Canadian show winners.

The breeding of these mares is royal; we say, without boasting, that you could hardly duplicate such Percheron blood lines as any other breeding establishment on the entire North American continent. One of our mares (herself a full ton in weight and an outstanding American winner) is by Heiko, an International Grand Champion. Another is by Supreme, one of the truly great sires of the breed. Another is by Calypso, an International Grand Champion. Still another is by Ollivey, Grand Champion at Iowa, 1st prize 3 yr old at Chicago. Another is a grand daughter of Pink, twice Grand Champion at all Chicago. Another is by Habitue, several times Grand Champion at Calgary and Edmonton. Two of these, both blacks, are included in this sale.

It is from such mares that the colts we offer are bred.

It is by Promoter and Hadrian that all of them are sired.

Remember there are young mares sired by Hadrian and now in foal to Promoter.
Remember there are young stallions ready for service.
Remember there are seven suckers and four yearlings and that young stock grows into money.
Remember the sale is without reserve and we give an absolute guarantee of soundness.

Catalogues gladly mailed on request

TERMS Half cash, balance bankable notes. Strangers will bring bank references remember the date and place.

FERINTOSH is on the C. N. R. main line south of Camrose which is a station point of the C.P.R., C.N.R. and C.N.P. All visitors will be our guests, either on the farm or in Ferintosh.

NOTICE

To
JOHN McQUEEN
Formerly of Ferguson Plate in the Province of Alberta

TAKE NOTICE that an action has been commenced in the District Court of the District of Edmonton, by Harry H. Landolfo, through his solicitor H. T. Logan Esq., of Vermilion, against you claiming a sum out the sum of $1,000.00 being the amount of Principal and interest owing under a certain Bon note bearing date the 15th day of September, A.D. 1918, in favor of the said Harry Landolfo, signed by you to secure payment of the sum of $700.00 with interest at 8 per cent annum.

AND TAKE NOTICE that you are required to appear before the Fifth day of January 1921, to answer a Statement of Claim or Defence to be filed for you in my office at the Court House, Edmonton, Alberta, and that in default of your so doing the Plaintiff may proceed with the said judgment may be given in your absence.

This Notice is published pursuant to an Order of the Judge in Chambers at Vermilion, dated the 20th day of September, A.D. 1920.

INDIAN WITCHCRAFT

The strange experience of O-ge-mus-es when Wee he-shinge, an Indian sorcerer, casts her evil spell.

By O-GE-MAS-ES (Little Clerk).

(Copyrighted)

In the early seventies, being in charge of a Hudson's Bay Post on Lake Manitoba, when possessing by native Indian medicines was prevalent, evidence was brought before myself and the local missionary, making a serious charge against an old woman named Wee-he-shinge when it was planned, had given poison to one of the tribe whereby he was in danger of losing his life and at that time was lying in a semi-paralyzed condition. We considered the evidence justified us in laying the matter before the nearest magistrate, some 20 miles distant, and, if possible, procuring a warrant for her arrest. It was decided that I should go in such direction. The time was dead of winter and the lake was frozen solidly from shore to shore.

I finally decided to start alone the next evening and bring the fortunate possessor of a splendid span of dogs hooked forward to the trip with enjoyment. My dog team, consisting of four, deserves some description. Part Esquimaux, part wolf-hound, tall, when hooked abreast, the usual gait was some six miles per hour, but if pressed they could easily sustain a better rate. I have gone over a route the foregoer never as record from a direct course when a trail showed or not. Hazel, Nero, Rita and Moro were their names and I love them each a great Five. Kindly natured and devoted to me, still they would attack anything I wished and were as courageous as lions. Often when viewing a wolf or fox on the ice I would let them out of the harness and if far enough from shore they would catch it and kill it before I could reach they. My cariole was an ox sled, made from a birch toboggan with baffels put forward and a back bard with rail for passenger. Attached with silver ties to the front of the cariole were also tripods with bells, and in the beaded saddle cloths made a very handsome outfit.

Amongst the hangers-on around the Post was a half-breed named James Flinlay who, speaking both English and Cree equally well, contributed to me an interpreter, my knowledge of the native language being at that time limited. Calling at Flinlay's house I found him ready and eager for the trip, and after securing him as the driver I proceeded to the stables, equipped my dogs and harnessed them to the cariole, and being left to the middle of the lake with my unsteady team I started.

This night, after the lapse of an hour or so only, as I could judge by the time, because more certain in its movements, making distance in different directions. Now and then a faint howl to the team and then flitting away. It was an remarkable sight to see the dogs apparently would not look at it, and yet when encountered on the lake with my unsteady team past me. This night, after the lapse of an hour or so only, as I could judge by the time, because more certain in its movements, making distance in different directions. Now and then a faint howl to the team and then flitting away. It was an remarkable sight to see the dogs apparently would not look at it, and yet when encountered on the lake with my unsteady team past me.

Finally it began to move to the northeast towards a large bay called the Dog Head Bay, where a poor white man was found frozen the winter previous, and finally, as I neared the bay, I noticed a dark object moving, and, on approaching it closer, discovered a large timber wolf headed directly for me. Before I could reach my gun it was within a few feet of me and then sitting down on its haunches, it began to howl. I had never heard anything like it before. I could not describe it. It was a howl of defiance, and I would say that it was a howl of defiance, and I would say that it was a howl of defiance, and I would say that it

There will be a dance at the King Edward school on Friday night, Oct. 29th. Good music, supper and a glorious time. Tickets $1.00.

Leslie Gaske who won the Bronze Medal for this inspectorate for the highest marks in Grade VIII is a pupil of the Wallaskin school and was prepared for the exam. by the pioneer teacher F. E. Hinchcliff.

The Vermilion Boy Scouts were the guests of His Worship Mayor Morrison and Mrs. Morrison from 8 to ten o'clock on Thursday evening at their cabin on the Imperial Block. The boys report they had "some time".

Parents and guardians are notified not to send children to school if there is reason to believe or suspect contact fever in the house. The law says children coming in being away a few days is not to be compared with the number that may be forced to stay at home through your neglect. Do as you would want the other person to do.

At a meeting of the Vermilion Hospital Board held Tuesday, it was decided to hold the voting on the $10,000 debenture issue on the 25th of November. Donald Taylor was appointed returning officer. Polls will be held in the different municipal divisions. The Board appointed W. G. Blakely, architect of Edmonton as his architect in connection with the dispute between it and Spence & Mandle, the contractors of the hospital building.

Mrs. Wm. R. Roberts and little daughter of Islay Bear Ranch, are expected to sail from Liverpool for Montreal this Friday on the Metita of the C.P.R. line.

All bandsmen are notified that a full practice will be held in the Band Room next Monday evening, the 26th inst. at 8 o'clock p.m. A full attendance is required.

The many friends of Miss Boyd, formerly superintendent of the Vermilion Municipal Hospital, will be pleased to learn that she has secured a position as instructor with the Chicago School for Home and Public Health Nursing. The present class is commencing at this institution numbers one thousand pupils.

Stockmen — Attention!

A meeting of all stockmen in the Vermilion Valley, ranges 1 to 12 inclusive, and between North Saskatchewan and Battle Rivers will be held in the Homemaker Hall, Vermilion, on Saturday, the 23rd at 2 p.m. to discuss the proposed round up of all cattle and horses on range in above territory. A good attendance is requested.

Unemployment Grows

Unemployment in Britain as a result of the coal strike is spreading. There are 70,000 pottery workers in Staffordshire idle, 100,000 in the Swansea tin plate and steel district, and 24,000 workers in like industries in South Wales out of work. Fifty steel and iron blast furnaces in the Glasgow district are closing as they cannot get fuel. Dockers at Plymouth and Dartmouth are idle because of the prohibition against coaling ships.

The reception held by Mrs. Morrison in her apartments in the Imperial Block on Wednesday of last week was a very enjoyable social event. There was a large number of lady callers during the afternoon. The rooms were profusely set off with carnations and pink roses. Mrs. A E Kaiser poured tea while Mrs. John Walker Mrs. J. J Loughlin and Miss McKinnon assisted. The guests were introduced by Mrs J B Sanborn.

Brig. General W A Griesbach of the famous 49 h was in town for a few days the week on a shooting expedition, the guest of Col. Craig. General Griesbach visited his friend Hall and was greatly pleased with the gift of the citizens of the district of Vermilion to its soldier boys.

Mrs. Richardson of North Battleford, was the guest of Mrs Wm. Telford for a few days last week on her return from a six week's visit with friends in British Columbia.

NEW TRAIN SERVICE ON NATIONAL LINES

With the new time table which took effect on the co-ordinated lines of the Canadian National—Grand Trunk Pacific Railways on Sunday, October 3, very much improved service is afforded the travelling public of Western Canada. New trains have been placed in operation over the co-ordinated lines to facilitate travel not only on the main lines of the system but also on local lines. New and improved service is being inaugurated between Eastern and Western Canada effective October 10th which will give double daily service between Winnipeg and all Eastern points, through trains being operated daily from Winnipeg both to Toronto and Ottawa and Montreal. Westbound "The National" runs daily to Vancouver via Saskatoon and Edmonton. Through standard sleeping cars between Montreal and Vancouver are being operated in conjunction with the new service. The new folders are available to the public and can be obtained from any Agent of the Grand Trunk Pacific or Canadian National Railways.

FOUR PROVINCES VOTE DRY

Vote Polled In The West Not a Heavy One

The result of the recent plebiscite vote in the provinces of Nova Scotia, Manitoba, Saskatchewan and Alberta has resulted in favor of dry laws. The complete returns have not yet been summarized but up to the present the following is a rough estimate of the majorities in the four provinces mentioned:—

Nova Scotia, over 30,000.
Manitoba about 15,000.
Saskatchewan, about 10 000.
Alberta incomplete returns, Yes 87,999; No 28,536; dry majority 9,763. Expected to reach 10,000.

"I am glad the province went dry," said Premier Stewart. "The vote went as I expected it would, and I am only sorry that the totals, both of votes cast and of the majority, were not larger. The effect of the vote however, is that the province is now given entire control of the liquor law and that it will no longer be hampered by federal rights as between this and other provinces.

"But before making any statement as to what we shall do next, or even before making up my own mind in the matter, I shall need to look carefully into the details of the vote and to analyse them in order to ascertain as nearly as possible what the vote really means. We have not yet discussed the question in the government except in a very general way, but now that we have the expression of the people's will we shall proceed as soon as may be found expedient and possible."

The three Vermilion polls gave a dry majority of 97.

LIQUOR IMPORTATION POSSIBLE FOR SIXTY DAYS

Importation of liquor into the four provinces which voted dry on Monday will probably continue for a period of sixty days. Importations are made under the Importation of Liquor Act passed at the last session of the parliament of Canada. In order to bring about prohibition in the four provinces mentioned, the federal government has set aside a period of sixty days for disposal of stocks of liquor in the provinces. It is expected that the provinces will adopt the same principle.

Anderson—Telford

A quiet wedding was solemnized at 5.30 o'clock in the afternoon of Wednesday, October 27th, at the home of Mr. and Mrs. William Telford, when their only daughter, Muriel Adelle, was united in marriage to Mr. Gordon Anderson of Gladstone, Alberta, and formerly of Vermilion. The ceremony was performed by the Rev H. A. Edwards B.A., in the presence of the immediate members of the family and friends of the groom. The bride was given away by her father while Miss Mable Turnbull acted as bridesmaid. The groom was supported by Mr. Carl Stone. The happy young couple left on the 4.20 westbound train on their honeymoon trip which will be spent at Edmonton, Calgary and Banff and were given a rousing send off by a host of friends and well wishers. The bride was the recipient of numerous, handsome and useful presents and a substantial cheque from her father.

The bride is one of Vermilion's most popular girls and has resided here for thirteen years, respected and esteemed by everyone. The best of wishes accompany her to their new home. Mr Anderson was one of our leading young business men being farmed out on the big five two years ago last spring. While here he made a host of friends who also wish him all joy and prosperity.

Curlers, Ahoy!

The annual meeting of the Vermilion Curling Club will be held on Wednesday, November 3rd at 8 o'clock in the Fire Hall. Election of officers and re-organization for the season 1920-21. Every member and any others interested in the game are requested to be present.

W. E. MacKenzie, V Pres.

THE VERMILION PERMANENT PLAYERS MAKE A BIG HIT IN "JANE"

"Jane", which was played here in January last to a large and appreciative audience, was again presented on Tuesday night by the same company and was greeted by a large house. All the parts were taken by the same local talent as in the first presentation here and the more than sustained their former reputation, in fact enhanced it. The local talent comprising the Vermilion Permanent Players possess inherent stage qualifications, and the portrayal of the several characters in the famous old country comedy could not have been more happily ...

The cast was as follows—

Charles Shackleton—J. Bateman

Wm. Tipson (his son) ...

— H. Alexander

Mr. Kershaw, — W. Hyder.

Mr. Pitkin — F. Pearce

Claude (page boy) A. Richards

Mrs. Unsworth — R. Edwards

Lucy Norton (Shackleton's niece) — ... (Grace Bury.

Mrs. Pitkin — E. Dunlop

JANE ..... A. Warren

During the production of ... before a Vaudeville audience music ... awarded 1st in January, was awarded only by the hearty greeting accorded the second appearance on Tuesday night before ... such a large house which ... over capacity—50 per cent ... those who had attended before. The audience was plentifully sprinkled with people from Mannville, Islay and even as far away as Kitscoty, all of whom were more than delighted with the performance. ... and ... were more than deserved. W. Hyder, Shackleton's trustee, took his part with a vigor worthy of the name while F. Edwards (Mrs. Unsworth's son) Claude Bury (Lucy Norton's pal) ... into the parts. Of course Claude, the page boy (A. Richards) was always there and added to the ... Dupont, to the latter ... Mr. and Mrs. Pitkin appear on the scene, the very formidable Pitkins in the person of F. Pearcey was true to type while his better half (Mrs. Dunlop) showed herself a most determined woman. It was a well studied ... and the audience was ... pleased ... the performance.

The Vermilion Permanent Players are billed to appear at Lloydminster on November 11th and the people of that town and district are assured of a ... treat

49,000 TROOPS ARE IN IRELAND TODAY

London, Oct. 27.—(Canadian Associated Press.)— In reply to questions in the house of commons last night, it was stated there are 49,000 troops in Ireland at the present time. An emphatic denial was given to allegations of flogging outrages in Ireland by British military. Newspaper photographs representing such incidents, were unhesitatingly denounced as fakes.

Shorthorn Sale

In another column will be found an advertisement of the Shorthorn sale of Hon. Duncan Marshall at his farm at Oaks on November 17. One feature of this sale is the offering of ten imported cows from the recent importation of Messrs. Marshall, Russell & Watt. These cows are an exceptionally fine lot of high class females from some of the best herds in Britain. They will mail with calves at foot and most of them bred again. This means buying three animals in one lot and getting the best Shorthorn blood as a foundation. Five of the cows have heifer calves at foot.

In the sale are ten full calves several heifer calves and twelve calves to sell with their mothers all by Marshall's great breeding bull "Dale Viscount," the grand "Matchless Dale" an international prize winner. This sale is held on the farm, so buyers can see the herd bull and all the herd as well as the breeding cows. Four or five of the young bulls are real prospects for herd bulls and are built to individuals and in breeding to head any pure-bred herd. 24 3t

ANNUAL EVE AND FALL OF MAN IS PREACHED BY CANON OF WESTMINSTER

A sermon on the "Fall of Man" by Canon Barnes of Westminster Abbey, has started a great religious controversy in England. A quotation from his sermon is as follows: "Our educated clergy frankly accept the teaching of modern science, which involves the evolution of matter from ether, life from matter and mind from life. Christian thinkers accepting this, found it necessary to abandon the doctrine of the fall and the arguments from it by theologians from St. Paul onward."

The Bishop of Exeter regards the story of the fall as a parable and declares it is not opposed to the doctrine of evolution. He holds that in every man there is an original tendency to evil and that children, left to themselves, grow up bad and not good. Another Church of England clergyman, Rev. T. P. Stevens, says "The world is going to hell and it is no good stringing a lot of texts together and talking to people in that stupid way. You really want to deal with things in the light of present day conditions."

Gerard Booth says that Canon Barnes' statement is moonshine—an evolution from "probable stuff of more than probable stuff and nonsense". The general sticks to St. Paul and the doctrine of the fall and is convinced the Apostle knew more about "the first and second Adam" than all the biologists and evolutionists put together. Father Vaughan denounces the sermon of the Canon as puerile—with bad science and worst theology." He charges the Canon with raising a mere working scientific hypothesis to the rank of an established scientific theory and urges that the problem of the Fall of Man, original sin and redemption are beyond the province of science to determine. They belong, he asserts, to the realm of faith.

And so the world wags merrily along.

Does the Untutored Redman See Beyond the Veil?

A Remarkable Prophecy By Ki Nis-Ta a Powerful Indian Chief, and ex Scout.

By O-OE-HAE-ES (Little Clerk).

(Copyrighted)

In The Prince Albert Herald of April 20th, there is an interesting paragraph as to a fast in Range Section who foretold his death to the day, a week in advance, though apparently quite well at the time of his prediction. This reminds me of a similar incident here in the old days which may interest some of our readers.

Ki-nis-tin was by far and away the leading Indian in this locality when I settled here in 1884 and a man of very strong character. He had a following of some fourteen braves amongst whom his right hand were notable as being the only two who could read and write. One was Jonathan Bigeagon, who was the chief's secretary, and the other was Ki-nis-tin-yas-kwa-yim, who was his constant trader. At that time I was also a trader. Ki-nis-tin-yas-kwa-yim was the first man I met on my arrival here, and I soon became friendly with him. He was a fine looking man, about six feet two inches in height, well built, and carried himself like a chief. He was very quiet and reserved and I have never heard him speak more than a few words at a time. He was considered a very powerful medicine man and could foretell the future. He had a great influence over the Indians and was looked upon as a prophet, and all his actions were shrouded in mystery. He was a shrewd trader. At one time he was very wealthy, but he gradually lost all his property, and when I knew him he was very poor. He had a large family, and was very fond of them. He was a kind husband and father, and was very much respected by his people. He died in the year 1885, and was buried in the Indian graveyard.

Ki-nis-tin had many chats with me, by the camp fire, over the future of his band and what would become of them after his death. After having had pleasant and profitable trading relations with him for some years, one of the sons (Tass-ka-tapa-tang) came in from their wintering camp, at that time some seventy-five miles to the northeast, with an urgent message to me to come out at once. The chief was Feb'ruary, weather cold and lots of snow. Packing up a small trading outfit I started back with the young Indian next morning, reaching their main camp about noon on the third day out. As usual I came in from their wintering camp, at that time some seventy-five miles to the northeast, with an urgent message to me to come out at once. The chief was February, weather cold and lots of snow. Packing up a small trading outfit I started back with the young Indian next morning, reaching their main camp about noon on the third day out. As usual I

ADVERTISE AND LIVE

LOCALS

The monthly meeting of the Women's Institute will be held on Wednesday, November 3rd at the School of Agriculture at 3 p.m. Report of Convention and "Correct Events." Refreshment convener Mrs. Semple. All members are requested to bring written suggestions for the new program and work for the coming year.

On Tuesday evening November 2nd at 8 o'clock, a U.F.W.A. meeting is being held in the Ottawa Union Church when Mrs. H. E. Gunn will give a lecture on "Health and Economics." The members extend a very cordial invitation to everybody interested to come and hear a talk on these interesting subjects. Light refreshments will be served at the close.

Don't forget the Tax Sale, Nov. 1. If the list should be redeemed, you get 10 p.c. on your investment. There is nothing better.

The annual meeting of the shareholders of the Vermilion Curling & Skating Rink Company, will be held this Thursday night in the Fire Hall at 8 o'clock. The auditor's report will be received, officers elected and any other matters discussed. A large attendance is requested.

Norman E. Brett of Winnipeg, has been engaged by the School Board to fill the vacancy on the high school teaching staff. He commenced his duties last week.

Work is well under way towards the completion of two more class rooms on the third floor of the east end school. The construction is in charge of Jack Walker as foreman for the Board who are carrying out the work on a day labor basis.

Anticipations for a large open air skating and hockey sheet of ice have been laid out by the Rink Co., on the north end of the curling rink. The sheet will be 80x160 surrounded by a board fence 4 ft high and a waiting room 12x32 has been erected.

If you want to be there and get it November 1st

Mrs. George Coulton arrived from England the week to join her husband, Lieut. George Coulton D.C.M., M.M., Field Canadians, at Pozieres Camp Post, B.E.F. In 20-2 Islay.

The students of the High School entertained Hallowe'en by hosting a very enjoyable masquerade party at the school on Monday night.

The Vermilion School of Agriculture reopenes Friday morning after the week for the winter term.

Announcement is made this week that the dining room of the Brunswick hotel has been rented and will in future be conducted as a first class restaurant under the supervision of Mr Leon Gadoinas. See large ad.

S.P. Lockhead. A social evening will be held in Vermilion Presbyterian church on Friday evening of the W.M.S., Ladies and friends are cordially invited to be present. Tea served by the ladies at 6 o'clock. Program will include [illegible] ...

The Grain Market
Prices this Wednesday were quoted as follows—

Wheat, No. 1 Northern	....$1.77
No. 2 "	....$1.74
No. 3 "	....$1.69
Oats, No. 2 C.W	.... .44
Barley	.... .73
Rye	....$1.56

The regular monthly meeting of the Next of Kin will be held in the Memorial Hall on November 5th and p.m. All members are requested to attend.

R. L. Craig, Vermilion's Veteran Auctioneer, realized great prices at A. Bengo's sale Tuesday. Cows sold as high as $110.00, horses also brought very good prices.

Machines are steaming up the threshing in many districts and another week or ten days is expected to finish up the season's work in this territory. The yields have been remarkably good and the average returns are placed at wheat 35 bushels, oats 65 bushels and barley 30 bushels. There has been many individual high yields. There is every evidence that much fall plowing will be done, as the weather is very fine.

Remember remember 5th November, all boys and girls in the church to assemble there to receive good eats and lots of good eats and a nice little prize for the one who all treats—(Presbyterian Church).

Union services by the Anglicans, Baptists and Methodists will be held at the Columbia theatre on Sunday, Oct. 31st at 7.30 p.m. Rev. J. H. Smith, rector of St. Barbara's church will deliver the address. Hymn sheets provided for all. Come and join hearts in the singing.

A ring with a key and chain was picked up by the editor in the road Wednesday morning and await an owner at the office.

C. F. DeFord has disposed of his butcher business to S. Butz, who took possession on the 15th.

A number of 1914-15 stars are on hand at Militia Headquarters, addresses for the recipients thereof not being available. HARDING ELECTED PRESIDENT OF UNITED STATES

The election of Senator Harding as President of the United States is a sure thing, apparently a walkover, the republican forces winning in 30 of the states with 4 other doubtful. Only 11 states went democrat. But little interest was created throughout Canada in the election as neither of the presidential candidates had made a pronouncement as to their attitude on the United States' position in the league of nations and other world issues.

A SPLENDID CONVENTION

The convention of teachers of the Vegreville, Manville, Vermilion inspectorates held at Vegreville last week is reported to have been one of the most successful, from all standpoints, yet held. Discussion on many vital topics in connection with teaching generally was well maintained and the breadth of view shown was most encouraging to the profession. There was a very large attendance for the full sessions. The new officers for the ensuing year are:—

Hon. Pres. H. H. Bennett, P.S.I. Manville.
Pres. A. W. Crosby, M. A., Principal Vermilion High School.
1st V-Pres. Miss A. I. Wright, Vegreville
2nd. V-Pres. A. Wagner, Manville
Sec.-Treas. Miss I. Oakley, Vermilion.
Auditor, Miss G. Rychman, Vermilion
Executive committee - Inspectors Bennett, Butchart and Parker

Local branches were formed and officers elected as follows:—Vermilion, Victory Ball at the Agricultural College, General Allenson, Esq. Chairman; Miss Wright, Secretary-Treasurer; Miss Oakley, Social Convener; Miss Hall, Miss Hall, Miss Hall,

A PIMPLE REMOVER THAT NEVER FAILS

Dr. Hamilton's Pills Pinworm

There are *five* simple ways to tell good tea.

First, by the bright copper color of the tea when steeped.

Second, by the exquisite aroma.

Third, by the delightful, refreshing flavor.

Fourth by the satisfying richness.

Fifth, by the economical strength.

Make a trial cup and you will find all these qualities combined in Red Rose Tea

RED ROSE TEA is good tea

BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.

MAGIC BAKING POWDER

contains no alum or egg albumen and is guaranteed to be composed of the ingredients printed on the label—and none other.

Shorthorn Sale

In another column will be found an advertisement of the Shorthorn sale of Hon. Duncan Marshall at his farm at Oaks on November 17. One feature of this sale is the offering of ten imported cows from the recent importation of Messrs. Marshall, Russel & Watt. These cows are an exceptionally fine lot of high class females from some of the best herds in Britain. They will sell with calves at foot and most of them bred again. This means buying three animals in one lot and getting the best Shorthorn blood as a foundation. Five of the cows have heifer calves at foot.

In the sale are ten bull calves several heifer calves and twelve calves to sell with their mothers all by Mr. Marshall's great breeding bull, "Dale Viscount," the sire of "Matchless Dale" an international prize winner. This sale is well on the farm, so buyers can see the herd bull and all his get as well as the breeding cows. Four or five of the young bulls are real prospects for herd bulls and are fit both as individuals and as breeding to head any pure-bred herd. 24 3w

OUR FAIR

We have received our prize money won at the Fair held on September 9th and 10th, and on making enquiries we are informed that all prizes have been paid with the exception of some where the Registration papers for pure bred stock were not in order. This should be a lesson to breeders not to put off till the last minute before applying for papers, as the society rules that no prizes will be paid in the pure bred classes unless papers can be produced and that rule is being strictly adhered to this year. Every exhibitor should make himself acquainted with the rules governing the Fair and then he has no one to blame but himself. The annual meeting of the Agricultural Society will soon be held and we presume that every member will receive due notice. All members should make it a point to be there as that is the time when directors and officers are elected and each and every member is responsible that a good live board is chosen to transact the business for the year. It is a thankless job at the best, but if our fair is to be kept up to the standard we must have men who are willing to devote their time and assistance to it. It is generally conceded that a good fair is a valuable asset to an agricultural country but a good fair cannot be held without the assistance of the farmers in that country, so Mr. Farmer, get busy and see to it that your 1921 fair will be the best ever.

THE SEEING EYE

Principal Reynolds of the Ontario Agricultural College thus delivers himself in the Agricultural Gazette of Canada.

The teacher who hopes to take a right place in the life of the country school district must cultivate the seeing eye and the understanding heart for persons and things rural. The usual, popular, melodrame, comic supplement, moving picture conception of the farmer and of country people must be forgotten. It is essentially and pernicously false. The farmer is something of a humorist, and takes delight in deceiving the simple minded by a somewhat unfinished exterior. The city-bred person makes the fatal mistake of judging by outside appearances. To the city-trained eye there are two classes of persons, one wearing overalls and the other wearing white collars. The former class work with their hands. The latter class work with their brains. That is a superficial judgment, which ignores the fact that there is a very great deal of clear, hard thinking done today in the overalls. At any rate, the farmer he one to look closer. The more he understands of those rich resources, which it is the business of the agricultural colleges to make the more he absorbs the teaching which it is the business of the colleges to spread abroad, the better farmer will he be.

The regular fortnightly Whist Drive of St Barbara entertainment club will be held on Tuesday night, Nov. 9th in the Parish Hall.

West Waldenberger returned home last week from a two week's holiday, spent at his old home near Fort Frances, Ont. He reports a most enjoyable holiday.

Alf Magee, a former Vermilion boy and ex-soldier veteran, has moved from Wetaskiwin where he was operating a bus, to Port Angeles, Wash. Alf is now the father of a bouncing baby boy, born on Oct. 17th.

A sale of home cooking and other, on 11th inst will be held at the English Church parish hall on Saturday, Nov 13th from 3 o'clock on. A cordial invitation is extended everyone to attend.

After ably discharging the duties of custom officer at Vermilion for over eight years, J. H. Sanders has resigned the position and was relieved the first of the month. The step was motivated primarily from the standpoint of his health though extensive undertakings in the farm are not to be overlooked times. Mr. Sanders will devote his energies to further improving his fine herd of pure bred Holsteins and his large dairy business.

The annual meeting of the shareholders of the United Grain Growers, Ltd. elected at Vermilion Local, will be held in the Brimacombe Hall, Vermilion on Saturday afternoon, Nov. 6 at 2 o'clock. The business to come before the meeting will include reports of delegates to last annual meeting, election of local board of five members for the next ensuing year, election of delegate and other business which may be brought forward.

John Matthieson of Esterea, Man., sold 165 head of hogs here during the week. They ranged in weight from 50 to 860 lbs. This gentleman, who has resided in Manitoba for the past 25 years, was forcibly struck with the beautiful scenery days prevailing here from Regina to Saskatoon he reported a very heavy snowfall on his way out, the beautiful falling to a depth of five inches.

At the annual meeting of the shareholders of the Vermilion Curling and Skating Rink Co. the following officers were elected: President, Jos Mc-Kenzie; Hon. Pres., W. Telford; Treasurer, J. D. Stephens; Secy., M. G. Brimacombe. Board of Directors: Messrs Parker, J. D. Stephens, Telford, Craig and Mc. H. Brimacombe. The financial statement showed a surplus on hand of some $250.00.

The regular meeting of Britannia Rebekah Lodge No. 14 will be held on Monday, November 8th in the I.O.O.F. hall at 8 p.m.

MEDICINES, DOCTORS, NURSES

Funds raised in the Armistice Day campaign for European relief, to be launched in Alberta and in every other part of the British Empire on November 11th, will be used for the purpose of sending doctors, nurses and medicines to the most needy countries, to provide relief for those suffering from disease, and to introduce the best methods of sanitation and hygiene as a means of preventing the spread of infection. These measures will require the employment under authority of the various states, of large staffs of trained experts and workers in sanitary science.

Eleven million of the children of Europe now fatherless face the next few years without hope of adequate care unless outside assistance is given, according to Dr. Livingstone Farrand, chairman of the central committee of the American Red Cross, who has recently returned from Europe. The people of Alberta will be asked to do their share, in common with all other portions of the British Empire, in assisting these children. Poland has half a million orphans; Czecho Slovakia Austria and Hungary at least a million, of whom five thousand were found roamably wandering homeless and on the point of starvation in the Ruthenian mountains.

It is estimated that in Galicia there is only one doctor for every 160,000 inhabitants. In several other countries, according to a bulletin of the British Empire War Relief Fund, similar conditions prevail, and expert medical advisers of the Red Cross Society predict that, unless checked by effective aid and drastic prevention measures, typhus will spread to an alarming degree throughout Europe, and perhaps throughout the whole world. Governments have now rendered assistance in supplying food to the famine stricken. The private citizens of the British Empire, through the Red Cross Society, are therefore, asked to concentrate on the menacing problem of disease and its attendant ills.

RESOLUTION OF PRESBYTERIAN SYNOD OF ALBERTA RE PROHIBITION

Whereas the General Assembly of the Presbyterian Church in Canada has repeatedly and unanimously pronounced in favor of the total prohibition of the manufacture, importation and sale of alcoholic liquors for beverage purposes, and has held it upon it's people to do all in their power to end the drink traffic.

And whereas the recent prohibition campaign in Alberta to forbid the importation into the province of alcoholic liquors for beverage purposes was in conformity with the Assembly's declarations and was actively participated in by the Presbyterian body in Alberta.

And whereas despite many heavy handicaps a majority approximating 20,000 has been polled in favor of the said prohibition

And whereas already in certain quarters and by certain persons a subtle and persistent effort is being made to discourage the vote cast and to thwart the will of the people as democratically expressed at the polls.

Therefore be it resolved

1. That this Synod declare emphatically that in its judgment the vote polled and the majority given is a clear indication that the will of the people is for the prohibition in and not for the Government Control of the Liquor Traffic.
2. That it still upon the government in the light of this mandate to make such amendments to the present liquor act as will through efficient administration lead to the removal of abuses such as the friends of are apparent in connection with the issuing of medical prescriptions.
3. That it urge on its people to be vigilant and take such measures as will bring to light any such attempts as are undermine the prohibition sentiment in the province or subvert the will of the people.
4. That it pledge itself to co-operate with all other religious bodies in the moral work in connection with the victory of the polls and in resisting any attempts of the repudiated will of the people.
5. That this resolution be read to all the congregations of the Synod, and that copies of it be sent to the Premier, the Attorney General, to all the organizations referred to in the preceding paragraph and to all the newspapers in the province

Curlers Organize for Season

The annual meeting of the Vermilion Curling Club was held last Wednesday night, Nov. 3rd, in the Fire Hall and drew forth a good attendance of the curlers. Vice Pres. MacKenzie occupied the chair and E. J. Loughlin acted as Secretary. The financial affairs of the club are in a prosperous condition, having a balance in hand of some $125.00. After disposing of routine business of future for the ensuing year were elected as follows:—

Hon. Pres. - A. W. Kisbett, K.C., M.L.A.
President - W.R. MacKenzie
V-Pres. - D. J. Hanford
Sec-Treas. - S. J. Loughlin, (pro-tem)

Executive Committee — Messrs. Craig, Walker, Telford, Gidley and Kauer.

Ice Committee — Messrs. Telford, McKeon and Law.

Club Umpire — Messrs. Cameron, Hanford and Gidley.

Hon. Members were elected as follows:— Judge Taylor, Judge Crawford; Rosy of A.G.A; Pres. of A.C.A; and the Presidents of the Manville, Lloydminster and Vegreville Curling Clubs.

Season Curlins signified their intention of skipping rinks for the season. A motion carried that a committee be appointed to name, if by players and skip pick his own rink and committee hand last to each skip. Dr. Smith, Jas. McKeon, Wm. Telford and Rosy were elected as the classifying committee.

The dates for the holding of the annual bonspiel were set for January 24, 25, 26 and 27, 1921, and the secy was instructed to notify all outside points of the date.

Home In Time For Christmas

Taking into consideration the time required in going from West ern Canada to the Old Country and the desire of providing persons with the maximum of comfort en route, the Canadian National Railways will on December the 8th, 1920, operate from Winnipeg through to Halifax a special train to the ship's side of the S.S "Megantic," which sails from Halifax for Liverpool at 10.00 a. m., December 12th. This "Family Special" will have tourist and standard sleepers, dinner and observation cars.

The Canadian National Railways are most anxious to reduce all the discomforts of a long journey to the comforts that are found and appreciated on ocean and home, and the hope is that this innovation will be so patronized by those returning to the "Old Sod" for Christmas as will decide the Canadian National Railways making this an annual event

Make your reservations early Full particulars may be had on application to any agent of the Company or by writing to Mr. J. Madill, District Passenger Agent, Edmonton, Alberta.

VERMILION, ALTA., NOV. ... 1920

His Honor the Lieutenant Governor has received a communication from the Dean of Westminster Abbey, London, England stating that there must be very extensive repairs to Westminster Abbey. It is represented that it will require at least one million dollars to do all the necessary work. The Dean suggested that it would be very appropriate if contributions were made from every corner of the Empire that the "resting place of England's Kings" should be preserved to the Empire and not allowed to decay and become a ruin. It was further suggested that the Lieutenant Governor of each province open a branch of this Restoration Fund at Government House and that the people of each province be asked to contribute to this very worthy fund. His Honor the Lieutenant Governor of Alberta would be pleased to receive and forward to the Trustees of the ...

ST. PAUL GUNMAN STILL EVADES CAPTURE

William Wyak Reported to Be Cornered

Inspector Piper of the Alberta provincial police force, is confident that William Wyak, the St. Paul des Metis gunman, wanted on two charges of robbery, will not long be able to evade the police net which has been drawn around the woods in which he was last seen. Four A.P.P. constables have been on the scene for over a week, but Wyak still manages to remain in hiding despite the most vigilant efforts to apprehend him. The police allege that Wyak is responsible for the robberies of the St. Paul Mercantile store and Acton's store at Elk Point. Wyak is heavily armed, and on Saturday, October 30, fired point blank at an A.P.P. constable, who commanded him to throw his hands up.

How To Get Brood Sows

To The Editor

During the past few weeks the Department of Agriculture has received a number of requests for information as to where brood sows may be secured.

It is evident that there will be a demand throughout the fall. Many farmers during the past two years have sold entirely out of their breeding stock of sows and now that grain has reduced somewhat in price, some of these men are anxious to again become established in the business but find no local supply from which to secure a start. The matter was discussed by the Live Stock Commissioner of the department of agriculture, the Marketing Representative of the Dominion government and with the commission firms of the Edmonton and Calgary stock yards. It was learned that a considerable number of good brood sows are now passing through the stock yards and are being bought by the packers for slaughter.

Arrangements have been made with the Live Stock exchanges at their yards to fill orders for brood sows. The department will place a representative in the yards to see that the farmers' interests are looked after. Farmers are advised to procure sows from local shippers if possible, which will save freight to and from the central yards. Those wishing to purchase from the stock yards should communicate with the secretary of the Edmonton Live Stock Exchange, Ltd., Stock Yards, Edmonton or Calgary Live Stock exchange, Alberta Stock Yards, Calgary, forwarding $15 deposit per sow with the order, the balance to be paid on delivery. This order will be turned over to a commission firm at the stock yards and as good sows as possible shipped on these orders.

S. G. Carlyle,
Live Stock Commissioner

ARMOUR CLOSES CANADIAN PLANT

Insufficient Hogs Given As Reason

Chicago, Nov. 8.—Armour and company announce today that it had closed down its business in Canada, including a packing house at Hamilton, Ont., and selling agencies at St. John, N. B., Sydney, Hamilton, Montreal and Toronto.

The supply of logs of Canada is insufficient to keep the packing plant running, it was expressed and the tariff on importation of dressed meats makes shipments to the selling agencies from Chicago prohibitive

TAX SALE

Sale of lands in the Municipal District of Grizzly Bear, No. 452

NOTICE is hereby given that certain lands in the Municipal District of Grizzly Bear, No. 452 will be offered for sale for arrears of taxes and costs on Saturday, Dec. 4th, 1920 at 12 o'clock noon, at Wildmere, Alberta. A full list of the said lands may be found in the issues of the Vermilion Standard, dated October 18th and October 25th, at the various postoffices in the municipality, and at the office of the Secretary-Treasurer, Wildmere, Alberta.

Unless the arrears of taxes and costs be sooner paid, I shall proceed to sell the said lands at the place and time above mentioned.

Dated at Wildmere, Alberta, this 22nd day of October, 1920.

BAILLIE WILSON,
24-29s Secretary Treasurer.

DODD'S KIDNEY PILLS

No. 1087 THE PROPRIETORS

Ontario Legislature Opens Jan. 16.

Opening of thirteenth session of the Ontario legislature is appointed on January 16.

W N U 1262

The Board is given the money with which to complete those payments. Ladies and gentlemen ratepayers, vote for the by-law.

As advertised the vote takes place on Thursday, November 24th, from nine o'clock in the morning to five o'clock in the afternoon.

In the November issue of Agricultural Alberta received the word, a review is given of a book which under present conditions is attracting considerable attention. It is entitled "Before the Bar of Prohibition Pro and Con," by J. A. Stevenson. In his review John Blue, who set to this page, states that this is a very readable and dispassionate book on the liquor question. One portion of this review the Standard wishes to quote as bearing on its contention on the attitude of the voters to the war in what they voted. It is as follows:

"He who sets up the liberty of the individual in contrast to the authority of the state, rely on two false premises. First, liberty is a good thing and coercion a bad thing—a good that an increase of the one means a diminution of the other. To maintain such a position is to make either a morpsed in itself, independent of the ultimate effect on the social life of the people. In reality, liberty and coercion are like fire, — good or bad according to the object for which they are invoked. The argument based on the infringement of individual liberty and the tyranny of the majority cannot be argued against prohibition in the face of the theories of society accepted in the very civilized world today. But the best of all the weapons used by the reasoning exponents of the present system of every [illegible] whose political [illegible] sentiments and not the mere [illegible] that characterize the prohibition sentiment of a great many who talk for prohibition, vote for prohibition and after a big majority for the enactment, will in addition for a time [illegible]

The publishers are due for another thank [illegible] prize picture on January 1st. Present [illegible] [illegible] [illegible]

Lenine Claims Gigantic Victory

Work Not Complete Till Europe Is Revolutionized

Sweeping Through Ukranian Lines

WARSAW, NOV. 17.—The Ukrainians have evacuated Kiev and other towns they had occupied and are fleeing defeated before the new Russian Soviet offensive. The Bolshevists have swept through the Ukrainian lines at various points.

London, Nov. 17 — A dispatch from Helsingfors states that Lenine in a speech celebrating the victory of the Soviet forces over the armies of General Wrangel in the Crimea declared this triumph of Bolshevism is the most gigantic ever dreamed of but the victory is incomplete until every part of Europe has been revolutionized.

Fight Not Ended

Paris, Nov. 17th - The defeat of General Baron Wrangel, commander in chief of the Russian volunteer army in the Crimea, will not end the fight against the Bolshevik forces, M. Maklakof, special envoy in Paris for General Wrangel, declared here today.

"We will never give up the struggle against Bolshevism" he said: "There are other ways besides the use of arms and munitions in which the Bolshevists can be put down, and perhaps the fight will continue along bloodless lines."

General Wrangel's third army is still intact in the Ukraine, M. Maklakoff explained and this could form the basis of a new military movement.

Workers Are Armed

Constantinople, Nov. 17—Arms were issued to workers at Sebastopol for the purpose o. preserving order and protecting stores, says an allied official who remained to the last in that city. The workers union undertook to protect the wounded who had not been removed, and a nursing staff gallantly volunteered to remain behind.

Immediately after General Wrangel's forces left, local Bolshevists established themselves on the hospital train, and a Bolshevik delegation left Sebastopol to meet the Soviet army. Many abandonbuildings were looted by mobs it is stated.

Reports that Batum has been captured by the Bolshevik forces have been received here, but they have not thus far been confirmed.

News from Armenia is badly confused. It would appear that neither the Bolshevik element or the active Armenian government is in control of the situation.

WANTS INFORMATION

RATEPAYER CAME TO RIGHT PLACE TO GET IT

Editor, Standard, Vermilion.

Dear Sir

I would request a little space in your valuable paper in order that I may get some information regarding the vote on the $40,000 Hospital Debentures on November 25th.

We are told in the "Notice of Vote" that this amount is required on "Capital Expenditure." When the hospital question was first submitted to the people, we were asked to vote $35,000.00 to build and equip a District Hospital. This was done with very few dissenting votes.

If an extra $10,000 was spent, who is responsible, and by what right had the people in charge of the work, to over step the amount authorized by vote.

Is the hospital now self sustaining? I think the people of the district are entitled to a little fuller information on this question.

A ratepayer of constantly increasing taxation and desirous of getting on a reasonable basis that a farmer has for sale, I do not feel like voting blindly to authorize further taxation and add to our already heavy burden.

I would ask that someone, who is in a position to give us matters, would give us the exact facts before polling day.

Yours Truly,
Ratepayer.

(The above correspondent is really seeking information as the excerpt below shows. We are pleased to refer him to our editorial column, where the whole matter is dealt with.—Editor.)

Dear Editor,—

Kindly insert above in your paper. I am simply looking for information. I realize that the hospital is a blessing to the community, but it must be run on business lines.

Threshing Returns Uniformly Good

In Manitoba Considerable Fall Plowing Has Been Done

Edmonton, Central Saskatchewan and Alberta threshing operations have been going on with little interruption, and the yield of grain and the grade are turning out far better than was anticipated. Reports from Manitoba indicate that the threshing returns are uniformly good. In the 300 miles of territory between North Battleford and Swift Current, west of the line from Edmonton to Calgary and Edmonton to Athabasca and Alberta, and in many districts between Swift Current and the Rockies, the crops to be uniformly good, wheat running from 40 to 60 bushels an acre and oats 60 to 70, while flax is yielding 12 to 20 bushels per acre. In the 300 miles of territory between Moose Jaw and Swift Current, which were also mentioned.

Another interesting fact is that in the cases of fifteen or more years of ancient Hindu serial numbers. Unfortunately, however, fifty people searchers failed to discover any collections of how the dying swallows pass land, and this is considered as the most probable explanation. The Hindu Chief, who flew in it from Ceylon to his capital at Ajmadhu.

Bombs or "explosion machines" which were hurled during the Syrian rebellion, are also mentioned.

In the Rawalpindi Act are contained that Rawen, a King of Ceylon, used to fly over his opponents' camps and not infrequently caused them severe losses while after the defeat and death of their monarch the Hindu Chief, who flew in it from Ceylon to his capital at Ajmadhu.

Bombs or "explosion machines" which were hurled during the Syrian rebellion, are also mentioned.

Another interesting fact is that in the cases of fifteen or more years of ancient Hindu serial numbers. Unfortunately, however, fifty people searchers failed to discover any collections of how the dying swallows pass land, and this is considered as the most probable explanation. The

Home In Time For Christmas

Taking into consideration the time required in going from Western Canada to the Old Country and the delays of providing passports with the minimum of comfort en route, the Canadian National Railways will on December 2nd, 1920, operate from Winnipeg through to Halifax a special train in the ship's side of the S.S. "Megantic," which sails from Halifax for Liverpool at 10.00 a.m., December 12th. This "Christmas Special" will have tourist and standard sleepers, diner and colonist cars.

The Canadian National Railways are most anxious to reduce all the discomforts of a long journey to the comforts that are found and appreciated in one's own home, and the hope is that this announcement will be patronized by those returning to the "Old Soil" for Christmas as will decide the Canadian National Railways making this an annual event.

Make your reservations early. Full particulars may be had on application to any agent of the Company or by writing to Mr. J. Maddison, District Passenger Agent, Edmonton, Alberta.

CONVENTION OF COUNTY SUNDAY SCHOOLS AT ISLAY

The Alexander County Sunday Schools have had preparations prepared for their first annual convention which will run over at Islay, in the Presbyterian Church on Friday, the 26th. The association covers the district of Killarney, Islay, Streator, Trout and Islay Hills and the list of officers contains names of well-known active Sunday School workers. The [illegible] is F. A. Hancock of Islay, the vice president, N. McGillis, Islay and Secy-Treas. Miss M. Rose Islay. The programme for the day is divided into three sessions, namely from 9.30 a.m. to 12 noon, 2.30 to 4.00 and 7.00 to 10.00 p.m. Many interesting topics are down for discussion, and there is no doubt that the delegates will assist in furthering the work of the Sunday schools.

SAD SHOOTING FATALITY

Hazel Hunking Accidentally Shot Through Head By Discharge of Rifle in Hands of Brother

Hazel, the thirteen year old daughter of Mr. and Mrs. Wm. Hunking, farmers residing a few miles southeast of town, was shot and instantly killed this Wednesday morning by the accidental discharge of a 44-40 rifle in the hands of her brother, Erwin, aged sixteen years. The brother and sister were alone in the house at the time of the fatality, their mother having left to drive the other children to school, and Mr. Hunking being away on a shipment of cattle.

It appears the inquest, conducted by Dr. F. Day Smith and Provincial Constable Corking, elicited the fact that the lad had taken down the rifle and was sitting on a step cleaning it when it was accidentally discharged, the bullet entering the head of his sister who was standing in front of him tossing a kitten in her arms. The bullet first pierced through her hand before entering the head. The boy immediately got on horse back and notified his mother of the tragedy. The inquest showed that the rifle was fully charged with [illegible] and a small .30 rifle hanging on the wall was not charged.

Much sympathy is felt for the family in the terrible affliction which has visited their home.

When seen by the Standard on a recent visit from Wainwright, Mr. Hunking stated that he had never allowed a gun to be left loaded in the house and was sure [illegible] being taken in this respect.

The funeral [illegible] Thursday afternoon [illegible] Presbyterian [illegible] Rev. Dr. McQueen [illegible] Vermilion [illegible]

IMPORTANT NOTICE!

To Members of Church of England

Mr. J. H. Smith, Incumbent of the Anglican Church, will be ordained Deacon by the Bishop of Saskatchewan, on Sunday next. Your prayers are asked that God's blessing may rest upon him.

The Ordination service will be held in St. Barnabas Church at 3 p.m. and all members are asked to be present.

A special services next Church Sunday members resident in the Deanery will be held on Monday at which the following addresses are to be given:

4.45 to 5.30 p.m. Paper followed by discussion "The effect of the lack of religious education in the rural schools in B. H. Parker Esq.

6.15 p.m. Address by the Right Rev. The Bishop of Saskatchewan, upon the resolutions of the Lambeth conference on Church Union. This will be followed at 8.30 by an informal social gathering.

There is likewise are a year to all who may care to come and hear them and visitors will be cordially welcome. They will be given in the parish rooms, up the stairs in the Church Tower.

The first of a series of dances will be given during the winter months under the auspices of the Vermilion Golf Club was held Monday evening in the Imperial Block and was a pronounced success. The music was by the Dolliver Bareski orchestra and was much appreciated.

NOTICE

PUBLIC NOTICE is hereby given that a meeting of the electors of the Town of Vermilion will be held at the Fire Hall, on Monday the 29th day of November 1920 at the hour of 8 o'clock p.m. for the purpose of considering the advisability of the issue of a By-Law to the amount of $15,000 to provide the remaining three fifths of the cost of the Sewerage System, and for the purpose of receiving the reports of the chairmen of the various committees of the Council.

DATED at Vermilion this 23rd day of November, 1920.

H. F. LYNCH,
Town Clerk.

GO INTO PURE-BREDS

Bishop & Hawksworth Secure Some Fine Dairy Shorthorns From Manitoba

J. Bishop of Bishop & Hawksworth, "Hollow Farm" Thorncliffe district, returned on Monday after a week's absence in Southern Manitoba, where he went to purchase some pure bred dairy shorthorn stock. We are pleased to report that Mr. Bishop was successful in selecting some exceptionally choice animals from the herd of J. H. Hicks, the well-known breeder of Kings. These comprised five pure bred Shorthorn cows, milking strain, two heifers, 2 year olds, all bred to the Hicks herd bull; two bull calves and a heifer calf. These make up a very fine lot of pure breds and Messrs. Bishop and Hawksworth are to be commended in bringing into our district the best breeding to be procured in the dairy Shorthorn type.

While always interested in stock and especially in the dairying branch, these gentlemen have been desirous of getting into pure breds with the idea of extending their operations as well, as breeding up a pure bred herd of the highest dairy type. The two bull calves mentioned above are from the same strain as the other just purchased while the cow and heifer just The Standard congratulate on the progression of Hollow Farm who are among the old timers of Vermilion, on the addition to their operations and can bespeak for them every success in the breed up of pure breds.

REGAL FEATHERWEIGHT

Nellis Hardware Co.
Opp. Royal Bank. The Big Hardware House

New Mexico, north of latitude 34, last year produced from mines and reservoirs $5,560,000 worth of commodities, including copper and gold ores, fuels, lumber and agricultural products.

The annual meeting of the Next of Kin will be held in the Memorial Club Rooms on Friday, December 3rd at 8 o'clock p.m. All members are requested to be present as business of importance will be transacted.

The Ordination ceremony in the Church of England is a deeply impressive service which very few members of the Church ever have a chance to witness. It is hoped that all members, both to town and neighboring country will show their appreciation of the Bishop's decision to break away from the usual custom of holding the service in one of the cities, by attending the service next Sunday afternoon. Members of other churches who care to be present will also be welcome.

There is only one Aspirin—"Bayer"—You must say "Bayer"

At a meeting of the congregation of the First Presbyterian church held last Sunday evening it was unanimously decided to extend a call to the Rev. Frank Chilton of Estevan, Saskatchewan, to become the successor of Rev. W. F. Hayes, removed recently to Fernie B. C. Rev. W. Hayes, a former pastor, occupied the pulpit at that day and conducted the communion service. Next Sunday the congregation will hold its 19th anniversary services.

Wealth in Old Stamps

Trunk Filled With Old Letters Worth A Fortune

An old trunk, decayed and crumbling to pieces, discovered by workmen in an attic in Philadelphia, contained a collection of letters, envelopes and stamps valued at nearly a fortune. The man in the attic did not recognize the value of the stamps, which, apparently, he thought were merely old letters. Closer investigation revealed a correspondence dating over a period of the time of the Revolutionary War. Among the letters were several written by Benjamin Franklin, and others by Thomas Jefferson and John Hancock. The letters, now, are in the hands of a Philadelphia collector.

WEAK, NERVOUS AND RUN DOWN

A Condition Affecting Thousands of People—How to Get New Health.

There are thousands of people who are weak, nervous and run down, and do not understand it in the hope that the Creator will in some way or other send them health and strength. Now Nature often uses the Physician as a means to restore health, but there are many cases which require the attention of a doctor, but which do not require a doctor's skill to perform it after him. In time the doctor who does not have self-reliance becomes known as a "poltroon," a title less change to its present usage is really found.

Fight For Natural Resources

Hon. J. R. Boyle, attorney-general of Alberta, returned from Ottawa, where similar lines to that of the provincial treasurer of Manitoba, but strange to say, differed on co-operation.

He intends to launch a campaign of reports and articles in order to educate natural resources on behalf of the province of Alberta and will not, he says, be satisfied with anything short of complete control. Should the federal government refuse to grant the additional land, and the population of polders produced a scarcity in the products

Butter and Eggs in Storage

CLEANLINESS IS HEALTH

By the use of Gillett's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the dirt is visible or invisible. Destroys all bacteria and infectious germs, removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillett's Lye dissolved in two gallons of water.

"GILLETT'S LYE EATS DIRT"

Made in Canada.

Origin of Word "Poltroon"

In Olden Days Meant Person Without Thumb.

The word "poltroon" has a rather interesting origin. Having started out in life as pollex truncus, a Latin phrase, meaning one who had been deprived of his thumb. In the olden days when bows and arrows were the main weapon of the soldier, the thumb was a most essential part of the hand for without it the archer could not hope to draw the bow with any degree of accuracy and consequently of strength. To avoid military service many a man chopped off his thumb and gave up his side to perform it after him. In time the word "pollex truncus" became known as a "poltroon," a title less change to its present usage is really found.

To Eradicate Weeds

Weed Train Will Be Run Through Prairie Provinces.

Arrangements for the running of a "weed train" through Manitoba, Saskatchewan and Alberta for six weeks, commencing about the last week in January, were made by the Deputy Ministers of Agriculture of the three provinces, met in Saskatoon recently. The train will be equipped with all of the necessary material to demonstrate the growth of the various weeds of the prairie provinces through their various stages, as well as the best means of eradicating them. The train will be composed of a lecture car, a demonstration car, and a sleeper and dover for the personnel. It will be manned by representatives of the Departments of Agriculture of the provinces concerned, their colleges of agriculture, and the rural municipal associations. A representative of each province will accompany the train throughout its entire trip, although as each province has charge of the train for about two months. It is planned to cover with the train this year as many as possible of the points on the Canadian Pacific Railway, and next year to take up the Canadian National lines. There will be two trains in all, and they will be sent in each province

Rural Depopulation

Claims Although Fewer People on the Land, Production Has Not Decreased.

Referring to the recent discussions on the subject of rural depopulation, Sir Thomas White, speaking at the Canadian Club, said that though there were fewer people on the land than there were a few years ago, general production had not decreased but had considerably increased. The population had increased by one million, but the production was more than proportionately increased. The figures for 1911 showed a total production of cereals, roots and potatoes of 1,000,000,000 bushels, while in 1916 the production was 1,500,000,000 bushels. Similar increases were shown in the production of other products of the farm.

The Aerial Bootlegger

The whole of the aeroplane motor is now heard together with the hum of the speedy automobiles along the international border, according to police authorities. Two unid ified planes are now plying their trade on "rum runners" not far from Detroit, Sask. The aviators are believed to be Americans and their aeroplanes be unregistered. So far the police have been helpless in their efforts to nab the aviators.

Parsag a corn is both risk and labor. Hoffman's Anti-Germ Powder or Hoffman's Corn Remover and eradicate them quickly.

CASCARETS

"They Work while you Sleep"

Have you an aim for exercise? Then the best bet is Cascarets. Take Cascarets occasionally to keep your liver active. Wake up with a full stomach, constipated headache, morning after a full night of revelry, bad breath, dull eyes and a coated tongue. Cascarets 10c, 25c, 50c a box.

CATARRH COLDS BRONCHITIS CURED WITHOUT DRUGS

B N U 1343

Silage Good For All Stock

Can Be Fed Successfully to Horses and Sheep.

The silo was first taken up by the dairymen, and today we find most of the silos in the dairy sections. You can pretty nearly tell the number of cows and the progressive dairymen by the number of silos a community possesses. But a mistake, however, is to conclude that silage is not equally good for other classes of livestock, and this truth is so well known by most keepers of silos that they fail to give consideration to the subject.

As silage is our cheapest source of succulent carbohydrates, it can be used practically by any animal which feeds upon grass. The breeders of beef cattle have for many years used the silo with success, not only for feeding their mature animals, but also for growing the young stock. There has been more investigation among the Experiment Stations to determine the economical value of silage as a feed maker than on any other line of feeding stock. Hardly an Experiment Station is equipped with a silo but what has made some test along this line, and it is interesting to note how practically every test has demonstrated the value of silage as a stock feed cheaper than other feeds, and at the same time a high quality of food. Most of the tests have been made with cows, calves, and they would certainly be right at any man who owns one. It will be warned by representatives of the Department of Agriculture of the provinces concerned, their colleges of agriculture, and the rural municipal associations. A representative of each province will accompany the train throughout its entire trip, although as each province has charge of the train for about two months. It is planned to cover with the train this year as many as possible of the points on the Canadian Pacific Railway, and next year to take up the Canadian National lines. There will be two trains in all, and they will be sent in each province

Horses and mules have been fed silage for years and economically. Some of our later horses have been fed silage to horses for six months and fed silage in more forms to his horses. Sheep are extremely fond of silage as it is used, but in small quantities and judgment in horses not at heavy work only good silage should be fed to the horse ration.

As a ration for sheep it has long been with success, and there are many feeders who feed it on a large scale. Not long ago a sheep feeding farm was sold for about 60,000 dollars, and one silage as a part of their ration. It has hardly come to its own in the United States as a cattle feeder and certainly use the silo more to the horses, but he wishes to make economic gains.

For poultry and swine, small rations of silage are fed with good success. Swine in particular shall have a chicken silo, a small silo filled with succulent corn and cowpeas. Sunflowers, especially, are valuable for the production of eggs, and also breed the best. Fill fattening rations it should not be used as the principal feed, but rather as a regular feed. Use it in the storage cellar. Cultivate it sharply in two and pack well. Don't feed it to the extent of causing scouring. Cut corn, if it is to be used for the eight and second. Cut corn when the kernels are well glazed, as it needs as a husk or succulence from which to be drawn. Don't cut any time and from which to cut as ways cut for a profit.

Publications Available for Distribution.

The Department of Agriculture, at Ottawa includes in its available publications many of great interest, which embrace practically every phase of farming in its broadest sense in Canada. The new list recently issued contains thirty new publications which relate to diseases of field crops, insect and plant diseases, farming, the orchard and garden, and poultry. In the miscellaneous list is included "Farm Feeds," "The Use of Concrete Grain for Human Food," and a new edition of "The Meat Industry in Canada." All these publications are free and may be had on application to the Publications Branch of the Department of Agriculture at Ottawa.

Amundsen's Ship Wedged in Ice.

Captain Roald Amundsen's polar expeditionary ship the Maud, is reported wedged tightly in the polar ice pack west of Kolyuchin Bay, Siberia, and nearly midway between Wrangel Island and the Northern Siberian coast, by far trader who have reached civilization.

It is a wise father that can convince his children that a parade is all there is to a circus.

Vice-Regal Tour in North

The Governor-General Greatly Impressed With the Peace River Country.

After making a ten-day tour of the Peace River district during which time he was enabled to fully observe the vast development that is taking place, His Excellency the Duke of Devonshire, Governor-General, returned to Edmonton on a special train over the C. N. & B.C. Railway. He was enthusiastic over the rich resources of the north country and the unbounded optimism of the people was demonstrated at all points.

Tours through farming districts where harvesting and sowing and threshing was in full swing, hunting and fishing expeditions, and appearances at public functions to receive addresses of welcome, made the first visit of the Governor-General to the Peace River district one to be long remembered.

His Excellency was accompanied by J. A. McGregor, assistant manager of the B. R. & B.C. Railway; Captain H. C. Dalton, aide-de-camp, secretary, and Captain the Hon. Patrick Kinnaird, aide-de-camp. All members of the party were enthusiastic as to the success of the trip, which was carried out in every way without a hitch or mishap.

Leaving Edmonton on Saturday, Sept. 16, the party reached Dunvegan, where a reception address was presented. A short function took place at Wembley, His Excellency making replies at both points. On the following day the party motored to Spirit River, Saskatchewan, Sturgeon River and High Prairie where crowds turned out to welcome the Governor-General.

On Monday, Sept. 18, the party arrived at Grande Prairie and Falher, where public addresses were presented, while Grand Prairie was reached by the evening. On the following day Edmonton was reached at 1 o'clock, where a short stop was made, and the party left for Calgary. Calgary was reached at 7 o'clock in the evening, and the party remained over night, leaving for Banff on the following morning.

The following day the party motored about the Grand Prairie district and then left for Edmonton, where they remained over night, leaving for Banff on the following morning.

The following day the party was motored about the Grand Prairie district and then left for Edmonton, where they remained over night, leaving for Banff on the following morning.

Rust Weakens Machinery

Farmers Can Guard Against Breakage By Using Paint.

Many a binder or farm machinery is broken in use, at a busy season when a breakdown means a loss of time and money. Nowadays when a machine breaks down it is usually not for lack of strength, but because rust has weakened the metal. Rust is the worst enemy of farm machinery. It is preventable. Paint is the remedy. Paint every machine when it is new, and keep it painted. Paint is cheap insurance against rust. Paint is cheap insurance against rust. Paint is cheap insurance against rust.

Culling Hens for Winter

Poor Layers Should Be Disposed Of At Once.

All hens that have not been culled during July and August should be culled at once. All specimens that have not been good layers should be disposed of at once. All specimens that have not been good layers should be disposed of at once. All specimens that have not been good layers should be disposed of at once.

Most Wheat of High Grade

Every Indication of an Excellent Grade Being Maintained.

George Hill, Dominion Government Grain Inspector at Calgary, Alberta, is confirmatory for the statement that never before during his long experience in Western Canada has there been such a small percentage of low grade wheat as there is from the 1916 crop.

The most agreeable feature about it is that in the whole of the present conditions is that there is every indication of there always being a demand maintained, as threshing this fall will be carried on under excellent weather conditions.

There are several reasons why this is a most satisfactory state of affairs. In the first place, the grain is of a very high quality, and in the second place, the grain is of a very high quality, and in the second place, the grain is of a very high quality, and in the second

THE STANDARD
VERMILION, - - ALBERTA

R. R. P. COOPER, Editor.

THE STANDARD
VERMILION, ALTA.

Two or three communications on various issues have reached this office, and will receive consideration later.

The annual citizens' meeting of the town of Vermilion takes place next Monday evening to hear the financial report covering the operations of the Council for the past year. The returning committee are W. H. Hancock, Wm. Stewart and Jeffrey H. West. Mayor Morrison's term of office also expires with this year. It is another indication that neither Stewart nor West will run for the office of mayor, but it is pretty well known that Mayor Morrison has no intentions for a further term of office.

A meeting will be held at the Court House on Friday evening, December 9th, at 8 o'clock, for the purpose of considering the advisability of establishing a Nursery and Intensive Agricultural Station in connection with the Experimental Farm at Vermilion. All persons interested in the matter are requested to be present.

1st Vermilion Troop BOY SCOUTS

It is with considerable pleasure we open our No. 1 Notes this week with the announcement that the band is fast becoming an accomplished fact and after a surprisingly little patience we now have three bugles and 1 drum with 2 bugles and one more drum to come.

Mr. J. R. Russell of the Bank of Commerce staff has undertaken to put the band through its paces and has picked the following Buccs Drummers Scouts Hobart Emery and Bert Bertram Buglers Scouts Ward, Maddams, English Moore and Pomeroy as squad

On Armistice Sunday the Scouts turned out to the Veterans Church service at the Lyceum Theatre and the collection was taken up by the two Scouts Moore and Bryden and Wolf Cubs Sharp and Walsh.

A Scout Hockey team, we understand, is in process of formation with Scout Ledger Sharp as Captain. As the Club has not grown on the names of the members of its team we are unable to list them here, but may possibly do so next week

On Monday, the 22nd instant 3 scouts did their "good turn" by assisting the ladies of the Rebekah Lodge to move lodge into their hall for a short dance that evening.

We have to welcome two new recruits during the past week One into the troop, namely Thomas Moore (who already has shown good scouting qualities by running his Tenderfoot on Friday evening with flying colors), the other was promoted to the ranks of the Wolf Cubs and his name is Douglas McGhee.

The following Scouts have now attained Second Class Rank: Scouts Dowdell Craig Thomas Crisp, Ashley Cooper and Gordon Murray and found their chief stumbling block in obtaining this badge in the signalling test. Scouts Basile Weber and Reginald Wood have obtained respectively the Healthyman and Pathfinder Badge This now brings the total proficiency badges earned by Vermilion scouts up to 12 in all.

Our District Commissioner, Mr. L. G. Dunaway is to understand to inspect the Troop at an early date. On the occasion of his last visit the troop had unfortunately been dismissed early.

We have it on good authority (though not official) that a Dominion Jamboree or meeting of scouts is to be held in Winnipeg May 24th to 30th. BE PREPARED saysay.

The contest for the Anderson Bold-Walker Cup continues strong and the following figures (up to date) stand for themselves — Cutler Patrol 720 points. Beaver Patrol 372 points. Eagle Patrol 361 points. Points have yet to be award ed for badges and school reports.

A recent Cub pow wow (Scout Harold Stephens has also joined his Tenderfoot Test with honors.

Until Next The King
Stanley F. McChesney,
Warrant Scoutmaster.

Rose Beverly, tourist and traveller, has returned to town after a three month's exploration trip.

TAX SALE

Sale of lands in the Municipal District of Grizzly Bear, No. 462

NOTICE is hereby given that certain lands in the Municipal District of Grizzly Bear, No. 462 will be offered for sale for arrears of taxes and costs on Saturday, Dec. 6th, 1920 at 12 o'clock noon, at Wildmere, Alberta. A full list of the said lands may be found in the issues of the Vermilion Standard, dated October 18th and October 25th, at the various post-offices in the municipality, and at the office of the Secretary-Treasurer, Wildmere, Alberta.

Unless the arrears of taxes and costs be sooner paid, I shall proceed to sell the said lands at the place and time above mentioned.

Dated at Wildmere, Alberta, this 22nd day of October, 1920.

BAILLIE WILSON,
Secretary Treasurer.

Only 24 days more in which to pay taxes if you wish to avoid the penalty. DO IT NOW!

C. J. BANFIELD

Columbia Theatre — Friday and Saturday this week, Nov. 26 and 27 Lyons and Moran Feature in "Everything But the Truth", Comedy "Hoots and Eddie Pals (Serial) in "Cyclone Smith's Come Back"

A business deal of particular interest to the people of the town and district was recently consummated whereby H.C. Maxwell disposed of his drug store to Flemings Drug Stores of Edmonton. Mr. Carlson is the local manager. This store is one of a chain and the management have great faith in the future of Vermilion, confidently expecting to build up a business here which will equal, if not exceed that of their other stores. We draw parties' attention to the announcement advertisement of the Fleming Drug Stores appearing in this issue of the Standard and extend them a hearty welcome to the business firms of Vermilion.

A.C. Demers, who has returned to Vermilion after an absence of some three months, claims there is no place like home and will re-establish himself in the carriage business immediately. Work is about to be commenced on a frame building and workshop, which will be erected almost opposite the old stand on Flag Street north.

Remember the date December 4th, Presbyterian parlors. Fancy bread, rolls, cakes and waffles. "The very staff of life, the comforter of the husband, the pride of the wife."

TOWN MEETING

FAIR NUMBER OF RATEPAYERS IN ATTENDANCE

The annual meeting of the ratepayers of the town of Vermilion was held Monday night in the Drive Hall. While the attendance was not large it was fairly representative of the business interests of the town. On motion S. R. P. Cooper was elected chairman and opened the evening's business in a few brief remarks. He then called upon the Secy Treas to render the annual financial statement, following which Mayor Morrison gave an exhaustive resume of the work carried out by the council during the past year. This included sidewalk extensions in various portions of the town, street grading and improvements, extensive repairs at the power plant with the inauguration of a daylight power service and the purchasing of a modern fire fighting equipment and reservoir installation in connection with the same.

Coming to trying financial conditions of the past year or two much work planned by the council had necessarily to be restricted. The mayor's report was received with evident marks of approval. He also paid special tribute to the present councillors, stating that in them the ratepayers had able representatives, men who were endeavoring conscientiously to serve the very best interests of the ratepayers he asked for their re[illegible]tion in office.

The meeting was then opened for general discussion during the course of which many matters pertinent to the town's welfare financially and otherwise were thoroughly discussed.

[illegible] was submitted by the Secretary and on ongoing expenditure for the ensuing year was passed. Principle items of expenditure [illegible] and Power [illegible] [illegible] [illegible]

Wheat Farmers and Motors

One-Third of the Automobiles in U.S. Owned by Farmers.

Seven and a half million motor cars are reconstructing America, and more than one-third of the owners are farmers. The largest percentage of increase in automobile registrations has been in the purely growing sections of the south. These points are revealed in "Facts and Figures," an annual published by the National Automobile Chamber of Commerce.

Following the Civil War was the time the railroad when vast territories were opened up and a result a great leap in prosperity. Following the World War has come a similar era of motor trucks and passenger automobiles. In 20,304 motor trucks were sold during 1919, an increase of 39 per cent over 1918.

A Woman Admiral

Dowager Queen of Greece Only Woman Admiral in World.

Dowager QueenOlga, mother of ex-King Constantine of Greece, was until lately Commander of the Second Squadron of the Russian Fleet and the only woman Admiral in the world. The Dowager Queen, who speaks six languages, is 69 years old, and an ex-Russian Princess. She has had a reputation for benevolence since she founded, shortly after her marriage, the Evangelismos, a seaman's home on the Aegean, and a woman's hospital. It is a fact that before her arrival in Greece there was no woman trained nurse in the country. Recently Queen Olga made such progress in the matter that in 1920 she was able to dismiss the English matron and three English nurses at the military hospital at Athens.—Contemporte

Land Pays for Itself in One Year

Striking Example of What Can Be Accomplished On Western Canada Farms.

The low price of good land in Western Canada is one of the chief attractions to the farmer in older settled communities such as the eastern and middle-west states where similar land costs ten times as much and very often cannot be purchased at any figure.

It has been repeatedly pointed out that the cheaper land of Alberta or Saskatchewan will produce just as heavy crops of grain as will that costing upwards of $200 an acre. An example of this has just come to hand. Chas Gray purchased land at Manville in Central Alberta for $30 an acre. He has just cropped his first crop to market. At the current unit price of wheat and oats [illegible] this land from the sale of [illegible] There are no trees on the Falkland [illegible]

Canadian War Memorial in France

Soldier As a Permanent Residence For Fitzg Scholarship Students From Canada.

A complimentary project, this for only projected, brought the Hon. Philippe Roy to Canada again recently on his return to Paris, as a war memorial to Canadians who fell in France, of an edifice to be known as "La Maison des Etudiants Canadiens" as a permanent residence of fifty scholarship students from Canada. Such a memorial, it is stressed, apart from its monumental success of the scheme, as the $1,500

From the Diary of A Hudson's Bay Clerk in the Seventies

By O-GE-MAS-ES (Little Cloth).

(Copyrighted)

(Continued From Last Issue)

Next morning, and I hoped the last morning, as our breakfast was tea and [illegible] from my previous meal. I was taking my spell ahead with lines on the head of my small snowshoes to help lift the weight of them. I suddenly looked round and found that the party had stopped. On turning and marching back to investigate, I found one of the drivers (Musqua-ska) a hard-working man, with his sleigh pulled to one side and he busy unlashing it. I thought for a minute, then ordered a halt and came to a show-down, for he was going to leave his load of valuable ammunition where he lay and no doubt the others would follow suit. This was smithy—cash money.

All the men were watching me, as I was busy tramping down a rock pit about two feet deeper. On finishing this I took off my Hudson's belt and caped them in a bundle, I challenged Musqua-ska to do likewise, and he accepted. Then I said in other words: "We will fight. If he wins the belt may be the cord I wear on the ice, and, if I win, the load would go on instead." A deep silence followed. Musqua-ska looked me up and down, and finally turning to his sleigh he commenced unlashing it. A chuckle broke from the rest of the men and the outfit went on. Under-standing that I had won, that evening we reached The Pas.

Seeing every load unpacked and carried in the post house, with no [illegible] and dog feed given out, I finally went to the office. Dear old Alick! [illegible] here with her chicks [illegible] a bare head. How did [illegible] stand it, and so on. While he talked I was loosing my moccasins and duffles (northern travellers know that the snow gets in corners and does not melt inside socks). Every one was [illegible] riding, canter had forgotten me. I [illegible] both my feet, and on [illegible] my wrappings a glance was enough for Chief. He became violently sick at his stomach, and really it was a nasty sight. I [illegible] him on the mess for the last two days.

We thank some of my readers have experienced the same pangs, but of all kinds of pain that is hard to endure, it is when the snowshoe lines have cut your feet and the sore muscles ing as the webs are slowly rubbed off, you must still stand it and tramp on with an aching heart, nevertheless biting your lips till the blood comes. Over the top all right, with apologies to the boys from the front.

Before I wind up this article I must tell you another dog story and a good title for it would be "The Canadian Dog." After the seven dog trains had been made up, there were, of course, several misfits whom no one wanted, and these gained a precarious living by stealing the other dogs' fish at feeding time. Notorious amongst these was a grey husky from Lac du Brochet, who showed the wolf strain plainly, and was bad to handle. He had to be separated either you or his train-mates, so I chestnuted him Wen-do-go, or "evil spirit." We all tried him, but he got worse, so was for the present chained up in the [illegible] wooden. One morning our French cook, Louis la Liberte, came in while we were at breakfast, with a very pale face, and with bated breath he cried out, "Please, sir, Master, Wendigo has [illegible] cannibal." "What do you mean, Louis?" "Come and see, sir," and on both of us going out to the back of [illegible] Wendigo growling furiously, turning round and round, while being nourishment of young flesh [illegible] out his hunger. Without [illegible] them, blood hair and all. The sight was too much for the Chief, and turned his face [illegible] the brute at once and take him away," was the order [illegible] So, getting a small revolver, I [illegible] very proud of, I fired six rounds into his head and told Louis to drag his body down to the ice.

That evening at dog feeding time, who should come staggering up the bank with his head as big as a pail-but unconquerable Wendigo. A council was held, starvation was the sentence, and no axe and block obtained. Then the head was severed from his body and placed on the ice a distance apart. So ended Wendigo and this article.

Paying the Price for War

Member of Orpheus Rehearing Says People Broken Down Mentally.

Berlin.—Bitterness marked a debate in the Reichstag relative to the vetoing of appropriations to carry out provisions of the Versailles Treaty. Members of the Chamber denounced the action of the Allies in keeping such a large force of men along the Rhine and in particular assailed France for sending negro troops into Germany.

Dr. Zapf, a member of the German People's Party, said Germany's financial situation [illegible] hopeless. He pointed out that interest charges on the budget alone amounted to 12,500,000,000 marks and declared the conduct of French officers and their families in the Rhine land was provoking a growing anti-war feeling.

"If Russia [illegible] Dr. Bolshevist, [illegible] appear on Germany's eastern frontier, they would [illegible] the [illegible] situation [illegible] in years, but a people [illegible] can [illegible] mentally."

Rudolf Breitscheid, a leader of the Moderate Independent League, said the nation's burdens were not the result of the "infamous conduct of her enemies," but the result of Germany's pre-war policies.

"Germany's collapse," he continued, "was not due to the pacifists, but to the [illegible] prayer of war as the fountain of youth and the belt of steel. I predict the time will come when the present treaty will be replaced by an instrument dictated by true justice. This will be when the League of Nations and Germany become sufficiently powerful to put the Versailles Treaty out of commission."

THE STANDARD
VERMILION, - - ALBERTA
S. B. P. COOPER, Editor.

THE STANDARD
VERMILION ALTA., DEC. 29.

The bylaw submitted last week by the Municipal Hospital Board was defeated on a two-thirds majority by a small margin. The vote cast was unquestioned. The bylaw called for the issue of $10,000 in debentures extending over twenty years. The payments each year would exhibit $1,200.00 which would have been included in the annual budget and consequently the actual rate would not be increased as was alleged in the campaign made against the bylaw. The Board could not possibly furnish the services for any part of the expenditure. It will require an amendment by the legislature to the hospitals act to increase or vary that rate. The passing of this debenture would therefore not have increased the amount of the hospital rates paid by the ratepayers. Sunnino and Drumheller districts had large over-expenditures and they went to the people and had the bylaws approved by large majorities. In neither case was the council, the original rate be disturbed. The Board probably has the jurisdiction to increase the $10,000 on the district direct which would mean about $2.00 or $4.00 more bought in that next year. As it is they likely will re-submit the bylaw and thus avoid the extra amount, providing the bylaw is endorsed. The Board did everything humanly possible to keep the expenditures down but with the ever increasing cost of equipment and repairs expenditures none should expect it to build an eighteen bed hospital and equip it within the amount of the original scheme. The mistake was done there. Instead of asking for $15,000 there should have been a debenture issue of $60,000 and a three storeys suggested at that time

NEW EQUIPMENT RECEIVED

The Canadian National Railways up to October 30th, had received the following equipment which had been on order Locomotives medium Pacifics, 12; heavy Pacifics 10, Santa Fe's 23, switchers 50. Freight cars: bulkier cars 350 cabooses 107 box cars 1283, general service 1142, refrigerator cars 113.

PIANO OFFICIALLY PRESENTED

Gift of Girls' Club to G.W.V.A.

A pleasing and interesting event took place on Thursday evening of last week in the Albert Hall when Mayor Morrison, on behalf of the Girls' Club of Vermilion, presented the Vermilion branch of the Great War Veterans' Association with a handsome Heintzman piano and seat. The hall was crowded and the Mayor in his address paid tribute to the unfaltering enthusiasm shown by the members of the club, the ages few in number, expressing their appreciation of what the boys from the town and district had accomplished in the great war. Only a few months ago, he said, the citizens had met to present these veterans with the fine memorial hall now occupied by them and which effort placed the town of Vermilion in a place by itself in that it is the only one in Western Canada to present a memorial of this character, and now they had gathered to take part in the presentation to their soldier boys of a handsome and costly instrument of music by which those rooms will be adorned and the visitors entertained. The presentation was accepted on behalf of the Veterans by J. P. Harvey, the president, in a short address, in which he desired to express the hearty thanks of the veterans to the Girls' club and to all who had in any way contributed in the making of this presentation possible. The rest of the evening was spent in dancing, all present being guests of the Girls' club.

WILL WE HOLD SUMMER FAIR

MATTER TO BE DISCUSSED AT ANNUAL MEETING OF THE AGRICULTURAL SOCIETY

SATURDAY DEC. 4

The annual meeting for the members of the Vermilion Agricultural Society is called for Saturday next in Simmonsburg hall at 2 p.m. A report of the year's work will be placed before the meeting, points brought up by any member will be discussed and the election of officers for the ensuing year will take place

We understand that the question of holding the fair in the summer instead of the fall, is to be taken up by the meeting.

Once again we would like to impress upon each and every member the advisability of being present—now as the time to commence building up the fair for next year. All members are expected that a good live board of directors are put in office if we are to keep the fair up to the standard of former years. The fair is where country and town unite for their mutual benefit.

EDMONTON'S MAYOR GIVES PANIC TALK

Addressing a packed audience in the Gaiety theatre, Edmonton, on Sunday evening under the auspices of the Edmonton Labor Church, Mayor Clarke and the financial scandal were being put on the grill by their leader under harder than any politician time in the history of Edmonton. If the statement was not believed, stated the Mayor, it could easily be established as fact by asking anyone who, during the past summer had a banking credit of $10,000, what amount their bank would lend them today.

That the centre of accumulated wealth east of Chicago was in the throes of a financial panic, that productivity was being cut out and tens of thousands of men in the eastern cities being thrown out of employment, was cited by Mayor Clarke as an indication that the black failure of financial juggling which he termed as the capitalist system was at the breaking point and would result in a panic worse than 1907. In an absolute quote a prominent man in Edmonton is saying that by next spring the wage of the daily laborer in Edmonton would be below that of 1918. The Mayor substantiated this opinion, by saying that the rubber was not the cry of an agitator but that we were going to have to face a period of re-construction such as the world never saw before.

DISTRICT COURT AT VERMILION

Judge Taylor conducted district [illegible] sittings at Vermilion on Friday, and heard the following cases: Francis vs Musgrave, $276.45, judgment reserved. Roy Healey vs Otto M Hartman for repayment of $50 granted Rex to Symons A Co. plaintiff entered, Hollis heard 9 Criminal Summonses, Appeal, Rex vs Sullivan, appeal dismissed, but fine reduced from $100 to $200. This was a still case heard by Magistrate George B. McLeod.

Boy Scout Notes

Universal Goodwill

Boy Scout Movement Has the Support of 81 Shades of Opinion.

The Boy Scout movement is in the happy position of having no enemies. A few people are scared that it [illegible] but the vast majority look upon it as a most beneficent institution. The scout is in the [illegible] inspiration to modern conditions, which tend to destroy individuality. [illegible] The movement was originated by Lord Baden-Powell, who had served some of those that fell.

2. Let every farmer who depleted his breeding stock go to his neighbor and shipping stations where hogs are being loaded and pick out suitable sows for breeding this fall.

If this is done promptly and widely, losses will be negligible. The consignment is the largest of its kind ever made from a country point in Alberta and demonstrates another of the good attributes of the province, for although people have long grown pumpkins in their own gardens for their home-hold use it has not been thought possible to grow them on a commercial scale before.

Three pumpkins were grown on the Dominion Farm of the Canadian Pacific Railway at Brooks, Alberta, by Tom. H. Bath, the superintendent. Mr. Bath has thoroughly demonstrated the possibilities of growing on the irrigated lands in Southern Alberta of many points which are known to acquire a fair amount of warmth to insure their reaching maturity. In addition to pumpkins he has, during each of the last four years, grown good crops of tomatoes, melons, cantaloupes, squashes and sweet corn with equal success. Dealers in Calgary find that the Alberta grown stuff is fully as much finer than that which is imported from outside, chiefly because it is possible in so long a run their market in a much fresher condition.

Pumpkins by the Carload

Another of the Possibilities of Alberta Has Been Demonstrated.

A carload of pumpkins and squash were shipped from Calgary from Brooks, Alberta, recently, and were readily sold to local dealers at a profitable return netting the producers from other parts of the country. This seems to be significant. The consignment is the largest of its kind ever made from a country point in Alberta and demonstrates another of the good attributes of the province, for although people have long grown pumpkins in their own gardens for their home-hold use it has not been thought possible to grow them on a commercial scale before.

Three pumpkins were grown on the Dominion Farm of the Canadian Pacific Railway at Brooks, Alberta, by Tom. H. Bath, the superintendent. Mr. Bath has thoroughly demonstrated the possibilities of growing on the irrigated lands in Southern Alberta of many points which are known to acquire a fair amount of warmth to insure their reaching maturity. In addition to pumpkins he has, during each of the last four years, grown good crops of tomatoes, melons, cantaloupes, squashes and sweet corn with equal success. Dealers in Calgary find that the Alberta grown stuff is fully as much finer than that which is imported from outside, chiefly because it is possible in so long a run their market in a much fresher condition.

Manitoba's Potato Crop

Yield Estimated at One Hundred Bushels to the Acre.

Manitoba's potato crop this year will be a splendid one, this statement is made by officials of the Manitoba Agricultural Department, and is based on reports from all sections of the province. This is how more than 1,000,000 bushels of an average yield. The yield is estimated at one hundred bushels to the acre this year, while the average yield for the last ten years was one hundred and fifty bushels.

The official estimate as to acreage in the province last year was 42,000 acres, and this year it is 37,000 acres. Prices secure at local points in Manitoba are very varied at present. Many correspondents report local prices as high as $2.50. Already Winnipeg dealers have brought in shipments, mostly from Alberta, and there are probable delivered about the city, on his basket of potatoes for $1.75. Local growers of the Winnipeg district are selling prices rather above these figures.

The Value of Western Canada's Eggs.

Commenting on the harvest in Western Canada and conditions generally, the correspondent of the Times says: "Everybody knows that a billion dollar crop is a big thing, but few realize what it means. Well, among other things, it means that the West produced as much wealth in grain alone this year as the munitions factories brought into the country during the four years of the war. This is something to think about. Or put it another way, the value of the crop is equal to nearly one-half of the total national debt.

Our Hog Crisis And Its Remedy

Methods For Restoration of Normal Conditions in Hog Production.

This [illegible] deep in the pits of acute gloom fall from the wisdom of a steadier policy in Dominion farming. The lack of a steady policy has just brought about a crisis in the hog industry which [illegible] reckoning time on export bacon trade built up through early seasonful careful effort. Big dance at King Edward, Friday Dec. 10. Everybody come. Good music, good sleighing.

D. F. Anderson sustained a severe fracture of the nose and several bruises on the face while engaged in decorating for the stores Friday afternoon. The accident occurred as he was raising the frame of Dr. Clark in the west end of town and just how it happened is unknown to Mr. Anderson. It is however presumed that he was taken with a dizzy spell and the small stump entrance leading on his face. Assistance was rendered by the sufferer's landlord and medical attention

The tea social held at King Edward school on Friday last was a great success over eighty being present. The proceeds which amounted to the handsome sum of $13.60 is being devoted by Miss McPee, the teacher, to buying Xmas presents for the school children.

Matrimonial

SHAFER - WATSON

A very quiet wedding was solemnized on Monday, November 22 at the home of Mrs. D. Watson, Beaver Lake, when their third daughter, Jessie Beatrice Watson was united in matrimony to Wesley Shafer formerly of Vermilion. Rev. W. T. Crumb officiated.

Mr. and Mrs. Shafer will make their home in Edmonton. — Vegreville Observer.

R. Graham and daughter Mrs. J. C. Wallington have returned to this district and who have been visiting here since August, left for their home at Watford, Ontario on Thursday.

The regular monthly meeting of the G. W. V. A. will be held in the Club Common Friday evening, December 3rd at 8 o'clock prompt. Business To make resolutions for the Provincial Convention.

A shower and supper was given at the home of Mr. and Mrs. Norman McClellan on November 29th in honor of Miss Hilda Read, a November bride to be. The presents were numerous and beautiful showing the high esteem in which the young lady was held

A meeting of the District Association of the U.F.A. will be held in Brimsome Hall on Saturday, Dec. 11th at 2 p.m. Every Local Secretary to Vermilion is requested to send two delegates. All members of the U.F.A. are cordially invited.

A happy event took place at Vermilion on Tuesday, Nov. 30th at 1 p.m. when Hilda Evenson, eldest daughter of A. F. Reed of Vermilion, and J. Gallagher of Edmonton, were united in marriage by the Rev. M. L. Wright. Miss W. Lee acted as bridesmaid while Mr. E. Dawson supported the groom. Only relatives and nearest friends of the bride were present. The bride wore a travelling dress of navy accordeon pleated satin with an over blouse of navy Georgette shattered with silver beads and fringe linings, with hat to match. The bridesmaid wore a navy accordeon pleated serge with silver trimmings. The bride received many useful and beautiful presents, one a cheque. The happy couple left on the 6.30 train for their home in Edmonton.

P.S. The Assessing of the Town depends solely upon taxes paid in, so upset the taxes uncollected. HAVE YOU DONE YOUR BIT?

Ethel Lincoln, the mighty in a red blooded drama of strong motives, passions and a woman's pure love, "I adore Crimson Blue." A great romance of love on the deep. Appearing this Friday and Saturday at the Columbia Theatre, prices 25c & 50c. Saturday matinee at 3 o'clock, prices 20c & 25c

J. H. Smith, Incumbent

A special meeting of the shareholders of the Central Grain Growers Limited, of record at Vermilion Local, will be held in Brimsome Hall on Saturday afternoon December 11th at 2 o'clock. The object of the meeting is to enable Mr. Frank Collens to submit his report of the annual meeting of the company; to all duties to thereafter business will be transacted

OFFICES FILLED BY ACCLAMATION

The nominations proceedings passed off very quietly. Geo. Beck was returning officer and nominations for the town council and school board were received in the Fire Hall. At the close of the proceedings Mr. Beck declared the following elected: — For Mayor, J. W. G. Morrison, by acclamation; for councillors, W. H. Duncan, re-elected; M. A. Brimscombe and F. C. Long, re-nominated. School Board: W. F. Pilkie and J. M. Bateman, re elected.

MASONS ELECT OFFICERS

At the regular meeting of Vermilion Lodge, A. F. & A. M. held Tuesday evening, the following were elected officers for the ensuing year —

W. M.	Norman Tucker
S. W.	Geo. Stewart
J. W.	A.W.G. Morrison
Secy.	W.E. MacKenzie
Treas.	H. R. Calvert
Tyler	Geo. Woods

There will be a joint installation of officers with Hope Lodge of Mannville at Vermilion on Monday evening the 27th. It is also hoped Kitwinning Lodge of Mitchern will join in this installation.

Ruaylvia Local U.F.A.

The annual meeting of the Ruaylvia Local U. F. A. will be held Dec. 27th. Election of officers, receiving of membership, etc. Members are particularly urged to attend this meeting — let us start the new year in full strength. At our last meeting held Nov. 26, a report of the Secretaries Convention, Calgary was given by the Secretary. An interesting hour was spent in discussing problems which are of vital importance to farmers of today; co-operative marketing of milk and cream, the wheat pool, etc. We need your ideas in the solving of these problems, it is your business. Come out to the meetings.

New Prices

are coming on a good many lines and in order to adjust our stock to prices that will prevail next Spring, we have decided to take our loss in a lump.

It would be impossible to quote prices on all lines without a special issue of the Standard. There are some sweeping reductions all over our large store and it will pay you to investigate.

The long end of the winter is still before us and while our prices on all lines of fur goods have been lower than any catalogue house, we have decided to clear out the balance of our stock at prices away below what they were. Look at these prices then make your selections early.

Men's Australian Coon, No. 1 quality — Old Price	$120	now	$90
" Near Beaver Coats No. 1 qual— "	$7.50	now	$46
" Wombat Coats " " "	$115	now	$85

Men's Dog, Siberian Buffalo, Sitka Beaver and Others $55 for 45.00; 53.50 for 44.00; 39.50 for 31.00

Other lines cut into just as much — Our goods have not been marked up in order to cut the price in half.

Growth of Canada's Elevator Capacity Has Been Very Rapid

The growth of Canada's elevator capacity has been very rapid and quite in keeping with the growth of the Dominion as producer of grain, especially since 1908, the wheat production of the whole Dominion from 47,782,000 bushels in 1908 it has reached 208,000,000 bushels, the latter, however, being an exceptional year During an average year the yield will run between 200,000,000 and 225,000,000 bushels. In 1908 the elevator capacity of the Dominion was 18,325,000 bushels, and the present capacity is now 226,2 ... bushels it is evident that if anything ... capacity has run ahead of grain production.

But in this matter Canada has left not so much for the present as for the future. At present approximately 20 per cent. of the total wheat production of the prairie provinces has been taken up for agricultural purposes, less than 10 per cent. being long-term, which shows the wonderful possibilities for grain production in this portion of Canada and the need of planning on a large scale the equipment necessary for the handling of it.

Hitherto practically all the grain from the west has passed through to the eastern seaboard, but with an increase in freight rates ranging from 15 to 40 per cent., it is expected that a portion of the Alberta grain for export will go out through the port of Vancouver, making its way to Europe through the Panama Canal. In such a case there is a development the Dominion government facilities a large storage elevator at Vancouver several years ago.

A noteworthy feature of the growth of Canada's grain handling facilities is the extent to which the farmers of the west have taken part in it. The two large western farmers' companies, the United Grain Growers and the Saskatchewan Co-operative Elevator Company, handle a very large proportion of the western crop. The elevators of both companies, dotting the prairies, run up into the hundreds, and both have large storage plants at the head of the lakes. These large companies have erected and equipped by farmers, the combined number of shareholders being in excess of 50,000. The retaining for themselves of the profits resulting from the handling of a goodly portion of the western crop has contributed not a little to the prosperity of this large body of farmers during recent years.

To Help Farmers

Saskatchewan Will Launch Campaign to Sell Farm Loan Debentures.

The province of Saskatchewan is preparing to launch a campaign for the sale of $3,500,000 farm loan debentures among the moneyed people of the province. The debentures will bear interest at the rate of five per cent. payable half yearly, and as a direct obligation on the credit of the province, being redeemable at par by the government at any time upon three months notice

What the government wants this money for is to finance early harvest at a reasonable rate of interest. The advantages of the operations that already loaned more than five millions since 1917, 4,700 farmers having taken advantage of the opportunity and all forced to secure advances of cash at lower rates than are ordinarily made by the commercial banks. Many applicants thousand applications for loans have been received but not enough cash was in the fund to satisfy them.

Hon. C. A. Dunning, provincial treasurer, in speaking of the case says, emphasis that the government has no intention of financing capital to form loan companies, but rather to assist as auxiliaries on the cost of money to the farmer. He adds that the people of Saskatchewan should rely more and more upon their own savings and earnings to finance the development of the province and not every particular private person or institution, he contends that it is a good investment for the people of a country as the soil of the farmer. This seems to be sound talk and will no doubt be endorsed by the farmers, by who will benefit materially from the scheme in the coming year.

It is interesting to note, says the Calgary Herald in an editorial on the subject, that the campaign publicity much has been undertaken by the executive of the Saskatchewan Provincial Association, while provincial officials throughout the province will have charge of the campaign and the canvassing work. It looks as if everyone in Saskatchewan had thus been enlisted in the active general work of the success of the venture was already assured

Need for Development

Large Areas in Saskatchewan Waiting For Railway Facilities.

Oats are reported to be an excellent crop this year in the Tantallon district, north of Battleford, in Central Saskatchewan, and will consequently provide an abundance of good food both in grain and straw. Green feed is also a bumper crop and should the winter be a long one, there will be plenty of fodder to supply all needs.

Many settlers of desirable type have arrived here this year. Many of them have come from the Old Land and are beginning to prove themselves valuable assets to their new country.

The general feeling is that this district holds great possibilities as a farming country of the best type. All that is needed is development.

North of Tantallon, at Spruce Lake, fine valuable farming land at low prices, because of the lack of railroad, telephone and other conveniences. This country, according to one resident's statement, "has also known a total failure." Wheat went as high as 52 bushels to the acre last year, and graded fairly high also. This only indicates the tremendous possibilities of the country which today calls loudly for development.

Wins Old Britain

Accepts Advice Courteously and Carries on With an Encouragement.

Britain is old and wise. She knows how to accept advice courteously, with a smile, as she accepted Roosevelt's Rhine on how he governs Egypt, as she accepted Wilson's instructions on how to win the war. Her smile is perhaps a trifle wan in the present harassing circumstances, but the curves are without angle when she picks out a Canadian to hold the position of Chief Secretary of Ireland, so that Canada and the world at large may see that it is not altogether naval British brutality that is to blossom. Sir Hamar, presumably as kindly as all Canadians, finds himself responsible for measures of coercion to go with a mirthful attention. British people respect that the knows would not be lost on Canada. Instead she has learned to confront each set of instructions from Sir Hamar with the hypnotic "Oh!" the writer, so remarkable, she has learned that the world records, and the "instant moment of praise," that she will be judged, by no mere children, on how well she keeps her own counsel, and that the hasty judgment of rash enthusiasm may be disregarded sometimes. She is now old in bad company. Canada may well learn from her, against the time she too will be a "mammy" among nations.—Border City Citizen Star.

The Crowded City.

High rents are said to be forcing people to get rooms instead of houses. What is the advantage of living in a large city when an outfit is good for a room as would cost a house in a smaller place?—Toronto Mail and Empire.

Airplanes are to be used for hunting whales and such around Iceland and Greenland.

Winter Storage Of Vegetables

Some Valuable Suggestions as to Proper Methods to Follow.

About 75 per cent. of the ordinary garden vegetables can be stored for winter use if a little care is taken.

Most vegetables are best stored in a temperature just above the freezing temperature of water. They are best kept where it is dry as well as cool. Atmosphere should be neither ... nor too dry atmosphere ... Two of the Texas women, Mrs. Jeanette Hartsell, and her sister, Miss Irene Lockhart, went across the ... The sisters are daughters of a retired Chicago manufacturer, and own and manage ten sections of land in Parmer county, Texas, upon which 30,000 sheep graze and from which 30,000 sheep were sent during the past summer.

The rapid success of these two "sheep queens" was heralded during the meeting of the Texas Sheep and Goat Raisers' Association in San Angelo recently, and was responsible for the invitation to Mrs. Lamada to ... The invitation came from the board of the Federated Women's Club of the Dominion, who ... personal letters to Mrs. Hartsell and Miss Gardner.

The two young women also have been deluged with letters from women ... to be "sheep queens" of Texas, during the reaching business. Mrs. Hartsell was already in the sheep business in the southwest also and ... these queens of letters.

A desire to accomplish something worth while attracted the young women from their home in Chicago, they say, and during a visit to Fort Worth. They came to the Texas plains and at first went in for farming and for Jersey cattle raising. They met with several disastrous experiences, financial ... point.

They sold their farm and bought the ranch in Parmer county, a part of what was the old X I T cattle outfit. For their Jersey cattle they received just enough money to purchase 100 sheep and from this humble start their present business has sprung. Last spring and summer the two women brought 30,000 sheep to Texas from northwestern ranges where, the sheep were threatened by the disease due to drought, and sold them to sheep breeders throughout West and southwest Texas.

The women themselves are said to be expert sheep handlers and very successful in directing their staff of ... They maintain ranch headquarters at Bovina, Texas.

Many Are Whing

English Women Anxious to Wed this Side of Atlantic.

Asked by an Alberta farmer to find him a wife, the Preston Guardian says: "We received a post bag containing 50 applications for the post." The letters are mainly from women in Lancashire, Yorkshire and Derbyshire, but London is not unrepresentative.

Several contain quaint stipulations. "I shall expect you to get up and heat milk for baby during the night," writes one woman.

Another lays down that "You will have to be a kind and loving husband. I shall expect to be waited upon hand and foot. Let us have any love you like. My word must be law. I shall expect you to comb my hair every night, black my boots, and clean and ... go to the pictures."

The third specimen letter contains the conclusion: "I am very domesticated and fond of cigarettes."

Birds Affected By Fog.

Curiously, although human beings are mostly benefited by a fog, birds sometimes find their way through it ... Lundy Island, for instance, a horse will hang along in its right direction although the air were perfectly clear, but not quite straight, and take that ... right turning at the right moment if it is at all accustomed to the ... birds do not appear to be affected ... bewildered by fogs. Pigeons, for instance, will remain motionless all day long, half asleep, huddled up in their pigeon houses. Children and poultry of all kinds won't stir all the time a heavy fog is about.

Cheese Ground to $1,000,000 Company in Manitoba.

Establishment in Manitoba of a $1,000,000 cheese corporation to be known as the Mammoth Mining Corporation, Ltd., has been authorized by the provincial charter. The concern is given wide powers covering every phase of the mining industry, including prospecting, developing, purchasing and working all kinds of mining ... and the loan of a smelter and operation of a railway, telegraph and ... telephone system.

Made Fortune From Sheep

Texas Will Give Lectures in ...

"Sheep queens" of the Texas range have been asked to lecture to widows of fallen Canadian soldiers, and explain their "great adventure" to other women ... serious enough and keen enough to duplicate it on the Dominion ...

Two of the Texas women, Mrs. Jeanette Hartsell, and her sister, Miss Irene Lockhart, have accepted the invitation. The sisters are daughters of a retired Chicago manufacturer, and own and manage ten sections of land in Parmer county, Texas, upon which 30,000 sheep were sent during the past summer.

The rapid success of these two "sheep queens" was heralded during the meeting of the Texas Sheep and Goat Raisers' Association in San Angelo recently, and was responsible for the invitation to Mrs. Lamada to ... The invitation came from the board of the Federated Women's Club of the Dominion, who ... personal letters to Mrs. Hartsell and Miss Gardner.

The two young women also have been deluged with letters from women ... to be "sheep queens" of Texas, during the reaching business. Mrs. Hartsell was already in the sheep business in the southwest also and ... these queens of letters.

A desire to accomplish something worth while attracted the young women from their home in Chicago, they say, and during a visit to Fort Worth. They came to the Texas plains and at first went in for farming and for Jersey cattle raising. They met with several disastrous experiences, financial ... point.

They sold their farm and bought the ranch in Parmer county, a part of what was the old X I T cattle outfit. For their Jersey cattle they received just enough money to purchase 100 sheep and from this humble start their present business has sprung. Last spring and summer the two women brought 30,000 sheep to Texas from northwestern ranges where, the sheep were threatened by the disease due to drought, and sold them to sheep breeders throughout West and southwest Texas.

The women themselves are said to be expert sheep handlers and very successful in directing their staff of ... They maintain ranch headquarters at Bovina, Texas.

Hope of Mankind in Democratic Government Of Anglo-Saxon Races

Sir Auckland Geddes, British Ambassador to the United States, is speaking to the American Bar Association said: "We are co-trustees of a very precious heritage, won at no ... collectiveable cost in blood and tears, which we must safeguard for ourselves and our children.

"The spring of the upward movement in democracy is in religion, not in law, and that must ever be, for children of this world are wiser in their generation than the children of light.

"We are all agreed that the form of government which conquered in England, as in the United States, has been best epitomized as Government of the people, by the people, for the people, and that it is the best form of government that the human race has been able to devise in the long enlightenment of its existence. But, said the ambassador, I wonder how many realize what a tremendous revolution this relatively new idea is producing in all human relationships, or even how new the idea itself is, and how little it has been tested. Nor is that all, only a trifling minority of the peoples of the world understand it. I doubt if even in Europe there is a majority which understands democracy; minds have to be convinced that there is a majority really understandingly in favor of it in the British Isles. If the idea is to continue without serious set-back we, who believe in it, ... have to stand firmly together, for there are powerful forces opposed to it.

"It is for us to maintain the heritage of freedom against assault from within and without, the priceless heritage ... great ideo, conceived by the Nordic people, and slowly and painfully ... from its primitive to worthwhile form in England, then brought here to America and developed, and then pushed to the British Dominions, then ... transplanted into countries that ... not yet understood it. And though at each transplantation it has been modified, its original catchwords have spread far afield.

"It is now in danger from its popularity. Even its nursing up to control their actions behind its phrases. Whatever difficulties might arise between our nations, I believe that nothing is more important than this ... that you and we should stand together to defend the hard-won hope of mankind, that through the law ... by the people for their own disciplining, man will at least escape from the toils that have ... him since the world began. If we have taken a great stride towards the solution of the problem of how to, with his physical weaknesses and his mental strengths, shall live in communities in peace and ... with the other, and with the other. "Let us also remember that in a real democracy the law merely marks the line ... which society must bestir itself to ... from disturbers of the peace. ... Democracies ... minds ... can never hope to set the standard of life at which good citizens ... Each must do his ... share within the recesses of his own being, if for it is the exact strength of the democratic ... of governments that it puts no bounds to upward movement. It ... bars no code of morals, it guarantees freedom to each, though it says, sternly, to the wrecker, ... Transgress, and you will be punished."

Pulp Industry of B.C.

Pacific Coast Map Soon Becomes the Centre of Production.

The rapidly growing pulp and paper industry of British Columbia is soon to be augmented by another big mill. A New York Company, says The Daily Financial News, of San Francisco, will build a mill at Kildonan Arm, some miles north of Prince Rupert, and a Japanese firm has acquired a tract of timber on Lowe Inlet and the Queen Charlotte group, with the intention of erecting a plant as soon as the financial situation in Japan clears up.

The following plants are in operation in British Columbia at the present time: Powell River Pulp and Paper Company, Powell River; Canadian Columbia, Whalen Pulp and Paper Company, with plants at Ocean Falls and Swanson Bay, Pacific Mills, Ocean Falls, Fraser Lowe Pulp and Sawmills, Fraser Lowe.

The Japanese market has in the past been handled chiefly by the Ocean Falls plant, the largest on the coast. The Powell River Company also does a large export trade, but the main with the Antipodes. The Pacific Mills in the district of Alberni, Vancouver Island, has also a firm grip on the home market, supplying newspapers from the coast to Saskatoon in the East, and South along the coast as far as San Diego.

As fir will form the principle pulpwood in the pulp producing areas of the Lake States and ... England is beginning to show signs of exhaustion, and the Pacific Coast must soon become the centre of production on the continent

The Sandwort As Purl.

The scarcity and high price of both wood and coal have directed attention to the sandwort as a possible source of fuel. Land that is too ... to produce crops will produce sandwort, though they are of ... value for fertilizer and cultivation. An acre of land will produce about three tons of stalks, some of which will be two or three inches in diameter. The stalks must be dried for ... and then, or they can be ground for ... Any farm boy who has had to cut hickory or rock-maple firewood will hail the sandwort as a public benefactor.—Youth's Companion.

Cheese Co. for Winnipeg.

A company capitalized at one million dollars has been formed in Winnipeg to produce ... cheese for the Winnipeg with be the centre of the organization and subsidiary companies will be formed in other sections of Canada, with the main ... at the Manitoba city.

Many a large man indulges in small ...

Value of Oat Straw

For Feeding Dairy Cows it is Superior to Timothy.

According to average values, 100 pounds of oat hay will contain the following digestible nutrients: 4.5 pounds of protein, 38.1 pounds of carbohydrates, and 1.7 pounds of fats; a total of 46.4 pounds digestible nutrients. This hay will be superior to timothy for feeding dairy ... because it contains over one-third more protein. The will hold particularly true where protein foods are high in price and difficult to secure. Ordinarily mixed hay feeds, such as oats and barley, are relatively cheaper ... than straw plus grain. Oat straw is ... and will meet, which are necessary to supplement rations of corn silage and timothy hay.

Clover and alfalfa hay are superior to oat hay, but mixed timothy and clover is practically the same as feeding value as oat hay.

Oat straw has been quality of hay, ... cats should be cut when in the ... when the grain is in the ... stage. At this stage much ... grain, the stems and leaves become ... somewhat more ... and are ... palatable. Also the grain cannot ... somewhat less where the grain ... allowed to practically ripen ...

Pulverized Coal

About Fox Raising

Interesting Facts Regarding the Rearing of Animals in Captivity.

Some interesting facts regarding fox farming are forthcoming from the Secretary Director General, Dr. Tanner. In an article in The Agricultural Gazette of Canada for November, he tells us that the main difficulty with the rearing of foxes in captivity is the tendency of the female instead of giving birth to four litters of two pups at times as she does when free, rarely produces more than two, the average for the litters in France (Ireland Island being the rate of one and a half litters per year. However, by improved methods, de-

per year. With a view

a litter were undertaken. Land and equipment have been arranged, two scientific experts from the Health of Animals Branch employed, six pairs of foxes from the Island obtained, and a small laboratory erected up for the studying of the diseases and parasites that affect the

From the Diary of A Hudson's Bay Clerk in the Seventies

PASSING THE SPRING OUT

By O-OE-MAS-ES (Linth Clerk).

(Copyrighted)

My last article ended with the death of Wem-dego, that notorious Bolshevik amongst trade dogs.

The Pas itself has now become well known as about the centre of one of the largest muskrat swamps in the west, and furs such as mink, but for fine fur such as ermines, fisher, lynx and bear, the bulk of these were secured at the Mountain (Pasquas Hills) and two bands of Indians were decided the country into hunting grounds. One of the war bands ended by Thor-ish, who was on friendly terms with the Company (note that when Company is written it always means the Hudson's Bay Co.) and consist of seven followers were Chris-Stanwick. The other band led for a leader his say-the-nish, and they were all still Pagans, but mighty hunters before the Lord, like Nimrod of old. They were on bad terms with the Company at that time and had a rundown free-trader living with them named Daniel, from Red River.

I landed at the Chief late one night, after our usual chess game, to let me pass the spring out at the Mountain, and held fast to all the prospects of re-crucifixion with Ka-say-the-nish. Finally I advised his retreat, but he insisted that I take an old and experienced voyager with me in whom he placed great confidence, but whom I did not care for—one, Pierre Maccellais, a French half-breed.

The plan was that we were to leave The Pas about the 20th of March with two teams of dogs and part of the outfit, the dogs to continue hauling as long as sledging was good. Then we were to get to work bark canoes and up there mud return to The Pas about the end of May when the ice would be out. In the meantime I had to work doubly hard at those dreary chess games, for when the time dragged, but at last the day for departure came and we made a start, camping on Red River that night. Next day we reached Co-ne-mah camp in good time. The old man was somewhat bowed and bind and felt very flattered to have a Company's clerk camped below. He stayed me Nooseum (ex Grandson), and I called him Mus-Goose (Grandfather). We had a brother types made of moulded carbon slabs from Le de Bonchet. First types broke on the frost, so I got down in the tent for a night, and my grandfather got up and piled at the bank, but eddies had to be staged higher than Haman, for

...the last trip, so I did not intend taking them on again upon the first grove were just arriving from the ...

...ermine ... 6,067, and Cheadle, ... 4,201.

Final figures for the cap of Vancouver are as follows:

Mrs. Ralph Smith, 17,047; MacKenzie, 13,992; J. W. Deb Parris, 12,503; M. A. McDonald, 12,291; James Ramsay, 12,096; W. Bowser, 11,045. Of these six who are elected, the first five are Liberals, and Mr. Bowser, being leader of the Opposition in the last legislature.

London Bank Robbery.

London, Oct.—London experienced its first bank robbery when armed and masked bandits held up the South London branch of the Merchants' Bank. The thieves secured $700 and made their escape in a high-powered motor car.

The manager and teller were locked within the vault. The police started in pursuit immediately after being notified of the robbery.

Mosc-Bowen for company and skated a ramp some few miles away. The whiter and ever straight across country, but ice on the rivers was now had and in fact gave out in some ...ces, and one had to be carried along ...ake detours when necessary. At one of these places the dogs bolted down the water full in spite of my ...ling "Ha, ha," at the top of my ...ice. Fortunately I had a long trail ...ine trailing of buffalo raw hide, which I at once grabbed. About the ...woods of the Man River the ice gave way and the dogs broke for out I, in the meantime, was hanging on the forms are on the sale and but I ...a hanging tree which was partly ...the water we might have come through all right. The first dogs were under, but the next dog (Ka-ish-ka) struck the rather ...ark of his neck ...nearly through my hair. I ...he dogs all right and away they went down stream. Just then the bottom ice was standing on gave way, and I went down, and but for a knot in the trail line it would have been all for me, and I would have gone under the ice. By ...ing the dogs had ...ree ice and struggled out, assisted by the Indian and three stra...ggly weight pull a man safely. Iverson - Robinson

Two more of our popular young people were made happy when Miss Edna A. Iverson and Mr. Hector Robinson were married on Monday, Dec. 6th in the town of Vegreville.

Mr. and Mrs. Ledoux took the morning train on Tuesday for California where they are spending the week.

Both parties are well favorably known here and their many friends join in wishing them a long and happy married life.

Communication

Is it any wonder why so many of our farmers quit the land and flock to the towns and cities when the prices of everything they have to buy is kept so high and the prices of everything they have to sell is forced down part at the time they have it to sell. The farmer has to make up the loss of all other classes of it is at all possible to make him.

When the season opens and sold for the farmer to sell his cattle he grain the different traders sandwiches and fleece the prices down knowing that the farmer must sell to pay his bills and they will have the privilege of selling it to the consumer to two thirds the value of the article sold by the farmer, this they call "legitimate trading." Is the conference three of between them from all trading and so going more in the red and do nothing but money with a gun as very little "business" as ever as the traders have that they have the help of the farmers produce on hand then up goes the value. They will tell you that supply and demand rule the market. Quoting that it does, that has nothing to do with "putting the price" - it is good for the almighty dollar on the understand that sets the price. Greed is the cause of all high and low prices.

The could have been cheaper made but the dominion government to regulate the prices of farm produce to let the farmers out from under the heavy load they have had to carry ever from last year, seeing the high cost of food and seed. The government and our representatives seems to have forgotten all about the trouble and expense the farmers of the west were put to last spring to save the lives of their cattle while "they" can pull down the ten cent salary from the country's treasury and receive themselves patriotic," - not that the farmer in loss necessary than any other class if given the chance. Last winter we found farmers selling cheques at 6 and 6 cents each selling the purchaser from 40 to 50 cents worth while at the same time their neighbors were charging 50 and 75 cents for the same kind of cheques; this could be called "supply and demand" yet the individual "sets the price."

Why should the price of farm produce come down any faster than the manufactured goods. The government must have against gambling, put they allow gambling in grain values and farmers to suffer. And be "scholarship" prohibited as it proves a false impression of the chaos that exists all over the country, which is detrimental to the farmer. Then one guesses what grain will be worth in the long run and then the crook gamble on it "one nought" - then their published prices are used by the dealers in quoting the farmer on to the values. The food should about double next year - per bushel - or what about three. Then, we get the gamblers down it up and down ten cents in one hour - sometimes more sometimes less.

I must hasten a belabored dieting up this and turn with a few words which set out gather the most constructive opinion on the face of the earth.

We be right.

P. H. Pilla.

NOTICE TO RATEPAYERS

VERMILION MUNICIPAL HOSPITAL DISTRICT, NO. 2

PURSUANT to the Provisions of Section 10, of the Municipal Hospitals Act, Chapter 8, Statutes 1918, the following question will be submitted, and a vote of the ratepayers taken thereon:

FRIDAY, JANUARY 7th., 1921, FROM 9.00 a.m. to 5.00 p.m.

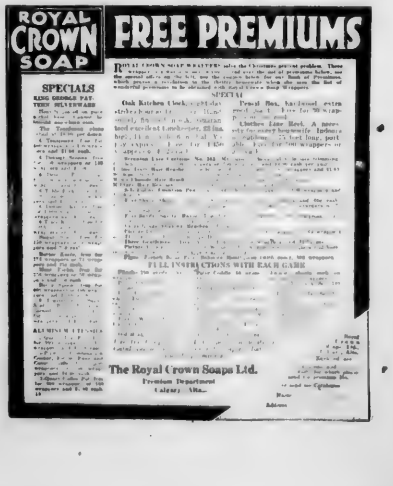
(Signed) DONALD TAYLOR, Returning Officer.

I hereby give notice that on Saturday, January 16th., 1920, at the hour of 1 o'clock, in the Town of Vermilion I will open the Ballot Boxes, count the ballots and officially declare the votes for and against the said by-law.

(Sgd.) Donald Taylor, Returning Officer, Vermilion.



Boy Scout Notes

Labor Leader's Opinion

Mr. J. A. Seddon, Labor M.P., Impressed Parliament, Gives Judgment on Boy Scout Movement.

Mr. Seddon, well known as one of the greatest labor leaders of the world, was present at a conference of Boy Scout officers held at Olympia during the Labor Conference. The subject of the conference was "Labor in Relation to the Scout Movement," and Mr Seddon gave a stirring address on this subject in which he pointed out that it is a great thing that the Boy Scout movement avoids political parties, and is a real national movement for all. "He is not a militaryorganization," he added, "nothing of the kind."

"At first I looked upon it as a children's pastime, but now I know its character, discipline and value," and he described how his own son gained character through the Scout training. "Whatever the schools may do, they cannot do what the Boy Scout training is doing towards taking care of and will help to help up-lift and on career, better and saner lives.

Prize Wheat Strains

Successful Saskatchewan Farmer Specialized in Red Bobs and Kitchener Wheat

After producing Red Bobs wheat at the rate of 45 bushels to the acre, and Kitchener wheat at forty bushels, grading No 1 Hard, William Hopkins, of Saskatoon, has sold his farm at nothing at eighty dollars an acre and with his family will spend the winter in Nice, in Southern France.

Kinley is an elevator siding on the Grosse Lake country, between Hardy and Tessier, in Saskatchewan. The farm consists of 320 acres, of which about 160 acres is in cultivation every year. Mr. Hopkins has farmed it since the spring of 1905, and has never known a crop failure. The only years he has not reaped a crop are 1918 and even in that year the land paid expenses.

This year the crop consisted of fifty acres of Red Bobs wheat, which yield 45 bushels to the acre, 40 acres of Kitchener, which yielded 40 bushels to the acre, and graded No 1 Hard when cleaned, a thousand bushels of Marquis wheat, which graded No 1 Northern. There was also 400 bushels of oats, which was sown on stubble. This is not all threshed yet, but is estimated at 40 bushels to the acre.

The Red Bobs wheat, for instance, sold at $2.05 per bushel to the grain company, and the Kitchener at $2.00 per bushel. Mr. Hopkins has purchased the Saskatoon property, paying $10 a foot for the lots.

"Recently," says Mr. Hopkins, "there were four years when the crops were a failure. The last one was when Mr. Hopkins regards as the finest sample ever produced in the province. Everything had splendid crops every year with the exception of 1918. Every kerry was plump, and the yield was from 40 to 45 bushels to the bushel. Oats has fell on it because of the rust, but the yield and was a result the color is unusually good.

Speaking this year was wanted about May 1. Mr. Hopkins will not be back wanted rain at any time.

The reason for the farm is to farm Leonard, of Nice, who is operating the farm for Mr. Hopkins for a number of years. Mr. Leonard is a man who has been getting money about fourteen years. The time of $60 an acre value at about $14,000.

Mr. Hopkins, with his wife and daughter, will spend the winter in Nice, France, and remember, to spend the winter. On their way to Montreal, they will visit friends in South Wenipeg, Chilog, Toronto and Toronto and will spend a few days in Montreal. Before sailing they plan to tour the Mediterranean, visiting Egypt, Palestine and other lands.

Good Evidence.

Tribute to Prairie Women

Montreal Witness Says Western Women Move Progressive Thus Eastern Brains.

Under the heading of the "Prairie Provinces," a recent issue of The Montreal Witness and Canadian Homestead, contains an article in which the work of the women's section of the Saskatchewan Grain Growers is discussed under the heading "Western Women Are Progressive."

Comparing the east and the west, the Witness says:

"Western women are apparently in advance of eastern women in the matter of studying themselves of the franchise and taking an active interest in public affairs. There is at least one women in each of the western legislatures, while no woman has yet been elected to any of the eastern provincial legislatures."

Proceeding to discussion of the "Saskatchewan movement, the Witness continues:

"The number of women who attend the political conventions and other signs of the organization are the most significant in the subjects discussed and the resolutions passed. The speakers who are heard, all indicates that the Farmers' political movement has given women an opportunity as active force in politics much sooner than would otherwise have been the case. At a Grain Growers' convention in the Prince Albert district, Mrs. Mary M. L. Bole, a banker, secretary of the women's section of the Grain Growers' Association, reminded the women that they formed nearly half of the electorate and was afraid that some women failed to realize the great responsibilities of the day concerned their welfare.

The cost of living, the question of tariffs, the educational question, the question of the right of the child both were all questions which ultimately concerned women. The child of to-day of many years become bad hoodlum by churches and kindred influences, and the question of public duty was bad moral as politics. But this was bad moral as politics was the first business of life, and nothing could take precedence over the management of national affairs. Responsibility could not be shirked or suspended. It was not sufficient to vote out and register the vote at election time, or to wait and sign a petition at the time of an appeal to the country, but the interest taken in public affairs must be continuous.

Eagle Attacks Aviator

Persistence of Bird Eventually Forced Aviator to Descend.

A Swiss aviator has recently been attacked by an eagle while in the air, [illegible] descended. The aviator was flying [illegible] when the eagle suddenly appeared [illegible] and began to attack him. The bird [illegible] machine, [illegible] and [illegible] the aviator was compelled to descend [illegible] the eagle [illegible] the machine. [illegible] Recently, says Mr. Hopkins, there were four years when the crops were a failure. The last one was when Mr. Hopkins regards as the finest sample ever produced in the province. Everything had splendid crops every year with the exception of 1918. Every kerry was plump, and the yield was from 40 to 45 bushels to the bushel. Oats has fell on it because of the rust, but the yield and was a result the color is unusually good.

Speaking this year was wanted about May 1. Mr. Hopkins will not be back wanted rain at any time.

The reason for the farm is to farm Leonard, of Nice, who is operating the farm for Mr. Hopkins for a number of years. Mr. Leonard is a man who has been getting money about fourteen years. The time of $60 an acre value at about $14,000.

Agricultural Park

The agreement between the Town and the agricultural society was unsatisfactory. A committee of the council had been named to interview the society with regard to the latter body taking the park over under a long term lease. This appeared to the council to be the most satisfactory adjustment of the difficulty.

Congratulatory Remarks

In concluding, the Mayor expressed his high appreciation of the services rendered by the representatives on the Board. He did not think there was a more faithful and conscientious councillor in the province than we had in the town of Vermilion. The town was to be congratulated on this. He trusted Councillor Duncan would come back. He was a safe and sound councillor and had rendered exceptional services in the past two years. He regretted that Counts. Stewart and West had decided to retire. The former has had two heavy committees, fire and public works, and he was untiring in his efforts on both. Counc. West was an indefatigable worker. His services in connection with the electric light plant were of incalculable value.

Life—"Crop failures?" asked the oldtimer. "Yes, I've seen a few in my day. In 1851 the corn crop was almost nothing. We cooked some for dinner and my father ate fourteen acres of corn at one meal."

Mrs. A. M. West and Miss Eppie Craig are leaving in a few days for California where they will spend the winter as the guests of Mr. West's father. The Girls' Club gave Miss Craig a farewell dance at Bunford's Tuesday evening which was very much enjoyed. Miss Craig has been the energetic president of the club for the past three years and much of its success has been due to her untiring interest in its welfare.

At last Monday evening's meeting of the Town Council the resignation of Miss Nellie Long as stenographer was accepted with regret. Miss Long purposes leaving for California shortly.

For useful toys, such as Kinder garten Sets, Wagons, Kiddie Kars, Rocking Horses, Wheelbarrows and Shovels, Horses, Doll Carriages, Etc. go to Hunt Bros.

The Civil Service Commission has appointed W. E. Sutton as sub-collector of customs at Vermilion, in succession to J. B. Bunford, resigned. It is understood that Mr. Sutton will assume duties at once.

Mrs. F. Day-Smith gave a very enjoyable dance at her residence on Monday evening, the guests being a number of friends among the married folks. Mrs. Smith will be "at home" here to the unmarried people.

A few nice pieces of Pottery—just the thing for Xmas presents, at Hunt Bros.

The Vermilion troop of Boy Scouts will be the guests of the management of the Columbia Theatre next Monday night.

Childs & Sharp will buy second hand furniture and will re-pair and up holster your old furniture like new. 30 1

Congratulations are extended to Mr and Mrs. R. A. Pilkie of Chilliwack B.C. on the advent of a young son.

Duggan Mayor Of Edmonton

David M. Duggan was elected Mayor of the city of Edmonton in Monday's elections, having a majority of 603 over Clarke. The campaign was a hard and bitter one. The citizen's candidates were all elected with but one exception.

Money By-laws exceeding a million dollars were all voted down.

A BIG SYSTEM

The Alberta government telephone system has 6500 pole miles and 10,000 miles of new wire added to it by new extensions this year. Its system now extends to Peace River and Grande Prairie districts in the north and northeastern sections of the province.

MAKE IT A REAL XMAS FOR THESE LITTLE CHILDREN

Quite by chance a number of us town people heard the story of Rev. Geo Woods and Mrs. Woods of Olds, Alta., who, remembering the words of he Master "And who shall receive one such little child in my name receiveth me, opened their home to receive a number of homeless little ones.

This was several years ago now the home contains over forty children ranging in age from two to fourteen years.

The home receives no government grant or other regular financial support, yet no child ever is refused room in it on the plea of insufficient means. Mr. Woods has faith that God will provide some way. Let us lift up his arms and strengthen the faith by giving to the fund he has started.

Donations of Xmas cake, food, fruit and candy as well as toys for the children, towels, bedding, or any other such household necessities, with a warm clothing and the love of children of various ages would make up a splendid box.

Donations may be left at the Northern Hardware Co. at the home of Mrs. Robert Ganton.

Jumps From Minedosa's Deck and Rescues Little Girl.

A special despatch to the Toronto Star from Quebec says:

"When the liner Minedosa was in mid-Atlantic between Liverpool and Quebec, a nine-year-old girl who, with other children, was climbing on the railing on the port side, fell over board.

"A youth named Ronald Webb, resident of Charleston Road, Walthamstow, England, immediately jumped, leaped clear of the deck and into the rough water below. He succeeded in saving the child, and when the two were almost within the next moment by one of the ship's boats.

"The young man showed terrible exhaustion, but both recovered from the effects of the immersion, and the captain, on behalf of the passengers, presented Webb with a purse containing a handsome sum of money."

FLEMING'S DRUG STORE

STORE NO. 3 "WHERE PEOPLE LIKE TO TRADE" VERMILION

THE STANDARD

VERMILION, ALBERTA

E. H. P. COOPER, Editor.

THE STANDARD

VERMILION, ALTA. DEC. 15, 1910.

Christmas advertising forms an important feature of this week's issue of the Standard. All the merchants of the town have important and seasonable items for sale, and the most common comments is to be together with the [illegible] and special lines on which appeal should make their appeal to all.

Most of the West Indian colonial legislative councils have ratified the new trade agreement with Canada. Trade between the Dominion and British West Indies will be greatly increased by this agreement. Canada's farm products are in active demand throughout the West Indies islands, and South American countries are also now buying larger quantities of Canadian goods.

When all the ships that have been ordered by the Canadian Government Merchant Marine are completed, the total tonnage of the fleet will be 350,000. Four of the ships are now in commission.

In the communication appearing in another column from Mr. Edwards, the Standard acknowledges quoting the word "dry" from memory and accepts the correction that it was not printed in caps. The interpretation of the use of quotation marks by our correspondent in connection with the word dry, is questionable. It was cited as the article referred to by the Standard to convey, the conviction on his resolve that he had aligned himself with the DRYS, who he would never disclaim. Only upon one of the many meanings of the word "dry" can the Rev Mr. Edwards justify his later stand—and we quote it as follows "Dry, thirsty; craving drink". This would bear out his arguments and according to his own declaration prove he used "dry" in the sense he contends. With regard to the second part of his communication, a majority vote against importation of liquor into the province, under the terms of the Dominion Act, permits admission solely for scientific and medicinal purposes. When the order-in-council is passed at Ottawa the government of the province of Alberta is restricted in importing liquor to the bare requirements of the uses mentioned above. Consequently in so far as the mandate of the people is concerned, Alberta will be bone dry — Mr. Edwards' vote being one in the many which contributed to the 18,000 majority for the "drys".

The particularly heavy work on the nose was aggravated by [illegible] trouble—it went on strike. Gasoline lacked the necessary kick.

FOLLOWING IS THE PROGRAMME FOR XMAS FESTIVAL

The Christmas Festival, Monday, December 20th, arranged by the Sunday Schools of the town, will consist of the following programme:

"A Rainbow Fantasy" and chorus by the Primary Children.

"A Christmas Dream" by the Junior Departments.

"Musical Drill" by the Senior Girls.

"A Sketch" by the Boy Scouts of "Christmas Chorus" by the Members of the Schools.

Mr. W. R. Edgard has kindly consented to provide various musical selections for different intervals in the children's programme.

The theatre doors will open at 7.30 p.m. and everybody is asked to be in their seats before 8.00 o'clock when the programme will commence. Late-comers will interfere with the comfort of others and the efforts of the performers. Everyone is asked to show the Xmas Spirit on this occasion.

OBITUARY

Ervin Doty, the seven year old son of Mr and Mrs John Agricol, of Mary Lake, died at the Vermilion Hospital on Dec. 12 of acute peritonitis following an attack of scarlet diphtha. The funeral services were held in the Presbyterian church on Tuesday, Dec. 14th, the sermon being preached by Rev. M. L. Wright.

Miss Eva Furman, until recently a popular teacher in the Ea Point district, has returned to her home in Vermilion

Mail Contract

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 31st January, 1921, for the conveyance of His Majesty's Mails, on a proposed contract for four years, three times per week on the route
Vermilion and Vermilion National Railway Station
from the commencement of the Postmaster General's Pleasure.

Printed notices containing further information as to conditions of proposed contract may be seen and blank forms of Tender may be obtained at the Post Office of Vermilion and at the office of the Post Office Inspector

Post Office Inspector's Office
Edmonton, 10th Dec. 1920.
A. W. FAIRBAIRN,
Post Office Inspector

Messrs. Pengilly Bros., farmers living about half a mile south of Vermilion, had a narrow escape from a bad accident last Saturday morning. While driving a team of horses attached to a wagon, the horses became frightened at a motor car and started to run away. Mr. Pengilly, who was sitting on the front of the wagon, was thrown off and the wagon passed over his body. Fortunately no bones were broken, but he received a severe shaking up and was badly bruised.

FAREWELL RECEPTION TENDERED POPULAR BUSINESS MAN

A farewell reception was held on Friday evening at the residence of Mr. LeRoy H. West on the eve of the family's departure for Vancouver, B.C., where they will reside in future. Without the least intimation some fifty people unceremoniously descended upon the West residence and took possession, making themselves quite "at home." Mr. H. S. Stephens was placed in charge of the programme which comprised a piano solo by Mrs. H. E. Calvert; solo by Mrs. H. S. Stephens and recitation by Mrs. Prime, after which Master Morrison was called upon to make some interesting announcements. After a few introductory words in which he spoke of the high esteem in which Mr. West was held by the citizens generally, and their regrets at his departure, he read an address from the members of the town council expressing their appreciation of the services rendered by Mr. West as a member of that body. W. R. Nellis, president of the board of trade, made a short address in which he referred to the activity and interest of Mr. West in board of trade matters. He was a valued member of the board. Mr. Morris then, with a few relegatory remarks, presented Mr. and Mrs. West, on behalf of their friends of the town with a handsome Crown Derby set of cups, saucers and plates; Mr. West with a shaving set, Mrs. West, senior, with a Lady's Dressing Case, comprising ebony brush, comb and mirror; Mr. and Mrs. Wilson, Sr., with a Casserole and Mr. Wilson with a handsome Meerschaum Pipe. Refreshments were then served and the affair closed with Auld Lang Syne.

NOTICE

To
William Henry Doling

TAKE NOTICE that an action has been commenced in the Supreme Court of Alberta, Judicial District of Wainwright, by the Imperial Bank of Canada, by C. H. Cronkite of Camrose, Alberta, Solicitor for the Plaintiffs, William Bateman and Messrs W. Bateman, Executors of the estate of John L. Bedford, deceased, claiming payment of the sum of $892.30 in respect of a certain mortgage given by you to the late John L. Bedford, deceased, bearing dated the 7th day of November A.D. 1918, and recorded in the North East District of Beverly Tenney Right (28) Township Forty nine (49) Range Six (6) West of the fourth Meridian in the Province of Alberta, and in default of payment for sale of the lands and premises and

AND TAKE FURTHER NOTICE that unless you file a Statement of Defence in the District Registry of the said Court at Edmonton on or before the 28th day of January, A.D. 1921 that you will not be entitled to notice of any further proceedings in the action and that the Plaintiffs may proceed to trial and judgment in your absence.

The action is published pursuant to the order of His Honor William A. Law, Local Judge of the Supreme Court of Alberta, dated and made the 1st day of December, A.D. 1920.

J. A. EARLES
Solicitor for the Plaintiffs

1st Vermilion Troop BOY SCOUTS

The contest for the Anderson—Reid—Walker Cup continues to grow in enthusiasm as the time approaches for the decision as to which patrol is to have the honor of the first shield. The standing of the patrols after careful marking is as follows:

Beaver Patrol 889 points; Curlew Patrol 879; Eagle Patrol 826. It will thus be seen that the Beavers have a lead of 10 points so far. School work has not yet been awarded points as this is to remain over until exams are through.

The Memorial Cup returned from the engravers at Edmonton on the 7th and Mr. Harris considers the job an excellent one. The scroll on the face of the cup reads as follows:—Anderson-Reid-Walker Scout Memorial 1 ap for Inter-Patrol Competition." Those who have not seen our cup will have an opportunity next week in one of the windows of the Northern Hardware Company.

The big event was on the 3rd when a "treat" was given the scouts by the "old scouts"—the Great War Veterans. The scouts to the number of 31 invaded the hall at about 9 o'clock and were received by President Harvey and District Com. L. G. Dunaway. A boxing spiffint between the Curlew and Eagle patrols resulted in a decided win for the Curlews. Scouts Badgero and Wood represented the Curlews while the Eagles were Scouts Brydon and Murray.

Kim's Game followed for the Veteran members present versus three scouts. This resulted in a win for the G.W.V.A. as Mr. Dennison of the Customs scored the highest total present, while 11 seemed to be the favorite with the others.

The Rev. J. H. Smith then rendered a very pleasing selection of music, after which the event of the evening, from the scouts' point of view, took place. How those Vermilion scouts can eat!!! One scout remarked about his heart being full, but we believe he mangled his heroine a little.

Stanley F. McFeeters
Warrent Sentimentalist

Communication

December 15th, 1920.
To Editor of Standard.

Dear Sir:

Some men are keen grost, others have greatness thrust upon them. I appear to have now tardily become numbered amongst the latter. [illegible] I do not mean figuring among men only in the material sense of the latest issue. You will doubtless permit me the sound to be of use?

If you will remember of the number of that I chose will find that in the [illegible] grosame form name, [illegible] day was not printed in [illegible] you extraordinarily state but in small type, and it was necessary [illegible] ed in quotation marks. The purpose of quotation marks is, as you of course know, to imply a doubt as to the fitting appropriate [illegible] word so used. I [illegible] I have [illegible] pose.

Your supposed that I have [illegible] ment [illegible] ment [illegible] ment

Our Hospital

Building and Equipment

Cost of Construction

Operation and Other Details

A few days ago the Hospital Board presented to the ratepayers of the Vermilion Municipal District for their consideration a by law to permit it to issue debentures for the sum of $10,000.00 to complete payments due on the hospital building and equipment. The by-law was defeated by a small majority. At the instance of the department of public health the Board has decided to re-submit this bylaw and begin to receive the endorsation of the electorate. In this connection a few facts with respect to the building of the hospital, its equipment and operation will be of interest.

The hospital was opened on the 29th day of February, 1920 and up to the 31st day of October, 261 patients had been admitted. 27 babies born and 66 operations carried out. There were 3356 hospital days in that period and the average cost per hospital day was $4.54, the average for the month of October alone being $3.84. This cost covers maintenance charges and expenses, debenture payments and amortization of hospital generally. Those who have used the hospital state that the management is excellent and the services rendered by the staff most efficient.

The total cost of the hospital is about $65,000.00; this includes the erection of the building, together with the sewer and water mains and furnishings generally.

The principal equipment through the department of public health is now advising the sum of $15,000.00 for the new proposed municipal hospitals of the municipality on this one. This would appear to be ample proof that in the construction and equipment of the Vermilion building, under the most trying circumstances we have had during the war period, no money has been wasted. Over expenditures were bound to be made on account of the rapid and frequent increases in the cost of everything and in fact in many instances material and equipment could not be delivered for months after the order had been given.

Management and Administration

The hospital board, elected annually by the ratepayers, has full control of the hospital under powers given it by the municipal hospitals Act. The Act is administered by the department of public health. Hon. Mr. Mitchell being the Minister and Mr. A. K. White the Secretary of the Hospitals Branch.

The direct management of the hospital is under the Superintendent, Miss Alice Keith, who is assisted by a staff of two graduate and two undergraduate nurses, all most capable members of their profession.

Salaries

Superintendent $100 per month
Graduate Nurses 75 "
Undergraduates 60 to 65 per month
Caretaker 60 per month
Ward Boy 60 per month

Sources of Revenue

A charge of $3.00 per day is made to all resident ratepayers, and now $6.50 per day to non-resident ratepayers. The government grant is 50c per hospital day payable half-yearly. A tax of 3c per acre on Municipal Districts that use a flat rate and 3 mills on the dollar on the others is levied to repay the debenture loan and to cover maintenance and product cost and also any deficit on account of the very low rate charged to patients.

The board is asking permission to issue debentures for the sum of Ten Thousand ($10,000.00) dollars repayable in twenty equal annual instalments, to be applied in completing the payments on the building and equipment. It is anticipated that these repayments can be met from the ordinary receipts of taxes. The idea of the debenture is to capitalize expenditure made over and above the amount of the original estimate.

Illegal Borrowing?

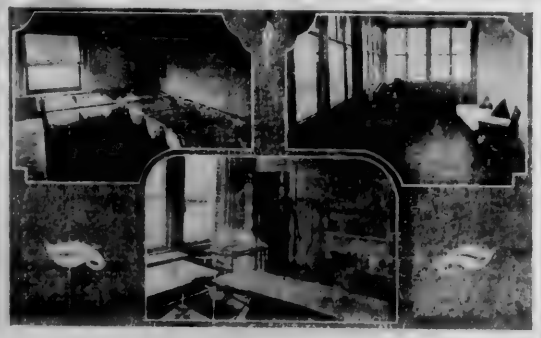
[An Answer]

It is being circulated by opposants of the hospital that the board borrowed money illegally. This is quite incorrect. The board borrowed no money illegally. Neither have they borrowed any money on Capital account. Under advice from the Department at Edmonton, the board applied to the bank for a line of credit for running expenditure. This application was submitted to the head office of the bank and after due examination of the hospital's affairs and the powers of the board under the Act, it was granted. A bank can usually be trusted not to lend any money if there is any thing illegal about the application

Financial Statement - Summary

Following is a synopsis of the financial statement submitted by the Board to the Department on the 30th of June last:

Original estimates—		
Building	—	$67,000.00
Equipment	—	8,000.00
Capital Expenditures on Building	—	$66,284.84
Cap. Exp. on Furniture and Equipment	—	8,860.30
Total Cap. Exp.		$45,145.14
Receipts—		
1919 Loans, Debentures and Taxes	—	$47,492.85
1920 Hospital Fees and Taxes	—	11,292.19
Total to June 30th		$58,785.04
Expenditures—		
Total on building and equipment, supplies, —interest, patients, etc.		$49,130.75
Outstanding cheques	—	1,972.61
Actual Disbursements	—	$58,045.74
Cash on hand, Etc.	—	739.30
		$58,785.04



Board Not Legally Liable

The members of the board are not individually liable for this money. The money was expended legitimately and the people have good value for every dollar spent.

The board could be held liable only if they had misappropriated the money to their own personal use. There can possibly be no misunderstanding about the matter. The board in order to complete the building and paying for the equipment expended $10,000 more than was provided for in the original scheme. This overexpenditure could not be avoided and give the district the hospital it asked for and have it equipped in the manner desired. The passing of the by-law will mean that the ratepayers will have twenty years in which to pay the amount, the yearly payment - not being more than $945.00 and which can be provided for without any increase or change whatsoever in the present mill or tax rate; otherwise probably a special levy will have to be made which will be in addition to the general hospital tax. The question must be faced and decided upon on Friday, the 7th day of January, 1921.

The Board Work

With one exception the board is composed of farmers. They have all given unstintingly of their time and talents. They have not have had only one object in view that is to do the best for the hospital and they ask only one thing as a reward, a small measure of appreciation by voting for this debenture issue. There is nothing to be ashamed of, the board is not hiding anything—all the records, accounts and transactions are open to public inspection. There is no better hospital conducted in the province of Alberta nor one any better administered financially.

Cannot Change Rate

It was freely stated that if the by-law carried the board could then change the rate as fixed by the Act and assess the people what they liked. The statement was to my the least, silly: the board, with all its wide powers has not as yet been clothed with that by which they can vary or amend an act of the provincial legislature. The passing of the bylaw is not going to increase the taxes for the reason that provision to meet the debenture payment will be contained in the local estimate for the year, which are met by the current rate of taxation and which as stated is absolutely fixed and unchangeable in so far as the Board is concerned.

The foregoing gives a general statement of the work done by the Board and how it has administered its affairs. Any ratepayer is welcome at the hospital. A visit to the hospital will convince anyone that it is complete in every respect and fitted. Money was not lavishly spent but it was to good purpose that the wishes of the ratepayers might be fully met. The hospital is one of which the district may be proud; it fills a big place in the needs of the district and should be unstinted every support and confidence.

From the Diary of A Hudson's Bay Clerk in the Seventies

PASSING THE SPRING OUT

By O-OS-MAS-ES (Little Chief).

(Copyrighted)

(Continued From Last Issue)

At last spring arrived, with ducks and all manner birds and open water, thank goodness, so we were able to get two nets down again and feed up our poor dogs who had been on very short rations for some time. It is said that the hardy, he nash lived were in and starving along a small river some fifteen miles away busy gathering the egg harvest, and also eating muskrat and muskrat. When I told Pierre we would start in a day or two for these Indians, I noted he was very guilty, but this I passed over for the time as we were just getting the finishing touches and was almost ready for the gum. This is applied by the squaws, and I assumed myself watching them. Finally we had a small trading outfit packed in bales, and during the rest of the goods in charge of Oo-ow-ish, away we went one fine morning. I in the bow with my gun ready for anything in the shape of game. For, my dear reader, we had no ample store of provisions to draw on, but simply some tea and sugar with a very little flour for emergencies, on the task of supplying the larder was a daily one.

The first River expands here to Red Mud Lake, so-called from a fine red clay found on its shores. Also ash and elm trees are found here, the only place I have seen them in Saskatchewan. We made very fair speed the end of the day, as I just about half way across the river was asleep and round and round I went, but by no means. Well, in the morning Pierre asked me how many times I had been upset. I said I would not tell him, as he would only poison me both. We are going back" jumping round and facing Master Pierre I grabbed the gun-stake, rocked the canoe violently and took some delight in seeing Pierre on a bend with a yell. Then I told you old a camp unless you want to swim ashore" and as usual he had the old man at my mercy, for he could not swim and was nervous in the water. I suppose I was a bit nervous myself as I had been upset [illegible] Indeed [illegible] to Peterboro' where the former engaged in the [illegible] as I particular [illegible] was [illegible] and [illegible] [illegible] by [illegible] [illegible] [illegible]

S.S. CHILDREN ENJOY ANNUAL FETE

On Monday, the 20th of December, the United Sunday Schools of Vermilion gave an entertainment in the Columbia Theatre at 8 p.m. to an appreciative audience.

Most of the children took part in the programme and all did great credit both to themselves and to those who so carefully and untiringly trained them.

The programme opened with a Rainbow Fantasy and a chorus given by the Primary children under Miss Craig and Mrs Boddington. The various movements of the children clad in picturesque paper costumes were very effective.

This was followed by a Christmas Dream given by children a little older, under the direction of Mrs. Edwards, Mrs. McGee, Mrs. Brown and Rev. J. H. Smith. The theme was introduced by a short prologue recited by Mrs. Prime. The choruses by the children and fairies, and the carols by the Shepherds, Wise Men and Angels were very pleasing. The stage effect was decidedly pretty. One of the audience remarked afterwards that the last tableaux of the dream showing the Angels with the star shining between them was in itself worth coming to see.

The Lay Drill and Chorus given on the older girls under Miss Chaney was very gracefully performed.

The Scouts under Mr. McCluskey followed with a sketch demonstrating their skill in bandaging first aid to the injured. The scouts have now become a recognized factor in Vermilion and they are to be congratulated on the way in which they are upholding the traditions of boyscraft.

The Entertainment concluded with a carol by a number of the bigger children under the direction of a Cuddlestord which was well received.

Santa then appeared and every child received a bag of nuts and candies and an orange.

Those who trained the children and those who assisted in any way including Rev. P.H. Robert, who helped in various ways, Mr Hunt and Mr. Law who arranged the Christmas tree and fixed everything, Mr. J. Lloyd who operated the piano and the members of committees also the congregation all on the success of the concert.

BILIOUSNESS

How to Prevent and Cure

Among the earliest symptoms are furred tongue and dull headache. Then come dizzy spells, bad taste, quick pulse, fever and cold sweats. Finally, sleeplessness and vomiting make the condition of the sufferer of most deplorable.

The root of biliousness is with the liver, which is clogged and torpid. Then getting into the blood, the dog works with the contents. Dr. Hamilton's Pills: they act on the liver, restore the bile to its proper course and prevent it from contaminating the whole blood. Of course, the bowels are ordered and cleared by Dr. Hamilton's Pills. Altogether receives new tonic, the liver is awakened, and the result is a well-to-do health.

Try Dr. Hamilton's Pills, the sooner you'll feel the brisk, keen satisfaction of a healthy, well-regulated system. Sold in yellow boxes, 25c.

Grain Shipments

Nearly 11,000,000 Bushels of Wheat Still in Store.

Surprised the Americans

Great Interest Shown in Alberta Cattle at Chicago Fair.

The exhibits from Alberta that were shown at the International Stock Show seem to have created considerable interest there. Accord ing to the Hon. Duncan Marshall, Minister of Agriculture for Alberta, the interest shown in the Alberta exhibits at the show was intense. He said: "Farmers from all over crowded the exhibits space all day long and asked all sorts of questions about the province. One farmer saw the exhibit of oats, and said he never saw such heavy oats before. He believed they would weigh forty pounds to the bushel, and when the oaks were brought the oats weighed forty-six pounds." The wheat also interested them. But the greatest interest was shown in the Alberta livestock exhibits. The farmers could hardly believe that such fine animals were raised in Western Canada."

Kew's Tomb.

A mile to the north of the town of Jeddah lies the tomb of Eve. Here, according to tradition, the mother of the race was buried. It is in many respects a remarkable monument famous for its great height, which, it is said, was 1,000 cubits. This seems to be somewhat exaggerated, but there is very tall. According to Arab writers Atharite place will be visited as soon as the Holy Sepulchre is visited.

Bird Impressario

The latest recruit to the ranks of the profession is teaching birds to sing. Living in a small apartment in New York, Mme. Cherry, who is making a specialty of canaries, has taught them to sing in concert. Each bird has a part assigned to it, and when their cues come they sing and keep perfect time. Mme. Cherry is confident that her canaries will give concerts in London and the British empire.

Trans-Atlantic Airplane

Plans to Build Giant Plane With Dining and Sleeping Accommodation Provided.

Gianni Caproni, the Italian airplane inventor plans to build a giant plane which will carry 200 persons across the Atlantic in about 20 hours. Plans for the machine are now being completed and provision is being made for dining and sleeping accommodation on board the aerial liner.

A smaller airplane designed by Signor Caproni will make its first trial trip in Germany at the Caproni factory near Lake Maggiore. This airplane will be capable of carrying 100 persons a distance of 500 miles, it is said. Work on the trans-Atlantic plane will be started as soon as the smaller machine is tested.

BACKACHE

NUMBER 4087 THE PROPHET

Sugar Cookies.

Four ounces (1/4 pound) butter, one pound (1 cup) sugar, 1 egg, 1/4 cup milk, 1 teaspoon soda, 1 teaspoon cream of tartar, 2 cups flour, 1 teaspoon vanilla, 1/2 teaspoon nutmeg. Cream butter and sugar together, add egg and beat well, then add milk in which soda has been dissolved, then cream of tartar, flour, vanilla and nutmeg. Roll out thin, cut with cookie cutter and bake in moderate oven.

Cocoanut Dainties.

Two eggs, 1/2 cup sugar, 1 tablespoon butter, 1/2 cup milk, 1 teaspoon baking powder, 1 cup cocoanut, 1 cup flour. Beat eggs, sugar and butter to a cream, add milk, then flour with baking powder sifted through it, then cocoanut. Bake in shallow pan in moderate oven.

Warming relief for rheumatic aches.

HE just used Sloan's Liniment and the quick comfort had brought a smile of pleasure to his face. Good for aches resulting from weather exposure, sprains, strains, lame backs, unnerved muscles. Pain vanishes when Sloan's Liniment is used. All druggists have it.

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE

Mrs. Ida P. Coleman, Kingston, Ont., writes: "I feel that I owe it to suffering women to tell you of the benefit I have received from Milburn's Heart and Nerve Pills. For years I suffered from a bad heart trouble and nervousness. I had dizzy spells and could not sleep at night. I was afraid to be left alone. I was induced to try Milburn's Heart and Nerve Pills and after using a few boxes I was entirely cured. I can highly recommend them to all suffering from heart trouble."

Price 50 cents per box, 3 boxes for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Christmas is once again with us and it is the sincere wish of the Standard that each and all of its readers may enjoy a Very Merry Xmas with a full share of blessings and happiness the season brings.

Aylwin - Tucker

A quiet wedding was solemnized at the home of the bride's parents, 115 Elsworth Ave Toronto, but on Tuesday afternoon at 2 o'clock when Mary Ida M youngest daughter of Mr and Mrs. John Tucker, was united in marriage to Wilbur Aylwin, of Ponoka, Alta., the ceremony being performed by Rev. A. E. Smith, B A. The bride wore a gown of Georgette crepe and white satin embroidered in pearls and carried a bouquet of orphelia roses. The bridal party entered the room to the strains of Lohengrin's wedding march, played by the bride's cousin Miss Grace Moore, and during the signing of the register, Richard Hosking B A., sang "Because" The girls rendered by the bride were both numerous and handsome, showing the high esteem in which she was held. Following a dainty luncheon the bridal party left for the States, the bride travelling in a navy blue serge suit with hat to match. Mr and Mrs. William Aylwin will reside at Ponoka, Alberta.

A Christmas Message to the 1st Vermilion Troop BOY SCOUTS

What is the meaning of all this Christmas Card sending, present buying, decorations, Xmas Concerts and Plum Pudding and Turkey that is going on around us? Why do we celebrate more than time of the year than any on the 25th of August or October? Well, it is because God sent some 1900 years ago that his people were to rejoice because a saviour has been and he could not use them get lost utterly without doing something to save them from their own blindness, so on that Christmas he sent on Christ as a Gift to show us how to live, and said, if we obeyed His Gift (Christ) we would be happy and be saved while We know that some people think they can get along without Christ, but there's no use to tell you a little story and then I am through, to prove that we ALL need Christ's help, the best we will to the story!

A very small boy was walking down Portage Ave Winnipeg one cold night with his father, the streets were empty and the father to hush no harm expressed as Christ said "Take my hand my son, or you will fall on the slippery street and hurt yourself." So said the little chap: "I can look after my self, thanks." A few minutes after he was crossing the street when he slipped and fell, and had it not been for his father's quick hand he would have been killed by a passing automobile. "Father," said the little chap—"I think I had better take your hand all the way You see my pocket's too small for myself and use that you need God's help all the time

I wish all the Patrol leaders, Scouts, Scouts and Wolf Cubs also the men here of the local Association a very, very Happy Christmas

Stanley F. MacCauley,
Warrant Scoutmaster

(SIGNED) Neil McKeahen, Returning Officer

I hereby give notice that on Thursday, January 12th 1921 at the hour of 1 o'clock in the Village of Islay I will open the Ballot Boxes, count the ballots and officially declare the votes for and against the said scheme.

(Sgd) Neil McKeahen, Returning Officer, Islay.

DROP IN PRICES OF LUMBER BY LOCAL CONCERN

It would appear to us that peak prices have been reached on practically all commodities, and the public, and possibly more particularly the farmer, is not expecting lower prices on their requirements, in order that the depression in practically everything the farmer produces may at least be partially met by the merchants with whom he deals

We are taking it upon ourselves (regardless of what our materials have cost us) to put a further reduction into effect at all our yards, ranging from $5 to $10 per thousand. With this reduction in the price of lumber the farmers will be enabled to get the same purchasing value in lumber for their products as they have heretofore. An hour's labour will buy just as much lumber now as it would before the decline in the price of grain

While there has been considerable discussion from various sources as to the recent reduction in the price of lumber, we would like to bring before the public the fact that when manufacturers advertise the percentage reduction in the price of lumber they are accustomed to figure the percentage of reduction from the mill on the Pacific Coast instead of having been reduced, are at present practically half the cost of the lumber to the retailer. The freight has increased about $5.00 per thousand feet so that the percentage in reduction in the price of lumber to the mill is very different to the percentage of reductions when delivered to the retail yards—Heyward Lumber Company, Ltd

From the Diary of A Hudson's Bay Clerk in the Seventies

PASSING THE SPRING OUT

By O-GE-MAS-ES (Little Cloud).

(Copyrighted)

(Continued from Last Issue)

It is considered a point of honour to feed all that is put before you at an Indian feast, but alas this was beyond my powers. The very quantity I took time to time, transferred portions of my helping to the old man's plate, and though he was a lusty steward my old Indian when we sat down, by midnight he looked more like a London alderman.

About 2 p.m. I quietly slipped out and looking back at the scene from a few yards away it made a perfect picture of wild Indian life. The long camp fires gave sufficient light to see the whole who followed one another in Indian file keeping time to the tom-tom in such a sort of jig step. Most of the men had nothing on but a breech-clout, while the squaws were naked from the waist up. Still their brown skins painted with various colors and set off by their many ornaments as white people would do, in fact they were quite in harmony with their wild surroundings, truly children of nature and so far unspoiled by civilization.

My time was now getting short as I had promised the Chief to be home by the 24th of May. So making one grand round to all the various reports, collecting some small debts, leaving some of my impediments to come down later, I was now saying good-bye. Goose oil was quite non-existent, also Rum the drink. My Indian Grandfather's address was quite forgotten.

"My Grandson," he said, "you are young and I am old. We may never see one another again (and we never did), I wanted you to have a testament so all would know of the great deeds you have done with us. Some days ago I had my young men go down the Carnot River where stands a mighty spruce tree, a landmark for miles around, and this they made a hieroglyph of in memory of you."

I thanked the old chap and really felt quite affected. Then my second friend, Kenny-ch-mish, wished to establish relationship, so called me his Uncle Wow. This was a mutual name between us and meant that we were so related by our children having married. Presently I was an [illegible] Indian, with [illegible] relationship [illegible] Ah! I [illegible] [illegible] [illegible]

Dr. M. Mecklenburg, Eye Sight Specialist, will be at the Brunswick Hotel, Vermilion on Tuesday and Wednesday, January 4 & 5th inst

Mrs. Bert Woods and daughter Eunice, left Tuesday for Wyoming where they will join Mr Woods

Mr and Mrs. Frank Lawes left Monday for Vancouver, B.C. en route for the south where they will spend the winter months

G. J. Algot of Angle Lake, finished threshing in that district last Wednesday and reports the season's run at 15,000 bushels. Mr. Algot stated to the Standard that he had been informed that the local elevator had to date shipped 160,000 bushels of grain and that in addition put considerable farmers' bins to be marketed. This he considered incorrect as an estimate of the grain in the district. In Angle Lake alone, he said another 100,000 bushels approximately 160,000 bushels themselves and of this he was confident not more than 10,000 bushels had been marketed. This estimate covered only the grain in two and a half townships. Does the Angle Lake district need a railroad?

Vernon H. Cooper of Alberta University and Miss Blanche Cooper, who is a student of Westminster Ladies' College, Edmonton South, are home for the Xmas holidays.

At the whist drive held at the Church of England Parish Hall on Tuesday last, the following were successful prize winners: 1st Lady's by Mrs Dee Taylor 2nd Lady's by Mrs. Walter Finn. Gent's by Happy Al. ...ers

The management of the Albert Hall will hold a dance on Christmas night from 8 p.m. to 12 p.m. Gentlemen $1.00 Ladies free Good music.

Miss Rose Connolly of Connaught, is home from Westminster Ladies College, Edmonton South to spend Xmas.

Harry Carey, the popular favorite for Friday night at the Columbia Theatre also Xmas night, in "Human Stuff" There will be no matinee on Xmas afternoon.

Thursday, Dec. 30 at Columbia Theatre, Toronto Ladies Quartette, presenting the best in music and literature—each member an artist. Don't miss this treat

A masquerade and dance will be held in the Watson school, Hinterlie, on Friday evening, January 7th. Prizes for most comical costumes. Ladies please bring lunch—everybody welcome

The hockey season has started off with a spurt in local circles. Monday afternoon the High School team played the Farmers fall country players on the former losing out by a goal although by their country cousins. The score was something like 13 - 0 in favor of the Agricultural representatives. On Tuesday night the Fire Brigade hockey aggregation tried conclusions with the Farmers and also suffered a defeat though the game was a particularly even affair as one Farmers 5, Firemen 1. More games are scheduled for next week.

A public meeting will be held in the Albert Hall next Tuesday evening the 28th, at 8 o'clock, at which A. K. Wheeler, Secretary of the Provincial Hospitals Branch, Edmonton, and others will speak in aid of the proposed hospital bylaw of $10,000. All ratepayers of both town and district are respectfully asked to be present.

The members of the Ladies Aid of the Presbyterian church presented Mrs. Roy West and Mrs. Wilson Rose with beautiful pieces of cut glass at the residence of Mrs Rosenville on Thursday evening of last week. The presentation was made by Mrs. Rosenville and was replied to by Mrs. Wilson and Mrs. West. Luncheon was served and all present had a very enjoyable evening although everyone expressed regrets at the removal from town of the families of Mrs. West and Wilson

FORD PLANT, DETROIT, IS CLOSED DOWN PUTS 50,000 OUT OF WORK

WINDSOR, Ont., Dec. 29.—An unofficial announcement made today states that the Ford Plant at Highland Park, Detroit has been closed indefinitely. Such action means throwing some 50,000 men out of employment. A temporary shut down took place last week to allow an inventory to be taken. The announcement having made that the plant would be closed from December 31st to January 10th, but rumors today state that the plant will probably not be in operation again until February 1st next.

DETROIT, Dec. 29.—Official admission that the Ford Motor Company's Highland Park plant, which normally employs from 50,000 to 60,000 men will remain closed ... 11 days and was made ... The company announced ... definitely ... would not ... shutting ... for the week ... pointed out ... when ... purchasers ... Last week ... Ford ... Ford ... Ford

The Canadian Banking System

In the course of this series of articles, dealing with the respective legislative and administrative functions and powers of the Dominion Parliament and Provincial Legislatures, consideration was given last week to the subject of Public Health, which is largely, although not entirely, a matter for Provincial action. This week attention is directed to a subject which comes within the jurisdiction of the Dominion, namely, Banking, the corporation of Banks, currency, coinage and issue of paper money.

The subject of Banking is very much in the public mind at the present time, as it centres in the question of "high money" and when an exceptional necessity arises, not in the interest of the Banks alone, but in the interest of the whole country to curtail credit and prepare for financial storms. A Bank is not a philanthropic institution but is a purely business concern, and of a nature very often misunderstood by the general public. It is a well known fact that a Bank will not lend money except on good security, and that it will not lend more than a certain proportion of its deposits, partly Local or Provincial Banks do not as a rule lend money to wild cat schemes in the hope of the crude demands of the people have limited. A Bank is after all but a creature of the money of one group of people, the depositors, and it must act through which that money is loaned upon sufficiently good and profitable rates of interest to another group, the borrowers. If a Bank should overstep these borrowers rate, it would be false to its trust imposed in it by depositors. It would most have no depositors and have nothing to loan.

Again, those who advocate what are very demand—the Provincial Governments shall go into the Banking business, lose sight of the fact that the Fathers of Confederation in their wisdom, and with the experience of the ages to guide them, specifically provided in the Canadian constitution that the Federal Parliament, and it alone, should have jurisdiction in the matter of Banking, and also provided that Provincial Governments set up any Banks or loaned out with the particular needs of their own people, thus saving for something Provincial Governments and Legislatures have no power to grant.

Fresh out Governments have names to create such institutions as Provincial Loans Boards, and our Western Provinces have established such organizations, but every one is recognizing that the ability of any Provincial Government to make loans is entirely limited to the amount of money Governments are able to borrow on the security afforded in the Canadian constitution as interpreted by the Federal Parliament, and it alone, should have jurisdiction in the matter of Banking, and also provided that Provincial Governments set up any Banks or loaned out with the particular needs of their own people, thus saving for something Provincial Governments and Legislatures have no power to grant.

Small Banks Fail Again

The farmers of North Dakota are said to be holding their grain for higher prices, and as a result they are unable to pay their debts as promptly as they should. The banks of North Dakota, many of which are small local banks, have been seriously affected by this "wheat strike." Owing to the failure of these institutions, a number of counties such as the existing one is sufficient to imperil their financial existence. As a matter of fact fifteen of the banks have closed their doors in so many days. It is stated that more than half the farmers are now in the poorest financial stringency ends.

It is a matter of great doubt in this country country of the merits of the Canadian banking system as pitted with the United States. We have heard much of the shortcomings of the Canadian banking system, much more than can be said to the contrary. But we have not yet heard of a financial stringency in any part of the country. Everything is calling in the closing down of fifteen banks in a single day in the United States is a sufficient situation in the country to cause a financial panic. In North Dakota some of our farmers are holding their wheat for higher prices and neglecting to pay their debts. We have had crop failures in big year years in various localities, we have had Chinook winters, grasshopper plagues, but our Canadian banks have always weathered the storm.

Nearly the troubles in North Dakota will convince the fair-minded citizen that the Canadian system is safer although the Canadian system is not perfect. It is much to be preferred to the small local bank system as often in the United States and Western Canada. What would the people of Vermilion and district say if the branch banks in the Prairie Provinces were closed their doors next month because the business in the districts in which they were situated was insufficient to make them self-sustaining? What would the people of the West say if the general managers of the Canadian banks should say that after that every branch bank must be self-sustaining or its operations cease to do business, and how indignant would be if one of the branches effected by such an order should send word that on account of a night How would we like it if the banks decided to close business because of a financial stringency, and that they would not open their doors probably re-open when the stringency was over? We would not like any of those things and so long as our banks are conducted on the lines established there is little likelihood of such a thing occurring south of the International boundary.

Minard's Liniment For Colds, Etc.

Holly Trees in England

Grow Same Size, Shape, Height, Foliage and Berries as Those in America.

The holly tree is common in England, and its glossy leaves and glowing berries shine out in the winter landscape as plentifully as the pine trees or the blackberry bushes. The holly trees in the British Isles are more vigorous than anywhere else in the world. They sometimes grow to be sixty feet high, with huge trunks two or three feet thick, and widespreading branches. With their smooth, dark-gray stems and gleaming foliage they are beautiful trees. In the early striking trees in England, not excepting even the colossal oaks and yews, which constantly draw the traveller's attention.

Worn C.P.R. to Punish List.

A mass meeting of farmers of the Rocky Lakeland region prepared to demand action on the complaints of the Sifton branch from the end of Lake Manitoba to Lake Winnipegosis, and to urge a rich territory. The charter for the road was granted eight years ago, and construction was named to meet D. C. Coleman, vice-president of the C.P.R., at an early date.

Move Caribou Time Row

Hundreds of thousands of caribou are making their annual pilgrimage from the south, say reports from Yukon. The caribou are never so large than this year, and the story told of a boat load of them on the river bank while the animals surged across the river.

What He Should Have Said.

"Tennis have yet whispered today Mr. Impressive?"

"Only sometimes," replied Miss Gaily, "when I have been out of breath."

"No, no, he should have said sweet."—Winnipeg Tribune.

Cats and Rodents Disappear.

Reports from every part of Ontario, says the Toronto Globe, are to the effect that cats and rodents are disappearing rapidly. Many farmers' correspondents say that they have not seen a mouse or a rat for months, and that cats are also scarce. The cause is attributed to the high price of rubber, which has made it unprofitable to trap the animals for their skins.

Ontario Public Libraries.

In an address before the Ottawa Literary Association, W. O. Carson, inspector of Public Libraries for Ontario, stated that the province now had 621 public libraries, which, in proportion to population, was the highest of any state or province in the world.

Minard's Liniment For Distemper.

The Attempt at Everest

Plans For Scaling The Highest Mountain in the World.

The secrets the world's terrain has to yield grow steadily fewer in our time. The poles are conquered, and in this new century one that has made restless the minds of brave men through the centuries is assailed. There remains the highest mountain to tackle, and plans for the scaling of Everest are now well afoot.

Much is hoped for from aeroplane reconnaissance. The difficulties of the last ascent, the extreme cold, the height to be ascended has, of course, been known for several centuries. But the perils of treacherous air currents and, above all, of difficult landings will be great. If, however, the money can be made, it will, as Sir Martin Conway has pointed out, greatly ease the plans of the climbing party. No one has yet had more than a distant view of the summit of Everest. No one can speak with confidence of the formation of its base or gauge the hardships of an ascension to the final task. Sir Martin Conway reckons that not more than 2,000 feet a day can be done over the last 8,000 feet of the 27,000 to be climbed. That will mean four camps above the 16,000-foot level, which is the limit that can normally be reached by native porters, and one above the 25,000-foot level, which is the highest ever attained by any mountaineer. Whether the sites for these camps can be found, and this, it is hoped, an air survey will determine.

With the highest mountain climber, one more challenge to the world will have been victoriously met. But she has yet mysteries enough to attract the boldest explorer for many years to least. No white man has found the source of the Brahmaputra and returned, though the native legend of a wonderful monastery poised above a sacred lake and surrounded by the Africa and South America may still hold who knows what curious races and still undiscovered fauna and peopled hearts. The climbing of Everest will be a great event in the age-long contest, but enough adventure will be left within the confines of the British Empire alone to keep the world is fully charted, to keep the growing mind of men active for new excursions to zones—Manchester Guardian.

Nasty Throat Droppings Catarrhal Discharges Quickly Relieved

Dodson recommended Catarrhozone to my sister's own relief. Before one bottle was gone, heals sore spots, stops nasty, offensive discharges of Catarrhozone.

You need the scent, the vapor of Catarrhozone breathed over the palate, throat and bronchial tubes, to get the essentials, right to the spots of inflammation, obtaining Catarrhozone. It kills germs and wonderful curative power are in Catarrhozone. Through the whole breathing apparatus it goes, and it's breathable. Like a miracle, it heals. Catarrhozone relieves bronchial irritation, bronchitis, throat. You breathe Catarrhozone. Two months' treatment, $1.00; trial size, 25c. Sold everywhere, or N. C. Polson & Sons, Kingston, Ont.

Boy Accidentally Shot.

Jess Malbeuf, 12 years old, was accidentally shot and killed by Alex. Bishop, a half-breed, on the Half Breed River, north of Isle a La Crosse. A report of the affair has been received by provincial police headquarters from Constable Chapplin. The shooting occurred in the bush on Bishop's claim, eleven out of from wire and mail communication.

Ontario Public Libraries.

In an address before the Ottawa Literary Association, W. O. Carson, inspector of Public Libraries for Ontario, stated that the province now had 621 public libraries, which, in proportion to population, was the highest of any state or province in the world.

Minard's Liniment For Distemper.

"Oral Hygiene" Lay Education Series

"YOUR TEETH"

DISEASES OF CHILDREN.

By Rex Proctor McGee, M.D., D.D.S., Editor Oral Hygiene.

The highest death rate is between the ages of two and six years of age. At two years the eruption of the temporary teeth is just being completed and at six years the eruption of the permanent teeth is just beginning. This period, from two until six is the time that the temporary teeth are in their prime. If the temporary teeth are lost from decay and the child is able to chew its food so that the proper nourishment will be extracted, the little body will have strength to resist or overcome nearly all of the infections that may come to childhood.

The temporary teeth decay much more rapidly than the permanent teeth and are only partially formed even at the time of their eruption. If the baby is not given proper attention to abscess, the growing permanent teeth are bathed in pus and will probably be reduced greatly in size and formed. Children are highly susceptible to pus. Abscesses of temporary teeth produce general infections that result in lowered vitality, chronic heart inflammations and many other diseases that are very serious and sometimes fatal. Don't neglect your children's temporary teeth. Both the present and future welfare of your child depends upon the health of the mouth.

Trade With West Indies.

As a result of the reciprocity treaty with the West Indies, Canadian exports there are endeavoring to stimulate trade with Canada, and large exhibits of Canadian goods and Trade explaining the methods of business in the West Indies and are making an effort to have the British Columbia manufacturers extend their operations to the West Indies.

Hobbesellers Baby Named Herbird.

"Herdird" (Herbird) was the strange name bestowed of her baptism on the baby daughter of Prince Orzar, son of the former Lieut. It was chosen to express the feeling of the Russian people at the defeat of Mukden and was borrowed from the name of Pontiff in Wagner's famous opera "Lohengrin."

B.C. Honey Producers.

The first annual meeting of British Columbia Honey Producers Association was held in New Westminster recently, a membership of 200 beekeepers being represented. Delegates were appointed to adopt a label that stamps a guarantee on all their product.

Canada—Ah! Good morning, Mr. Simple. How did you like my summer home?

Parishioner—Splendid! It was so educative. We never knew what we were in for until we got to the parish!

Lace And Sleep.

"Anything new in lace?" says Lloyd George. And, as other listeners who are not interested in lace, make a list of sleep.—Chicago Tribune.

The orthodox food of the happy eagle of Brazil is monkeys.

A Ready-Cooked Food For Breakfast or Lunch

Grape-Nuts

Crisp granules of wheat and malted barley "sweet as a nut" from special processing and long baking.

No need to sprinkle sugar on your cereal when you use Grape-Nuts

"There's a Reason"

OLD STANDBY, FOR ACHES AND PAINS

Any man or woman who keeps Sloan's handy will tell you that same thing

ESPECIALLY since frequently attacked by rheumatic twinges. A counter-irritant, Sloan's Liniment scatters the congestion and penetrates to their fountain head. Kills pain, relieves the ache and pain. Keeps body and limb supple and ready for enduring and finally eliminating the pain and soreness of lumbago, backache, muscle strain, joint stiffness, sprains, bruises, and the like generally.

You just down from the streetcar, hungry? Then what will do you good? Sloan's Liniment is sold by all druggists—25c., 50c., $1.00.

(Made in Canada)

Sloan's Liniment Kills Pain

Possibilities of Alberta Pulp Industry.

T. A. Burrows, the head of a large Manitoba lumber concern, asserts that there is a good future for the pulp industry in Alberta. Along the rapid growing, west of Edmonton alone, he say, "there is plenty of pulp wood to warrant the building of a large mill, but it would be necessary to develop power on the river." This is the only source of power for the reaches of the Saskatchewan there is sufficient potential power to operate several pulp mills if necessary.

WHEN BABY IS SICK

When the baby is sick—when he is cross and peevish; cries a great deal and frets; when he cannot rest the mother—she needs Baby's Own Tablets. They are the best medicine for little ones. They are a gentle but thorough laxative which regulates the bowels, sweetens the stomach, banish constipation and indigestion, relieve colds, simple fevers, teething, make teething easy. Guaranteed to contain no opiate or harmful drug. Mrs. Albert Lot, Que., writes, "Baby's Own Tablets are the best medicine I have ever used for the cure of my baby and I can recommend them to all mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Cubs Now Grown Up.

In referring to the vigorous course of Canada's delegates at Geneva a New York paper says: "The Canadian cubs being out of control. Next month the Canadian cubs will be entirely self-governed. It is in the nature of the lion family for the young to grow up and take a hand in what is going on—From the Toronto Star.

Nearly all children are subject to worms, and many of the ailments from which they suffer may be traced to worms. Parents should watch for symptoms of worms and use Mother Graves' Worm Exterminator, an excellent remedy.

Rubber Industry in Canada.

In a preliminary report on the rubber industry just issued by the Bureau of Statistics, Ottawa, the following facts are found. The report shows that over $13,000,000 is invested in the industry and it employs approximately 11,000 people.

Honey Dearbain in Cattle and Beef.

A heavy decrease in Canadian cattle and beef, which for 1910 was 1,000,000 compared with 1909, is shown in bulletin issued by the census and statistics commissioner of Canada. The 1910 figures are, of course, not yet complete, but the decrease in live cattle exports is nearly 400,000, while the exports of beef show a decrease of nearly 10,000,000 pounds.

MAYOR MORRISON AND MRS. MORRISON RECEIVE PRESENTATION

A very pleasant event took place on Tuesday evening of last week, when his worship Mayor Morrison and Mrs. Morrison, were presented with a handsome and costly silver tea set and tray by a few of their friends in Vermilion, as a wedding gift. The presentation address was made by Col. Craig, who in his usual adept manner, extended the best wishes of the citizens of Vermilion to the recipients and trusted they would long continue to be residents of the town.

Mr. Morrison since coming here as a wedding gift. The presentation address was made by Col. Craig, who in his usual adept manner, extended the best wishes of the citizens of Vermilion to the recipients and trusted they would long continue to be residents of the town.

Mr. Morrison since coming here has taken keen interest in whatever appertained to the town's welfare and, as Mr. Morrison to whom they extended a warm welcome, she has already made many friends. His worship who is very seldom ruffled, had to acknowledge that the surprise attack was one he was unprepared for. He congratulated these present upon being able to "put it over" him so well. He sincerely thanked them for their token of esteem, they were accepting it not for its intrinsic worth, but because of its being an expression of the good will and wishes of their friends in Vermilion. There were all ways cherish the splendid gift and extended their appreciation of being remembered in this manner

The evening was enjoyable spent with music and dancing.

Communication On Hospital Vote

Editor Standard

Dear Sir: The officers of the W. I. have promised the Hospital Board to do all they can to persuade the women of the Inniskree to register their vote on the plebiscite to be taken January 7th.

May I therefore urge all members and all women in the town to make it their special business to do so—indifference on such a subject is criminal, it is up to everyone to keep the hospital going.

While not venturing to urge on any one the way they should vote, we wish to emphatically protest against people who refuse to vote at all—it is our responsibility and we should shoulder it. Personally, I think the meeting on Tuesday night announced all skill cavities and of silence on the matter and I for one, hope to see the Commercial Hotel packed at 8 p.m.

Yours faithfully,
Evelyn Edwards.

(Continued)

The butcher stood looking down across the valley.

"There it is," continued Mr. Dunton, when I moved upon it, he said he was going to Canada, and I've never heard of him or Pinkerton since. I offered him a thousand dollars for it, but he wouldn't sell. Pinkerton thought I was a fool to offer so much, but I'm glad I've got it now. Some day I'll build a house there, and then I'll come and live on it. Mother pushed Pinkerton's name down the well, and I suppose it's there yet. I've never been up to look for certain."

Again he looked sadly at Dolly, who bowed an acknowledgment of his remarks.

From over said Mr. Dunton, he continued, "I've been thinking about him, too, for the moment can be in a happy mood over anything."

Passion struggled into his words, and Dolly's eyes softened. She could not be unmoved by feelings, and what an ogre he was!

"Then are a man, Mr. Dunton, and I'm sure you'll be glad to hear that I've found the man to whom you've wronged. He's living in Toronto, and exactly now we made love and he's married and has children. I've written to my parents, hoping to secure his address. Here it is, and I'm sure you can drink, and night and hearted of it. Mr. Dunton, he's dragging a sister now his fourteen fish, and laughed over the matter with the brothers sometimes. I heard of it. I went to him, and he promised to write to mother."

"I want back to the little girl who's been so kind to me," said the butcher. "I told her all. She did not for a moment believe me, but I've got a statement. And now her power to make me do things is gone. She won't have a friend in the world after this day we come up here. Mr. Dunton, I'm very sorry for you, and I'll do all in some way or to."

Again he wiped his eyes with his sleeve and went his way.

"Mr. Dunton," he said suddenly, "I have no right to burden you with my troubles, but I'm in a terrible fix, and old man who has been somewhat spoiled by me. I've got to look after him, and I'm a bachelor. Will you recommend some one to me to look after him?"

Mr. Dunton smiled, treating the request in one his support. "Mother is dead and my sister is married. I'm afraid I can't help you."

This was funny, for a moment, but the butcher's face fell, and he looked so pitiful that Dolly's heart went out to him.

"Why don't you go on the road the other day, and, among the other persons you'll meet, you'll find one you'll be interested to drive you out of the place."

"I am grateful to you for warning me, Mr. Dunton," he said, "and I'll do so. I shall be on my guard. As I've said, I've been a fool to trust Timberley's master hand—and I shall watch for others. Now I'll be moving for big hand on the thin arm of the old man who has turned to me for comfort and love, some refreshments. I would carry some food, but you don't seem to remain my guests for a few days, and I'm sure you'll be glad to get the wonderful things which can be done with our good friends, Dunton and Dolly."

Mr. Dunton narrowed a few well-chosen words of thanks. You are a good man, Mr. Dunton," he said, as they turned back to the house, "and I'm sure that I feel honored to have counted you among my friends. Dolly, you'll be glad to get home, and I'm sure you'll be glad to get home, and I'm sure you'll be glad to get home, and I'm sure

WELL ATTENDED MEETING IN SUPPORT OF HOSPITAL BY-LAW

Vote Is Jan. 7

The public meeting held in the Albert hall Tuesday evening in support of the proposed hospital by-law of $12,000 was very largely attended, several being in from the surrounding country districts.

H. W. Brown, chairman of the board, presided and the speakers were Mayor Morrison and S. R. Whitton, secretary of the hospitals branch of the department of public health. The chairman expressed the regrets of A. W. Ebbett, M.L.A., at his inability to be present. Mr. Ebbett forwarded the by-law and wished to convey to the meeting his appreciation of the services rendered at the hospital and the hope that the usefulness would be continued through the hearty co-operation of the people.

Mayor Morrison had no apologies to offer for his connection with the board. He was chairman of the sub-committee that had to do with the purchasing of the equipment. Their policy was to secure the very best at the lowest possible cost and he felt they had well succeeded for the hospital was equipped in a manner second to none in the province. The people had value for every dollar spent. The dealings of the board in every particular were above board and the books were open to anyone for inspection so that they could see where the money went.

Mr. Whitton spoke at length on the hospital act, the powers of the board and what he differed with the board with respect to some of the purchases made he submitted that, perhaps, the recommendations of the department would not have poured any letter nor rated the district two cents. He complimented the board on the way they had gone to work and erected and equipped the building. It was a credit to them and a credit to the district, and their action should be approved by the ratepayers. He entertained the secret reserved at the hospital and the cost with what were given at larger institutions and showed how the Vermilion hospital had no equal in the province for its size and accommodations. The hospital had cost $45,000.00; the original bylaw was $35,000.00—this was all the money the board had. The department now estimated the cost of an 18-bed hospital at $40,000.00. As Mayor Morrison had stated you could not expect the board to build in 1919 on accounts made in 1917 or 1918—it was impossible. He emphasized the fact that the board could not carry the rate on account, that was absolutely up to the legislature or to the people themselves—the board could not do it, nor had authority to make any levy which will tend to increase the taxes. The payments on the debenture should be taken care of in the yearly estimates of the board. If the by-law was defeated then the board had only one alternative and that was to cut down the staff and thus reduce the efficiency of the service. He did not think there was a ratepayer in the district who desired to impair the efficiency of this splendid hospital, yet that is the very thing which he would help doing when he voted against this by-law. It was the duty of every ratepayer to turn out on the 7th of January and vote for this by-law.

Several speeches were then asked by ratepayers present and satisfactorily answered by Messrs. Whitton and Morrison.

THE STANDARD
VERMILION, - - ALBERTA

S. R. P. COOPER, Editor.

THE STANDARD

VERMILION, ALTA., JAN. 2ND 1920.

With the last issue of 1920, The Standard wishes all its readers a bright and prosperous New Year. Out of the chaotic conditions prevailing as the old year passes away, may there arise for the peoples of the world broader visions and happier conditions in the year 1921.

To the patrons of our advertising columns, we extend our hearty appreciation of their support and confidently look forward to increased use of the Standard as a valuable medium to reach the purchasing public during the year ahead of us.

We would remind our readers of the vote on the hospital debenture by-law on January 7th. The great work being done by the hospital must not be hampered by a spirit of indifference. It is doing a work for humanity. When it is stated that 286 patients have passed through the hospital since February 1919 some conception of the vast need of the institution is grasped. Ten thousand dollars are required to complete capital expenditure on the building and equipment. Our vote on the 7th of January must sanction the issue of debentures for the required amount. The people will do it.

NOTICE

To Ratepayers of the Municipal District of Vermilion Valley, No. 482

Notice is hereby given that the undersigned has been appointed by the Municipal Council of the said District to act as Assessor for the said District for the year 1920.

The said Assessor will be at the Municipal Office, Vermilion, on Tuesday, January 6th, 1920, from 10 a.m. to 4 p.m. for the purpose of receiving from persons liable to assessment, returns of their property liable to assessment.

Dated at Vermilion, Alta., this 29th day of December, 1919.

By order of the Council,
John Bolduk, Secy Treas.

HELP CUT DOWN

The High Cost of Living

by Buying for CASH

from M. WENER & SONS

Vermilion, Alberta

Dear Friend:

Here is something interesting and important. Please read it over and give it careful consideration.

There is an urgent demand on the part of the public for goods at lower cost. The cost of distribution must be reduced, and the consumer must get his goods at prices closer to those the manufacturer receives for them. We have come to realize that we must meet that demand, otherwise trade which might be done in Vermilion will go to Edmonton or to mail order houses elsewhere.

Better Service for Less Money

Having determined to meet that demand and give our customers goods at prices which would leave no incentive to send away from Vermilion, we have carefully looked over the situation to find what changes we could effect in our business which would enable us to work on a reduced margin of profit and afford more efficient service to the public. We could only reach one conclusion. OUR CREDIT BUSINESS MUST GO. If we are to give value equal to those of the mail order houses and others who are meeting the demand for distribution at lower cost, WE MUST ADOPT THEIR METHODS and eliminate all credit business.

The High Cost of Credit

We figure this out: Suppose we sold all our goods on credit averaging say six months, obviously we could turn our capital only twice a year. On the other hand, if we sell for cash only, we can turn our capital just as often as we can sell the goods and replace them — anywhere from four to twenty-six times a year, depending on the nature of the goods—say ten or twelve times on the average. It follows that if we can make ten or twelve profits a year, or even six, we can work on a much smaller margin of profit than if we only got two profits. And besides, there is the cost of book-keeping and other expenses incidental to giving credit. WE WOULD RATHER MAKE THREE OR FOUR SMALL PROFITS THAN ONE BIG ONE AND IT IS SURE BETTER FOR OUR CUSTOMERS.

It is clear that if we were to continue to sell both for cash and on credit, we must do one of two things. We can have one set of prices for our cash customers and another and much higher set of prices for our credit customers or we can continue to sell both at the same prices as we have been doing in the past, in which case the cash customer carries part of the cost of the credit service given to the credit customer. This is not fair to the cash buyer, and besides, he won't stand for it much longer. It is not practicable to have two sets of prices. Anyway, the credit customer would not want to buy on credit if he saw just how much the convenience is costing him.

Considering all these things, we have reached the decision that, beginning Monday, January 5th, 1921, we will pioneer business on a cash basis.

We are going to clip our prices to the lowest possible. We will quote you special prices every little while, and where our cash can pick up a snap we are going to pass it on.

And don't forget, we want your trade for cash; and we are going to make it pay you to give it to us. We feel certain that a trial will convince you that the change is to your advantage.

M. WENER & SONS

P. O. Box 294 Phone 122

P.S. How about that mail order? Bring it in to us and let us convince you that it will pay you to leave it with us as we are now in a much better position to meet all competition.

Here are some of our new cash prices.

Rolled Oats, 6s,	—	Reg. Price 60c	—	Cash Price 50c

Simplifying The Home

BY LORETTO C. LYNCH
An Acknowledged Expert in All Matters Pertaining to Household Management.

In our larger cities, and especially where rents are high, there is a decided movement to have rooms rented to many more people than formerly.

The better apartments, consisting of three or four rooms, are in great demand if they are arranged in practical. The living room is in demand and furnished that it makes a delightful place to dine as well. One apartment which I saw recently consisted of four rooms and was to be used by three people. There was an all-white kitchen with modernized conveniences—such a kitchen, for less cost than one with wainscoting, is a delight to work in. There was a charming breakfast nook with the necessary built-in cabinet. This was the only kitchen we saw that had a three-purpose room. It served as a laundry, a breakfast room as well as a kitchen.

In this particular family two of the three were out to work in the day time, hence it was a delicate little woman who had many days when she was physically unfit to do any strenuous work. When she realized the rather permanent nature of her physical condition, she did the very sensible thing of giving up her seven-room home and taking this smaller one.

A combination living-dining-room can be made a thing of beauty and a real source of pleasure in furnishing, or it may be made to disclose itself as a makeshift. The treatment of the walls should be the first consideration. The very latest idea in walls is to have them finished in a neutral shade of buff, with a washable paint. A quaintly or creamy brown paint color is suitable for almost any furniture. The plan-

Oriental Hunger Strike Dead.

After starving himself for days the first hunger striker on record, is the Orient, died. He was a prisoner in Port Arthur for embezzlement, and any clever woman can adapt the directions to fit particular need. The walls were finished in a soft, dull shade of gray. Set against this was the woodwork, in ivory finish, in groups of two. There had either shades or old rose.

The rug was of Chinese blue in a floral Chinese design. This rug was an American-made rug, and although it was of more of this type, it cost but a fraction of the price of a real Oriental.

Some of the shades were of the straight-hung gray wood variety. There was one set with a band of dark —deep and rosy. It was covered in hinged velvet of a deep rose and blue. There were two shades that might have been considered shades without color.

And since this room was to be a dining room as well as a living room, there was a gate-leg table. When not in use this was placed back against the wall. Several other pieces of furniture might be found on it. But as these were it was pulled out only when the dining room and with its leaves raised to accommodate as many as desired.

The dishes were kept in the kitchen cabinet. Table linen was stored in the drawer drawer in the bedroom.

Another feature of this pretty room was its cubby hole. It could be unfolded for the guest who stayed over night. Both this and the gate-leg tables are among the newest in furniture. They come in dark and double-oak. For a more modern time effect, the furniture shop advised to have the bed fully finished in gray.

But one must not think that this room contained a small cupboard. The room contained a good deal that was beautiful piece of furniture that was covered by a gray and gold chintz of fashionable design. Another piece that one of the rooms with plain-papered

"Winter in Canada"

Attractive Christmas Greeting Booklet Issued by the C.P.R.

That Canada is the greatest country in the world for Winter Sports and that it isn't the cold and bleak country they think people to the south imagine, is emphasized in story and picture in a very attractive Christmas greeting booklet issued by the C.P.R. and entitled "Winter in Canada." There has been a feeling for many years in other countries that Canada is always frozen up in the winter time, but this pretty little booklet proves that the Dominion is a most wonderful winter resort during which may be enjoyed to the full extent.

The cover of the handsome booklet is finished in blue, yellow and gold and portrays the great toboggan slide at Dufferin Terrace, Quebec, with the magnificent Chateau Frontenac in the background. As the title indicates above, Canada is a country of many climates, with roses blooming at Christmas on Vancouver Island, while in the colder areas winter sports are being enjoyed to the limit. It contains a brief resume of the way Christmas is observed in the various provinces from the Pacific to the Atlantic. A bright picture of the number is the splendid array of photographs which fill the story of Canada in winter, and indicate the wholesomeness of winter sports in no other method can adequately do. A picture of the beautiful scenery in the Rockies is that of a curling scene during the Winning Bonspiel which includes such celebrities as Miss Rosalyn Cook, Frank Cassidy, Rob Dunbar and others, exhibiting a rock being measured.

Royalties in London.

Early in December, London (England) had an no-end number of royalties in the city for the first reception by King George and Queen Mary of the newly Duke and Duchess of Spain, the King and Queen of Denmark and the King and Queen of Spain.

A Sale Pill for Suffering Women—

Best Field for Commercial Aviation

Lieut.-Col. Lockie Advises Flying Aspirants to go North.

"Go north, young man, go north" is the advice given to flyers who wish to engage in commercial aviation by Lieut.-Col. Lockie, supt. of operations for the air Board at Ottawa, who addressed the Aero Club of Canada in Toronto. Col. Lockie said the north country offered the better field for commercial aviation because the competition there was with canoes and horses rather than with regular lines of transportation, as in the settled districts further south.

Col. Lockie, who said that commercial aviation was going to develop in this country more rapidly than even the most optimistic of the flyers had hoped for, urged the adoption of the "amphibian" machine which combined the landing facilities of the seaplane with the speed with which the great lakes and rivers could offer splendid landing places for commercial machines.

Granted Larger Powers

It is announced that the Dominion Government has granted powers to the Canadian Northern Railway to issue land valued at $2,000,000, instead of the former amount, which limited the issue to $1,000,000. The increase was granted by the House of Commons. The measure now needs only the Royal signature to become law.

Fire losses in the Dominion of Canada in November last totalled $2,-000,000, which was 25 per cent less than $10,000, which would probably add another 15 per cent to the aggregate.

At the Methodist Parsonage, Vermilion, Dec. 22nd, 1920, Mr. Walter G. Reese of Islay was united in marriage to Miss Agnes E. Johnston of Dewberry by the Rev. M. L. Wright, the officiating witnesses being Mrs. Robinson and Mr. H. Treves.

Mr and Mrs. A. Eason spent a very happy Christmas the guests of Mrs. C. Hinchey, town.

Don't forget to vote for the number 'pd hospital by law on Friday, the 7th day of January, 1921.

Mrs. Reid King nee Miss M. C. Hinchey arrived at Edmonton on October 13th, left Vermilion on Dec. 27th for her new home at the capital. During the last year she filled a position on the staff of the Agricultural College, and was the happy recipient from Mr Taggart and staff of an handsome electric grill accompanied by their good wishes. Other presents comprised a piano and useful pieces of furniture from her mother, and a Buffet and cuverse, made by her Dad-father, Alex Eason, and numerous other presents. We wish her the best wishes for a happy and prosperous future, from her many friends in Vermilion on leaving with Mr King, who has been the guest of Mr. W. P. Pilkie for the Xmas holiday.

Vote for the municipal hospital by-law on January 7th

The January meeting of the Devonbury Local U. F. A. will be held in the Hazeldean schoolhouse at 2.30 p. m. sharp. There will be a debate on the following subject: "Should Farm women be required to do outside chores?" A cordial welcome is extended to all and ladies are requested to bring a lunch.

The Xmas entertainment held at Claymore on Thursday evening last was a success in every sense. An excellent programme was rendered by the girls and boys under the direction of Miss Daley, their teacher, to an appreciative audience. A large and nicely decorated Xmas Tree bore a heavy crop of presents which were distributed by the old friend Santa after the conclusion of the programme. After the refreshments were served, the floor was cleared and the evening concluded with a dance.

Mrs. A. Watt of Big Valley was a visitor in town over the holidays, the guest of Mrs. Shearer.

Vote for the municipal hospital by-law on January 7th and for continued efficiency of service.

A large number of Vermilion young people are home for the Xmas vacation, among these are the Misses Moody and Smith of Islay, who are attending Normal School at Camrose, Miss Robertson, Edmonton Normal school, Miss Trimble of Stony Plain teaching staff and her brother Will of Edmonton, Frank Ebbett, Edmonton; Bud Rowbotomig and Cecil Edwards of Alberta University, Edmonton and Wilson Shearer of the Can. Bank of Commerce, Shellbrook, Sask.

A New Year's Message and Other Things to 1st Vermilion Troop BOY SCOUTS

Scouts! - You have heard the men who were overseas when discussing the war refer to a shell of a certain type as a "dud"? What is a "dud" shell? A "dud" shell is one that failed to explode after being fired by either some defect in the warlike contrivance. Look over the past 365 days and see what part of your life for the year has been a "dud" in regard to progress, and resolve to make 1921 a "hit".

Now, how are you going to accomplish this? Not by resolving NEVER to shun the door instead of entering it (if that is your favorite way) and by trying to do it LESS OFTEN.

Walk a little straighter, shun the door less, shout less late at night, cultivate a smile when you feel mad. Give more time to your studies and less to the unfilled requirement, and last, but not least, don't be neglecting health, good time, home and friends without thanking the Great Eternal Father for his goodness to you as a poor sinner, equals like a Scout and a Christian. The great Indian warriors were not afraid to pray to their God, so why should we be ashamed.

The first hockey match of the season was played on Xmas Eve against Marseville and resulted in a defeat for Vermilion by a score of 6 goals to 4. Marseville line up was as follows: Marcen Rose, Bailey, Walker, Trimble and E. Wener. Vermilion: Sharp, Cooper, Rodgers, Heath, Marsh and Gehlman.

An event of great importance to the town is a proposed visit of the Provincial Secretary of the province early in January. The arrangements are not definite yet, but he is expected Secure. There will be no parade this New Year's Eve, the next time parade to be on Friday Jan. 7th. Let every scout be present on this fast parade of the year and begin well.

To all Scouts, Scoutels, Wolf Cubs and members of the local Association, a Healthy, Sane and Happy New Year.

Stanley F. McCloskey,
Warrant Scoutmaster

The G.W.V.A. are holding a big 500 Drive at their club rooms next Wednesday evening, Jan. 5th, to be followed by a dance. The boys extend an invitation to everybody.
